

Chapter I: Overview of the State Finances

1.1 Profile of the State

Nagaland is situated in the North-Eastern Region of India, bordering three States *viz.*, Assam in the West, Arunachal Pradesh and part of Assam in the North and Manipur in the South. It has an international border with Myanmar in the East (215 km). With a geographical area of 16,579 sq. kms. *i.e.*, about 0.50 *per cent* of the country's total geographical area, Nagaland's population in 2023 is 22.33 lakh (Projected) which is 0.15 *per cent* of the population of the Country. Nagaland has a lower density of population, population below poverty line, infant mortality rate and decadal population growth (2013 to 2023) as compared to the All-India average figures. It has a higher literacy rate as compared to the All-India Average figures.

General and financial data relating to the State are given in *Appendix 1.1*.

1.1.1 Gross State Domestic Product of the State

Gross State Domestic Product (GSDP) is the value of all the goods and services produced within the boundaries of the State in each period of time. Growth of GSDP is an important indicator of the State's economy, as it denotes the extent of changes in the level of economic development of the State over a period. These estimates of the economy, over a period of time, reveal the extent and direction of the changes in the levels of economic development. Gross Value Added (GVA) is being used for economic analysis by GoI and international organization like IMF and World Bank as GVA is considered a better indicator of economic growth compared to GDP, as it ignores the impact of taxes and subsidies. GDP on the other hand is computed as the sum total of the various expenditure incurred in the economy including private consumption spending, government consumption spending and gross fixed capital formation or investment spending, reflecting essentially on the demand conditions in the economy. Both measures have difference in treatment of net taxes as a result of which the inclusion of taxes in GDP may differ from the real output situation.

The Gross State Domestic Product is classified under three broad Sectors *viz.*, Primary, Secondary and Tertiary and is compiled economic activity-wise as per the methodology prescribed by the Central Statistics Office (CSO), Government of India (GoI) and furnished to Ministry of Statistics and Programme Implementation (MoSPI). GSDP is the sum total of value added by different economic sectors (Agriculture, Industry and Services), within the boundaries of the State calculated without duplication, during a year. It is one of the measures of economic growth for a State economy.

The growth rate for the period from 2018-19 to 2022-23 compared with India's GDP is presented in **Table 1.1**.

Table 1.1: Trends in GSDP compared to the GDP

Year	(₹ in crore)				
	2018-19	2019-20	2020-21	2021-22	2022-23
GDP (2011-12 Series)	1,88,99,668	2,01,03,593 (3 rd RE)	1,98,29,927 (2 nd RE)	2,34,71,012 (1 st RE)	2,72,40,712 (PE)
GVA	1,71,75,128	1,83,81,117	1,81,88,780	2,14,38,883	2,47,42,871
Growth rate of GDP over previous year (in per cent)	10.59	6.37	-1.36	18.36	16.06
Growth rate of GVA over the previous year (in per cent)	10.77	7.02	-1.05	17.87	15.41
Per Capita GDP (in ₹)	1,42,424	1,49,915	1,46,301	1,71,498	1,96,983
State's GSDP (2011-12 Series)	26,527	29,716	29,832	31,913 (PE)	35,934 (AE)
GVA	25,926	28,623	28,646	30,603	34,334
Growth rate of GSDP over previous year (in per cent)	8.75	12.02	0.39	6.98	12.60
Growth rate of GVA over previous year (in per cent)	9.12	10.40	0.08	6.83	12.19
Per capita GSDP (in ₹)	1,23,729	1,37,510	1,36,093	1,44,205	1,60,922

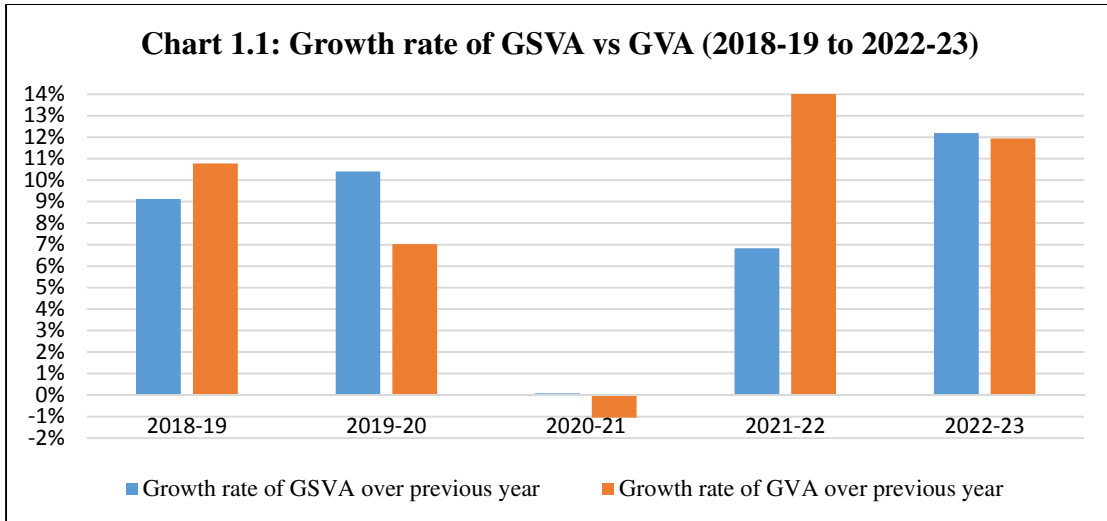

Sources: GDP- Central Statistical Office (CSO), MoSPI, GSDP and GVA -Directorate of Economics and Statistics, Government of Nagaland

RE: Revised Estimates; PE: Provisional Estimates; A.E: Advance Estimates

The Gross State Domestic Product (GSDP) in 2022-23 at current prices was ₹35,933.96 crore and the GDP of the country in 2022-23 at current prices was ₹2,72,40,712 crore. Further, the per capita GSDP of the State for the year 2022-23 was ₹1,60,922 which is lower than that of the country which is ₹1,96,983. Moreover, the Compound Annual Growth Rate (CAGR) of per capita GSDP of the State (6.79 per cent) during the period 2018-19 to 2022-23 was less than the CAGR of per capita GDP of the country (8.45 per cent) during the same period.

From a policymaker's perspective, it is therefore vital to have a comparison of the GVA and Gross State Value Added (GSVA) data for better analysis and making policy interventions.

Chart 1.1 depicts the trends of GSVA and GVA for the period from 2018-19 to 2022-23.

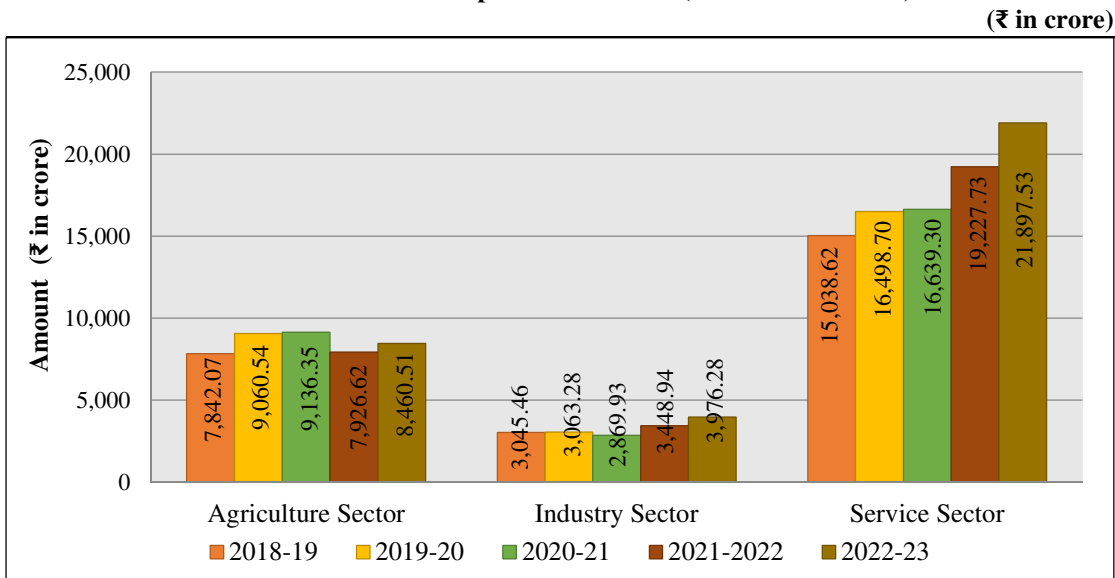

Source: GSVA, GVA -Directorate of Economics and Statistics, Government of Nagaland

The GSDP fell short of the assessment made by the XV Finance Commission (FC) during 2022-23. The actual GSDP during 2022-23 was ₹35,933.96 crore *i.e.*, 8.87 *per cent* (₹3,499.04 crore) less than the assessment made by the XV FC (₹39,433.00 crore). The annual growth rate of GSDP stood at 12.60 *per cent* during 2022-23.

Charts 1.2 and 1.3 depict the details of shift in sectoral contribution to GSDP and sectoral growth of the GSDP during the period 2018-23.

Chart 1.2: Sectoral composition of GSDP (2018-19 to 2022-23)

Source: Information furnished by the Directorate of Economics and Statistics, GoN

Chart 1.3: Sectoral growth in GSDP

Source: Information furnished by Directorate of Economics and Statistics, Government of Nagaland

The GSDP increased by ₹9,406.54 crore during the period 2018-19 (₹26,527.42 crore) to 2022-23 (₹35,933.96 crore) at a Compounded Annual Growth Rate (CAGR) of 7.88 per cent. During the current year, GSDP increased by ₹4,021.42 crore (12.60 per cent) over the previous year mainly due to increase in contribution under Service and Industry sectors.

During the five-year period from 2018-19 to 2022-23, Service sector was the major contributor to the GSDP contributing over 50 per cent. During 2022-23, the Service sector contributed 60.94 per cent followed by Agriculture sector with 23.54 per cent and Industry sector with 11.07 per cent. Taxes on products - Subsidies on products formed 4.45 per cent of GSDP.

The sector-wise trend is discussed below:

- (i) Agriculture Sector increased by ₹618.44 crore during the period 2018-19 (₹7,842.07 crore) to 2022-23 (₹8,460.51 crore) at a CAGR of 1.92 per cent. During 2022-23, the major contributor in this sector was Agriculture, Forestry and Fishing (97.06 per cent). The increase of ₹533.89 crore (6.74 per cent) over the previous year was primarily due to increase in activities under Agriculture, Forestry and Fishing and Mining and Quarrying by 6.82 and 4.03 per cent respectively, over the previous year.
- (ii) Industry Sector increased by ₹930.82 crore during the period 2018-19 (₹3,045.46 crore) to 2022-23 (₹3,976.28 crore) at a CAGR of 6.89 per cent. During 2022-23, major contributors in this sector were Construction (74.05 per cent) and electricity, gas, water supply and other utility services (17.62 per cent). The increase of ₹527.34 crore (15.29 per cent) during 2022-23 over the previous year was primarily due to increase in contribution under construction by 18.49 per cent.
- (iii) Service Sector increased by ₹6,858.91 crore during the period 2018-19 (₹15,038.62 crore) to 2022-23 (₹21,897.53 crore) at a CAGR of 9.85 per cent. During 2022-23, there was an increase of ₹2,669.80 crore (13.89 per cent) over

the previous year and the major contributors in this sector were Public Administration (33.10 *per cent*), Other services (26.68 *per cent*), trade, repair, hotels and restaurants (13.15 *per cent*) and transport, storage, communication & services related to broadcasting (7.29 *per cent*).

1.2 Basis and Approach to State Finances Audit Report

In terms of Article 151 (2) of the Constitution of India, Reports of the Comptroller and Auditor General of India (CAG) relating to the accounts of a State are to be submitted to the Governor of the State, who shall cause them to be laid before the Legislature. The State Finances Audit Report (SFAR) is prepared and submitted under Article 151 (2) of the Constitution of India.

The Principal Accountant General (Accounts and Entitlements) prepares the Finance Accounts and Appropriation Accounts of the State annually, from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and Departments responsible for keeping of such accounts functioning under the control of the State Government, and the statements received from the Reserve Bank of India. These accounts are audited independently by the Principal Accountant General (Audit), and certified by the CAG.

The Finance Accounts and Appropriation Accounts of the State constitute the core data for this Report. Other sources include the following:

- Budget of the State: for assessing the fiscal parameters and allocative priorities *vis-à-vis* projections, as well as for evaluating the effectiveness of its implementation and compliance with the relevant rules and prescribed procedures;
- Results of audit carried out by the Office of the Principal Accountant General (Audit);
- Other data with Departmental Authorities and Treasuries (accounting as well as MIS);
- GSDP data and other State related statistics; and
- Various State Finance Audit Reports of the CAG of India.

The analysis is also carried out in the context of recommendations of the XV FC, State Fiscal Responsibility and Budget Management Act, best practices and guidelines of GoI.

The audit analysis/findings of Chapters I to V of the Report were discussed in a meeting held (06 December 2023) with the Commissioner & Secretary, Finance Department, Government of Nagaland (GoN). Replies furnished in the meeting have been suitably incorporated in the Report.

1.3 Overview of Government Accounts Structure and Budgetary Processes

The Accounts of the State Government are kept in three parts:

Consolidated Fund of the State (Article 266 (1) of the Constitution of India)

This Fund comprises all revenues received by the State Government, all loans raised (market loans, bonds, loans from the Central Government, loans from Financial Institutions, Special Securities issued to National Small Savings Fund, *etc.*), Ways and Means Advances extended by the Reserve Bank of India and all moneys received by the State Government in repayment of loans. No moneys can be appropriated from this Fund except in accordance with law and for the purposes and in the manner provided by the Constitution of India. Certain categories of expenditure (*e.g.*, salaries of Constitutional authorities, loan repayments, *etc.*), constitute a charge on the Consolidated Fund of the State (Charged expenditure) and are not subject to vote by the Legislature. All other expenditure (Voted expenditure) is voted by the Legislature.

Contingency Fund of the State (Article 267 (2) of the Constitution of India)

This Fund is in the nature of an imprest which is established by the State Legislature by law, and is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional Major Head relating to the Consolidated Fund of State.

Public Account of the State (Article 266 (2) of the Constitution of India)

Apart from the above, all other public moneys received by or on behalf of the Government, where the Government acts as a banker or trustee, are credited to the Public Account. The Public Account includes repayable like Small Savings and Provident Funds, Deposits (bearing interest and not bearing interest), Advances, Reserve Funds (bearing interest and not bearing interest), Remittances and Suspense heads (both of which are transitory heads, pending final booking). The net cash balance available with the Government is also included under the Public Account. The Public Account is not subject to the vote of the Legislature.

1.4 Budget Documents

There is a constitutional requirement in India (Article 202) to present before the House or Houses of the Legislature of the State, a statement of estimated receipts and expenditures of the Government in respect of every financial year. This 'Annual Financial Statement' constitutes the main budget document. Further, the budget must distinguish expenditure on the revenue account from other expenditures.

Revenue Receipts consist of Tax Revenue, Non-Tax Revenue, share of Union Taxes/Duties, and Grants from Government of India.

Revenue Expenditure consists of all those expenditures of the Government which do not result in creation of physical or financial assets. It relates to those expenses incurred for the normal functioning of the government Departments and various

services, interest payments on debt incurred by the government, and grants given to various institutions (even though some of the Grants may be meant for creation of assets).

The capital receipts consist of:

Debt Receipts include Market Loans, Bonds, Loans from financial institutions, Net transaction under Ways and Means Advances, Loans and Advances from Central Government, *etc.*;

Non-debt Receipts include proceeds from disinvestment, recoveries of loans and advances; and

Capital Expenditure includes expenditure incurred with the objective of increasing concrete assets of a material and permanent character *viz.*, on the acquisition of land, building, machinery and equipment, investment in shares, and loans and advances by the government to PSUs and other parties.

At present, we have an accounting classification system in Government that is both functional and economic as shown in **Table 1.2**.

Table 1.2: Accounting classification system in Government

	Attribute of transaction	Classification
Standardised in LMMH by CGA	Function- Education, Health, <i>etc.</i> / Department	Major Head under Grants (4-digits)
	Sub-Function	Sub Major head (2-digits)
	Programme	Minor Head (3-digits)
Flexibility left for States	Scheme	Sub-Head (2 or 3 digits)
	Sub-scheme	Detailed Head (2 or 3 digits)
	Economic nature/ Activity	Object Head-salary, minor works, <i>etc.</i> (2-digits)

The functional classification lets us know the Department, Function, Scheme or Programme, and object of the expenditure. Economic classification helps organise these payments as revenue, capital, debt, *etc.* Economic classification is achieved by the numbering logic embedded in the first digit of 4-digit Major Heads. For instance, 0 and 1 is for revenue receipts, 2 and 3 for Revenue Expenditure, *etc.* Economic classification is also achieved by an inherent definition and distribution of some object heads. For instance, while “salary” object head is Revenue Expenditure, “construction” object head is Capital Expenditure. Object Head is the primary unit of appropriation in the budget documents.

The pictorial depiction of the structure of Government Accounts is given in **Chart 1.4**.

Chart 1.4: Pictorial depiction of the structure of Government Accounts

Public Debt and Public Liability: In this Report, “Public Debt” has been taken to comprise market borrowing, Institutional loans, special Securities issued to National Small Savings Fund (NSSF), loan given by Central Government *etc.* for this purpose, the major heads 6003 and 6004- Public Debt have been taken into consideration.

Further, the transactions relating to ‘Small Savings, Provident Fund, *etc.*’, ‘Reserve Funds’ and ‘Deposit and Advances’ under Public Account are such that the Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid. The transactions relating to ‘Remittances’ and ‘Suspense’ under Public Account, includes merely adjusting heads such as transactions as remittances of cash between treasuries and currency chests and transfer between different accounting circles.

In this Report, ‘Public Liability’ has been taken to include the transactions under major heads 8001 to 8554 relating to ‘Small Savings, Provident Fund, *etc.*’, ‘Reserve Funds’ and ‘Deposit and Advances’ along with the transactions under major heads 6003 to 6004.

Budgetary Processes

In terms of Article 202 of the Constitution of India, the Governor of a State causes to be laid before the State Legislature, a statement of the estimated receipts and expenditure of the State for the year, in the form of an Annual Financial Statement. In terms of Article 203, the statement is submitted to the State Legislature in the form of Demands for Grants/ Appropriations and after approval of these, the Appropriation Bill is passed by the Legislature under Article 204 to provide for appropriation of the required money out of the Consolidated Fund. Some States have more than one consolidated Budget—there could be sub-budgets like Gender Budget, Agriculture Budget, Weaker sections (SCs/ STs) Budget, Disability Budget, *etc.*

The Government of Nagaland (GoN) has not prepared its Budget manual so far. While formulating its Budget for 2022-23, the State Government introduced several significant and proactive policies to promote the overall development of the State and its people. However, no separate sub-budgets were prepared during 2022-23. Results of audit scrutiny of budget and implementation of other budgetary initiatives of the State Government are detailed in **Chapter 3** of this Report.

Summarised position of Finances

Details of actual financial results *vis-à-vis* Budget Estimates (BEs) for the year 2022-23 *vis-à-vis* actuals of 2021-22 are shown in **Table 1.3**.

Table 1.3: Financial results *vis-à-vis* BEs

Sl. No.	Components	2021-22 Actuals	2022-23		Percentage of Actuals to BEs	Percentage of Actuals to GSDP
			BEs	Actuals		
1.	Tax Revenue	6,176.35	6,064.24	6,862.07	113.16	19.10
	(i) Own Tax Revenue	1,301.08	1,417.49	1,461.88	103.13	4.07
	(ii) Share of Union taxes/ duties	4,875.27	4,646.75	5,400.19	116.21	15.03

12.	Capital Expenditure (b)	1,893.85	3,029.63	2,704.22	89.26	7.53
13.	Loan and advances	2.61	0.57	0.35	61.40	0.00
14.	Total Expenditure (10+12+13)	13,713.54	17,429.13	16,114.93	92.46	44.85
15.	Revenue Deficit/ Surplus (4-10)	1,634.06	1,676.19	688.90	41.10	1.92
16.	Fiscal Deficit {14-(4+5+6)}	260.52	1,352.50	1,562.63	115.59	4.35
17.	Primary Surplus (+)/Deficit (-) (16-11)	(+)671.57	(-)324.24	(-)569.40	175.92	1.58
18.	<i>Tax Revenue buoyancy w.r.t. Revenue Receipts</i>	2.22	2.06	2.30		

Source: Finance Accounts, 2022-23 and Annual Financial Statement, 2022-23

(a) Borrowings and other Liabilities: Net (Receipts-Disbursements) of Public Debt + Net of Contingency Fund + Net (Receipts-Disbursements) of Public Account + Net of Opening and Closing Cash Balance.

(b) Expenditure on Capital Account includes Capital Expenditure and Loans and Advances disbursed.

- During 2022-23, the State had a Revenue surplus of ₹688.90 crore which was 1.92 per cent of GSDP. Fiscal deficit was ₹1,562.63 crore during 2022-23 which was 4.35 per cent of GSDP and primary surplus was ₹569.40 crore, 1.58 per cent of GSDP.
- Own Tax Revenue collections and Non-Tax Revenue exceeded the BEs while Grants-in-Aid (GIA) from GoI fell short of BEs. Overall Revenue Receipts of the State fell short of the BEs mainly due to overestimation of GIA from GoI.
- During 2022-23, the actual Tax Revenue buoyancy *w.r.t.* Revenue Receipts of 2.30 was higher than the estimation of 2.06 in Budget Estimates.
- During 2022-23, the State continued as a Revenue Surplus State due to significant growth in Revenue Receipts. Revenue Receipts increased by ₹648.12 crore (4.82 per cent) from ₹13,451.14 crore in 2021-22 to ₹14,099.26 crore in 2022-23. However, Revenue Surplus decreased from ₹1,634.06 crore in 2021-22 to ₹688.90 crore in 2022-23, mainly due to a significant increase in Revenue Expenditure (13.48 per cent).
- Fiscal Deficit increased over the previous year by ₹1,302.11 crore (499.81 per cent) from ₹260.52 crore in 2021-22 to ₹1,562.63 crore in 2022-23. The Government's Capital Expenditure increased by ₹810.37 crore (42.79 per cent) from ₹1,893.85 crore in 2021-22 to ₹2,704.22 crore in 2022-23.

Summarised position of Assets and Liabilities of the Government

Government accounts capture the financial liabilities of the Government and assets created out of the expenditure incurred. The liabilities consist mainly of internal borrowings, loans and advances from GoI, receipts from public account and reserve funds, and the assets comprise mainly the capital outlay and loans and advances given by the State Government and cash balances.

Financial position of Government of Nagaland as on 31 March 2023 is given in **Appendix 1.2**. Summarised position of Assets and Liabilities of the State for the year 2022-23 as compared to the previous year 2021-22 is shown in **Table 1.4**.

Table 1.4: Summarised position of Assets and Liabilities

(₹ in crore)

Liabilities				Assets					
	2021-22	2022-23	Increase (per cent)		2021-22	2022-23	Increase (per cent)		
Consolidated Fund									
A	Internal Debt	10,794.87	12,133.46	12	A	Gross Capital Outlay	22,867.84	25,572.06	12
B	Loans and Advances from GoI	612.54	1,108.35	81	B	Loans and Advances	42.17	39.48	-6
Contingency Fund		0.35	0.35	0					
Public Account									
A	Small Savings, Provident Funds, etc.	1,606.81	1,463.08	-9	A	Advances	0.58	0.57	-2
B	Deposits	923.61	898	-3	B	Remittance	-		
C	Reserve Fund	1,900.16	1,602.41	-16	C	Suspense and Miscellaneous	75.29	80.55	7

Liabilities					Assets				
		2021-22	2022-23	Increase (per cent)			2021-22	2022-23	Increase (per cent)
D	Remittances	-831.48	-785.14	-6	Cash balance (incl. investment in Earmarked Fund)	2,909.32	2,755.02	-5	
					Total	25,895.20	28,447.68	10	
					Deficit in Revenue Account	10,888.34	12,027.17	10	
Total		15,006.86	16,420.51	9	Total	15,006.86	16,420.51	9	

Source: Finance Accounts, 2022-23

As can be seen from **Table 1.4**, Assets and Liabilities of the State during 2022-23 showed an increase of nine *per cent* over the previous year. The increase in Liabilities was mainly due to increase in Internal Debt (12 *per cent*) and Loans & Advances from GoI (81 *per cent*), as also a decrease in Small Savings, Provident funds, *etc.* (nine *per cent*) over the previous year. Similarly, increase in Assets was mainly due to increase in Gross Capital Outlay (12 *per cent*) and Suspense and Miscellaneous (seven *per cent*).

1.5 Fiscal Balance: Achievement of deficit and total debt targets

The Central and individual State Governments have passed Fiscal Responsibility and Budget Management (FRBM) Act with the objective of ensuring prudence in fiscal management by eliminating revenue deficit, reducing fiscal deficit and overall/ outstanding debt to acceptable level, establishing improved debt management and improving transparency in a medium-term framework. The Act provides quantitative targets to be adhered by the State with regard to deficit measures and debt level.

The Government of Nagaland enacted the Nagaland Fiscal Responsibility and Budget Management (NFRBM) Act, 2005 in line with the Union FRBM Act, 2003, to ensure stability and sustainability, improve efficiency and transparency in management of public finances, enhance the availability of resources by achieving sufficient revenue surplus, reduce fiscal deficit and remove impediments to effective conduct of fiscal policy and prudent debt management.

In line with the recommendations of Central Finance Commissions, the NFRBM Act was subsequently amended *i.e.*, July 2009, March 2011, March 2021, November 2021 and March 2022.

Status of achievement *vis-à-vis* projections made in the Act during the period 2018-19 to 2022-23 is given in **Table 1.5**:

Table 1.5: Compliance with the projections of FRBM/ MTFP

Fiscal Parameters	Projections	Achievement				
		2018-19	2019-20	2020-21	2021-22	2022-23

	2022-23: 42.10					

Source: Finance Accounts, NFRBM Act and MTFP statements of respective years

*NFRBM Act amended by GoN did not include target of Revenue Surplus, Fiscal Deficit as per cent of GSDP and debt as percentage to GSDP in these years, these figures are taken from the Fiscal Indicators-Rolling targets MTFP Statement.

#NFRBM (Amendment) Act, 2021 relaxed a maximum of two per cent above the prescribed limit of three per cent of GSDP

The State Government was successful in maintaining Revenue Surplus in four out of five years during the period from 2018-19 to 2022-23. The State was also successful in maintaining the Fiscal Deficit as per the prescribed *per cent* of GSDP from 2019-20 to 2021-22. However, the State succeeded in anchoring the ratio of total outstanding debt to GSDP during 2018-19 and 2020-21.

As per the Nagaland FRBM Act, 2005, Medium-Term Fiscal Policy (MTFP) Statement shall set forth a three-year rolling target for prescribed fiscal indicators with specification of underlying assumptions. The position of projections made by the State Government in its MTFPS *vis-à-vis* achievements during the year 2022-23 is depicted in **Table 1.6**.

Table 1.6: Actuals *vis-à-vis* projection in MTFPS for 2022-23

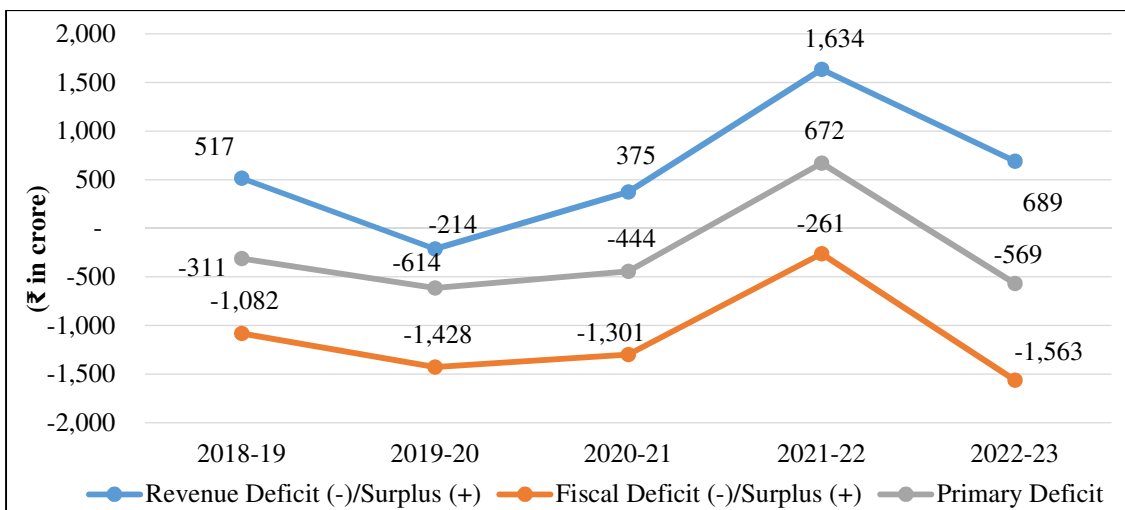

(₹ in crore)				
Sl. No.	Fiscal Variables	Projection as per MTFPS	Actuals (2022-23)	Variation (Excess (+)/ Short (-)) (<i>in per cent</i>)
1.	Own Tax Revenue	1,447.99	1,461.88	0.96
2.	Non-Tax Revenue	886.57	478.41	-46.04
3.	Share of Central Taxes	5,400.19	5,400.19	0.00
4.	Grants-in-Aid from GoI	7,457.74	6,758.78	-9.37
5.	Revenue Receipts (1 + 2 + 3 + 4)	15,192.49	14,099.26	-7.20
6.	Revenue Expenditure	14,125.49	13,410.36	-5.06
7.	Revenue Surplus (5 - 6)	1,067.00	688.90	-35.44
8.	Fiscal Deficit	2,037.87	1,562.63	-23.32
9.	Debt-GSDP ratio (<i>per cent</i>)	41.70	43.38	4.03
10.	Fiscal Deficit as <i>per cent</i> of GSDP	5.45	4.35	-20.18
11.	GSDP growth rate at current prices (<i>per cent</i>)	0.69	12.60	1,726.09

Source: MTFP Statement and Finance Accounts, 2022-23

As can be seen from **Table 1.6**, projection was made in the MTFPS for the year 2022-23 relating to two key fiscal parameters *i.e.*, Revenue Surplus and Fiscal Deficit. The State Government could achieve the targets relating to both Fiscal Deficit and Revenue Surplus as *per cent* of GSDP but failed in achieving the target related to Debt-GSDP ratio. Further, the projection relating to growth rate of GSDP was met, however, the Debt-GSDP ratio projection was not met.

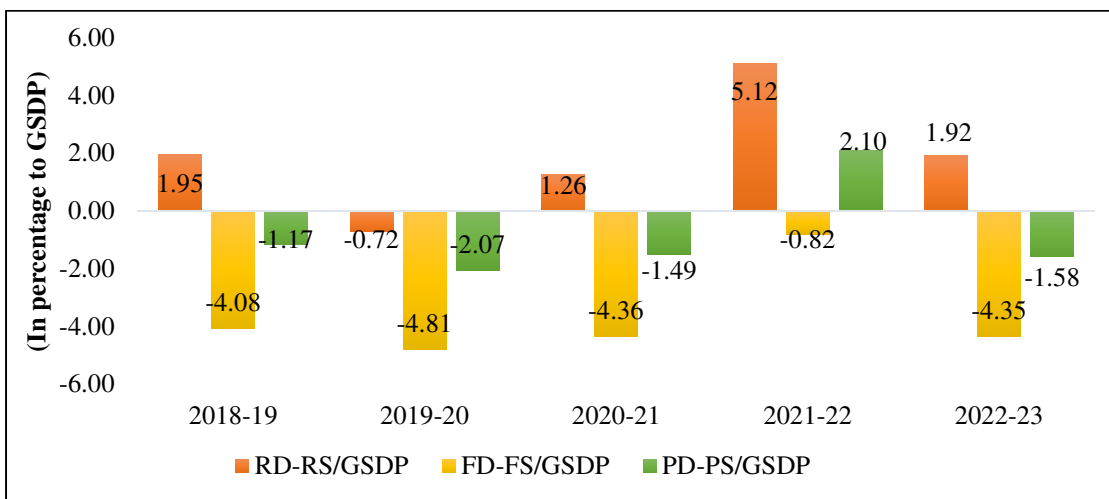

Charts 1.5 and 1.6 present the trends in deficit indicators and **Chart 1.7** presents the trends in Fiscal Liabilities and GSDP *vis-à-vis* target set by the State Government in its MTFP statement over the period 2018-19 to 2022-23.

Chart 1.5: Trends in deficit parameters

Chart 1.6: Trends in Surplus/ Deficit relative to GSDP

Source: Finance Accounts for respective years and GSDP-Directorate of Economics and Statistics, GoN
RD: Revenue Deficit; FD: Fiscal Deficit; PD: Primary Deficit

Chart 1.7: Trends in Fiscal Liabilities and GSDP

Source: Finance Accounts for respective years and GSDP-Directorate of Economics and Statistics, GoN

As can be seen from **Charts 1.5 to 1.7**, there was Surplus on Revenue Account during 2022-23 mainly due to the fact that there was an increase in Revenue Receipts during the year over the previous year. During 2022-23, Revenue Receipts increased by 4.82 per cent (₹648.12 crore) over the previous year.

The total outstanding liabilities showed an increasing trend during the five-year period 2018-23. The increasing trend was mainly due to increase in Loans & Advances from Central Government and Internal Debt. During this period, the total outstanding liabilities to GSDP ratio was below the norm set by the State Government in its MTFPS in 2018-19.

1.6 Deficits and Total Debt after examination in audit

In order to present a better picture of State Finances, State Government tends to classify Revenue Expenditure as Capital Expenditure and to conduct off-budget financial activities.

As per the FRBM Act, the State Government must ensure compliance to the targets fixed for the fiscal indicators such as deficits, ceiling on debt and on guarantees, *etc.* The Revenue Deficit and the Fiscal Deficit as worked out for the State gets impacted due to various circumstances such as misclassification of Revenue Expenditure as Capital Expenditure and off-budget fiscal operations. Besides, deferment of clear-cut liabilities, not depositing cess/royalty to Consolidated Fund, short contribution to New Pension Scheme, Sinking Fund and Guarantee Redemption Fund, *etc.* also impacts the revenue and fiscal deficit figures. In order to arrive at actual deficit figures, the effect of misclassification needs to be included and the impact of such irregularities needs to be reversed.

Post audit - Deficits

Audit noticed overstatement of Revenue Surplus by ₹95.86 crore and understatement of Fiscal Deficit by ₹75.19 crore for 2022-23, as detailed in **Table 1.7**.

Table 1.7: Revenue and Fiscal Deficit, post examination by Audit

Particulars	Impact on (₹ in crore) {Understated (+)/ overstated (-)}		Paragraph Reference
	Revenue Surplus	Fiscal Deficit	
Non-Contribution to Consolidated Sinking fund	(-) 66.55	(+) 66.55	Para 2.5.2.1
Minor works budgeted/ booked under Capital Section instead of Revenue	(-) 23.96	-	Para 3.3.2
Major works budgeted/ booked under Revenue Section instead of Capital	(+) 3.29	-	Para 3.3.2
Interest adjustment on Defined Contribution Pension Scheme	(-) 3.88	(+) 3.88	Para 2.4.2.3
State Disaster Mitigation Fund (SDMF)	(-) 4.30	(+) 4.30	Para 2.5.2.2
Short transfer of Labour Cess	(-) 0.46	(+) 0.46	Para 2.5.2.5
Total	(-) 95.86	(+) 75.19	

Source: Finance Accounts, 2022-23

Based on the result of examination of misclassification during post audit, the Revenue Surplus would reduce from ₹688.90 crore¹ to ₹593.04 crore and Fiscal Deficit would increase from ₹1,562.63 crore² to ₹1,637.82 crore.

Post audit-Total outstanding Debt

As per the NFRBM Act, 2005 total liabilities mean the liabilities under the Consolidated Fund and the Public Account of the State referred to in Article-266 of the Constitution of India. The outstanding Debt/liabilities can be split into various components as given in **Table 1.8**.

Table 1.8: Components of outstanding Debt/liabilities as on 31 March 2023

(₹ in crore)	
Borrowings and other liabilities as per Finance Accounts	Amount
Internal Debts (A)	12,133.46
Market Loans	11,414.03
Loans from other Institutions	430.02
Ways and Means Advance from the Reserve Bank of India	222.03
Special Securities Issued to National Small Savings fund of the central Government	67.38
Loans and Advances from central Government (B)	1,108.35
Non-Development Loans	9.47
Loans for State/Union Territory Schemes	16.97
Others	1,081.91
Liabilities upon Public Accounts (C)	2,345.63
Small Savings, Provident Funds, etc.	1,463.08
Reserve Funds	-15.44
Deposits	897.99
Total (A+B+C)	15,587.44

Source: Finance Accounts 2022-23

The overall outstanding debt/liabilities of the State were overstated by ₹865.71 crore by not accounting for the Suspense, Miscellaneous and Remittance balances, thereby overstating the same with respect to GSDP by 2.21 *per cent* at the end of the year 2022-23. Liabilities to GSDP were lesser at 1.61 *per cent* against the normative assessment of 41.70 *per cent* under MTFP Statement during the current year.

1.7 Conclusion

Gross State Domestic Product (GSDP) (at current prices) grew at a Compounded Annual Growth Rate (CAGR) of 7.88 *per cent* from ₹26,527.42 crore in 2018-19 to ₹35,933.96 crore in 2022-23. During 2022-23, GSDP increased by ₹4,021.42 crore (12.60 *per cent*) from ₹31,912.54 crore in 2021-22 to ₹35,933.96 crore in 2022-23.

The FRBM Act / Rules prescribes certain limits within which, revenue deficit, fiscal deficit, debt as a percentage of the Gross State Domestic Product (GSDP) should be. The State Government was successful in maintaining the Revenue Surplus in four out of five years during the period from 2018-19 to 2022-23. The State could achieve maintaining the Fiscal Deficit as per the prescribed per cent of GSDP in three out of

¹ Refer Para 1.4 Sub Para Summarised position of Finances

² Refer Para 1.4 Sub Para Summarised position of Finances

five years during the period from 2018-19 to 2022-23. The State also succeeded in maintaining the ratio of total outstanding debt to GSDP during the years 2018-19 and 2020-21.

The gap between the Revenue Receipts and Revenue Expenditure results in Revenue Deficit. The gap between the total expenditure and total non-debt receipt of the State results in Fiscal Deficit. The State had a Revenue surplus of ₹688.90 crore which was 1.92 *per cent* of GSDP. Fiscal deficit was ₹1,562.63 crore during 2022-23 which was 4.35 *per cent* of GSDP and primary surplus was ₹569.40 crore, 1.58 *per cent* of GSDP.

Revenue Surplus decreased from ₹1,634.06 crore in 2021-22 to ₹688.90 crore in 2022-23, mainly due to a significant increase in Revenue Expenditure (13.48 *per cent*). Fiscal Deficit (₹1,562.63 crore) increased by ₹1,302.11 crore (499.81 *per cent*) as compared to previous year (₹260.52 crore). Based on the result of examination of misclassification during post audit, the Revenue Surplus will reduce from ₹688.90 crore to ₹593.04 crore and Fiscal Deficit will increase from ₹1,562.63 crore to ₹1,637.82 crore.

1.8 Recommendations

- State Government needs continued efforts to achieve in the coming years, the projections on deficit and debt parameters made in the Nagaland FRBM Act.
- The State Government should adhere to the proper accounting norms and steps may be taken to transfer the amount to the appropriate head of accounts as per the accounting norms.
