# **APPENDICES**

#### Appendix 1.1

#### Part A: Structure and Form of Government Accounts

**Structure of Government Accounts:** The accounts of the State Government are kept in three parts - (i) Consolidated Fund; (ii) Contingency Fund; and (iii) Public Account.

#### Part I: Consolidated Fund

All revenues received by the State Government, all loans raised by issue of treasury bills, internal and external loans and all moneys received by the Government in repayment of loans shall form one consolidated fund entitled 'The Consolidated Fund of State' established under Article 266 (1) of the Constitution of India.

#### **Part II: Contingency Fund**

Contingency Fund of State established under Article 267 (2) of the Constitution is in the nature of an imprest placed at the disposal of the Governor to enable him to make advances to meet urgent unforeseen expenditure, pending authorisation by the Legislature. Approval of the Legislature for such expenditure and for withdrawal of an equivalent amount from the Consolidated Fund is subsequently obtained, whereupon the advances from the Contingency Fund are recouped to the Fund.

#### **Part III: Public Account**

Receipts and disbursements in respect of certain transactions such as small savings, provident funds, reserve funds, deposits, suspense, remittance etc. which do not form part of the Consolidated Fund are kept in the Public Account set up under Article 266 (2) of the Constitution and are not subject to vote by the State Legislature.

### Appendix – 1.1 – contd.

#### **PART B: Layout of Finance Accounts**

The new format of Finance Accounts introduced from the year 2014-15, has been divided into two Volumes – Volume I and 2. Volume 1 represents the financial statements of the Government in summarized form while Volume 2 represents detailed financial statement. The layout of the Finance Accounts is chalked out in the following manner:

Statement	Layout
Volume 1	
Statement No. 1	Statement of Financial Position
Ctataman Na O	Statement of Receipts and Disbursements
Statement No. 2	Annexure-Cash Balances and Investments of Cash Balances
Statement No. 3	Statement of Receipts (Consolidated Fund)
Statement No. 4	Statement of Expenditure (Consolidated Fund)
Statement No. 5	Statement of Progressive Capital expenditure
Statement No. 6	Statement of Borrowings and other Liabilities
Statement No. 7	Statement of Loans and Advances given by the Government
Statement No. 8	Statement of Investments of the Government
Statement No. 9	Statement of Guarantees given by the Government
Statement No. 10	Statement of Grants-in-aid given by the Government
Statement No. 11	Statement of Voted and Charged Expenditure
	Statement on Sources and Application of Funds for Expenditure other than Revenue
Statement No. 12	Account
Statement No. 13	Summary of Balances under Consolidated Fund, Contingency Fund and Public Account
	Notes to Accounts
Annexure	A Statement of Periodical/Other Adjustment
	B Statement of Major Head-wise Receipts booked under MH 800-Other Receipts
	C Statement of Major Head-wise Expenditure booked under MH 800-Other Expenditure
	D Statement of Controlling officers who have not reconciled
	E Statement of Rush of Expenditure towards the end of the year
Volume II Part I	
Statement No. 14	Detailed Statement of Revenue and Capital Receipts by Minor Heads
Statement No. 15	Detailed Statement of Revenue Expenditure by Minor Heads
Statement No. 16	Detailed Statement of Capital Expenditure by Minor Heads and Sub Heads
Statement No. 17	Detailed Statement of Borrowings and other Liabilities
Statement No. 18	Detailed Statement of Loans and Advances given by the Government
Statement No. 19	Detailed Statement of Investments of the Government
Statement No. 20	Detailed Statement of Guarantees given by the Government
Statement No. 21	Detailed Statement of Contingency Fund and Public Account
Statement No. 22	Detailed Statement on Investment of Earmarked Balances
Part II: Appendices	
I	Comparative Expenditure on Salary
II	Comparative Expenditure on Subsidy
III	Grants-in-aid given by the State Government (Scheme wise and Institution wise)
IV	Details of Externally Aided Projects
V	Plan Scheme Expenditure (Central and State Plan Schemes)
VI	Direct Transfer of Central Scheme Funds to Implementing Agencies in the State
VII	Acceptance and Reconciliation of Balances
VIII	(i) Financial Results of Irrigation Scheme
	(ii) Financial Results of Electricity Schemes
IX	Commitments of the Government-List of Incomplete Capital Works
X	Maintenance Expenditure with segregation of Salary and Non-Salary portion
XI	Major Policy Decisions of the Government during the year or new Schemes proposed in
	the Budget
XII	Committed Liabilities of the Government

#### Appendix – 1.1- contd.

#### Part C: Methodology Adopted for the Assessment of Fiscal Position

The norms/ceilings prescribed by the 13<sup>th</sup> Finance Commission for selected fiscal variable along with its projections for a set of fiscal aggregates and the commitments/projections made by the State Governments in their Fiscal Responsibility Acts and in other Statements required to be laid in the Legislature under the Act are used to make qualitative assessment of the trends and pattern of major fiscal aggregates. Assuming that Gross State Domestic Product (GSDP) is the good indicator of the performance of the State's economy, major fiscal aggregates like tax and non-tax revenue, revenue and capital expenditure, internal debt and revenue and fiscal deficits have been presented as percentage to the GSDP at current market prices. The buoyancy coefficients for relevant fiscal variables with reference to the base represented by GSDP have also been worked out to assess as to whether the mobilization of resources, pattern of expenditure *etc.*, are keeping pace with the change in the base or these fiscal aggregates are also affected by factors other than GSDP. The definitions of some of the selected terms used in assessing the trends and pattern of fiscal aggregates are given below:

#### List of terms used in the Chapter I and basis for their calculation

Terms	Basis of calculation
Buoyancy of a parameter	Rate of Growth of the parameter/GSDP Growth
Buoyancy of a parameter (X) with respect	Rate of Growth of the parameter (X)/
to another parameter (Y)	Rate of Growth of the parameter (Y)
Rate of Growth (RoG)	[(Current year Amount/Previous years Amount) – 1]* 100
Average	Trend of growth over a period of 5 years
Share shift/Shift rate of a parameter	Trend of percentage shares, over a period of 5 years, of the parameter in Revenue or Expenditure, as the case may be
Development Expenditure	Social Services + Economic Services
Weighted Interest Rate (Average interest	Interest payment/[(Amount of previous year's Fiscal Liabilities +
paid by the State)	current year's Fiscal Liabilities)/2]* 100
Interest spread	GSDP growth – Weighted Interest rate
Quantum spread	Debt stock * Interest spread/100
Interest received as per cent to Loans	Interest Received [(Opening balance + Closing balance of Loans and
Outstanding	Advances)2]* 100
Revenue Deficit	Revenue Receipt – Revenue Expenditure
Fiscal Deficit	Revenue Expenditure + Capital Expenditure + Net Loans and
Fiscal Deficit	Advances – Revenue Receipts – Miscellaneous Capital Receipts
Primary Deficit	Fiscal Deficit – Interest payments
Balance from Current Revenue (BCR)	Revenue Receipts <u>minus</u> all Plan grants and Non-plan Revenue Expenditure excluding debits under 2048 – Appropriation for reduction or Avoidance of debt

## **Appendix – 1.1- concld.** (Reference: Paragraphs 1.1.3 and 1.10.3)

#### Part E: Fiscal Responsibility and Budget Management (FRBM) Act, 2005

The State Government enacted the Manipur Fiscal Responsibility and Budget Management (FRBM) Act in August 2005 to ensure prudence in fiscal management and fiscal stability by achieving sufficient revenue surplus; reduction in fiscal deficit; prudent debt management consistent with fiscal sustainability; and greater transparency in fiscal operations of the Government. The Act prescribed the following fiscal targets for the State Government:

- (i) strive to remain revenue surplus by making a balance in revenue receipts and expenditure and build up further surplus;
- (ii) strive to bring down fiscal deficit to 3 per cent of the Gross State Domestic Product;
- (iii) limit the amount of outstanding Government guarantees as per the provisions of the Manipur Ceiling on State Government Guarantee Act, 2004 and
- (iv) follow a recruitment and wage policy, in a manner such that the total salary bill relative to revenue expenditure excluding interest payments and pensions does not exceed 35 *per cent*:

As per Manipur FRBM Rules 2005 (enacted in December 2005 and subsequently amended in January 2006, July 2006, July 2010 and October 2011) framed under the Act, the following fiscal targets in respect of revenue surplus and fiscal deficit were set:

- remain revenue surplus and build up further surplus having regard to the norms of Central Assistance for the State Plan and the tax and non-tax revenue potential of the State;
- reduce the fiscal deficit to a maximum of 3.5% of the Gross State Domestic Product by 2010-2011 and maintain it below 3.5% in succeeding financial years upto 2012-13 and thereafter reduce it to a maximum of 3% of the Gross State Domestic Product from 2013-14 and beyond; and
- maintain outstanding debt to a maximum of 65.80% of Gross State Domestic Product in 2010-11, 62.9% of Gross State Domestic Product in 2011-12, 60.1% of Gross State Domestic Product in 2012-13, 57.00% of Gross State Domestic Product in 2013-14 and 54.30% of Gross State Domestic Product in 2014-15.

## Appendix – 1.7 Glossary of terms

Sl. No.	Terms	Description
2000		State Implementing Agency includes any Organization/Institution including Non-
	State	Governmental Organization which is authorized by the State Government to receive
1	Implementing	the funds from the Government of India for implementing specific programmes in
	Agency	the State, e.g. State Implementation Society for SSA and State Health Mission for
		NRHM etc.
2	GSDP	GSDP is defined as total income of the State or market value of goods and services
	GSDI	produced using labour and other factors of production at constant/current prices.
		Buoyancy ratio indicates the elasticity or degree of responsiveness of a fiscal
3	Buoyancy ratio	variable with respect to a given change in the base variable. For instance, revenue
	Buoyaney rano	buoyancy at 1.67 implies that revenue receipts tend to increase by 1.67 percentage
		points, if the GSDP increases by one <i>per cent</i> .
		Core public goods are which all citizens enjoy in common in the sense that each
		individual's consumption of such a good leads to no subtractions from any other
		individual's consumption of that good e.g. enforcement of law and order, security
		and protection of our rights; free air and other environmental goods and road
4	Core Public and	infrastructure etc. Merit goods are commodities that the public sector provides free
4	Merit goods	or at subsidized rates because an individual or society should have them on the basis of some concept of need, rather than ability and willingness to pay the government
		and therefore wishes to encourage their consumption. Examples of such goods
		include the provision of free or subsidized food for the poor to support nutrition,
		delivery of health services to improve quality of life and reduce morbidity,
		providing basic education to all, drinking water and sanitation <i>etc</i> .
		The analysis of expenditure data is disaggregated into development and non-
		development expenditure. All expenditure relating to Revenue Account, Capital
_	Development	Outlay and Loans and Advances are categorized into social services, economic
5	Expenditure	services and general services. Broadly, the social and economic services constitute
		development expenditure, while expenditure on general services is treated as non-
		development expenditure.
6	Fiscal Liabilities	Includes Internal Debt, Loans and Advances from GoI, Small Savings, Provident
0	Tiscai Liaomitics	Funds, etc., Deposits and other non-interest bearing obligations.
		The Debt sustainability is defined as the ability of the State to maintain a constant
	Debt sustainability	debt-GDP ratio over a period of time and also embodies the concern about the
		ability to service its debt. Sustainability of debt therefore also refers to sufficiency
7		of liquid assets to meet current or committed obligations and the capacity to keep
		balance between costs of additional borrowings with returns from such borrowings.
		It means that rise in fiscal deficit should match with the increase in capacity to
		A necessary condition for stability states that if the rate of growth of economy
		exceeds the interest rate or cost of public borrowings, the debt-GDP ratio is likely to
		be stable provided primary balances are either zero or positive or are moderately
		negative. Given the rate spread (GSDP growth rate – interest rate) and quantum
8	Debt Stabilization	spread (Debt*rate spread), debt sustainability condition states that if quantum spread
	Deor Statement	together with primary deficit is zero, debt-GSDP ratio would be constant or debt
		would stabilize eventually. On the other hand, if primary deficit together with
		quantum spread turns out to be negative, debt-GSDP ratio would be rising and in
		case it is positive, debt-GSDP ratio would eventually be falling.
9	Net availability of	Difference between Debt receipt and debt redemption (Principal +Interest payments)
9	borrowed funds	
		Adequacy of incremental non-debt receipts of the State to cover the incremental
10	Non debt receipts	interest liabilities and incremental primary expenditure could be significantly
10	1 ton deat receipts	facilitated if the incremental non-debt receipts could meet the incremental interest
		burden and incremental primary expenditure.

### Appendix – 3.5

(Reference: Paragraph 3.6)

#### Recommendation of Public Accounts Committee (PAC) on State Finance Report (SFR)

Date of placing Recommen- dation of PAC	Gist of Recommendation	Action taken notes	Remark
SFR 2010-11 (Date of Placing	g - 6.7.2012)		
24.7.2014	The Committee recommends the Government Department to discontinue the present practice of excess spending in future and also Finance Department to put an appropriate mechanism to control excess expenditure which adversely affect efficient fiscal management. Further, the Committee recommends that the excess expenditures for the years 2011 and 20912 be regularised as required under Article 205 of the Constitution of India.	No Action was taken	-do
SFR 2011-12 ( Date of Placing	g - 11.6.2013)		
24.7.2014	Same recommendation as above, for regularization of excess of expenditure.	No Action was taken	-do-
	Chapter I: Finances of the State Government. Revenue Receipt		
	The Committee notes with concern that the fiscal health of the State is largely dependent on Central grants-in-aid. This factor alone determines the extent to which Revenue surplus, primary deficit, fiscal deficits, management of debt, etc. improves or deteriorates in a year. It is in this context, the Committee makes the following observations on some of the important issues:-		
	VAT/Sales Tax:		
	VAT/Sales Tax is collected in event of sales of goods in the State. This is also collected from construction works. In case of public works, it is Government who ultimately pays this tax. VAT/Sales Tax are deducted at source while releasing funds by the Finance Department. Even when funds are deposited into MH – 8449, VAT/Sales Tax are deducted at source. The Committee is of strong opinion that deduction of VAT/Sales Tax at source is to be avoided, as it would result in artificial increase of VAT/Sales Tax and complication of accounting.		
	Motor Vehicle:		
	The Committee expresses its satisfaction that Motor Vehicles collection has increased. In terms of absolute collection, the amount collected may not have much impact, as the baseline of the tax is low. The Committee recommends the Government that computerization of Motor Vehicles Department needs to be taken up with all seriousness.		
	Miscellaneous General Service:		The whole
24.7.2014	As in VAT/Sales Tax collection, Miscellaneous General Service are also collected as "Agency Charges" for execution of public works. It is debatable whether "Agency Charges" need to be collected by the Department like PWD, IFCD, etc; or restrict it to Autonomous bodies/PSUs like PDA, MFDC etc.	No Action was taken	report was also discussed
	The Committee notes it with concern that "Agency Charges" are collected at source while releasing funds for depositing it into $MH-8449$ by the Finance Department. Such system needs to be avoided.		
	Other avenues of revenue:		
	The Committee agrees that the State has inherently low tax potential. While efforts needs to be made to optimize collection of taxes, the State Government needs more pragmatic approach to open up other avenues of revenue.  FRBM Act:		
	Two targets of FRBM Act have not been achieved consistently. The first is Fiscal deficit-GSDP ration targeted at 3 per cent and target of Salary expenditure.  The Committee observes that target of Fiscal deficit-GSDP ratio has not been largely achieved over the years. Despite this, the Committee is of the view that this target may remain unchanged, as it would have great impact on the fiscal health of the State.		
	As regards target of restricting Salary expenditure at 35 per cent of Revenue Expenditure new Interest Payment and Pension may no longer be realistic in view of the 6th Pay Recommendations. The Committee likes the Government to look into the matter and set a more realistic target.		
	<b>New Pension Scheme:</b> Under the scheme, the Government was to make a matching contribution of the contribution made by the subscribers.		

The amount is to be invested to Fund Manager(s) for the benefit of the subscribers.

The committee is shocked to learn that the contributions made by the subscribers are kept in Government accounts. Matching contribution was not fully made by the Government. If this is not serious enough, the Government has no information regarding the quantum of contribution made by each individual. Therefore, the Committee directs the concerned Department to furnish information in the following format:-

(In ₹)

Sl. No.	Name of Employ -ees	Emplo- yees Contribu- tion	Govt. contrib- ution	Total Invested to 1st Fund Manager	Invested to 2nd Fund Manager	Invested to 3rd Fund Manager	Total Amount Invested	Balance in "MH" 834	PRAN No
(1)	(2)	(3)	(4)	(5) (6) (3) +(4)	(7)	(8)	(9) 6+7+8	(10)	(11) (5-9)

#### Total

Note:- (i) In case funds are released to the Fund Managers directly from Major Head – 2071 (Minor head 117), the amount may be included in the above table with appropriate remarks. (ii) soft copy in Excel sheet may also be furnished. Depart. may furnish updated figures, if it is convenient

In above table, the "Total" under Column (10) should match with the figures booked in latest Finance Accounts. The above table would keep a track record of each subscriber.

The Committee directs the concerned Department to furnish the above information within six months from the date of presentation of this Report to the House.

#### Local bodies:

A separate recommendation is being made in respect of Local bodies.

#### Status of guarantees - Contingent liabilities:

The Committee appreciates that no additional guarantee has been extended by the State Government. This is important as none of our Local bodies/PSUs etc are functioning properly in the present condition of the economy of the State.

#### Special focus on MH - 8449

The contention of the Government is that Central funds are released at times at the fag end of the year. Since this year-end fund cannot be utilized within the financial year, these are parked under MH- 8449 to avoid surrender of funds. Funds are drawn from the Consolidated Fund of the State from their respective "Service heads of accounts" through AC bills to deposit into this head of accounts. The practical reasons and compulsions of the State Government is understandable. However, the head has been utilized to short circuit flow of funds and this is not acceptable.

The Committee is dismayed to learn that this account is not properly maintained in a transparent manner. The Committee during examination of the Audit Reports asked the Finance Department to provide information in the following format:-

(In ₹)

Service Head	Purpose of the fund	of the MH- "8449			quent Release - "8449 OD"	(2nd /3rd etc.) Subsequent Release from MH- "8449 OD" (in separate columns)		Balance amount in MH- "8449	
	(Deptt.)	Date	Amt	Date	Amt	Date	Amt	OD"	
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9) (4 -6 -8 )	

#### Total

Note:- The Total under column (9) should match with figures of the latest Finance Accounts \*The information in the above format as furnished by the Finance Department, Government of Manipur is appended as Appendix-I

The Committee expected that information should be readily available with the Finance Department as it was controlling the funds. However, sadly the matter needed to be referred back to other Departments. The Committee also noticed that parked funds under Mh-8449 are not released in the next financial year as it should have been, but allowed to remain there for year altogether.

The fall-out of this is obvious. The AC bills do not get cleared out and gets accumulated, the Capital Expenditure are artificially inflated without any activity at field level, the transparency of accounts was compromised.

Constitutionally, budgetary control is the purview of the Legislature. However, when funds are routinely parked into such heads of accounts and subsequently withdrawn in some latter years, the funds remain in the exclusive control of the Government and Finance Department; without any involvement of the Legislature. Inherently and potentially, this is very serious and undermines the privilege of the Legislature.

As discussed earlier, VAT/Sales tax Agency Charges (under Miscellaneous General Service) are also collected/deducted at source while depositing the funds into MH- 8449.

The Committee, therefore, recommends that no deduction be made at source while depositing the funds into MH-8449. The Committee desires that parked funds in this head be released immediately at the beginning of the next financial year so that Capital Expenditure booked in the previous year fructifies and AC bills gets cleared out.

#### Sustainability of debt:

The Committee is of the view that there is little scope of manoeuvring on this aspect by the State Government. However, the Committee recommends that following broad steps should be considered:

- i) Decrease Non-Plan Revenue Expenditure, as the Committee feels that here would be many areas where loopholes can be plugged, if expenditure is properly monitored.
- ii) Increase efficiency of Tax collection and make thrust on computerization of such system.
- iii) Explore more avenues of Tax collection:
- iv) Ensure that Grants-in-Aid from Central Government does not decline, as in 2011-12,
- Maintain a proper calendar of borrowings, so that future borrowings and re-payment could be planned properly.

#### Chapter II: Financial Management and Budgetary Control Saving and Excess

In the Audit Report (Table 2.2 of para 2.3.1), the supplementary provisions are already considered, which be the Revised Estimate (RE). If so, it is not understood to what figure of RE is the Finance Department referring to in their reply. The Committee is, therefore, unsatisfied with the reply of the Department. Further, the Committee is unhappy that out of 20 cases as reported, the Department replied for 4 cases only. In the reply of the Department, there were still substantial savings; the reasons of which was not explained.

Similarly, in case of Excess Expenditure, the "Total Provision" as shown in the Audit Report is after consideration of Supplementary Budget. Therefore, the RE figures contented by the Department is not acceptable to the Committee. Further, the Committee is unsatisfied that reply of only 2 cases was furnished out of 6 cases. Hence, the Committee recommends the Department to furnish on the replies for the above mentioned pending cases within three months from presentation of this report.

#### Expenditure without provision

The para refer to Appendix 2.2 of the Audit Report, where 12 cases have been mentioned. The Appendix shows the details of the Heads of Accounts. No specific reply has been furnished by the Finance Department, and the Committee feels that the Department has not furnished satisfactory reply. Therefore, the Committee directs the Finance Department to furnish specific reply within three months from the date of presentation of this report to the House.

#### Unnecessary/Excessive/Inadequate/Supplementary provision

The Finance Department replied that no Unnecessary/Excessive/Inadequate/Supplementary were made as supplementary demands are fully dependent on quantum of funds released by GoI. The Committee notes it with seriousness that the reply of the Department is mis-leading.

In Table 2.7 and Table 2.8 (there are 22 cases) of the Audit Report, there are heads like "Council of Ministers (Revenue Voted)", "State Legislature (Revenue Charged)", "Governor (Revenue Charge)" etc. The Committee wonders how these heads would be affected by quantum of fund released by GoI. The Committee directs the Government directs the Government to look into the matter, and take appropriate action, if the information to the Committee is not truthfully furnished.

The Committee also specifically desires that the Finance Department should explain point-wise specific reply, fully justifying the extent to which these 22 cases as reported in the Audit Report is affected by release of funds by GoI.

#### Excessive/Un-necessary re-appropriation of funds:

The Committee is not satisfied with the reply of the Finance Department that excess/un-necessary reappropriation was done at the proposed of the Department concerned. It is the responsibility of the Finance Department that any savings and excess are avoided. It is the Finance Department who should be satisfied with the proposal. Unless this is ensured, budgetary exercise would be rendered to a meaningless exercise.

#### Substantial surrenders and anticipated savings not surrendered:

The Committee strongly recommends that the Finance Department should take up stronger measures with other Departments in future.

#### Pendency in submission of Detailed Countersigned Bills against AC bills

As discussed, the problem of AC bills is linked with release of funds under MH- 8449 to a large extent. Unless the deposit under this head is maintained properly, better control of AC bills would not be possible.

However, the Committee notes with satisfaction that all concerned i.e Finance Department, Departments concerned,  $AG\left(A\&E\right)$  and  $AG\left(Audit\right)$  are closely monitoring the issue and has been able to arrest some pendency.

#### Personal Deposit Account/Personal Ledger Account:

The Committee desires that non-operational PDA/PLA be closed immediately and balance amount, if any, be transferred back to Government Accounts. In case of PD/PLA operated by Planning and Development Authority and Apex Housing Society, the Committee desires the Finance Department and the concerned bodies to work out a viable solution, in consultation with AG (A&E).
