Appendix I ELEVENTH SCHEDULE (Article 243G) (Reference: Paragraph 1.1.1, Page 1)

- 1. Agriculture, including agricultural extension.
- 2. Land improvement, implementation of land reforms, land consolidation and soil conservation.
- 3. Minor irrigation, water management and watershed development.
- 4. Animal husbandry, dairying and poultry.
- 5. Fisheries.
- 6. Social forestry and farm forestry.
- 7. Minor forest produce.
- 8. Small scale industries, including food processing industries.
- 9. Khadi, village and cottage industries.
- 10. Rural housing.
- 11. Drinking water.
- 12. Fuel and fodder.
- 13. Roads, culverts, bridges, ferries, waterways and other means of communication.
- 14. Rural electrification, including distribution of electricity.
- 15. Non-conventional energy sources.
- 16. Poverty alleviation programme.
- 17. Education, including primary and secondary schools.
- 18. Technical training and vocational education.
- 19. Adult and non-formal education.
- 20. Libraries.
- 21. Cultural activities.
- 22. Markets and fairs.
- 23. Health and sanitation, including hospitals, primary health centres and dispensaries.
- 24. Family welfare.
- 25. Women and child development.
- 26. Social welfare, including welfare of the handicapped and mentally retarded.
- 27. Welfare of the weaker sections, and in particular, of the Scheduled Castes and the Scheduled Tribes.
- 28. Public distribution system.
- 29. Maintenance of community assets.

Appendix II TWELFTH SCHEDULE (Article 243W) (Reference: Paragraph 1.1.1, Page 1)

- 1. Urban planning including town planning.
- 2. Regulation of land-use and construction of buildings.
- 3. Planning for economic and social development.
- 4. Roads and bridges.
- 5. Water supply for domestic, industrial and commercial purposes.
- 6. Public health, sanitation conservancy and solid waste management.
- 7. Fire services.
- 8. Urban forestry, protection of the environment and promotion of ecological aspects.
- 9. Safeguarding the interests of weaker sections of society, including the handicapped and mentally retarded.
- 10. Slum improvement and upgradation.
- 11. Urban poverty alleviation.
- 12. Provision of urban amenities and facilities such as parks, gardens, playgrounds.
- 13. Promotion of cultural, educational and aesthetic aspects.
- 14. Burials and burial grounds; cremations, cremation grounds; and electric crematoriums.
- 15. Cattle pounds; prevention of cruelty to animals.
- 16. Vital statistics including registration of births and deaths.
- 17. Public amenities including street lighting, parking lots, bus stops and public conveniences.
- 18. Regulation of slaughter houses and tanneries.

Appendix IX Administration and Implementing arrangements (*Reference: Paragraph 3.1.2, Page 27*)

Position	Details
Executing Agency (EA)	Local Self Government Department (LSGD), GoK is the EA of the project, and is responsible for overall strategic guidance, technical supervision, and implementation of the Project, and for ensuring compliance with ADB's loan covenants.
Project Management Unit (PMU)	A state-level Project Management Unit (PMU), manned by technical experts led by a full-time Project Director, was responsible for overall project implementation, monitoring and supervision, and had to report directly to the Secretary, LSGD. The State Government constituted the PMU for the project in October 2005.
Empowered Committee (EC)	A state-level Empowered Committee (EC) formed by GoK in March 2007 with Minister for Local Self Government as Chairman and comprising Secretaries of concerned Departments, Executive Director of Kudumbashree, Mayors of the Project cities, Project Director (KSUDP), Director of Urban Affairs and the Chief Town Planner as members, decided on matters related to the Project.
Coordination committee (CC)	A state-level Coordination Committee (CC) comprising Secretaries of LSGD, Finance, Planning, Modernizing Government Program, and the Project Director, as Convener, formed in October 2005 ensured the smooth functioning of the Project.
Project Implementation Units (PIU)	Municipal Corporations were the Implementing Agencies for the Project. In each Corporation, there was a Project Implementation Unit (PIU) headed by a Project Manager, and supported by specialists in water supply, sewerage, civil engineering, solid waste management, urban planning, procurement, environment, finance and accounting, and social and community development. The PIUs were responsible for (i) carrying out detailed surveys, investigations and engineering designs (ii) inviting tenders, evaluating bids, awarding works, performing contract administration, supervision and quality control (iii) evaluating work done by contractors and certifying payments (iv) conducting public awareness campaigns and participation programs (v) carrying out Post Performance Monitoring System (PPMS) surveys (vi) carrying out environmental assessments (vii) ensuring that Corporations comply with ADB loan covenants and (viii) preparing monthly reports. The State Government constituted PIUs for the five Municipal Corporations May 2007. For implementation of water supply and sewerage projects, GoK had signed (November 2007) Memorandum Of Understanding (MoU) with Kerala Water Authority (KWA) for the five project cities, based on which the respective city's Superintending Engineer (KWA), executes the contract agreement with the contractor in the capacity of 'Additional Project Manager, PIU'.

Position	Details
City Level Steering	PIU is guided by a city-level Steering Committee (SC) comprising
Committees (SC)	the Mayor, the Corporation Secretary, the District Collector, representatives of Public Works Department, Kerala State Electricity Board, KWA, Pollution Control Board, Standing Committee chairpersons etc. The SC reviews the project progress, resolve local issues, and provide guidance on policy matters.
Technical Support Unit (TSU)	It was envisaged that the TSU will be an international consulting firm. In association with domestic consulting firms, it will help the PMU in overall project management. The TSU will also assist the PMU and PIUs in project formulation, management, monitoring and evaluation, financial and environmental management, implementation of poverty alleviation programs, and selection of sub-projects by ULBs. The TSU will review the inputs of the DSCs, and the PPMS consultants and advise the PMU and PIUs accordingly. GoK appointed (May 2007) 'M/s Wilber Smith Associates Consortium' as TSU for the project. The initial term of appointment was two years which was extended eight times, finally up to 31 December 2016.
Design and Supervision Consultancy (DSC)	Two domestic consulting firms were to be engaged as Dseign and Supervision Consultants (DSC) to assist the PIUs located in Corporations to carry out detailed engineering design, procurement of goods and services, construction supervision, quality control, community awareness, and poverty reduction programmes. GoK appointed (March 2007) 'M/s Consulting Engineering Service (Pvt) Ltd' Consortium (CES) as DSC1 for TVM and Kollam Corporations and 'M/s Water and Power Consultancy Service (India) Ltd' Consortium (WAPCOS) as DSC2 for Kochi, Thrissur and Kozhikode Corporations. The initial term of appointment was for four years up to May 2011 which was later extended up to June 2013. Taking in to account their reduced role in implementation, the services of DSCs were dispensed with on 30 June 2013.
Project Performance Monitoring System Consultancy (PPMS)	It was stipulated that a domestic firm/individual consultant will be appointed to undertake activities under Project Performance Monitoring System (PPMS). The objective of PPMS consultancy is to monitor the delivery of services anticipated and measure benefits as they accrue. The Government assigned the task of doing PPMS to TSU.

Appendix X (Concld.)

Appendix XI Details of Projects Implemented (*Reference: Paragraph 3.1.6, Page 28*)

Name of the Corporation	Name of the Project	No. of works envisaged	Amount (₹ in crore)	Compl- eted	Short closed	Ongoing works	Defer- red	Total Expendit- ure (₹ in crore)	Outcome/remarks
ΓVΜ	Sewerage- Construction of Sewage Treatment Plant, Rehabilitation of existing Sewerage System and extension of Sewerage System.	5	109.40	1	2		2	52.12	Two Packages for laying sewerage lines and giving house connections were short closed due to poor performance of the contractor/public protest. Construction of STP completed. But since KWA could not complete the above two sewerage works, the sewerage supplied to the plant was not sufficient for operating the plant at optimum capacity. Only 40- 45 MLD sewage was being collected and conveyed through the sewerage line for treatment at STP and the capacity utilization of plant was about 42 <i>per cent.</i> Also, the intended benefit of giving house connection to estimated population of 69,289 not achieved.

Appendices

Name of the Corporation	Name of the Project	No. of works envisaged	Amount (₹ in crore)	Compl- eted	Short closed	Ongoing works	Defer- red	Total Expendit- ure (₹ in	Outcome/remarks
		envisageu						crore)	
	Storm Water Drainage-	1	11.26	1				11.01	Due to the bottle neck of
	Improvements to								railway culvert, and non
	PazhavangadiThodu and								implementation of diversion
	Thampanoor area								drain, water logging still persist.

*Included in the Audit Report(LSGIs) for the year ending March 2010

Appendix XVI Poverty Social Fund used for unproductive purposes (*Reference: Paragraph 3.1.13.2, Page 47*)

Corporation	Details of project	transferred /utilized (₹ in lakh)	Remarks
Kochi	Ashraya project	35.00*	The fund was transferred when nearly ₹50lakh remained unutilized in 'Ashraya' account. Utilization Certificate received only for ₹30.38 lakh.
	Ayurvedic geriatric programme	4.17	The Corporation spent ₹4.17 lakh for conducting geriatric healthcare programmes like periodical visit to old age homes and relief settlement for medical camp and health education through Government Ayurveda College, Tripunithura. Out of this ₹1.20 lakh was spent for meeting expenditure in connection with the celebration of International Day of older persons in October 2012.
	Purchase of articles to local body institutions	21.90	The Corporation purchased articles such as wooden cot, mattresses, bed sheet, etc. for supplying to institutions under their control, utilizing ₹21.90 ¹ lakh from PSF.
Kollam	Ashraya project	32.79	Fund transferred in March 2009 when an amount of ₹81.51 lakh was in the Ashraya account. Utilized only ₹4.09 lakh (March 2016) out of PSF and balance ₹28.70 lakh has been remaining in Ashraya account for more than seven years.
Thrissur	Ashraya project	19.59	Fund transferred in September 2008.
Kozhikode	Ashraya project	19.00	Fund transferred in March 2012. Kudumbasree utilized the entire amount for Ashraya project during the period from 04 April 2012 to 31 March 2014.

*Transferred ₹10 lakh each in February 2009 & March 2011 and ₹15 lakh in Dec 2012

¹Pakalveedu, Fort Kochi-₹4.99 lakh, Day care centre, Chullickal-₹ 3.44 lakh, Palluruthi relief settlement-₹ 13.47 lakh

Appendix XVII Projects implemented violating SJSRY norms (*Reference: Paragraph 3.1.13.2, Page 47*)

Corporation	Project	Irregular expenditure	Remarks
		(₹ in crore)	
Kollam	Joint venture project with 'Matsyafed' Assistance for setting up employment ventures	0.73	 Working capital for revolving fund given to 2448 fishermen and women @ ₹5000 per person against ₹2000 stipulated in SJSRY guidelines. Financial subsidy up to 50 <i>per cent</i> of project cost were given to 32 beneficiary groups, against subsidy of 35 <i>per cent</i> or ₹60,000 whichever is less as specified in SJSRY guidelines.
Kochi	Modernising Kudumbasree canteens	0.09	The local body spent ₹9.36 lakh for purchasing kitchen equipments and furniture for Kudumbasree canteens. As per SJSRY norms, the project had to be implemented with the support of bank loan and beneficiary contribution.
	Dieselisation of traditional fishing crafts	0.16	The Corporation paid (October 2012) ₹16.25 lakh to Matsyafed for supply of diesel engines and marine plywood crafts to fishermen cooperative societies/fishing groups. As per SJSRY guidelines giving 100 <i>per cent</i> subsidy for the scheme without bank loan and beneficiary contribution was irregular.
	Repair and renewal of fishing inputs of fishermen groups	0.48	The Corporation transferred (April 2014) ₹48.50 lakh (35 <i>per cent</i> KSUDP share) to Matsyafed for the project 'repair and renewal of fishing inputs'. Matsyafed share and beneficiary contribution were 55 <i>per cent</i> and 10 <i>per cent</i> respectively. As per SJSRY guidelines, subsidy allowable was to the tune of ₹ three lakh or 35 <i>per cent</i> of project cost or ₹60,000 per member to groups of urban poor women for setting up of gainful self employment ventures and to the tune of 25 <i>per cent</i> of the project cost or maximum ₹50,000 for setting up of gainful employment ventures – micro enterprises in production, service and business sectors.
	Construction of high tech fish retail outlets	0.13	The Corporation transferred ₹13.06 lakh to Matsyafed towards 100 <i>per cent</i> KSUDP share for construction of three high-tech fish outlets. As per SJSRY norms, implementing the scheme with 100 <i>per cent</i> KSUDP funding without any bank loan or beneficiary contribution, was irregular. Foundation constructed for fish outlet in Chilavannoor for ₹0.59 lakh was lying idle.

Corporation	Project	Irregular expenditure (₹in crore)	Remarks
Thrissur	Rehabilitation shed for street vendors	0.60	The Corporation constructed a shed of area 2303 m ² in 84 cents of land in Sakthan Nagar for rehabilitating 375 street vendors. The work was completed (March 2014) spending ₹66.85 lakh, of which ₹60 lakh was paid by KSUDP and balance ₹6.85 lakh by the Corporation. The project implemented without bank loan and beneficiary contribution violated SJSRY norms. Even after the lapse of three years, the shed was lying idle without being allotted to street vendors.
Kozhikode	Assistance to Clean Kerala Groups	0.07	In violation of SJSRY norms, the Corporation disbursed ₹5.89 lakh to 49 Clean Kerala Group units for autorikshaw repair and obtaining fitness of vehicles. Also ₹two lakh was diverted from PSF as challenge fund for accident management of Clean Kerala groups.
	Consultancy charge for survey of slums	0.02	Paid ₹2.69 lakh (October 2009) to Socio Economic Unit Foundation, Kozhikode for social survey of slums in the Corporation.

Name of	Fund	Fund	Balance	Audit observation	(< In Iakn) Reply of ULB and Audit
ULB	released		fund		conclusion
011	by KSSM	utiliseu	remaining with ULB		conclusion
Thalassery	330.26	Nil	330.26	Fund released during March 2012 for implementation of solid waste treatment plant including installation of eight bio-gas plants with capacity ranging from 275-5000 kg. The project was pending implementation (October 2016)	From 2012-13, due to source level disposal of waste, quantity of waste was reduced to two tonne from 35-40 tonne per day and as such, the proposed plants were not installed. The ULB should have refunded the amount when it realised that the fund released was not required as KSSM had instructed that any unutilised funds should be refunded at the earliest.
Kochi	25.85	5.36	20.49	The fund received during 2013-14 for installing 154 plants of different capacities (75 kg, 50 kg, 35 kg). Only ₹5.36 lakh spent for installing six plants and the remaining ₹20.49 lakh was deposited in Corporation's fund without refunding it to Government.	Corporation stated that the bio- gas plants were not installed in private schools since the schools were not willing to pay the beneficiary contribution (50 <i>per cent</i> of the cost of plant). Of the 11 Government schools selected, bio-gas plants could be installed in five schools only. Audit found that the ULB obtained fund for installing 154 plants without conducting a preliminary study. When it found that 148 plants could not be installed, the balance amount should have been refunded.

Name of ULB	Fund released by KSSM		remaining with ULB	Audit observation	Reply of ULB and Audit conclusion
Nilambur	12.29	Nil	12.29	An amount of ₹52.9 lakh was released (2011-12) to the ULB as financial assistance by KSSM for implementing a centralised waste management project which included installation of one tonne capacity bio-gas plant costing ₹12.29 lakh. The project was pending implementation (November 2016).	ULB stated (December 2016) that though it had identified the site for establishing waste treatment plant, due to public protest, it could not be implemented. In June 2016, Municipal Council instructed the ME (June 2016) for preparation of a new project. The reply of the ULB was not tenable as the project was not implemented yet (November 2016) and the amount was blocked up with the ULB even after a lapse of more than five years.
Vatakara	2.88	Nil	2.88	An amount of ₹2.88 lakh was released (May 2014) to Vatakara for installing institutional level bio-gas plant. The fund received from KSSM was remaining unutilised with the ULB.	Though the amount was received in May 2014, the plants were not installed (Febraury 2017). Further, it was stated that the amount was deposited in their bank account.
