Preface		ix
Overview		xi-xvii
Chapter 1		
Finance Department		
Information System Audit of e-Procurement Project		
Introduction	1.1	1-2
Organisational set-up	1.2	2
Audit Objectives	1.3	2
Audit Scope and Methodology	1.4	2-3
Audit Criteria	1.5	3
Acknowledgement	1.6	3
Audit Findings		
Project management	1.7	4
Non-execution of Agreement with National Informatics Centre	1.7.1	4-5
Deficiencies in the functioning of the Project Monitoring Unit	1.7.2	5
Non-monitoring of the implementation of the portal	1.7.3	5-6
Non-availability of modules	1.7.4	6
Inadequate implementation of Government e-Marketplace (GeM)	1.7.5	6-7
Inefficient utilisation of portal due to inadequate training	1.7.6	7-8
Absence of documents relating to Change Management, Business Continuity and Disaster Recovery	1.7.7	8
Tendering process and controls	1.8	8
Registration of users	1.8.1	8-10
Invitation of tenders	1.8.2	10
Non-utilisation of ‘tender cum auction’ functionality	1.8.2.1	10
Non-linking of re-invited tenders with original tenders	1.8.2.2	10-12
Missing input controls for some critical date fields	1.8.2.3	12
Inadequate time for bid submission	1.8.2.4	12-13
Inviting limited tenders without framing rules	1.8.2.5	13-14
Splitting of work while inviting tenders	1.8.2.6	14-15

	Reference to	
	Paragraph	Page
Limited period allowed post corrigenda and bid extensions after deadline	1.8.2.7	15-17
Tender Opening	1.8.3	17
Nomination of duplicate users for tender opening	1.8.3.1	17
Opening bids of same packets with long delay	1.8.3.2	17-18
Non-ensuring sequence while opening packets of bid	1.8.3.3	18
Irregularities related to bid documentation	1.8.3.4	19
Not opening financial bids of eligible bidders	1.8.3.5	19-20
Missing email/message alerts for key tender events	1.8.3.6	20
Incorrect award details on the portal	1.8.3.7	20
Evaluation of Bids and award of tenders	1.8.4	21
Unjustified rejection of bids on technical grounds after opening the financial bids	1.8.4.1	21
Irregularities in award of tenders	1.8.4.2	21-23
Absence of bid values submitted by bidders in the database	1.8.4.3	23-24
Discrepancy in Mandatory Uploading of Evaluation Summaries	1.8.4.4	24
Ambiguity in calling financial bids leading to rejection of bidders	1.8.4.5	24-25
Non-determination of L1 bidder for identical bids	1.8.4.6	25
Inadequate time for representation	1.8.4.7	26
Collusive bidding and cartelisation in tendering	1.9	26-27
Inconsistent bidding patterns noticed from Internet Protocol address	1.9.1	27-28
Submission of Bids from the departmental user's Internet Protocol address	1.9.2	28
Multiple bids from same mobile number, e-mail, Goods and Services Tax Identification Number, Permanent Account Number	1.9.3	28-30
Indication of collusive bidding from the earnest money deposit fee payment details	1.9.4	30-31
Data quality and Management Information System reporting reliability	1.10	31
Utilisation of portal for updation of status	1.10.1	32-35
Non-updation of tender stage on the portal by the system	1.10.2	35
Inordinate delay in processing of tenders	1.10.3	35-36

	Reference to	
	Paragraph	Page
Dissemination of information regarding awarded high value contracts	1.10.4	36-37
Inconsistencies and anomalies in user data and profile management	1.10.5	37-38
Inadequate level of competition	1.10.6	38-39
Data inconsistencies and system deficiencies related to award values and tender status	1.10.7	39-40
Deficiencies in the contract data	1.10.8	40
Restricted public access to tender documents	1.10.9	41
Compliance related to Financial rules in the system	1.11	41
Non-reconciliation of the pool account	1.11.1	41-43
Non-reconciliation of service fee received through offline mode	1.11.2	43
Irregularities related to levy, collection and remittance of Goods and Services Tax (GST)	1.11.3	44
Parking of funds due to non-updation of portal	1.11.4	44-45
Management of earnest money deposit, tender document fee and e-service fee	1.11.5	46
Loss due to erroneous refund	1.11.5.1	46-47
Non/short/excess charge of e-service fee	1.11.5.2	47
Discrepancies in charged tender document fee	1.11.5.3	47-48
Absence of functionality for calculating the earnest money deposit/Tender fee	1.11.5.4	48
Irregular forfeiture or retention of earnest money deposit	1.11.6	48-49
Discrepancies in amount refunded to bidders	1.11.7	49-50
Security and risk management	1.12	50
Absence/unauthorised use of digital signature on documents	1.12.1	50-51
Unauthorised actions and data integrity related to users' roles	1.12.2	51
Absence of password policy	1.12.3	52
Non-segregation of duties	1.12.4	52-53
Actions Performed Without Login and Anomalies in File Hash Integrity	1.12.5	53-54
Anomaly related to login timestamp	1.12.6	54
Absence of auto logout feature	1.12.7	55

	Reference to	
	Paragraph	Page
Missing row IDs in various tables	1.12.8	55-56
Missing data logs for tenders	1.12.9	56
Follow up action on previous audit report	1.13	56-57
Conclusion	1.14	57-58
Recommendations	1.15	58
Chapter 2		
Information System Audit of License Management, Liquor Production and Distribution System in Excise Department		
Introduction	2.1	59
Organisational setup	2.2	59
Background of Information Technology System	2.3	60
Audit Objectives	2.4	60-61
Audit Scope and Methodology	2.5	61
Audit criteria	2.6	61-62
Acknowledgement and Constraints	2.7	62
Audit Findings		
License Management	2.8	62-63
Absence of functionality for processing of application for grant of license	2.8.1	63
Absence of functionality for remission of participation fee/earnest money deposit into Government account	2.8.2	63-64
Deficient design to capture complete details for bar licenses	2.8.3	64
Absence of utility to create a repository for blacklisted vendors	2.8.4	65
Historical information for renewable licenses	2.8.5	65
Absence of functionality to capture and process the documents furnished by retail licensees	2.8.6	66
Non-availability of Geographic Information System (GIS)-coordinates of vends/sub-vends in the System	2.8.7	66-67
Capturing of Invalid/Blank Permanent Account Number	2.8.8	67-68
Grant of temporary licenses (L-12A)	2.8.9	68
Non-adherence to Right to Service Act (RTSA) timeline	2.8.9.1	68-69
Non-existence of validation checks	2.8.9.2	69-70

	Reference to	
	Paragraph	Page
Users' Credential details missing in the master table	2.8.10	70-71
Liquor Production	2.9	71
Non-automation of liquor production process	2.9.1	71-72
Non-automation of issuance of permit/pass for supply of Extra Neutral Alcohol	2.9.2	72-73
Non-automation of functionality to capture liquor chemical examination reports	2.9.3	73
Absence of functionality to capture hologram serials for mapping with liquor stock approved for supply	2.9.4	74
Process for issuance and use of hologram by L-1BF licensees not automated	2.9.5	74
Liquor bottling, dispatch and export	2.9.6	75-79
Liquor Distribution	2.10	79-80
Missing information for historical Ex-Distillery Price (EDP)	2.10.1	80
Short Computation of additional excise duty (AED)	2.10.2	80-81
Approval of passes for quantity in excess of the quantity approved in permits	2.10.3	81-82
Outward supply in excess of the available quantity	2.10.4	82
Difference between the quantity supplied by the supplier and quantity taken in the stock by the licensee	2.10.5	82-83
Creation and Management of Permits for liquor distribution	2.10.6	83
Missing permit transactions	2.10.6.1	83-84
Time taken for finalisation of permit applications	2.10.6.2	84
Variable validity period assigned to permits	2.10.6.3	84-85
Issuance of passes against cancelled permits	2.10.6.4	85
Transactions related to permit not compliant with prescribed process flow	2.10.6.5	86
Pass applications	2.10.7	87
Inadmissible allowance of breakage to wholesale	2.10.7.1	87
Liquor stock not updated	2.10.7.2	87-88
Issuance of liquor at the last day of policy years	2.10.7.3	88
Passes issued during COVID lockdown	2.10.7.4	89
Absence of validation checks in the system to restrict the issuance of passes	2.10.7.5	89-90

	Reference to	
	Paragraph	Page
Transactions related to pass not compliant with prescribed process flow	2.10.7.6	90-91
Non Automation/deficient design of functionality	2.10.8	91
Absence of functionality for Computation of Stock Transfer Fee and differential excise duty	2.10.8.1	91-92
Absence of functionality to calculate penalty payable on short lifting of prescribed liquor quota	2.10.8.2	92-93
Absence of functionality for computation of interest	2.10.8.3	93-94
Absence of functionality to automate appeal process	2.10.8.4	94
Absence of functionality to automate the inspection process	2.10.8.5	94-96
Absence of functionality to capture process for grant of tavern license and non-levy of mandatory “Anumat Kaksh” fee	2.10.8.6	96-97
Non-automation of movement of liquor from vend to sub vend	2.10.8.7	97
Absence of functionality to track the supply of exported liquor and Export Verification Certificates (EVCs)	2.10.8.8	97-98
Deficient form design for liquor stock transfer details	2.10.8.9	98
Other Information Technology control issues	2.11	98
Deficient Payment module in the Information Technology system	2.11.1	98-103
Capacity Building–Non-compliance with training requirements	2.11.2	103
Business Continuity Plan , Disaster Recovery Plan and Information Technology Security	2.11.3	103-104
Security Audit/Cyber Security	2.11.4	104
Conclusion	2.12	104-105
Recommendations	2.13	106-107

APPENDICES

Appendix	Particulars	Reference to	
		Paragraph	Page no. of Appendix
1.1	List of selected departments and tender inviting agencies during IS audit	1.4	109
1.2	Statement showing less time given for Bid submission	1.8.2.4	110-111
1.3	Tenders where bidders were technically rejected but financial packets opened before the prescribed time	1.8.4.7	112
1.4	List of cases showing suspected collusion	1.9.1	113
1.5	Status of tenders as per physical files which were under process as per portal	1.10.1 (i)	114
1.6	Statement showing award of contract after expiry of bid validity or updating on portal with delay	1.10.3	115
1.7	Detail of bidders withdrew their bids after last date of bid submission but their EMDs not forfeited	1.11.6	116
1.8	Statement showing instances where EMD of Multiple Bidders retained	1.11.6	117
2.1	Statement showing year-wise/licensee wise bottling wastage allowed in excess of the prescribed norms	2.9.6 (c)	118-119
2.2	Permit Type with validity prescribed in master table	2.10.6.3	120
