**Glossary of terms, basis of calculations and Acronyms used in the Report**

<b>Terms</b>	<b>Basis of calculation and explanation</b>
Rate of Growth (ROG)	$[(\text{Current year Amount} / \text{Previous year Amount}) - 1] * 100$
Development Expenditure	Social Services + Economic Services
Average interest paid by the State	$\text{Interest payment} / [(\text{Amount of previous year's Fiscal Liabilities} + \text{Current year's Fiscal Liabilities}) / 2] * 100$
Interest spread	GSDP growth – Average Interest Rate
Quantum spread	Debt stock * Interest spread
Interest received as <i>per cent</i> to Loans Outstanding	$\text{Interest Received} [(\text{Opening balance} + \text{Closing balance of Loans and Advances}) / 2] * 100$
Revenue Deficit	Revenue Receipt – Revenue Expenditure
Fiscal Deficit	Revenue Expenditure + Capital Expenditure + Net Loans and Advances – Revenue Receipts – Miscellaneous Capital Receipts
Primary Deficit	Fiscal Deficit – Interest payments
Balance from Current Revenue (BCR)	Revenue Receipts <b>minus</b> all Plan Grants and Non-Plan Revenue Expenditure excluding expenditure recorded under the major head 2048 – Appropriation for reduction of Avoidance of debt.
Debt sustainability	The Debt sustainability is defined as the ability of the State to maintain a constant debt-GSDP ratio over a period of time and also embodies the concern about the ability to service its debt. Sustainability of debt therefore also refers to sufficiency of liquid assets to meet current or committed obligations and the capacity to keep balance between costs of additional borrowings with returns from such borrowings. It means that rise in fiscal deficit should match with the increase in capacity to service the debt.
Debt stabilisation	A necessary condition for stability states that if the rate of growth of economy exceeds the interest rate or cost of public borrowings, the debt-GSDP ratio is likely to be stable provided primary balances are either zero or positive or are moderately negative. Given the rate spread (GSDP growth rate – interest rate) and quantum spread (Debt*rate spread), debt sustainability condition states that if quantum spread together with primary deficit is zero, debt-GSDP ratio would be constant or debt would stabilise eventually. On the other hand, if primary deficit together with quantum spread turns out to be negative, debt-GSDP ratio would be rising and in case it is positive, debt-GSDP ratio would eventually be falling.
Sufficiency of non-debt receipts	Adequacy of incremental non-debt receipts of the State to cover the incremental interest liabilities and incremental primary expenditure. Debt sustainability could be significantly facilitated if the incremental non-debt receipts could meet the incremental interest burden and the incremental primary expenditure.

<b>Terms</b>	<b>Basis of calculation and explanation</b>
Net availability of borrowed funds	Defined as the ratio of the debt redemption (Principal + Interest Payments) to total debt receipts and indicates the extent to which the debt receipts are used in debt redemption indicating the net availability of borrowed funds.
Appropriation Accounts	Appropriation Accounts present the total amount of funds (Original and Supplementary) authorised by the Legislative Assembly in the budget grants under each voted grants and charged appropriation vis-à-vis the actual expenditure incurred against each and the unspent provisions or excess under each grant or appropriation. Any expenditure in excess of the grants requires regularisation by the Legislature.
Autonomous bodies	Autonomous Bodies (usually registered Societies or Statutory Corporations) are set up whenever it is felt that certain functions need to be discharged outside the governmental set up with some amount of independence and flexibility without day-to-day interference of the Governmental machinery.
Committed expenditure	The committed expenditure of the State Government on revenue account mainly consists of interest payments, expenditure on salaries and wages, pensions and subsidies on which the present executive has limited control.
State implementing schemes	State Implementing Agency includes any Organisation/ Institution including Non-Governmental Organisation which is authorised by the State Government to receive the funds from the Government of India for implementing specific programmes in the State, e.g. State Implementation Society for Sarva Siksha Abhiyan and State Health Mission for National Rural Health Mission, etc.
Contingency Fund	Legislature Assembly has by law established a Contingency Fund in the nature of an imprest into which is paid from time to time such sums as may be determined by such law, and the said fund is placed at the disposal of the Governor to enable advances to be made by him out of it for the purpose of meeting unforeseen expenditure pending authorisation of such expenditure by Legislature Assembly by law under Article 115 or Article 116 of the Constitution.
Consolidated fund of the State	The fund constituted under Article 266 (1) of the Constitution of India into which all receipts, revenues and loans flow. All expenditure from the CFI is by appropriation: voted or charged. It consists of two main divisions namely Revenue Account (Revenue Receipts and Revenue Expenditure) and Capital Account (Public Debt and Loans, etc.).
Contingent liability	Contingent liabilities may or may not be incurred by an entity depending on the outcome of a future event such as a court case.
Sinking Fund	A Fund into which the government sets aside money over time, in order to retire its debt.

<b>Terms</b>	<b>Basis of calculation and explanation</b>
Guarantee Redemption Fund	Guarantees are liabilities contingent on the Consolidated Fund of the State in case of default by the borrower for whom the guarantee has been extended. As per the terms of the Guarantee Redemption Fund, the State Government was required to contribute an amount equal to at least 1/5 <sup>th</sup> of the outstanding invoked guarantees plus an amount likely to be invoked as a result of the incremental guarantees during the year.
Internal Debt	Internal Debt comprises regular loans from the public in India, also termed 'Debt raised in India'. It is confined to loans credited to the Consolidated Fund.
Primary revenue expenditure	Primary revenue expenditure means revenue expenditure excluding interest payments.
Re-appropriation	Means the transfer of funds from one Primary unit of appropriation to another such unit.
Surrenders of unspent provision	Departments of the State Government are to surrender to the Finance Ministry, before the close of the financial year, all the anticipated unspent provisions noticed in the grants or appropriations controlled by them. The Finance Ministry is to communicate the acceptance of such surrenders, as are accepted by them to the Audit Officer and/or the Accounts Officer, as the case may be, before the close of the financial year.
Supplementary grants	If the amount authorised by any law made in accordance with the provisions of Article 114 of the Constitution to be expended for a particular service for the current financial year is found to be insufficient for the purpose of that year or when a need has arisen during the current financial year for the supplementary or additional expenditure upon some 'new service' not contemplated in the original budget for that year, Government is to obtain supplementary grants or appropriations in accordance with the provision of Article 115 (1) of the Constitution.
Suspense and Miscellaneous	Items of receipts and payments which cannot at once be taken to a final head of receipt or charge owing to lack of information as to their nature or for any other reasons, may be held temporarily under the major head "8658-Suspense Account" in the sector "L. Suspense and Miscellaneous" of the Accounts, (Footnotes under the major head in the list of major/minor heads of account may be referred to for further guidance). A service receipt of which full particulars are not given must not be taken to the head "Suspense Account" but should be credited to the minor head "Other Receipt" under the revenue major head to which it appears to belong pending eventual transfer to the credit of the correct head on receipt of detailed particulars.
Public Accounts committee	A Committee constituted by the Legislative Assembly for the examination of the reports of the Comptroller and Auditor General of India relating to the appropriation accounts of the State, the annual financial accounts of the State or such other accounts or financial matters as are laid before it or which the Committee deems necessary to scrutinise.
