Para No.	Particulars	Page No.
	Preface	ix
	Executive Summary	xi
Chapter-1		
Introduction		
1.1	Public health facilities in the State	1
1.2	Planning and Execution of Performance Audit	3
1.2.1	Audit Objectives	3
1.2.2	Audit Criteria	3
1.2.3	Audit scope and methodology	4
1.2.4	Performance Indicators	4
1.2.5	Acknowledgement	5
1.2.6	Structure of the Report	5
1.3	Policy framework for healthcare services	5
1.3.1	Standards/norms for various inputs	5
1.4	Funding for Hospitals	6
1.4.1	State budget	6
1.4.2	Release and utilisation of funds by the test checked hospitals	7
1.4.3	Funds under NHM	7
1.4.4	Release and utilisation of funds by the test checked hospitals	8
Chapter-2		
Out-Patient Services		
2.1	Patient load in OPD	9
2.2	Availability of OPD Services	11
2.3	Registration facility for OPD	11
2.4	Other basic facilities in OPD	13
2.5	Patient rights and grievance redressal	13
2.6	Evaluation of out-patient services through outcome indicators	14
2.6.1	OPD cases per doctor	14
2.6.2	Consultation time per patient	15
2.6.3	Patient satisfaction survey of out-patients	15
2.6.4	Provision of Drugs to OPD Patients	15
2.6.5	Completeness of prescription slip	16
2.6.6	Registration to Drug Time	16
Chapter-3		
Diagnostics Services		
3.1	Radiology services	19
3.1.1	Availability of radiology services	19
3.1.2	Operation of X-ray machines without license	21
3.1.3	Thermoluminescent dosimeters (TLD) for Radiation Protection	21
3.2	Pathology services	21
3.2.1	Availability of pathology services	22
3.2.2	Essential resources	23

3.2.3	Quality Assurance of pathology services	23
3.2.4	Waiting Time and Turn-around Time	24
Chapter-4		
In-Patient Services		
4.1	Availability of in-patient services	25
4.2	Availability of Human Resources	26
4.2.1	Doctors and nurses	26
4.2.2	Rosters for doctors and nurses	27
4.2.3	Para-medical staff	28
4.3	Availability of essential drugs	28
4.4	Availability of medical equipment	29
4.5	Operation Theatre Services	30
4.5.1	Availability of drugs for OTs	30
4.5.2	Availability of equipment for OTs	31
4.5.3	Availability of OT Technician	32
4.5.4	Documentation related to OTs	32
4.6	Intensive Care Unit Services	32
4.6.1	Availability of ICU services	32
4.7	Emergency Services	33
4.7.1	Availability of Emergency Services	33
4.7.1.1	Availability of Emergency Medical Officers	33
4.7.1.2	Non-functioning of Trauma Centre	34
4.7.2	Availability of essential drugs for emergency services	34
4.7.3	Availability of equipment for Emergency Services	35
4.7.4	Triaging of patients and average turnaround time	35
4.8	Ambulance Services	35
4.9	Dietary Services	37
4.9.1	Distinctive dietary requirement not met	37
4.9.2	Expenditure on dietary services	37
4.9.3	Hygiene practices not followed in serving the diet	38
4.9.4	Quality testing of meals	38
4.9.5	Availability of kitchen	39
4.10	Patient Safety	40
4.10.1	Disaster management capability of hospitals	40
4.10.2	Plan to manage disasters, fire and mass casualty incidents	40
4.10.3	Safety from Fire	41
4.10.4	Availability of fire equipment	41
4.10.5	Other findings related to fire safety	42
4.11	Evaluation of in-patient services through Outcome Indicators	43
4.11.1	Evaluating productivity of the hospitals	43
4.11.1.1	Bed occupancy rate	43
4.11.2	Evaluating efficiency of the hospitals	44
4.11.2.1	Bed Turnover Rate (BTR)	44
4.11.2.2	Discharge Rate (DR)	45
4.11.2.3	Referral Out Rate (ROR)	46

4.11.3	Evaluating clinical care capability of the hospitals	47
4.11.3.1	Average Length of Stay (ALoS)	47
4.11.4	Evaluating service quality of the hospitals	47
4.11.4.1	LAMA Rate	47
4.11.4.2	Absconding Rate (AR)	48
4.11.4.3	Completeness of medical records	49
4.11.4.4	Patient Satisfaction Survey	49
4.12	Outcomes <i>vis-à-vis</i> availability of resources	50
Chapter-5		
Maternity Services		
5.1	Antenatal Care	51
5.1.1	Non-availability of IFA tablets	52
5.1.2	Pathological investigations	52
5.2	Intra-Partum Care	52
5.2.1	Availability of resources	53
5.2.1.1	Essential drugs	53
5.2.1.2	Essential consumables	54
5.2.1.3	Essential human resource	54
5.2.1.4	Availability of essential equipment	56
5.3	Clinical efficiency	56
5.3.1	Preparation of Partographs	56
5.3.2	Management of preterm labour	57
5.3.3	Caesarean deliveries (C-Section)	58
5.3.4	C-Section medical records	59
5.3.5	Special Newborn Care Unit/Newborn Stabilisation Unit	60
5.3.6	Non-follow-up of referred Neonates from SNCU/NBSU	60
5.4	Death Review	61
5.5	Postnatal maternal and newborn care	62
5.5.1	Postnatal care	62
5.5.2	Cash Assistance for Institutional Delivery	63
5.6	Other Issues	64
5.6.1	Availability of kits, drugs and equipment for management of STI/RTI	64
5.6.2	Comprehensive Abortion Care	65
5.6.2.1	Non-maintenance of register	65
5.6.2.2	Shortage and stock out of essential drugs	65
5.7	Pregnancy outcomes	66
5.7.1	Stillbirths	66
5.7.2	Neonatal deaths	67
5.8	Outcome of Patient Satisfaction Survey conducted by Audit	67
5.9	Performance of the test checked hospitals	67
5.9.1	Outcomes <i>vis-à-vis</i> availability of resources	67
Chapter-6		
Infection Control		
6.1	Aspects of infection control	69
6.1.1	Standard Operating Procedure and Checklist for infection control	69

6.1.2	Hospital Infection Control Committee	70
6.1.3	Pest and rodent control records not maintained	71
6.2	Laundry Services	72
6.2.1	Availability of linen	72
6.2.2	Issue of clean linen items	73
6.2.3	Other shortcomings noticed in washing and storage of linen	73
6.3	Disinfection and Sterilisation	74
6.3.1	Boiling, Autoclaving and Chemical Sterilisation	75
6.3.2	High Level Disinfection	75
6.3.3	Records of Sterilisation using autoclave	75
6.4	Cleaning services	76
6.4.1	Housekeeping	76
6.4.2	Air and surface samples for microbiological survey	77
6.4.3	Fumigation of OT	78
6.4.4	Microbiological surveillance report at the instance of audit	79
6.5	Bio-Medical Waste Management	79
6.5.1	Generation of bio-medical waste	80
6.5.1.1	Authorisation for generating bio-medical waste and annual reporting	80
6.5.1.2	Segregation of bio-medical waste	80
6.5.1.3	Duties of the occupier	81
Chapter-7		
Drug Management		
7.1	Availability of essential drugs	83
7.1.1	Short supply of indented drugs	84
7.2	Storage of drugs	85
7.3	Dispensing of drugs to the patients	85
7.4	Quality assurance of drugs	86
Chapter-8		
Infrastructure and Other Issues		
8.1	Availability of beds	89
8.1.1	Inadequate infrastructure and lack of maintenance	90
8.1.2	Non utilisation of created infrastructure	91
8.2	Power backup	91
8.3	Adequacy of Water Supply	92
8.4	Medical Gas (Oxygen)	93
8.5	Quality Certification	93
8.6	Compliances in regard to statutory requirements	94
Chapter-9		
Recommendations		
Recommendations		97
List of Tables		
		Page No.
Table-1	Health indicators of Uttarakhand	1
Table-2	Status of standards and norms for various inputs	6
Table-3	Budget provisions and expenditure during 2014-19	7
Table-4	Receipt and expenditure under State Budget	7

Table-5	Receipt and expenditure under NHM	7
Table-6	Receipt and expenditure of test checked hospitals	8
Table-7	Number of out-patients in test checked hospitals	10
Table-8	Average number of available doctor in test checked hospitals	10
Table-9	Period on non-availability of OPD services in test checked hospitals	11
Table-10	Non-availability of basic facilities at registration counter	13
Table-11	Out-Patient load	14
Table-12	Consultation time taken per case in OPD	15
Table-13	Details of dispensation of drugs to the OPD patients	16
Table-14	Deficiencies noticed in prescription slips	16
Table-15	Estimates of Percentages of Patients for Registration to Drug Time with 95 per cent Confidence Interval	17
Table-16	Availability of Radiology Services in test checked hospitals	19
Table-17	Reasons for non-availability of radiology services	20
Table-18	Ultrasonography done in last five years in DFH Almora	20
Table-19	Pathology services offered by test checked hospitals (in per cent)	22
Table-20	In-patient services in test checked DHs/JHs	26
Table-21	Details of availability of doctors and nurses as on date of audit	26
Table-22	Shift wise availability of nurses in IPD of test checked DHs/JHs	27
Table-23	Availability of essential drugs in test checked DHs/JHs	28
Table-24	Average major and minor surgeries per surgeon	30
Table-25	Non-availability of essential drugs in test checked DHs/JHs	31
Table-26	Availability of EMOs in test checked DHs/JHs	33
Table-27	Availability of essential drugs in DHs/JHs	34
Table-28	Availability of facilities in Kitchen	39
Table-29	Details of availability of fire equipment	42
Table-30	Estimates of Percentages in respect of IPD with 95 per cent Confidence Interval	49
Table-31	Estimation of time taken for doctor's visit after admission with 95 per cent Confidence Interval	50
Table-32	Outcomes <i>vis-à-vis</i> availability of resources in DHs/JHs	50
Table-33	Availability of essential drugs	53
Table-34	Human resources as per MNH Toolkit	54
Table-35	Details of availability of human resource against sanctioned post as on date of audit	55
Table-36	Shift wise availability of nurses in IPD (maternity wing) of the test checked DFHs/JHs	55
Table-37	Preparation of Partograph	57
Table-38	Administration of Betamethasone in pre-term delivery cases	58
Table-39	C-Section deliveries	59
Table-40	Average rate	60
Table-41	Death Reviews	61
Table-42	Details of stock out of vaccines	62
Table-43	Details of cash assistance not provided to JSY beneficiaries	63
Table-44	Details of delayed payment to JSY beneficiaries	64

Table-45	Abortion cases in DFH/JH during 2014-19	66
Table-46	Average stillbirths during 2014-19	66
Table-47	Neonatal death rate during 2014-19	67
Table-48	Patient satisfaction Score in test checked DFHs	67
Table-49	Outcomes <i>vis-à-vis</i> availability of resources in DFHs/JHs	68
Table-50	Number of meetings held	70
Table-51	Rating of Health Care Facilities under Kayakalp	70
Table-52	Shortage in linen items during 2018-19	72
Table-53	Linen items not available during 2018-19	72
Table-54	Availability of disinfection and sterilisation procedures (2018-19)	74
Table-55	Availability of records of sterilisation using autoclave	75
Table-56	Microbiological test results	78
Table-57	Status of Authorisation from SEPPCB	80
Table-58	Availability of drugs in the test checked hospitals in 2018-19	83
Table-59	Details of indent and supply of drugs to test checked hospitals	84
Table-60	Deficiencies in storage of drugs	85
Table-61	Availability of beds in the test checked hospitals	89
Table-62	Adequacy of Water supply in test checked hospitals	92
Table-63	Status of statutory compliances fulfilled by the test checked hospitals	94
List of Charts		Page No.
Chart-1	Availability of health care facilities in the State	2
Chart-2	Average Daily patient load per counter	12
Chart-3	Average OPD cases per day per doctor	14
Chart-4	Expenditure per diet in test checked hospitals (2018-19)	37
Chart-5	Average BOR (in <i>per cent</i>)	44
Chart-6	BOR in District Hospitals	44
Chart-7	Average BTR	45
Chart-8	Average Discharge Rate (in <i>per cent</i>)	45
Chart-9	Average ROR (in <i>per cent</i>)	46
Chart-10	ROR in District Hospitals	46
Chart-11	Average ALoS	47
Chart-12	Average LAMA Rate (in <i>per cent</i>)	47
Chart-13	LAMA Rate in District Hospitals	48
Chart-14	Average Absconding Rate (in <i>per cent</i>)	48
