3. There are Three themes in the Photography category and one in videography which are described as below :

Theme	Description
<i>Bliss</i>	“Bliss” signifies a sense of “absolute joy”. The notion of bliss is a representation of the diversity of human perceptions. One can derive bliss from different sources such as spirituality, nature, relationships, etc. The idea here is to showcase how an individual defines his/her sense of bliss and conveys it effectively through the visual medium.
<i>Elements</i>	The term “Elements” implies the fundamental, sub-structural components of a much broader and integrated concept. For this category, we are focusing on elements of nature i.e., earth, air, water, fire, and ether (sky). Photographs should depict the individual elements or the interplay of 2 or more elements in a creative manner.
<i>Horizons</i>	The place where earth meets the sky and also the place where our limits of knowledge are defined. A broad topic in itself “Horizons” shall encourage participants to click photos that represent the elements of ambitions, restrictions, achievements in human life.
<i>My Abode</i> <i>(For video)</i>	India is a country where language and culture changes every 50-100 km. The category “My Abode” is an opportunity to showcase this multiculturalism. It gives the participant a chance to portray the uniqueness and pride of his/her <u>hometown or place of current residence</u> . The

	representation could be in the form of landmarks, cuisines, traditional dresses, etc. A small description explaining the captured entity would be appreciated.
