Government of Jammu and Kashmir

Report No. 1 of the year 2021

Report of the
Comptroller and Auditor General of India

on

Social, General, Economic and Revenue Sectors

for the year ended 31 March 2019

Government of Jammu and Kashmir
Report No. 1 of the year 2021

TABLE OF CONTENTS

Particulars	Reference to	
	Paragraph	Page
Preface		ix
Overview		xi-xvi
Part I: Social, General and Economic (Non-PSUs) Sectors		
Chapter I: Introduction		
Budget profile	1.1	1
Application of resources of the State Government	1.2	2
Persistent savings	1.3	2
Funds transferred directly to the State Implementing Agencies	1.4	2-3
Grants-in-aid from Government of India	1.5	3
Audit process	1.6	3-4
Response of Government to Audit Report Paragraphs	1.7	4
Response of Government to Audit Inspection Reports	1.8	4-5
Follow-up on Audit Reports	1.9	5-6
Non-submission/ delay in submission of Annual Accounts by Autonomous Bodies	1.10	6-7
Chapter II: Compliance Audit		
Education Department		
Non-establishment of Model Schools	2.1	9-10
Finance Department		
Management of Bank Accounts in Government Departments	2.2	11-23
Food, Civil Supplies and Consumer Affairs Department		
Non collection/ short remittance of dues	2.3	23-24
Home Department		
Unfruitful expenditure due to non-functional Solar Power Plants	2.4	24-26
Irrigation and Flood Control Department		
Wasteful expenditure on water storage tanks	2.5	27-29

Particulars	Reference to	
	Paragraph	Page
Unfruitful expenditure on Lift Irrigation Scheme	2.6	29-30
Legal Metrology Department		
Under-utilisation of mobile cranes fitted with weigh bridge testing kits	2.7	30-32
Power Development Department		
Unauthorised Payment of idle salary	2.8	32-33
Public Health Engineering Department		
Unfruitful expenditure and blocking of funds	2.9	33-34
Part II: Revenue Sector		
Chapter III: Introduction (Revenue Sector)		
Trend of Revenue Receipts	3.1	35-37
Analysis of Arrears of Revenue	3.2	37-38
Arrears in assessments	3.3	38
Evasion of tax detected by the Department	3.4	39
Pendency of Refund Cases	3.5	39
Response of the Government/ Departments to Audit	3.6	40-41
Status of Inspection Reports	3.7	41
Follow up on Audit Reports	3.8	41-42
Audit Planning	3.9	42-43
Results of audit	3.10	43
Chapter IV: Compliance Audit (Revenue Sector)		
A. General		
Tax administration	4.1	45
Results of audit	4.2	45-46
B. Compliance Audit		
Coverage of this Chapter	4.3	47
Finance Department (State Taxes Department)		
Short levy of tax due to concealment of purchases	4.4	47-48

Particulars	Reference to	
	Paragraph	Page
Short demand of tax and interest due to irregular grant of tax remission	4.5	48-49
Short demand due to irregular allowance of input tax credit	4.6	50-51
Short demand due to irregular availing of input tax credit	4.7	51-52
Revenue Department		
Misappropriation of Government money	4.8	52-53
Part III: Public Sector Undertakings		
Chapter V: Functioning of State Public Sector Undertakings		
Introduction	5.1	55
General	5.1.1	55-56
Accountability Framework	5.1.2	56-57
Statutory Audit	5.1.3	57
Role of Government and Legislature	5.1.4	57
Impact of contribution of Public Sector Undertakings	5.1.5	57-58
Disinvestment, restructuring and privatisation of State PSUs	5.1.6	58
Investment in Public Sector Undertakings	5.1.7	58-59
Budgetary support to Public Sector Undertakings	5.1.8	59-61
Reconciliation with the Finance Accounts of the Government of Jammu and Kashmir	5.1.9	61
Submission of Annual Accounts by Public Sector Undertakings	5.1.10	62-63
Performance of Public Sector Undertakings	5.1.11	63-65
Key Parameters	5.1.12	65-67
Rate of Real Return (RORR) on Government Investment	5.1.13	67-68
Comparison of investment as per historical cost and as per present value of such investment	5.1.14	69
Erosion of Net worth of PSUs	5.1.15	69-71
Dividend Payout	5.1.16	71
Analysis of long term loans of the Companies	5.1.17	71

Particulars	Reference to	
	Paragraph	Page
Interest Coverage Ratio	5.1.18	71-73
Debt-Turnover Ratio of PSUs	5.1.19	73
Inactive State PSUs	5.1.20	73-74
Comments on Annual Accounts of Public Sector Undertakings	5.1.21	74-76
Performance Audit and Compliance Audit Paragraphs	5.1.22	76
Follow-up action on Audit Reports	5.1.23	77-78
Compliance to Reports of COPU	5.1.24	78
Chapter VI: Performance Audit (Public Sector Undertakings)		
Transport Department **(Jammu and Kashmir State Road Transport Corporation)**		
Working of Jammu and Kashmir State Road Transport Corporation	6.1	79-105
Chapter VII: Compliance Audit (Public Sector Undertakings)		
Public Works Department **(Jammu and Kashmir Projects Construction Corporation Limited)**		
Expenditure incurred on construction of a bridge in excess of sanctioned cost	7.1	107-108
Non-recovery of excess expenditure incurred on construction of a bridge	7.2	108-110
Short realisation of administrative overheads	7.3	110-111
Power Development Department **(Jammu and Kashmir State Power Development Corporation Limited)**		
Execution of work in excess of approved cost	7.4	111-113

6.1.9	Workshop Management and detention of vehicles with revenue implications in sampled workshops	6.1.12	170

PREFACE

This Report of the Comptroller and Auditor General of India for the year ended March 2019 has been prepared in accordance with Article 151 of the Constitution of India. As per the decision of the Government of India, Ministry of Finance (June 1994), wherever President's Rule is extended beyond one year, the C&AG's Report relating to the State would be placed in Parliament. Hence, this Report is being sent to President of India for laying in the Parliament. Consequent to the reorganisation of the State of Jammu and Kashmir, under the Jammu & Kashmir Reorganisation Act, 2019, the Report is also being sent to the Lieutenant Governors of the successor Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

This Report contains three parts.

Part I: Social, General and Economic (Non-PSUs) Sectors

This part contains significant results of compliance audit of the departments/ autonomous bodies of the Government of Jammu and Kashmir under the Social, General and Economic (Non-Public Sector Undertakings) Sectors

Part II: Revenue Sector

This part contains significant findings of audit of receipts and expenditure of major revenue earning departments.

Part III: Public Sector Undertakings

This part deals with the results of test audit of Government Companies and Statutory Corporations for the year ended March 2019.

The accounts of Government Companies (including Companies deemed to be Government Companies as per provisions of the Companies Act) are audited by the Comptroller and Auditor General of India (CAG) under the provisions of Section 619 of the Companies Act 1956 and Sections 139 and 143 of the Companies Act 2013. The audit of Statutory Corporations is conducted under their respective legislation.

The instances mentioned in this Report are those which came to notice in the course of test audit during the period 2018-19 as well as those which came to notice in earlier years but could not be reported in the previous Audit Reports. Instances relating to the period subsequent to 2018-19 have also been included, wherever necessary.

The audit has been conducted as per provisions of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and in conformity with the Auditing Standards issued by the Comptroller and Auditor General of India.

Part I and **II** of this Report are placed before the Legislature under Article 151 (2) of the Constitution of India while **Part III** is submitted to the Legislature under Section 19 (A) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971.

Overview

OVERVIEW

This Report in three parts, covers audit findings on the departments/ autonomous bodies under the Social, General and Economic (Non-Public Sector Undertakings) Sectors (Part I), the offices of Revenue Sector (Part II), and Public Sector Undertakings (Part III) of Government of Jammu and Kashmir. The combined revenue implication of this Report is ₹ 949.03 crore.

Part I: Social, General and Economic (Non-PSUs) Sectors

Part I of the Report contains nine paragraphs involving ₹ 192.47 crore relating to Management of Bank Accounts, unfruitful expenditure, unauthorised payment of idle salary, etc. Some of the major findings are mentioned below:

The total expenditure[1] of the State increased from ₹ 34,550 crore to ₹ 64,572 crore during the period from 2014 to 2019, while the revenue expenditure increased by 91 *per cent* from ₹ 29,329 crore in 2014-15 to ₹ 56,090 crore in 2018-19 during the same period. Non-Plan/ Normal revenue expenditure increased by 102 *per cent* from ₹ 26,457 crore to ₹ 53,578 crore and capital expenditure increased by 64 *per cent* from ₹ 5,134 crore to ₹ 8,413 crore during the period from 2014 to 2019. The revenue expenditure constituted 80 *per cent* to 87 *per cent* of the total expenditure during the years from 2014 to 2019 and capital expenditure 13 *per cent* to 20 *per cent*.

(Paragraph: 1.2)

Compliance Audit

Non-establishment of Model Schools

Failure of the Education Department to take timely action for utilisation of amounts received from the Government of India (GoI) for establishment of Model Schools at block level resulted in depriving quality education to the intended beneficiaries and non-utilisation of total available funds of ₹ 44.13 crore. The State Government contribution of ₹ 5.74 crore and interest accrued included in the available fund of ₹ 44.13 crore was also blocked, for ten years.

(Paragraph: 2.1)

Management of Bank Accounts in Government Departments

Government instructions issued from time to time on consolidation and streamlining of utilisation of funds retained in bank accounts of Drawing and Disbursing Officers (DDOs) were not strictly adhered to. Only a meagre amount of ₹ 64.10 crore was transferred from the redundant bank accounts of DDOs during the period December 2016 to February 2017. The accumulated balance in 1,138 bank accounts of 131 DDOs of three selected Government Departments increased from ₹ 116.41 crore to ₹ 399.94 crore during the period from 2014 to 2019. Increase in the accumulated balances was due to undisbursed funds of relief/ compensation to the victims of militancy, natural disasters, improper planning and non-completion of schemes, overstatement of expenditure in the Utilisation Certificates, retention of funds, retention of statutory deductions and land compensation outside the Government Account.

(Paragraph: 2.2)

[1] Total expenditure includes revenue expenditure, capital outlay and disbursement of loans and advances.

Non collection/ short remittance of dues

Non-distribution of 1,30,121 ration cards printed during the period 2015 to 2018 to the consumers in 11 test-checked units of Food Civil Supplies and Consumer Affairs Department led to non collection of ₹ 1.07 crore as well as short remittance of ₹ 1.69 crore into Government Account.

(Paragraph: 2.3)

Unfruitful expenditure due to non-functional Solar Power Plants

Non-settlement of payment of Works Contract Tax (WCT) with the State Taxes Department rendered 128 Solar Power Plants installed at police establishments non-functional since September 2014 despite incurring expenditure of ₹ 9.70 crore between May 2014 to January 2015 and availability of maintenance free warranty.

(Paragraph: 2.4)

Wasteful expenditure on water storage tanks

Irrigation and Flood Control Department took up the execution of work on water storage tanks, without acquiring the private land and seeking prior clearance from Forest Department/ Defence Authority, resulting in wasteful expenditure of ₹ 3.67 crore.

(Paragraph: 2.5)

Unfruitful expenditure on Lift irrigation Scheme

Non-selection of suitable site for construction of pumping station before taking up execution of the works for lift irrigation scheme, by Executive Engineer, Irrigation and Flood Control Division, Sumbal led to revision of cost of the scheme and inability to arrange additional funds over a period of eight years for completion of scheme, rendered expenditure of ₹ 2.23 crore on the scheme unfruitful.

(Paragraph: 2.6)

Under-utilisation of mobile cranes fitted with weigh bridge testing kits

The Legal Metrology Department failed to engage driver/ trained staff for operating mobile cranes fitted with weigh bridge testing kits provided by GoI for an amount of ₹ 1.18 crore, resulting in their under-utilisation and defeating the intended purpose to modernise and transform the manual practice of calibration/ verification of weigh bridges.

(Paragraph: 2.7)

Unauthorised Payment of idle salary

Failure of the Power Development Department to either transfer Drivers/ Chauffeurs deployed in excess of sanctioned strength or utilise their services effectively resulted in unauthorised drawal and payment of idle salary of ₹ 79.46 lakh to Drivers/ Chauffeurs during the period from March 2015 to January 2019.

(Paragraph: 2.8)

Unfruitful expenditure and blocking of funds

Failure of Public Health Engineering Department to make the augmentation of water supply scheme functional over a period of seven years, resulted in unfruitful expenditure of ₹ 78.28 lakh and blocking of ₹ 39 lakh.

(Paragraph: 2.9)

Part II: Revenue Sector

Part II covers audit findings of Revenue Sector comprising five paragraphs on short demand due to concealment of purchases, irregular grant of tax remission, irregular allowance of input tax credit and misappropriation of Government money, involving ₹ 2.03 crore. Some of the major findings are mentioned below:

Introduction

During the year 2018-19, the overall receipts of the State increased by 5.6 *per cent* over the previous year. The revenue raised by the State Government (₹ 14,175.70 crore) was 28 *per cent* of the total revenue receipts against 29 *per cent* in the preceding year. The balance 72 *per cent* of the receipts during 2018-19 was from the Government of India (GoI) of which 62.25 *per cent* came in the form of Grant-in-aid. The Grant-in-aid from GoI constituted 45.02 *per cent* of the total receipts of the State.

(Paragraph: 3.1)

Test-check of the records of 54 units out of 398 auditable units of State Taxes, State Excise, Transport Department conducted during the year 2018-19 showed under assessment/ short levy/ loss of revenue aggregating ₹ 900.11 crore in 502 cases. Departmental replies were received only from 8 units regarding acceptance of under assessment and other deficiencies of ₹ 2.46 crore. The Departments recovered ₹ 1.55 crore during 2018-19 in respect of 51 cases pertaining to audit findings of the period prior to 2018-19.

(Paragraph: 3.10)

Compliance Audit

Failure of the Assessing Authority to detect the concealment of turnover while assessing the dealer resulted in short levy of tax, interest and penalty of ₹ 17.67 lakh.

(Paragraph: 4.4)

Irregular grant of tax remission by the Assessing Authorities, Commercial Taxes Circles-I and II, Udhampur, to two industrial units which had concealed purchases of ₹ 12.32 lakh during the years 2010-11 and 2013-14 and thereby guilty of offence under section 69(1)(f) of the Jammu and Kashmir Value Added Tax Act, 2005, resulted in short demand of ₹ 26.22 lakh.

(Paragraph: 4.5)

Failure of the Assessing Authorities Commercial Taxes Circle-II, Udhampur and Circle 'L' Jammu to disallow the input tax credit claimed by the dealers on purchases made

during the period of suspension of their registration certificate, resulted in short demand of ₹ 1.26 crore.

(Paragraph: 4.6)

Failure of the State Taxes Anantnag-I circle to correctly verify the return filed by the dealer and disallow the irregular input tax credit claimed on expired/ returned goods, resulted in short demand of ₹ 16.04 lakh.

(Paragraph: 4.7)

Tehsildar, Kathua failed to implement the rules prescribed for handling of revenues of the Government and also furnished incorrect information to audit which facilitated the misappropriation of revenue receipts of ₹ 16.81 lakh.

(Paragraph: 4.8)

Part III: Public Sector Undertakings (PSUs)

Part III covers audit findings of Public Sector Undertakings of all Sectors comprising one Performance Audit on 'Working of Jammu and Kashmir State Road Transport Corporation', and four paragraphs relating to expenditure incurred in excess of sanctioned cost, non-recovery of excess expenditure, short realisation of administrative overheads and execution of works in excess of approved costs involving ₹ 754.53 crore. Some of the major findings are mentioned below:

As on 31 March 2019, there were 42 PSUs, including 39 Government Companies (of which nine were non-working) and three Statutory Corporations under the audit jurisdiction of the Comptroller and Auditor General of India (C&AG). Of these, one PSU i.e. Jammu and Kashmir Bank Limited is listed (July 1998) on the stock exchange. Of the total paid-up equity of the Bank, 59.23 *per cent* is held by the State Government and remaining 40.77 *per cent* is held by Foreign Institutional Investors, individuals and others. During the year 2018-19, six PSUs were incorporated and no PSU was closed down. The 33 working PSUs registered an annual turnover of ₹ 9,784.90 crore and earned an aggregate profit of ₹ 448.02 crore as of 30 September 2019 as per their latest finalised accounts. This turnover was equal to 6.33 *per cent* of Gross State Domestic Product (GSDP) of ₹ 1,54,441 crore for 2018-19.

(Paragraph: 5.1.1)

Performance Audit

The Jammu and Kashmir State Road Transport Corporation (the Corporation) a transport undertaking wholly owned by the Government, with the aim to cater to the transport needs, both of passengers and goods for the public in the State was setup in September 1976. A Performance Audit of the Corporation for the period from 2014-15 to 2018-19 brought out instances of certain deficiencies in planning, operational performance, internal controls etc. While the total financial implication of this Performance Audit is ₹ 737.57 crore, some of the highlights of the Performance Audit are as under:

- Despite 20 *per cent* increase in Paid up Share Capital from ₹ 204.74 crore in 2014-15 to ₹ 245.57 crore in 2018-19, there was a 33 *per cent* increase in accumulated losses from ₹ 1,229.56 crore to ₹ 1,639.01 crore which indicated that capital infused by the Government was not efficiently utilised by the Corporation.

(Paragraph: 6.1.6)

- The Planning Wing of the Corporation had not prepared any perspective plan or long term plan for its revival.

(Paragraph: 6.1.7)

- Shortfall in achievement of targets of operative fleet and revenue collection targets during the period from 2014-15 to 2017-18 ranged between 28 *per cent* to 33 *per cent* and 31 *per cent* and 37 *per cent*, respectively. The overall shortfall in achievement of target of revenue during the period from 2014-15 to 2017-18 was ₹ 165.22 crore.

(Paragraph: 6.1.7.1)

- The Corporation failed to earn its operational revenue, as operation loss ranged between ₹ 15.03 per Km to ₹ 34.68 per Km during the period from 2014 to 2019.

(Paragraph: 6.1.8)

- The Corporation could not improve on the availability of vehicles as the overall fleet strength during the period from 2014-15 to 2018-19 decreased by 133 vehicles (14 *per cent*), despite addition of 142 vehicles during the same period.

(Paragraph: 6.1.9)

- Fleet Operations during the period from 2014-15 to 2018-19 ranged between 51 *per cent* and 59 *per cent* and detention of vehicles in workshop ranged between 29 *per cent* to 44 *per cent.* Percentage of idle vehicles increased from five *per cent* in 2014-15 to 19 *per cent* in 2018-19.

(Paragraph: 6.1.9.2)

- Failure to acquire the ownership title of properties, non-valuation of properties, non-recovery of compensation of land transferred, non-utilisation of properties, non-renewal of leases, indicated inadequate initiative of the Corporation to optimally manage its assets.

(Paragraph: 6.1.13)

- Services of drivers/ conductors were not utilised effectively, as the drivers/ conductors remained attached with the vehicles detained at workshops despite the required staff available at the workshops, resulting in payment of ₹ 44.95 crore to staff remaining idle.

(Paragraph: 6.1.14)

- Internal control mechanism of the Corporation was inadequate, Board meetings, monthly meetings, administrative inspections and vigilance checks were not conducted regularly.

(Paragraph: 6.1.15)

Compliance Audit

This chapter contains four paragraphs of Compliance Audit pertaining to two PSUs (Jammu and Kashmir Projects Construction Corporation Limited and Jammu and Kashmir State Power Development Corporation Limited). The observations relate to expenditure incurred in excess of sanctioned cost, non-recovery of excess expenditure, short realisation of administrative overheads and execution of works in excess of approved costs. While the monetary implication of these observations is ₹ 16.96 crore, highlights of the paragraphs are as follows:

Jammu and Kashmir Projects Construction Corporation Limited did not restrict the work of construction of a bridge and allied works within the sanctioned cost, resulting in non-recovery of expenditure of ₹ 1.88 crore incurred on the work.

(Paragraph: 7.1)

Jammu and Kashmir Projects Construction Corporation Limited constructed a bridge over Darhali Nallah, Ujjhan (Rajouri) without ensuring the approval of revised cost offers and release of funds, which resulted in expenditure of ₹ 6.85 crore not being reimbursed.

(Paragraph: 7.2)

Despite clear instructions of the Project Authority to restrict the value of work to ₹ 20.50 crore for construction of Niki Tawi bridge, the Jammu and Kashmir Projects Construction Corporation Limited exceeded the sanctioned cost, resulting in short realisation of administrative overheads of ₹ 1.64 crore.

(Paragraph: 7.3)

Failure of the Jammu and Kashmir State Power Development Corporation Limited to execute work under Rajiv Gandhi Grameen Vidyutikaran Yojana as per the approved cost, led to financial loss of ₹ 1.92 crore, besides, non-receipt of ₹ 4.67 crore from the Rural Electrification Corporation since 2014-15.

(Paragraph: 7.4)

(Source: Annual Financial Statements and Finance Accounts of the State Government)

1 Grants-in-aid paid by the State Government is included in the General, Social and Economic Services.
2 Includes transactions under ways and means advances and overdraft.
3 Actuals exclude transactions of investment of cash balance and departmental cash balance.

1.2 Application of resources of the State Government

The total expenditure[4] of the State increased from ₹ 34,550 crore to ₹ 64,572 crore during the period from 2014 to 2019, while the revenue expenditure increased by 91 *per cent* from ₹ 29,329 crore in 2014-15 to ₹ 56,090 crore in 2018-19 during the same period. Non-Plan/ Normal revenue expenditure increased by 102 *per cent* from ₹ 26,457 crore to ₹ 53,578 crore and capital expenditure increased by 64 *per cent* from ₹ 5,134 crore to ₹ 8,413 crore during the period from 2014 to 2019. The revenue expenditure constituted 80 to 87 *per cent* of the total expenditure during the years from 2014 to 2019 and capital expenditure 13 to 20 *per cent*.

1.3 Persistent savings

Persistent savings of more than ₹ one crore in each case and also by 10 *per cent* or more of the total grant were noticed under six grants during the last five years as detailed in Table 1.2.

Table 1.2: List of grants with persistent savings during the period from 2014 to 2019

(₹ in crore)

Sl. No.	Grant number and name	Amount of Savings				
		2014-15	2015-16	2016-17	2017-18	2018-19
Revenue (Voted)						
1.	10 Law Department	97.04 (34)	102.19 (37)	154.81 (48)	154.33 (42)	85.99 (15)
Capital (Voted)						
2.	06 Power Development Department	250.25 (64)	707.60 (70)	2,177.61 (76)	5,591.27 (89)	5,384.26 (96)
3.	12 Agriculture Department	222.70 (55)	179.63 (33)	634.82 (67)	333.92 (37)	738.86 (83)
4.	19 Housing and Urban Development Department	568.44 (77)	220.61 (42)	394.59 (51)	519.54 (53)	1,208.42 (72)
5.	25 Labour, Stationery and Printing Department	76.70 (98)	31.79 (29)	14.54 (13)	100.74 (84)	59.48 (57)
6.	28 Rural Development Department	1,104.58 (60)	496.69 (38)	798.19 (42)	541.36 (23)	1,257.67 (41)

(Source: Appropriation Accounts)

Note: Figures in parentheses indicate percentage of savings to total grant

Reasons for persistent savings under these heads were not intimated (May 2020) by the State Government.

1.4 Funds transferred directly to the State Implementing Agencies

The Government of India (GoI) transferred ₹ 895 crore ***(Appendix 1.1.1)*** directly to various State Implementing Agencies (Institutions, Corporations, Societies, etc.) without routing these through the State Budget during the year 2018-19. Consequently,

[4] Total expenditure includes revenue expenditure, capital outlay and disbursement of loans and advances.

these amounts remained outside the scope of the Annual Accounts (Finance Accounts and Appropriation Accounts) of the State Government during the year.

1.5 Grants-in-aid from Government of India

The grants-in-aid received from Government of India during the years 2014-15 to 2018-19 is depicted in Table 1.3**.**

Table 1.3: Grants-in-aid from GoI

(₹ in crore)

Particulars	**2014-15**	**2015-16**	**2016-17**	**2017-18**	**2018-19**
Non-Plan Grants	3,343	11,135	12,776	-	-

Percentage of total grants to Revenue Receipts	56	47	49	47	45

(Source: Finance Accounts of respective years)

Total grants-in-aid from GoI, increased from ₹ 16,150 crore (2014-15) to ₹ 23,066 crore (2018-19) for the period 2014 to 2019.

1.6 Audit process

The audit process starts with the risk assessment of various Departments, Autonomous Bodies, Schemes/ Projects which takes into account the criticality/ complexity of activities, level of delegated financial powers, internal controls and concerns of stakeholders and previous audit findings. Based on this risk assessment, the frequency and extent of audit are decided and an Annual Audit Plan is formulated.

After completion of audit, an Inspection Report containing the audit findings is issued to the Head of the Office with a request to furnish replies within one month. On receipt of replies, audit findings are either settled or further action for compliance is advised. Important audit observations pointed out in these Inspection Reports are processed for inclusion in the Audit Reports of the Comptroller and Auditor General of India (C&AG). The audit findings incorporated in the Audit Report are based on test-check only of the transactions of the Government of Jammu and Kashmir. It is, therefore, recommended that State Government may undertake detailed checks on the issues highlighted, in other Government departments also.

During 2018-19, compliance audit of 727 Drawing and Disbursing Officers of the State and 74 units of 25 autonomous bodies was conducted by the Office of the Principal Accountant General (Audit), Jammu & Kashmir.

1.7 Response of Government to Audit Report Paragraphs

In the last few years, Audit has reported on several significant deficiencies in implementation of various programmes/ activities as well as on the quality of internal controls in selected departments which have a negative impact on the success of programmes and functioning of the departments. The focus was on auditing specific programmes/ schemes in order to offer suitable recommendations to the Executive for taking corrective action and improving service delivery to the citizens.

The draft audit paragraphs proposed for inclusion in the Report of the Comptroller and Auditor General of India are forwarded by the Principal Accountant General (Audit) to the Principal Secretaries/ Secretaries of the Department concerned drawing their attention to the audit findings and requesting them to send their response within six weeks. The fact of non-receipt of replies from the Departments/ Government is invariably indicated at the end of such paragraphs included in the Audit Report. In the Report of the Comptroller and Auditor General of India on Social, General and Economic (Non-PSUs) sectors for the year ended 31 March 2019, 23 paragraphs were sent to the Principal Secretaries/ Secretaries of the respective departments. Replies in respect of nine paragraphs included in this report were not received (September 2020).

1.8 Response of Government to Audit Inspection Reports

The Hand Book of Instructions for speedy settlement of Audit observations/ Inspection Reports (IRs) issued by the Government (Finance Department) provides for prompt response by the Executive to IRs issued by the Principal Accountant General (Audit) to ensure remedial/ rectification action in compliance with the prescribed rules and procedures. The Heads of Offices and next higher authorities are required to comply with the observations contained in the IRs and rectify the defects and report their compliance to the Principal Accountant General (Audit).

Based on the results of test audit, 49,523 audit observations contained in 11,531 IRs were outstanding as on 31 March 2019 as given in Table 1.4.

Table 1.4: Details showing the Audit observations outstanding at the end of 31 March 2019

Name of Sector	Opening Balance (01 April 2018)		Additions during the year 2018-19		Settled during the year 2018-19		Closing Balance (31 March 2019)	
	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs
Social Sector (Non-PSUs)	5,289	23,981	444	4,304	149	1,493	5,584	26,792
General Sector (Non-PSUs)	1,634	5,198	151	921	68	432	1,717	5,687
Economic Sector (Non-PSUs)	4,093	15,991	337	2,943	200	1,890	4,230	17,044
Total	**11,016**	**45,170**	**932**	**8,168**	**417**	**3,815**	**11,531**	**49,523**

The pendency of large number of paragraphs indicate lack of adequate response of the Government Departments to Audit. The Government may look into this matter and revamp the system to ensure proper response to the audit observations from the Departments in a time-bound manner. Further, only two Audit Committee meetings were held during 2018-19 in which 28 Audit paragraphs were settled which constitute 0.06 *per cent* of the pending objections as of March 2019.

The respective departments should constitute Audit Committees, hold its meetings and monitor the progress of settlement of paragraphs.

1.9 Follow-up on Audit Reports

1.9.1 Non-submission of *suo-motu* Action Taken Notes

To ensure accountability of the Executive to issues dealt with in various Audit Reports, the State Government (Finance Department) issued instructions in June 1997 to the administrative departments to furnish *suo-motu* Action Taken Notes (ATNs) to the Public Accounts Committee (PAC)/ Committee on Public Undertakings (COPU) on all the audit paragraphs featuring in the Audit Reports, irrespective of whether these are taken up for discussion by these Committees or not. These ATNs are to be submitted to these Committees duly vetted by the Principal Accountant General (Audit) within a period of three months from the date of presentation of Audit Reports in the State Legislature.

It was, however, noticed that out of 495[5] audit paragraphs featuring in the Civil Chapters of Audit Reports from 2000-01 to 2015-16, *suo-motu* ATNs in respect of 146 audit paragraphs had not been received up to 30 September 2020.

1.9.2 Action taken on recommendations of the PAC

Action Taken Notes, duly vetted by the Principal Accountant General (Audit) on the observations/ recommendations made by the PAC/ COPU in respect of the audit paragraphs discussed by them are to be furnished to these Committees within six months from the date of such observations/ recommendations. Out of 495 Audit

[5] Excludes audit paragraphs featuring in the Reports of C&AG of India for the years 2016-17 and 2017-18 as these have been placed in the Parliament on 23 September 2020.

paragraphs featuring in the Civil Chapters of Audit Reports for the years from 2000-01 to 2015-16, only 245 audit paragraphs have been discussed by the PAC up to 31 March 2020. Recommendations in respect of 223 audit paragraphs have been made by the PAC. However, ATNs on the recommendations of the Committees are pending from the Government of Jammu & Kashmir and Ladakh in respect of 165 paragraphs.

1.10 Non-submission/ delay in submission of Annual Accounts by Autonomous Bodies

Ten Autonomous Bodies required to be audited by the Comptroller and Auditor General (C&AG) of India under Sections 19 (3) and 20 (1) of the C&AG's DPC Act, 1971, had also not furnished the annual accounts as given below:

Table 1.5: Non-submission of accounts by Autonomous Bodies

Sl. No.	Name of Body/ Authority	Delay in number of years	No. of accounts	Grants during 2018-19 (₹ in crore)
1.	Ladakh Autonomous Hill Development Council, Leh	24	24	546.24
2.	Ladakh Autonomous Hill Development Council, Kargil	16	16	597.95
3.	Compensatory Afforestation Management and Planning Authority	10	10	Nil
4.	Sher-e-Kashmir University of Agricultural Science and Technology, Kashmir	09	09	228.60
5.	Sher-e-Kashmir University of Agricultural Science and Technology, Jammu	03	03	101.00
6.	Employees Provident Fund Board, Srinagar	04	04	Nil
7.	Jammu and Kashmir State Housing Board	07	07	Nil
8.	Khadi and Village Industries Board	04	04	23.00
9.	Building and Other Construction Workers Welfare Board	06	06	Nil
10.	State Legal Service Authority	01	01	12.48
	Total		**84**	**1,509.27**

The audit of the Ladakh Autonomous Hill Development Council (LAHDC), Leh and LAHDC, Kargil has been entrusted to the C&AG of India. The LAHDC, Leh has failed to submit accounts for audit since its inception i.e. 1995-96 although substantial funds are being released to the Council and unspent balances at the end of the year remain credited in a non-lapsable fund in the Public Account of the State. The position in respect of LAHDC, Kargil which came into existence in the year 2004-05 is similar and the accounts are in arrears since its inception.

Non-submission/ delay in submission of accounts by these bodies receiving substantial funding from the State Budget is a serious financial irregularity persisting for years. In

view of this non-compliance, the audited accounts of these statutory bodies have not so far been presented to the State Legislature as required under the Statutes under which these Bodies were created. This has deprived the State Legislature of the opportunity to assess their activities and financial performance.

Chapter II

Social, General and Economic (Non-PSUs) Sectors

Compliance Audit

CHAPTER II

COMPLIANCE AUDIT

This chapter contains nine Compliance Audit paragraphs pertaining to the Social, General and Economic (Non-PSUs) Sectors. The observations relate to unauthorised payment, non creation of assets despite availability of funds, under utilisation of assets, non-execution of works, blocking of funds, overstatement of expenditure and unfruitful expenditure etc. The total financial implication of these observations is ₹ 192.47 crore. The observations in detail are discussed in the succeeding paragraphs.

Education Department

2.1 Non-establishment of Model Schools

Departmental failure to take timely action for utilisation of amounts received from the Government of India (GoI) for establishment of Model Schools at block level resulted in depriving quality education to the intended beneficiaries and non-utilisation of total available funds of ₹ 44.13 crore. The State Government contribution of ₹ 5.74 crore and interest accrued included in the available fund of ₹ 44.13 crore was also blocked, for ten years.

Department of School Education and Literacy (DSEL), Ministry of Human Resource Development (MHRD), Government of India (GoI) launched a scheme (November 2008) with the objective of having at least one good quality secondary school (Model School) in every Educationally Backward Block (EBB). The scheme was to be implemented from 2009-10 onwards. As the State of Jammu and Kashmir (J&K) was a special category State, the funding pattern through Grant-in-aid for implementation of the scheme was 90:10 for GoI and Government of Jammu and Kashmir (GoJ&K) respectively.

The GoJ&K submitted proposals (November 2009) to the Grant-in-aid Committee (GIAC) of DSEL, MHRD, GoI for setting up of 24 (17 new schools and conversion of seven existing schools) for EBBs. During its third meeting (November 2009) the GIAC observed that the projected unit cost of ₹ 6.18 crore was higher than the scheme norm of ₹ 3.02 crore per Model School and therefore, the State Government was required to either revise the estimate or to meet the extra financial burden. In the same meeting, the representative from the State of J&K informed the GIAC that the estimates will be revised so as to bring it within the scheme norms. The GIAC thereby recommended 19 new model schools (November 2009) to be set up in the State. Thereafter, revision of cost was stated to be submitted to Project Approval Board (PAB) in 2010-11.

Subsequently, amendments were made to existing provisions by Department of School Education and Literacy (DSEL), Ministry of Human Resource Development (MHRD), GoI, which allowed (April 2014) the State of Jammu and Kashmir an opportunity to revise the cost based on State Schedule of Rates (SSoR) in respect of the sanctioned 19 model schools for the EBBs as a one-time exception. A proposal based on the SSoR 2012 was stated to be submitted (August 2014) by the GoJ&K to the DSEL as per the information provided by the State Project Director, Samagra Shiksha, J&K Noor

Society[1]. No relevant details of the revised proposals were provided on the grounds that Directorate of Rashtriya Madhyamik Shiksha Abhiyan (RMSA) remained submerged in devastating floods in the Valley in the month of September 2014 for a period of more than 25 days and most of the records in hard copy were destroyed. Subsequently, GoI, in February 2015 delinked the scheme from GoI support.

The grant-in-aid of ₹ 25.82 crore (90 *per cent*) of first installment was released (February 2010) and State Government released ₹ 2.87 crore (June 2010) to State Project Director (SPD) Sarva Shiksha Abhiyan (SSA). The entire amount of ₹ 29.23 crore[2] was transferred in December 2010 and kept at the disposal of State Project Director, Samagra Shiksha, J&K Noor Society. Further, the State Government released an additional State share of ₹ 2.87 crore (January 2011).

Scrutiny of records (January 2019) of State Project Director, Samagra Shiksha[3] revealed that the grants-in-aid of ₹ 25.82 crore and State share of ₹ 5.74 crore were parked in the saving bank account of J&K Noor Society. Even after lapse of ten years, the Government has not taken adequate initiative (July 2019) for implementation of the scheme in the State.

Thus, failure of the Department to take timely action despite relaxation of norms by DSEL, MHRD, GoI for utilisation of amounts received from the GoI for establishment of Model schools not only resulted in non-utilisation of ₹ 44.13 crore[4] over a period of ten years but also deprived the intended beneficiaries from quality education. Even the State Share of ₹ 5.74 crore, plus interest included in the ₹ 44.13 crore was blocked.

On this being pointed out (January 2019) by audit, the Chief Accounts Officer, Samagra Shiksha, Jammu and Kashmir State stated (July 2019/ June 2020) that the amount initially approved for establishment of model school was inadequate to take the construction work, however, the case regarding revision of cost submitted (2010-11) to Project Approval Board (PAB) was undecided (June 2020).

The reply is not tenable as the Department has not availed the benefit to either revise the unit cost estimate of each school or to meet the financial burden despite relaxation of norms by DSEL, MHRD, GoI. Besides, after delinking of the scheme from the GoI support in 2015, the Department was to arrange the additional funds from its own resources for which no steps were taken and ₹ 44.13 crore continued to be held in the bank account.

The matter was referred to the Department/ Government in May 2020; their replies were awaited (September 2020).

The State Government may ensure that unspent amount alongwith interest accrued thereon may be refunded in accordance with the conditions laid down in the sanction order of the Government of India, Ministry of Human Resources Development and responsibility fixed for non establishment of model schools.

---

1 J&K Noor Society RMSA, is the State Implementing Society for Rashtriya Madhyamik Shiksha Abhiyan.

2 Central Share: ₹ 25.82 crore; State Share: ₹ 2.87 crore and interest: ₹ 0.54 crore.

3 Samagra Shiksha - an Integrated Scheme of School Education has subsumed the three Schemes of Sarva Shiksha Abhiyan (SSA), Rashtriya Madhyamik Shiksha Abhiyan (RMSA) and Teacher Education (TE).

4 Central Share: ₹ 25.82 crore; State Share: ₹ 5.74 crore and interest: ₹ 12.57 crore (ending December 2018).

Finance Department

2.2 Management of Bank Accounts in Government Departments

Government instructions issued from time to time on consolidation and streamlining of utilisation of funds retained in bank accounts of DDOs were not strictly adhered to. Only a meagre amount of ₹ 64.10 crore was transferred from the redundant bank accounts of DDOs during the period December 2016 to February 2017. The accumulated balance in 1,138 bank accounts of 131 Drawing and Disbursing Officers of three selected Government Departments increased from ₹ 116.41 crore to ₹ 399.94 crore during the period from 2014 to 2019. Increase in the accumulated balances was due to undisbursed funds of relief/ compensation to the victims of militancy, natural disasters, improper planning and non-completion of schemes, overstatement of expenditure in the Utilisation Certificates, retention of funds, retention of statutory deductions and land compensation outside the Government Account.

2.2.1 Introduction

The procedure for drawal of funds from the Treasury by the Drawing and Disbursing Officers (DDOs) is regulated by the provisions of the Jammu and Kashmir Financial Code (JKFC). As per Rule 2-27 of the JKFC, the DDOs are required to present bills/ claims to the Treasury Officers (TOs) for drawal of funds required. The funds are then credited by the Treasury to the Bank Account of the DDOs who in turn make payments by issuing Bank Advices for crediting the payments directly into the bank account of the beneficiaries. The Financial Rule 2-33 of the JKFC, prohibited the withdrawal of funds from the Treasury by DDOs for investment or deposit elsewhere without the consent of the Government. However, where permission to open a separate account is given, the rules provide for opening of account with the Jammu and Kashmir Bank Limited (JKBL) and where there is no such arrangement, with the Post Office Savings Bank or any other bank with the prior approval of the Finance Department.

Compliance Audit on Management of Bank Accounts in Government Departments was conducted (February 2019 to February 2020) to assess whether the prescribed Rules and procedures relating to financial matters as well as the circulars/ instructions issued by the Finance Department from time to time have been complied with by the DDOs. Emphasis was given to assess the compliance by the DDOs to the Government instructions of 09 December 2016 regarding consolidation of and reduction in number of Bank Accounts in Government Departments. Test-check of records was conducted in 131 DDOs selected on random basis, of three Departments[5] in six[6] out of 22 districts of the State.

[5] Public Works, Revenue and Rural Development.
[6] Jammu, Reasi and Rajouri in Jammu Division and Anantnag, Baramulla and Kargil in Kashmir Division.

2.2.2 Consolidation of funds held and Rationalisation of Bank Accounts

To improve financial discipline as well as ensuring liquidity of funds an efficient system to dispose or liquidate significantly high bank balances of the concerned Departments on account of undisbursed salaries, contractor payments and other liabilities, is a prerequisite. With this objective, Finance Department issued instructions on 09 December 2016, for consolidation and reduction in number of Bank Accounts of DDOs in Government Departments.

As per these instructions, all Government bank accounts of DDOs which had 'nil' balance on the date of issue of the instructions and were inoperative for more than two years were to be closed with immediate effect. Further, all the Government bank accounts of the DDOs which remained inoperative for more than two years and had positive cash balance, were to be closed, and the money was to be transferred to the official bank account[7]of the Finance Secretary, Government of Jammu and Kashmir (GoJ&K). However, the cash balance of all Government accounts that remained inoperative for more than one year was to be transferred to the official account of the Secretary Finance, GoJ&K although these accounts were not to be closed.

As per the information made available (October 2018) by the Finance Department, the JKBL had identified that out of 19,260 bank accounts operational in JKBL, 12,241 accounts (64 *per cent*) were inoperative for more than one year, hence were frozen by the bank. The consolidated balance of ₹ 64.10 crore lying (as on 20 February 2017) in these accounts was transferred to Government Account. However, Finance Department stated (October 2018) that a few bank accounts along with credit balance were restored subsequently on case to case basis.

The information regarding bank accounts that were frozen earlier and subsequently restored was not furnished by the Finance Department as of September 2020. Further, the process of identification of in-operative bank accounts was conducted (December, 2016 to February 2017) by the Finance Department in respect of bank accounts operational in JKBL, only. Identification of inoperative Bank accounts of DDOs in banks other than JKBL had not been undertaken by the Department (October 2018).

2.2.3 Undisbursed/ unutilised balances in the Bank Accounts

Audit scrutiny of the records (February 2019 to February 2020) of 131 DDOs of three selected Departments in six districts (out of 22 districts of the State) revealed accumulation of undisbursed/ unutilised balance in 1,138 bank accounts ***(Appendix 2.2.1)*** operated at the end of each financial year during the period from 2014-15 to 2018-19 and are given in the Table 2.2.1.

[7] Account No. 0110010200000852

Table 2.2.1: Undisbursed/ unutilised amounts in the bank accounts as on 31 March of the concerned year

(₹ in crore)

Sl. No.	Department	Number of DDOs	Number of bank accounts operated	2015	2016	2017	2018	2019
1.	Revenue	58	231	57.47	110.47	98.17	222.23	280.32
2.	Public Works	10	34	17.70	15.93	35.47	56.85	49.55
3.	Rural Development	63	873	41.24	50.38	90.71	68.94	70.07
Total		**131**	**1,138**	**116.41**	**176.78**	**224.35**	**348.02**	**399.94**
Percentage increase over previous year				**NA**	**52**	**27**	**55**	**15**

(Source: Information provided by the DDOs and bank statements)

As seen from the Table 2.2.1, the cumulative balance of 131 DDOs as on 31 March 2015 was ₹ 116.41 crore in 1,138 bank accounts, which increased to ₹ 399.94 crore at the end of March 2019. The main reasons responsible for accumulation of significant balances in the bank accounts of the DDOs were analysed in audit and finding are discussed in succeeding paragraphs. Details of the 131 DDOs and the related 1,138 bank accounts are mentioned in ***Appendix 2.2.1***.

2.2.4 Un-disbursed funds in operational bank accounts

Rule 2-33 of Jammu and Kashmir Financial Code stipulated that funds should be withdrawn from the Treasury only if required for immediate disbursement. The practice of withdrawal of funds with a view to avoid lapsing of budget grants is prohibited. Audit noticed (February 2019 to February 2020) that accumulation of balances in the operational Bank Accounts of the DDOs was due to undisbursed/ unutilised funds withdrawn from the Treasury. This is indicative of withdrawal of funds by the DDOs from the Treasury either in anticipation of actual requirement/ disbursement or to avoid lapsing of funds at the end of the financial year. Instances for withdrawal of funds from the Treasury in anticipation of actual expenditure which were not disbursed/ utilised subsequently are discussed below:

2.2.4.1 Compensation to Fire victims of Khundru Achabal

Consequent to the fire incident of Khundru Army Ammunition Depot on 11 August 2007, Ministry of Defence, Government of India (GoI), released (2007), ₹ 26.74 crore in favour of Deputy Commissioner, Anantnag for disbursement among the victims of fire incident. Scrutiny of the records (February 2020) revealed that compensation amounting to ₹ 23.19 crore had been disbursed to the affected population under different categories upto December 2009. Thereafter, no payment on account of compensation was made. The balance amount of ₹ 3.55 crore towards compensation remained un-disbursed as of March 2019 in the Bank Account[8] of the DDO for almost a decade and had accumulated to ₹ 5.41 crore including interest. The specific reasons for the compensation remaining undisbursed was neither on record nor provided to audit by the

[8] Account No. 0014040100093667 JKBL, Teshil Premises (TP), Anantnag.

DDO concerned. As the funds were provided by Ministry of Defence, GoI the undisbursed/ unutilised funds were required to be refunded to GoI.

Although this was brought to the notice (February 2020) of the Department/ State Government, their replies were awaited (September 2020).

2.2.4.2 Compensation for *Kahcharie* land

The land that is required to be acquired for developmental works is classified in three categories:

- proprietary land,
- State land and
- *kahcharie*[9] land

The compensation only in respect of proprietary land acquired is paid to the land owners, whereas the cost for acquisition of *kahcharie* land is used for development works like construction of link roads, lanes/ drains and other works of the village from where this land is acquired.

Audit scrutiny of records (October 2019) of Deputy Commissioner, Ananatnag revealed that the cost of *kahcharie* land as detailed in the Table 2.2.2 had been transferred from the Bank Account of Collector Land Acquisition, Public Works Department and deposited in different bank accounts of Additional Deputy Commissioner (ADC), Anantnag during the period from 2012 to 2017, for utilisation on Developmental works.

Table 2.2.2: Cost of *kahcharie* land held by Additional Deputy Commissioner, Anantnag

(₹ in crore)

Sl. No.	Year	Name of Project/ work	Amount transferred (₹ in crore)	Bank Account No.	Amount in bank account as of March 2019 (₹ in crore)	Amount remitted to deposit head (₹ in crore)	Balance amount in bank accounts (₹ in crore)
1.	2013	Railway Approach Roads Pradhan Mantri Gram Sadak Yojana	0.38	0014040100093001 of JKBL, Anantnag	13.72	**16.40**[10]	**10.13**
	2015		13.70				
2.	NA	State Public Works Department Road	1.32	0014040500000086 of JKBL, Anantnag	2.94		
3.	2016	Power Grid Corporation of India Limited Towers Kishtwar Simthan Anantnag Road, Border Roads Organisation	8.56	0014040500000081 of JKBL, Anantnag	8.34		
4.	2012 to 2017	National Highway	17.31	0014040500000083 of JKBL, Anantnag	1.53		
		Total	**41.27**		**26.53**	**16.40**	**10.13**

(Source: Departmental records and bank statements)

As seen from the Table 2.2.2, ₹ 26.53 crore remained unutilised in the bank accounts of ADC Anantnag for periods ranging between two to seven years instead of being used for the developmental minor works.

[9] *Kahcharie*: common grazing land.

[10] TR No. 2 dated 03.12.2019: ₹ 2.99 crore and TR No. 3 dated 03.12.2019: ₹ 13.41 crore.

On this being pointed out in Audit (October 2019), the DDO transferred (December 2019) only ₹ 16.40 crore to the deposit head (MH-8443) and the balance amount of ₹ 10.13 crore is still lying in the bank (September 2020).

2.2.4.3 Cash compensation in lieu of Government job

The cash compensation rules prescribed[11] (10 July 1990) that ex-gratia relief of ₹ one lakh was to be disbursed to the family members of any civilian killed immediately after militancy related action. The General Administrative Department prescribed[12] (04 July 2008) amendments to Jammu and Kashmir Compassionate Appointment Rules 1994 related to cash compensation in lieu of appointment in Government Service. As per the amended rules the family members of the civilian killed in militancy related action were entitled to cash compensation of ₹ four lakh in lieu of appointment in Government service. The compensation amount of ₹ four lakh is also required to be deposited in the name of the next of kin of the deceased person by the concerned Deputy Commissioner to their saving bank account in the branch nearest to the residence of the beneficiaries provided the claimants furnish willingness for acceptance of cash compensation in lieu of Government job.

Audit scrutiny (October/ November 2019) of the related records in the offices of Deputy Commissioner (DC), Anantnag and DC, Baramulla revealed that for family members of civilians killed in militancy related incidents, cash compensation in lieu of Government Service had been claimed by 372 and 111 people respectively. However, disbursement had been made only in respect of 281 cases and 84 claimants by DC, Anantnag and DC, Baramulla respectively. An amount of ₹ 14.88 crore was drawn during the period from 2008-09 to 2017-18 by DC, Anantnag from the Treasury and credited into a Bank account of the DDO[13]. However, cash compensation of ₹ 3.64 crore drawn for 91 claimants was lying undisbursed (March 2019) in the Bank account of DC, Anantnag. Similarly, as per the information furnished (November 2019) by DC, Baramulla, out of ₹ 4.44 crore cash compensation withdrawn from Treasury, ₹ 3.36 crore was paid up to March 2019. Therefore, balances of ₹ 5.71 crore[14] and ₹ 2.13 crore[15] were still lying in the Bank accounts of DCs Anantnag[16] and Baramulla[17] respectively (March 2019). Audit noticed that the compensation amount was not disbursed due to non-completion of requisite formalities such as want of Fixed Deposit Receipts, not opening of bank account by the beneficiaries, non-submission of willingness by the claimants for acceptance of cash assistance in lieu of Government job.

Therefore, compensation amount totaling to ₹ 4.72 crore was drawn from the treasury for payment to the family members of deceased persons killed in militancy related

---

11 Government order No: 723-G (GAD) of 1990 dated 10.07.90
12 Vide SRO-199 issued under endorsement No: GAD/Mtg/III/3/2007 dated 04.07.2008
13 Account No. 0014040500000021 of JKBL Anantnag.
14 Includes undisbursed cash compensation of ₹ 3.64 crore drawn in respect of 91 claimants, previous undisbursed payment of relief of ₹ 0.94 crore and interest of ₹ 1.13 crore.
15 Includes ₹ 1.08 crore on account of 27 unsettled cases, ₹ 0.12 crore on account of three unsettled cases of surrendered militants and ₹ 0.93 crore on account of interest.
16 Bank account Number 0014040500000021 of JKBL Anantnag.
17 Bank account Number 0070040500000197 of JKBL Baramulla.

incidents and holding the amounts by parking of funds in the bank accounts over a period of about 10 years was against the principles of financial propriety.

On this being pointed out in audit (October 2019), the DC, Anantnag transferred (November 2019) ₹ 4.77 crore from the bank account to the Deposit Head, leaving a balance amount of ₹ 0.94 crore.

2.2.4.4 Retention of land compensation outside the Government Account

The Finance Department issued (February 2010) directions to transfer all the balances held in the bank accounts on account of land compensation to the treasury concerned, in order to avoid parking of Government funds released for land acquisition outside Government accounts and crediting the amount to "Revenue Deposit". The Collector of Land Acquisition was to draw the amount of land compensation by corresponding credit into "Revenue Deposits" in the first place and subsequently make drawals of the same, in parts or in full, as and when required for immediate disbursement to the land owners. The Treasury Officer was required to credit this amount under Revenue Deposit Head and avoid drawals in cash. Subsequently, drawals from Deposit Head from the treasury were to be made in the form of Deposit Repayment Order against Voucher (Form FC-34) in favour of awardees (land owners) with their Bank Account numbers. The transfer of money by the Treasury Officer was to be made directly to the bank accounts of the beneficiaries on the basis of advice of DDO accompanying the bill. In the event of non-compliance of these instructions, interest at the rate of 17 *per cent* per annum, was recoverable from the defaulting officers.

Scrutiny of the records (February 2019) revealed that despite clear instructions, ₹ 75.07 crore received by six DDOs[18] of Revenue Department for disbursement of land compensation remained unutilised in the bank accounts in contravention of extant instructions during the period 2014-15 to 2018-19 ***(Appendix 2.2.2)***.

Thus, retention of land compensation amount in Bank accounts outside the Government Account in contravention of the instructions of the Finance Department defeated the very purpose of streamlining the cash flow as envisaged in the order mentioned, ibid. Further, no action for recovery of interest at the rate of 17 *per cent* was initiated against the DDOs for violation of the orders.

2.2.4.5 Direct Benefit Transfer to flood victims

Payment of compensation in favour of various categories of victims of the flood in September 2014 was made through Direct Benefit Transfer (DBT) by the DDOs after issuing Bank Advice along with the details[19] of the beneficiaries. The banks were required to credit the amount of compensation directly into the bank account of the beneficiaries as per the details communicated in the Bank Advice.

---

[18] 1. Assistant Commissioner Revenue, Kargil; 2. Deputy Commissioner, Kargil; 3. Assistant Commissioner, Revenue, Jammu; 4. Sub-Divisional Magistrate North, Jammu; 5. Sub-Divisional Magistrate South, Jammu; 6. Deputy Commissioner, Reasi.

[19] Name of the beneficiary, bank/ branch and bank account No., etc.

Scrutiny of the records (February 2019) revealed that compensation payments had not been credited into the bank accounts of the beneficiaries due to incomplete/ incorrect details communicated to the Bank by eight DDOs[20] out of 58 DDOs of Revenue Department selected for test check. In some cases, part payments were made to the beneficiaries in place of one time lump sum payment. As a result, an amount of ₹ 5.48 crore[21] were lying undisbursed (March 2019) in the bank accounts of these DDOs apart from interest earned.

2.2.4.6 Compensation to the victims of Natural Disasters

Funds had been allotted to DDOs from time to time for disbursement of compensation to the victims of various natural calamities including displaced people of border villages due to cross border firing. The unutilsed funds were required to be returned to the fund sanctioning authority.

Audit scrutiny of the records (February 2019) revealed that for seven DDOs out of 58 DDOs selected in the sample units from Revenue Department, an unutilised balance of ₹ 4.28 crore was lying in the Bank Accounts of these seven DDOs as of 31 March 2019, which is detailed in Table 2.2.3.

Table 2.2.3: DDOs-wise details undisbursed/ unutilised compensation payments as on 31 March 2019

(₹ in crore)

Sl. No.	Name of Scheme	Name of the DDO	Account No and Bank Branch	Amount
1.	Border firing-Migrants	Tehsildar, Akhnoor	0024010100000540 at J&K Bank, Main Market, Akhnoor	1.25
2.	Crop relief Paddy 2010-11	Tehsildar, Bishnah	0215010200000672 at J&K Bank, Main Bazaar, Bishnah	0.19
3.	Relief 2009	Tehsildar, R.S.Pura	0025010200000616 at J&K Bank, R.S Pura	1.18

		Total		**4.28**

(Source: Departmental records and bank statements)

It was also noticed that the funds allotted prior to 2014-15 were also available in these accounts prior to the actual amount of funds allotted. However, a credit balance of

[20] 1. Assistant Commissioner Revenue, Jammu; 2. Sub-Divisional Magistrate North, Jammu; 3. Sub-Divisional Magistrate South, Jammu; 4. Sub-Divisional Magistrate, Nowshera; 5. Deputy Commissioner, Reasi; 6. Tehsildar, Katra; 7. Tehsildar, Pouni; 8. Deputy Commissioner, Baramulla.

[21] 1. Assistant Commissioner Revenue, Jammu: 5 accounts, ₹ 270.17 lakh; 2. Sub-Divisional Magistrate North, Jammu: 1 account, ₹20.72 lakh; 3. Sub-Divisional Magistrate South, Jammu: 1 account, ₹102.68 lakh; 4. Sub Divisional Magistrate, Nowshera: 1 account, ₹ 5.92 lakh; 5. Deputy Commissioner, Reasi: 1 account, ₹ 89.87 lakh; 6. Tehsildar, Katra: 1 account, ₹ 13.17 lakh; 7. Tehsildar, Pouni: 1 account, ₹ 2.23 lakh; 8. Deputy Commissioner, Baramulla: 1 account, ₹ 42.88 lakh.

₹ 4.28 crore in the bank accounts indicated that the funds allotted had not been disbursed fully to among the intended beneficiaries (March 2019).

During the course of Audit in the office of Tehsildar, Nowshera refunded an un-disbursed amount of ₹ 0.71 crore to Deputy Commissioner, Rajouri in November 2019. Similarly, Tehsildar, Sunderbani also refunded (November 2019) the un-disbursed relief of ₹ 0.19 crore to Deputy Commissioner, Rajouri at the instance of audit.

2.2.4.7 Funds under 14th Finance Commission

(A) Retention of balance in bank accounts

Under 14th Finance Commission (FC) Award for the period 2015 to 2016, funds were credited to the Bank Accounts of the Panchayats in two installments (February 2016 and February 2017) for execution of development works. The Block Development Officers were required to prepare Works Plan as per the funds provided under the scheme.

Audit scrutiny of the records (February 2019 to February 2020) revealed that in the case of 15 Block Development Officers (BDOs[22]), the estimated cost of planned works in the works plan was 20 *per cent* lesser than the funds allocated for the year 2015-16. Preparation and submission of works plan for an amount less than the funds allocated, resulted in an amount of ₹ 5.07 crore not being utilised and were lying in the Bank Accounts of the respective Panchayats as detailed in ***Appendix 2.2.3***.

(B) Non-execution of the works

Audit noticed (February 2019) that only 1,902 works out of 2,459 works planned in 34 sampled Rural Development Blocks, had been completed upto March 2019, as detailed in ***Appendix 2.2.4***. Delay/ non-execution of works led to ₹ 12.51 crore for execution of 557 developmental works remaining unutilised in the Bank Accounts for the more than three years.

The Department may initiate immediate action to identify whether these balances have been correctly depicted in the UCs furnished to the GoI related to the releases of 14th Finance Commission, and refund outstanding balances immediately to the GoI, if not already deducted from the releases of the following year.

2.2.4.8 Retention of amount on account of statutory deductions of tax

Rule 30 of Income Tax Rules, stipulates that Income tax deducted at source shall be deposited on the same day if not accompanied by challan or within seven days from the end of the month in which the deduction is made. Section 51(2) of Jammu and Kashmir Goods and Services Tax (GST) Act, 2017 provided that the tax deducted at source under the Act shall be paid to the Government within ten days after the end of month in which such deduction was made. Further, Rule 5 of Building and Other Constructions Worker Welfare Cess Rules, 1998 provides that the amount of cess collected shall be transferred

[22] 1. BDO, Bhalwal; 2. BDO, Bhomag; 3. BDO, Kalakote; 4. BDO, Panthal; 5. BDO, Vessu; 6. BDO, Pahalgam; 7. BDO, Chittergul; 8. BDO, Verinag; 9. BDO, Quazigund; 10. BDO, Larnoo; 11. BDO, Anantnag; 12. BDO, Shangus; 13. BDO, Khoveri Proa; 14. BDO, Shahabad; and 15 BDO, Boniyar.

by such Government office, Public Sector Undertakings, local authority, or cess collector, to the Board alongwith the form of challan prescribed within thirty days of its collection.

Audit scrutiny of the records (February 2019 to February 2020) of DDOs in Rural Development Department revealed that statutory tax deductions like Labour Cess, Income Tax, Goods and Services Tax, etc., amounting to ₹ 20.56 lakh[23] deducted from contractors/ mates[24]/ suppliers etc., were not deposited (March 2019) to the concerned Departments/ Authorities by 15 BDOs over a period of more than three months to three years. BDO, Bhalwal attributed (February 2020) non-remittance of tax deducted at source to delay in issuance of Tax Deduction number by the State Taxes Department and non-furnishing of GST number by contractors/ mates.

Their replies are not acceptable as non-remittance of the amount into Government account deducted on account of statutory deductions was in contravention of prescribed rules and has led to accumulation of balance in the Bank Accounts of these BDOs.

2.2.4.9 Retention of funds by Deputy Commissioner, Reasi

The Divisional Commissioner, Jammu released ₹ 1.50 crore[25] to Deputy Commissioner (DC), Reasi, (April 2015 and October 2015) for undertaking rescue, relief and rehabilitation work necessitated due to torrential rains/ hailstorm that had occurred during the months of February/ March 2015. However, DC, Reasi released only ₹ 1.35 crore[26] (90 *per cent*) during November 2015 to three Tehsildars for disbursement to the farmers, whose crops of Rabi season of 2015 were damaged due to heavy rains. The balance amount of ₹ 15 lakh was retained by the DC, Reasi without any reasons on record. The amount was lying un-utilised (April 2019) in the Bank Account[27] for a period of 42 months (from November 2015 to April 2019).

2.2.4.10 Overstatement of expenditure in the Utilisation Certificates

In terms of Rule 212 of the General Financial Rules of 2005 of GoI, DDOs submit the Utilisation Certificates (UCs) in respect of funds received from GoI to the respective Administrative Department. Based on the UCs submitted by the DDOs, the Administrative Department submits the consolidated UC to the Government of India.

Audit scrutinised (August 2019) the transaction of three DDOs to whom funds were released by GoI. The expenditure figures in the Utilisation Certificates furnished by these DDOs were in excess of actual expenditure incurred as per records made available. The overstatement of expenditure of ₹ 2.48 crore was noticed in utilisation certificate furnished by the DDOs in respect of Prime Minister's Development Package (PMDP)/

State Disaster Relief Fund (SDRF)/ Lok Sabha Elections, as per details mentioned in Table 2.2.4.

Table 2.2.4: Instance of excess amounts mentioned in the Utilisation certificates as on 31 March 2019

(₹ in crore)

Sl. No.	Name of the Scheme/ Programme	Name of the DDO	Funds drawn from treasury	Payment disbursed ending March 2019	Utilisation Certificate submitted	Over-statement in UC
1	**2**	**3**	**4**	**5**	**6**	**7=6-5**
1.	PMDP	Deputy Commissioner, Reasi	29.16 [28]	29.02	29.13	0.11
2.	Relief 2014	Assistant Commissioner Revenue (General), Jammu	2.17	1.93	2.17	0.24
	PMDP		62.03	60.21	62.03	1.82
3.	Lok Sabha/ Assembly Election of 2013-14	Chief Planning Officer (DC Jammu)	2.86	2.55	2.86	0.31
		Total	**96.22**	**93.71**	**96.19**	**2.48**

(Source: Departmental records and bank statements)

The overstatement of expenditure ₹ 2.48 crore in the UCs, was against the provisions of the Rule 212 of the General Financial Rules 2005 of GoI and runs the risk of fraudulent drawal especially when kept in a bank account.

2.2.4.11 Closed/ replaced schemes

Indira Awaas Yojana (IAY) a centrally sponsored scheme was restructured as Pradhan Mantri Awas Yojana Gramin (PMAY-G) in the year 2016-17 and the disbursement of assistance to the beneficiaries at the block level was changed to a centralised payment disbursement system by adopting of Direct Benefit Transfer (DBT). Audit noticed (February 2019) that 17 DDOs of Rural Development Department had retained the unspent IAY funds amounting to ₹ 1.32 crore[29] in 22 bank accounts after the closure of the scheme in 2016-17 which under the scheme was required to be utilised by allocating the unspent amount among existing beneficiaries for completion of the houses.

The Department should take immediate action to liquidate the balances in the bank accounts by funding incomplete houses under IAY for completion. In the event of the non requirement of funds for completion of incomplete houses under IAY, the same may be utilised under PMAY or surrendered to the GoI as the case may be.

[28] Against the amount of ₹ 2,934.15 lakh released only ₹ 2,916.05 lakh have been drawn from treasury.

[29] 1. Assistant Commissioner Development (ACD), Jammu: 1 Account, ₹ 7.92 lakh; 2. ACD, Rajouri: 2 Accounts, ₹ 2.87 lakh; 3. BDO, Maira Mandrian: 02 Accounts, ₹ 0.54 lakh; 4. BDO, Bijbehara: 1 Account, ₹ 0.13 lakh; 9. ACD, Kargil: 2 Accounts, ₹ 2.58 lakh; 10. BDO, Kargil: 01 Account, ₹ 0.23 lakh; 11. BDO, TSG Tespool: 1 Account, ₹ 0.007 lakh; 12. BDO, Phalagam: 01 Account, ₹0.07 lakh; 13. BDO, Dachnipora: 1 Account, ₹ 0.21 lakh; 14. ACD, Baramulla: 1 Account, ₹ 9.35 lakh; 15. BDO, Sankoo: 01 Account, ₹ 1.08 lakh; 16. BDO, Pashkum: 1 Account, ₹ 0.04 lakh; 17. BDO, Kunzer: 1 Account, ₹ 0.09 lakh.

2.2.5 Bank accounts other than in JKBL

Rule 2-33 of J&K Financial Code Vol-I envisages that unless otherwise expressly authorised by any law or rule or order having the force of law, moneys may not be removed from the Public Account for investment or deposit elsewhere without the consent of the Government. Where permission to open a separate account is given the account must be opened with an office of the Jammu and Kashmir Bank Limited and where there is no such office, with the post office saving bank or with the prior approval of the Finance Department, with any other bank.

Audit noticed (February 2019) that in the three departments 44 DDOs had opened 182 bank accounts in banks other than JKBL without obtaining prior approval of the Finance Department. The breakup is detailed in Table 2.2.5.

Table 2.2.5: Department wise bank accounts opened in banks other than J&K Bank

Sl. No.	Department	Accounts opened in private banks		Accounts in nationalised banks		Total	
		DDOs	Accounts	DDOs	Accounts	DDOs	Accounts
1.	Revenue	11	17	01	01	12	18
2.	Public Works	01	01	00	00	01	01
3.	Rural Development	29	150	02	13	31	163
	Total	**41**	**168**	**03**	**14**	**44**	**182**

(Source: Information provided by the respective DDOs)

As is evident from the above table 41 DDOs had opened 168 bank accounts in private banks.

2.2.6 Non-compliance of instructions on consolidation and streamlining of Bank Accounts

In terms of the Government instructions dated 09 December 2016 issued by the Finance Department, all the DDOs were directed that:

- All Government Bank accounts which had 'nil' balance and inoperative for more than two years shall be closed;
- All Government Bank accounts of DDOs which remained inoperative for more than two years and were having positive cash balance shall be closed and the balance at credit was to be transferred to the official account of the Secretary Finance[30];
- Cash balance of all Government accounts which had remained inoperative for more than a year shall be transferred to official account of the Finance Secretary without closure of the bank accounts; and
- New bank account shall not be opened by any Department of the State Government in the Jammu and Kashmir Bank Limited or any other nationalised/ schedule bank without the concurrence of the Finance Department.

[30] Account No. 0110010200000852

Non-compliance of these instructions were noticed in audit as in two DDOs[31] there was 'nil' credit balance in seven Bank Accounts which were inoperative for more than two years as on December 2016, and these had not been closed (March 2019). Similarly in 12 DDOs[32], 21 bank accounts which remained inoperative for more than two years, as on December 2016 were not closed and the credit balance of ₹ 3.48 crore was not transferred (March 2019) to the official bank account of the Secretary Finance. In five DDOs[33], the credit balance of ₹ 4.39 crore in five bank accounts which remained inoperative for more than one year as on 09 December 2016 was not transferred to the official bank account of Secretary Finance, by the DDOs concerned up to 31 March 2019. It was also noticed that in 21 DDOs[34], 40 bank accounts were opened after 09 December 2016, without obtaining concurrence of the Finance Department.

After non-compliance of instructions was pointed out by audit (July 2019) the DC Baramulla transferred (October 2019) balance at credit amounting to ₹ 2.43 crore in respect of two bank accounts to the official bank account of the Secretary Finance.

2.2.7 Conclusions

Government instructions of December 2016 on consolidation and rationalisation of bank accounts were not adhered to. Non-operational Bank Accounts were not closed and their credit balances were not transferred to the Bank Account of Secretary Finance as was required. The consolidation and streamlining of bank accounts did not achieve the desired objectives, as only insignificant amount of ₹ 64.10 crore was transferred from the redundant bank accounts during the period. The accumulated balance in 1,138 bank accounts of 131 DDOs of three selected Government Departments had infact increased from ₹ 116.41 crore to ₹ 399.94 crore during the period from 2014 to 2019. Increase in accumulated balance was due to undisbursed funds of relief/ compensation to the victims of militancy, natural disasters, improper planning and non-completion of schemes, retention of funds, retention of statutory deductions and land compensation outside the Government Account, etc. Instances of overstatement of expenditure in the Utilisation certificates were also noticed and 168 bank account were opened in private banks which was in violation of J&K Financial Code Rules.

2.2.8 Recommendations

The Department may ensure:

- *Strict implementation of the Government instructions issued for streamlining of retention of funds in bank accounts.*
- *Effective monitoring mechanism is put in place so that funds are not withdrawn by DDOs from treasury in anticipation of immediate disbursement to avoid accumulation of undisbursed balance in the bank accounts.*
- *Bank account whenever required to be opened by DDOs, are opened in JKBL and after obtaining prior approval of the Finance Department.*

The matter was referred to the Department/ Government in May 2020; their replies were awaited (September 2020).

Food, Civil Supplies and Consumer Affairs Department

2.3 Non collection/ short remittance of dues

Non-distribution of 1,30,121 ration cards printed during the period from 2015 to 2018 to the consumers in 11 test-checked units of Food, Civil Supplies and Consumer Affairs Department led to non collection of ₹ 1.07 crore as well as short remittance of ₹ 1.69 crore into Government Account.

Department of Food, Civil Supplies and Consumer Affairs (FCS&CA), Jammu in collaboration with Jammu and Kashmir Bank Limited (JKBL) ordered (2015-16 onwards) for printing of 15.35 lakh ration cards to be distributed among the beneficiaries on the basis of Census 2011. The cost of printed ration cards was to be borne by the FCS&CA Department and JKBL in the ratio of 60:40. These printed ration cards were to be distributed to consumers[35] at the prescribed rates[36]. The Department released ₹ 1.82 crore as printing costs[37] to the JKBL.

Scrutiny of records of 11 test-checked field units[38] (Assistant Directors of FCS&CA Department) during the period from November 2017 to February 2020 revealed that total of 9,94,204 ration cards[39] were received by the units from the Directorate of FCS&CA for distribution to the consumers. However, only 8,64,083 ration cards[40] were issued and the balance 1,30,121 cards[41] as detailed in ***Appendix 2.3.1 (a)*** were lying with the respective Assistant Directors. Non-distribution of ration cards resulted in non-collection ₹ 1.07 crore. Audit also noticed that for the 8,64,083 ration cards distributed to consumers of different categories, sale proceeds of ₹ 7.02 crore[42] were to

---

35 Priority Household (PHH) Antyodaya Anna Yojana (AAY), PHH Below Poverty Line (BPL-others) and Non-Priority Household (NPHH) Above Poverty Line (APL)/ Exclusion (for non-ration purpose).

36 PHH (AAY), PHH (BPL-others) and Non-PHH (APL)/ Exclusion consumers at a rate of ₹ 30, ₹ 75 and ₹ 100 per ration card respectively.

37 60 *per cent* of total cost of ₹ 3.03 crore (except for 0.49 lakh ration cards printed during 2018).

38 1. City Circle-I (November 2017), 2. Kathua (February 2018), 3. Reasi: (September 2018), 4. Rural-II (April 2019), 5. Ramban (October 2019), 6. Poonch (May 2019), 7. Kishtwar (January 2019), 8. Samba (August 2019), 9. Rajouri (February 2020), 10. Rural-I (January 2020) and 11. Doda (February 2020). Audit noticed the observations during the audit of the units for the period ending March 2017, March 2018 and March 2019 and the position has been updated from time to time.

39 Non-PHH (APL)/ Exclusion: 3,98,423; PHH (BPL-others): 5,17,791 and PHH (AAY): 77,990

40 Non-PHH (APL)/ Exclusion: 3,41,072; PHH (BPL-others): 4,55,184 and PHH (AAY): 67,827

41 Non-PHH (APL)/ Exclusion: 57,351; PHH (BPL-others): 62,607 and PHH (AAY): 10,163

42 Non-PHH (APL)/ Exclusion: ₹ 3.41 crore; PHH (BPL-others): ₹ 3.41 crore and PHH (AAY): ₹ 0.20 crore.

be recovered, as per prescribed rates. However, only ₹ 5.33 crore had been remitted into the Government account, thereby resulting in short collection/ short remittance of ₹ 1.69 crore, as detailed in ***Appendix 2.3.1 (b).***

After this was pointed out in audit, the Chief Accounts Officer, FCS&CA Department, Jammu stated (January 2018) that maximum number of ration cards had been issued. It was further stated that earlier the ration cards could not be issued because Deputy Commissioners of the concerned districts were nominated by the Government for identification of eligible beneficiaries under different categories. The verification/ identification lists were not received in time which resulted in delay in distribution of ration cards. The Assistant Directors (Reasi/ Kishtwar/ Rural II/ Poonch and Doda) stated (October 2018/ January, April, May 2019/ February 2020) that all the Tehsil Supply Officers were directed to issue the remaining ration cards to the beneficiaries and remit the pending amount. Assistant Director, Samba attributed (August 2019) reasons for non-distribution to digitisation of ration cards, with the result the beneficiaries had not collected the printed cards. Assistant Director, Rural-I stated (January 2020) that the remaining ration cards would be distributed shortly.

However, the fact, remains that the ration cards printed and not distributed are still lying with the Assistant Directors. The validity of ration cards was up to June 2018 with the exception of 7,348 ration cards where the validity is from 2015 to 2025. In view of digitisation of targeted public distribution system the possibility of usage of these ration cards in future is remote and they have become redundant now.

Thus, non-distribution of 1,30,121 ration cards printed during the period 2015 to 2018 to the consumers in 11 test checked units of Food, Civil Supplies and Consumer Affairs Department led to non-realisation of ₹ 1.07 crore towards Government Revenue. In addition, there was short-collection/ short-remittance of ₹ 1.69 crore collected from issue of ration cards.

The matter was referred to the Department/ Government in May 2020; the reply was awaited (September 2020).

The Department should ensure in future that printed ration cards are issued expeditiously so that the cost can be recovered as per norms. The amount required to be collected and remitted in Government Account immediately for all units.

Home Department

2.4 Unfruitful expenditure due to non-functional Solar Power Plants

Non-settlement of payment of Works Contract Tax (WCT) with the State Taxes Department rendered 128 Solar Power Plants installed at police establishments non-functional since September 2014; despite incurring expenditure of ₹ 9.70 crore between May 2014 to January 2015 and availability of maintenance free warranty.

To ensure uninterrupted power supply to police establishments in the State, a proposal[43] for ₹ 37.94 crore to provide Solar Photo Voltaic System for 523 locations by J&K Police

[43] Vide communication No. Prov-II/Elect-26/10-11/39524-26 dated 25.08.2011

was submitted (25 August 2011) to the State Government for approval and onward submission to the Ministry of New and Renewal Energy (MNRE), Government of India (GoI). As stated by the Department, after only two days, a reworked proposal[44] with a total financial implication of ₹ 43.31 crore was submitted (27 August 2011) including additional 25 locations (District Police Offices).

GoI, under Central Financial Assistance (CFA) sanctioned (February 2012), ₹ 33.54 crore towards installation of 523 Solar Photovoltaic Power Plants (SPPs) with aggregate capacity of 1,408.6 KWP at the establishments of Jammu and Kashmir (J&K) Police at a tentative cost of ₹ 37.94 crore.

Meanwhile, in line with the recommendation (March 2012) of State Level Purchase Committee (SLPC), it was decided to float a Notice Inviting Tender (NIT) in April 2012 for the project. The requirement of 523 location was reworked to include left out 25 District Police Offices, 04 Police Stations and 10 Police Posts bringing the total number of locations to 562 and was duly projected in the NIT floated on 25 April 2012. The L1 bidder quoted a price of ₹ 36.14 crore (inclusive of taxes) for the project. The contract for supply, installation, testing, commissioning and maintenance of Solar photovoltaic Power Plants of different capacities (aggregating 1553.76 KWP) for 562 locations was placed (March 2013) with the L1 firm for ₹ 36.14 crore on the grounds that the price quoted by L1 firm was well within the approved budget of ₹ 37.94 crore.

As stated in clause 16 of the NIT, Jammu and Kashmir (J&K) Service Tax and Value Added Tax (VAT) was not to be applicable to this contract and would be paid extra by Police Department, if charged by State Taxes Department.

The delivery, installation and commissioning of SPPs was to be completed within six months from the date of placement of the supply order. As per the terms and conditions of the supply order, the supplier was responsible for free warranty of five years for SPPs, 10 years for power output warranty for Solar Photovoltaic (SPV) modules and replacement guarantee of 20 years for SPV modules.

Under the Scheme, the Ministry of New & Renewable Energy (MNRE) was to provide CFA of ₹ 243 per watt or 90 *per cent* of the sanctioned project cost whichever is less. The MNRE, GoI, therefore reduced (June 2013) the CFA to ₹ 29.43 crore based on the tendered cost of the project. The first installment of 50 *per cent* of CFA amounting to ₹ 14.71 crore was released in June 2013 by GoI to the State Government out of which an amount of ₹ 14.39 crore towards payment of 187 out of 252 SPPs installed was made during the period May 2014 to January 2015. Post installment of these 252 SPPs, 163 SPPs were found to be non-functional which included 128 SPPs for which payment of ₹ 9.70 crore had been made.

[44] Vide communication No. Prov-II/Elect-26/10-11/40013-16 dated 27.08.2011

Status of SPPs installed by the supplier, payment released (December 2016) by the Department and non-functional SPPs are indicated in Table 2.4.1.

Table 2.4.1: Status of SPPs installed and payment made during May 2014 to January 2015

SPPs installed	SPPs for which payment made		Non-functional SPPs	Non-functional SSPs where payment was released	
	Number	Amount (₹ in crore)		Number	Amount (₹ in crore)
252	187	14.39	163	128	9.70

(Source: Departmental records)

The Department directed (August 2015) the supplier to rectify the defects developed in the installed in 163 SPPs. The supplier informed (August 2015) the Department that instead of repairing old power conditioning unit of these SPPs, new power conditioning units were dispatched to Jammu and Kashmir. The material was, however, detained by the Sales Tax Department on the grounds of non-deposit of Work Contract Tax (WCT). The Department took up (February 2015 to May 2018) the matter with the Government to either release an amount of ₹ 3.80 crore on account of WCT at a rate of 10.50 *per cent* or for waiver off such tax.

Audit scrutiny (July 2017) of records of Director General of Police, Police Headquarters, Jammu revealed that the matter relating to WCT, however, has not been resolved even after a lapse of more than five years, and 128 SPPs have remained non-functional for which payment of ₹ 9.70 crore was made up to January 2015.

The Director General of Police, Police Headquarters, Jammu in reply (June 2020) stated that the non-functional SPPs could not be repaired as spare parts were impounded by the Commercial Taxes Department for non-payment of WCT. The Department stated that all the issues shall be resolved as soon as the Government releases the WCT amount or waives it off.

Thus, failure of the Department to effectively co-ordinate and settle the issue regarding payment of WCT with the Sales Tax Department led to impounding of spare parts dispatched by the firm which resulted in non-functional SPPs. As a result, the benefits of installation and commissioning of 128 SPPs could not be availed, despite an expenditure of ₹ 9.70 crore having being incurred for installation of these 128 SPPs.

The matter was reported to the Government (May 2020), their reply is awaited (September 2020).

Payment of works contract tax needs to be settled on priority and rectification of defects in the non-functional SPPs ensured immediately, so that the investment made in SPPs is gainfully utilised.

Irrigation and Flood Control Department

2.5 Wasteful expenditure on water storage tanks

Irrigation and Flood Control Department took up the execution of work on water storage tanks without acquiring the private land and seeking prior clearance from Forest Department/ Defence Authority resulting in wasteful expenditure of ₹ 3.67 crore.

In order to provide irrigational facilities to farmers for agricultural activities in Tehsil, Handwara and Kupwara, the Executive Engineer (EE), Irrigation and Flood Control (I&FC) Division, Handwara, proposed three projects involving construction of 27 storage tanks in Brinyal Rajwad, Natnussa Kandi and Rajwad at an estimated cost ₹ 26.42 crore[45], under Border Area Development Programme (BADP) in the year 2013. The stipulated period for completion of works was two years from the date of sanction of the project.

The status of work of storage tanks as of March 2019 is given in Table 2.5.1

Table 2.5.1: Status of the work of storage tanks as of March 2019

(₹ in crore)

Particulars of storage tanks	Number of storage tanks Proposed	Storage tanks not taken up for execution		Storage tanks taken up for execution			Storage tanks which are functional		Storage tanks which are not functional	
		No.	Estimated cost	No.	Estimated cost	Expenditure incurred	Fully	Partly	No.	Expenditure incurred
(1)	(2)	(3)	(4)	(5)= (2-3)	(6)	(7)	(8)	(9)	(10)	(11)
Storage tanks requiring forest/ private land	16	7	6.21	9	11.49	3.37	0	2	7	3.04
Storage tanks not requiring forest/ private land	11	1	0.92	10	7.80	3.06	1	6	3	0.63
Total	**27**	**8**	**7.13**	**19**	**19.29**	**6.43**	**1**	**8**	**10**	**3.67**

(Source: Information provided by the Department)

As seen from the Table 2.5.1, 11 out of a total of 27 storage tanks, had no requirement for acquisition of private/ Forest land and only one out of 27 storage tanks to be constructed was fully functional (March 2019).

[45] 13 tanks in Natnussa Kandi at an estimated cost of ₹ 11.08 crore; 13 Tanks in Rajwad at an estimated cost of ₹ 10.80 crore and one Brinyal tank at Rajwad at an estimated cost of ₹ 4.54 crore.

An amount of ₹ 9.90 crore[46] was released during the period from 2013 to 2019 and the Division had incurred an expenditure of ₹ 6.43 crore[47] as of March 2019.

Scrutiny of records (October 2017) revealed that despite availability of ₹ 9.90 crore, an amount of ₹ 3.47 crore (35 *per cent* of the total allotment) could not be utilised. Further, out of the 27 storage tanks, only one storage tank was completed as detailed in the ***Appendix 2.5.1.***

Further as indicated in Table 2.5.1, of the 16 storage tanks that were proposed to be constructed requiring a total of 41.05 hectare[48] of private/ forest land, nine storage tanks, were taken up for construction without clearance being obtained from the Forest Department or private land being acquired (July 2019) for executing these works. An expenditure of ₹ 3.37 crore was incurred during the period 2013 to 2019 on these nine storage tanks.

As regards the nine storage tanks (estimated cost: ₹ 11.49 crore) involving use of 35.15 hectare of private/ forest land an expenditure of ₹ 3.37 crores was incurred on storage tanks which were not complete and only two storage tanks were semi-functional. Therefore, the expenditure of ₹ 3.04 crore[49] incurred on seven incomplete and non-functional storage tanks was wasted.

Similarly, in case of the 11 storage tanks (estimated cost: ₹ 7.80 crore[50]) which did not require any private/ forest land, an expenditure of ₹ 3.06 crore was incurred (2013 to 2019) on execution of work of ten storage tanks (one storage tank was not taken up for construction due to land dispute). Further, only one storage tank out of these ten storage tanks was fully functional and six were semi-functional. Besides, the three remaining storage tanks were not even partially functional despite expenditure of ₹ 63.19 lakh being incurred on these tanks. Out of these three storage tanks, two[51] were abandoned after incurring an expenditure of ₹ 43.59 lakh. As the land identified for the Gunsnar storage tank was close to an army ammunition depot for which clearance from Army was not granted (July 2020) and the alternate site selected for this storage tank Kinjaldoori Nichama failed in soil testing, rendering an expenditure of ₹ 43.59 lakh wasted.

On this being pointed out in audit, EE, I&FC Division, Handwara stated (July 2019) that due to paucity and delay in release of funds, indents with Forest Department could not be processed and private land also could not be acquired.

The reply is not tenable as the Department had not initiated any action for land acquisition as seen from the DPRs except for one work, the land required for the other

---

46 2013-14: ₹ 1.80 crore; 2014-15: ₹ 2.20 crore; 2015-16: ₹ 3.40 crore; 2016-17: ₹ 1.00 crore; 2017-18: ₹ 1.24 crore; 2018-19: ₹ 0.26 crore.

47 2013-14: ₹ 1.80 crore; 2014-15: ₹ 1.11 crore; 2015-16: ₹ 1.02 crore; 2016-17: ₹ 1.00 crore; 2017-18: ₹ 1.24 crore; 2018-19: ₹ 0.26 crore.

48 Forest land: 10.251 hectare; Private land: 30.80 hectare.

49 Expenditure of ₹ 3.37 crore incurred on 9 tanks minus expenditure of ₹ 0.33 crore incurred on two semi-functional tanks.

50 Excluding Storage tank Zinnar having estimated cost: ₹ 92.00 lakh, not taken up for execution.

51 Kinjaldoori Nichama: ₹ 38.29 lakh; Gunsnar: ₹ 5.30 lakh.

works had not been acquired (July 2020). Besides, the Division was not able to utilise the funds allotted during the period 2013 to 2019 and there were savings of ₹ 3.47 crore (35 *per cent*) which lapsed.

Thus, improper planning for taking up the construction of storage tanks without acquiring the private land, seeking prior clearance from Forest Department/ Defence Authority despite availability of funds resulted in wasteful expenditure of ₹ 3.67 crore[52].

The matter was referred to the Department/ Government in May 2020; their replies were awaited (September 2020).

The Department should take up execution of hindrance free projects on priority so that the projects undertaken are completed expeditiously.

2.6 Unfruitful expenditure on Lift Irrigation Scheme

Non-selection of suitable site for construction of pumping station before taking up execution of the works for lift irrigation scheme, by Executive Engineer, Irrigation and Flood Control Division, Sumbal led to revision of cost of the scheme and inability to arrange additional funds over a period of eight years for completion of scheme, rendered expenditure of ₹ 2.23 crore on the scheme unfruitful.

In order to provide assured irrigation to 1,436 acres of land from Shilvat to Sumbal and Wangipora to Ankhola area in Sumbal-Sonawari constituency of district Bandipora, the Executive Engineer (EE), Irrigation and Flood Control (I&FC) Division, Sumbal took up the work of construction of Babajangi-Wangipora-Khurwan Lift Irrigation Scheme (LIS), during 2007-08 at an estimated cost of ₹ 1.77 crore[53], under Accelerated Irrigation Benefit Programme. The scheme was proposed to be completed in one working season[54].

Audit scrutiny (March 2018) of the records of EE, I&FC Division, Sumbal and EE, Mechanical Irrigation (MI) Division, Shadipora revealed that the original site for construction of vertical pumping station of the scheme was selected without adequate initial survey and was subsequently found not feasible. This was changed (January 2009) after the award of contract. Further, it was proposed to execute additional works of the scheme which led a revision of cost on the scheme. Accordingly, a revised detailed project report (DPR) with an estimated cost of ₹ 3.11 crore[55] was submitted (January 2012) by the Superintending Engineer, Hydraulic circle Baramulla/ Bandipora to the Chief Engineer, Srinagar which was not approved (June 2020). An expenditure of ₹ 2.23 crore[56] was incurred on execution of the scheme against its original cost of ₹ 1.77 crore thereby resulting in unauthorised expenditure of ₹ 0.46 crore. Further, the

[52] Expenditure on seven non-functional storage tanks which required private/ forest land: ₹ 3.04 crore and Expenditure on three non-functional storage tank which did not require private/ forest land: ₹ 0.63 crore.
[53] Civil works: ₹ 96.90 lakh; Mechanical works: ₹ 79.90 lakh.
[54] Starting from September to March of the next year.
[55] Civil works: ₹ 202.58 lakh; Mechanical works: ₹ 108 lakh.
[56] Civil works: ₹ 1.40 crore; Mechanical works: ₹ 0.83 crore.

scheme was not functional (June 2020). The electro-mechanical equipment[57] purchased at a cost of ₹ 0.83 crore by the MI Division, Shadipora also was not installed/ commissioned, and these equipments were lying idle in the stores or at the work site as of June 2020. Thus, the failure of EE, I&FC Division, Sumbal to select the proper site for construction of pumping station before taking up of the execution of the lift irrigation scheme led to cost revision of the scheme. Besides, additional funds of ₹ 0.88 crore proposed for completion of scheme could also not be arranged over a period of eight years which rendered the expenditure of ₹ 2.23 crore unfruitful.

On this being pointed out (March 2018) the EE, I&FC Division, Sumbal stated (March 2018/ July 2019) that the civil works of the scheme were almost complete, completion of mechanical works was awaited and an amount of ₹ 25.22 lakh was required for completion of some vital works[58]. EE, MI Division, Shadipora stated (May 2016/ March 2018) that due to non-completion of civil component and paucity of funds, certain items could not be executed and the scheme could not be made functional. It was also stated (June 2020) that extra funding over the estimated cost of ₹ 1.77 crore was allowed to complete the scheme and the Chief Engineer verbally reiterated that formal sanction to the revised cost will be issued after the completion of scheme.

The reply of Executive Engineer is not tenable as the change of original site for construction of pumping station confirmed that proper survey was not conducted before taking up the execution of the work. Besides, execution of scheme work without approval of the revised DPR coupled with non-availability of adequate funds for its completion has rendered the expenditure of ₹ 2.23 crore incurred on the scheme unfruitful.

The matter was referred to the Department / Government in May 2020; their replies were awaited (September 2020).

The Department should arrange for additional funds to complete the work expeditiously and ensure that technical requirements are fulfilled before execution of a project in future.

Legal Metrology Department

2.7 Under-utilisation of mobile cranes fitted with weigh bridge testing kits

The Legal Metrology Department failed to engage driver/ trained staff for operating mobile cranes fitted with weigh bridge testing kits provided by GoI for an amount of ₹ 1.18 crore, resulting in their under-utilisation and defeating the intended purpose to modernise and transform the manual practice of calibration/ verification of weigh bridges.

The Government of India (GoI) under the scheme 'Strengthening of Weights and Measures Infrastructure provided two mobile cranes fitted with weigh bridge testing kits

[57] Pump motor shifted to site in February 2020, electric sub-station created, main mechanical components such as pump mounting structure, overhead crane working platform, rising main installed at site, other mechanical and electrical components and transformer lying in Divisional stores.

[58] Construction of lining wall on both sides of the Wangipora-Khurwan canal: ₹ 18.07 lakh; construction of chain link fencing and iron gate: ₹ 2.70 lakh and face lift and construction of allied works: ₹ 4.45 lakh.

for an amount of ₹ 1.18 crore[59] (December 2008 and March 2012) to the Legal Metrology Department, Government of Jammu and Kashmir (GoJ&K). The Deputy Controller, Legal Metrology, Jammu[60] projected (March 2009) a minimum revenue of ₹ 10 lakh per annum by use of these mobile testing kits. The Government of J&K fixed (November 2011) ₹ 2,000 as user fee for utilisation of mobile kit loaded with testing weights for verification of weigh bridges installed across the State.

Audit scrutiny (June 2018) of records revealed that one mobile crane received in December 2008 could not be put to use till May 2010, on the grounds of non-availability of driver/ operator and required funds for maintenance. Subsequently from May 2010 to November 2010, it was put to use for only seven months by obtaining a driver on deputation from the Jammu and Kashmir State Road Transport Corporation (JKSRTC). During this period, only 11 weigh bridges were verified. This mobile crane was off road since November 2010 due to non-availability of funds, and was parked in the premises of a private industry at the Industrial Estate, Kathua. The rear tyres of the mobile crane have been stolen (January 2011) for which First Information Report has been lodged with the police.

Subsequently, the Joint Controller, Legal Metrology, Jammu requested (August 2012) Director, Legal Metrology, GoI, New Delhi for withdrawal of this vehicle, on the grounds that due to its large size, it could not be used optimally in the lanes and by lanes of industrial units of Jammu and further added that the said vehicle be taken back and allotted to some other requisitioning and needy State. A second mobile crane was received from GoI in March 2012, and put to use only from February 2015 to June 2018 after making internal arrangements for a driver. This second mobile crane also remained non-functional since July 2018 due to non-availability of a driver.

On this being pointed out, the Deputy Controller, Legal Metrology Jammu stated (July 2020) that 887 weigh bridges were verified/ re-verified by the Department during 2009-18 for which an amount of ₹ 17.74 lakh was recovered. It was also stated that as per log book only 171 weigh bridges were verified/ re-verified by the testing kit provided and remaining 716 weigh bridges were passed without utilisation of testing kits. Therefore, user fee of ₹ 3.42 lakh[61] was only recovered by the use of mobile testing kits.

Since the Department failed to engage driver/ trained staff to ensure effective usage and maintenance for functioning of these cranes, these mobile cranes provided for ₹ 1.18 crore have remained idle. As stated in their own reply, the Department was able to recover user fee of ₹ 17.74 lakh only during 2009-18, which was far less than the estimated collection of user fee of ₹ 90 lakh[62] projected (March 2009) by Deputy Controller, Legal Metrology, Jammu by use of mobile testing kits. Therefore, the

[59] Cost of crane received in December 2008: ₹ 50.94 lakh; cost of crane received in March 2012: ₹ 66.88 lakh.
[60] To be collected at the rate of ₹ 10 lakh per annum.
[61] User charges in respect of 171 weigh bridges at the rate of ₹ 2,000 is ₹ 3,42,000
[62] To be collected at the rate of ₹ 10 lakh per annum.

Department could not modernise and transform the manual practice of calibration/ verification of weigh bridges due to which the human interface could not be minimised.

When the matter was referred (May 2020) to the Department, Deputy Controller, Legal Metrology, Jammu on the directions of Administrative Department framed a comprehensive factual report (July 2020) wherein it was confirmed that the available drivers/ staff were not used to make the mobile testing kits operational. These kits have now become scrap as they now do not adhere to the new norms for registration of Commercial vehicles and the Department could not recover the projected revenue (user fee) of ₹ 10 lakh annually since its receipt in 2008. Controller Legal Metrology Jammu and Kashmir in its reply (August 2020) stated that the vehicle has neither been registered with Transport Department, nor any efforts have been made in this regard so far.

Thus, the Department failed to engage driver/ trained staff to ensure effective usage and maintenance for functioning of these cranes, where by these mobile cranes provided for ₹ 1.18 crore have remained idle. Moreover, the objective to modernise and transform the manual practice of calibration/ verification of weigh bridges was not achieved.

The matter was referred to the Government in May 2020; their reply was awaited (September 2020).

The Department may ensure that required manpower is available before requisition for machinery is processed for their optimum utilisation as well as modernisation and transformation of the work processes are achieved.

Power Development Department

2.8 Unauthorised Payment of idle salary

Failure of the Power Development Department to either transfer Drivers/ Chauffeurs deployed in excess of sanctioned strength or utilise their services effectively resulted in unauthorised drawal and payment of idle salary of ₹ 79.46 lakh to Drivers/ Chauffeurs during the period from March 2015 to January 2019.

Rules 4 and 6 of the Jammu and Kashmir Financial code (Volume-1) prescribe the procedure under which pay and allowances of officers/ officials are to be regulated. The Head of the Department has to ensure that the staff is posted across the State to ensure effective working of the office.

The Sub Transmission Division-III, Kathua had a sanctioned strength of two drivers/ chauffeurs. Further, out of four Departmental vehicles available in the Division during 2015-16 to 2018-19, three were condemned/ auctioned (27 April 2007/ 08 February 2017) and one vehicle was not fit for operation since August 2013. The Division hired one vehicle from September 2013 onwards as the only remaining vehicle was also recommended for condemnation (December 2019).

Scrutiny of records (December 2017) and subsequent collection of information (between February 2018 to July 2019) revealed that five drivers/ chauffeurs were in position in the Division (March 2015 onwards) against the sanctioned strength of two

drivers/ chauffeurs. Meanwhile, the salary of additional three drivers was drawn in excess of the sanctioned strength during the period from March 2015 to January 2019. Despite four drivers being available without any official duty/ vehicle to drive, the drawal of pay and allowances was unauthorised and amounted to payment of idle salary without performing any official duty. Thus, non-utilisation of services of the drivers/ chauffeurs for which they were recruited is against the rules, which resulted in payment of idle salary to them during the period (March 2015 to January 2019). The surplus drivers/ chauffeurs had idle pay and allowances amounting ₹ 79.46 lakh[63] during the period from March 2015 to January 2019. Drawal of pay allowances beyond the sanctioned strength is unauthorised and needs to be investigated.

The Executive Engineer (EE) of the Division stated (February/ October 2019/ July 2020) that the Division had two chauffeurs and one driver posted from various dates against sanctioned posts of two drivers. One of these drivers/ chauffeurs is driving the hired vehicle and two drivers/ chauffeurs have superannuated[64] as of July 2019. It was further stated that the matter regarding utilising the services of the drivers was taken up with higher authorities from time to time. The reply is not acceptable as additional drivers without any vehicle to drive, continued to remain idle in the Division without assigning any official duties. Also no order regarding regularisation of the three posts was also provided to audit as of December 2017.

The matter was referred to Department/ Government in May 2020; their replies were awaited (September 2020).

The Department should ensure that excess manpower is not retained and adequate controls are exercised for drawal of salaries.

Public Health Engineering Department

2.9 Unfruitful expenditure and blocking of funds

Failure of Public Health Engineering Department to make the augmentation of water supply scheme functional over a period of seven years, resulted in unfruitful expenditure of ₹ 78.28 lakh and blocking of ₹ 39 lakh.

In order to augment the supply of potable water to the local inhabitants of villages Alyia, Bissi Kalakot and Dehari, the Executive Engineer (EE) Public Health Engineering (PHE) Division, Reasi proposed (2006) an 'Improvement/ augmentation of water supply scheme Alyia' at an estimated cost of ₹ 1.19 crore. The Scheme was designed to provide potable water to estimated population of 5,386 in the next 15 years against the existing population of 1,586 inhabiting these villages. The Detailed Project Report for the scheme was approved (2011-12) at cost of ₹ 1.17 crore with funding from NABARD[65] and the State Government in the ratio of 90:10 with the stipulated completion period of one year.

63 2015-16: ₹ 19.86 lakh; 2016-17: ₹ 20.22 lakh; 2017-18: ₹ 21.30 lakh; 2018-19: ₹ 18.08 lakh.
64 One driver on 31 March 2018 and the other driver on 31 July 2019.
65 National Bank for Agriculture and Rural Development.

Audit scrutiny of the records (September 2018/ July 2019) revealed that against the amount of ₹ 1.17 crore[66] released during the period 2011-12 to 2016-17, an expenditure of ₹ 1.17 crore[67] was incurred on procurement of material, construction of certain components[68] of the scheme etc. However, the augmentation scheme could not be completed as the proposed source, a dug well drilled for scheme was not made functional as of August 2019 and material valuing ₹ 39 lakh remained unutilised (August 2019).

On being pointed out in audit (September 2018/ July 2019) the EE, PHE Division, Reasi stated (May 2019/ August 2019) that the bore well was capped after drilling and pump room was also constructed to save it. However, at the time of lowering the pump, it was noticed that the bore well was filled with stones which could not be cleared as it was required to dismantle the slab and walls of the room. It was also stated that the matter has been taken up with the higher authorities and the bore well required repairs, which were estimated to cost ₹ three lakh.

However, the fact remains that despite incurring the expenditure of ₹ 1.17 crore, the water supply to the identified villages as per the project could not be augmented (August 2019) thereby defeating the very purpose of providing potable water to the existing population of three villages. Therefore, the failure of the Department to repair the dug well and to make the augmentation scheme functional over a period of seven years resulted in unfruitful expenditure of ₹ 78.28 lakh and blocking of ₹ 39 lakh.

The matter was referred to the Government in May 2020; their reply was awaited (September 2020).

The Department should take immediate steps to repair the dug well to make the augmentation scheme functional and ensure the assets are adequately protected.

[66] 2011-12: ₹ 51.67 lakh; 2012-13: ₹ 13.50 lakh; 2013-14: ₹ 12.99 lakh; 2014-15: ₹ 1.43 lakh; 2015-16: ₹ 14.66 lakh; 2016-17: ₹ 23.06 lakh.

[67] 2011-12: ₹ 51.64 lakh; 2012-13: ₹13.50 lakh; 2013-14: ₹ 12.99 lakh; 2014-15: ₹ 1.43 lakh; 2015-16: ₹ 14.66 lakh; 2016-17: ₹ 23.06 lakh.

[68] Construction of dug well, pump room, rising main, distribution system, chowkidar quarter, ground service reservoir, pumping machinery, sump tank etc.

Chapter III

Revenue Sector

Introduction

CHAPTER III

REVENUE SECTOR

Introduction

3.1 Trend of Revenue Receipts

3.1.1 The tax and non-tax revenues raised by the Government of Jammu and Kashmir during the year 2018-19, the State's share of net proceeds of divisible Union taxes and duties assigned to the State and Grant-in-aid received from the Government of India during the year and the corresponding figures for the preceding four years are mentioned below in Table 3.1.

Table 3.1: Trend of Revenue Receipts

(₹ in crore)

Sl. No.	Particulars	2014-15	2015-16	2016-17	2017-18	2018-19
1.	**Revenue raised by the State Government**					
	• **Tax revenue**	6,333.95	7,326.19	7,819.13	9,536.40	9,826.35
	• **Non-tax revenue**	1,978.05	3,912.79	4,072.19	4,362.34	4,349.35
	Total	**8,312.00**	**11,238.98**	**11,891.32**	**13,898.74**	**14,175.70**
2.	**Receipts from the Government of India**					
	• **Share of net proceeds of divisible Union taxes and duties**	4,477.23	7,813.48	9,488.60	11,911.65	13,989.80
	• **Grants-in-aid**	16,149.36	16,728.14	20,598.55	22,701.49	23,065.21
	Total	**20,626.59**	**24,541.62**	**30,087.15**	**34,613.14**	**37,055.01**
3.	**Total revenue receipts of the State Government (total of 1 and 2)**	**28,938.59**	**35,780.60**	**41,978.47**	**48,511.88**	**51,230.71**
4.	**Percentage of 1 to 3**	**29**	**31**	**28**	**29**	**28**

(Source: State Finance Accounts 2018-19)

During the year 2018-19, the overall receipts of the State Government increased by 5.6 *per cent* over the previous year. However, the revenue raised by the State Government (₹ 14,175.70 crore) was 28 *per cent* of the total revenue receipts against 29 *per cent* in the preceding year. The balance 72 *per cent* of the receipts during 2018-19 came from the Government of India (GoI) of which 62.25 *per cent* was received in the form of Grants-in-aid. The Grants-in-aid from GoI constituted 45.02 *per cent* of the total receipts of the State.

3.1.2 The details of the tax revenue raised during the period 2014-15 to 2018-19 are given in Table 3.2.

Table 3.2: Details of Tax Revenue raised

(₹ in crore)

Sl. No.	Head of Revenue	2014-15	2015-16	2016-17	2017-18	2018-19	Percentage of increase (+) or decrease (-) in Actual in 2018-19 over 2017-18
	(a)	(b)	(c)	(d)	(e)	(f)	(g) = (f-e)/ e *100
1.	Taxes on Sales, Trade etc. including GST	4,601.52	5,276.54	6,011.98	7,104.37	6,891.44	(-) 3.00
2.	Taxes on Goods and Passengers	557.81	666.21	747.88	852.62	909.22	(+) 6.64
3.	State Excise	466.08	532.82	569.26	833.16	1,291.45	(+) 55.01
4.	Taxes and Duties on Electricity	313.40	428.87	89.94	179.20	188.57	(+) 5.23
5.	Stamps Duty and Registration Fees	247.98	264.23	227.62	307.43	265.45	(-) 13.66
6.	Taxes on Vehicles	132.34	145.15	149.71	228.11	238.93	(+) 4.74
7.	Land Revenue	14.58	12.18	16.89	29.07	41.28	(+) 41.90
8.	Others	0.24	0.19	5.85	2.44	0.001	(-) 99.96
	Total	**6,333.95**	**7,326.19**	**7,819.13**	**9,536.40**	**9,826.34**	

(Source: Finance Accounts 2018-19)

There was an increase in actual receipts in 2018-19 over 2017-18 ranging between 4.74 *per cent* and 55.01 *per cent* under the heads 'Taxes on Vehicles', 'Taxes and Duties on Electricity', 'Taxes on Goods & Passengers', 'Land Revenue' and 'State Excise'. However, there was a decrease of about 3 *per cent* to 99.96 *per cent* under the heads 'Taxes on Sales, Trade etc. including GST', 'Stamps and Registration Fees' and 'Others'. Decrease of 99.96 per cent under the head 'Others' was mainly due to subsuming of Entertainment tax[1] under GST with effect from 8 July 2017.

The respective Departments were asked to provide the reasons for increase/ decrease of revenue in 2018-19 over 2017-18; however, the reasons were provided in respect of the following taxes only:

Taxes on Sales, Trade etc.: The decrease in revenue was mainly due to the structural issues and rate reductions in Goods and Services Tax.

State Excise: The increase in revenue was due to increase in additional assessment fee on sale of all brands of liquor collected at the rate of 31.50 *per cent* during 2017-18 to 42 *per cent* with effect from 30 May 2018 to 25 February 2019 and 35 *per cent* with effect from 26 February 2019 to 31 March 2019.

3.1.3 The details of the non-tax revenue raised during the period 2014-15 to 2018-19 are indicated in Table 3.3.

[1] Entertainment tax during 2017-18 was ₹ 2.44 crore, which decreased to ₹ 0.001 crore during 2018-19.

Table 3.3: Details of Non-tax revenue raised

(₹ in crore)

Sl. No.	Head of Revenue	2014-15	2015-16	2016-17	2017-18	2018-19	Percentage of increase (+) or decrease (-) in Actual in 2018-19 over 2017-18
	(a)	(b)	(c)	(d)	(e)	(f)	(g) = (f-e)/ e *100
1.	Power	1,427.73	1,477.22	2,770.24	3,150.94	3,246.49	(+) 3.03
2.	Forestry and Wildlife	70.85	67.84	14.40	18.12	20.33	(+) 12.20
3.	Police	19.97	34.11	67.63	32.70	88.98	(+) 172.11
4.	Non-ferrous, Mining and Metallurgical Industries	48.50	57.23	42.74	47.46	51.75	(+) 9.04
5.	Water Supply and Sanitation	36.90	45.77	51.99	93.07	59.78	(-) 35.77
6	Public Works	23.13	27.55	21.14	47.96	27.92	(-) 41.78
7.	Medical and Public Health	22.69	22.53	21.86	26.02	26.45	(+) 1.65
8.	Interest Receipts	13.58	96.35	18.62	19.44	20.84	(+) 7.20
9.	Other Non-tax Receipts	314.70	2,084.19	1,063.57	926.63	806.81	(-)12.93
	Total	**1,978.05**	**3,912.79**	**4,072.19**	**4,362.34**	**4,349.35**	

(Source: State Budget 2019-20 and Finance Accounts 2018-19)

There was an increase ranging between 1.65 *per cent* to 172.11 *per cent* in actual collections from Medical and Public Health, Power, Interest receipts, Non-Ferrous Mining and Metallurgical Industries, Forestry/ Wildlife and Police over the previous year. Whereas, the receipt under other non-tax receipts, Water Supply and Sanitation and Public Works had decreased by 12.93 *per cent* to 41.78 *per cent*.

The respective departments were asked to provide the reasons for increase/ decrease of revenue in 2018-19 over 2017-18; however, the reasons were provided by the following Departments only:

Police: The increase in revenue was mainly due to increase of guard charges as onetime receipt and auction proceeds.

Forestry and Wild Life: The increase in revenue was due to extraction of firewood and royalty amount deposited by the State Forest Corporation.

3.2 Analysis of Arrears of Revenue

The arrears of revenue as on 31 March 2019 in respect of certain major heads of revenue amounted to ₹ 1,474.11 crore, of which ₹ 719.92 crore was outstanding for more than five years, is detailed in the Table 3.4.

Table 3.4: Arrears of revenue

(₹ in crore)

Sl. No.	Head of revenue	Total Amount outstanding as on 31 March 2019	Amount outstanding for more than five years as on 31 March 2019	Replies of Department
1.	Taxes on Sales/ VAT Trade etc	1,426.58	672.63	Stay on Collection for an amount of ₹ 107.77 crore proposed for recovery as arrears of land revenue has been granted by the courts/ appellate authorities. The Department takes various measures like issue of notice of demand (Dastak), issue of memo, seizure of bank accounts and thereafter attachment of immovable property in addition to this, arrest warrants are issued to ensure recovery of the arrears.
2.	Motor spirit tax	0.09	0.09	
3.	Entertainment tax	0.21	0.21	Stay on recovery of total arrears, of ₹ 45.36 crore was granted by the court/ appellate authorities. However, balance arrears of ₹ 2.08 crore were referred to the Collectors for collection as arrears under the Land Revenue Act.
4.	Toll Tax	28.24	28.00	
5.	State Excise	18.99	18.99	
Total		**1,474.11**	**719.92**	

(Source: Data provided by the Departments)

3.3 Arrears in assessments

The details of cases pending at the beginning of the year, cases becoming due for assessment, cases disposed during the year and number of cases pending for finalisation at the end of the year as furnished by the State Taxes Department in respect of Sales Tax/ VAT and Taxes on Works contracts are given in Table 3.5.

Table 3.5: Arrears in assessments

Head of Revenue	Opening balance as on 1 April 2018	New cases due for assessment during 2018-19	Total assessments due	Cases disposed of during 2018-19	Balance at the end of the year	Percentage of disposal (col. 5 to 4)
1	**2**	**3**	**4**	**5**	**6**	**7**
Sales Tax/ VAT	8, 991	6, 859	15,850	7,098	8,752	44.78
Tax on Works Contract	48,651	14,494	63,145	24,217	38,928	38.35

(Source: Data provided by the Department)

The assessments completed (out of the total cases due for assessment) was 45 *per cent* in respect of Sales Tax/ VAT and 38 *per cent* in the case of Taxes on Works Contract. Reasons for less assessments during 2018-19, were attributed (June 2020) to the fact that the Assessing Authorities are adapting to the new tax regime which takes extra time for completion of assessments. However, it was also stated that the Department shall make all efforts to finalise the pending assessments as soon as possible.

In order to avoid the risk of time barring of assessments (five years), Government may consider fixing a time limit for finalisation of the pending assessments and ensure that the time limit so fixed is adhered to by the Departmental Authorities.

3.4 Evasion of tax detected by the Department

The details of cases of evasion of tax detected, cases finalized and the demands for additional tax raised, as reported by the Department are given in Table 3.6.

Table 3.6: Evasion of Tax

Sl. No.	Head of revenue	Cases pending as on 31 March 2018	Cases detected during 2018-19	Total	Number of cases in which assessment/ investigation completed and additional demand with penalty, etc. raised		Amount of demand recovered (₹ in crore)	Number of cases pending for finalisation as on 31 March 2019
					Number of cases	Amount of demand (₹ in crore)		
1.	Sales Tax/ VAT	220	1,466	1,686	1,401	32.67	0.83	285
2.	GST	-	218	218	195	53.39	52.26	23
	Total	**220**	**1,684**	**1,904**	**1,596**	**86.06**	**53.09**	**308**

(Source: Data furnished by the Department)

Against the total demand of ₹ 86.06 crore raised in 1,596 cases during 2018-19, an amount of ₹ 53.09 crore had been recovered which is 61.69 *per cent* of the total recoverable amount. In reply, Assistant Commissioner (Technical) State Taxes stated (June 2020) that the Department is adopting the prescribed procedures for recovery of arrears. It was also stated that the Government has announced Amnesty scheme which can be availed upto 30 June 2020 and recovery proceedings shall be started after the closure of the scheme.

3.5 Pendency of Refund Cases

The number of refund cases pending at the beginning of the year 2018-19, claims received during the year, refunds allowed during the year and the cases pending at the close of the year 2018-19 as reported by the Department is given in Table 3.7.

Table 3.7: Details of pendency of refund cases

Sl. No.	Particulars	GST		Sales tax/ VAT	
		No. of cases	Amount (₹ in crore)	No. of cases	Amount (₹ in crore)
1.	Claims outstanding at the beginning of the year	264	1.26	7	0.75
2.	Claims received during the year	811	27.99	26	2.33
3.	Refunds made during the year	558	16.04	22	0.59
4.	Balance outstanding at the end of the year	517	13.21	11	2.49

(Source: Data furnished by the Department)

The number of outstanding refund cases both under Sales Tax/ VAT and GST has increased by 95 *per cent* from 271 cases to 528 cases during 2018-19. This could affect the amount of compensation receivable from the Government of India.

The Government may take effective steps for immediate disposal of the refund cases.

3.6 Response of the Government/ Departments to Audit

The Principal Accountant General (Audit), Jammu and Kashmir (PAG), conducts periodical inspection of the Government Departments to test-check the transactions and verify the maintenance of important accounts and other records as prescribed in the rules and procedures. These inspections are followed up with the Inspection Reports (IRs) incorporating findings, which are issued to the Heads of the Offices inspected with copies to the next higher authorities for taking prompt corrective action. The Heads of the Offices/ Government are required to take necessary corrective action on the observations contained in the IRs, rectify the defects and omissions and report compliance through initial reply to the PAG (Audit) within four weeks from the date of receipt of the IRs. Serious financial irregularities are reported to the Heads of the Departments and the Government.

A review of Inspection Reports issued up to December 2018 in respect of State Taxes, State Excise, Transport and Law Department disclosed that 4,539 paragraphs relating to 859 IRs and involving ₹ 2,095.52 crore remained outstanding at the end of June 2019 as mentioned along with the corresponding figures for the preceding two years below in Table 3.8.

Table 3.8: Details of pending Inspection Reports

	June 2017	June 2018	June 2019
Number of IRs pending for settlement	775	811	859
Number of outstanding audit observations	3,875	4,111	4,539
Amount of revenue involved (₹ in crore)	1,176.45	1,216.35	2,095.52

3.6.1 The Department-wise details of the IRs and audit observations outstanding as on 30 June 2019 and the amounts involved in respect of State Taxes, State Excise, Transport and Law Department (Revenue Sector) are mentioned in the Table 3.9.

Table 3.9: Department-wise details of Inspection Reports/ Audit observations

Sl. No.	Name of the Department	Nature of receipts	Numbers of outstanding IRs	Numbers of outstanding audit observations	Money value involved (₹ in crore)
1.	State Taxes	Taxes on Sales, Trade etc.	535	3,373	1,822.20
2.	State Excise	State Excise	154	377	120.95
3.	Transport	Taxes on Motor Vehicles	112	484	141.86
4.	Law	Stamps Duty and Registration fee	58	305	10.51
Total			**859**	**4,539**	**2,095.52**

Audit did not receive any replies from the heads of offices within four weeks from the date of issue of 51 IRs issued during 2018-19. This large pendency of the IRs due to non-receipt of the replies is indicative of the fact that the Heads of Offices and the Departments did not initiate action to rectify the defects, omissions and irregularities pointed out by the PAG (Audit) through the IRs. Further, no Audit Committee was

constituted by the State Government for discussion of pending objections relating to Tax Revenue (State Taxes, State Excise and Taxes on Motor Vehicles).

It is recommended that the Government should advise the concerned Departments to hold Audit Committee Meetings frequently at least three meetings in a quarter to monitor the progress of settlement of paragraphs and also ensure that demands/ recoveries are addressed in time.

3.7 Status of Inspection Reports

The summarised position of the Inspection Reports of Departments of State Taxes, State Excise, Law and Transport (Revenue Sector) issued during the last five years, paragraphs included in these Reports and their status as on 31 March 2019 are tabulated in Table 3.10.

Table 3.10: Position of Inspection Reports

Year	Opening Balance			Addition during the year			Clearance during the year			Closing balance during the year		
	IRs	Para-graphs	Money value (₹ in crore)	IRs	Para-graphs	Money value (₹ in crore)	IRs	Para-graph	Money value (₹ in crore)	IRs	Para-graphs	Money value (₹ in crore)
(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)	(i)	(j)	(k)	(l)	(m)
2014-15	617	2,830	1,188.29	59	553	67.00	08	194	24.93	668	3,189	1,230.36

The Government of J&K has not constituted any Audit Committee for settlement of old paragraphs, as a result, the position of outstanding IRs, Paras with corresponding money value (State Taxes, State Excise and Taxes on Motor Vehicles) increased as is evident from the above table.

This indicates that adequate steps were not taken by the Departments resulting in increase of the outstanding IRs and Paragraphs.

3.8 Follow up on Audit Reports

3.8.1 Non-submission of *suo-moto* Action Taken Notes

The State Government (Finance Department) had issued instructions in June 1997 to all administrative departments to furnish *suo-moto* Action Taken Notes (ATNs) on all the audit paragraphs featuring in the Audit Reports to the Public Accounts Committee (PAC) irrespective of whether they were taken up for discussion by the Committee or not. These ATNs are to be submitted to the Committee duly vetted by the Principal Accountant General (Audit) within a period of three months from the date of presentation of Audit Reports in the State Legislature.

It was, however, noticed that out of 110 audit paragraphs featuring in the Chapters of Revenue Sector of Audit Reports from 2000-01 to 2015-16[2], *suo-moto* ATNs in respect of 88 audit paragraphs had not been received up to 31 March 2020.

3.8.2 Action taken on recommendations of the PAC

Action Taken Notes, duly vetted by the Principal Accountant General (Audit) on the observations/ recommendations made by the PAC/ COPU in respect of the audit paragraphs discussed by them are to be furnished to these Committees within six months from the date of such observations/ recommendations.

Out of 110 audit paragraphs featuring in the Revenue Sector of Audit Reports for the years from 2000-01 to 2015-16, only 17 audit paragraphs have been discussed by the PAC up to 31 March 2019. Recommendations in respect of 17 audit paragraphs including 12 partly discussed were made by the PAC, however, ATNs on the recommendations of the Committee is pending from the State Government in respect of 13 paragraphs.

3.8.3 Recovery of accepted cases

The position of paragraphs included in the Audit Reports of the last five years, those accepted by the Department and the amount recovered are given in Table 3.11.

Table 3.11: Paragraphs included in the Audit Reports of the last five years

Year of Audit Report	Number of paragraphs included	Money value of the paragraphs (₹ in crore)	Number of paragraphs accepted	Money value of accepted paragraphs (₹ in crore)	Amount recovered during the year 2018-19 (₹ in crore)	Cumulative position of recovery of accepted cases as of 31 March 2019 (₹ in crore)
2013-14	5	9.28	5	1.11	Nil	0.04
2014-15	4	0.76	4	0.76	Nil	0.10
2015-16	7	124.10	6	88.76	0.09	0.16
2016-17	8	2.14	8	2.14	Nil	0.20
2017-18	9	1.43	9	1.43	0.01	0.16[3]
Total	**33**	**137.71**	**32**	**94.20**	**0.10**	**0.66**

It would be seen from the above that in respect of paragraphs featured in the Audit Reports 2013-14 to 2017-18, the Department/ Government accepted audit observations involving ₹ 94.20 crore, of which only ₹ 0.66 crore was recovered as of March 2019, which is only 0.70 *per cent* of the accepted amount. This indicates that the Government could not recover the dues fully even for the cases wherein the audit observations had been accepted by the Department.

3.9 Audit Planning

The auditable entities under various Departments are categorised into high, medium and low risk units according to their revenue position, past trends of the audit observations and other parameters. The annual audit plan is prepared on the basis of

[2] Audit Reports 2016-17 and 2017-18 presented in Parliament in September 2020.
[3] Includes recovery of ₹ 15.80 lakh reflected in Audit Report for the year ended 31 March 2018.

risk analysis which *inter-alia* include critical issues in Government Revenues and Tax administration.

During the year 2018-19, there were 398 auditable units of revenue receipts (State Taxes, State Excise, Transport and Law) out of which 66 (17 *per cent*) units were planned for audit and 54 units (82 *per cent*) were audited.

3.10 Results of audit

Position of local audit conducted during the year

Test-check of the records of 54 units[4] out of 398 auditable units[5] of State Taxes, State Excise and Transport Department conducted during the year 2018-19 showed under assessment/ short levy/ loss of revenue aggregating ₹ 900.11 crore in 502 cases. Departmental replies were received only from eight units regarding acceptance of under assessment and other deficiencies of ₹ 2.46 crore. The Departments recovered ₹ 1.55 crore during 2018-19 in respect of 51 cases pertaining to audit findings of the period prior to 2018-19. Unit-wise details of recoveries accepted are detailed in ***Appendix 3.1.1.***

[4] State Taxes Department: 34 units; Transport Department: 12 units and Excise Department: 08 units.

[5] State Taxes Department: 66 units; Transport Department: 22 units; Excise Department: 44 units and Stamps Duty and Registration (Law Department): 266 units.

Chapter IV

Revenue Sector

Compliance Audit

CHAPTER IV

COMPLIANCE AUDIT (Revenue Sector)

A. General

4.1 Tax administration

4.1.1 Sales Tax/ Value Added Tax/ Goods and Services Tax

Sales Tax/ Value Added Tax/ Goods and Services Tax are administered by the Principal Secretary, Finance Department at the Government level. The Commissioner State Taxes, is entrusted with overall control and superintendence of the State Taxes Department. He is assisted by three Additional Commissioners (one each in Jammu and Kashmir Divisions and one for Tax Planning), 19 Deputy Commissioners (Jammu: 09; Kashmir: 08 and one each for headquarter and judicial matters) and 10 Assistant Commissioners (Jammu: 05; Kashmir: 05). The State is divided into 63 State Taxes Circles (Jammu: 30; Kashmir: 33), each headed by one State Taxes Officer.

4.1.2 State Excise

The State Excise Department of J&K is responsible for charging of Excise Duties under the J&K Excise Act, 1901 and the Rules made thereunder. The Department is headed by the Excise and Taxation Commissioner who is assisted by five Deputy Excise Commissioners (Jammu: 04; Kashmir: 01) and 16 Excise and Taxation Officers (Jammu: 10; Kashmir: 06). There are 20 Distilleries/ Bottling Plants which fall within the jurisdiction of the Excise and Taxation Officer, Distilleries, Jammu.

4.1.3 Taxes on Vehicles

Receipts from the Transport Department are regulated under the Central and the State Motor Vehicles Acts and Rules made thereunder and are under the administrative control of the Transport Commissioner.

4.2 Results of audit

Test-check of records of 54 units out of a total of 398 units of State Taxes, State Excise, Transport and Law Departments conducted by Audit during the year 2018-19 revealed under-assessment/ short levy of revenue aggregating ₹ 900.11 crore in 502 cases as detailed in Table 4.1.

Table 4.1: Results of Audit

(₹ in crore)

Sl. No.	Categories	Number of cases	Amount
Taxes on Sales, Trade/ VAT, etc.			
1.	Under-assessment of Tax	20	3.50
2.	Evasion of tax due to suppression of sales/ purchase	280	58.95
3.	Irregular/ incorrect/ excess allowance of Input Tax Credit	39	2.93
4.	Other irregularities	60	687.92
	Total	**399**	**753.30**
State Excise			
1.	Short/ Non realisation of Excise duty	1	0.01
2.	Short/ Non realisation of licence fee/ interest/ penalty	12	13.43
3.	Short levy of collection of Toll Tax	3	0.09
4.	Other irregularities	14	1.33
	Total	**30**	**14.86**
Motor Vehicle taxes			
1.	Non/ short realisation of Token Tax	9	15.42
2	Non/ short realisation of Passenger and goods tax	29	39.35
3.	Other Irregularities	35	77.18
	Total	**73**	**131.95**
	Grand Total	**502**	**900.11**

During the year 2018-19, an amount of ₹ 1.55 crore of revenue was recovered by the Departments under various heads[1] of receipt that had been pointed out in audit during previous years.

[1] Taxes on Sale, Trade/ VAT etc.: ₹ 1.54 crore; Stamps and Registration fee: ₹ 1.00 lakh.

B. Compliance Audit

4.3 Coverage of this Chapter

This Chapter of the Report on the Revenue Sector contains five paragraphs involving revenue implication of ₹ 2.03 crore relating to short demand due to irregular allowance of input tax credit, irregular grant of tax remission, concealment of purchases and misappropriation of Government money, etc. The Departments/ Government have accepted audit observations involving ₹ 2.03 crore, out of which ₹ 13.02 lakh have been recovered.

Finance Department

(State Taxes Department)

4.4 Short levy of tax due to concealment of purchases

Failure of the Assessing Authority to detect concealment of turnover while assessing a dealer, resulted in short levy of tax, interest and penalty of ₹ 17.67 lakh.

Section 7 of Jammu and Kashmir General Sales Tax Act, 1962 and the Rules made thereunder provide that every dealer shall submit the return of his turnover in such a manner as may be prescribed under the Act. Further, if a dealer furnishes incorrect particulars of turnover or conceals his turnover, the Assessing Authority (AA) shall direct the dealer under the sections 8(8) and 17 (1) (f) of the aforesaid Act to pay in addition to tax payable, interest at the rate of two *per cent* per month for the period of default and penalty not less than the amount of tax which was attempted to be evaded but not exceeding double the amount of such tax.

Scrutiny (December 2014/ May 2019) of records of Commercial Taxes Circle 'H' Srinagar, revealed that the assessment of a dealer[2] for the financial year 2009-10 was done (March 2014) by the AA at a taxable turnover of ₹ 6.04 crore after enhancing the turnover by ₹ 34.99 lakh. However, the inter-state purchase statements filed by the dealer alongwith his quarterly returns and the 'C-Form' consumption statements revealed that the inter-state purchases of ₹ 43.15 lakh had not been accounted for by the dealer in his accounts which led to concealment of sales turnover of ₹ 86.29 lakh[3]. Therefore, the dealer had violated Section 7 of Jammu and Kashmir General Sales Tax Act, 1962 and the Rules made thereunder and was required to pay tax, interest and penalty as determined under the Sections 8(8) and 17 (1) (f) of the Act. The assessing authority, while assessing the case enhanced the turnover by ₹ 34.99 lakh against the concealment of turnover of ₹ 86.29 lakh. The net concealed turnover worked out to

[2] Dealing in construction/ electrical works contracts.

[3] Includes freight, profit and other charges at the rate of 100 *per cent* as declared by the dealer in his trading account.

₹ 51.30 lakh, for which the dealer was liable to pay tax, interest and penalty of ₹ 17.67 lakh[4].

On this being pointed out (December 2014), the Assessing Authority re-assessed (December 2018) the dealer and raised a demand of ₹ 16.72 lakh[5]. It was further stated (December 2019) that the demand has been referred (May 2019) to the Deputy Commissioner Recovery Division, Kashmir. However, the progress of recovery was awaited (September 2020).

The matter was referred to Department/ Government in November 2019; their replies were awaited (September 2020).

4.5 Short demand of tax and interest due to irregular grant of tax remission

Irregular grant of tax remission by the Assessing Authorities, Commercial Taxes Circles I and II, Udhampur, to two industrial units which had concealed purchases of ₹ 12.32 lakh during the years 2010-11 and 2013-14, resulted in short demand of ₹ 26.22 lakh.

In exercise of the powers conferred by Section 79-A of the Jammu and Kashmir Value Added Tax (JKVAT) Act, 2005, the Government issued (March 2006) a notification for remission of tax in respect of small, medium and large scale industrial units which was to be granted subject to fulfillment of certain conditions. These conditions stipulated that to avail the remission of tax, the Industrial unit should be formally registered[6], it should submit tax remission claims in the prescribed forms, maintain correct and regular accounts of purchases of goods including plant, equipment, raw material, production and sale of goods etc. and provide employment to permanent residents of the State. Besides, the unit should not claim input tax credit and in no case shall procure the finished product from outside the state and shall not dispose of the raw material in any manner whatsoever except as provided in the certificate of registration. Any industrial unit found guilty of an offence specified under Section 66 (6), Section 67, Section 69(1)(f), Section 69(1)(g), Section 69(1)(h), Section 69(1)(k), Section 69(1)(I) of the JKVAT Act, 2005 was not entitled to remission of tax for the year during which such offence was committed.

I. Scrutiny of records[7] (May 2014) of State Taxes Circle-I, Udhampur, revealed that an industrial unit[8] was allowed (October 2013 and January 2014) tax remission of ₹ 7.45 lakh[9] for the first and second quarter of 2013-14, assessed on 23 October 2013 and 27 January 2014, respectively. However, cross check of purchase statement filed by the dealer with the VAT-65 Forms revealed that purchases of ₹ 3.54 lakh[10] made

4 Tax: ₹ 4.31 lakh; Interest with effect from effect from April 2010 to December 2018: ₹ 9.05 lakh; Penalty: ₹ 4.31 lakh.
5 Tax: ₹ 4.35 lakh; Interest: ₹ 8.02 lakh; Penalty: ₹ 4.35 lakh.
6 With Department of Industries and commerce/ Directorate of Handicrafts/ Handloom and also with the Department of Commercial taxes.
7 Out of 224 case assessed during 2013-14 audit test checked 55 cases.
8 Dealing in manufacture of cement.
9 First Quarter: ₹ 3.21 lakh; Second quarter: ₹ 4.24 lakh.
10 First Quarter: ₹ 3.31 lakh; Second quarter: ₹ 0.23 lakh.

during the first and second quarter of 2013-14 were not accounted for by the dealer in the purchase statement. The dealer was therefore guilty of offence under section 69 (1) (f) of the JKVAT Act, 2005 and was not entitled to the remission of tax. The Assessing Authority while passing the remission orders for the above period failed to notice the concealment of purchases which resulted in irregular remission of tax and short levy of tax including interest and penalty of ₹ 18.22 lakh[11].

On this being pointed out (May 2014/ October 2019), the Assessing Authority reassessed (March 2019/ January 2020) the unit and raised a demand of ₹ 18.74 lakh[12] in March 2019 and January 2020 against the industrial unit. However, the status of recovery was awaited (September 2020).

The matter was referred to the Department/ Government in April 2020; their replies were awaited (September 2020).

II. Test-check of the records (August 2017) of Commercial Taxes Circle-II, Udhampur, revealed that an industrial unit[13] had concealed purchases of ₹ 8.78 lakh during the year 2010-11 and was guilty of offence under Section 69 (1) (f) of the JKVAT Act, 2005. The Assessing Authority while assessing the industrial unit, raised (February 2017) a demand of ₹ 2.27 lakh[14] on the concealed turnover during the year 2010-11. However, the Assessing Authority allowed the remission of tax amounting to ₹ 3.09 lakh for the year 2010-11, which was irregular and resulted in short levy of tax and interest of ₹ 8.00 lakh[15].

On this being pointed out (August 2017), the Assessing Authority reassessed (April 2018) the unit and raised a demand of ₹ 10.80 lakh[16]. It was further stated (January 2020) that the dealer has applied for amnesty, paid principal tax of ₹ 3.61 lakh and the interest and penalty stands waived off.

The reply is not tenable as the dealer had concealed the turnover chargeable to tax, the demand created in consequence thereof was outside the purview of Amnesty Scheme.

The matter was referred to Department/ Government in July 2019; their replies were awaited (September 2020).

The Government should ensure that only permitted remissions are allowed and recovery of interest and penalty be made from the dealers who have irregularly availed such remissions.

[11] Tax: ₹ 0.21 lakh; Interest: ₹ 0.27 lakh and Penalty: ₹ 0.42 lakh on concealed turnover and Irregular remission of tax of ₹ 7.45 lakh and interest ₹ 9.87 lakh thereupon.
[12] Tax: ₹ 7.66 lakh; Interest: ₹ 10.66 lakh; Penalty: ₹ 0.42 lakh.
[13] Dealing in manufacture of jute bags.
[14] Tax: ₹ 0.52 lakh; Interest: ₹ 0.72 lakh; Penalty: ₹ 1.03 lakh.
[15] Tax: ₹ 3.09 lakh; Interest: ₹ 4.91 lakh.
[16] Tax on account of rejection of remission: ₹ 3.09 lakh; Tax on account of concealment of inter-state purchases: ₹ 0.52 lakh; Interest: ₹ 6.16 lakh; Penalty: ₹ 1.03 lakh.

4.6 Short demand due to irregular allowance of input tax credit

Failure of the Assessing Authorities, Commercial Taxes Circle-II, Udhampur and Circle 'L', Jammu to disallow Input Tax Credit claimed by dealers on purchases made during the period of suspension of their registration certificate, resulted in short demand of ₹ 1.26 crore.

Section 27 (7) of the Jammu and Kashmir Value Added Tax (JKVAT), 2005, stipulates that when any dealer to whom a certificate of registration is granted, fails to furnish any return or fails to pay any tax, penalty or interest payable under the Act, the certificate of registration of such dealer may be suspended by the prescribed Authority. Section 27 (8) of the above Act provides that suspension of certificate of registration will be withdrawn and registration certificate shall be restored on an application made by the dealer on furnishing evidence of payment of all taxes and on furnishing of overdue return(s) within 90 days of suspension. During the period the certificate of registration of a dealer remains suspended, he shall not be entitled to any benefits that a dealer whose certificate of registration is in force, is entitled to. The dealer is liable to pay interest and penalty under Section 51(4) and 69(1) (m) of VAT Act 2005 for willfully claiming Input Tax Credit for the period during which his registration certificate was placed under suspension.

I. Scrutiny of records (August 2017) of Commercial Taxes Circle II, Udhampur revealed that for non-filing of quarterly return for the third quarter of 2012-13, the registration certificate of a dealer[17]was suspended by the Assessing Authority from 30 April 2013 to 12 February 2014. The dealer, however, claimed input tax credit of ₹ 40.09 lakh during 2013-14 which included an amount of ₹ 30.76 lakh pertaining to the period when his registration was under suspension and the same was allowed by the Assessing Authority while assessing (March 2017) the dealer for the Accounting year 2013-14. Thus, the failure to disallow the input tax credit resulted in short demand of ₹ 1.21 crore[18].

On this being pointed out (August 2017), the assessing authority re-assessed (October 2018) the dealer for the accounting year 2013-14 and raised a demand of ₹ 1.29 crore[19]. However, the status of recovery was awaited (September 2020).

The matter was referred to the Department/ Government in June 2019; their replies were awaited (September 2020).

II. Scrutiny of records (September 2018) of Commercial Taxes Circle 'L', Jammu revealed that for non-filing of quarterly return for the fourth quarter of 2013-14, the registration certificate of a dealer[20] was suspended on 23 June 2014 which was not restored as of May 2015. During the period of suspension of his registration, the dealer was not entitled to avail the input tax credit under Section 21 of the Act. However, Input

[17] Dealing in packaged milk, ghee etc.
[18] Tax: ₹ 30.76 lakh; Interest: ₹ 28.35 lakh; Penalty: ₹ 61.53 lakh.
[19] Tax: ₹ 30.76 lakh; Interest: ₹ 36.95 lakh; Penalty: ₹ 61.53 lakh.
[20] Dealing in sale/ purchase of Medicines and Cosmetics.

Tax Credit claim of ₹ 1.37 lakh on purchase of ₹ 26.92 lakh made by the dealer during the period 23 June 2014 to 31 March 2015, was allowed by the Assessing Authority while assessing (March 2018) the dealer to tax for the Accounting year 2014-15 under Section 39(5) of the Act. Thus, the failure to disallow the input tax credit resulted in a short demand of ₹ 5.35 lakh[21] towards tax, interest and penalty.

On this being pointed out (September 2018), the Assessing Authority re-assessed (September 2019) the dealer for accounting years 2014-15 and raised a demand of ₹ 5.59 lakh[22].

The matter was referred to the Government/ Department in December 2019. The Deputy Commissioner State Taxes (Judicial) stated (February 2020) that in view of non-compliance on the part of dealer to make payment, the Assessing Authority referred (December 2019) the arrears to Deputy Commissioner State Taxes (Recovery) and proceedings for recovery under Land Revenue Act have been initiated.

The reply of Government is awaited (September 2020).

4.7 Short demand due to irregular availing of input tax credit

Failure of the Assessing Authority to correctly verify the return filed by a dealer and disallow irregular input tax credit claimed on expired/ returned goods, resulted in short demand of ₹ 16.04 lakh.

Section 35(1) of the Jammu and Kashmir Value Added Tax (JKVAT) Act, 2005 stipulates that, all the returns filed by the dealers shall be scrutinised by the Assessing Authority to verify the correctness of calculations, application of correct rate of tax/ interest and input tax credit claimed. Further, Section 14 of the JKVAT Act, 2005 stipulates that, any dealer who in the course of his business, purchases any taxable goods from a registered dealer in the circumstances in which no tax is payable by that registered dealer on the sale price of such goods or from any other person, the dealer shall be liable to pay tax on purchase price of such goods, if after such purchase, the goods are not sold within the State or sold in the course of inter-state trade and commerce or exported out of the territory of India. The JKVAT Act, 2005 also stipulates that no input tax credit (ITC) shall be claimed or allowed to a registered dealer in respect of goods purchased on payment of tax, if such goods are not sold because of any theft or due to their destruction.

The JKVAT Act, 2005 provides for reversal of the tax credit availed in respect of goods lost due to theft or destroyed due to any other reasons. For default in making the payment under Sections 37 to 40 of the JKVAT Act, a dealer is liable to pay interest on the amount at the rate of two *per cent* per month.

Scrutiny of records (December 2018) of the State Taxes Anantnag I Circle revealed that a dealer had filed a self-assessment return for the year 2013-14 which was accepted by the Assessing Authority. The dealer claimed to have made local purchases of

[21] Tax: ₹ 1.38 lakh; Interest: ₹ 1.22 lakh; Penalty: ₹ 2.75 lakh.
[22] Tax: ₹ 1.38 lakh; Interest: ₹ 1.46 lakh; Penalty: ₹ 2.75 lakh.

₹ 245.95 lakh. His tax liability of ₹ 20.60 lakh on sales of ₹ 250.82 lakh[23], was met by availing of input tax credit of ₹ 12.30 lakh and payment of tax of ₹ 8.30 lakh. However, as per the trading account filed by the dealer, the expired/ goods returned valued at ₹ 86.63 lakh[24] were reduced from the purchases, for which he was not entitled to claim input tax credit of ₹ 8.53 lakh. The Assessing Authority while accepting the return failed to verify and disallow the input tax credit of ₹ 8.53 lakh availed incorrectly by the dealer which has resulted in short demand of ₹ 16.04 lakh[25] including tax and interest.

On this being pointed out, the Assessing Authority re-assessed (May 2019) the dealer for the Accounting year 2013-14 under Section 42 of the JKVAT Act, 2005 and raised a demand of ₹ 19.11 lakh[26]. The status of recovery is awaited (September 2020).

The matter was referred to the Department/ Government in April 2020; their replies were awaited (September 2020).

Revenue Department

4.8 Misappropriation of Government money

Tehsildar, Kathua failed to adhere to the rules prescribed for handling of revenues of the Government and also furnished incorrect information to audit which facilitated misappropriation of revenue receipts of ₹ 16.81 lakh.

Rules 2-1 to 2-15 of Jammu and Kashmir Financial Code (JKFC) Volume-I, prescribe the general principles regarding duties in respect of cash and accounts, receipt of Government money, its custody and payment into treasury and maintenance of accounts cash book. Rule 2-4 (1) of JKFC stipulates that an officer receiving money on behalf of Government is to give the payer a receipt in form FC-I, duly signed by the authorised officer, who shall satisfy at the time of signing the receipt and initialing its counterfoil that the amount has been properly entered in the cash book.

Audit scrutiny (September 2017) of the records of Tehsildar, Kathua revealed certain discrepancies in maintenance of records relating to collection and remittance of revenue into the Government Treasury. The money received[27]on behalf of the Government was not routed through the cash book or entered in the revenue register, cash receipts were not given in prescribed forms (FC-1) and the revenue remittance register was not maintained. Audit noticed instances of short/ non-remittance of revenue ₹ 5.66 lakh and delays ranging between two to nine months in remittance of revenue into the Government Treasury.

Despite this being pointed out (September 2017) in audit, reasons for the irregularity were not investigated (September 2019) and necessary corrective measures were not

[23] ₹ 156.04 lakh taxable at the rate of 5 *per cent* and ₹ 94.78 lakh taxable at the rate of 13.50 *per cent.*

[24] Purchases valuing ₹ 37.19 lakh taxable at the rate of 5 *per cent* involving ITC of ₹ 1.86 lakh and Purchases valuing ₹ 49.44 lakh taxable at the rate of 13.5 *per cent* involving ITC of ₹ 6.67 lakh.

[25] Tax: ₹ 8.53 lakh; Interest: ₹ 7.51 lakh.

[26] Tax: ₹ 8.53 lakh; Interest: ₹ 10.58 lakh.

[27] For issuance of income certificates, copies of mutation/ *fard/ Khasra Girdawari, zamabandi*, permanent resident certificate etc.

taken. The Tehsildar, Kathua, however, informed (July 2018) that due to shortage of staff, remittance could not be made into the treasury and stated that all the revenue had subsequently been remitted into the treasury.

The matter was again pursued with the Department (February 2019) and the Tehsildar, Kathua provided (April/ July 2019) details of revenue collected and remitted during the period 2015-16 to 2018-19, which reflected short remittance of ₹ 16.81 lakh as only ₹ 49.18[28] lakh out of the revenue collection of ₹ 65.99 lakh[29] had been remitted into the Treasury. The Tehsildar, Kathua also stated (October 2019) that non-remittance of revenue pertained to period long before his joining that office and the official who held the charge of *Nazir*[30] during that period had expired while in active service on 30 November 2018. Besides, it was stated that the existing loopholes in the system have been plugged and efforts will be made to recover the amount from the retirement benefits of the family of the deceased person (*Nazir*). It was also stated (August 2019) that in future, the payee receipt on FC-1 and the treasury challans in FC-2 shall be issued/ presented under the signatures of Drawing and Disbursing Officer. The Deputy Commissioner, Kathua stated (August 2020) that the Tehsildar, Kathua has recovered ₹ 9.41 lakh from Death-cum-retirement-Gratuity admissible to the wife of deceased employee and the balance amount shall be recovered from the family pension at the rate of ₹ 10,000 per month.

The reply confirms the fact that the Tehsildar, Kathua failed to observe the prescribed Rules with regard to handling of the revenues of the Government and also provided (July 2018) incorrect information to audit which facilitated the misappropriation of revenue receipts of ₹ 16.81 lakh.

The matter was referred to the Department/ Government in April 2020; their replies were awaited (September 2020).

The Department may put in place a system preferably an Information Technology enabled system to ensure that all Government receipts are accounted for and expeditiously deposited into the Government Account to prevent misappropriation of funds. Further, reasons for the lapse be examined and if necessary responsibility should be fixed.

[28] 2016-17: ₹ 19.71 lakh; 2017-18: ₹ 17.57 lakh; 2018-19: ₹ 11.90 lakh.
[29] 2016-17: ₹ 23.34 lakh; 2017-18: ₹ 21.51 lakh; 2018-19: ₹ 21.14 lakh.
[30] Cashier.

Part III

Public Sector Undertakings

Chapter V

Functioning of State Public Sector Undertakings

CHAPTER V

Functioning of State Public Sector Undertakings

5.1 Introduction

5.1.1 General

The State Public Sector Undertakings (PSUs) are established to carry out activities of commercial nature keeping in view the welfare of people and occupy an important place in the economy of the State. These PSUs consist of State Government Companies and Statutory Corporations. As on 31 March 2019, there were 42[1] PSUs (six in Power Sector and 36 in Sectors other than Power Sector), including three Statutory Corporations[2] under the audit jurisdiction of the Comptroller and Auditor General of India (C&AG); Out of these 42 PSUs, 33 are working and nine[3] are non-working (four in Power Sector and five in Sectors other than Power Sector). One PSU, Jammu and Kashmir Bank Limited, having a total paid-up equity of ₹ 55.70 crore is listed on the stock exchange since July 1998. This paid-up equity of ₹ 55.70 crore of the Bank is held partly by the State Government (59.23 *per cent*) and the remaining part by Foreign Institutional Investors, Resident Individuals and others (40.77 *per cent*)[4]. During the year 2018-19, six PSUs were incorporated and no PSU was closed down.

There are two power generation Companies, Jammu and Kashmir State Power Development Corporation Limited (JKSPDC) and Chenab Valley Power Project Private Limited (CVPPP). The Chenab Valley Power Project Private Limited (CVPPP) Company which is a joint venture[5] Company, has an investment of ₹ 1,439.18 crore[6] as of March 2019.

As a consequence of the unbundling of the Power Sector, one power transmission Company[7], two power distribution companies[8] and one Company[9] exclusively to conduct trading activities in power were incorporated on behalf of the State Government. However, these Companies which have been incorporated between March

---

1 Includes six new PSUs incorporated during the period April 2018 to March 2019 Jammu & Kashmir Trade Promotion Organisation, AIC-Jammu & Kashmir EDI Foundation, Jammu & Kashmir Infrastructure Development Finance Corporation Private Limited, Jammu & Kashmir I.T. Infrastructure Development Private Limited, Jammu Mass Rapid Transit Corporation Private Limited and Srinagar Mass Rapid Transit Corporation Private Limited.

2 Jammu and Kashmir State Financial Corporation, Jammu and Kashmir State Road Transport Corporation and Jammu and Kashmir State Forest Corporation.

3 Jammu and Kashmir Power Transmission Company Limited, Jammu Power Distribution Company Limited, Kashmir Power Distribution Company Limited, Jammu and Kashmir Power Trading Company Limited, Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited), Tawi Scooters Limited, Himalayan Wool Combers Limited, Jammu and Kashmir Road Development Corporation Limited and Jammu and Kashmir International Trade Centre Corporation Limited.

4 Indian Mutual Funds, Insurance Companies, Non-Resident Indian and Corporate Bodies.

5 CVPPP is a joint venture of JKSPDC, National Hydroelectric Power Corporation (NHPC) and Power Trading Corporation (PTC) wherein Government of Jammu & Kashmir has not made any investment.

6 JKSPDC: ₹ 687.55 crore, NHPC: ₹ 747.55 crore and PTC: ₹ 4.08 crore.

7 Jammu and Kashmir Power Transmission Company Limited (March 2013).

8 Jammu Power Distribution Company Limited (June 2013) and Kashmir Power Distribution Company Limited (June 2013).

9 Jammu and Kashmir Power Trading Company Limited (March 2013).

2013 and June 2013, are yet to start their commercial operations as of March 2019. In the absence of commercial operations by these companies, the power transmission and distribution activities continues to be carried out by the Power Development Department of Jammu & Kashmir Government.

The 33 working PSUs registered an annual turnover of ₹ 9,784.90 crore and earned an aggregate profit of ₹ 448.02 crore as of 30 September 2019 as per their latest finalised accounts. This turnover was equal to 6.33 *per cent* of Gross State Domestic Product (GSDP), which was ₹ 1,54,441 crore (at current prices) for the State for 2018-19.

There are nine non-working PSUs, with an investment of ₹ 56.60 crore towards share capital (₹ 55.77 crore) and long term loans (₹ 0.83 crore), by the State Government which are non-operational for the last five to 29 years.

5.1.2 Accountability Framework

Section 2 (45) of the Companies Act, 2013 (Act), defines a Government Company as any Company in which not less than 51 *per cent* of the paid-up share capital is held by the Central Government or by any State Government or Governments or partly by the Central Government and partly by one or more State Governments, and also includes a Company which is a subsidiary Company of a Government Company. The procedure for audit of Government Companies are laid down in Sections 139 and 143 of the Companies Act, 2013.

The C&AG of India appoints the Statutory Auditors of a Government Company and Government Controlled Other Company under Section 139(5) and (7) of the Companies Act, 2013. Section 139 (5) of the Companies Act, 2013 provides that the Statutory Auditors in case of a Government Company or Government Controlled Other Company are to be appointed by the C&AG within a period of 180 days from the commencement of the financial year. Section 139 (7) of the Companies Act, 2013, however, provides that in the case of a Government Company or Government Controlled Other Company, the first auditor is to be appointed by the C&AG within 60 days from the date of registration of the Company and in case the C&AG does not appoint such auditor within the said period, the Board of Directors of the Company or the members of the Company have to appoint such an auditor.

Further, as per sub-Section 7 of Section 143 of the Companies Act 2013, the C&AG may, in case of any Company covered under sub-Section (5) or sub-Section (7) of Section 139, if considered necessary, by an order, cause audit to be conducted of the accounts of such Company and the provisions of Section 19A of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 shall apply to the report of such test audit. Thus, a Government Company or any other Company owned or controlled, directly or indirectly, by the Central Government, or by any State Government or Governments or partly by Central Government and partly by one or more State Governments is subject to the audit by the C&AG. However, audit of the financial statements of a Company in respect of the financial years that commenced on

or before 31 March 2014 shall continue to be governed by the provisions of the Companies Act, 1956.

5.1.3 Statutory Audit

The financial statements of the Government Companies (as defined in Section 2 (45) of the Companies Act 2013) are audited by Statutory Auditors, who are appointed by the C&AG as per the provisions of Section 139(5) or (7) of the Companies Act 2013. The Statutory Auditors submit a copy of the Audit Report to the C&AG including, among other things, financial statements of the Company under Section 143(5) of the Act 2013. These financial statements are also subject to supplementary audit by the C&AG within 60 days from the date of receipt of the audit report under the provisions of Section 143 (6) of the Act 2013.

Audit of Statutory Corporations is governed by their respective legislations. Out of the three Statutory Corporations, the C&AG is the sole auditor for Jammu and Kashmir State Road Transport Corporation only. Audit of Jammu and Kashmir State Financial Corporation and Jammu and Kashmir State Forest Corporation Limited, is conducted by Chartered Accountants and supplementary audit is conducted by the C&AG.

5.1.4 Role of Government and Legislature

The State Government exercises control over the affairs of these PSUs through their Administrative Departments. The Chief Executive and Directors to the Board are appointed by the Government.

The State Legislature also monitors the accounting and utilisation of Government investment in the PSUs. The Annual Reports together with the Statutory Auditors' Reports and comments of the C&AG, in respect of State Government Companies and Separate Audit Reports of the C&AG in case of Statutory Corporations, are to be placed before the State Legislature under Section 394 of the Companies Act, 2013 or as stipulated in the respective Acts. The Audit Reports of C&AG are submitted to the Government under Section 19A of the C&AG's (Duties, Powers and Conditions of Service) Act, 1971.

5.1.5 Impact of contribution of Public Sector Undertakings

To assess the reasonable rate of return on the investment made in PSUs by the Government of Jammu & Kashmir (GoJ&K), ratios such as return on equity, return on capital employed and to assess the ability of the Companies to service the debt owed to Government, Banks and other financial institutions by commenting on Debt Turnover Ratio, Interest Coverage Ratio etc., these PSUs are bifurcated into two categories, PSUs in Power Sector (six[10]) and PSUs in Sectors other than Power Sector (36[11]) to get a fair view about the impact and contribution of these PSUs separately

[10] Two Working PSUs: Jammu and Kashmir State Power Development Corporation Limited (JKSPDC) and Chenab Valley Power Project Private Limited (CVPPP) and four inactive PSUs: (1) Jammu and Kashmir Power Trading Company Limited (2) Jammu and Kashmir Power Transmission Company Limited (3) Jammu Power Distribution Company Limited and (4) Kashmir Power Distribution Company Limited.

[11] 33 Government Companies and three Statutory Corporations (Jammu and Kashmir State Forest Corporation, Jammu and Kashmir State Financial Corporation and Jammu and Kashmir State Road Transport Corporation).

towards the economy of the State. The Table 5.1 provides the details of turnover of the PSUs and GSDP of the State during the period 2014 to 2019.

Table 5.1: Details of turnover of State PSUs *vis-a-vis* GSDP of J&K

(₹ in crore)

Particulars	2014-15	2015-16	2016-17	2017-18	2018-19

Percentage of turnover of Power Sector to GSDP of J&K (***in per cent***)	1.24	0.96	0.88	0.70	0.64
Percentage of turnover of PSUs of Sectors other than Power Sector to GSDP of J&K (***in per cent***)	7.57	6.23	5.71	5.38	5.69

(Source: Compiled based on turnover figures of Power Sector PSUs and GSDP figures as per information provided by the GoJ&K, Finance Department)

5.1.6 Disinvestment, restructuring and privatisation of State PSUs

During the year 2018-19, no disinvestment, restructuring and privatisation was done by the State Government in all sectors including power as well as in of PSUs Sectors other than Power Sector Undertakings.

5.1.7 Investment in Public Sector Undertakings

Investment made in these 42 State PSUs in the form of equity and long term loans upto 31 March 2019 are given in Table 5.2.

Table 5.2: Activity-wise investment in PSUs

(₹ in crore)

(Source: Compiled based on information received from PSUs)

* *Out of six Power Sector PSUs only two are active (JKSPDC and CVPPP). The GoJ&K has not made any investment in CVPPP.*

^ *Details in* ***Appendix 5.1.1.***

As on 31 March 2019, out of total investment of ₹ 1,444.38 crore in equity of PSUs in the Power Sector, only ₹ 5.20 crore (0.36 *per cent*) was contributed by the GoJ&K. The long term loans of ₹ 1,627.12 crore availed by JKSPDC were from Banks and other Financial Institutions.

[12] Turnover pertains to only JKSPDC as out of six Power Sector PSUs, four PSUs, (1) Jammu and Kashmir Power Trading Company Limited (2) Jammu and Kashmir Power Transmission Company Limited (3) Jammu Power Distribution Company Limited and (4) Kashmir Power Distribution Company Limited are inactive and in CVPPP, the GoJ&K has not made any investment.

The State Government had infused ₹ 5,753.83 crore as plan fund as per the finalised accounts of 2013-14 to JKSPDC for creation of capital assets as given in Table 5.3.

Table 5.3: Status of plan funds in JKSPDC

Year	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19
Accounts finalised up to	2010-11	2010-11	2011-12	2011-12	2013-14	2013-14
Plan fund infused (₹ in crore)	3,857.15	3,857.15	5,346.91	5,346.91	5,753.83	5,753.83

As per records of Department, an amount of ₹ 5,318.61 crore was outstanding as of March 2018 with JKSPDC. The State Government (December 2018) instructed JKSPDC to adjust ₹ 3,668.81[13] crore against the liability of State Government on account of power purchase from the Company and issue of equity shares worth ₹ 2,588.34[14] crore to the State Government. The Company issued (August 2019), shares worth ₹ 2,588.34 crore in compliance of the Government Orders.

The adjustment of outstanding electricity bill of the State Government against funds received for capital assets was irregular as the funds were provided by the Government for construction of capital assets. Besides, the accounts of the Company were depicting these funds as capital reserves.

As on 31 March 2019, the total investment (equity and long term loans) in 36 PSUs of Sectors other than Power Sector was ₹ 5,812.11 crore. The investment consisted of 14.88 *per cent* towards equity and 85.12 *per cent* in Long Term Loans. The Long Term Loans advanced by the State Government constituted 43.31 *per cent* (₹ 2,142.76 crore), out of the total Long Term Loans (₹ 4,947.16 crore) whereas the remaining 56.69 *per cent* (₹ 2,804.40 crore) of the total Long Term Loans were availed from other financial institutions.

5.1.8 Budgetary support to Public Sector Undertakings

(A) Budgetary support for PSUs of the Power Sector

The GoJ&K provides financial support to for PSUs of the Power Sector in various forms through the annual budget as equity, loans, grants/ subsidies, loans written off and loans converted into equity.

Budgetary assistance of ₹ 135 crore and ₹ 5.74 crore was received by JKSPDC as grant during 2017-18 and 2018-19 respectively. No budgetary assistance was, however, received from the State Government during 2016-17.

The GoJ&K provides guarantee to the PSUs to seek financial assistance from Banks

[13] Total power purchase liability of the PDD towards JKSPDC up to March 2018 was ₹ 3,668.81 crore which was adjusted against the funds amounting to ₹ 5,318.61 crore given to JKSPDC by the State Government up to March 2018.

[14] The balance (₹ 1,649.80 crore) available with JKSPDC, the assets transferred to JKSPDC (₹ 916.54 crore) by the State Government at token value of ₹ one in the year 1999 and 44 MW Stakna HEP (₹ 22 crore) transferred to JKSPDC by the PDD in the year 2011 together were treated as equity contribution.

and financial institutions. However, the State Government has not enacted a Guarantee Act prescribing the limit for guarantees to be given by the State Government and stipulating the guarantee commission or guarantee fee. The Fiscal Responsibility and Budget Management (FRBM) Act, 2006, however lays down the overall limit within which the State Government may give guarantee on the security of Consolidated fund of the State. The GoJ&K also constituted (August 2006) Guarantee Redemption Fund for meeting obligations arising out of guarantees issued on behalf of the State Government. Outstanding guarantee commitments[15] decreased by 26.63 *per cent* from ₹ 2,299.40 crore in 2016-17 to ₹ 1,687.12 crore in 2018-19. During the year 2018-19, no guarantee fee was paid for by the PSUs of the Power Sector.

(B) Budgetary support to State PSUs (Sector other than Power Sector)

The summarised details of budgetary outgo towards equity, loans, grants/ subsidies, loans written off and loans converted into equity in respect of State PSUs of sectors other than Power Sector for the last three years ending March 2019 are given in Table 5.4.

Table 5.4:
Details regarding budgetary support to State PSUs (of Sectors other than Power Sector) during the period 2016-17 to 2018-19

(₹ in crore)

Sl. No.	Particulars[16]	2016-17		2017-18		2018-19	
		Number of PSUs	Amount	Number of PSUs	Amount	Number of PSUs	Amount
1.	Equity Capital outgo	3	9.56[17]	4	23.20[18]	13	40.42[19]
2.	Loans given	8	54.77	8	50.82	9	56.18

7.	Outstanding Guarantee Commitment	3	60.60	2	98.28	2	134.97

(Source: Compiled based on information received from PSUs)

** Number of PSUs represents those PSUs which have received outgo from budget under one or more heads i.e. equity, loans and grants/ subsidies.*

In PSUs of Sectors other than Power Sector, the annual budgetary assistance ranged between ₹ 139.77 crore and ₹ 197.63 crore during the period 2016-17 to 2018-19. The budgetary assistance of ₹ 139.77 crore given during the year 2018-19 included ₹ 56.18 crore in the form of loans, ₹ 43.17 crore as grants/ subsidy and ₹ 40.42 crore

15 2016-17: ₹ 2,299.40 crore, 2017-18: ₹ 2,045.88 crore and 2018-19: ₹ 1,687.12 crore.

16 Amount represents outgo from State Budget only.

17 The State Government infused investment of ₹ 250 crore in Jammu and Kashmir Bank Limited against which bank had issued 3,65,55,051 shares (at premium of ₹ 67.39 per share against face value of ₹ 1 per share) during 2016-17. The addition to share capital had been reflected accordingly.

18 The State Government infused investment of ₹ 282 crore in Jammu and Kashmir Bank Limited against which bank had issued ₹ 3.55 crore shares (at premium of ₹ 78 per share against face value of ₹ 1 per share) 2017-18. The addition to share capital had been reflected accordingly.

19 Includes ₹ 6.57 crore in respect of nine new PSUs incorporated during 2017-18 and 2018-19.

on account of equity assistance. The subsidy/ grants given by the State Government was primarily to provide for reconstruction of damaged assets and up-gradation of Industrial Estates, however, these also included grants provided to Schedule Caste, Schedule Tribe and Other Backward Classes Development Corporation for meeting its salary expenses.

Outstanding guarantee commitments increased by 122.72 *per cent* from ₹ 60.60 crore in 2016-17 to ₹ 134.97 crore in 2018-19. During the year 2018-19, no guarantee fee was paid by PSUs of Sectors other than Power Sector PSUs.

5.1.9 Reconciliation with the Finance Accounts of the Government of Jammu and Kashmir

The figures in respect of equity, loans and guarantees outstanding as per records of State PSUs should agree with that of the figures appearing in the Finance Accounts of the GoJ&K. In case the figures do not agree, the concerned PSUs and the Finance Department should carry out reconciliation of the differences. The mismatch between the figures furnished by the PSUs with those depicted in the Finance Account, as on 31 March 2019 is given in Table 5.5

Table 5.5:
Equity and Loans outstanding as per Finance Accounts *vis-a-vis* records of PSUs up to March 2019

(₹ in crore)

Outstanding in respect of	Amount as per Finance Accounts		Amount as per records[20] of PSU		Difference	
	Power Sector	Sectors other than Power Sector	Power Sector	Sectors other than Power Sector	Power Sector[21]	Sectors other than Power Sector
Share capital	7.45	625.74	5.00	697.40	(-) 2.45	71.66
Outstanding Loans	85.05	834.87	0.00	2,141.90	(-) 85.05	1,307.03
Guarantees	1,687.12	117.13	1,687.12	148.27	Nil	31.14

(Source: Compiled based on information received from PSUs and Finance Accounts)

Audit observed that out of 22 State PSUs[22], of Sectors other than Power Sector, such differences occurred in respect of 17 PSUs as detailed in ***Appendix 5.1.2***. The differences between the figures are persisting for last many years. The issue of reconciliation of differences was also taken up with the PSUs and the Departments from time to time. Major difference in balances was observed in Jammu and Kashmir State Road Transport Corporation Limited related to outstanding loans and Jammu and Kashmir Small Scale Industries Development Corporation Limited in respect of equity.

It is recommended that the State Government and the respective PSUs should reconcile the differences in accounts in a time-bound manner.

[20] Unaudited current figures up to March 2019.
[21] Difference was in respect of JKSPDC only.
[22] Data in respect of five inactive PSUs, (1) Jammu and Kashmir State Road Development Corporation Limited, (2) Jammu and Kashmir International Trade Centre Corporation Limited, (3) Tawi Scooters Limited, (4) Himalayan Wool Combers Limited and (5) Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited and nine newly incorporated PSUs is not considered.

5.1.10 Submission of Annual Accounts by Public Sector Undertakings

There were 33 working PSUs in the State of J&K for the year 2018-19 and all these PSUs, were required to submit their Annual Accounts by 30 September 2019.

Table 5.6: Position of accounts

Nature of PSUs	Total Number	Number of PSUs of which accounts received during the reporting period[23]				Number of PSUs of which accounts are in arrear (total accounts in arrear) as on 30 September 2019
		Accounts upto 2018-19	Accounts upto 2017-18	Accounts upto 2016-17	Total	
Working Government Companies[24]	30	3	1	-	4	17[25] (156)
Statutory Corporations	3	-	1	-	1	2[26] (6)
Total Working PSUs	**33**	**3**	**2**	**-**	**5**	**19 (162)**
Non- working Government Companies	9	-	-	-	-	3[27] (75)
Total	**42**	**3**	**2**	**-**	**5**	**22 (237)**

(Source : Information received by the Office)

Out of 33 working PSUs, three Government Companies[28] submitted their accounts for the year 2018-19 for audit by C&AG on or before 30 September 2019, and accounts of 19 Government Companies were in arrears. Remaining 11 PSUs did not submit their Annual Accounts since entrustment/ inception. The Jammu and Kashmir State Forest Corporation, Jammu and Kashmir Medical Supplies Corporation Limited, have not submitted the First Accounts from the year 1996-97 and 2013-14 respectively**.**

The Administrative Departments have the responsibility to oversee the activities of these entities and to ensure that the Annual Accounts are finalised and adopted by these PSUs within the stipulated period. Details of arrears in finalisation of Annual Accounts are given in ***Appendix 5.1.3 (A)***.

Out of 19 working State PSUs, the GoJ&K had provided ₹ 366.83 crore (Loan: ₹ 359.63 crore, Subsidy: ₹ 7.20 crore) to ten PSUs whose Accounts had not been finalised by 30 September 2019. In the remaining nine PSUs for which the Annual Accounts are in arrears during the period, there was no investment by the State Government.

PSU-wise details of investment made by State Government during the years for which

---

23 From October 2018 to September 2019.

24 Government PSUs include other Companies referred to in Section 139(5) and 139(7) of the Companies Act, 2013.

25 Jammu and Kashmir Medical Supplies Corporation Limited (incorporated in March 2014) and nine new incorporated PSUs (incorporated during the years 2017-18 and 2018-19) are not considered since they had never submitted their accounts since inception.

26 Arrears of accounts in respect of Jammu and Kashmir State Forest Corporation not considered since the Company had not submitted any account since its inception (July 1979).

27 Arrears of accounts in respect of six Companies. (1) Jammu and Kashmir Power Trading Company Limited (2) Jammu and Kashmir Power Transmission Company Limited (3) Jammu Power Distribution Company Limited (4) Kashmir power Distribution Company Limited (5) Jammu and Kashmir State Road Development Corporation Limited and (6) Jammu and Kashmir International Trade Centre are not considered since these Companies have never submitted their accounts since inception.

28 CVPPP, Jammu and Kashmir Bank Limited and Jammu and Kashmir Bank Financial Services Limited.

Annual Accounts were in arrears as of September 2019 are given in ***Appendix 5.1.3(B)***.

Delay in finalisation of accounts not only results in violation of the provisions of the relevant statutes but also entails risk of fraud and diversion of public money as well as the correctness of the Accounts.

This is especially significant for PSUs like Jammu and Kashmir Medical Supplies Corporation Limited, which was incorporated to assist the medical service providers in the Government sector for procurement and distribution of medicines and equipment. Non submission of accounts since inception does not render itself to an assessment of the performance of the Company in assisting the Health and Medical Education Department especially during situations like the Covid-19 pandemic.

In view of the position of arrears of accounts, the actual contribution of the State PSUs to State GDP for the year 2018-19 could not be ascertained and their contribution to State exchequer also could not be reported to the State Legislature.

It is recommended that the concerned Administrative and Finance Department ensure that:

- **The Government identify the constraints in timely preparation of accounts of the PSUs and take necessary steps for making the accounts up to date.**
- **The State PSU's take immediate corrective action for liquidating arrears in accounts and**
- **Budgetary support is not extended to such PSUs whose accounts are not current.**

Placement of Separate Audit Reports of Statutory Corporations

Separate Audit Reports (SARs) are audit reports of the C&AG on the accounts of Statutory Corporations. These reports are to be laid before the Legislature as per the provisions of the respective Acts. Out of three working Statutory Corporations, none have submitted their accounts of 2018-19 by 30 September 2019.

The status of Annual Accounts of Statutory Corporations and placement of their SARs in the Legislature is detailed in Table 5.7.

Table 5.7: Status of placement of SAR of the Statutory Corporations

Name of the Corporation	Year of Accounts	Month of placement of SAR
Jammu and Kashmir State Financial Corporation.	2017-18	Yet to be presented
Jammu and Kashmir State Road Transport Corporation	2013-14	February 2018
Jammu and Kashmir State Forest Corporation.	-	Accounts not submitted by the Corporation since Entrustment (Accounts of 1996-97 onwards)

Source: Compiled based on information furnished by the Jammu and Kashmir Legislative Assembly

5.1.11 Performance of Public Sector Undertakings

(A) Performance for State PSUs of the Power Sector

The Public Sector Undertakings are expected to yield reasonable return on investment made by Government in these undertakings. The financial position and working results

of six Companies of Power Sector as per their latest finalised accounts, as of 30 September 2019 are detailed in ***Appendix 5.1.4***.

The investment in the PSUs of the Power Sector was ₹ 3,270.87 crore[29] consisting of ₹ 1,444.38 crore as equity and ₹ 1,826.49 crore as long term loans. Out of this, GoJ&K has made an investment of ₹ 5.20 crore only in equity share capital in five[30] PSUs of the Power Sector. However out of these five PSUs, JKSPDC, the only active PSU of the Power Sector, was a profit making Company, with profits ranging from ₹ 433.41 crore to ₹ 668.95 crore in respect of four accounts[31] finalised during the period from 2014-15 to 2018-19.

(B) Performance of State PSUs of Sectors other than Power Sector

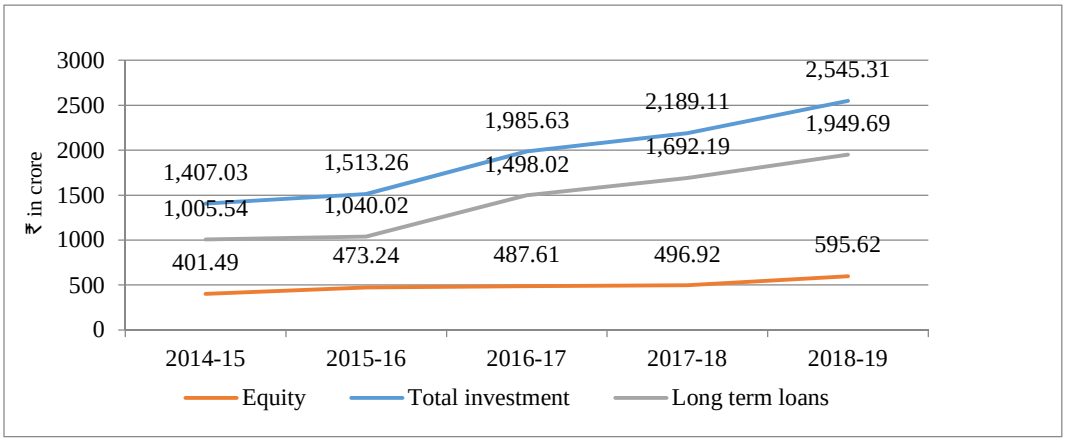
The financial position and working results of the 36 State PSUs (Sectors other than Power Sector) as per their latest finalised accounts, as of 30 September 2019, are detailed in ***Appendix 5.1.5***.

The total investment of the State Government and others in the PSUs of Sectors other than Power Sector was ₹ 5,456.27 crore comprising of Equity of ₹ 690.22 crore and Long Term Loans of ₹ 4,766.05 crore. Out of this investment of ₹ 5,456.27 crore GoJ&K has made an investment of ₹ 2,545.31 crore in 35 PSUs[32] comprising of Equity of ₹ 595.62 crore and Long Term Loans of ₹ 1,949.69 crore.

The year-wise position of investment of GoJ&K in the PSUs during 2014-15 to 2018-19 is as follows:

Chart 5.1:

Total investment of GoJ&K in PSUs Sectors (of Sectors other than Power Sector)



(Source:As per latest finalised Accounts)

[29] As per latest finalised Accounts. This information may differ from the information furnished by the PSUs.

[30] Excluding Chenab Valley Power Project Private Limited which has not received any contribution from the GoJ&K.

[31] 2010-11: ₹ 460.45 crore, 2011-12: ₹ 668.95 crore, 2012-13: ₹ 489.51 crore, 2013-14: ₹ 433.41 crore.

[32] Excluding J&K Bank Financial Services Limited wherein the State Government has not made any investment.

Out of total 36 PSUs of Sectors other than Power Sector, nine[33] are profit making and ten[34] are loss making as per their latest Annual Accounts finalised during the year 2018-19. One PSU[35] has not prepared its profit and loss accounts, remaining 16 PSUs are either non-working or had not submitted their Annual Accounts for supplementary audit during the year 2018-19.

It is recommended that since the continued existence of loss making PSUs causes a substantial drain on the public exchequer, the State Government may review the functioning of all loss making PSUs.

5.1.12 Key Parameters

The profitability of a Company is traditionally assessed through return on investment, return on equity and return on capital employed. Return on Investment (ROI) measures the profit or loss made in a fixed year relating to the amount of money invested in the form of equity and long term loans and is expressed as a percentage of profit to total investment. Return on Capital Employed (ROCE)[36] is a financial ratio that measures the Company's profitability and the efficiency with which its capital is used and is calculated by dividing Company's earnings before interest and taxes by capital employed. Return on Equity (ROE)[37] is a measure of performance calculated by dividing the net profit after tax by shareholders fund.

The key financial ratios used to assess the performance of the PSUs as per their latest finalised accounts are given in Table 5.8 (A), (B1) and (B2).

(A) Power Sector PSUs

Table 5.8 (A): Key parameters of Power Sector PSUs[38]

(In *per cent*)

	2014-15	2015-16	2016-17	2017-18	2018-19
ROCE	6.72	10.57	10.57	5.85	5.85
ROI	4.84	7.54	7.54	2.78	2.78
ROE	4.59	8.34	8.34	2.87	2.87

(Source: Investment based on Historical Cost)

33 Jammu and Kashmir State Horticulture Produce Marketing and Processing Corporation Limited, Jammu and Kashmir Bank Limited, Jammu and Kashmir State Women's Development Corporation Limited, Jammu and Kashmir Small Scale Industries Development Corporation Limited, Jammu and Kashmir Projects Construction Corporation Limited, Jammu and Kashmir Police Housing Corporation Limited, Jammu and Kashmir Cements Limited, Jammu and Kashmir State Tourism Development Corporation Limited and Jammu and Kashmir State Cable Car Corporation Limited.

34 Jammu and Kashmir State Agro Industries Development Corporation Limited, Jammu and Kashmir Bank Financial Services Limited, Scheduled Castes, Scheduled Tribes and Other Backward Classes Development Corporation Limited, Jammu and Kashmir State Industrial Development Corporation Limited, Jammu and Kashmir Industries Limited, Jammu and Kashmir Handicrafts (Sales and Export) Development Corporation Limited, Jammu and Kashmir State Handloom Development Corporation Limited, Jammu and Kashmir Minerals Limited, Jammu and Kashmir State Financial Corporation and Jammu and Kashmir State Road Transport Corporation.

35 Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited).

36 ROCE = Earnings before Interest and Tax/ Capital Employed, Capital employed = Paid up share capital + free reserves and surplus + long term loans minus accumulated losses - deferred revenue expenditure. Figures are as per the latest year for which accounts of the PSUs are finalised.

37 ROE=Profit after Tax/ Share holders' Fund, Share holders' Fund = Paid up capital + free reserves and surplus– deferred revenue expenditure – accumulated losses.

38 Only one power PSU, Jammu & Kashmir State Power Distribution Corporation having investment made by GoJ&K and finalised its accounts as on 30 September 2019.

The ROCE ranges between 5.85 *per cent* and 10.57 *per cent* and ROI between 2.78 *per cent* and 7.54 *per cent* and ROE ranges between 2.87 *per cent* and 8.34 *per cent*. These parameters have been worked out taking into consideration plan fund infusion (as given in Table 5.3) by GoJ&K.

(B-1) Listed PSUs of Sectors other than Power Sector

Only one PSU of GoJ&K, Jammu and Kashmir Bank Limited is listed since July 1998 on the stock exchange.

Table 5.8 (B1): Key parameters of Listed PSU of Sectors other than Power Sector

(In *per cent*)

		2014-15	2015-16	2016-17	2017-18	2018-19
Jammu & Kashmir Bank Limited	**ROCE**	16.23	12.87	-36.75	11.55	17.93
	ROI[39]	760.40	533.08	532.82	408.06	360.22
	ROE	13.00	10.10	-65.00	7.65	15.46

The ROCE and ROE was high during the period 2014-15 to 2018-19 (except during 2016-17), mainly due to high Profit after tax earned by Jammu and Kashmir Bank Limited, which is functioning under monopolistic/ protective environment in terms of Government business. The ROI showed a decreasing trend during the period 2014-15 to 2018-19. As a result, compounded annual growth rate also decreased from 6.38 *per cent* to 1.22 *per cent* during the period 2014-15 to 2018-19 as detailed in ***Appendix 5.1.3(C).***

(B-2) Non-Listed PSUs of Sectors other than Power Sectors

Table 5.8 (B2): Key parameters of non-listed Sectors other Power PSUs (on historical cost)

(In *per cent*)

		2014-15	2015-16	2016-17	2017-18	2018-19
Aggregate Sector for Non Power PSUs	**ROCE**	-37.09	-28.44	-22.91	-9.94	-22.17
	ROI[40]	-29.76	-29.67	-34.09	-32.32	-29.39
	ROE[41]	-	-	-	-	-
Profit Making PSUs	**ROCE***	16.27	7.68	9.05	8.83	11.02
	ROI^	11.03	6.85	7.52	24.35	23.37
	ROE	147.92	15.46	13.95	12.02	13.17
Loss Making PSUs	**ROCE***	-23.90	-28.51	-34.24	-35.01	-47.89
	ROI^	-55.86	-63.10	-70.44	-55.45	-46.93
	ROE	-	-	-	-	-

**Only Companies with positive capital employed were considered*

^ Excluding Companies[42] which have not prepared the Profit and Loss accounts

[39] ROI= (Government's share of the Market Capitalization of the Company as at 31 March of FY + Present Value of Dividend Receipts of the Government as at 31 March of FY + Present Value of Disinvestment Receipts of the Government as at 31 March of FY) – (Paid-up Equity of the Government as at Inception + Discounted Value of Equity infused by the Government as at Inception + Discounted Value of Subsidy/ Grants infused for meeting Operational and Administrative Expenditure as at Inception)/ (Paid-up Equity of the Government as at Inception + Discounted Value of Equity infused by the Government as at Inception + Discounted Value of Subsidy/ Grants infused for meeting Operational and Administrative Expenditure as at Inception)/ Number of intervening annual periods.

[40] Equity infused by other than GoJ&K also considered while arriving at total ROI.

[41] ROE for the Non Power Sector PSUs and loss making Non Power PSUs cannot be worked out as the total Shareholders fund for all the years were negative.

[42] For the years 2014-15 to 2017-18, five companies, Jammu Kashmir Overseas Employment Corporation Limited, Jammu and Kashmir Medical Supplies Corporation Limited, Jammu and Kashmir State Forest Corporation Limited, Jammu and Kashmir State Road Development Corporation and Jammu and Kashmir International Trade Centre Corporation Limited and for the year 2018-19. Additional nine newly incorporated companies.

ROE for the Non-Listed PSUs of Sectors other than Power Sectors could not be worked out as the aggregate Shareholders' fund for all the years remained negative.

ROCE in Tables 5.8 (B1) and (B2) has been worked out at face value of investment. Since there is no share premium in respect of Non-Listed PSUs of Sectors other than Power Sectors PSUs, ROCE including share premium will not change. However, the ROCE worked at realised value[43] of investment in respect of Jammu & Kashmir Bank Limited is as follows:

Table 5.9:

ROCE for Listed PSUs of Sectors other than Power Sector considering share premium

(In *per cent*)

Year	2014-15	2015-16	2016-17	2017-18	2018-19
Jammu & Kashmir Bank Limited	16.01	12.69	-33.78	10.12	16.17

The ROCE after considering the share premium account of Jammu & Kashmir Bank Limited, ranged between -33.78 *per cent* to 16.17 *per cent* during the period 2014-15 to 2018-19.

Only nine PSUs with positive capital employed (details in ***Appendix 5.1.6***) had Profit before Tax as per the latest finalised Annual Accounts during the period 2014-15 to 2018-19. Among these PSUs, the Jammu and Kashmir State Horticulture Produce Marketing and Processing Corporation Limited, had profit only for the account finalised during 2014-15 and Jammu and Kashmir Small Scale Industries Development Corporation Limited for the Annual Account finalized in 2018-19 while Jammu & Kashmir Bank Limited incurred losses in the Annual Account finalised during 2016-17.

5.1.13 Rate of Real Return (RORR) on Government Investment

Traditional calculation of return based only on historical cost of investment may not be a correct indicator of the adequacy of the return on the investment as such calculations ignore the present value of money. Therefore, in addition to the calculation of return on funds invested on historical cost basis, the real rate of return on investment has also been calculated after considering the Present Value (PV) of money invested. PV was computed where funds had been infused by the State Government as equity, interest free loan, interest free loan converted into equity. Grant/ subsidy given by the Government for operational and management expenses have not been considered as bifurcation of grant and subsidy for operational and management expenses and for other purpose was not available since inception of these companies till 31 March 2019.

The PV in these undertakings was computed on the following assumptions:

- Interest free loans have been considered as fund infusion. However, in case of repayment of loans by the PSUs, the PV was calculated on the reduced balances of interest free loans over the period.

[43] Investment including share premium.

- The average rate of interest on government borrowings for the concerned financial year was adopted as discount rate for arriving at Present Value since they represent the cost incurred by the Government towards investment of funds for the year.

(A) PSUs of Power Sector

The State Government infused only ₹ 5.20 crore (details in ***Appendix 5.1.7(A)***) as equity in of Power Sector PSUs. In addition to this, the State also provided ₹ 5,753.83 crore as Plan funds to JKSPDC for creation of Capital Assets. These Plan funds were given as plan assistance across different years since inception of the Company (1994-95) and could not be bifurcated into the definition of investment considered for arriving at the Return on investment figures. Therefore, net present value of the investment for the PSUs of Power Sector could not be worked out.

(B) PSUs of Sectors other than Power Sector

An analysis of the earnings *vis-a-vis* investments in respect of those 35 State PSUs[44] (Sector other than Power Sector) where funds had been infused by the State Government was carried out to assess the profitability of these PSUs. During the period from 2014-15 to 2018-19, these 35 PSUs had a positive return on investment excepting for the year 2016-17.

The PSUs-wise position of 35[45] PSUs wherein the GoJ&K had made an investment in the form of equity and interest free loans is indicated in ***Appendix 5.1.7(B)***. Further, the position of Net Present Value of the investment relating to all the PSUs by the State Government for the same period is indicated in ***Appendix 5.1.7(C)***.

The balance of investment by the State Government in these PSUs at the end of 2018-19 increased to ₹ 864.21 crore[46] from ₹ 347.29 crore at the beginning of 1999-2000 as the State Government made further investments in form of equity (₹ 412.25 crore) and interest free loans (₹ 122.17 crore) during the period 1999-2000 to 2018-19. The PV of the investment infused by the State Government as on 31 March 2019 amounted to ₹ 2,823.21 crore.

During 2018-19, return on State Government Investment on the basis of historical value was 31.72 *per cent.* However, the real rate of return considering the present value of investment was 9.71 *per cent only*.

---

44 Excluding Jammu and Kashmir Bank Financial Services Limited wherein the GoJ&K had not made any investment.

45 Between 1999-2019, investment was made only in 28 PSUs as mentioned in *Appendix 5.1.7*.

46 Opening balance: (₹ 347.29 crore) + Equity: (₹ 412.25 crore) + Interest free loans: (₹ 122.17 crore) - Interest free loan converted into equity: (₹ 17.50 crore).

5.1.14 Comparison of investment as per historical cost and as per present value of such investment

Sector other than Power Sector

The Government had positive returns on investments in 35 PSUs in five years during the period 2013-14 to 2018-19 with the exception of 2016-17. Comparison of returns on investment at historical cost and at present value for these five years as per the latest finalised accounts is given in Table 5.10

Table 5.10: Comparison of return on investment

(₹ in crore)

Year	Total earnings	Funds invested by the GoJ&K	Return on investment on historical cost basis (*per cent*)	PV of the investment at end of the year[47]	Return on investment considering the present value of the investments (*per cent*)
2013-14	1,048.22	530.68	197.52	1,711.90	61.23
2014-15	378.25	535.51	70.63	1,848.57	20.46
2015-16	264.80	542.36	48.82	1,989.94	13.31
2017-18	32.62	681.32	4.79	2,450.70	1.33
2018-19	274.10	864.21	31.72	2,823.21	9.71

**During 2016-17 the total earnings were negative due to losses incurred by Jammu and Kashmir Bank Limited*

The return earned on investment on historical cost basis was 197.52 *per cent* in 2013-14. It declined and dropped to 31.72 *per cent* during 2018-19 mainly due to decrease in the profit after tax of three[48] companies. Whereas the returns earned considering the present value of the investments dropped from 61.23 *per cent* during 2013-14 to 1.33 *per cent* during 2017-18 and increased to 9.71 *per cent* during 2018-19. During 2016-17 the returns were negative due to losses of ₹ 1,632.29 crore incurred by Jammu and Kashmir Bank Limited.

5.1.15 Erosion of Net worth of PSUs

(A) Power Sector

Net worth is the sum total of the paid-up capital and free reserves and surplus minus accumulated losses and deferred revenue expenditure. Essentially, it is a measure of what an entity is worth to the owners. A negative net worth indicates that the entire investment by the owners has been wiped out by accumulated losses and deferred revenue expenditure. The overall accumulated losses of JKSPDC[49] was ₹ 178.81 crore as against the capital investment of ₹ five crore, resulting in negative net worth of ₹ 173.81 crore as detailed in ***Appendix 5.1.4*** and given in Table 5.11.

---

47 Arrived at by adding PV of State Government investment and other investment. The present value on other equity has been calculated from 2013-14 onwards.

48 (1) Jammu and Kashmir Bank Limited PAT (2013-14: ₹ 1,182.47 crore; 2018-19: ₹ 464.88 crore); (2) Jammu and Kashmir State Financial Corporation PAT (2013-14: ₹ 0.01 crore; 2018-19: ₹ (-40.65) crore): and (3) Jammu and Kashmir State Road Transport Corporation PAT 2013-14: ₹ (-66.97) crore; 2018-19: ₹ (-92.90) crore.

49 Excluding CVPPP wherein no investment was made by the GoJ&K and others four being inactive although ₹ 0.20 crore were invested by the GoJ&K in these Companies.

Table 5.11:
Net worth of JKSPDC as per the latest finalised Annual Accounts during period from 2014-15 to 2018-19

(₹ in crore)

Year	Paid up Capital at end of the year	Free Reserves	Accumulated Profit (+)/ Loss (-) at end of the year	Deferred revenue expenditure	Net worth
2014-15	5.00	1,134.66	-922.34	Nil	217.32
2015-16	5.00	Nil	-519.06	Nil	-514.06
2016-17	5.00	Nil	-519.06	Nil	-514.06
2017-18	5.00	Nil	-178.81	Nil	-173.81
2018-19	5.00	Nil	-178.81	Nil	-173.81

(Source : Accounts of the Company)

The State Government had not infused any equity in JKSPDC during the period from 2014-15 to 2018-19.

(B) Sectors other than Power Sector

The capital investment, accumulated losses and free reserves of 20 State PSUs[50] (Sectors other than Power Sector) as per their latest finalised accounts were ₹ 618.01 crore, ₹ 2,340.41 crore and ₹ 2,960.39 crore respectively, resulting in net worth of ₹ 1,237.99 crore as detailed in ***Appendix-5.1.8***. Analysis of investment and accumulated losses disclosed that net worth was eroded in nine out of the 20 PSUs as the capital investment and accumulated losses of these PSUs were ₹ 243.79 crore and ₹ 2,266.56 crore, respectively. Of these nine PSUs, the net worth erosion was the highest in Jammu and Kashmir State Road Transport Corporation (₹ 969.75 crore[51]), Jammu and Kashmir Industries Limited (₹ 598.13 crore[52]), Jammu and Kashmir State Industrial Development Corporation Limited (₹ 132.52 crore[53]) and Jammu and Kashmir Minerals Limited (₹ 93.56 crore[54]). However, two[55] out of nine PSUs which had eroded net worth, earned profit as per their latest finalised accounts during 2018-19.

The total paid up capital, free reserves, total accumulated profit/ loss, and total net worth of the 20 PSUs where the State Government has made direct/ indirect investment during the period 2014-15 to 2018-19 is indicated in the Table 5.12.

50 Excluding five inactive PSUs (1) Tawi Scooters Limited (2) Himalayan Wool Combers Limited and (3) Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu and Kashmir Road Development Corporation Limited and (5) Jammu and Kashmir International Trade Centre Corporation Limited, two working PSUs : (1) Jammu and Kashmir Medical Supplies Corporation Limited (2) Jammu and Kashmir State Forest Corporation Limited which never submitted their accounts since inception and nine new PSUs incorporated during 2017-18 and 2018-19.

51 As per latest finalised accounts for the year 2013-14.

52 As per latest finalised accounts for the year 2010-11.

53 As per latest finalised accounts for the year 2013-14.

54 As per latest finalised accounts for the year 1999-2000.

55 Jammu and Kashmir State Horticulture Produce Marketing and Processing Corporation Limited and Jammu and Kashmir Small Scale Industries Development Corporation Limited.

Table 5.12:
Net worth of 20 PSUs as per the latest finalised accounts during the period 2014-15 to 2018-19
(₹ in crore)

Year	Paid up capital at end of the year	Free reserves[56]	Accumulated profit (+) loss (-) at end of the year	Net worth
2014-15	483.30	3,868.86	-1,851.08	2,501.08
2015-16	502.00	4,084.05	-1,885.63	2,700.42
2016-17	516.37	2,484.36	-2,049.16	951.57
2017-18	525.68	2,725.68	-2,150.57	1,100.79
2018-19	618.01	2,960.39	-2,340.41	1,237.99

As can be seen from the above table, overall net worth had decreased from ₹ 2,501.08 crore in 2014-15 to ₹ 1,237.99 crore in 2018-19 for the 20 PSUs taken together. However, the net worth of 11 PSUs decreased, whereas 07 PSU recorded an increase in net worth and in two PSUs net worth remained the same. As on 31 March 2019, 10 PSUs[57] showed positive net worth and nine PSUs continued to have negative net worth. One PSU, Jammu and Kashmir State Overseas Employment Corporation Limited, finalised only one account of 2010-11, it's net worth could not be worked out due to non-submission of profit and loss account.

5.1.16 Dividend Payout

As per the latest finalised accounts during 2018-19, one Power Sector PSU, JKSPDC and nine working PSUs of Sectors other than Power Sector earned an aggregate profit of ₹ 160.23 crore and ₹ 491.66 crore, respectively. However, no PSUs had declared any dividend for the year 2018-19.

It is recommended that the State Government may consider declaration of dividend policy for profit making PSUs.

5.1.17 Analysis of long term loans of the Companies

The analysis of the long term loans of the Companies which had leverage[58] during 2014-19 was carried out to assess the ability of the Companies to service the debt owed by the Companies to Government, banks and other financial institutions. This is assessed through the Interest Coverage Ratio (ICR) and Debt Turnover Ratio (DTR).

5.1.18 Interest Coverage Ratio

Interest Coverage Ratio (ICR) is used to determine the ability of a Company to pay interest on outstanding debt and is calculated by dividing a Company's Earnings Before

[56] Revenue & Other Reserves of Jammu and Kashmir Bank Limited during 2014-15 (₹ 3,864.75 crore), 2015-16 (₹ 4,072.21 crore), 2016-17 (₹ 2,458.98 crore), 2017-18 (₹ 2,625.65 crore) and 2018-19 (₹ 2,950.97 crore) have been taken as free reserves and accumulated profits.

[57] (1) Jammu and Kashmir State Financial Corporation, (2) Jammu and Kashmir Bank Financial Services Limited, (3) Jammu and Kashmir Scheduled Castes Scheduled Tribes and Other Backward Classes Development Corporation Limited, (4) Jammu and Kashmir State Women's Development Corporation Limited, (5) Jammu and Kashmir Project Construction Corporation, (6) Jammu and Kashmir Police Housing Corporation Limited, (7) Jammu and Kashmir Cements Limited, (8) Jammu and Kashmir State Tourism Development Corporation Limited, (9) Jammu and Kashmir State Cable Car Corporation Limited and (10) Jammu and Kashmir Bank Limited.

[58] Use of borrowed fund to increase potential return of an investment.

Interest and Taxes (EBIT) by interest expenses of the same period. The lower the ratio, the lesser the ability of the Company to pay interest on debt. An ICR of below one indicates that the Company was not generating sufficient revenues to meet its expenses on interest.

(A) PSUs of Power Sector

The details of interest coverage ratio of JKSPDC[59] as per the latest finalised accounts during the period from 2014-15 to 2018-19 is given in Table 5.13.

Table 5.13: Interest coverage ratio of PSUs of the Power Sector

(₹ in crore)

Year	Accounts finalised up to	Interest	EBIT	Interest coverage ratio
2014-15	2010-11	262.75	460.45	1.75
2015-16	2011-12	227.34	668.95	2.94
2016-17	2011-12	227.34	668.95	2.94
2017-18	2013-14	155.78	433.41	2.78
2018-19	2013-14	155.78	433.41	2.78

Despite the backlog in finalising their Annual Accounts, as seen from the Table 5.13, JKSPDC had interest coverage ratio of more than one during entire period from 2014-15 to 2018-19, indicating that the Company is generating sufficient revenue to meet its expenses on interest.

(B) PSUs of Sectors other than Power Sector

The details of interest coverage ratio of PSUs of Sectors other than Power Sector[60] as per the latest finalised accounts during the period from 2014-15 to 2018-19 are given Table 5.14.

Table 5.14: Interest Coverage Ratio of State PSUs (Sectors other than Power Sector)

(₹ in crore)

Year	Interest	EBIT	Number of PSUs having liability of loans from Government and Banks and other financial institutions	Number of PSUs having interest coverage ratio	
				More than 1	Less than 1
2014-15	290.04	965.16	16	5	11
2015-16	248.14	763.93	16	4	12
2016-17	206.27	-1,464.76	16	3	13
2017-18	257.83	439.21	16	5	11
2018-19	373.87	927.06	14	5	9

[59] Remaining five Power Sector companies had not availed any kind of loan.

[60] Excluding five inactive PSUs (1) Tawi Scooters Limited (2) Himalayan Wool Combers Limited and (3) Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu and Kashmir Road Development Corporation Limited and (5) Jammu and Kashmir International Trade Centre Corporation Limited, two Working PSUs : (1) Jammu and Kashmir Medical Supplies Corporation Limited (2) Jammu and Kashmir State Forest Corporation Limited which never submitted their accounts since inception, four PSUs, (1) Jammu and Kashmir Bank Financial Services Limited (2) Jammu and Kashmir Police Housing Corporation Limited (3) Jammu and Kashmir State Cable Car Corporation Limited and (4) Jammu and Kashmir Overseas Employment Corporation Limited which have not taken any loan and nine new PSUs incorporated during 2017-18 and 2018-19 which have not furnished the details.

Of the 14 State PSUs of Sectors other than the Power Sector having liability of loans from Government as well as Banks and other Financial Institutions during 2018-19, five PSUs had interest coverage ratio of more than one, whereas remaining nine PSUs had Interest Coverage Ratio below one, which indicated that these nine PSUs could not generate sufficient revenues to meet their expenses on interest during the period.

5.1.19 Debt-Turnover Ratio of PSUs

(A) Power Sector

The JKSPDC recorded negative compounded annual growth of turnover and debt of 5.04 *per cent* and 9.98 *per cent*, respectively. The Debt-Turnover Ratio improved from 2.28 in 2014-15 to 1.33 during 2015-16. However, it further deteriorated to 1.84 in 2017-18 due to significant increase in Debt against the decrease in Turnover, as given in Table 5.15.

Table 5.15: Debt Turnover ratio relating to the JKSPDC

(₹ in crore)

Particulars	2014-15	2015-16	2016-17	2017-18	2018-19
Debt from Government and others (Banks and Financial Institutions)	2,781.97	1,493.55	1,493.55	1,826.49	1,826.49
Turnover	1,220.62	1,119.90	1,119.90	992.46	992.46
Debt-Turnover Ratio	2.28:1	1.33:1	1.33:1	1.84:1	1.84:1

(Source: Compiled based on latest finalised accounts)

(B) Sectors other than Power Sector

During the last five years, the turnover of 19 PSUs[61] recorded compounded annual growth of 4.23 *per cent* and compounded annual growth of debt was 2.03 *per cent* due to which the debt turnover ratio declined from 0.52 in 2014-15 to 0.48 in 2018-19. The debt-turnover ratio ranged between 0.43 and 0.53 during this period, as given in Table 5.16.

Table 5.16: Debt Turnover Ratio relating to the 19 PSUs (Sectors other than Power Sector)

(₹ in crore)

Particulars	2014-15	2015-16	2016-17	2017-18	2018-19
Debt from Government and others (Banks and Financial Institutions)	3,875.23	3,834.30	3,097.52	3,633.37	4,200.71
Turnover	7,449.34	7,296.59	7,238.03	7,579.22	8,792.44
Debt-Turnover Ratio	0.52:1	0.53:1	0.43:1	0.48:1	0.48:1

(Source: Compiled based on latest finalised accounts)

5.1.20 Inactive State PSUs

Four out of the six PSUs of Power Sector having a total investment of ₹ 0.20 crore towards share capital, were inactive as of 31 March 2019.

[61] Excluding five inactive PSUs: (1) Tawi Scooters Limited, (2) Himalayan Wool Combers Limited, (3) Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited, (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu and Kashmir Road Development Corporation Limited and (5) Jammu and Kashmir International Trade Centre Corporation Limited, nine newly incorporated PSUs during 2017-18 & 2018-19, two Working PSUs, (1) Jammu and Kashmir Medical Supplies Corporation Limited, (2) Jammu and Kashmir State Forest Corporation which never submitted their accounts since inception and one PSU, Jammu and Kashmir Overseas Employment Corporation Limited which had not prepare the profit and loss account.

Similarly, five of the 36 State PSUs in sectors other than Power Sector were non-working and were having a total investment of ₹ 56.40 crore[62] towards Capital (₹ 55.57 crore) and Long Term Loans (₹ 0.83 crore) as on 31 March 2019. The numbers of non-working PSUs at the end of each year during last five years ended 31 March 2019 are given below in Table 5.17.

Table 5.17: Inactive State PSUs

Particulars	2014-15	2015-16	2016-17	2017-18	2018-19
Number of inactive PSUs in Power Sector	2	4	4	4	4
Number of inactive PSUs (Sector other than Power Sector)	3	4	5	5	5

(Source: Compiled from the information included in Audit Report (PSU), GoJ&K of respective years)

Out of five inactive PSUs in Sectors other than Power Sector, three PSUs[63] were under liquidation as they were not working since last 18 to 27 years.

The Government may take appropriate decision for winding up of these inactive PSUs.

5.1.21 Comments on Annual Accounts of Public Sector Undertakings

(A) Power Sector

Only one Power Sector PSU (CVPPPL) forwarded its Annual audited account to the Accountant General (Audit) during the period 01 October 2018 to 30 September 2019, which was selected for supplementary audit. One significant issue was noticed during supplementary audit of this Annual Account. The details of aggregate money value of the comments of Statutory Auditors and the C&AG, for the Annual Accounts finalised during last three years are given in Table 5.18.

Table 5.18: Impact of audit comments on Power Sector PSUs

(₹ in crore)

Sl. No.	Particulars	2016-17		2017-18		2018-19	
		Number of accounts	Amount	Number of accounts	Amount	Number of accounts	Amount

2.	Increase in profit	-	-	1	63.22	-	-
3.	Increase in loss	-	-	-	-	-	-
4.	Decrease in loss	-	-	-	-	-	-
5.	Non-disclosure of material facts	-	-	2	112.83	-	-
6.	Errors of classification	-	-	-	-	-	-

(Source: Compiled from comments of the Statutory Auditors/ C&AG in respect of Government Companies)

[62] Tawi Scooters Limited: ₹ 1.63 crore, Himalyan Wool Combers Limited: ₹ 1.37 crore, Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited (a subsidiary of Himalyan Wool Combers Limited): ₹ 0.40 crore, Jammu and Kashmir State Road Development Corporation Limited: ₹ 5.00 crore and Jammu and Kashmir International Trade Centre Corporation Limited: ₹ 48.00 crore.

[63] Tawi Scooters Limited, Himalyan Wool Combers Limited and Jammu and Kashmir State Handloom Handicrafts Raw Material Supplies Organisation Limited.

(B) Sectors other than Power Sector

Ten PSUs forwarded 21 Annual audited accounts to the Accountant General during the period from 01 October 2018 to 30 September 2019. The Audit Reports of Statutory Auditors and supplementary audit conducted by the C&AG indicated that the quality of accounts needs to be improved substantially. The details of aggregate money value of the comments of Statutory Auditors and the C&AG, for the accounts finalised during last three years are given in Table 5.19.

Table 5.19: Impact of audit comments on State PSUs (Sector other than Power Sector)

(₹ in crore)

Sl. No.	Particulars	2016-17		2017-18		2018-19	
		Number of accounts	Amount	Number of accounts	Amount	Number of accounts	Amount
1.	Decrease in profit	2	2.33	2	0.16	3	16.86
2.	Increase in profit	-	-	2	0.05	1	0.03
3.	Increase in loss	1	0.06	3	1.55	8	103.69
4.	Decrease in loss	1	0.03	2	1.17	3	100.48
5.	Non-disclosure of material facts	1	2.56	4	21.82	1	95.71
6.	Errors of classification	4	30.98	5	97.39	13	48.43

(Source: Compiled from comments of the Statutory Auditors/ C&AG in respect of Government Companies)

During the year 2018-19, the Statutory Auditors had issued qualified certificates on 16 accounts. Compliance to the Accounting Standards by the PSUs remained poor as the Statutory Auditors pointed out 19 instances of non-compliance to the Accounting Standards in 12 accounts of five PSUs[64].

The State has three Statutory Corporations, Jammu and Kashmir State Road Transport Corporation (JKSRTC), Jammu and Kashmir State Financial Corporation and Jammu and Kashmir State Forest Corporation. The C&AG is the sole auditor in respect of JKSRTC. Out of the three working Statutory Corporations, Jammu and Kashmir State Forest Corporation failed to submit Annual Accounts since the date of entrustment of audit to C&AG (March 2000). Only one Corporation (Jammu and Kashmir State Financial Corporation) forwarded its annual accounts for the year 2017-18 and JKSRTC failed to forward any accounts during 01 October 2018 to 30 September 2019. The Statutory Auditors had given qualified certificates on annual accounts of Jammu and Kashmir State Financial Corporation for the year 2017-18.

The details of aggregate money value of the comments of Statutory Auditors and supplementary audit by the C&AG in respect of Statutory Corporations for the last three years are given in the Table 5.20.

[64] Jammu and Kashmir State Agro Industries Development Corporation Limited (six accounts), Jammu and Kashmir State Women's Development Corporation Limited (one account), Jammu and Kashmir Industries Limited (two accounts), Jammu and Kashmir Handicrafts (Sales and Export)Development Corporation Limited (one account) and Jammu and Kashmir Cements Limited (two accounts).

Table 5.20: Impact of audit comments on Statutory Corporations

(₹ in crore)

Sl. No.	Particulars	2016-17		2017-18		2018-19	
		Number of accounts	Amount	Number of accounts	Amount	Number of accounts	Amount
1.	Decrease in profit	-	-	-	-	-	-
2.	Increase in profit	-	-	-	-	-	-
3.	Increase in loss	1	28.04	1	15.14	-	-
4.	Decrease in loss	1	0.07	-	-	-	-
5.	Non-disclosure of material facts	1	8.58	-	-	-	-
6.	Errors of classification	1	12.17	1	5	2	19.43

(Source: Compiled from comments of the Statutory Auditors/ C&AG in respect of Statutory Corporations)

It is recommended that Jammu and Kashmir State Forest Corporation which has failed to submit any Annual Account since the date of entrustment of audit to C&AG take effective steps to liquidate the arrears in Accounts and thereby, ensure legislative oversight of its functioning.

The concerned PSUs may ensure strict compliance to Statutory norms for error free accounts to avoid over/ under statement of Profit/ Loss. JKPDC where errors were comparatively higher, needs to be more vigilant. Besides, Finance and Administrative Departments should oversee that corrective action is taken by these PSUs.

5.1.22 Performance Audit and Compliance Audit Paragraphs

(A) Power Sector

For the Report of the Comptroller and Auditor General of India for the year ended 31 March 2019, one audit paragraph relating to Power Sector Undertakings was issued to the Commissioner Secretary of Power Development Department, GoJ&K with request to furnish reply within six weeks. Reply from the Management/ State Government was awaited (September 2020). The total financial implication of the audit paragraph is ₹ 6.59 crore.

(B) Sectors other than Power

For the Report of the Comptroller and Auditor General of India (Sector other than Power Sector for the year ended 31 March 2019, three compliance audit paragraphs relating to Jammu and Kashmir Project Construction Corporation Limited and one Performance Audit regarding working of Jammu and Kashmir State Road Transport Corporation were issued to the Principal Secretaries/ Secretaries of the respective Administrative Departments with a request to furnish replies. Replies are awaited from State Government/ Department/ Management. The total financial implication of these audit paragraphs is ₹ 747.94 crore[65].

[65] Performance Audit on Working of Jammu and Kashmir State Road Transport Corporation: ₹ 737.57 crore; three compliance audit paragraphs: ₹ 10.37 crore.

5.1.23 Follow-up action on Audit Reports

The Report of the C&AG of India represents the culmination of the process of audit scrutiny. It is, therefore, necessary that these elicit appropriate and timely response from the executive. The Finance Department, Government of Jammu and Kashmir issued (June 1997) instructions to all Administrative Departments to submit replies/ explanatory notes to paragraphs/ reviews included in the Audit Reports of the C&AG of India within a period of three months, after their presentation to the legislature, in the prescribed format without waiting for any questionnaires from the Committee on Public Undertakings (COPU). The position of explanatory notes on Audit Reports as of September 2019 was as follows:

Table 5.21:
Position of explanatory notes on Audit Reports related to PSUs not received
(as on 30 September 2020)

Year of Audit Report (Commercial/ PSUs)	Date of placement of Audit Report in the State Legislature	Total Performance audits (PAs) and paragraphs in the Audit Report				Number of PAs/ paragraphs for which explanatory notes were not received			
		PAs		Paragraphs		PAs		Paragraphs	
		Power	Sectors Other than power	Power	Sectors Other than power	Power	Sectors Other than power	Power	Sectors Other than power
2000-01	6 April 2002	-	1	1	2		-	-	-
2001-02	21 June 2003	-	1	-	4		-	-	-
2002-03	23 August 2004	-	1	1	2		-	-	-
2003-04	23 March 2005	-	-	1	2		-	-	-
2004-05	27 March 2006	-	1	-	4		-	-	1
2005-06	8 February 2007/ 31 August 2009	-	3	1	1		1	-	-
2006-07	30 January 2008	-	1	-	5		-	-	-

2008-09	30 March 2010	-	1	-	3		-	-	2
2009-10	31 March 2011	1	-	-	3		-	-	-
2010-11	4 April 2012	-	1	-	5		-	-	-
2011-12	5 April 2013	-	2	-	-		1	-	-
2012-13	4 March 2014	-	-	1	2		-	-	1
2013-14	27 March 2015	-	1	-	6		-	-	-
2014-15	27 June 2016	-	1	4	3		-	-	-
2015-16	4 July 2017	1	-	-	6	1	-	-	3
Up to 2015-16		**2**	**15**	**9**	**51**	**1**	**2**	**-**	**7**
2016-17	23 September 2020	-	1	-	6	-	-[66]	-	-
2017-18	23 September 2020	-	1	2	5	-	-	-	-
Total		**2**	**17**	**11**	**62**	**1**	**2**	**-**	**7**

As seen from the Table 5.21, out of 11 paragraphs/ performance audits[67] of Power Sector, explanatory notes in respect of only one Performance Audit on Jammu and Kashmir State Power Development Corporation Limited was awaited (September 2020).

[66] The Audit Reports 2016-17 and 2017-18 presented in the Parliament on 23.09.2020. Since the prescribed period of three months for submission of explanatory notes has not expired since their presentation in the Parliament, hence nil shown below the columns the PAs/ paragraphs for which explanatory notes were not received.

[67] Performance Audit is considered as one Paragraph, the Paras for Reports of 2016-17 and 2017-18 not considered as mentioned in footnote 65.

Similarly, out of 66 paragraphs/ performance audits of Sectors other than Power Sector, explanatory notes to nine paragraphs/ performance audits in respect of two departments, which were commented upon, were awaited (September 2019).

5.1.24 Compliance to Reports of COPU

Action Taken Notes (ATN) on five paragraphs of Power Sector PSUs pertaining to two Reports of the COPU and Action Taken Notes (ATN) on 45 paragraphs pertaining to eight Reports of the COPU of Sectors other than Power Sector and presented to the State Legislature between April 2005 to March 2018 had not been received as of September 2019, as indicated in Table 5.22.

Table 5.22: Compliance to COPU Reports

Year of the COPU Report	Total number of COPU Reports	Total number of recommendations in COPU Report	Number of recommendations where ATNs not received
Power Sector paras			
2015-16 (47th Report)	01	02	02
2017-18 (49th Report)	01	04	03
Total	**02**	**06**	**05**
Sectors other than Power Sector paras			
2004-05 (40th Report)	01	06	05
2009-10 (42nd Report)	01	13	04
2010-11 (43rdReport)	01	02	01
2011-12 (44th Report)	01	05	01
2013-14 (46th Report)	01	14	01
2015-16 (47th Report)	01	15	06
2016-17 (48th Report)	01	06	03
2017-18 (49th Report)	01	25	24
Total	**08**	**86**[68]	**45**

These Reports of COPU contained recommendations in respect of paragraphs pertaining to ten departments which appeared in the Reports of the C&AG of India for the years 2000-01 to 2015-16.

It is recommended that the Government may ensure:

- **Sending of replies to inspection reports/ draft paragraphs/ performance audits and ATNs on the recommendations of COPU as per the prescribed time schedule;**
- **Recovery of loss/ outstanding advances/ overpayments within the prescribed period; and**
- **Revamping of the system of responding to audit observations.**

[68] Pertains to 57 paragraphs/ Performance Audits that featured in the Audit Reports for the years 2000-01 to 2015-16.

Chapter VI

Performance Audit

State Public Sector Undertakings

CHAPTER VI

PERFORMANCE AUDIT

Transport Department

Jammu and Kashmir State Road Transport Corporation

6.1 Working of the Jammu and Kashmir State Road Transport Corporation

The Jammu and Kashmir State Road Transport Corporation (the Corporation) a transport undertaking wholly owned by the Government, with the aim to cater to the transport needs, both of passengers and goods for the public in the State was setup in September 1976. A Performance Audit of the Corporation for the period 2014-15 to 2018-19 brought out instances of certain deficiencies in planning, operational performance, internal controls etc. While the total financial implication of this Performance Audit is ₹ 737.57 crore, some of the highlights of the Performance Audit are as under:

Highlights

- **Despite 20 *per cent* increase in Paid up Share Capital from ₹ 204.74 crore in 2014-15 to ₹ 245.57 crore in 2018-19, there was a 33 *per cent* increase in accumulated losses from ₹ 1,229.56 crore to ₹ 1,639.01 crore which indicated that capital infused by the Government was not efficiently utilised by the Corporation.**

  (Paragraph: 6.1.6)

- **The Planning Wing of the Corporation had not prepared any perspective plan or long term plan for its revival.**

  (Paragraph: 6.1.7)

- **Shortfall in achievement of targets of operative fleet and revenue collection targets during the period from 2014-15 to 2017-18 ranged between 28 *per cent* to 33 *per cent* and 31 *per cent* and 37 *per cent,* respectively. The overall shortfall in achievement of target of revenue during the period from 2014-15 to 2017-18 was ₹ 165.22 crore.**

  (Paragraph: 6.1.7.1)

- **The Corporation failed to earn its operational revenue, as operation loss ranged between ₹ 15.03 per Km to ₹ 34.68 per Km during the period from 2014 to 2019.**

  (Paragraph: 6.1.8)

- **The Corporation could not improve on the availability of vehicles as the overall fleet strength during the period from 2014-15 to 2018-19 decreased by 133 vehicles (14 *per cent*), despite addition of 142 vehicles during the same period.**

  (Paragraph: 6.1.9)

- **Fleet Operations during the period from 2014-15 to 2018-19 ranged between 51 *per cent* and 59 *per cent* and detention of vehicles in workshop ranged between 29 *per cent* to 44 *per cent.* Percentage of idle vehicles increased from five *per cent* in 2014-15 to 19 *per cent* in 2018-19.**

(Paragraph: 6.1.9.2)

- **Scrutiny of records in sampled units, Depot and Sub-depots revealed that even after allowing the prescribed provision for detention, there was excess detention of vehicles in workshops, which impacted the revenue generation of the Corporation by ₹ 135.88 crore, during the period from 2014-15 to 2018-19.**

(Paragraph: 6.1.9.2)

- **Failure to acquire the ownership title of properties, non-valuation of properties, non-recovery of compensation of land transferred, non-utilisation of properties, non-renewal of leases, indicated inadequate initiative of the Corporation to optimally manage its assets.**

(Paragraph: 6.1.13)

- **Services of drivers/ conductors were not utilised effectively, as the drivers/ conductors remained attached with the vehicles detained at workshops despite the required staff available at the workshops, resulting in payment of ₹ 44.95 crore to staff remaining idle.**

(Paragraph: 6.1.14)

- **Internal control mechanism of the Corporation was inadequate, Board meetings, monthly meetings, administrative inspections and vigilance checks were not conducted regularly.**

(Paragraph: 6.1.15)

6.1.1 Introduction

The State Government of Jammu and Kashmir (GoJ&K) established the Government Transport Undertaking (GTU) in June, 1948 which was subsequently converted into Jammu and Kashmir State Road Transport Corporation (JKSRTC) under the Road Transport Corporation Act, 1950 in September 1976. The aim of the Corporation was to cater to the requirement of transport of both passengers and goods in the State. The Corporation is a transport undertaking wholly owned by the Government of Jammu and Kashmir State. As per information provided by the Department, the Corporation has around one *per cent* share of vehicles in Public Transport[1] in the State of Jammu and Kashmir, during the period 2014-15 to 2018-19. The requirement of State was therefore being catered mainly through privately owned buses/ mini-buses and load carriers.

[1] Public transport includes passenger vehicles like buses/ mini-buses and load carriers like trucks/ tippers.

6.1.2 Organisational structure

The Managing Director is the Chief Executive Officer of the Corporation who is assisted by a Joint Managing Director and Financial Advisor and Chief Accounts Officer. There are five General Managers (GMs), five Deputy General Managers (DGMs) and 17 Managers looking after the day to day operations of the Corporation. The organisational structure is given in ***Appendix 6.1.1***.

6.1.3 Audit objectives

The main objectives of the performance audit were to assess whether:

- Financial and operational planning activities at apex level to provide adequate transport service across the State, improved the performance and optimise the operating costs of the Corporation.
- Purchase of spares and other materials were made according to State Financial rules in an economical manner.
- The assets of the Corporation, *inter alia*, including fleet, land, buildings, workshops, human resources, etc. were utilised effectively.
- The Corporation has an efficient and effective internal control and monitoring system in place.

6.1.4 Audit scope and methodology

A Performance Audit on the working of the Corporation covering the period from the year 2014-15 to 2018-19 was conducted during 2019-20. The Corporation had 50 operational units[2] out of which a sample of 18 units[3] (as detailed in ***Appendix 6.1.2)*** and the Corporate Office were selected for the Performance Audit. The sample for Audit was selected on the basis of volume of operations, fleet held and revenue generation by the respective units.

A Performance Audit on the working of the Corporation for the period 2003-04 to 2007-08 was earlier reviewed and incorporated in the Report of Comptroller and Auditor General of India, Government of Jammu and Kashmir for the year ended March 2009, which was partially discussed by the Committee on Public Undertakings (COPU) of the State Legislature. The COPU had not given any recommendations on the above performance audit, but had issued certain directions to the Department in its 47th Report. However, as per 49th Report of the COPU compliance on these directions (February 2018) had not been provided by the Government.

The audit objectives were discussed with the Management in an Entry Conference held on 16 May 2019. The audit findings were reported to Management and discussed in an Exit Conference (10 November 2020). The replies of the Corporation received in January 2020 and in the Exit Conference have been suitably incorporated in this report.

[2] Which includes 16 main units, 13 Depots and 21 sub-offices/ Traffic Control Points (TCPs).
[3] Which includes 13 main units, three Depots and two booking offices.

6.1.5 Audit criteria

The audit criteria was fixed on the basis of the principles adopted by the Corporation which *inter alia*, included:

- Jammu and Kashmir Financial Code,
- Road Transport Corporation Act, 1950,
- Manual of the Corporation on Operations, Manual on Purchases in JKSRTC, and
- General Financial Rules along with Budget documents of Corporation including other sanctions and orders issued from time to time.

AUDIT FINDINGS

6.1.6 Financial issues

The Paid up Share Capital[4] of the Corporation increased from ₹ 204.74 crore as at the end of financial year 2014-15 to ₹ 245.57 crore at the end of financial year 2018-19 as given in Table 6.1.2. However, the Government of India (GoI) has not made any contribution towards Share Capital during the last five years ending March 2019. The Financial Position of the Jammu and Kashmir State Road Transport Corporation for the period from 2014-15 to 2018-19 is given in Table 6.1.1:

Table 6.1.1: Receipts of Corporation during 2014-19

(₹ in crore)

Year	Grants/ financial assistance received from			Operating revenue	Other receipts[5]	Total receipts
	GoI	State Government				
		Plan	Non-plan in the form of loan			
1	2	3	4	5	6	7=(2+3+4+5+6)
2014-15	-	-	35.54	83.09	14.34	132.97
2015-16	-	5.95	35.54	78.53	22.20	142.22
2016-17	-	5.00	30.00	79.45	18.60	133.05
2017-18	-	3.75	30.00	80.09	25.17	139.01
2018-19	4.49	17.90	30.00	79.71	17.09	149.19
Total	**4.49**	**32.60**	**161.08**	**400.87**	**97.40**	**696.44**

(Source: Records of the Corporation)

The operating revenues declined from ₹ 83.09 crore in 2014-15 to ₹ 79.71 crore in 2018-19 and comprised about 58 *per cent* of total receipts during the period from 2014 to 2019. The non-plan grants received from the State Government which decreased from ₹ 35.54 crore in 2014-15 to ₹ 30.00 crore in 2018-19, comprised around 23 *per cent* of total receipts during the period from 2014 to 2019; showed a decline of 16 *per cent*. The State Government provided Non-plan budgetary support in the form of loans for which no repayments were made by the Corporation. As the Corporation was running in losses, no dividend was paid to the State Government against its investments.

The revenue earned was spent on salary, allowances and other operational expenses, while the financial assistance received from GoI was utilised for purchase of buses

[4] Includes share of ₹ 15.01 crore of the Government of India (GoI) as of March 2015.
[5] Other receipts include rent, interest on FDRs and other miscellaneous receipts.

under different schemes[6]. The main components of the expenditure during the period from 2014 to 2019 (Chart 6.1.1) were Salary and wages ₹ 432.99 crore (44 *per cent)*, overheads, interest and depreciation ₹ 323.60 crore (33 *per cent)*; Fuel and Lubricant ₹ 162.48 crore (17 *per cent)*, tyres/ tubes/ spares, Motor Vehicle tax and Passenger tax and other variable costs of ₹ 54.40 crore (six *per cent)*.

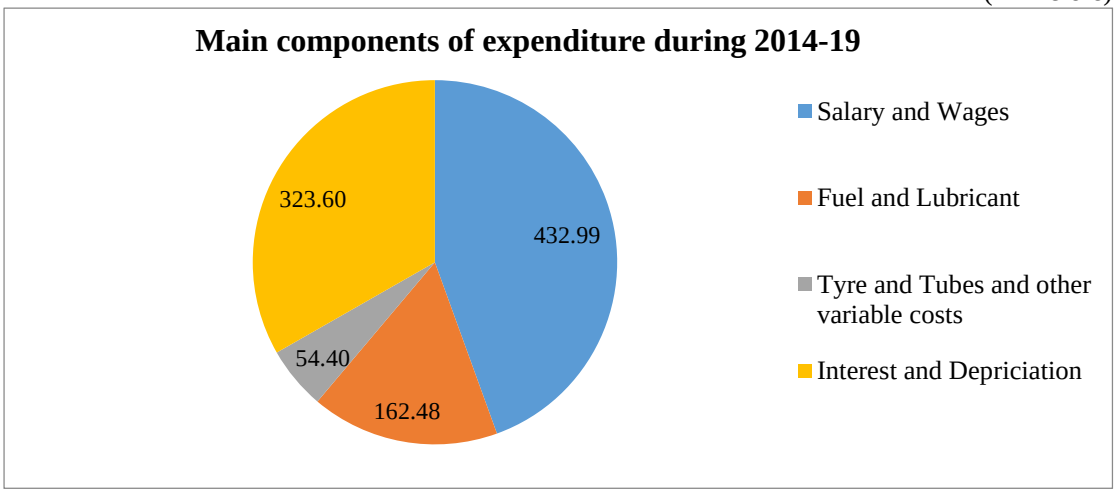
(₹ in crore)



(Source: Records of the Corporation)

The Annual Accounts up to the year 2013-14 prepared by the Corporation had been audited by the Principal Accountant General (Audit) as of March 2019. The Annual Accounts for the years 2014-15 to 2018-19 were not prepared and finalised on time. The audit of these accounts is completed and Separate Audit Reports for the period from 2014 to 2019 are under finalisation.

Position of the Assets and Liabilities as reflected in the provisional accounts prepared for the period from 2014-15 to 2018-19 is given in Table 6.1.2

Table 6.1.2: Position of assets and liabilities

(₹ in crore)

Year	**2014-15**	**2015-16**	**2016-17**	**2017-18**	**2018-19**

[6] Atal Mission for Rejuvenation and Urban Transformation and Intelligent Transport Management system scheme.

[7] Cost of fixed assets (land, buildings, fleet, tool plant, machinery etc.).

Although the paid up capital increased by 20 *per cent*, from ₹ 204.74 crore in 2014-15 to ₹ 245.57 crore in 2018-19, the accumulated losses during the same period increased by 33 *per cent*, from ₹ 1,229.56 crore to ₹ 1,639.01 crore. This indicates that funds infused by the State in the Corporation could not generate adequate revenue. Further, due to persistent losses, the Corporation even failed to deposit its share of contribution towards Provident Fund of employees with the Provident Fund Office and had to pay penal interest amounting to ₹ 1.46 crore during the period from 2014 to 2019 which could have been avoided through timely payments.

6.1.7 Planning

To sustain the public utility in the times to come, adequate Planning for long term as well as short term strategies are essential for running the utility effectively. It is therefore, necessary to frame a long term perspective plan as well as annual plans based on market input/ survey and other parameters. The Corporation had a Planning Wing headed by an Assistant Director. The main aim of Planning Wing was to conduct survey of passengers from origin to destination, prepare feedback reports, cross check the revenue earned and revenue realised and report to higher management for review and corrective action. The Planning Wing was also entrusted to fix the target and monitor the achievements.

The Planning Wing of the Corporation had not prepared any perspective plan or long term plan. It was stated by the Assistant Director (Planning) that no instructions from the Management were received in this regard. Further, the Managing Director stated that a revival plan was under consideration of the higher management/ Administrative Department. However, as seen from the records the revival plan was under consideration since June 2018 only.

Further, no survey was conducted regarding passenger feedback, quality of services, cross check of revenue earned and other[8] parameters as prescribed in the Operational Manual. In addition, analysis for losses in operations and non-achievement of targets fixed for fleet operations and revenue generation was not carried out.

Audit scrutiny (May 2019) revealed that the targets were fixed for 2017-18 based on previous year achievements (2016-17). The basis of fixing the targets for remaining years was not available on record. Planning Wing was only associated with compiling of the progress reports of the units. However, directions based on inputs for improving the services from the Planning Wing and any plan to minimise the losses was not available with the Corporation.

On this being pointed out (May 2019), the Managing Director stated (January 2020) that due to shortage of manpower survey, passenger feedback, cross check of revenue earned/ realised, etc. could not be undertaken. It was also stated that introduction of Intelligent Transport System, fresh survey, classification and rescheduling of bus

[8] Position of reporting time and actual time of departure, research data pertaining to improving the services, status of loss making vehicles, reporting and departure time of vehicles, researching of data regarding viability of routes, vehicles performance, etc.

services, utilisation of manpower, etc. was under process in the Corporation as of January 2020.

6.1.7.1 Targets for fleet operations and revenue collection

The yearly targets are fixed by the Planning Wing of the Corporation based on the monthly performance reports which are received from the operating units. However, the Corporation fixed these targets without consulting the unit heads. The target and achievement with respect to revenue and operations during the period 2014-15 to 2017-18 is depicted in the Table 6.1.3.

Table 6.1.3: Targets and achievement during 2014-15 to 2017-18

(Figures in bracket represent per cent)

Year	Available Fleet	Fleet Operation as per targets	Achievement of fleet Operated	Shortfall	Targets of revenue collection (₹ in crore)	Achievement of revenue collection (₹ in crore)	Shortfall in revenue collection (₹ in crore)
(1)	(2)	(3)	(4)	(5)= (3-4)	(6)	(7)	(8)= (6-7)
2014-15	934	664 (71)	469	195 (29)	131.43	83.44	47.99 (37)
2015-16	819	614 (75)	443	171 (28)	115.79	79.74	36.05(31)
2016-17	776	655 (84)	436	219 (33)	123.53	79.95	43.58(35)
2017-18	786	642 (82)	442	200 (31)	117.69	80.09	37.60 (32)
2018-19	Targets were not fixed						
Total					**488.44**	**323.22**	**165.22 (34)**

(Source: Based on information provided by planning wing of the Corporation)

The targets fixed during the period 2014-15 to 2017-18 for operation of the fleet ranged between 71 and 84 *per cent* of the available fleet. Even these targets for the operative fleet were not fully achieved. Shortfall in achievement of targets of the operative fleet during the period 2014-15 to 2017-18 ranged between 28 *per cent* and 33 *per cent.* Accordingly, the shortfall in revenue collection also ranged between 31 *per cent* and 37 *per cent* against the fixed targets. The overall shortfall in achievement of target of revenue collection during the period 2014-15 to 2017-18 was ₹ 165.22 crore, although targets were set after keeping into consideration the detention of vehicles for repair and maintenance in workshop. Targets for 2018-19 were not set.

In reply, the Managing Director stated (January 2020) that due to over aged fleet, frequent off roadings, shortage of manpower and turmoil in valley, the operational and financial targets were not achieved.

The fact remains that before fixing the targets the Corporation should have taken into consideration the constraints like over aged fleet, shortage of manpower etc.

Scrutiny of records in sampled units and Depot (including Sub-depots) revealed that the targets fixed during the period from 2014-15 to 2017-18 ranged between 65 *per cent* and 87 *per cent* of the common fleet available for these units and the shortfall in achievement of targets of operative fleet during the same period ranged between 15 *per cent* and 69 *per cent* with overall shortfall[9] in projected revenue collection to the extent of ₹ 119.20 crore as detailed in ***Appendix 6.1.3***. The highest shortfall in

[9] Difference between Projected Revenue by the Company during fixing of Targets for the year less Actual Revenue realised.

achievement of targets of operative fleet was observed in Doda Depot, where the shortfall ranged between 64 *per cent* and 69 *per cent*.

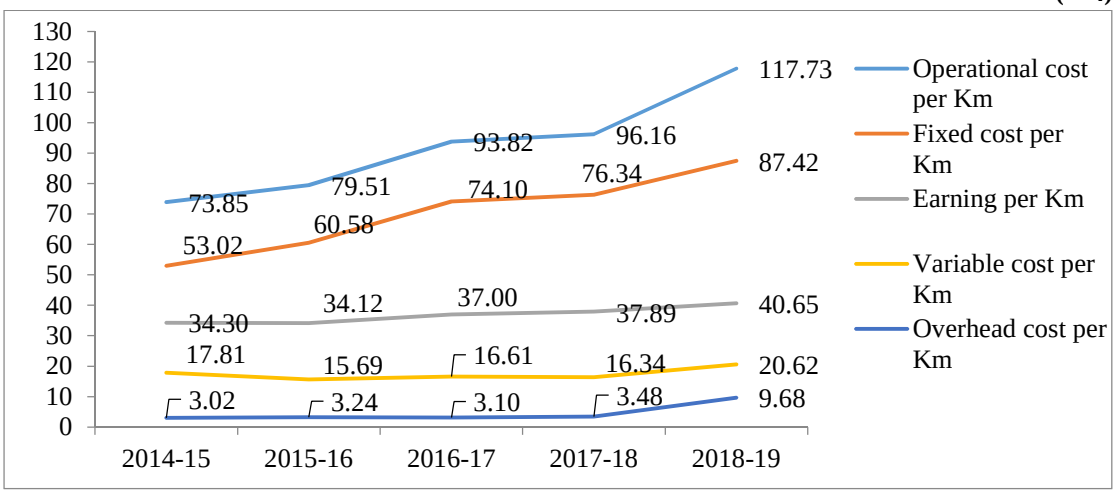
The Managing Director stated (January 2020) that buses are kept parked to meet the Government's demand on special/ emergent occasions. It was also stated that on intra-district routes, Corporation faces stiff competition from Light Commercial Vehicles (LCVs)/ private operators, however, transport facility was provided on unproductive routes for convenience of public. Reasons for parking of buses were also attributed to frequent *hartals*, aged fleet unable to compete with new good quality LCVs/ buses and detention of vehicles/ manpower. The reply is not tenable as the Corporation is a commercial organisation and it is bound to face competition from private entities. Further, the Corporation needs to upgrade its fleet by proper funding either by borrowing or seeking assistance from the Government.

6.1.8 Operating Issues

The working results depicting the outcomes of the operations of the Corporation on the basis of its provisional accounts for the period from 2014-15 to 2018-19 are given in ***Appendix 6.1.4***. Operating revenue of the Corporation which included traffic earnings, passes and season tickets, re-imbursement against concessional passes, fare realised from private operators under Kilo Metre (KM) Scheme etc., had decreased from ₹ 83.09 crore in 2014-15 to ₹ 79.71 crore in 2018-19 (four *per cent*) with the lowest being ₹ 78.54 crore in 2015-16. However, the operating expenditure which included fixed cost (personnel, depreciation, interest), variable cost (fuel/ lubricants, tyres/ tubes, spares) and overhead cost, during the same period had increased by 24 *per cent* from ₹ 119.48 crore in 2014-15 to ₹ 147.71 crore in 2018-19. Though effective Kms[10] of operations decreased by 46.15 lakh Km (19 *per cent*) from 242.23 lakh Km in 2014-15 to 196.08 lakh Km in 2018-19, year-wise trend of costs and earnings per Km is depicted in Chart 6.1.2:

Chart 6.1.2: Year-wise trend of costs and earnings

(In ₹)



(Source: Records of the Corporation)

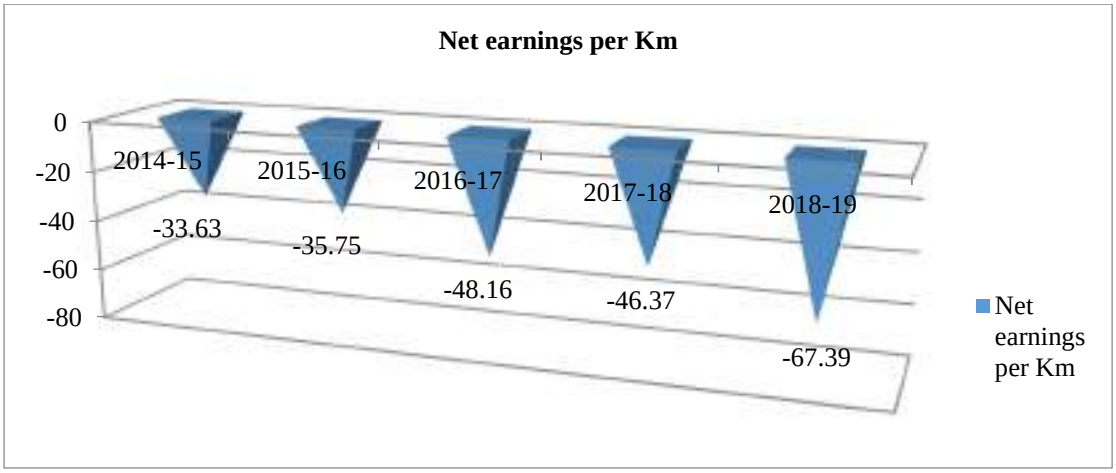
[10] Distance run by the fleet of the Corporation.

Although the operating revenue per Km of the Corporation had increased from ₹ 34.30 in 2014-15 to ₹ 40.65 in 2018-19 (18.51 *per cent*), the fixed cost per Km increased from ₹ 53.02 to ₹ 87.42 (64.88 *per cent*) and the operational cost increased from ₹ 73.85 to ₹ 117.73 per Km (59.42 *per cent*). This impacted the operational net earnings per Km which decreased from (-) ₹ 33.63 to (-) ₹ 67.39 (Chart 6.1.3). The operating cost (excluding depreciation and interest) per Km also increased from ₹ 49.33 in 2014-15 to ₹ 75.33 in 2018-19 (***Appendix 6.1.4***) and the operating net earnings per Km decreased from (-) ₹ 15.03 to (-) ₹ 34.68. This had contributed to the increase in accumulation of losses which went from (-) ₹ 1,229.56 crore in 2014-15 to (-) ₹ 1,639.01 crore (33 *per cent*) in 2018-19. Year-wise decrease in the net earnings of the Corporation are depicted in Chart 6.1.3 and the reasons for losses have been discussed in the succeeding paragraphs.

Chart 6.1.3:

Decline in net earnings per Km of the Corporation during the period from 2014 to 2019

(In ₹)



(Source: Records of the Corporation)

6.1.9. Operational Performance of the Corporation

6.1.9.1 Fleet strength

Management is required to manage and augment its assets to run the business operations efficiently in order to obtain optimal output of its available resources. The Corporation was not able to add adequate number of vehicles to improve its fleet strength during 2014-15 to 2018-19. On the contrary, the number of vehicles decreased by 14 *per cent* (from 964 to 831) despite adding 142 new vehicles[11]. The fleet strength of the Corporation, during the last five years including over aged vehicles, is given in Table 6.1.4.

[11] Trucks: 76; Buses: 66.

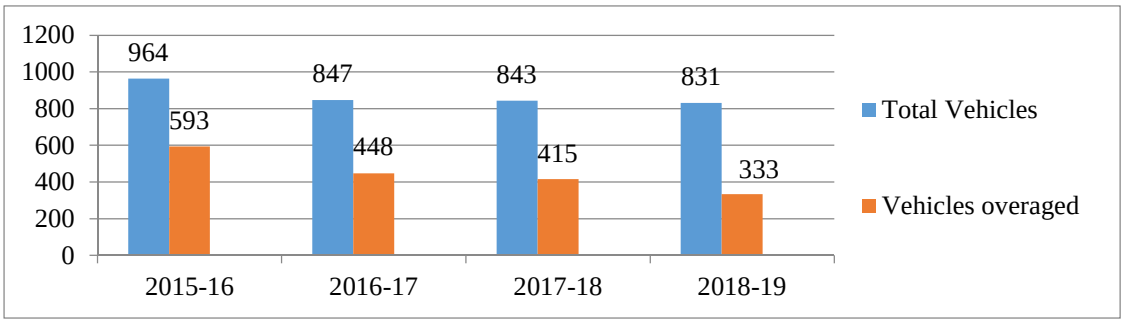
Table 6.1.4: Fleet strength of Corporation

Year	Buses	Trucks	Total	No. of over age vehicles			Percentage of over aged fleet
				Buses	Trucks	Total	
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8) = (7/4)*100
2014-15	610	354	964	NA[12]	NA	NA	NA
2015-16	610	354	964	340	253	593	62
2016-17	529	318	847	244	204	448	53
2017-18	525	318	843	213	202	415	49
2018-19	512	319	831	191	142	333	40

(Source: Performance Reports of Corporation for the years 2014-15 to 2018-19/ data provided by the Corporation)

As per the norms[13] fixed (January 2011) by the Administrative Department, buses plying above four lakh Km or are 10 years old and trucks plying above five lakh Km or are 12 years old whichever is later, are due for condemnation. Despite the defined norms, the over-aged vehicles run by the Corporation ranged between 40 *per cent* and 62 *per cent* during the period 2015-16 to 2018-19 as can be seen from the Chart 6.1.4.

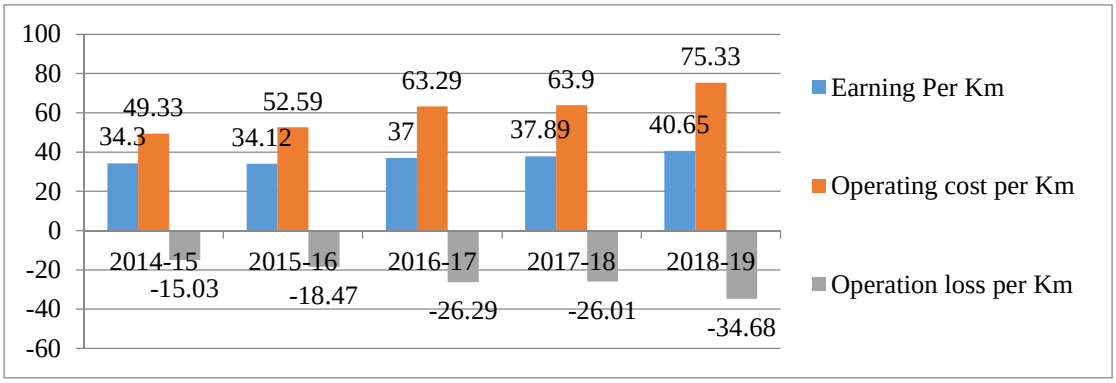
Chart 6.1.4: Year wise fleet strength and over age vehicles of Corporation



(Source: Performance Reports of the Corporation for the years 2014-15 to 2018-19/ data provided by the Corporation)

The Corporation also failed to recover operational revenue, and the operation loss[14] per Km ranged between ₹ 15.03 per Km to ₹ 34.68 per Km during the period from 2014 to 2019 as shown in Chart 6.1.5.

Chart 6.1.5: Earnings per Km *vis a vis* Operating cost per Km



(Source: Records of the Corporation)

[12] Not available.
[13] Fixed vide Order No. 6 TR-2011 issued by the Transport Department.
[14] Revenue Earnings per Km run of vehicles during the year less the operational cost per Km run (fixed and variable cost excluding depreciation and interest) during that year.

6.1.9.2 Utilisation of vehicles/ fleets

The year-wise operative strength of vehicles held by the Corporation is given in Table 6.1.5.

Table 6.1.5: Operative strength of vehicles

Year	Commercial Fleet held	Fleet Operated		Idle fleet		Detention	
		Vehicles	*Per cent*	Vehicles	*Per cent*	Vehicles	*Per cent*
(1)	(2)	(3)	*(4)*	(5)	*(6)*	(7)	*(8)*
2014-15	914	469	51	45	5	400	44
2015-16	820	443	54	41	5	336	41
2016-17	786	436	55	60	8	290	37
2017-18	746	442	59	63	8	241	32
2018-19	797	416	52	148	19	233	29

(Source: Records of the Corporation)

Operation of fleet held during the period 2014-15 to 2018-19 ranged between 51 *per cent* and 59 *per cent* and detention of vehicles in workshop ranged between 29 *per cent* and 44 *per cent.* Therefore, the number of vehicles lying idle in the Corporation had increased from five *per cent* in 2014-15 to 19 *per cent* in 2018-19.

Scrutiny of records in sampled units, Depot and Sub-depots revealed that the detention of vehicles in the workshops was higher than the projected detention of 15 *per cent* to 35 *per cent* during the period 2014-15 to 2018-19. The actual detention of vehicles in workshops during 2014-15 to 2018-19 ranged between 26 *per cent* to 80 *per cent* and exceeded these provisions, which had implication on revenue generation to the extent of ₹ 135.88 crore as detailed in ***Appendix 6.1.5*.**

The Managing Director stated (January 2020) that a small number of vehicles have been replaced which resulted in non-replacement of old age fleet of the Corporation. Further, it was stated that due to *hartals/ bandhs* and other security issues, shortage of technical manpower in workshops has also resulted in low utilisation of fleet.

However, the fact remains that Corporation could not improve on utilisation of vehicles/ fleet effectively. Audit analysis in ten sampled units[15], revealed that the average operative fleet was in the range of 20 and 79 *per cent* during the period 2014-15 to 2018-19 as compared to the All India Average (AIA)[16] of 88.7 *per cent.* As detailed in ***Appendix 6.1.6***, the less utilisation of the fleet in the sampled units as compared to the All India Average, had revenue earning potential of ₹ 284.75 crore.

6.1.9.3 Viability of Routes

In order to ensure the economic viability of operations, the cost benefit analysis of routes was to be carried out before starting a new route. Audit carried out the analysis of 13 out of 22 routes in the jurisdiction of Manager Passenger Service, Jammu and Manager Tourist Service, Jammu. It was noticed that:

[15] MPS, Jammu; MPS, Srinagar; MTS, Srinagar; MTS, Jammu; TM Load, Jammu; TM Load, Srinagar; Doda Depot; Sub-depot, Kishtwar; Sub-depot, Ramban; Manager City Service Division, Srinagar.

[16] AIA of fleet utilisation (Operative fleet of the total fleet held), as per report of Central Institute of Road Transport for the year 2016-17.

(I) Operations on nine routes (Table 6.1.6) were started either without any cost benefit analysis or on the instructions of higher authorities.

Table 6.1.6: Routes operated *vis-a-vis* revenue earned and expenses incurred on oil

(₹ in lakh)

Sl. No.	Name of route	Period	Journeys executed (in Nos.)	Cost of Fuel	Revenue earned	Difference
(1)	(2)	(3)	(4)	(5)	(6)	(7)=(5-6)
1.	Banihal-Jammu-Banihal	July 2017 to May 2018	149	3.96	1.88	2.08
2.	Jammu-Rabita Burgani	September 2018 to February 2019	59	0.92	0.70	0.22
3.	Jammu-Shivkhori	May 2014 to February 2018	75	2.30	1.55	0.75
4.	Jammu–Bamyal	April 2014 to February 2018	163	1.78	1.38	0.40
5.	Jammu-Chigyal-Jammu	March 2018 to August 2018	180	1.95	1.48	0.47
6.	Ladies special	April 2016 to September 2018	1,557	5.17	1.02	4.15
7.	Secretariat services	April 2014 to March 2019	2,845	9.61	5.69	3.92
8.	Jagti Ladies special	October 2014 to March 2019	1,468	7.96	4.33	3.63
9.	Jammu-Katra Srinagar	April 2014 to March 2019	12,067	7.59	1.92	5.67

(Source: Records of the Corporation)

As seen from the Table 6.1.6, the Corporation could not even recover the cost of fuel from the operations on these nine routes.

Further, a few instances on composite cost of journey *vis-à-vis* revenue earned is mentioned in Table 6.1.7.

Table 6.1.7: Revenue earned and expenses incurred on oil, driver/ conductor and incidentals

(₹ in lakh)

Sl. No.	Name of service	Days of service	Period of operation	Journeys executed (in Nos.)	Incidental expenses	Cost of fuel and expenditure on Driver/ Conductor	Total	Revenue earned	Difference
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)=(8-9)
1.	Chamba Mandi	2 days	May 2015 to April 2016	235	0.09	7.22	7.31	7.30	0.01
2.	Batote	2 days	July 2017 to August 2017	22	0.01	0.62	0.63	0.56	0.07
3.	Farori Dartal	2 days	August 2015 to October 2015	73	0.03	2.66	2.69	2.22	0.47
4.	Gajansoo Chargali	1 day	July 2017 to October 2017	53	0.02	0.28	0.30	0.23	0.07
Total					**0.15**	**10.78**	**10.93**	**10.31**	**0.62**

(Source: Records of the Corporation) (Journey incidentals calculated on basis of Driver ₹ 25 per journey: Conductor ₹ 15 per journey)

In the instances mentioned in Table 6.1.7, the composite cost of journeys which includes the cost of fuel, expenditure on driver/ conductor and journey incidentals

amounting to ₹ 10.93 lakh could not be met from the revenue of ₹ 10.31 lakh earned through these operations.

On this being pointed out, the Manager Passenger Services (MPS), Jammu confirmed (August 2019) that cost analysis of routes shall be done in future before starting the operations. However, the Manager Tourist Service (MTS), Jammu stated that the profitability of the routes is not monitored by his office as the operation of buses was directed from the GM office. The fact remains that the Corporation operated non-viable routes and also did not carry out prudent cost benefit analysis.

(II) In the sampled units[17] the running operation cost of vehicles[18] of ₹ 178.55 crore exceeded the revenue earned of ₹ 154.16 crore, resulting in deficit of ₹ 24.39 crore during 2014-19.

The MPS, Jammu stated (August 2019) that the unit shall take effective steps to reduce the running cost. However, the MPS, Srinagar stated that the JKSRTC is a Government undertaking as such it needs to run the buses even on those routes which are not run by the private sectors.

(III) In relation to the Manager Tourist Services (MTS), Srinagar and City Service Srinagar, fleet remained idle either for want of demand or for want of drivers. In City Service, Srinagar four to seven vehicles remained idle daily on an average, while in MTS, Srinagar about 13 to 43 vehicles on average remained idle per day during the period from 2014 to 2019. Further, in City Service Division, Srinagar, each bus performed about one journey per day within the city, which indicated gross under utilisation of buses in the unit. Thus, under utilisation/ idling of vehicles has impacted the overall revenue earnings of these two units by ₹ 19.43 crore[19] during the period from 2014 to 2019.

The Manager City Service Division, Srinagar intimated that buses remained idle for want of demand, while the MTS, Srinagar stated that due to prevailing situation in the valley, inadequate crew and low inflow of tourists, the vehicles remained idle.

The Managing Director stated (January 2020) that JKSRTC deployed its services to meet social obligations towards society being a Government Organisation. JKSRTC deploys vehicles on unproductive and rough routes to meet demand of local population, emergency conditions etc.

However, the fact remains that adequate survey of new routes needs to be conducted before start of the operation in order to control losses.

6.1.9.4 Scheduled operations

It was noticed during the period of review, that out of five major Depots of the Corporation only MPS, Srinagar, Jammu and Doda had schedules for operation of

[17] Manager Passenger Service, Jammu (Inter-State Division): ₹ 8.93 crore; Manager Passenger Service, Jammu (District service): ₹ 1.79 crore; Manager Passenger Service, Srinagar: ₹ 9.17 crore; Traffic Manager City Service, Srinagar: ₹ 4.50 crore.

[18] Cost of HSD, salary of driver and conductor, taxes and trip money etc.

[19] City Service, Srinagar: ₹ 1.60 crore; MTS, Srinagar: ₹ 17.83 crore.

buses, while in case of MTS both at Srinagar and Jammu, there was no regular schedule prepared for operation of buses. Audit also observed that Corporation could not perform the scheduled journeys either due to non-availability of vehicles or other infrastructure issues. During test check of two divisions; MPS, Srinagar and Doda, following points were noticed:

- In MPS, Srinagar during the period from 2014 to 2019, non-performance of scheduled operations ranged between 24 *per cent* (5,809 journeys) and 51 *per cent* (12,059 journeys) which had a potential financial implication of ₹ 10.47 crore. The MPS, Srinagar stated (September 2019) that due to heavy detention of vehicles and non-preference of Corporation vehicles by passengers, the unit could not ply the buses. It was also stated that aged and downgraded vehicles from interstate operation were provided to this unit which resulted in their frequent breakdown causing skipping of scheduled journeys and consequently low flow of passengers in JKSRTC Buses.
- Similarly, in the Doda district 38,478[20] scheduled journeys were missed during the period from 2014 to 2019, impacting the revenue earnings by ₹ 7.40 crore. The Depot Manager, Doda stated (September 2019) that due to non-availability of vehicles and adequate workshop facilities, the schedule journeys could not be performed. This is indicative of the fact that despite availability of fleet at other units, the Corporation failed to ply vehicles on these routes.
- The Corporation plied buses in neighboring States of Punjab, Himachal Pradesh, Rajasthan, Uttar Pradesh (UP), Uttarakhand, Haryana and UT of Chandigarh as per the reciprocal MoUs/ agreements/ Temporary Permissions. The schedule of journeys performed is regulated as per the Kilometer run/ passenger basis/ fare basis, etc. These MoUs/ agreements/ temporary permissions were 13 to 30 years old[21]. The Corporation could not avail the opportunity fully as per the MoUs/ agreements/ temporary permissions as it was not able to undertake a total of 65,411 journeys on these routes. The potential operating revenue of ₹ 61.15 crore could not be generated during the period from 2014 to 2019 as detailed in Table 6.1.8.

Table 6.1.8: Year-wise non-execution of scheduled operations on Interstate routes

Year	Schedule Journeys	Journeys Performed	Journeys not performed	Revenue loss[22] due to non-performing of journeys (in ₹ crore)
1	**2**	**3**	**4**	**5**
2014-15	24,741	12,649	12,092	9.78

(Source: Records of the Corporation)

[20] Doda: 13,101; Kishtwar: 12,276; Ramban: 13,101

[21] Punjab: June 1983/ September 1988; Himachal: November 1986/ November 1999; Haryana: June 1976/ November 2005; Rajasthan: December 2000; Uttarakhand: August 2004; UP: Not available.

[22] Worked out on the basis of average revenue earned from a journey on each route during each year.

- Scrutiny of records also revealed that the Corporation paid advance tax to other States[23] on the basis of criteria fixed in the MoUs or mutual agreements. Audit analysis revealed that the Corporation did not ply the required number of buses in four States which resulted in non-performance of scheduled journeys for which Passenger Tax of ₹ 82.59 lakh[24] was paid.

The Managing Director stated (January 2020) that due to non-availability of fleet, blockade and *hartals*, the scheduled journeys were missed and the matter regarding payment of Passenger Tax shall be probed to avoid unnecessary payments. The reply is not acceptable as the Corporation not only missed the scheduled journeys but also non-renewal of old agreements resulted in infructuous payment of ₹ 82.59 lakh as Passenger Tax.

6.1.9.5 Operation in remote areas

The Corporation is mandated to cater the transport needs of the remote areas so that population therein are connected to main urban areas. Test check of two units MPS, Jammu and Traffic Manager, Doda revealed that out of eight remote routes allotted to MPS, Jammu only one route was operated during the period from 2015 to 2018. However, none of these remote routes was operated during 2018-19. Similarly, out of 45 remote area operative routes under Manager, Doda District, only 11 were operational. In reply to the audit observations, the MPS, Jammu stated that these routes were operated on the instructions of higher authorities and later on closed due to non-profitability. The Traffic Manager, Doda stated that 24 to 29 routes could not be operated during the period from 2014 to 2019 due to non-availability of fleet in the Depot and heavy detention of vehicles.

The Managing Director stated (January 2020) that operations in remote areas were affected due to non-availability of mechanically fit fleet capable of operating on rough roads. It was also stated that after observing passenger flow in these areas, private operators started operating their vehicles on these routes, therefore services were withdrawn.

The Corporation, therefore could not fulfill the objective of regular operations to remote areas due to lack of mechanically fit fleet capable of operating on rough roads.

6.1.9.6 Consumption of fuel

An expenditure of ₹ 159.77 crore out of a total expenditure of ₹ 986.02 crore was incurred on High Speed Diesel (HSD) and lubricant during the period 2014-15 to 2018-19 which comprised about 16 *per cent* of the overall expenditure. Audit compared the consumption of HSD with reference to All India average of 4.95[25] Kilometer per litre (Kmpl) as detailed in Table 6.1.9.

[23] Punjab, Rajasthan, Uttar Pradesh, Uttrakhand.
[24] Punjab: ₹ 71.76 lakh; Rajasthan: ₹ 2.67 lakh; Uttar Pradesh: ₹ 5.29 lakh; Uttarakhand: ₹ 2.87 lakh.
[25] Report on Performance of State Undertakings for 2016-17, Central Institute of Road Transport.

Table 6.1.9: Excess consumption of HSD as compared All India average

Year	Total Km covered (in lakh)	Fuel issued (in lakh liters)	Cost of fuel (₹ in lakh)	Average KMPL	Fuel to be consumed as per AIA (in lakh litres) (Col 2/4.95)	Excess Consumption of fuel (in lakh litres) (Col 3-6)	Average cost of fuel per litre (In ₹) (Col 4/3)	Revenue Implication (₹ in lakh) (Col 7x8)
1	2	3	4	5	6	7	8	9
2014-15	244.53	60.01	3,652.28	4.07	49.40	10.61	60.86	645.72
2015-16	233.28	56.26	2,837.66	4.15	47.13	9.13	50.44	460.52
2016-17	217.31	52.42	2,903.89	4.15	43.90	8.52	55.40	472.01
2017-18	213.60	51.77	3,134.65	4.13	43.15	8.62	60.55	521.94
2018-19	199.34	47.77	3,448.17	4.17	40.27	7.50	72.18	541.35
Total						**44.38**		**2,641.54**

(Source: Performance Report and Balance sheet figure for the year 2014-15 to 2018-19)

As seen from the Table 6.1.9, the average fuel consumption in the range of 4.07 to 4.17 Kmpl during the period 2014-15 to 2018-19 was lesser than the All India average of 4.95 Kmpl which resulted in consumption of 44.38 lakh liters of excess fuel costing ₹ 26.42 crore.

Scrutiny of records of seven sampled units[26] revealed that the scale of fuel consumption on different routes was not fixed by the Corporation. The average fuel consumption in respect of bus fleet in these units ranged between 3.71 Kmpl and 4.51 Kmpl, while in respect of truck fleet it ranged between 3.44 Kmpl and 3.90 Kmpl as detailed in ***Appendix 6.1.7.*** The Corporation also has not made any serious efforts to standardise the scale for consumption of fuel.

In reply, the Managing Director stated (January 2020) that due to old age of the fleet and hilly terrain, fuel scale could not be maintained. It was further stated that matter will be reviewed for minimising the consumption of fuel. The reply is not tenable as the Corporation should have standardised the scale of consumption for each vehicle of different make on different route in order to ensure economy, accountability and efficiency in consumption of fuel.

6.1.10 Operation of truck fleet

The Corporation has two main units, one each at Jammu and Srinagar which overlook the operation of trucks. The position of truck fleet during the years 2014-19 is given in the Table 6.1.10.

Table 6.1.10: Position of truck fleet

(Number of trucks)

Year	Commercial fleet available for operation	Average fleet operated	Average fleet idle	Detention for want of repair
(1)	(2)	(3)	(4)	(5)
2014-15	334	211 (63)	16 (5)	107 (32)
2015-16	306	203 (66)	15 (5)	88 (29)
2016-17	299	200 (67)	31 (10)	68 (23)

	2016-17	193	164 (85)	133 (81)	31 (19)	2,777.97	2,359.32	418.65 (15)
	2017-18	187	159 (85)	123 (77)	36 (23)	2,668.24	2,254.20	414.04 (16)
	2018-19	Targets were not fixed						
	Total					**10,626.49**	**9,204.66**	**1,421.83**
	Grand Total					**16,625.86**	**13,609.42**	**3,016.44**

(Source: Progress Reports of units, figures in parenthesis are in per cent, targets of 2018-19 not fixed)

Shortfall of target of revenue from operation of the truck fleet during the period 2014 to 2018 ranged between one *per cent* and 31 *per cent*, despite the fact that targets were fixed on the basis of 75 *per cent* to 85 *per cent* of the total available fleet. This led to overall shortfall of ₹ 30.16 crore in revenue targets during the period from 2014 to 2018.

On this being pointed out (June 2019), the Traffic Manager (Load), Srinagar stated that due to abolition of SRO (*Sadriya Riyasat Order)* 157[28] the demand has reduced and revenue earning got affected to a large extent. It was also stated that 44 trucks are lying idle for want of drivers. The Traffic Manager, Jammu stated that shortfall in achievement of targets is due to heavy detention of vehicles at the workshop.

The Managing Director stated (January 2020) that targets were fixed on basis of age of fleet and detentions. However, targets could not be achieved due to decline in trained manpower in workshops, prevailing situation in the valley, shortage of drivers, etc.

The reply is not acceptable as the Corporation is hiring trucks from other private agencies for carriage and simultaneously keeping its own trucks idle. This indicates that

[27] Traffic Manager.
[28] As per SRO 157, it was mandatory for the Government departments to utilise services of JKSRTC.

despite demand, the Corporation failed to effectively utilise its truck fleet. In addition, the Corporation could have utilised the drivers attached to vehicles undergoing maintenance and repairs, effectively on fleet duty.

6.1.10.1 Detentions in respect of truck fleet

Scrutiny of records in two units handling the truck fleet revealed that despite keeping provision[29] for detention of 15 *per cent* to 25 *per cent* of net fleet strength during the period from 2014 to 2019, there was excess detention of vehicles at workshops. It was noticed that during the period from 2014 to 2019, the average excess detention of vehicles ranged between four to 13 vehicles per day of the truck fleet as detailed in Table 6.1.12.

Table 6.1.12:
Unit-wise detention of truck fleet at workshops for repair and maintenance during 2014-15 to 2018-19

Name of units	Year	Average Net Fleet[30] held	Average Fleet operated	Average Fleet detained (*per cent*)	Provision of detention for the year	Average Excess detention above the provision	Average net revenue earned per vehicle/ Day (₹)	Revenue impact due to excess detention (₹ in lakh)
1	2	3	4	5	6	7	8	9=7x8x365
T.M. (Load), Jammu	2014-15	109	63	38 (35)	27 (25)	11	4,631	185.93
	2015-16	108	57	40 (37)	27 (25)	13	4,705	223.25
	2016-17	107	67	27 (25)	16 (15)	11	5,333	214.12
	2017-18	107	70	24 (22)	16 (15)	08	5,512	160.95
	2018-19	112	75	23 (21)	17 (15)	06	5,743	125.77
(A) Total								**910.02**
T.M. (Load), Srinagar	2014-15	216	148	63 (29)	54 (25)	09	4,196	137.84
	2015-16	206	142	55 (27)	51 (25)	04	4,503	65.74
	2016-17	185	133	35 (19)	28 (15)	07	4,822	123.20
	2017-18	156	123	20 (13)	23 (15)	No excess detention	5,260	0
	2018-19	198	110	16 (08)	30 (15)		5,991	0
(B) Total								**326.78**
Total (A+B)								**1,236.80**

(Source: Progress reports of units, figures in parenthesis are in per cent, targets of 2018-19 not fixed)

As is clear from Table 6.1.12, the detention of truck fleet in excess of the norms fixed for each year had an overall impact of ₹ 12.37 crore[31] on the revenue earnings of the Corporation during the period from 2014 to 2019. Despite the fact that there were two full-fledged workshops catering to the requirement of repair and maintenance for truck fleet, the Corporation failed to limit the extra idle detention period of truck fleet due to lack of spares, tyres, etc.

It was further noticed that the detention was also not only on account of repairs at workshops but also vehicles were grounded due to non- availability of drivers as described hereunder:

[29] As indicated in the targets for the years 2014-15 to 2017-18. Since targets for 2018-19 were not fixed provisions of 2017-18 have been indicated.

[30] Total fleet except those kept for auction or transferred to other units.

[31] Traffic Manager (Load), Jammu: 2014-15: ₹ 185.93 lakh; 2015-16: ₹ 223.25 lakh; 2016-17: ₹ 214.12 lakh; 2017-18: ₹ 160.95 lakh and 2018-19: ₹ 125.77 lakh and Traffic Manager (Load), Srinagar: 2014-15: ₹ 137.84 lakh; 2015-16: ₹ 65.74 lakh; 2016-17: ₹ 123.20 lakh; 2017-18: NIL and 2018-19: NIL.

Scrutiny of records (July 2019) in the office of Traffic Manager (Load), Jammu revealed that drivers were not available for an average of six vehicles during the period January 2019 to March 2019, which had a revenue implication to the extent of ₹ 35.48 lakh. It was stated that maximum drivers retired in the period from 2018 to 2019, as a result of which the vehicles were grounded.

Similarly, in the Office of the Traffic Manager (Load), Srinagar, 17,671 vehicle days were lost due to non-availability of drivers which resulted in loss of potential revenue of ₹ 10.80 crore during the period from 2018 to 2019. Although drivers were available at workshops with detained vehicles, they were not deployed by the Corporation.

In reply, the Managing Director stated (January 2020) that due to shortage of adequately trained manpower at workshops, non-availability of spare parts and financial crunch, there was detention of vehicles.

6.1.10.2 Non-fulfillment of demand of goods carrier vehicles

As per *Sadriya Riyasat Order* (SRO) 157 of 26 April 2001, the Government Departments had to hire trucks from JKSRTC only, as per need. The Government Departments were required to obtain No Objection Certificate (NOC) from JKSRTC before hiring from Private entities. The Corporation also had the flexibility of Contract Hiring of Trucks (CHT) from private transporters based on the demand of goods carriage vehicles. This SRO 157, was however, abolished on March 2018.

Test check of Traffic Manager (Load), Jammu revealed that the Corporation had not assessed the requirement of trucks for carriage of goods for the period from 2014 to 2019. Even the total demand could not be furnished to Audit by the unit in Srinagar.

The demand and supply of operation for goods carriage including Contract Hiring of Trucks (CHT) from Private transporters is given in Table 6.1.13.

Table 6.1.13: Demand and supply of trucks required on various occasions for goods carriage

(Unit number of occasions)

Year	TM, Jammu				TM, Srinagar			
	Demand	Supply		Shortfall	Demand	Supply		Shortfall
		JKSRTC	CHT			JKSRTC	CHT	
2014-15	46,655	7,805	31,639	7,211	The Srinagar Unit had not maintained this data	-	-	Could not be assessed due to non-provision of information by the unit
2015-16	62,758	10,434	41,274	11,050		26,925	26,777	
2016-17	70,830	12,378	56,720	1,732		39,803	28,995	
2017-18	64,101	13,426	49,851	824		38,558	34,049	
2018-19	66,936	14,679	50,041	2,216		36,805[32]	--	
Total	**3,11,280**	**58,722 (19)**	**2,29,525 (74)**	**23,033 (7)**				

(Source: Records of the Corporation)

As observed in Audit, despite purchase of new 63 trucks during 2018-19, the Traffic Manager (Load), Jammu could not supply adequate vehicles as per the demand in Jammu Division. It was also, noticed that on one hand, the Corporation was hiring trucks from private entities in Jammu while keeping its trucks idle at Srinagar as detailed in paragraph 6.1.10.1. The Jammu unit of the Corporation could cater only to

[32] Total deployment was made only on 1,211 occasions.

19 *per cent* demand from its own fleet during period from 2014 to 2019 for supply of trucks required for carriage of goods. Despite engaging private contractor for meeting the bulk requirement (74 *per cent*), there was a shortfall of seven *per cent* in meeting the overall demand. Demand of trucks was not assessed at Srinagar, as a result the rationale for allocation of trucks among the two units could not be assessed in Audit. It was seen that although 36,805 truck days were available, only 1,211 were deployed by JKSRTC in Srinagar in 2018-19.

On this being pointed out (June 2019) in Audit, it was stated by the Traffic Manager (Load), Jammu that the fleet strength of JKSRTC is less as compared to CHT Contractor, due to which share of CHT Contractor is higher in meeting the demand of the Food Civil Supplies and Consumer Affairs (FCS&CA) and other Government Departments. This also indicates that actual requirement was not assessed at the Corporate level. It is to mention that 36 to 100 trucks of Corporation remained idle for want of drivers (April 2018 to March 2019) in office of the Traffic Manager (Load), Srinagar which comprised 19 to 50 *per cent* of available operative truck fleet of 201 in the unit.

The Managing Director accepted (January 2020) the findings of Audit and stated, that every effort shall be made to meet the demand.

The non-supply of adequate trucks as per demand of goods carriage vehicles by the Corporation, despite a provision of hiring from private sources, led to an opportunity of generating revenue being lost.

6.1.10.3 Non-recovery of outstanding amounts

The Corporation transports goods of Government Departments and gets a receipt (Challan) as a proof of delivery of goods at destination, based on which bills are raised against each Department. The amounts outstanding from Government Departments was ₹ 16.64 crore as on 31 March 2019 in respect of 52 offices as detailed in ***Appendix 6.1.8***. Scrutiny of records (July 2019) in the office of Manager (Load), Jammu, revealed that out of the ₹ 16.64 crore outstanding as on 31 March 2019, an amount of ₹ 10.16 crore[33] was outstanding against Food, Civil Supplies and Consumer Affairs Department alone since last three to six years. Included in this amount was ₹ 45.58 lakh[34] which has not been received due to non-production of goods delivery challans.

The Managing Director stated (January 2020) that matter is being pursued regularly to clear the outstanding amount.

Although the Corporation was running at a substantial loss, the efforts to recover outstanding amounts from the concerned Departments/ agencies was inadequate.

6.1.11 Procurement

The Corporation purchases its buses and trucks out of grants provided by the Government under different schemes as there are no internal resources to fund

[33] 2013-14: ₹ 2.29 crore; 2014-15: ₹ 1.65 crore; 2015-16: ₹ 5.89 crore; 2016-17: ₹ 0.33 crore.

[34] 2014-15: ₹ 2.52 lakh; 2015-16: ₹ 1.95 lakh: 2016-17: ₹ 7.83 lakh; 2017-18: ₹ 11.75 lakh; 2018-19: ₹ 23.53 lakh.

the capital expenditure. The Corporation auctioned 348 condemned vehicles (234 buses and 114 trucks) during the period from 2014-15 to 2018-19, against which it could replace only 142 vehicles (66 new buses[35] and 76 new trucks[36]).

In its vision document (July 2018), the Corporation projected a requirement of 1,500 buses and 1,000 trucks. However, it did not initiate any major action to purchase new vehicles by financing from its own resources, other financial institutions or from the Government. This was indicative of the fact that neither the Government nor the Corporation was taking effective steps in enhancing its fleet strength. Due to inadequate fleet strength, the operational revenue of the Corporation did not increase and it was solely dependent on Government grants even for meeting its establishment expenditure.

6.1.11.1 Short deduction of penalty

The Corporation placed (December 2017) supply orders for purchase of 32 fully built up, 44 seater BS IV buses. As per the supply order, the buses were to be delivered within a period of 60 days from the issue of the order. Penalty of ₹ 800 and ₹ 1,600 per vehicle per day was to be deducted from the final bill, for delays in delivery upto 15 days and beyond 15 days respectively.

Scrutiny of records revealed that Corporation had received 32 buses and deducted ₹ 12.48 lakh from the final bill on account of delays ranging between 30 and 33 days. However, the actual delay in receipt of these buses had ranged between 44 days and 47 days[37] and the supplier was liable to pay ₹ 23.49 lakh. Non-recovery of penalty at prescribed rates, resulted in short deduction of ₹ 11.01 lakh.

On this being pointed out (February 2019) it was stated that (August 2019) the recovery shall be affected after consultation with the General Manager (Passenger and Services).

6.1.11.2 Purchase of other parts

As per the Purchase/ Operational Manual, the Corporation was required to categorise the components of purchase in to ABC category[38], periodically review the stock level at the Headquarters, carryout the stock verification of stores and carryout Vital Essential Desirable (VED) analysis of the consumption/ wear and tear of vehicle parts. The purchase of tyres, batteries, other spares parts is made through designated Committees; Departmental Purchase Committee (DPC) I for bulk purchase and DPC II for small purchases. An expenditure of ₹ 28.47 crore[39] was incurred on procurement of tyres, tubes, accessories, batteries and spares during the period 2014-15 to 2018-19.

Audit examined the process of raising of requirement and purchase of tyres and batteries. To assess timeliness and efficiency of supply of tyres and batteries, the details

35 2014-15: Nil; 2015-16: 02: 2016-17: 16; 2017-18: 32; 2018-19:16
36 2014-15: Nil; 2015-16: Nil: 2016-17: 13; 2017-18: 63; 2018-19: Nil.
37 Eight buses: 44 days; 12 buses: 46 days and 12 buses: 47 days.
38 Category A Vehicles/ Engine complete built up, Category B Bus tyre, battery, HSD and Category C spares and other small parts.
39 Tyres/ Tubes/ Flaps: ₹ 11.45 crore; Battery: ₹ 1.08 crore; Spares: ₹ 15.94 crore.

of requirements and purchases of tyres and batteries made by the Corporation during the period from 2014 to 2019 is given in Table 6.1.14.

Table 6.1.14: Year-wise purchase of tyres and batteries

(*unit in numbers*)

Year	Requirement		Actually purchased		Shortfall	
	Tyres	Batteries	Tyres	Batteries	Tyres	Batteries
(1)	(2)	(3)	(4)	(5)	(6)= (2-4)	(7)= (3-5)
2014-15	1,460	488	1,110	430	350	58
2015-16	2,090	585	1,686	483	404	102

Total	**7,031**	**1,925**	**5,440**	**1,202**	**1,591**	**723**

(Source: Information provided by the Corporation)

As against the requirement of 7,031 tyres and 1,925 batteries only 5,440 tyres (77 *per cent*) and 1,202 batteries (62 *per cent*) were purchased. Moreover, the Corporation did not assess the requirement of its spares, batteries, tyres, etc. at the start of the financial year. The requisitions were being made throughout the year. As a result, the Corporation had to place the supply orders from time to time which led to unavailability of these components causing extended periods of detention of vehicles at workshops. This had an impact on operation of vehicles.

The Managing Director stated (January 2020) that due to paucity of funds, the components could not be maintained on VED basis. The Managing Director further stated (January 2020) that efforts shall be made to avoid the detention on account of spare parts, etc.

6.1.12 Management of Workshops

Audit examined records of five[40] (out of a total of eight) workshops to assess their functioning. The repair of engines is carried out by two Central Workshops[41] out of which the workshop at Jammu was selected for Audit scrutiny. It was noticed that there was excess periods of detention of vehicles for want of engine repair, spares, tyres, batteries, etc.

Audit also carried out the analysis of detention of vehicles beyond the prescribed period of 15 days in the workshops to ascertain whether the Corporation was able to manage the workshops in an efficient manner. It was seen that there was no defined timelines for out-shedding of vehicles in these workshops, which resulted in huge delays in repair and maintenance.

In the sampled four workshops[42], it was seen that, during the period from 2014-15 to 2018-19, 976 vehicles were detained for 60,959 vehicles days[43] beyond the allowed

[40] Load, Jammu; Load, Srinagar; PMD, Jammu; PMD, Srinagar; Central Workshop, Jammu.

[41] One each at Jammu and Pampore.

[42] Load, Jammu: 295 trucks for 10,796 days; Load, Srinagar: 64 trucks for 2,853 days; PMD, Jammu: 380 buses for 30,127 days; PMD, Srinagar: 237 buses for 17,183 days.

[43] The detention period has been calculated only for those vehicles which were detained for more than 15 days in the workshop.

15 days detention period for want of annual fitness, spares, tyres and engine overhauling etc., which impacted the revenue earnings of the Corporation by ₹ 50.18 crore[44] as detailed in the ***Appendix 6.1.9***.

The Central Workshop, Jammu had a requirement of 62 personnel as intimated by Deputy General Manager. However, only 22 to 16 personnel were working on an average in the workshop, during the period 2014 to 2019. Audit analysis revealed that 174 vehicles[45] remained in Central Workshops Jammu during this period, for engine repair/ spare parts over a period of 15,984 vehicle days which impacted the revenue earnings of the Corporation by ₹ 6.40 crore[46].

In reply it was stated that detention was due to non-availability of adequate manpower, spares, outdated tools and machinery which was more than 15 years old and non-availability of power back-up.

The Managing Director stated (January 2020) that due to financial crisis the spares parts were not available. It was also stated that staff strength of the Corporation was poor. However, the fact remains that the Corporation failed to assess the basic requirements of the workshop which includes adequate manpower, skilled technicians, electricity, spares, tyres, and other accessories leading to unnecessary extended detention of vehicles. The facility of electricity was limited at the unit resulting in consumption of 0.53 lakh litre of HSD during the period 2014 to 2019. This was due the fact that regular power supply was discontinued (August 2012) due to non-payment of electricity dues.

6.1.13 Management of Fixed Assets

Prudent Asset Management is one of the important requirements of any commercial undertaking, especially when the Corporation is running at huge losses. Audit scrutiny of records of 29 properties[47] held by the Corporation, revealed that title/ transfer papers were not available in respect of seven[48] properties.

The deficiencies observed in management of fixed assets by the Corporation is detailed in the Table 6.1.15.

---

44 Load, Jammu: 10,796 days, ₹ 5.42 crore; Load, Srinagar: 2,853 days, ₹ 1.43 crore; PMD, Jammu: 30,127 days, ₹ 38.05 crore; PMD, Srinagar: 17,183 days, ₹ 5.28 crore.

Load bearing structure at Sopore, 5. PMD Workshop at Narwal Jammu, 6. Land at office of Traffic Manager Load, Jammu 7. Land at Load Workshop Narwal, Jammu.

Table 6.1.15: Status of test-checked cases out of 29 properties held by the Corporation

Sl. No.	Name of property	Area	Remarks
1.	Load bearing structure situated at TRC (Workshop and office single and two storied respectively) Srinagar.	Out of 485 kanals, 22 *kanals* taken over by the Government for construction of Tehzeeb Mahal	20 *kanals* handed over to Art and Culture Department during 2012. Although 23 *kanals* of alternate land was identified by the Government at Nowgam, alternate land yet to be received.
2.	Hotel Building three storied Load bearing structure with CGI roofing plus vacant land situated at Lal Chowk, Srinagar	32 room shops of the building and hotel rooms under Jammu and Kashmir Tourism Development Corporation (JKTDC) on 6 *kanals* of land.	The rent agreement was not on record and no rent was being paid by the JKTDC. Out of 29 shops only 14 were paying the rent while remaining 15 had not paid rent since 2012. No concrete steps were taken to recover the rent or cancel the rent arrangements of shops and properties.
3.	Land situated at Budgam Kashmir	6.5 *kanals*	Land purchased by JKSRTC but title yet to be transferred.
4.	Central Workshop main building and two workshop buildings at Pampore, Kashmir (Load bearing structure)	82 *kanals*	Out of 182 *kanals*, 100 *kanals* were transferred to Planning and Development Department. Land evaluation and the amount to be received was awaited.
5.	Open land situated at Pulwama, Kashmir	20.11 *kanals*	Although ₹ 20.82 lakh has been deposited with the Deputy Commissioner, Pulwama but the land has not been allotted.
6.	Open land situated at Zangli, Kupwara	4 *kanals*	Reasons for non utilisation of land gainfully were not intimated.
7.	Regional Office, Jammu	31.01 *kanals*	Land measuring 13 *kanals* transferred to other Departments however, no compensation/ cost was provided to the Corporation. Action taken for claiming/ recovery of compensation was awaited.
8.	Central Workshop, Jammu	21.17 *kanals*	Out of 110 *kanals* of land at Central Store, Vikram Chowk Jammu only 21 *kanals* was under occupation with the Corporation, as the land was provided for road widening and construction of Kala Kendra. However, against the alternate land of 600 *kanals* to be provided, only 56 *kanals* had actually been provided to the Corporation. No action was taken for claiming the balance 544 *kanals* of land.
9.	Depot Office, Udhampur	29.01 *kanals*	The Depot Office at Udhampur is under occupation with CRPF since 1994. Action taken to recover the rent and evacuation of property was awaited in Audit.

(Source: Records of the Corporation)

Thus, the failure to acquire the ownership title of properties, get the valuation of properties done, reclaim the properties under occupation of other authorities, non-recovery of adequate compensation of land transferred, non-utilisation of properties under possessions to optimum level, non-renewal of leases, etc., indicated that the Corporation was not managing its assets efficiently.

The Managing Director, accepting the observation, stated (January 2020) that a Committee shall be formed to oversee the ownership issues and prudent utilisation of property.

6.1.14 Manpower Management

The prime responsibility of the Management is to ensure that the appropriate official is assigned the right duty/ assignment. The manpower needs to be regulated as per the sanctioned strength. The sanctioned strength of posts, men in position (MIP) and vacant posts during the period from 2014-15 to 2018-19 is depicted in Table 6.1.16.

Table 6.1.16: Year-wise sanctioned strength and men in position

(in Numbers)

Name of posts	Sanctioned strength	2014-15		2015-16		2016-17		2017-18		2018-19

Driver	1,245	512	733	499	746	538	707	515	730	498	747
Conductor	700	402	298	395	305	362	338	311	389	300	400
Other	1,617	1,188	429	1,170	447	1,022	595	1,050	567	1,027	590
Total	**3,603**	**2,126**	**1,477**	**2,086**	**1,517**	**1,945**	**1,658**	**1,903**	**1,700**	**1,850**	**1,753**
As *per cent* of sanctioned strength		**59**	**41**	**58**	**42**	**54**	**46**	**53**	**47**	**51**	**49**

(Source: Information provided by the Corporation)

As against the overall sanctioned strength of 3,603 posts, the men in position decreased from 2,126 in 2014-15 to 1,850 in 2018-19, thereby leading to steady increase in the number of vacant posts from 41 *per cent* to 49 *per cent*.

As per the Manual of Operations, the standard vehicle to manpower ratio of 1:3 has been adopted by the Corporation. It was observed that the vehicle manpower ratio[49] of Corporation during the period 2014-2015 to 2018-19 ranged between 1:2.32 and 1:2.55 which was below the standard ratio of 1:3. The maximum number of vacancies were in respect of drivers and conductors. An Audit analysis was carried out in respect of drivers/ conductors detained with vehicles in workshops. It was observed that in three[50] units of Jammu region, detention of drivers with vehicles at workshops ranged between 129 and 225 days during the period from 2014-15 to 2018-2019, while that of conductors ranged between 12 and 73 days. Similarly, in two[51] units of Kashmir region, the detention of drivers at workshops during the period 2014 to 2018, ranged between 58 and 73 days, while in respect of conductors it ranged between 12 and 42 days. The payment made to these idle drivers/ conductors assigned to vehicles at workshops amounted[52] to ₹ 44.95 crore[53] during the period from 2014 to 2019.

As test drivers are available in workshops, detention of regular driver/ conductors of vehicles in workshops along with their vehicles was not required, the payment of ₹ 44.95 crore towards salary to the idle drivers/ conductors was avoidable apart from non-utilisation of their services elsewhere.

49 2014-15: (1:2.32); 2015-16: (1:2.54); 2016-17:(1:2.47); 2017-18: (1:2.55); 2018-19: (1:2.32)
50 MTS, Jammu; MPS, Jammu; TM, Load Jammu.
51 MPS, Srinagar; TM, load Srinagar.
52 Worked out on the basis of average salary of driver/ conductor during each year.
53 Drivers: ₹ 26.45 crore; Conductors: ₹ 18.50 crore.

6.1.15 Internal control

The following points related to the internal control mechanism were noticed:

- Only ten Meetings of the Board were held during the period 2014 to 2019 although 20 were required to be held as per the JKSRTC Act.
- As per the Manual of Operations, the monthly meetings with head of units was to be held at General Manager Level. In Jammu Division, only eight and 15 meetings were held at GM level during 2017-18 and 2018-19 respectively. The record and information regarding meetings conducted by GM, Srinagar was not produced/ furnished to audit.
- The Management had not done any administrative inspections of Units at GM level. It was also noticed that the time table for departure/ arrival of buses in the Depots was not available on display boards in the bus terminals.
- No records were maintained at GM level for vigilance checks except by GM, Jammu who intimated that 19 vigilance checks were made during the period 2018 to 2019.
- In MPS, Jammu the flying squad for *en-route* checking of tickets was not functional from April 2014 to November 2018.
- There was no online booking facility provided by the Corporation except in the Delhi-Jammu route.
- No survey was conducted by the Corporation to ascertain the satisfaction level of commuters with respect to services provided by the Corporation.
- Scrutiny also revealed that three non-commercial vehicles were provided to non-entitled officers[54] without any approval from higher authorities. Test check of three log books out of 15 which were made available to Audit, revealed that Petrol Oil Lubricants (POL) of 50,023 liters was issued during the period from 2014 to 2019 for vehicles used by non-entitled officers which added further ₹ 25.01 lakh to the loss of Corporation.
- Under section 146 read with section 140 of the Motor Vehicle Act, 1988, there is a requirement for taking insurance against third party risk by the operator. The Government exempted[55] the Corporation from third party insurance subject to condition that it will maintain a separate fund for the purpose and financial statutory obligation of the Motor Accidents Claim Tribunal (MACT). However, the Corporation had not maintained separate fund which resulted in violation of the Government order and during the period 2014-15 to 2018-19 the Corporation had paid ₹ 6.86 crore as compensation[56] to third party claimants.

The Managing Director (January 2020) stated that serious efforts shall be made to improve the internal control mechanism for the Corporation and Audit shall be intimated accordingly.

[54] DGM, Manager and other subordinate staff.
[55] Vide Government Order No. 21-TR 2005 dated 23.3.2005
[56] Including penal interest.

6.1.16 Conclusions

The Corporation, did not frame any viable long term and short term plan for its revival. The parameters adopted for fixing of targets as well as day to day operations were not framed in consultation with operational unit heads and the targets fixed were not achieved fully. Further, the operational performance suffered due to under utilisation of vehicles, running of buses on non-profitable/ non-viable routes, skipping of scheduled journeys, less plying of fleet on Interstate routes, idling of vehicles, etc. The Corporation could not ply the vehicles in remote areas to fulfill its obligations. Management of workshops suffered due to lack of basic infrastructure, timely supply of spares, tyres, batteries, skilled manpower, leading to huge detention/ idling of vehicles and impacted its earnings. Weakness of internal controls was evident from non-holding of prescribed number of board meetings/ monthly meetings, non-conducting of regular inspections/ vigilance checks etc. The overall financial implication of this audit intervention is ₹ 737.57 crore.

6.1.17 Recommendations

The Management may consider to:

- *Optimise the planning parameters as per Operational Manual and frame the realistic targets. Besides, the long term planning needs to be formulated to make the Corporation self-reliant.*
- *The operational losses need to be minimised by improving on utilisation and performance of available fleet of vehicles. The manpower available in the Corporation should be utilised optimally to prevent idling of staff/ vehicles, in order to improve overall performance. Besides, proper surveys to ascertain the viability and profitability of routes should be conducted before starting new operations.*
- *The Corporation may consider creating separate verticals for operation of buses and trucks as independent cost/ profit center to exercise better financial and operational control.*
- *The assets of the Corporation may be used prudently after obtaining their title, and a time bound programme to replace age old fleet with new vehicles be taken up after proper surveys so as to ensure profitability.*
- *The procurement of spares/ tyres etc. in a time bound manner be ensured to avoid unnecessary detention of vehicles and manpower at workshops.*
- *The internal control mechanism needs to be strengthened.*

Chapter VII

Compliance Audit

State Public Sector Undertakings

CHAPTER VII

COMPLIANCE AUDIT

This chapter contains four paragraphs of Compliance Audit pertaining to two PSUs (Jammu and Kashmir Projects Construction Corporation Limited and Jammu and Kashmir State Power Development Corporation Limited). The observations relate to expenditure incurred in excess of sanctioned cost, non-recovery of excess expenditure, short realisation of administrative overheads and execution of works in excess of approved costs. The monetary implication of these observations is ₹ 16.96 crore.

Public Works Department

Jammu and Kashmir Projects Construction Corporation Limited

7.1 Expenditure incurred on construction of a bridge in excess of sanctioned cost

Jammu and Kashmir Projects Construction Corporation Limited did not restrict the work of construction of a bridge and allied works within the sanctioned cost, resulting in non-recovery of expenditure of ₹ 1.88 crore incurred on the work.

The Jammu and Kashmir State Cabinet approved[1] (July 2005) the construction of a Bridge over river Chenab at *Meri Mendraiya* to provide connectivity to the villages[2] of Akhnoor Tehsil of District Jammu. In terms of the cabinet decision, the Jammu and Kashmir Project Construction Corporation Limited (Company) was to execute the work. The Company submitted (November 2005) an initial cost offer of ₹ 17.50 crore which was subsequently enhanced (February 2007) to ₹ 22.84 crore due to change in the proposal from a steel arch bridge to concrete bridge. Subsequently, the Government of India (GoI) under Central Road Fund (CRF) accorded (September 2007) administrative approval for construction of a balanced Cantilever Pre-Stressed Concrete Bridge over river Chenab at *Meri Mendraya* at an estimated cost of ₹ 21.82 crore.

The Chief Engineer, Public Works (R&B) Department, Jammu (Project Authority) finally awarded (March 2008) the work of construction of the bridge to the Company on a lump sum contract basis at a sanctioned cost of ₹ 21.82 crore. The Company took up the construction of the bridge in October 2008. Subsequently, the Company, submitted (June 2010) a revised cost offer of ₹ 24.25 crore for the work against the approved estimated cost of ₹ 21.82 crore. The enhanced cost was not accepted (May 2011) by the Project Authority stating that the bridge was sanctioned by the GoI under CRF and further funds were being demanded arbitrarily by the Company. The Company was also directed to submit fresh cost offer on factual and work done/ realistic basis.

---

1 Vide Order No: 245-PW (R&B) of 2005 dated 07 July 2005.

2 Bala, Balgarha, Barui, Chakhar, Gorde, Grattal, Karefal Lassu, Majoor Mandrian, Noor, Piyan, Rangani, Tacharwan, Tung etc.

Audit scrutiny (June 2018) of the records revealed that a total amount of ₹ 22.01 crore[3] was received by the Company, and the value of work executed was ₹ 23.89 crore (March 2020) as per Company records. This exceeded the amount received by the Company by ₹ 1.88 crore[4] (8.5 *per cent*). The Company had again demanded (November 2014) additional funds of ₹ 2.24 crore[5] from the Project Authority for completion of the project. The Project Authority however, informed (November 2014) the Company that excess up to only 10 *per cent* of the sanctioned cost (₹ 21.82 crore), was permissible under the CRF Guidelines, subject to furnishing of item-wise/ component wise details of cost escalation with full justification. The Company despite lapse of more than 87 months from the date of handing over (December 2012) of the bridge, had not provided the justification (March 2020) for cost escalation leading to non-release of funds by the Project Authority.

Thus, failure of the Company to restrict the value of work done within the sanctioned cost or provide justification for cost escalation within 10 *per cent* of the sanctioned cost, resulted in non-recovery of ₹ 1.88 crore.

In reply, the Deputy General Manager Unit 7, Jammu and Kashmir Project Construction Corporation, Jammu confirmed (July 2018) that Project Authority had released funds totaling to ₹ 22.01 crore against the proposed revised cost of ₹ 24.25 crore and ₹ 2.24 crore had been demanded. It was further stated that excess cost over sanctioned cost of the project was due to enhancement[6] of service tax from 4.2 *per cent* to 10.5 *per cent* and introduction of labour cess.

The reply is not tenable as, despite directions from the Project Authority (March 2008) that the project cost should not exceed ₹ 21.82 crore, the Company executed the work and incurred an expenditure of ₹ 23.89 crore. Further, the Company is yet to submit (March 2020) the item-wise/ component wise details of cost escalation with full justification for completing the work, to avail the enhanced cost.

The matter was referred to Company/ Government in April 2020; their replies were awaited (September 2020).

It is recommended that works taken up for construction by the Company should be executed within the sanctioned cost.

7.2 Non-recovery of excess expenditure incurred on construction of a bridge

Jammu and Kashmir Projects Construction Corporation Limited constructed a bridge over Darhali Nallah, Ujjhan (Rajouri) without ensuring the approval of revised cost offers and release of funds, which resulted in expenditure of ₹ 6.85 crore not being reimbursed.

The Public Works Department, the Project Authority (PA) awarded (April 1998) construction of single lane steel super-structure bridge to provide access to the local

[3] The Project Authority had initially released ₹ 1.80 crore upto (2006-07) prior to allotment of work in (2008) under CRF and ₹ 20.21 crore after allotment of work upto 2012.
[4] Difference of value of work done of ₹ 23.89 crore and funds receipt of ₹ 22.01 crore.
[5] Difference of revised cost of ₹ 24.25 crore and funds receipt of ₹ 22.01 crore.
[6] From 4.2 *per cent* to 8.4 *per cent* and then from 8.4 *per cent* to 10.5 *per cent.*

population of the villages[7] of the District Rajouri, along with the approach roads over Darhali Nallah at Ujjhan (Rajouri) at an estimated cost of ₹ 3.00 crore[8], to the Jammu and Kashmir Projects Construction Corporation Limited (Company). The work was to be completed within 30 months of the award of the contract (October 2000).

The Company submitted two revised cost offers (between June 2004 and July 2009) of the project to the Project Authority as given in Table 7.2.1. The scope of work was revised in June 2012 from 162 metre single lane to 178 metre (44.5 m x 4) span single lane bridge, and the cost had to be further revised to ₹ 13.75 crore. The revised cost offers were yet to be approved (June 2019) by the Project Authority.

Table 7.2.1: Periodical cost revisions of the project by JKPCC

Particulars	Date of proposal	Estimated cost (₹ in crore)
(a)	(b)	(c)
Initial proposal	April 1998	3.00
First revision	June 2004	7.12
Second revision	July 2009	10.72
Third revision	June 2012	13.75

Audit scrutiny (October 2018) of the records revealed the following:

- Though revised proposals were not sanctioned and adequate funds were not released (only ₹ 1.55[9] crore released upto 2011-12), the Company started (January 2011) the work of the sub-structure of the bridge at an estimated cost of ₹ 3.40 crore and completed it in May 2011.
- The Administrative Approval (AA) was conveyed (February 2013) by the Project Authority for construction of the super structure of the bridge at a cost of ₹ 6.70 crore under funding from National Bank for Agriculture and Rural Development (NABARD). The AA of the project, *inter alia*, stipulated that the work shall be taken up for execution only after authorisation of funds by the NABARD authority.
- The balance work of the bridge including super-structure was allotted (October 2014) to M/s A.K. Constructions (contractor) at an estimated cost of ₹ 5.75 crore. The work, started by the contractor in March 2015, was completed in September 2016. The total value of work done as booked by the Company was ₹ 8.40 crore.
- Though no further fund was released by the Project Authority, an amount of ₹ 5.66 crore was released by the Company to the contractor between July 2015 and October 2019.

Thus, failure of the Company to restrict the expenditure to receipts of fund led to non-recovery of ₹ 6.85 crore[10] from the Project Authority.

The Deputy General Manager, Jammu and Kashmir Projects Construction Corporation Limited Unit 8 Rajouri, stated (May 2019) that the work was taken up and completed

7 Dhandkot, Kassian and Danna, Khurd, Leeran, Madhoon, Maluth, Nadian and Ujjhan.
8 Bridge: ₹ 1.50 crore; approach road: ₹ 1.50 crore.
9 2003-04: ₹ 0.05 crore; 2010-11: ₹ 0.50 crore and 2011-12: ₹ one crore.
10 Difference of value of work done (₹ 8.40 crore) and funds receipt (₹ 1.55 crore).

on the verbal directions of the Minister Public Works of the State Government and Project Authority had assured release of funds. It was also stated that despite several reminders Project Authority and NABARD had not released funds after September 2011.

The reply is not tenable as the Company executed the sub structure work without receipt of adequate funds and the super structure work without authorisation of funds from NABARD. Besides, the Administrative Approval on the revised cost offers submitted by the Company from time to time was not obtained even after the execution of the works. Thereby an excess expenditure of ₹ 6.85 crore incurred out of Company's own resources which could not be recovered from the Project Authority.

The matter was referred to Government/ Company in June 2020; their replies were awaited (September 2020).

It is recommended that adequate steps may be taken to recover the excess expenditure incurred on behalf of the Project Authority and projects be executed after ensuring availability of funds.

7.3 Short realisation of administrative overheads

Despite clear instructions of the Project Authority to restrict the value of work to ₹ 20.50 crore for construction of Niki Tawi bridge, the Company exceeded the sanctioned cost, resulting in short realisation of administrative overheads of ₹ 1.64 crore.

Consequent to the damage of Niki Tawi bridge owing to floods of September 2014, road link to isolated hamlet[11] across the Tawi river was disrupted. To mitigate the problems faced by the public of the area, the Government of Jammu and Kashmir (GoJ&K) allotted (December 2014) construction of a 300-metre span pre-stressed concrete double lane bridge over Niki Tawi river on the upstream side of existing bridge under the Prime Minister Development Package to the Public Works Department, GoJ&K. The Chief Engineer, Roads and Buildings (R&B), Jammu (Project Authority) allotted (December 2014) the work of construction of bridge to Jammu and Kashmir Projects Construction Corporation Limited (Company) for an estimated cost of ₹ 20.50 crore. The Company submitted (December 2014) the cost offer of ₹ 30.25 crore for the project. The cost offer was not accepted by the Project Authority and the Company was instructed (December 2014) to complete the job within the sanctioned cost of ₹ 20.50 crore. Accordingly, the sanctioned amount of ₹ 20.50 crore was released by the Project Authority.

The Company was required to charge administrative overheads at the rate of 10 *per cent* on the project cost.

Audit scrutiny (June 2018) of records revealed that without the approval of the cost offer of ₹ 30.25 crore submitted to Project Authority, the Company allotted[12]

[11] Consisting of approximately 45 villages namely Ram Bagh, Kullaian, Sura Chack, Ganshau Chack, Kirpollpur, Nandian, Mandal Fillan, Sardare Chack, Wazir Chack, Top, Sumh, HariPur, Takutera, Suanjian, Mukuial, Lohra Kalian etc.

[12] On the recommendations (April 2015) of contract committee of GoJ&K.

(June 2015) the work of construction of the bridge to a contractor[13] at an estimated cost of ₹ 21.72 crore on turnkey basis. The construction work of the bridge was taken up (November 2015) by the contractor and completed in March 2017, for which the Company had incurred (March 2020) an expenditure of ₹ 20.13 crore. Accordingly, the applicable administrative overheads works out to ₹ 2.01 crore.

However, executing the work for construction of bridge without the approval of revised cost resulted in short realisation of administrative overheads of ₹ 1.64 [14] crore despite lapse of more than two years from the date of completion of the bridge. This affected the Company's profitability and its ability to meet administrative cost.

After this was pointed out (June 2018) in Audit, the Deputy General Manager Unit 7 Jammu and Kashmir Projects Construction Corporation stated (June 2019) that the allotment for estimated cost of ₹ 21.72 crore was as per decision of the contract committee and the actual cost of the project was ₹ 30.25 crore and work allotted was well within the cost offer.

The reply is not tenable as the initial estimate of ₹ 30.25 crore was not agreed to (December 2014) by the Project Authority, and clear instructions to restrict the job within the sanctioned cost of ₹ 20.50 crore was given. Besides, the administrative overheads amounting to ₹ 1.64 crore were also not recovered.

The matter was referred to Government/ Company in May 2020; their replies were awaited (September 2020).

The Company may ensure recovery of administrative expenses on projects executed.

Power Development Department

Jammu and Kashmir State Power Development Corporation Limited

7.4 Execution of work in excess of approved cost

Failure of the Company to execute work under Rajiv Gandhi Grameen Vidyutikaran Yojana as per the approved cost, led to financial loss of ₹ 1.92 crore, besides, non-receipt of ₹ 4.67 crore from the REC since 2014-15.

Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY) was launched (April 2005) by the Government of India (GoI) through Rural Electrification Corporation (REC) to provide electricity connections free of cost to below poverty line households. The scheme was to be executed in seven districts[15] by the Jammu and Kashmir State Power Development Corporation Limited (Company). The Company, after inviting tenders awarded contract (December 2009) in three districts to M/s Pir Panchal Construction Pvt. Ltd. Joint Venture (contractor). The work was required to be completed in 12 months from the date of issue of Letter of Intent. The District/ Project-wise position is detailed in the Table 7.4.1.

[13] M/s A. K. Construction, Builders and Engineers.

[14] Expenditure incurred ₹ 20.13 crore plus administrative overheads of ₹ 2.01 crore (10 *per cent* of expenditure of ₹ 20.13 crore) less amount of ₹ 20.50 crore received from the Project Authority is ₹ 1. 64 crore.

[15] Anantnag, Baramulla, Doda, Poonch, Pulwama, Kupwara and Rajouri.

Table 7.4.1: District/ Project-wise position of RGGVY projects

(₹ in crore)

Sl. No.	Project	Initial sanctioned cost	Awarded cost	Revised sanctioned cost	Date of completion	Delay in months
1	2	3	4	5	6	7
1.	Rajouri	29.97	37.77	79.97	May 2014	41
2.	Poonch	16.96	18.42	26.59	February 2014	38
3.	Doda	37.64	45.02	57.40	January 2015	49
	Total	**84.57**	**101.21**	**163.96**		

(Source: Allotment orders/ information provided by the Company)

The Company received a total amount of ₹ 156.57 crore from REC as detailed in the Table 7.4.2:

Table 7.4.2: Status of amounts received for execution of RGGVY works in three districts

(₹ in crore)

Sl. No.	RGGVY Project	Amount received from REC	Amount approved by REC after the closure of the project	Expenditure incurred	Excess expenditure over the amount approved by REC	Value of inventory transferred to J&K Power Development Department	Financial loss	Amount not received from REC so far
1	2	3	4	5	6= (5-3)	7	8=(6-7)	9 = (4-3)
1.	Rajouri	79.76	80.34	82.74	2.40	0.93	1.47	0.58
2.	Poonch	25.65	25.65	26.72	1.07	0.62	0.45	-
3.	Doda	51.16	Not Approved	55.25	-	1.18	Nil	4.09[16]
	Total	**156.57**	**105.99**	**164.71**	**3.47**	**2.73**	**1.92**	**4.67**

(Source: Physical/ Financial progress reports/ information furnished by the Company)

The works were completed with delays ranging between 38 and 49 months from the scheduled date of completion, incurring a total expenditure of ₹ 164.71 crore. Out of this expenditure of ₹ 164.71 crore, the Company had incurred an expenditure of ₹ 109.46 crore in respect of RGGVY Projects of Rajouri and Poonch districts. The closure proposals of Projects of Rajouri and Poonch districts were approved by REC for ₹ 105.99 crore. The RGGVY works in Doda district was closed in January 2015 after incurring an expenditure of ₹ 55.25 crore by the Company. The closure proposal was yet to be approved by REC (July 2020).

Audit scrutiny (May 2017) of the records revealed that the reasons for delay as recorded in the reply of the Company included, *inter alia*, delay in tendering process, Right of Way (RoW) issues, public hindrance during execution, inclement weather and snow prone or inaccessible areas etc. The Company had incurred an expenditure of ₹ 164.71 crore against the amount of ₹ 156.57 crore received from REC as indicated in the Table 7.4.2 above. The closure proposals in respect of RGGVY Projects of Rajouri and Poonch districts on which Company had incurred the expenditure of ₹ 109.46 crore were approved by REC for ₹ 105.99 crore. After taking into account the value of surplus inventory of ₹ 1.55 crore transferred or recoverable from Jammu and Kashmir Power Development Department (JKPDD), the Company had to bear financial loss of ₹ 1.92 crore due to expenditure beyond the approved cost. In addition to this, in the closure proposal of Rajouri only ₹ 79.76 crore had been received from REC so far against the approved amount of ₹ 80.34 crore, thereby resulting in non-receipt of ₹ 0.58 crore.

The closure proposals of RGGVY works in Doda district was, however, not approved by REC despite a lapse of 64 months from the date of closing of work (January 2015)

[16] Closure proposal of Doda not approved, therefore expenditure incurred (₹ 55.25 crore) less by amount received (₹ 51.16 crore) is equal to ₹ 4.09 crore.

by the Company. Audit noticed (May 2017) that the work in respect of Doda district was not completed due to non-availability of alternate land after land slide at the earmarked site and for want of Forest clearance. Final expenditure of ₹ 55.25 crore in Doda district had been booked by the Company against which REC released funds amounting to ₹ 51.16 crore, resulting in non-receipt of ₹ 4.09 crore. Further, an amount of ₹ 1.18 crore is recoverable from Jammu and Kashmir Power Development Department in respect of surplus inventory transferred.

In reply, the Chief Engineer, Generation Wing, Jammu stated (July 2020) that the closure proposal of Doda project is pending as the five receiving stations (33/ 11 KV) constructed by the contractor have not been handed over to the concerned utilities so far. It was also stated that the surplus material handed over to Power Development Department had not been approved by REC but was procured by Company out of its own resources to be recovered from Power Development Department.

The reply is not tenable as the Company had incurred excess expenditure on Rajouri and Poonch projects beyond approved financial cost accorded by the REC, which has led to financial loss of ₹ 1.92 crore. Besides, the Company had not completed the works of Doda project and could not receive the amount of ₹ 4.67 crore (Rajouri: ₹ 0.58 crore; Doda: ₹ 4.09 crore) from REC since 2014-2015.

The matter was referred to Government/ Company in May 2020; their replies were awaited (September 2020).

It is recommended that the Company/ Government should ensure timely execution of work within the approved cost.

PREFACE

This Report of the Comptroller and Auditor General of India for the year ended March 2019 has been prepared in accordance with Article 151 of the Constitution of India. As per the decision of the Government of India, Ministry of Finance (June 1994), wherever President's Rule is extended beyond one year, the Comptroller and Auditor General of India Report relating to the State would be placed in Parliament. Hence, this Report is being sent to President for laying in the Parliament. Consequent to the reorganisation of the State of Jammu and Kashmir, under the Jammu & Kashmir Reorganization Act, 2019, the Report is also being sent to the Lieutenant Governors of the successor Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

This Report contains six chapters, **Chapter I** to **Chapter VI**. **Chapter I** presents an overview of the Package announced for J&K on 07 November 2015 by the Prime Minister of India, **Chapter II** to **Chapter V** present the significant observations of audit on implementation of 16 PMDP projects by the erstwhile State of Jammu & Kashmir and **Chapter VI** contains the Conclusions and Recommendations of Audit in respect of implementation of these 16 PMDP projects.

The cases mentioned in the Report are among those which came to notice in the course of test audit conducted during May 2019 to November 2019 covering the period from 2015-16 to 2018-19. Instances relating to the period subsequent to March 2019 have also been included, wherever necessary and status of completion of works has been subsequently updated to indicate the latest status.

Executive Summary

EXECUTIVE SUMMARY

Background

A comprehensive reconstruction plan for the erstwhile State of Jammu & Kashmir (J&K), was announced by the Prime Minister of India on 07 November 2015. The Prime Minister's Development Package (PMDP), included 63 projects with a total outlay of ₹ 80,068 crore under following five sectors (pillars):

- Humanitarian Relief[1],
- Crisis Management[2],
- Social Infrastructure[3],
- Development Projects[4] and
- Economic Infrastructure[5]

The core objective of the PMDP, a Reconstruction Plan was to expand the economic infrastructure; provide basic services; give thrust to employment and income generation; provide relief and rehabilitation to the victims of September 2014 floods and to strengthen the Disaster Management Framework of the erstwhile State. The PMDP also seeks to strengthen the economic and social infrastructure to provide for the balanced development of the three regions, Jammu, Kashmir and Ladakh of the erstwhile State of J&K.

Under the PMDP, six Ministries/ Agencies of the Government of India are implementing 24 projects with project outlay of ₹ 44,083 crore and 14 Departments/ Agencies of Government of Jammu & Kashmir (GoJ&K) are implementing 39 projects with project outlay of ₹ 35,985 crore. A total amount of ₹ 11,100.28 crore was released and an expenditure of ₹ 9,282.84 crore was incurred, till March 2019 in relation to these 39 projects.

The Audit objectives were to assess whether for implementation of the projects:

- Funds were released, accounted for and utilised by the implementing agencies;
- Structural mechanisms were in place; Infrastructural facilities and staff requirements for implementation of the projects were adequate and effective;
- Compliance with the provisions of applicable financial rules and standing orders/ instructions;
- Employment had been achieved and whether it was in accordance with laid down norms;
- Eligible beneficiaries were identified properly and financial assistance had been paid to them as per laid down norms;

1 With an outlay of ₹ 6,313 crore.
2 With an outlay of ₹ 5,858 crore.
3 With an outlay of ₹ 8,057 crore.
4 With an outlay of ₹ 5,521 crore.
5 With an outlay of ₹ 54,319 crore.

- Execution of the works was carried out economically and efficiently; and
- Monitoring of flood management works of Jhelum river and Mechanism for restoration of damaged infrastructure was in place.

The Audit Sample was drawn up based on the physical and financial targets *vis-a-vis* their achievements including risk and materiality factors. Accordingly, 16 projects out of 39 projects of PMDP being implemented by the GoJ&K, under four sectors, Humanitarian Relief, Crisis Management, Social Infrastructure and Development Projects **(*Appendix 1.2*)** were test-checked by audit, during the period from April 2019 to November 2019.

An Entry Conference was held with the Principal Secretary, Planning Development and Monitoring Department, GoJ&K on 20 May 2019, wherein the objective, scope, criteria and methodology of audit were discussed. The Audit findings were discussed in an Exit Conference held with the Financial Commissioner, Department of Finance, GoJ&K on 20 August 2020 which was attended by all Heads of Departments/ Implementing agencies of the GoJ&K. The replies of the Department have been suitably incorporated in the report, as appropriate.

While the total financial implication of this audit intervention is ₹ 2,125.21 crore, significant findings and related recommendations relating to different Sectors, have been abstracted in the following paragraphs.

Humanitarian Relief

Assistance for completely damaged, severely damaged and partially damaged houses

The Government of Jammu & Kashmir (Finance Department) had retained ₹ 102.80 crore out of ₹ 1,194.85 crore released by the GoI. The flood affected residential houses had been categorised on the basis of initial reports of non-technical officials in making assessment of damages. In seven test checked districts, out of 1.69 lakh houses identified as damaged immediately after floods of September 2014, 1.58 lakh households were paid assistance under SDRF, 1.46 lakh households under PMNRF and 1.40 lakh households under the PMDP as on March 2019. The financial assistance of ₹ 63.45 lakh in 184 cases has been provided in Jammu and Rajouri districts, for households which were not on the list prepared post the floods of September 2014. In six districts, excess financial assistance of ₹ 73.85 lakh was paid to 85 affected households into their Bank accounts. The Assistant Commissioner (Revenue), Rajouri, had diverted, ₹ 16.10 lakh without authorisation, for purchase of articles and restoration works/ clearance of work done liabilities. There was delay in release of funds ranging between 47 days to 31 months by the Finance Department to the Department of Disaster Management, Relief, Rehabilitation and Reconstruction.

(Paragraphs: 2.2.2, 2.2.2.1, 2.2.2.2, 2.2.4, 2.2.4.2 and 2.2.4.3)

Rehabilitation package for Jammu migrants

The database of Jammu migrants and their families had not been prepared and were further not updated on account of births, deaths, separation etc. despite the Criminal Investigation Department (CID) of J&K identifying the eligible beneficiaries, after due verification of the migrant families. Payment of arrears amounting to ₹ 78.63 lakh was made to 72 migrant families, who were neither in list prepared by the CID of J&K nor were they on the list prepared on the directions of Courts. Excess disbursement of cash assistance of ₹ 67.14 lakh to 84 migrant families and inadmissible payment of arrears of ₹ 75.53 lakh was made to 49 migrant families for the period prior to their registration as migrants. Besides, excess payment of arrears of ₹ 28.99 lakh to 159 migrant families on account of interest on cost of ration was also observed. No cash assistance was paid to 20 migrant families after their registration as migrants, although free ration to these families was allowed.

(Paragraphs: 2.3.3, 2.3.4, 2.3.5, 2.3.6 and 2.3.7)

Rehabilitation package for one time settlement for families from Pakistan occupied Jammu and Kashmir (POJK) and Chhamb Displaced persons

Under this package assistance of ₹ 2,000 crore from the GoI for a one-time settlement was to be provided to 36,384 families displaced from Pakistan occupied Jammu and Kashmir (POJK) in 1947 and from Chhamb during the years 1965 and 1971. However, no survey was carried out/ data base maintained for establishing the identities of displaced persons including families residing outside Jammu and Kashmir. Sixty four ineligible or doubtful cases were paid financial assistance of ₹ 3.52 crore. In addition to the above, in 40 cases involving 80 applicants, copies of same documents were used twice and assistance had been claimed twice separately by individuals by splitting families or by misrepresentation of facts, which led to undue/ wrong payment of ₹ 2.31 crore.

(Paragraphs: 2.4.1, 2.4.2, 2.4.6, 2.4.7 and 2.4.9)

Interest subvention on assistance for restoration of livelihood of traders/ self employed/ business establishments

The main objective of the Scheme was to provide financial assistance for restoration of livelihood of traders/ the self-employed/ business establishments etc; affected during floods of September 2014 in Jammu and Kashmir. However, interest subvention to the extent of ₹ 0.75 crore was provided by Banks for 107 accounts which were not eligible. An amount of ₹ 456.26 crore (57 *per cent*) had been diverted from the funds released for the project towards settlement of outstanding loan of 19 houseboat owners not affected by the floods of September 2014 (₹ 1.47 crore), outstanding balance of interest on Artisan Credit Cards (₹ 26 crore), Kisan credit card scheme (₹ 244.10 crore), Chief Minister's Business Interest Relief Scheme (₹ 180 crore), towards a private trust (₹ 0.55 crore) and towards destitute women/ damaged houses (₹ 4.14 crore). Financial assistance of ₹ 39.15 lakh was disbursed to 425 business units/ traders in excess of the prescribed limit, out of which ₹ 0.35 lakh was recovered.

(Paragraphs: 2.5.1, 2.5.3.2, 2.5.4.1, 2.5.4.2, 2.5.5, 2.5.5.1 and 2.5.5.2)

Raising of Five India Reserve Battalions in J&K

To cater to deployments arising out of sudden and widespread eruption of unrest, Ministry of Home Affairs, GoI sanctioned (February 2016) a project for 'Raising of Five India Reserve (IR) Battalions' under the PMDP. An expenditure of ₹ 116.21 crore had been incurred on the project and utilisation of funds was 58 *per cent* ending March 2019. However, there was overall shortage of 1,238 personnel (25 *per cent*) against the sanctioned strength of 5,035 Police personnel for the newly created five IR Battalions. The shortages in senior ranks (Head Constable onwards) was 88 *per cent.*

(Paragraphs: 2.6.1, 2.6.2 and 2.6.4)

Crisis Management

Construction of Additional Girls Hostels in Higher Education Institutions

The construction work of Girl's Hostels in Government Degree Colleges was allotted, in four out of the five selected colleges to the Jammu and Kashmir Housing Board on nomination basis. The construction of hostels which was scheduled to be completed within eight months from the date of award (February 2018) was yet to be completed (October 2020), depriving hostel facilities to girl students of selected Colleges. This was despite ₹ 23.75 crore being released directly (July 2017 to October 2018) into the Bank accounts of seven Government Degree Colleges by the University Grants Commission, against the sanctioned cost of ₹ 50 crore. An expenditure of only ₹ 15.29 crore (including the funds released under the erstwhile State Plan) was incurred (September 2020).

(Paragraphs: 3.2.1 and 3.2.3)

High End Security and Law and Order System in Jammu and Kashmir

Procurement of non- proprietary Medium Bullet Proof Vehicles (MBPVs) stated to be proprietary, despite the urgency projected, with delays from two manufacturers at different and higher rates, resulted in additional expenditure of ₹ 9.20 crore and non procurement of the required number of vehicles sanctioned.

(Paragraph: 3.3.2.2)

Comprehensive Plan for Flood Management of River Jhelum and its tributaries Phase I

There was a shortfall of targets in terms of dredging that was required under the Project to increase the carrying capacity of flood waters of the Jhelum river and through the Flood Spill Channel (FSC). The critical areas of the FSC to increase the evacuation capacity of flood waters were still under excavation.

(Paragraph: 3.4.6.1)

The Department did not forfeit any amount from the performance bank guarantee of the contractor engaged for dredging for failure to adhere to the terms and conditions of the contract.

(Paragraphs: 3.4.6.1 (I and II))

Permanent Restoration of Damaged Infrastructure

The main objective of the project 'Permanent restoration of damaged infrastructure' was to restore infrastructure damaged due to floods of September 2014. Under the project, 9,076 works/ schemes were taken up for execution in selected seven Departments.

An expenditure of ₹ 610.85 crore had been incurred on 5,707 works which were taken up for execution without obtaining requisite administrative approvals and technical sanctions. Further an expenditure of ₹ 328.88 crore was also incurred for execution of 5,285 works without invitation of tenders in a non-transparent manner.

(Paragraphs: 3.5.1, 3.5.3 and 3.5.4)

Social Infrastructure

Stepping up efforts under Himayat scheme

The Jammu & Kashmir State Rural Livelihood Himayat Management Mission (JKSRLM), prepared the three years plan for 2016-19 and 2019-22 without any baseline survey and analysis to map the skill gap. In the implementing Unit (HMMU), against 340 sanctioned posts there was a shortfall of 63 *per cent* of posts at the Apex level, with 100 *per cent* shortfall at district and block levels. There were significant delays in start of projects by 20 Programme Implementing Agencies, with respect to deemed date and actual date of commencement. Against a target of 53,547 youth to be trained, only 4,494 youth (8 *per cent*) were trained, during the period from 2016-17 to 2018-19. Further, out of 4,494 trained youth, only 732 youth (16 *per cent*) were placed in jobs. The teams were not in place to monitor the process.

(Paragraphs: 4.2.5, 4.2.7, 4.2.7.1, 4.2.8 and 4.2.9)

Enhanced rate of remuneration to Special Police Officers (SPOs) from ₹ 3,000 per month to ₹ 6,000 per month

The main objective of the Project was to improve the living conditions of Special Police Officers (SPOs). The adhoc approach adopted in selection of SPOs by the Department, resulted in 2,650 SPOs which had to be disengaged. Further, in the test checked districts, excess manpower was retained without regularisation.

(Paragraphs: 4.3.1 and 4.3.2)

Development Projects

Atal Mission for Rejuvenation and Urban Transformation (AMRUT)

The water distribution network under the Water Supply Scheme in Leh project although laid for an area which was a dumping site, had remained incomplete. Non-acquisition of land before taking up works of water supply project, Anantnag resulted in delayed execution of the scheme and idling of machinery/ equipment, rendering expenditure of ₹ 4.14 crore unproductive.

(Paragraphs: 5.2.4.1 (I and II))

There was a delay in tendering, execution of works and pendency in acquisition of land for construction of Sewerage Treatment Plant in Jammu city, which remained incomplete, despite incurring an expenditure of ₹ 6.36 crore.

(Paragraph: 5.2.4.2 (I))

The Department had taken up construction of Septage Treatment Plant in Jammu city without ascertaining realistic values of septage in the field, without resolving technical issues and in absence of environmental clearance. As a result, the project could not be completed rendering an expenditure of ₹ 4.16 crore unfruitful. The Septage management scheme in Srinagar city could not completed due to non-finalisation of contract for procurement of suction-cum-jetting machines for about three years, with expenditure of ₹ 7.67 crore having been incurred on the project.

(Paragraphs: 5.2.4.3 (I and II))

The purpose of installation of Intelligent Lighting System in Jammu city could not be achieved due to non-execution of certain essential components of the project (Red Light Signal Violation Detection (RLVD) system) and non existence of mechanism for monitoring violation of traffic signals at 64 intersections, which defeated the objective of the project. The site selection related issues severely hampered the multi car parking projects in Anantnag, Jammu and Srinagar.

(Paragraphs: 5.2.4.5 (I) and 5.2.4.6)

Balance Central Share Liability of ongoing Jawaharlal Nehru National Urban Renewal projects for the State of Jammu and Kashmir

Non-acquisition of land in time bound manner coupled with the delays in settlement of issues and improper planning in execution of work by the Department, resulted in the project of 'Solid Waste Management' in Leh remaining incomplete, despite availability of funds and this led to disposal of the waste of the town in open fields posing threat to environment and public health. Besides an expenditure of ₹ 9.18 crore had remained largely unfruitful.

(Paragraph: 5.3.3.2)

Failure of the Department to acquire land for construction of tube wells for 'Water supply scheme Leh', led to non-establishment of its source which resulted in idle investment of ₹ 51.10 crore. An amount of ₹ 10.48 crore was diverted from the project 'Improvement of road network at Leh' for execution of unapproved items/ works.

(Paragraphs: 5.3.3.3 and 5.3.3.4)

Externally Aided Project of Jammu and Kashmir Urban Sector Development Investment Programme and Completion of pending projects under PMRP 2004: Counterpart Funding - ADB II

The aggregate increase over original contract amount of eight sub-projects ranged between 24 *per cent* and 80 *per cent* and the cost of these sub-projects was revised without obtaining approval of the Asian Development Bank. The objective of sub-projects '(i) Assessment and analysis of Non Revenue Water (NRW) by way of supply, installation and removal of domestic water meters and (ii) Management for reduction of NRW by installation of water meters with automated meter readers' to reduce water losses in identified locations and to prepare a comprehensive Non-Revenue Water reduction plan was not achieved, as the extent of water losses could not be assessed because of gaps in project execution and lack of basic data regarding water supply distribution network, updated pipeline network and customer database not being provided by the line Department to the Contractor.

(Paragraphs: 5.4.5.3 and 5.4.7)

Construction of Government Tourist assets in lieu of damaged/ destroyed assets

The Department had no plans in place for Operation and Management of the tourist assets reconstructed under this project. As of September 2020, out of 23 sub-projects, 15 sub-projects had been completed and one sub-project was dropped while seven sub-projects were under execution.

(Paragraphs: 5.5.1 and 5.5.4)

Recommendations

The Government should:

- *Take steps to recover inadmissible and extra payments disbursed to ineligible beneficiaries to whom financial assistance has been provided;*
- *Prepare a sustainable database of migrants, to capture and update details of migrants so as to provide assistance to genuine migrant families in time;*
- *Recoup the funds diverted from the Interest Subvention Project for payment to beneficiaries under other schemes/ programmes and commitments of GoJ&K;*
- *Take effective steps to address issues of land acquisition, delays, land compensation involved in these projects;*
- *Streamline the process of procurement for vehicles/ equipment under High End Security Project so that purchases are made timely and for required numbers;*
- *Provide adequate manpower to Battalions to make them fully operational;*
- *Put in place mechanism to prevent misuse of funds including temporary embezzlement and provide proper structural support by recruiting staff at district and block levels for effective implementation, including liaison and monitoring of the technical support agency of the Himayat scheme;*

- *Adhere to time frames for submission of Utilisation Certificates to the Government of India, financial closure and preparation of project completion reports;*
- *Coordinate and dovetail efforts of all involved Agencies/ Departments for timely completion of projects, especially those involving external aid;*
- *Engage domain experts for assistance in terms of technical and heavy engineering involved projects; and*
- *Fix responsibility and take appropriate action against officials responsible for lapses like diversion of funds, execution of work without tender etc.*

Chapter-I

Introduction

CHAPTER - I

1.1 Introduction

A Comprehensive Reconstruction Plan, the Prime Minister's Development Package (PMDP) was announced for the erstwhile State of Jammu & Kashmir (J&K) on 07 November 2015 with an outlay of ₹ 80,068 crore by the Prime Minister of India. This package included 63 projects which are grouped under five sectors called core pillars. These five core pillars are:

- Humanitarian Relief,
- Crisis Management,
- Social Infrastructure,
- Development Projects and
- Economic Infrastructure

The PMDP, *inter alia*, aims at expanding the economic infrastructure; ensuring the basic services; give thrust to employment and income generation; providing relief and rehabilitation to the victims of September 2014 floods; and to strengthen the Disaster Management Framework of the erstwhile State. The Reconstruction Plan also seeks to strengthen the economic and social infrastructure to ensure balanced development of the three regions[1] of the erstwhile State of J&K. The Ministry of Home Affairs (MHA), Government of India (GoI) is the nodal agency at the GoI level for monitoring implementation of PMDP projects in the erstwhile State of J&K. The individual projects are being implemented under direct supervision of the concerned Ministry of the GoI.

The financial package under the PMDP with number of Projects being executed by the GoI and the Government of J&K (GoJ&K) are given in **Table 1.1**.

Table 1.1: Sector wise details of projects under PMDP

Sl. No.	Sector	Number of Projects		Project Costs (₹ in crore) (Percentage of total outlay)	Amount Sanctioned GoI (₹ in crore)	Expenditure (₹ in crore)
		GoI	GoJ&K			
1.	Humanitarian Relief	0	7	6,313.00 *(8)*	6,307.38	3,181.84
2.	Crisis Management	0	7	5,858.00 *(7)*	4,212.63	2,248.53
3.	Social Infrastructure	6	4	8,057.00 *(10)*	8,652.42	1,530.77
4.	Development Projects	1	12	5,521.00 *(7)*	4,173.09	1,639.15
5.	Economic Infrastructure	17	9	54,319.00 *(68)*	33,763.55	19,805.11
	Total	**24**	**39**	**80,068.00**	**57,109.07**	**28,405.40**

(Source: Monitoring report on PMDP 2015; status as on 31 March 2019)

[1] Jammu, Kashmir and Ladakh.

Overall, 63 projects were included under the PMDP with a total project outlay of ₹ 80,068 crore against which ₹ 57,109.07 crore (71 *per cent*) was sanctioned and ₹ 30,808.31 crore (38 *per cent*) was released by the GoI as of 31 March 2019. The expenditure incurred up to 31 March 2019 was ₹ 28,405.40 crore. The project wise details along with the project cost, sanctioned cost, funds released and expenditure incurred till 2018-19 are given in ***Appendix 1.1***.

The Departments/ Agencies of GoI were executing 24 projects and ₹ 19,708.02 crore was released till March 2019, out of which an expenditure of ₹ 19,122.56 crore was incurred. Similarly, the Departments/ Agencies of the GoJ&K executed 39 projects with a project outlay of ₹ 35,985 crore for which ₹ 11,100.28 crore was released and expenditure of ₹ 9,282.84 crore incurred till March 2019.

1.2 Audit Objectives

The Audit objectives were to assess whether:

- Structural mechanisms were in place by the GoJ&K for implementation of the projects and Infrastructural facilities; staff requirements for implementation of the projects was adequate and effective;
- Funds were released, accounted for and utilised by the implementing agencies of GoJ&K on time and in compliance with the provisions of applicable financial rules and standing orders/ instructions;
- Primary objective of ensuring employment to at least 70 *per cent* of the trainees had been achieved and whether selection of Project Implementing Agencies and trainees in the Himayat Scheme was in accordance with laid down norms;
- Flood affected households/ traders were identified properly and surveys conducted for identification of the beneficiaries were adequate and financial assistance had been paid to the eligible beneficiaries as per laid down norms;
- Adequate survey for damaged works, priority works under crisis management was carried out effectively, execution of the works was carried out economically and efficiently; and
- Mechanism for monitoring of flood management works of river Jhelum/ Permanent restoration of damaged infrastructure was in place; the damaged assets were identified properly, the damaged infrastructure had been fully restored and is functional and monitoring and evaluation of the projects was adequate and effective.

1.3 Audit Criteria

The Audit criteria have been derived from the following sources:

- J&K Financial Code and J&K Public Works Account Code, instructions/ sanctions issued by the GoJ&K/ GoI from time to time for implementation of the projects and Performance indicators framed by the GoI/ GoJ&K;
- Norms and Specifications provided in the Detailed Project Report (DPR) and physical/ financial progress reports, tender documents;
- Guidelines framed for appointment and regularisation of Special Police Officers (SPOs) by the Home Department, GoJ&K; Orders/ instructions issued by the GoJ&K for identification of households/ traders affected by the floods of September 2014 and various orders, notifications, circulars, instructions issued by the GoI/ GoJ&K for payment of financial assistance to the affected beneficiary households/ business units;
- Guidelines of Interest Subvention Scheme and decisions of Jammu & Kashmir State Level Bankers Committee (JKSLBC) relating to implementation of the Scheme in the erstwhile State; Operational Guidelines of Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY) and Standard Operating Procedures issued by Jammu & Kashmir State Rural Livelihood Mission; and
- Reports of damaged assets and instructions/ orders issued by the Department for execution of flood management works and Flood Management Programme (FMP) Guidelines of GoI.

1.4 Audit Scope and Methodology

The PMDP is a package of 63 individual projects, with individual objectives; individual financing strategy as well as different implementing agencies for execution of projects during the period 2014-15 to 2015-2019. Though the objective of each project is different yet they are categorised broadly under five different sectors for implementation purpose. For drawing up the Audit Sample while preparing this Audit Report, on the basis of physical and financial targets *vis-a-vis* their achievements including risk and materiality factors, 16 projects of PMDP out of 39 projects being implemented by the GoJ&K, under four sectors, Humanitarian Relief, Crisis Management, Social Infrastructure and Development Projects **(*Appendix 1.2*)** were test-checked by audit during April 2019 to November 2019. The audit findings are discussed in detail under Chapter II to Chapter V of this Report. No project under the sector of Economic Infrastructure was selected for Audit since majority of the projects are executed by the Departments/ Agencies of GoI.

An Entry Conference was held with the Principal Secretary, Planning Development and Monitoring Department, GoJ&K on 20 May 2019, wherein the objective, scope, criteria and methodology of audit were discussed. Audit findings were discussed in an Exit Conference held with the Financial Commissioner, Department of Finance, GoJ&K on 20 August 2020 which was attended by all Heads of Departments/

Implementing agencies of the GoJ&K. The replies of the Department have been suitably incorporated in the report.

The Indian Audit and Accounts Department acknowledges the cooperation and assistance provided by the concerned Departments of GoJ&K in production of records and furnishing of information during the conduct of this audit assignment.

Chapter-II

Humanitarian Relief

CHAPTER - II

Humanitarian Relief

2.1 Introduction

Humanitarian relief involving assistance to the families affected by the floods of September 2014 in the form of enhanced ex-gratia relief for reconstruction of houses; assistance for rehabilitation of livelihood in the form of interest subvention for traders/ self-employed/ business establishments etc.; Rehabilitation package for one time settlement of families from Pakistan Occupied Jammu and Kashmir (POJK) and Displaced Persons (DPs) of Chhamb and provision of transit accommodation and additional jobs for Kashmiri migrants were to be provided under the Prime Minister's Development Package (PMDP).

Under Humanitarian Relief, seven[1] projects were to be completed at an outlay of ₹ 6,313 crore. Out of these seven projects, five projects with a combined outlay of ₹ 4,313 crore were selected in Audit for test check details of which are given in **Table 2.1**.

Table 2.1: Project cost and expenditure of selected five projects as of March 2019

(₹ in crore)

Sl. No.	Projects	Project Outlay	Funds released GoI	Expenditure (March 2019) *(Percentage* to project outlay*)*	Unutilised fund
1.	Assistance for completely damaged/ severely damaged/ partially damaged houses	1,200	1,194.85	1,043.55 (87)	151.30
2.	Rehabilitation Package for Jammu migrants.	13	13	13 (100)	-
3.	Rehabilitation package for one time settlement of 36,384 families from POJK and Chhamb DPs.	2,000	1,159.16	1,159.16 (58)	-
4.	Interest subvention on assistance for restoration of livelihood for traders/ self-employed/ business establishments etc.	800	800	800 (100)	-
5.	India Reserve (IR) Battalion (5 in J&K at approximate cost of ₹ 60 crore per Battalion)	300	199.09	116.13 (39)	82.96
	Total	**4,313**	**3,366.10**	**3,131.84**	**234.26**

(Source: Monitoring Reports on PMDP prepared by State Government)

As seen from the **Table 2.1**, the estimated cost of the five selected projects was ₹ 4,313 crore, whereas the funds released by the GoI was ₹ 3,366.10 crore and expenditure (March 2019) was ₹ 3,131.84 crore respectively. Thus, total expenditure incurred on these five projects was less than the funds available as of 31 March 2019.

[1] 1. Assistance for completely damaged/ severely damaged/ partially damaged houses; 2. Interest subvention on assistance for restoration of livelihood for traders/ self-employed/ business establishments; 3. State Government jobs to additional 3,000 Kashmiri migrants; 4. Construction of 6,000 transit accommodations in the Kashmir valley; 5. Rehabilitation package for one-time settlement of 36,384 families from POJK and Chhamb DPs; 6. Rehabilitation package for Jammu migrants; and 7. IR Battalion (5 in J&K).

The GoJ&K also could not avail the benefit of ₹ 946.90 crore out of the total outlay of ₹ 6,313 crore.

The sampling methodology has been indicated in ***Appendix 1.2*** of Chapter I and the audit findings thereof are discussed in the succeeding paragraphs.

Department of Disaster Management, Relief, Rehabilitation and Reconstruction

2.2 Assistance for completely damaged, severely damaged and partially damaged houses

2.2.1 Introduction

The floods in the month of September 2014 resulted in full/ severe/ partial damage to *Pucca/ Kacha* houses[2] in the erstwhile State of J&K. The erstwhile State Government conducted surveys (September-October 2014) at district level after these floods and identified 2.35 lakh houses as damaged. An assessment was also made to establish whether the damage to the houses was total/ severe/ partial. Thereafter, assistance for repair of houses damaged due to these floods was disbursed under three different schemes. The first tranche was released from the State Disaster Relief Fund (SDRF), the second tranche released from the Prime Minister's National Relief Fund (PMNRF) and the third tranche has been provided under the Prime Minister's Development Package (PMDP). At the Apex level, the Scheme is implemented by the Department of Disaster Management, Relief, Rehabilitation and Reconstruction, GoJ&K and at district level by the concerned Deputy Commissioners (DCs) of the 20 flood affected districts and Sub-Divisional Magistrates and Tehsildars at tehsil level.

2.2.2 Financial assistance

The first instalment of the financial assistance was paid in 2014-15 to households affected by flood through the respective Sub-Divisional Magistrates (SDMs)/ Tehsildars immediately after the floods under SDRF, while the second instalment was paid during 2015-16 under PMNRF by the GoI, directly into the bank accounts of house owners through Direct Benefit Transfer (DBT), on the basis of details furnished by the GoJ&K. The third instalment of the financial assistance under the PMDP had been paid from 2016 onwards by the respective DCs through DBT to the house owners.

As against a project outlay of ₹ 1,200 crore sanctioned (January 2016) by the Government of India under the PMDP, only ₹ 1,194.85 crore were released as the Utilisation Certificates (UCs) were not furnished. Further out of the amount of ₹ 1,194.85 crore received by the Finance Department, GoJ&K, only ₹ 1,085.60 crore was released through Disaster Management, Relief, Rehabilitation and Reconstruction Department, GoJ&K to 20 DCs up to June 2019 as indicated in **Table 2.2.1**.

[2] *Pucca* houses: strong houses made up of wood, bricks, cement, iron rods and steel and *Kacha* house: houses made of wood, mud, straw and dry leaves.

Table 2.2.1: District wise Fund released and Expenditure incurred (as of June 2019)

(₹ in crore)

Sl. No.	Name of the district	Funds released	Expenditure incurred
1.	Anantnag	99.66	98.91
2.	Bandipora	40.56	39.84
3.	Baramulla	35.92	35.41
4.	Budgam	88.15	78.13
5.	Doda	3.04	3.02
6.	Ganderbal	0.82	0.81
7.	Jammu	62.93	62.03
8.	Kathua	8.77	8.77
9.	Kishtwar	2.41	2.41
10.	Kulgam	19.62	19.62
11.	Kupwara	0.21	0.21
12.	Poonch	20.80	20.80
13.	Pulwama	75.59	75.59
14.	Rajouri	65.11	49.82
15.	Ramban	7.53	7.53
16.	Reasi	29.34	29.13
17.	Samba	4.56	4.56
18.	Shopian	7.28	7.28
19.	Srinagar	500.31	494.36
20.	Udhampur	12.99	12.98
	Total	**1,085.60**	**1,051.21**

(*Source: Information furnished by Department of Relief, Rehabilitation and Disaster Management*)

During the period from January 2016 to June 2019, an expenditure of ₹ 1,051.21 crore had been incurred under the PMDP on account of payment of compensation for 2.18 lakh houses damaged due to floods of September 2014 in 20 districts of the erstwhile State of J&K and an amount of ₹ 6.45 crore was released up to September 2020 to six[3] districts and an unutilised amount of ₹ 102.80 crore was retained by the Finance Department as of September 2020.

In seven districts (Budgam, Baramulla, Bandipora, Jammu, Rajouri, Srinagar and Poonch), an expenditure of ₹ 780.39 crore was incurred out of ₹ 813.78 crore released. In these seven districts, out of 69 tehsils/ Sub-Divisions (SDs) 25 tehsils/ SDs had been covered in Audit. Further, for these 25 tehsils/ SDs out of 0.95 lakh houses which were identified as damaged, records relating to payment of compensation for 0.14 lakh houses (15 *per cent*) were test checked in Audit.

2.2.2.1 Delay in sanction of financial assistance

Finance Department, GoJ&K sanctioned funds in favour of the Department of Disaster Management, Relief, Rehabilitation and Reconstruction, GoJ&K during the period from March 2016 to January 2020, with delays ranging from 47 days to 31 months. The belated release of funds delayed payment of financial assistance to the affected households in the districts causing hardship to the beneficiaries. It was also

[3] Baramulla: ₹ 22.90 lakh; Budgam: ₹ 149.25 lakh; Ganderbal: ₹ 0.40 lakh; Kulgam: ₹ 2.85 lakh; Pulwama: ₹ 265.45 lakh; and Shopian: ₹ 204 lakh.

seen that in the third tranche, under the PMDP, the GoJ&K accorded (June 2016) sanction for release ₹ 10.02 crore out of ₹ 29.98 crore in favour of the Deputy Commissioner, Budgam to disburse cash assistance among the flood affected households. This was not disbursed to the beneficiaries on the grounds that they did not receive release order of ₹ 10.02 crore. As a result, the funds could not be availed during 2016-17 despite sanction being made as early as June 2016. Subsequently only ₹ 1.49 crore has been released in January 2020 for District Budgam with the result that although the affected households had already been identified immediately after the floods, but some of the damaged households were not paid assistance in District Budgam.

2.2.2.2 Diversion of Financial assistance

The Assistant Commissioner (Revenue), Rajouri diverted (August/ September 2018), an amount of ₹ 16.10 lakh out of the PMDP funds towards purchases and restoration/ clearance of work done liability as indicated in **Table 2.2.2**.

Table 2.2.2: Diversion of funds during the period from August 2018 to September 2018

Sl. No.	Date of transfer of funds	Amount (₹)	Particulars
1.	21.08.2018	25,350	Purchase of articles from M/s P S Electronics out of interest amount.
2.	17.09.2018	45,000	For medical treatment of private individual out of interest amount.
3.	18.09.2018	31,000	Purchase of Microwave from M/s P S Electronics out of interest amount.
4.	18.09.2018	11,00,000	Restoration/ clearance of liabilities of works (i) Drilling of Bore well of 200 mm at Majoor of WSS Shahdhara Sharief (₹ 6 lakh). (ii) Revival of WSS and Drilling of Bore well of 200 mm near Abdullah bridge Rajouri (₹ 5 lakh).
5.	18.09.2018	3,88,000	Restoration/ clearance of liabilities of works of improvement and restoration of road at Atti Gali Panchayat. Atti Block Rajouri.
6.	20.09.2018	21,000	Purchase of articles from M/s P S Electronics out of interest amount.
	Total	**16,10,350**	

(Source: Records of Assistant Commissioner (Revenue), Rajouri)

This expenditure of ₹ 16.10 lakh included ₹ 1.22 lakh transferred (August/ September 2018) from interest accrued in the Bank Account and ₹ 14.88 lakh for restoration/ clearance of liabilities out of funds meant for disbursement of financial assistance under the PMDP to households in Rajouri district affected during the floods of September 2014. Thus, genuine flood victims were deprived of the assistance sanctioned and released by the Government.

The Additional Deputy Commissioner, Rajouri, office of Deputy Commissioner, Rajouri while confirming the facts stated (August 2020) that the amount would be recouped to the PMDP account.

2.2.2.3 Non-utilisation of funds

An amount of ₹ 128.05 crore was sanctioned under the PMDP to the Deputy Commissioners, Rajouri and Jammu during the period from 2015-16 to 2018-19 for disbursement to the flood affected households against which an expenditure of ₹ 111.91 crore was incurred leaving balance of ₹ 16.14 crore (13 *per cent*) which was surrendered at the end of the respective years as given in the **Table 2.2.3**.

Table 2.2.3 Non-utilisation of Funds

(₹ in crore)

Sl. No.	Name of office	Funds sanctioned	Expenditure incurred	Non-utilisation/ surrender of funds
1.	Deputy Commissioner, Rajouri	65.11	49.88	15.23
2.	Deputy Commissioner, Jammu	62.94	62.03[4]	0.91
	Total	**128.05**	**111.91**	**16.14**

(Source: Departmental records)

It was noticed (September 2019) in Audit that out of ₹ 22 crore released (March 2016) by the Deputy Commissioner, Rajouri, the Assistant Commissioner (Revenue), Rajouri withdrew ₹ 13.22 crore (March 2016) from the Treasury and surrendered ₹ 8.78 crore thereby depriving financial assistance to the flood affected households. Further, ₹ 9.90 lakh (including interest of ₹ 2.48 lakh) out of ₹ 13.22 crore continued to remain unutilised in the Bank account as of August 2020, thereby depriving genuine flood victims of financial assistance of ₹ 7.42 lakh.

The Assistant Commissioner (Revenue), Rajouri stated (October 2019) that no beneficiary approached the office to intimate that the Bank had not transferred money into their account.

The fact, however, remains that reconciliation was not carried out to ensure disbursement of financial assistance to left over households.

Further, the GoJ&K sanctioned ₹ 62.94 crore under the PMDP to the Deputy Commissioner, Jammu during the period from 2014-2015 to 2016-17 for disbursement to flood affected victims against which ₹ 0.91 crore was surrendered in March 2017. Audit noticed that though ₹ 62.03 crore was shown utilised for payment of assistance to 17,357 beneficiaries, ₹ 1.82 crore remained unspent (November 2019) in the Bank accounts of the Assistant Commissioner (Revenue), Jammu, thus depriving 564 affected households of financial assistance besides inflating the figures of expenditure. As per the information made available, an amount of ₹ 47.95 lakh had further been disbursed (December 2019) among beneficiaries leaving ₹ 1.34 crore still unspent in the Bank accounts.

2.2.3 Assessment of Damages

The GoJ&K accorded (March 2014) sanction for adoption of the Standard Operating Procedure (SOP) to combat disasters whereby the Deputy Commissioners of the

[4] Out of ₹ 62.03 crore, ₹ 1.82 crore remained unspent in Bank accounts.

concerned districts are to sanction claims as admissible under SDRF. The claims in respect of damage to immovable private property was required to be assessed by the Committee under the Chairmanship of Additional District Development Commissioner with Assistant Commissioner (Revenue), the concerned Tehsildar, the Executive Engineer (R&B) as members. It was observed in audit that:

- Additional District Development Commissioner, Assistant Commissioner (Revenue) and the Executive Engineer (R&B) had not been involved in assessment of damages to private infrastructure like residential houses, cattle sheds etc. in the cases test checked at tehsils/ Sub-divisions of Rajouri and Jammu districts. Instead, the damages had been assessed on the basis of reports of the concerned Sarpanchs, Patwaries, Girdawars, Naib Tehsildars and recommendations of the concerned Tehsildars. The flood affected houses were classified as fully, severely and partially damaged houses on the basis of reports of the concerned Sarpanchs/ Patwaris etc. who were not technically competent in making assessment of damages, as per the SOP.
- Further during test check of records of the Tehsils/ Sub-divisions of Budgam, Jammu, Poonch, Rajouri, and Srinagar districts, it was noticed that houses were categorised as fully, severely and partially damaged on the basis of records and reports of non-technical persons without any scrutiny by technically qualified personnel although as per the SOP technical members such as Executive Engineer (R&B) were to be a part of the assessment process.
- The Approved lists of beneficiaries in Tehsils/ Sub-divisions of Khoie Pattan, Sopore of Baramulla district did not bear signatures of all the members nominated for this purpose as per the SOP. Thereby, all members were not associated during surveys/ spot visits for assessment of damages to private properties.

The Deputy Commissioner, Jammu while confirming (August 2020) the observation of Audit stated that in view of large scale damage due to flash flood and landslides in Jammu it was not possible for the Centralised District Level Committee to assess damages in all parts of the district and it was felt necessary to relax existing procedure for faster disposal as per verbal directions of the Divisional Commissioner, Jammu. The Deputy Commissioner, Budgam stated (August 2020) that subordinate field agencies were directed to conduct damage assessments as per norms in vogue and the concerned Tehsildars submitted damage assessment reports for their respective territorial jurisdictions.

The Deputy Commissioner, Baramulla stated (July 2019) that lists were prepared at Tehsil level with signatures of Tehsildars and after that other members had signed/ authenticated the lists at District level which were available at District Headquarters. The reply confirms that lists of beneficiaries were drawn up at Tehsil level without conducting the basic surveys as per the SOP to assess damages caused to private properties as well as evaluation by technical members, the absence of which raises

doubt as to whether genuine beneficiaries have been provided financial assistance under this project.

2.2.4 Assistance to damaged houses

The main objective of the project was to provide financial assistance to the households whose houses were damaged in the floods of September 2014 and accordingly the GoJ&K provided (February 2016) financial assistance as per the scale prescribed under the PMDP. The composite financial assistance provided to a damaged household under SDRF, PMNRF and PMDP is indicated in **Table 2.2.4**:

Table 2.2.4: Composite Financial assistance for damaged households

(Amount in ₹)

Category of damaged houses	Financial assistance sanctioned			Total financial assistance
	SDRF	PMNRF	PMDP	
	1	2	3	4 (1+2+3)
Fully Damaged *Pucca House*	75,000	1,00,000	2,50,000	4,25,000
Fully Damaged *Kacha House*	17,600	50,000	1,00,000	1,67,600
Severely Damaged *Pucca House*	12,600	50,000	1,25,000	1,87,600
Severely Damaged *Kacha House*	3,800	10,000	50,000	63,800
Partially Damaged *Pucca House*	3,800	25,000	20,000	48,800
Partially Damaged *Kacha House*	2,300	5,000	10,000	17,300

(Source: Information furnished by Department of Relief, Rehabilitation and Disaster Management)

The Cash assistance under PMNRF was disbursed (2015-16) by the National Disaster Management Authority (NDMA), GoI to households affected by the flood, whose complete details were uploaded on the PFMS website on or before 31 March 2016. Thereafter, uploading of data of beneficiaries for payment of assistance under PMNRF was closed (31 March 2016). The third instalment of cash assistance, under the PMDP was to be transferred by the concerned Deputy Commissioners directly through Direct Benefit Transfer (DBT) into the bank accounts of only those flood affected households who had previously been provided assistance under PMNRF. As of June 2019, an amount of ₹ 1,051.21 crore was shown utilised by the Department under the PMDP for disbursement among 2.18 lakh[5] flood affected households (beneficiaries) in 20 districts of the State. The details of financial assistance payable and paid to each damaged household overall and separately under SDRF, PMNRF and PMDP was not maintained in a centralised database at State level as a result Audit could not ascertain the number of damaged households deprived of financial assistance overall, as well as separately under these three tranches. However, the position of houses damaged and households assisted by the Department under SDRF, PMNRF and the PMDP separately in seven test checked districts is given in **Table 2.2.5**.

[5] Fully damaged *Pucca* houses: 0.11 lakh; Fully damaged *Kacha* houses: 0.11 lakh; Severely damaged *Pucca* houses: 0.37 lakh; Severely damaged *Kacha* houses: 0.14 lakh; Partially damaged *Pucca* houses: 1.06 lakh; and Partially damaged *Kacha* houses: 0.39 lakh.

Table 2.2.5: Numbers of damaged households as of March 2019

Sl. No.	District	No. of houses damaged	No. of damaged households paid assistance under		
			SDRF	PMNRF	PMDP
(1)	(2)	(3)	(4)	(5)	(6)
1.	Bandipora	7,699	7,699	7,160	7,258
2.	Baramulla	8,668	8,668	8,553	8,553
3.	Budgam	14,076	14,076	13,687	11,148
4.	Jammu	20,864	20,627	17,627	17,357
5.	Poonch	7,427	7,427	7,409	5,893
6.	Rajouri	18,242	12,277	13,147	12,077
7.	Srinagar	92,120	86,973	78,633	77,569
	Total	**1,69,096**	**1,57,747**	**1,46,216**	**1,39,855**

(Source: Records of test-checked Deputy Commissioners)

As can be seen from the **Table 2.2.5**, in the seven test checked districts, out of 1.69 lakh houses identified as damaged immediately after floods of September 2014, 1.58 lakh households were paid assistance under SDRF, 1.46 lakh households under PMNRF and 1.40 lakh households under the PMDP.

Audit noticed the following:

- In Srinagar district, the category of 405 damaged households were revised (May 2016) by the Deputy Commissioner (DC), Srinagar based on representations by the affected owners of houses. This was done after the cut-off date of 31 March 2016 and therefore, could not be uploaded on PFMS. Therefore, the owners of these houses were deprived of the additional amount in the second tranche and financial assistance of ₹ 4.52 crore under the PMDP as per their entitlement in the revised category. No mechanism for relaxation of condition for payment under the PMDP or to get beneficiaries uploaded after 31 March 2016 was evolved by the department.
- In five Tehsils[6] of Jammu district, 425 damaged households identified by the Survey Committee after the floods of September 2014, were not paid assistance of ₹ 1.48 crore under the PMDP as of August 2020. No reasons were furnished by the DC, Jammu despite specifically being asked in Audit.
- In Rajouri district, a Committee under the Chairmanship of Additional District Development Commissioner was constituted (December 2015) for verification of left out cases eligible for relief, post floods of September 2014. A total of 2,632 cases were placed before the Committee, out of which 1,732 cases (including 1,383 cases of damaged houses) were found (March 2017) genuine, hence recommended for sanction of ex-gratia relief. However, these affected families had not been given assistance under the PMDP.

The DC, Budgam stated (August 2020) that the cases of left out houses damaged due to floods of 2014 were communicated to the Divisional Commissioner, Kashmir but no payment had been released to these left out households under PMDP. The DC,

[6] Khour, Kharabali, Pargwal, Mandal and Maira Mandrian.

Rajouri stated (September 2019) that demand for relief had been projected to the GoJ&K for release of funds which was awaited.

However, as of September 2020 these affected families had not been given assistance under the PMDP.

2.2.4.1 Incorrect categorisation of beneficiaries

The third instalment of financial assistance was to be released under the PMDP by the respective Deputy Commissioners (DCs) to the affected households who had been paid a second instalment under PMNRF and whose complete details were uploaded on PFMS website by 31 March 2016.

Audit noticed (June 2019) that in Hajin Tehsil of Bandipora District, status of eight affected households was revised unauthorisedly by the Tehsildar, Hajin from severely *pucca* to fully *pucca* under PMDP which led to additional payment of ₹ 10 lakh during the period from January 2017 to April 2017, through DBT mode.

The Deputy Commissioner, Bandipora stated (June 2019) that these eight cases were paid for fully *pucca* category in SDRF as such these were paid under fully *pucca* category in the PMDP as well.

The reply is not acceptable as the records provided did not show status of damaged households of these beneficiaries under fully *pucca* category. The Assistant Commissioner (Revenue), Bandipora, however, stated (August 2020) that recovery of ₹ 0.25 lakh had been made from one beneficiary and notices had been served in respect of remaining beneficiaries.

2.2.4.2 Inadmissible payment of Assistance

In six tehsils of Jammu district and Sunderbani sub-division of Rajouri district, assistance of ₹ 63.45 lakh was paid under the PMDP as indicated in **Table 2.2.6**, although 184 houses were not in the list of houses damaged by the floods of September 2014.

Table 2.2.6: Inadmissible payment

Name of District	Name of Tehsil/ Sub-Division	Number of beneficiaries	Inadmissible assistance paid (₹ in lakh)
Jammu	Maira Mandrian	44	15.30
	Mandal	42	13.85
	Pargwal	36	12.60
	Khour	18	6.90
	Chouki Choura	16	6.00
	Kharabali	13	1.30
Rajouri	Sunderbani	15	7.50
	Total	**184**	**63.45**

(Source: Records of test-checked SDMs/ Tehsildars)

The Deputy Commissioner, Jammu stated (August 2020) that Tehsil level committees were constituted for assessment of damages caused to household properties by flood of September 2014 and on the basis of fresh representations received by Tehsildars from affected households, other genuine left out cases were also recommended by the concerned Tehsildars for payment under SDRF.

The reply is not tenable as the payments in the instant cases were made under the PMDP to households whose houses were not included in the assessment reports.

Audit further noticed the following:

- In two Tehsils (out of 6 Tehsils) selected for test check, in Poonch district, the names of 60 beneficiaries to whom assistance was paid (September 2019) did not exist in the SDRF beneficiary list, thereby resulting in inadmissible payment of assistance of ₹ 14.50 lakh under the PMDP.
- Two beneficiaries were paid (November 2016) assistance of ₹ 0.20 lakh under SDM, Sunderbani on the basis of reports of assessment of damages which were not approved by the concerned Tehsildar.
- In two tehsils of Poonch district, 147 households[7] under three categories (*Kacha* fully, *Kacha* partially and *Pucca* severely) were subsequently added to the list of damaged houses finalised under SDRF and paid assistance under the PMDP. This resulted in inadmissible payment of assistance of ₹ 37.45 lakh to these 147 ineligible beneficiaries.

The DC, Poonch stated (October 2019) that concerned staff would be asked to look into the matter and clarify the position.

Thus, assistance was paid to house owners whose names did not figure in the damage assessment reports/ SDRF survey list, resulting in inadmissible payments to these house owners.

2.2.4.3 Extra payment of cash assistance

The financial assistance was to be transferred into the bank accounts of the identified flood affected households through DBT mode. Audit noticed (July 2019 to September 2019) that in six districts excess assistance of ₹ 73.85 lakh was credited into Bank accounts of 85 beneficiaries as given in **Table 2.2.7**.

Table 2.2.7: Excess payment of assistance

(₹ in lakh)

Sl. No.	District	Number of beneficiaries	Assistance due	Assistance paid	Inadmissible assistance paid
1.	Srinagar	10	11.30	21.80	10.50
2.	Budgam	38	34.48	69.48	35.00
3.	Baramulla	2	1.45	2.90	1.45
4.	Bandipora	17	10.50	22.00	11.50
5.	Rajouri	16	7.50	19.40	11.90
6.	Poonch	2	2.25	5.75	3.50
	Total	**85**	**67.48**	**141.33**	**73.85**

(Source: Records of test-checked SDMs/ Tehsildars)

After being pointed out (September 2019) in Audit, the Deputy Commissioner, Rajouri issued directions (September 2019) to the concerned Tehsildars to fix responsibility and recover the excess amount. The Deputy Commissioner, Budgam stated (August 2020) that an order was issued to concerned Tehsildars to recover excess amount and that ₹ 10.48 lakh had been recovered and further recovery

[7] Mendhar: 146 (Kacha fully: 24 and Kacha partially: 122) and Balakote: 1 (Pucca severely).

was under process. The Assistant Commissioner (Revenue), Bandipora stated (August 2020) that recovery of ₹ 2.05 lakh had been effected in seven cases[8] and notices had been served (August 2020) to remaining beneficiaries who had received extra relief.

2.2.4.4 Category of affected households

The financial assistance was to be transferred into the bank accounts of the identified flood affected households on the basis of category of damaged houses as per basic survey assessment reports and lists framed during disbursement of first instalment of assistance under SDRF. Audit noticed the following:

- In Rajouri district, status of 13 affected households[9] were revised to the category[10] of damaged houses entitled for more compensation due to which there was an excess payment of financial assistance of ₹ 8.70 lakh. Further, the status of 24 affected households[11] was revised to the category[12] of damaged houses entitled for lesser compensation due to which there was savings of financial assistance of ₹ 3.30 lakh.
- In Rajouri district, the status of 51 affected households[13] were revised to the category[14] of damaged houses entitled for more compensation, during uploading of data for payment of assistance under PMNRF. This resulted in extra payment of financial assistance of ₹ 21.35 lakh to these 51 beneficiaries under PMNRF. Though payment under the PMDP had not been released in favour of these beneficiaries but despite adjusting instalment of financial assistance under the PMDP, an amount of ₹ 15.45 lakh still remained recoverable from these beneficiaries. Further, four affected households in Rajouri district were revised irregularly to category of damaged houses entitled for more compensation, thereby resulting in additional payment of ₹ 3.50 lakh under the PMDP.
- In Sumbal tehsil, nine households under partially pucca category were uploaded for payment of assistance under PMNRF. The beneficiaries were entitled to assistance of ₹ 0.25 lakh each under PMNRF. However, these beneficiaries were paid ₹ 0.50 lakh each under PMNRF resulting in additional payment of ₹ 2.25 lakh. Though the payment under the PMDP had not been released in favour of these beneficiaries but despite adjusting instalment of financial assistance under PMDP, ₹ 0.45 lakh remained recoverable from these beneficiaries. In reply Tehsildar, Sumbal stated (November 2019) that the extra amount paid would be recovered.

9 Tehsil Rajouri: 4 and Sub-division Sunderbani: 9.

10 Pucca partially to Kacha fully, Kacha partially to Kacha fully, Kacha fully to Pucca fully, cattle shed to Kacha Partially, Kacha partially to Kacha severely and Kacha partially to Pucca partially.

11 Tehsil Rajouri: 20 and Sub-division Sunderbani: 4.

12 Pucca partially to Kacha partially, Kacha severely to Kacha partially, Kacha fully to Kacha partially.

13 Tehsil Rajouri: 42 and Sub-division Thanamandi: 9.

14 Pucca partially/ Kacha partially to Kacha fully.

- In Baramulla district due to wrong classification of category of damaged houses, ₹ 0.97 lakh had been credited into Bank accounts of household beneficiaries in excess of the admissible assistance.
- In Hajin Tehsil, due to incorrect categorisation of damaged houses, five beneficiaries were paid ₹ 0.83 lakh lesser than the prescribed limits under PMNRF while as in 17 cases the beneficiaries were paid excess amount of ₹ 2.83 lakh. Tehsildar, Hajin had recovered ₹ 0.30 lakh in two cases and also stated (November 2019) that steps would be taken to arrange payment of balance amount in respect of the beneficiaries by taking up the matter with concerned authorities.
- Similarly in Bandipora Tehsil, due to wrong categorisation of damaged houses, three beneficiaries were paid ₹ 0.65 lakh lesser than the prescribed limits under PMNRF while in three other cases the beneficiaries were paid excess amount of ₹ 0.55 lakh. In reply Tehsildar, Bandipora stated (December 2019) that matter would be taken up for the payment of balance amount in respect of beneficiaries who received less payment and in other cases, steps would be taken to recover excess amount paid to the beneficiaries.
- In Poonch district, category of damages to houses of 13 beneficiaries was changed at the time of making payments under the PMDP. In respect of five beneficiaries, category of damages was changed[15] unauthorisedly from lower to higher entitlements which resulted in excess payment of ₹ 5.30 lakh. However, in respect of eight beneficiaries the extent of damages was reduced from higher category of entitlement to lower category resulting in lesser payment of ₹ 5.60 lakh. In reply the DC, Poonch stated (October 2019) that facts would be got verified from records and factual position ascertained.
- In Tehsil Maira Mandrian, ten beneficiaries were wrongly classified[16] under category of damaged houses which were entitled for lesser compensation thereby resulting in excess payment of financial assistance of ₹ 2.70 lakh. However, in 11 cases the affected households of the tehsil were classified under lower category[17] of damaged houses and were paid lesser financial assistance to the extent of ₹ 5.50 lakh. The Department did not reply to this audit observation.

2.2.5 Redressal of grievances

The GoJ&K, in compliance to directions of the High Court (December 2015) constituted a Committee in each district affected by the floods of September 2014 with the Deputy Commissioner of the concerned District as Chairman, Assistant Commissioner (Revenue) as member and Tehsildar of the concerned Tehsil as Member Secretary. The Committee was to look into the complaints submitted by flood affected people and take remedial measures, so as to settle the grievances of the

[15] Cattle shed to Partially Kacha house, partially Pucca to fully Pucca, severely Kacha to fully Kacha, partially Kacha to fully Kacha and fully Kacha to fully Pucca.
[16] Kacha severely to Kacha fully, Kacha partially to Kacha severely, Cow shed to Kacha partially.
[17] Kacha fully to Kacha severely.

affected persons in a time bound manner. The Committee was also to submit report to the Government in Relief and Rehabilitation Department regarding disposal of complaints on a monthly basis.

Audit examination (September/ November 2019) of records showed that details of complaints submitted by flood affected people, measures taken for redressal of grievances and reports furnished to the Government on monthly basis in this regard along with relevant records/ registers had not been maintained (September 2019) in Rajouri and Jammu districts. As a result, no monitoring of complaints of the flood affected people for redressal of grievances could be carried out.

In Poonch district, records relating to redressal of grievances for non-payment of assistance *vis-a-vis* wrong categorisation of damages were not maintained (October 2019). Although grievances were stated to have been addressed immediately before finalising list of beneficiaries under SDRF, the factual position could not be verified in audit due to non-maintenance of these records.

2.3 Rehabilitation package for Jammu migrants

2.3.1 Introduction

The GoJ&K accorded (February 2003) sanction[18] for payment of cash assistance and supply of free ration to families who had migrated from rural districts in the Jammu region, mainly from the Doda, Reasi, Rajouri, Ramban and Udhampur districts. As per GoJ&K, Relief and Rehabilitation Department's proposal (January 2016), a total of 1,054[19] families were to be given payment of such assistance. Cash assistance and free ration to these migrants was being released continuously from October 2007 onwards. Further, as per orders of the Supreme Court (July 2006)/ High Court (April 2016), these migrants were paid arrears from April 2004 to September 2007. With effect from 18 November 2015, this package of Cash assistance and free Ration to migrants from Jammu to be made at par with migrants from Kashmir Division, was approved (December 2015) under the PMDP by the Ministry of Home Affairs (MHA), Government of India (GoI). Accordingly, the GoJ&K accorded (30 December 2015) sanction for payment of cash assistance to registered Jammu migrants at a rate of ₹ 2,500 per person per month subject to a maximum of ₹ 10,000 per family per month with effect from 18 November 2015, as well as ration at the existing scale. Subsequently, the rates of cash relief were enhanced with effect from 13 June 2018 to the rate of ₹ 3,250 per head per month subject to a ceiling of ₹ 13,000 per family per month.

The Criminal Investigation Department (CID), Jammu was earlier mandated to identify the eligible beneficiaries after conducting verification of 1,489 identified migrant families (October 2007), who migrated from various districts of Jammu

[18] Cash assistance of ₹ 400 per person per month subject to a maximum of ₹ 1,600 per family per month, Atta at the rate of 9 Kg per member of a family per month, Rice at the rate of 2 Kg per member of a family per month, Kerosene oil at the rate of 10 litres per family per month, Cash assistance at the rate of ₹ 300 per month per head of cattle for purchase of fodder for each family.

[19] Comprising 4,952 members.

province. The Relief and Rehabilitation Commissioner (Migrants), Jammu had directed (December 2009) that any family who was not figuring in the list received from CID authorities should not be considered for registration or release of any assistance.

2.3.2 Financial position

The recurring expenditure incurred on account of cash assistance and free ration by the GoJ&K on Jammu migrants is reimbursed by GoI under Security Related Expenditure (SRE). During the period from 2015-16 to 2018-19, GoJ&K released ₹ 69.52 crore and expenditure of ₹ 58.45 crore was incurred by the Department on account of cash assistance and food grains in respect of Jammu migrants as given in **Table 2.3.1**.

Table 2.3.1: Financial Status as on March 2019

(₹ in crore)

Sl. No.	Year	Funds sanctioned	Expenditure incurred
1.	2015-16	4.00	2.62
2.	2016-17	31.52	26.29
3.	2017-18	17.00	14.13
4.	2018-19	17.00	15.41
	Total	**69.52**	**58.45**

(Source: Figures furnished by the Relief and Rehabilitation Commissioner (Migrants), Jammu)

Funds amounting to ₹ 69.52 crore sanctioned during the period 2015-19 included allocation of ₹ 13 crore by the GoI under the PMDP for the project which had been disbursed in full. Further, during the period from 2019-20 to 2020-21 (September 2020), an expenditure of ₹ 25.81 crore was incurred against release of ₹ 35.56 crore under SRE by the Department.

2.3.3 Non-formulation of policy for the migrants

As of August 2020, the Department had not adopted any policy for inclusion/ deletion of family members due to birth or death, bifurcation, rehabilitation for return of migrant families of Jammu and discontinuation of cash assistance and free ration after acquiring any Government job by the beneficiaries.

The updated database of Jammu migrants to indicate the details of occupation, number of family members, original place of residence, present address etc. had not been prepared (August 2020) by the Department. Absence of a database with periodical updated details of members of migrant families could result in release of cash assistance and supply of free ration to ineligible persons/ families.

The Relief and Rehabilitation Commissioner (Migrant), Jammu stated (August 2020) that the General Administration Department, GoJ&K constituted (January 2020) a Committee which recommended (July 2020) inclusion and bifurcation of Jammu migrant families. The Administrative Department had also been approached to take up the matter with the Ministry of Home Affairs, GoI. It was also stated that matter for accord of sanction for issuance of data forms to registered Jammu migrant families in order to prepare a database of these families had been taken up with the Administrative Department.

Thus, in the absence of a database, it could not be ensured that only eligible beneficiaries have been paid assistance under the Schemes.

2.3.4 Payment of relief to ineligible migrant families

Tehsildar, Mahore (Reasi district) had paid relief benefits to 25 families who did not find a place in the list furnished by CID. These families had been paid arrears of ₹ 27.26 lakh along with the monthly cash assistance. Further, in the case of Tehsildar Reasi, arrears of ₹ 51.37 lakh from April 2004 to September 2007 was paid to 47 migrant families who neither existed in CID list nor in of the list of High Court.

The Relief and Rehabilitation Commissioner (Migrant), Jammu stated (July 2020) that the Tehsildar concerned had been requested (July 2020) to provide details of disbursement. As payment of ₹ 78.63 lakh was made to beneficiaries not featuring in the designated lists, the same needs to be investigated so that recovery is effected from ineligible beneficiaries.

2.3.5 Payment of enhanced cash assistance to ineligible migrant families

As per Government Orders of GoJ&K, February 2003 and December 2015, migrants from the Jammu Division were entitled to cash assistance of ₹ 400 per head per month subject to a maximum of ₹ 1,600 per family per month till 17 November 2015 and thereafter, at the rate of ₹ 2,500 per head per month subject to a maximum of ₹ 10,000 per family per month. Zonal Officers (Relief), Nanak Nagar and Jagti (A) Zone, Jammu however, paid enhanced cash assistance of ₹ 1,000 per month per head prior to effective date of the order resulting in inadmissible cash assistance of ₹ 67.14 lakh[20] to 84 migrant families for the period from 2012-13 to 17 November 2015.

The Relief and Rehabilitation Commissioner (Migrant), Jammu stated (July 2020) that relevant records of Zonal Officers (Relief), Nanak Nagar and Jagti (A) Zone, Jammu would be examined and quantum of excess cash assistance would be recovered from the concerned beneficiaries.

In Udhampur district, 72 families cleared by CID agencies and approved by district level screening-cum-coordination committee were registered as migrants in October 2007. On the directions (14 July 2011) of the Deputy Commissioner, Udhampur, the Tehsildar, Udhampur submitted (27 July 2011) that these 72 migrant families were registered/ entitled for getting arrears with effect from October 2007. However, arrears of ₹ 75.53 lakh were paid to 49 migrant families out of 72 Jammu migrant families for the period prior to their registration as migrants (May 2004 to September 2007) as detailed in ***Appendix 2.3.1***.

The CID, Jammu after conducting verification (October 2007) identified 1,489 families who had migrated from various districts of the Jammu region. The Relief and Rehabilitation Commissioner (Migrant), Jammu directed (December 2009) that any family who was not figuring in the list received from the CID authorities should not be considered for registration or release of any assistance and requested the Deputy

[20] Nanak Nagar Zone: ₹ 65 lakh; Jagti (A) Zone: ₹ 2.14 lakh.

Commissioners, Ramban, Reasi and Udhampur to ensure that no fresh registration of any migrant family who was not figuring in the CID list be allowed.

In compliance to orders (April 2016) of the High Court of Jammu & Kashmir regarding payment of arrears for the period from April 2004 to September 2007 to 994 identified migrant families of Jammu region with 9 *per cent* interest from January 2010, the Relief and Rehabilitation Department, GoJ&K accorded (November 2016) sanction to release of ₹ 16.09 crore in favour of the Relief and Rehabilitation Commissioner (Migrants), Jammu for payment to the registered Jammu migrants. Accordingly, the Relief and Rehabilitation Commissioner (Migrants), Jammu released (December 2016), ₹ 2.47 crore in favour of Deputy Commissioner, Udhampur for disbursement of arrears to Jammu migrants. The payment was to be made to the registered/ genuine Jammu migrants after due verification. The High Court of Jammu and Kashmir vide another order, directed (March 2017) the Department to consider claims of the remaining 59 Jammu migrant families in district Udhampur for payment of arrears.

It was noticed in Audit that:

- Tehsildar, Mahore had paid arrears of ₹ 2.39 lakh (April 2004 to September 2007) to two migrant families who did not exist in the Court list.
- Tehsildar, Reasi while releasing payment of arrears to migrant families from Jammu in pursuance of the orders of the High Court, had not taken into account number of members in each migrant family and paid excess arrears of ₹ 2.06 lakh to five migrant families. Also, arrears in respect of two Jammu migrant families had been paid on the basis of reduced number of family members, resulting in less payment of arrears of ₹ 1.99 lakh. This indicated that actual number of members of migrant families as per the CID and Court lists were ignored while making payment of arrears.

The Relief and Rehabilitation Commissioner (Migrants), Jammu stated (August 2020) that the concerned Deputy Commissioners have been requested (August 2020) to provide factual report with documentary evidence and that Tehsildar, Udhampur informed (August 2020) that payment of arrears on account of relief and free ration for the period from May 2004 to September 2007 was disbursed as per orders of the High Court.

The reply of Tehsildar, Udhampur is not tenable as 49 migrant families in Udhampur were registered in the year 2007 and also did not figure in the Court list. The arrears therefore, were not due to migrants as they did not figure in Court list and they were not registered.

2.3.6 Excess payment of arrears on account of interest on cost of ration

The High Court of Jammu and Kashmir directed (April 2016) that payment of arrears be made to identified migrant families of Jammu region for the period from April 2004 to September 2007 with 9 *per cent* interest from January 2010. Arrears amounting to ₹ 2.43 crore on account of cash assistance and ration for the period from May 2004 to September 2007 along with interest at the rate of 9 *per cent* was paid to 159 migrant families by the Tehsildar, Udhampur. The interest was paid both on cash assistance as well as cost of ration instead of restricting it to cash assistance component only. This resulted in excess payment of arrears of ₹ 28.99 lakh to 159 migrant families. Further, no interest on arrears on account of ration was paid to such migrants by the Tehsildars Mahore, Reasi and Zonal Officer, Nanak Nagar, Jammu.

In reply, the Relief and Rehabilitation Commissioner (Migrants), Jammu stated (July 2020) that as per the directions of the Court, interest at the rate of 9 *per cent* was payable and restricted on cash assistance component and that Tehsildar, Udhampur had been requested to clarify disbursement of arrears on food grains component of the free ration.

Further progress in the matter was awaited (December 2020).

2.3.7 Denial of cash assistance to migrant families

Free ration was allowed by the Relief and Rehabilitation Commissioner (Migrants), Jammu to 20 Jammu migrant families[21] registered during 1999-2000. However, cash assistance had not been paid to these 20 registered migrant families though free ration was being provided to them. Audit could not ascertain reasons from the records of the Department for supply of only free ration without payment of cash assistance to these 20 migrant families.

The Relief and Rehabilitation Commissioner (Migrants), Jammu stated (August 2020) that the Administrative Department had been requested for necessary directions in the matter.

2.3.8 Retention of funds

Disbursement of cash relief has been made through Direct Benefit Transfer (DBT) mode on the Public Financial Management System (PFMS) portal since November 2017. Audit noticed that the bank account of Tehsildar, Reasi had an undisbursed balance of ₹ 50.18 lakh as of 29 August 2019. Further, the Tehsildar, Reasi had remitted ₹ 17 lakh into Government account as of 31 March 2020.

The Relief and Rehabilitation Commissioner (M), Jammu stated (July 2020) that retention of funds in the official account would be taken up with the concerned official and that since November 2017, cash relief had been made through DBT mode on PFMS portal and the same was running successfully.

Further progress in the matter was awaited (December 2020).

[21] Nanak Nagar Zone: 17 families and Jagti Zone (A): 3 families.

2.4 Rehabilitation package for one-time settlement for families from Pakistan Occupied Jammu and Kashmir (POJK) and Chhamb Displaced persons

2.4.1 Introduction

The project was aimed to provide financial assistance of ₹ 5.5 lakh as one-time settlement to each displaced family with GoI assistance of ₹ 5,49,692 and GoJ&K share of only ₹ 308. The project was to be funded by a contribution of ₹ 2,000 crore from GoI and the GoJ&K was to contribute ₹ 1.12 crore. Payment to the beneficiaries was to be made by Direct Benefit Transfer (DBT) through Public Financial Management System (PFMS) by GoI, MHA in respect of Central share and GoJ&K in respect of State share to 36,384 families belonging to any of the categories of Displaced Persons (DPs) of Pakistan Occupied Jammu and Kashmir (POJK) 1947, DPs of Chhamb 1965 and 1971 (camp/ non-camp).

The Provincial Rehabilitation Officer (Custodian of Evacuees Property), Jammu was responsible for submission of cases in respect of displaced families belonging to the category of 'POJK 1947' after identification through verifiable and credible documents to the Divisional Commissioner, Jammu. Similarly, the Deputy Commissioners of concerned districts were responsible for submission of cases to the Divisional Commissioner, Jammu in respect of displaced families belonging to the category of 'Chhamb 1965 and 1971 (camp/ non-camp)' after identification through verifiable and credible documents.

2.4.2 Identification of displaced families

As per the guidelines stipulated (December 2016) of the GoI the GoJ&K was to prescribe credible and verifiable documents for identification of displaced persons. As per instructions (December 2016) of the State Government, the Displaced Persons (DPs) or their legal heirs were to submit duly filled applications along with documents to the designated authorities in support of their claims for assistance under the project. Common documents prescribed for all categories of DPs include Permanent Resident Certificate (PRC), Aadhar card, Aadhar linked Bank account number, Mandate Form duly attested by the concerned Bank.

The documents required for identification of 'DPs of POJK 1947' were:

- Form A duly certified by the Provincial Rehabilitation Officer (PRO)/ Deputy PRO or Loan ledger duly certified by PRO/ Deputy PRO;
- Nominal Roll (Registration number) duly certified by PRO/ Deputy PRO; and
- Order of allotment of plot of land/ residential quarter duly certified by PRO/ Deputy PRO.

The documents required for 'DPs of Chhamb 1965 and 1971 (camp)' were:

- Land ownership records;
- Copy of ration card; and
- Voter list.

The DPs of 'Chhamb 1965 and 1971 (non-camp)' were also required to furnish proof of payment of ₹ 25,000 by National Human Rights Commission (NHRC) to them in lieu of allotment of land.

During a meeting[22] (February 2018) to review the progress of the project, it was decided (February 2018) that PRO, Jammu was required to prepare complete data of displaced persons of POJK 1947 including such families who were residing outside the State. The PRO had assured that the data would be prepared and submitted by 10 March 2018.

Audit noticed (October 2019) that neither survey for identification of genuine displaced persons of POJK was conducted nor the data of displaced families including those families residing outside the State had been prepared, resulting in recommendation of ineligible cases to the MHA for disbursement of assistance, as detailed in the subsequent paragraphs.

The PRO, Jammu accepted (August 2020) that the data of displaced persons could not be prepared due to lack of staff/ infrastructure and overburden of work.

In the absence of the data on displaced persons, the correctness of payments to beneficiaries could not be verified in audit.

2.4.3 Financial Status

The project stipulated (December 2016) that as per the decision of the GoI, the entire process of disbursement of components of both the GoI and the GoJ&K was to be completed within four months (April 2017). In the review meeting[23] on this project, the GoJ&K was requested to accelerate uploading details of eligible beneficiaries with verified Aadhar linked Bank accounts and expedite disbursement of assistance to the beneficiaries. Further, the GoJ&K made a commitment[24] that disbursement through DBT was likely to be completed by 2018 and it was emphasised in November 2017[25] that uploading of beneficiaries' data would be expedited by the GoJ&K.

Year wise position of assistance disbursed through DBT to the beneficiaries during the period from 2016-17 to 2018-19 is given in **Table 2.4.1**.

Table 2.4.1: Assistance to Beneficiaries

(₹ in crore)

Year	Amount disbursed by MHA	Number of Beneficiaries assisted	Amount disbursed by GoJ&K	Number of beneficiaries assisted
2016-17	9.33	175	5.28	96
2017-18	470.00	10,348	-	-
2018-19	679.83	16,003	-	-
Total	**1,159.16**	**26,526**	**5.28**	**96**

(Source: Monitoring report of PMDP of J&K Government, March 2020)

As seen from the **Table 2.4.1**, the GoJ&K disbursed (December 2016) financial assistance to 96 displaced families (at the rate of ₹ 5.50 lakh each) amounting to

[22] Meeting chaired by the Minister for 'Disaster Management, Relief, Rehabilitation and Reconstruction' GoJ&K.

[23] Meeting held on 27.04.2017 by the Home Minister, GoI.

[24] In Meeting held on 31.07.2017 by Home Secretary, GoI.

[25] In Meeting held from 20 to 30 November 2017 by Home Secretary, GoI.

₹ 5.28 crore through cheques out of its own resources at the time of the roll out of the project. The GoJ&K, thus, incurred expenditure of ₹ 4.16 crore in excess of the required State share of ₹ 1.12 crore for 36,384 displaced families at the rate of ₹ 308 per family. Subsequently, the Department of Disaster Management, Relief, Rehabilitation and Reconstruction, GoJ&K, had uploaded 32,039 beneficiaries (₹ 1,386.14 crore) on PFMS ending 31 August 2020.

2.4.4 Inadequate infrastructural support

As per the scheme guidelines (December 2016), infrastructural support to the PRO, Jammu was to be strengthened by providing the requisite manpower and Information Technology (IT) resources[26].

For upgradation of IT infrastructure for implementation of the scheme, the Planning Development and Monitoring Department, GoJ&K released (February 2017) ₹ five lakh in favour of District Development Commissioner (DDC), Jammu who incurred (March 2017) the expenditure on purchase of Computer Hardware[27] and accessories etc.

However, DDC, Jammu issued only two Desktop PCs, one HP printer and two UPS to the Displaced Persons (DP) Cell while the rest of the items were diverted to other sections in the office not related to implementation of the scheme.

Further, for upgradation of IT infrastructure, the Divisional Commissioner, Jammu released (February 2017) ₹ 3.50 lakh in favour of PRO, Jammu who incurred (March 2017) expenditure of ₹ 1.18 lakh on purchase of Computer Hardware, accessories and one photocopier and surrendered ₹ 2.32 lakh.

Thus, the requisite infrastructure had not been provided by the Department as envisaged in the scheme guidelines.

Displaced persons of POJK 1947

2.4.5 Identification of beneficiaries without genuine documents

The guidelines of this scheme required the GoJ&K to prescribe a mechanism for identification of beneficiaries as stated in paragraph 2.4.2.

Analysis of data collected in respect of 460 cases[28], out of 2730 test checked cases revealed that legal heir certificates from Assistant Commissioners (Revenue)/ Tehsildars in support of claims had been sought in 75 cases (16 *per cent*) only. However, in respect of remaining 385 cases (84 *per cent*) either documents like Court decree (34 *per cent*), Power of Attorney (30 *per cent*) and affidavits (11 *per cent*) had been sought or no documentary proof (9 *per cent*) had been obtained.

As is evident from the cases with deficiencies in documentation, the Department had not put in place a robust mechanism for identification of legal heirs of displaced

[26] Manpower (Naib Tehsildar: one; Girdawars: two; Data Entry Operators: three); Computer hardware/ software: Computer/ Desktop along with peripherals: three.
[27] Desktop PCs: 3, Laptop: one.
[28] In PRO, Jammu.

persons and no proper procedure was adopted with regard to requirement of legal heir certificates/ affidavits/ Power of Attorney/ Court decree etc.

PRO, Jammu stated (August 2020) that uniform procedure was not possible as allotments were separate in nature and documents such as decree from Civil Court and legal heir certificate from Tehsildar supported by affidavits and Power of Attorney were equally important and were entertained only after consultation with higher authorities. Non formulation of uniform procedure resulted in gaps in implementation of the project, as highlighted in the subsequent paragraphs.

2.4.6 Recommendation of compensation to ineligible claimants

One-time assistance was to be paid to registered displaced person, if alive, otherwise it was required to be divided among legal heirs in required proportions. Audit noticed that no control register had been maintained by the PRO, Jammu for recording details of copies of Form A[29]/ Loan ledger[30]/ Nominal Roll[31] (certified by PRO/ Deputy PRO) issued to claimants in accordance with the guidelines (December 2016) to guard against their usage by the claimants more than once for claiming assistance under the scheme. In 40 cases involving 80 applicants ***(Appendix 2.4.1)***, copies of the same documents were used twice and assistance had been claimed twice separately by individuals by splitting families or by misrepresentation of facts. This had resulted in recommendation of ineligible cases of displaced families with consequent undue/ wrong payment of ₹ 2.31 crore**.**

The PRO, Jammu stated (August 2020) that either full/ part recovery had been made in eight cases, payments withheld/ account frozen in three cases and recovery proceedings were initiated in three cases, while verification was being conducted in 12 cases and separate family proofs had been annexed with files in 14 cases. However, proof of family in respect of 14 cases was not annexed with the reply.

2.4.7 Incomplete documents

The documents required for identification of 'DPs of POJK-1947' as per the instructions of the GoJ&K (December 2016) were:

- Form A duly certified by the Provincial Rehabilitation Officer (PRO)/ Deputy PRO or Loan ledger duly certified by PRO/ Deputy PRO;
- Nominal Roll (Registration number) duly certified by PRO/ Deputy PRO; and
- Order of allotment of plot of land/ residential quarter duly certified by PRO/ Deputy PRO.

Audit noticed (September 2019) the following omissions in recommending cases for assistance under the project by the PRO, Jammu.

---

29 Declaration Form taken from displaced persons giving details of family, address in POJK and J&K and place where he/ she wants to get settled in J&K.

30 Record of loan paid by Government to the displaced person after their registration as refugee in 1947.

31 Statement of recoveries made from ex-gratia claims of beneficiaries by the Assistant Settlement Commissioner, Jammu.

- Family members mentioned in the original registration documents (Form A/ loan ledger) were ignored;
- Misrepresentation of facts by 10 claimants regarding family members;
- Mismatch in names/ address in POJK in original documents with details given by claimants;
- Persons born around 1947 claiming compensation or giving no objection certificate to others not finding a mention in original documents;
- Original documents without family details at the time of displacement; and
- Documents such as POA/ affidavits were not placed on record instead only affidavits relied upon when legal heir certificates were required to be produced ***(Appendix 2.4.2 & 2.4.3)***.

These omissions had resulted in recommendation of 54 ineligible/ doubtful cases (***Appendix 2.4.4)*** involving financial assistance of ₹ 2.97 crore. In reply PRO, Jammu stated (August 2020) that necessary documents were being sought from the claimants in 18 cases and verification was initiated in two cases while no response was furnished in one case and reply did not address the audit observation in respect of 33 cases.

Displaced Persons of Chhamb (1965/ 1971)

2.4.8 Displaced families residents in relief camps

Test check of records of 256 cases of displaced persons who lived in relief camps in Jammu district revealed that copies of ration cards were not found attached in 57 cases (22 *per cent*) and in 15 cases (six *per cent*) ration cards attached were not legible. Copies of Permanent Resident Certificate (PRC) were found not attached in 40 cases (16 *per cent*) and in seven cases (three *per cent*) records of allotment of land were not obtained from beneficiaries. Further, in 29 cases (11 *per cent*) though records of land allotment were available, these were not authenticated/ signed by the Tehsildar. Audit further noticed that in 201 cases (out of 256 cases) power of attorney from legal heirs was found attached only in 29 cases (14 *per cent*), in 154 cases (77 *per cent*) involving payment of ₹ 7.47 crore, only affidavits of legal heirs were on record and in 18 cases (nine *per cent*) involving payment of ₹ 0.80 crore, no document was attached to establish genuineness of claimants.

The Assistant Commissioner (Revenue), Jammu stated (October 2019) that compensation cases were supported by documentary evidence and there was no scope for payment to unauthorised/ ineligible beneficiaries. The reply is contrary to the facts as mentioned in following paragraphs.

2.4.9 Compensation paid to ineligible claimants

The documents required for identification of DPs of Chhamb 1965 and 1971 (camp) as per the instructions of the GoJ&K (December 2016) were:

- Land ownership records;
- Copy of ration card; and
- Voter list

Audit noticed (October 2019) the following omissions in cases recommended by the Deputy Commissioner, Jammu, for assistance under the project.

- Family members mentioned in the original registration documents were ignored;
- Concealment of information by claimants regarding family members;
- Mismatch in names in original documents with details given by claimants;
- Disposal of cases without ration card which contain names of family members during their stay in relief camps;
- Non-enclosing of adoption deed in cases where adopted son was the claimant; and
- Documents such as Power of Attorney/ affidavits were not placed on record.

These irregularities had resulted in recommendation of ten ineligible/ doubtful cases (***Appendix 2.4.5)*** involving financial assistance of ₹ 54.96 lakh by the Deputy Commissioner, Jammu.

The Assistant Commissioner (Revenue), Jammu stated (December 2019) that cases were finalised after completion of all required formalities.

The reply is not acceptable as necessary documents were not available in the individual case files and observation specific replies were not furnished to audit.

The Government should formulate a time line to identify and recommend cases of eligible families for payment of financial assistance under the project. The Government may take action to recover inadmissible financial assistance paid and also fix responsibility for recommending ineligible cases for financial assistance under the project.

2.4.10 Displaced families not residents in relief camps

The documents prescribed by the GoJ&K for finalisation of cases pertaining to Chhamb refugees who had not resided in camps included proof of payment of ₹ 25,000 by National Human Rights Commission in lieu of allotment of land besides Permanent Resident Certificate (PRC) of the claimant.

Out of 261 case files test checked in Audit in Jammu district, in 17 cases (seven *per cent*) the PRC was not found attached though their cases were recommended for payment.

The Assistant Commissioner (Revenue), Jammu stated (December 2019) that as per guidelines PRC of any of the family members was required to be provided. The reply

is not acceptable as PRC of the claimant was required to be provided for finalisation of the case.

In one case[32], an amount of ₹ 25,000 was paid[33] by NHRC, although the name of displaced person and his father's name did not match with the claimant[34] recommended by the Deputy Commissioner, Jammu for payment of compensation.

The Assistant Commissioner (Revenue), Jammu stated (December 2019) that Mul Singh (son of Sohan Singh) and Mool Raj (son of Sawan Singh) was one and the same person.

The reply was not acceptable as documents in support of the contention were not produced by the Department.

Finance Department

2.5 Interest subvention on assistance for restoration of livelihood of traders/ self- employed/ business establishments

2.5.1 Introduction

In order to provide financial assistance for restoration of livelihood of traders/ self-employed/ business establishments etc., affected by floods in September 2014 in the State of Jammu and Kashmir (J&K), the Scheme for Interest Subvention was sanctioned (April 2016) by the Government of India (GoI) under the 'Prime Minister's Development Package (PMDP)'. A provision of ₹ 800 crore was made (November 2015) to meet the challenge of livelihood restoration of industrial and business enterprises affected by the devastating flood. As per the scheme guidelines (February 2016), interest subvention was to be restricted only to those units availing credit facility from Banks for business purposes (trading and manufacturing activities) and affected by the floods of September 2014. Under this project, a total number of 28,246 business units identified by the Jammu and Kashmir State Level Bankers Committee (JKSLBC) and whose accounts were restructured immediately after flood of September 2014 were to be extended financial assistance by way of interest subvention. Further, 50,081 small traders/ businessmen (having annual turnover upto ₹ 10 lakh) identified by the Divisional Commissioner, Kashmir on the basis of recommendations of the concerned Deputy Commissioners were to be provided financial assistance to the extent of 50 *per cent* of actual losses suffered by them. Implementation of the Scheme was reviewed in Audit by test check of records of the Finance Department GoJ&K, Jammu and Kashmir State Level Bankers Committee, Director Finance, Chief Minister's Secretariat, GoJ&K and Director Tourism, Kashmir and the concerned Deputy Commissioners.

2.5.2 Structural mechanism and Fund Position

The Jammu & Kashmir Bank Limited (JKBL) was the convener of JKSLBC in the State. The scheme was implemented by the Principal Secretary, Finance Department,

---

32 Mool Raj S/o Sawan Singh.
33 Mul Singh S/o Sohan Singh.
34 Case file no. 2898- Cheque No. 413128 dated 28.05.2005 -Code no. 706/117.

GoJ&K, through JKSLBC/ JKBL, the Chief Minister's Secretariat and Deputy Commissioners of eight districts[35] in the Kashmir Division.

The GoI accorded sanction for release (April 2016) of ₹ 800 crore to the GoJ&K, Finance Department and the Finance Department, GoJ&K in turn released[36] ₹ 617.92 crore to JKSLBC/ JKBL, ₹ 187.37 crore to the Chief Minister's Secretariat and ₹ 1.47 crore to the Director Tourism, Kashmir during the period from July 2016 to January 2019.

2.5.3 Restructured accounts and financial arrangements

As per Paragraph 2.5 of the scheme guidelines, 28,246 business units with a total outstanding liability of ₹ 2,480 crore[37] as on February 2016, were to be provided restructuring/ enhancement of benefits[38] by 30 Banks in Jammu & Kashmir, post the floods of September 2014. Further, 50,081 small traders/ businessmen having annual turnover up to ₹ 10 lakh, were also to be provided financial assistance to the extent of 50 *per cent* of the actual losses suffered by them with a cap of ₹ one lakh in case of units having annual turnover up to ₹ five lakh and a cap of ₹ two lakh in case of units with annual turnover up to ₹ 10 lakh. The list of these trading/ business units had been drawn on the basis of recommendations of the respective Deputy Commissioners.

The GoJ&K, accorded (April 2016) sanction for utilisation of ₹ 800 crore under the scheme as follows:

- Subsidising interest to the extent of 50 *per cent*, for the period from 01 September 2014 to 31 December 2015 in case of 28,246 traders/ business units affected by the floods in September 2014 with a cap of ₹ 5 lakh per unit (involving financial implication of ₹ 175 crore).
- Grant of five *per cent* interest subvention with effect from 01 January 2016 with a cap of ₹ five lakh per business unit in respect of the above 28,246 business units (involving financial implication of ₹ 92 crore per annum and ₹ 368 crore for a period of four years).
- Assistance to small traders and business establishments with turnover up to ₹ 10 lakh (involving a financial implication of ₹ 132 crore).
- Cover[39] 50 *per cent* of the losses of 50,081 traders having annual turnover of less than ₹ 10 lakh per annum who had suffered losses due to the flood of September 2014 and identified by the respective Deputy Commissioners. The ceiling for this subsidy was ₹ one lakh for traders having turnover of ₹ five

[35] 1. Anantnag, 2. Bandipora, 3. Baramulla, 4 Budgam, 5. Kulgam, 6. Pulwama, 7. Shopian and 8. Srinagar.

[36] ₹ 6.76 crore in excess of GoI sanction released by the Finance Department out of State Government resources.

[37] The loan outstanding as of 31 December 2015 in case of these units was ₹ 2,035.12 crore (Principal: ₹ 1,838.17 crore and Interest: ₹ 196.95 crore) which had increased to ₹ 2,480 crore in February 2016.

[38] Enhancement benefits: Restructuring involves modification of terms of the credit by way of altering the repayment period and/ or enhancement of existing credit limits.

[39] As per the decision of GoJ&K.

lakh or less and ceiling of ₹ two lakh for traders with turnover between ₹ five lakh and ₹ ten lakh.

- The balance provision[40] of ₹ 125 crore was to be utilised to cover left over borrowers from institutions like State Financial Corporation (SFC) and Non-Banking Financial Companies (NBFCs) etc.

The JKSLBC had initially identified 28,246 accounts of traders/ business units affected by the floods in September 2014 which were restructured immediately after floods of September 2014. The number of accounts was revised (July 2017) to 23,491 accounts after excluding agriculture loans and personal loans in accordance with the scheme guidelines. An interest subvention of ₹ 161.84 crore[41] was extended to these 23,491 accounts.

Further, out of the 50,081 small[42] traders/ businessmen identified by the Deputy Commissioners which were affected by floods, financial assistance of ₹ 135.47 crore had been disbursed (September 2020) to 48,638 traders/ business units.

Although there was a provision for left over borrowers from institutions like SFC and NBFCs etc. for which ₹ 125 crore was earmarked, financial assistance to not even a single beneficiary had been provided under this provision (August 2020).

2.5.3.1 Interest subvention to restructured accounts

As per paragraphs 4.1 and 4.3 of the scheme guidelines, interest to the extent of 50 *per cent* for the period from 1 September 2014 to 31 December 2015 with a cap of ₹ five lakh per unit and five *per cent* interest subvention with effect from 1 January 2016 to 31 December 2019 with a cap of ₹ five lakh per business unit per annum, were to be provided in respect of 28,246 traders/ business units/ self-employed, affected by the flood.

The JKSLBC forwarded the tentative Bank wise details of 28,246 identified accounts which were restructured to the GoJ&K, on the basis of which the GoJ&K framed the scheme guidelines by earmarking ₹ 543 crore for providing interest subvention on these accounts. The list of 28,246 restructured accounts initially identified by JKSLBC was revised to 23,491 restructured accounts after exclusion of personal and agriculture loans from the list. Out of a total of ₹ 543 crore, financial assistance of only ₹ 161.84 crore was extended to 23,491 accounts leaving scope for diversion of scheme funds as discussed in subsequent paragraphs 2.5.4.1 to 2.5.4.2 of this Report.

2.5.3.2 Interest subvention to ineligible borrowers

As per the scheme guidelines[43] the JKBL was to provide interest subvention of 50 *per cent* of the interest charged for 11,449 identified restructured accounts between 01 September 2014 and 31 December 2015 and five *per cent* of the interest

---

40 As. per the order (April 2016) of GoJ&K.

41 ₹ 57.36 crore for subsidising interest of 50 *per cent* for period from 1 September 2014 to 31 December 2015 and ₹ 104.48 crore for grant of five *per cent* of interest subvention from 1 January 2016 to 30 September 2018.

42 Having annual turnover of up to ₹ 10 lakh.

43 Para No. 11 and 12.

with effect from 01 January 2016 per annum for each business unit/ trader. Accordingly, restructured accounts of the entities affected by the floods of September 2014, were eligible for the Rehabilitation/ Revival Package under the scheme.

Audit noticed (June 2019) that Accounts of nine borrowers which were sub-standard[44] prior to the floods of September 2014, were subsequently included in the list of 11,449 accounts prepared by the JKBL and provided (July 2016) interest subvention of 50 *per cent* of the interest charged during 01 September 2014 to 31 December 2015, amounting to ₹ 16.49 lakh as detailed in ***Appendix 2.5.1***. Further, interest subvention of five *per cent* for the period from 01 January 2016 to 30 September 2018 amounting to ₹ 36.62 lakh was also provided (December 2016 to January 2019) to these nine borrowers as detailed in ***Appendix 2.5.2***.

Similarly, out of 6,167 accounts restructured after the floods of September 2014 by Ellaquai Dehati Bank, 98 accounts were already sub-standard prior to floods of September 2014. These accounts were provided (July 2016 to January 2019) interest subvention amounting to ₹ 21.46 lakh.

Thus, interest subvention to the extent of ₹ 74.57 lakh was provided for 107 accounts of two Banks which were sub-standard prior to floods of September 2014 and were as such, ineligible as per the scheme guidelines.

The JKBL stated (August 2020) that as per scheme guidelines of Special Rehabilitation/ Revival Package for persons affected by natural calamity (Flood 2014) in J&K, outstanding standard loans as on 31 August 2014 were eligible under the scheme and that out of nine accounts, eight accounts were standard as on 31 August 2014 and were eligible for rehabilitation under the scheme. The remaining one[45] borrower was provided interest subvention under the Flood Rehabilitation Scheme and ₹ 20 lakh released in his favour would be recovered and refunded to the Government through JKSLBC.

The reply of the Bank management is not acceptable as nine accounts which were sub-standard as on 30 June 2014 were irregularly included in the list of 11,449 restructured accounts by the JKBL and provided interest subvention.

In view of these findings, it is recommended that the GoJ&K review all cases where interest subvention has been allowed to ensure only genuine claims are accepted and recovery effected from units not meeting the criteria but have availed this benefit.

2.5.3.3 Excess disbursal for interest subvention

I. As per the scheme guidelines[46], a ceiling of ₹ five lakh per annum per unit for all accounts put together, was fixed for providing interest subvention for the period up to September 2014.

---

44 An account is classified as sub-standard by the Bank when the principal or interest payment thereof is overdue. An account becomes a Non-Performing Asset (NPA), if the principal or interest payment thereof is overdue for period of 90 days or more.

45 M/s Jhelum Roller Floor Mills.

46 Para 11 and 12 of the Scheme guidelines.

Audit examination of records of JKSLBC revealed that three borrowers had been provided benefit under interest subvention by JKBL and HDFC Bank, beyond the prescribed limit (up to September 2018) thereby resulting in excess payment of ₹ 5.45 lakh as detailed in ***Appendix 2.5.3***.

The JKSLBC, while accepting the observation, stated (August 2020) that no technical mechanism was available for checking account IDs of the beneficiaries on inter-bank basis and that the J&K Bank Limited had been advised to recover the excess amount from the identified borrowers, where the benefit through the JKBL and the HDFC Bank collectively had exceeded ₹ five lakh per annum.

The details of recovery were, however, awaited (August 2020).

II. As per the scheme guidelines[47], the units which were affected by the floods of September 2014 and had been provided financial assistance under the Chief Minister's Flood Relief Fund (CMFRF) were eligible under the Scheme for interest subvention to the extent of loan outstanding with the Banks. The guidelines further stipulate[48] that the total benefit from both the sources (CMFRF and Interest Subvention) was not to exceed ₹ five lakh. For this purpose, the Divisional Commissioners were to forward list of affected traders/ self-employed/ business establishments to JKSLBC for verification by the concerned Bank branches.

Audit noticed (June 2019) that no such list had been forwarded to the JKSLBC as a result Audit could not verify the total benefit under two sources (CMFRF and Interest Subvention) which did not exceed ₹ five lakh for these beneficiaries.

The JKSLBC management admitted (August 2020) that it had not received any such list from any office.

In view of these findings, it is recommended that the GoJ&K review all cases where interest subvention has been allowed without combining the different sources under the same category and effect recovery from units wherever appropriate.

2.5.3.4 Absence of mechanism to monitor business activity

The scheme guidelines[49] provided that in case the trader/ business unit closed the business activity or changed its location up to two years after availing interest subvention, the unit would be asked to refund subsidy after giving an opportunity of being heard.

However, examination of records (June 2019) showed that the JKSLBC had not put in place any mechanism to monitor business activity and change of location of the trader/ business unit. Hence, the JKSLBC could not ensure compliance of the applicable conditions.

The JKSLBC management, while admitting the audit observation, stated (August 2020) that instructions/ eligibility criteria under the scheme, as received from

47 Para 3.3 (d) of the Scheme guidelines.
48 As per para 5.8 of the Scheme guidelines.
49 Para 3.5 and 3.6 of the Scheme guidelines.

the GoJ&K for seeking claims were disseminated to the member Banks which had lodged claims under the scheme. It was also stated that as and when any recovered amount/ benefit from the Banks were received, the same would be refunded to State Government.

Thus, in the absence of any such mechanism, audit could not ascertain the quantum of such traders/ business units who had availed the benefit of interest subvention and subsequently closed the business activity or changed their location up to two years and were supposed to refund the availed subsidy.

2.5.4 Diversion of scheme funds

As per GoI sanction order (April 2016), the assistance under this scheme was to be utilised for providing only interest subvention assistance for restoration of livelihood of traders/ self-employed/ business establishments affected due to floods in Jammu & Kashmir during September 2014 and who were availing credit facilities from Banks.

Audit noticed (July 2019) cases of diversion of ₹ 452.12 crore (56 *per cent*) from total scheme funds of ₹ 806.76 crore, as discussed in the succeeding sub-paragraphs.

2.5.4.1 Diversion of assistance to houseboat owners

Audit noticed that Finance Department released (January 2018) ₹ 1.47 crore to the Department of Tourism, GoJ&K for waiver of loans in respect of 19 houseboat owners who had turned defaulters with Banks for loans taken earlier as one-time settlement of these cases. The Director Tourism, Kashmir disbursed (March 2018), ₹ 1.47 crore[50] to nine banks for settlement of these loans, which was not eligible to be covered under the scheme.

These houseboat owners were not affected during September 2014 floods and the waiver of these loans was a violation of the scheme guidelines.

The Joint Director (Resources), Finance Department, while confirming the audit observation, stated (August 2020) that the then Finance Minister, GoJ&K proposed one-time waiver of all such loan cases on the pattern of previous budget announcements in his budget speech 2018 and accordingly the assistance was released in favour of these 19 houseboat owners who had turned defaulters with Banks as a one-time settlement of these cases.

The interest subvention for the loans advanced needs to be recovered as they do not conform to the scheme guidelines.

[50] The loan of ₹ 55 lakh sanctioned by the banks in their favour between February 2004 and February 2005 had accumulated to ₹ 1.47 crore including interest thereon.

2.5.4.2 Diversion of assistance to ineligible schemes

I. Artisan Credit Card scheme

The Artisan Credit Card (ACC)[51] scheme was initiated (2002) by the Indian Bank Association (IBA) to provide a convenient credit facility to the artisans in the State of J&K. The scheme aimed to provide credit facilities to the artisans, weavers, members of cooperative societies and craftsmen engaged in different activities to start independent ventures of their own. The financial assistance was to be in the form of loan with a ceiling of ₹ one lakh from various Banks and financial institutions. The GoI, was to provide interest subsidy at 10 *per cent* on the loan over a period of five years.

Audit noticed (July 2019) that the JKBL had disbursed (July 2016 to February 2017) an amount of ₹ 26 crore as interest subvention among 36,891 artisan beneficiaries post release (July 2016) of ₹ 26 crore by the GoJ&K in favour of JKBL under the 'Prime Minister's Development Package' for settlement of outstanding balance of interest on Artisan Credit Cards. The GoJ&K also directed (July 2016) the Industries and Commerce (I&C) Department/ JKBL to ensure that only genuine flood affected (September 2014) ACC holders are covered by putting in place a proper verification mechanism.

The ACC was a scheme existing prior to the announcement of the PMDP and was not eligible for assistance under Interest Subvention Scheme. Moreover, specific linkage to losses occurred due to flood had not been done.

The Joint Director (Resources), Finance Department stated (August 2020) that in a policy decision taken in a meeting (July 2016) held under Chairmanship of the then Finance Minister of the erstwhile State of J&K, it was decided that ₹ 26 crore outstanding on account of interest subvention be provided as one time relief to the artisan community as this class was badly affected by September 2014 floods and that verification of genuine beneficiaries vested with I&C Department and J&K Bank.

The reply confirmed the audit observation that funds released by the GoI for the scheme were diverted towards commitment of the GoJ&K for payment of interest subsidy to artisans under the ACC scheme which was not admissible.

II. Kissan Credit Card scheme

Similarly, the Kissan Credit Card (KCC)[52] scheme was a pre-existing scheme introduced in 1998 by the Reserve Bank of India to provide adequate and timely support[53] from the Banking system. The GoJ&K released funds amounting to ₹ 244.78 crore between July 2016 and June 2017 to JKSLBC for further disbursement

---

51 The scheme approved by Reserve Bank of India and the Development Commissioner (Handicrafts), Ministry of Textile, GoI has been adopted by the banks for implementation.

52 The card is offered by Commercial Banks, Regional Rural Banks, Small Finance Banks and Public Cooperatives. The KCC allows cash credit to farmers to take care of crop related expenses like seeds, fertilisers, pesticides, electricity and diesel charges etc.

53 Through a single window with flexible and simplified procedure to the farmers for their cultivation and other needs.

to the Banks operating the KCC scheme in the State. The JKSLBC in turn released ₹ 134.30 crore in three tranches during the period from July 2016 to June 2017 to JKBL which in turn credited (January 2017 to April 2018) the amount in 66,015 KCC accounts holders of all 22 districts of the State. The JKSLBC further released ₹ 109.80 crore to 19 other banks for 49,302 accounts of KCC. Also, an amount of ₹ 0.04 crore was wrongly credited by JKBL on 05 July 2016 to 33 borrowers who were ineligible. The balance amount of ₹ 0.64 crore was refunded (October 2017/ April 2018) to the GoJ&K by the JKSLBC.

Audit observed (July 2019) that sanction of funds by the GoJ&K was in violation of Interest Subvention scheme guidelines and resulted in diversion of funds to the extent of ₹ 244.10 crore as the scheme was not extendable to agricultural production loans. Further, it was observed that while extending Interest Subvention Scheme under the PMDP to KCC and while making the payment, specific linkage to losses occurred due to flood had not been done by the JKSLBC/ Banks. Also, the deviations to the scheme guidelines and Government sanction orders thereof were not issued with the approval of the GoI.

The Joint Director (Resources), Finance Department stated (August 2020) that in a policy decision taken in a meeting (July 2016) held under the Chairmanship of the then Finance Minister of erstwhile State of J&K, it was decided that outstanding balance as on 31 March 2015 against all those KCC beneficiaries whose accounts were standard as on 31 August 2014 as well as those whose sanctioned amount limit was ₹ one lakh would be considered for 50 *per cent* waiver under the scheme as the loan taken against KCC.

The reply confirmed that scheme funds released by the GoI were diverted towards agriculture production loans of farmers under KCC scheme and resulted in violation of the guidelines of the Interest Subvention scheme.

III. Chief Minister's Business Interest Relief Scheme

The GoJ&K launched the Chief Minister's Business Interest Relief Scheme (CMBIRS) [54] with effect from 01 January 2018.

As per the scheme, the GoJ&K was to contribute one-third of the monthly installment/ interest payment of the borrower if he had actually paid two-third of the monthly installment earlier. The scheme was applicable to the restructured accounts affected by the floods of September 2014 as also the accounts restructured after the unrest of 2016.

Under the CMBIRS, the Finance Department, GoJ&K released ₹ 200 crore[55] in favour of the JKSLBC between March 2018 and March 2019. Out of this, an amount of ₹ 199.96 crore had been remitted up to March 2019 to 15[56] Banks operating in the erstwhile State of J&K.

---

54 On the announcement made in the Budget Speech for 2018-19 by the Finance Minister, GoJ&K.

55 Including ₹ 180 crore out of PMDP funds.

56 Including the JKBL: ₹ 190.20 crore.

An amount of ₹ 180 crore received from the GoI and payment made to beneficiaries under CMBIRS towards commitment of the GoJ&K made during Budget session of 2018-19, was not as per the guidelines of the Interest Subvention Scheme of the PMDP. Further scrutiny of records (July 2019) revealed that out of release of ₹ 190.20 crore to JKBL, ₹ 41.32 crore[57] was provided to only 19 borrowers as detailed in ***Appendix 2.5.4***. Further, out of these 19 borrowers, accounts of ten borrowers[58] to whom benefit of interest subvention of ₹ 21.02 crore had been provided (between March 2018 and March 2019), were not at all affected during flood of September 2014 and they had been restructured only after the unrest of 2016 under Special Rehabilitation Package.

The Joint Director (Resources), Finance Department stated (August 2020) that sanction was accorded (March 2018) for roll out of CMBIRS as per announcement made by the then Finance Minister in his budget speech 2018-19 and that the verification of genuine beneficiaries vested with JKBL.

The reply confirmed that funds released by the GoI were diverted by the GoJ&K for its own commitment and not for payment under the scheme of Interest Subvention.

IV. Assistance to a private trust

The JKBL had initially sanctioned (December 2017) a term loan of ₹ 8.50 crore to M/s DP Dhar Memorial Trust for construction of a Centre for Visually Impaired children. In order to provide the benefit of the Interest Subvention scheme under the PMDP, the GoJ&K sanctioned (May 2018), ₹ 1.86 crore[59] for the Trust to be disbursed through the JKBL. The interest subvention was to be released on annual basis.

Audit observed (July 2019) that the JKBL commenced the disbursement of loan of ₹ 8.50 crore in February 2018 and also had released interest subvention of ₹ 0.35 crore (19 *per cent* of the sanctioned amount of ₹ 1.86 crore) during the period between June 2018 to June 2019. Further, the Trust had also been provided financial assistance of ₹ 0.20 crore as subvention of 50 *per cent* of interest charged from 01 September 2014 to 31 December 2015 and five *per cent* interest subvention from 01 January 2016 to 30 September 2018. There was no provision for release of assistance to a Private Trust in the Interest Subvention scheme, that too for one that has not been affected by the floods of September 2014 and has resulted in diversion of scheme funds of ₹ 0.55 crore towards a private institution.

The Joint Director (Resources), Finance Department, GoJ&K stated (August 2020) that the Government released the amount in favour of M/s DP Dhar Memorial Trust

---

57 Assistance ranging between ₹ 0.69 crore and ₹ 5.73 crore had been provided to single borrower.

58 1. M/s HK Cement Industries Pvt. Limited, 2. Khyber Industries Pvt. Limited, 3. Trumbo Industries Pvt. Limited, 4. Peak Auto Jammu Pvt. Limited, 5. Peaks Agro Warehousing Pvt. Limited, 6. J&K Cements Limited, 7. Kashmir Fruit Preservers Partners, 8. Kashmir Premium Apples Pvt. Limited, 9. Shaheen Agro Fresh Pvt. Limited and 10. HN Aggrieve Pvt. Limited.

59 Interest subsidy of five *per cent* i.e. 50 *per cent* interest subvention of the project loan for a period of seven years (including moratorium period of two years from the date of disbursement).

on the basis of requisition made by JKBL as a policy decision and that it was done for a noble cause.

The reply confirmed that funds released by the GoI for Interest Subvention scheme were diverted towards payment of interest subsidy in favour of a private trust, which was a violation of the scheme guidelines.

2.5.5 Disbursement of assistance through the Chief Minister's Flood Relief Fund

During the period from April 2015 to March 2016, ₹ 101.89 crore was released by the Director (Finance), Chief Minister's Secretariat to the Deputy Commissioners of eight districts[60] of Kashmir Division for payment to remaining small traders/ business units with turnover up to ₹ 10 lakh and not linked to the formal credit system[61]. Subsequently, under the PMDP, ₹ 187.37 crore was released (September 2017) by the Finance Department, GoJ&K which included ₹ 101.89 crore towards recoupment of expenditure incurred out of Chief Minister's Flood Relief Fund (CMFRF) earlier and ₹ 85.48 crore in favour of Chief Minister's Secretariat. This amount of ₹ 85.48 crore was further released (November 2017) to the Deputy Commissioners of four districts[62] of Kashmir Division for further disbursal to these small traders/ business units.

Significant observations of Audit are discussed in the subsequent paragraphs.

2.5.5.1 Diversion of financial assistance for small business units/ traders

The scheme of Interest Subvention for the identified 50,081 business units/ small traders was restricted to addressing the financial assistance to these entities.

The scheme funds to the extent of ₹ 4.01 crore had been utilised towards payment to 903 destitute women in eight districts of Kashmir Division. Also, in two tehsils of Srinagar district, ₹ 12.77 lakh had been utilised towards payment of assistance to damaged residential houses (₹ 8.59 lakh) and to beneficiaries of State Disaster Relief Fund (SDRF) (₹ 4.18 lakh) which was not covered under the Interest Subvention scheme.

On this being pointed out (May 2019) in Audit, the Additional Deputy Commissioner, Budgam stated (May 2019) that matter regarding diversion of assistance had been taken up with the concerned Tehsildars. The Additional Deputy Commissioner, Srinagar stated (July 2019) that payments had been made by the respective Tehsildars as per the directives of the then Deputy Commissioners.

The reply confirmed the audit observation that ₹ 4.01 crore had been diverted from the scheme.

The Government should fix responsibility and take appropriate action against officials responsible for all diversion of scheme funds.

---

60 Anantnag: ₹ 20.38 crore; Bandipora: ₹ 5.30 crore; Baramulla: ₹ 1.33 crore; Budgam: ₹ 11.21 crore; Kulgam: ₹ 4.36 crore; Pulwama: ₹ 10 crore; Shopian ₹ 0.31 crore; and Srinagar: ₹ 49 crore.

61 Banks and Cooperative Societies constitute formal sector of credit.

62 Anantnag: ₹ 12.99 crore; Kulgam: ₹ 0.67 crore; Pulwama: ₹ 7.58 crore; and Srinagar: ₹ 64.24 crore.

2.5.5.2 Extra payment of assistance

The GoJ&K decided (April 2016) to cover 50 *per cent* of losses, of small traders/ business units for traders who had suffered losses from the floods of September 2014. For small traders/ business units with turnover of ₹ five lakh or less, the assistance was to be limited to ceiling of ₹ one lakh and for traders with turnover between ₹ five lakh and ₹ ten lakh, the ceiling was ₹ two lakh.

Audit noticed that:

- In Srinagar district in the three tehsils[63], an assistance of ₹ 21.20 lakh was disbursed to 39 affected traders against the admissible assistance of ₹ 11.05 lakh. The amount was credited twice into the accounts of these beneficiaries during the period from January 2016 to February 2019, which resulted in excess disbursement of ₹ 10.15 lakh.

After being pointed out (June 2019) in Audit, the Tehsildar, Khanyar effected recovery of only ₹ 0.35 lakh from two beneficiaries and the progress of recovery of remaining cases was awaited.

- In Baramulla district, assistance of ₹ 58.01 lakh was paid to 386 business units/ small traders[64], which was 100 *per cent* of the assessed loss, instead of 50 *per cent* of the total losses suffered. This resulted in excess payment of assistance of ₹ 29 lakh to 386 business units/ traders.

Home Department

2.6 Raising of Five India Reserve Battalions in Jammu and Kashmir

2.6.1 Introduction

To bridge the growing gap in the security grid which was increasingly devolving on the Jammu and Kashmir (J&K) Police and that J&K Police had inadequate manpower to cater to deployments arising out of sudden and widespread eruption of unrest, Ministry of Home Affairs (MHA), Government of India (GoI) sanctioned (February 2016) a project for 'Raising of five India Reserve (IR) Battalions' under the PMDP. The GoJ&K issued (September 2016) necessary instructions/ sanction for raising of five[65] IR Battalions in five districts[66].

2.6.2 Financial Management

As per the funding pattern of the project, out of ₹ 34.92 crore required for raising each IR Battalion, the GoI was to reimburse ₹ 26.19 crore which was 75 *per cent* of the standard cost. In addition, the GoI was to reimburse subject to a ceiling of ₹ 25 crore, 50 *per cent* of the infrastructure cost[67] for each Battalion on submission of requisite details of the expenditure incurred on creation of infrastructure. The

63 1. Khanyar, 2. Srinagar South and 3. Srinagar Central

64 317 business units/ traders, with turnover upto ₹ 5 lakh and 69 business units/ traders with turnover between ₹ 5 lakh and ₹ 10 lakh.

65 IR Battalions 21, 22, 23, 24 and 25

66 Districts of Bandipora, Kishtwar, Leh, Pulwama and Udhampur.

67 Excluding cost of the land.

reimbursement of standard cost of raising and capital infrastructure costs was to be met from the funds allotted under the Security Related Expenditure (SRE) scheme as Grants-in-aid. The position of funds received and expenditure incurred during the period from 2017-18 to 2018-19 is given in **Table 2.6.1**.

Table 2.6.1: Fund position

(₹ in crore)

Year	Funds released			Expenditure incurred			Closing balance	Percentage utilisation of funds
	GoI share	State share	Total	GoI share	State share	Total		
2017-18	43.25	3.49	46.74	28.48	3.49	31.97	14.77	68
2018-19	127.32	25.00	152.32	84.24	-	84.24	68.08	55
Total	**170.57**	**28.49**	**199.06**	**112.72**	**3.49**	**116.21**		

(Source: Progress Reports furnished by Police Headquarters, J&K)

As seen from the **Table 2.6.1**, the utilisation of funds was 68 *per cent* (2017-18) and 55 *per cent* (2018-19) with an unspent balance of ₹ 68.08 crore, as on 31 March 2019. However, there was no firm commitment to spend the balance amount.

On this being pointed out (September 2019) in Audit, the reason put forth by the Department for less spending was attributed to law and order situation in the valley and unrest.

The Department also stated (August 2020) that an expenditure of ₹ 136.22 crore had been incurred till June 2020 and procurement under components of clothing, communication and vehicles was completed, while supply orders had been placed for balance items under the component of Arms and ammunition.

2.6.3 Delay in acquisition of land

For establishment of the newly created Battalions and creating the required infrastructure, land was to be acquired at five locations in the districts of Bandipora, Kishtwar, Leh, Pulwama and Udhampur. The process of acquisition of land was to be completed within six months[68] (August 2016). As of November 2019, land was acquired only at three locations Kishtwar, Leh and Pulwama. Acquisition of land was under process at the remaining two locations of Bandipora and Udhampur. There had been considerable delay in acquisition of land due to change of sites and belated payment of compensation to private land owners resulting in non-creation of infrastructure and consequent accumulation of unspent balances under the project.

The Department attributed (August 2020) delay to considerable time involved in land acquisition process, land disputes and shifting of land at Udhampur and Leh.

The reply is not acceptable as the time schedule for land acquisition was six months from date of sanction (February 2016) of the project, which had not been achieved (August 2020).

[68] From the date of sanction of the project.

2.6.4 Deficient manpower

For establishment of five IR Battalions at five different locations, the GoJ&K created (September 2016) 5,035 additional posts of different cadres (1,007 posts per Battalion). To make these battalions functional, it was imperative for the Department to recruit/ post staff against these posts at the earliest. The cadre-wise position of posts created, posts filled and shortfall as of March 2019 is given in the **Table 2.6.2**.

Table 2.6.2: Manpower position

Sl. No.	Name of the post	Number of posts created	Number of persons engaged	Shortfall	Percentage shortfall
1.	Commandant	5	4	1	20
2.	Deputy Commandant	15	-	15	100
3.	Deputy Superintendent of Police (DSP)	35	9	26	74
4.	Inspectors	35	4	31	89
5.	Sub-Inspectors (SI)	115	13	102	89
6.	Assistant Sub-Inspectors (ASI)	90	29	61	68
7.	Head Constables (HC)	800	77	723	90
8.	Constables	3,375	3,321	54	2
9.	Others	345	340	5	1
10.	Ministerial Staff	35	-	35	100
11.	Wireless staff	165	-	165	100
12.	Medical staff	20	-	20	100
Total		**5,035**	**3,797**	**1,238**	**25**

(Source: Position of sanctioned posts and men-in-position furnished by the Police Headquarters, J&K)

The overall shortfall in recruitment/ appointment of various categories of posts for five IR Battalions was 25 *per cent* with post wise shortfall ranging between one *per cent* and 100 *per cent.* The shortage at senior ranks[69] was as high as 88 *per cent* as of September 2020.

The Department stated (August 2020) that during recruitment for five IR Battalions, 341 posts of constables remained unfilled due to non-availability of candidates in reserved categories.

The reply does not address the observations regarding shortages of personnel in senior rank (Head Constable onwards) posts which formed a critical component of the project.

[69] Head constable, Assistant Sub-Inspector, Sub-Inspector, Inspector and Deputy Superintendent of Police.

Chapter-III

Crisis Management

CHAPTER - III

Crisis Management

3.1 Introduction

The Crisis Management segment under the PMDP includes seven[1] projects to be executed at an estimated cost of ₹ 5,858 crore including a Comprehensive Flood Control Project for River Jhelum and its tributaries including dredging and de-silting; assistance for permanent restoration of damaged public infrastructure assets strengthening the Disaster Management Framework in the State, including setting up of Emergency Operation Centres and allied infrastructure etc.

Under the Crisis Management segment out of a total of seven projects, four[2] projects with an outlay of ₹ 2,830 crore were test checked in Audit.

The financial details including expenditure incurred on these four projects are given in **Table 3.1.1**.

Table 3.1.1: Project wise details of cost *vis-a-vis* expenditure incurred (as on 31 March 2019)

(₹ in crore)

Sl. No.	Projects	Project cost	Funds sanctioned	Released	Expenditure	Unutilised funds *(Percentage)*
1.	Construction of Additional Girls Hostels in Higher Education Institutions	50	23.75	23.75	9.16	14.59 *(61)*
2.	High end security and law order system in J&K	500	501.86	501.86	261.96	239.90 *(48)*
3.	Comprehensive plan for Flood Management of River Jhelum and its tributaries (Phase I)	280	287.43	287.43	280.87	6.56 *(2)*
4.	Permanent Restoration of damaged infrastructure	2,000	1,178.34	1,178.34	915.17	263.17 *(22)*
	Total	**2,830**	**1,991.38**	**1,991.38**	**1,467.16**	**524.22 *(26)***

(Source: Departmental records)

Out of a total outlay of ₹ 2,830 crore for these four projects as given in **Table 3.1.1**, ₹ 1,991.38 crore was sanctioned and released by the GoI and an expenditure of ₹ 1,467.16 crore had been incurred as on 31 March 2019, leaving an unutilised balance of ₹ 524.22 crore (26 *per cent*) as on March 2019.

[1] (i) Construction of Additional Girls Hostel in Higher Education Institutions; (ii) High end security and law order system in J&K by Home Department; (iii) Plan for Comprehensive Flood Management of River Jhelum and its tributaries (Phase-I); (iv) Plan for comprehensive Flood Management of River Jhelum & its tributaries (Phase-II); (v) Permanent Restoration of damaged infrastructure; (vi) Restoration of damaged Horticulture areas and development of Horticulture in J&K; and (vii) 90 *per cent* Grant portion of World Bank Assistance for Jhelum-Tawi flood reconstruction project.

[2] (i) Construction of Additional Girls Hostel in Higher Education Institutions; (ii) High end security and law order system in J&K by the Home Department; (iii) Plan for Comprehensive Flood Management of River Jhelum and its tributaries (Phase I); and (iv) Permanent Restoration of damaged infrastructure.

Higher Education Department

3.2 Construction of additional Girls Hostels in Higher Education Institutions

The Department of Higher Education, Government of Jammu & Kashmir (GoJ&K) submitted a proposal (October 2016) for Construction of Seven Girls Hostels[3] in Government Degree Colleges (GDCs). This was approved (March 2017) under the Prime Minister's Development Package (PMDP) by the Government of India (GoI) for a total project cost of ₹ 50 crore. The works[4] of the project were technically vetted by the Development Commissioner (Works) for ₹ 48.41 crore and the period for completion was eight months (February 2018) from the date of issue of authorisation order. The assistance from the GoI, through the University Grants Commission (UGC) was 100 *per cent* of the approved cost, subject to the condition that expenditure over and above the allocation by UGC was to be met by the Institutions from their own resources.

Out of the seven Girls Hostels to be constructed, five[5] Girls Hostels in GDCs were selected for test check in audit.

As seen from the records and photographs given in paragraph 3.2.3, out of the five test checked Girls Hostels in GDCs where the construction of Hostels was proposed, work of construction of three[6] Girls Hostels was at different stages. In the remaining two[7] Girls Hostels, work had been stopped at plinth level due to lack of specific experience of the executing agencies as well as the knowhow of the new technology[8] being adopted despite incurring (March 2019) an expenditure of ₹ 3.01 crore. None of the Girls Hostels were complete, as detailed in the subsequent paragraphs.

3.2.1 Financial Management

Out of the sanctioned cost of ₹ 50 crore, an amount of ₹ 23.75 crore was released (July 2017 to October 2018) by the UGC directly into the Bank accounts of the seven GDCs who in turn released ₹ 10.22 crore to the construction agencies[9].

During the period 2019-20 and 2020-21 (September 2020), an amount of ₹ 9 crore was further released by the UGC into the Bank accounts of three GDCs which in turn released ₹ 11.59 crore to the construction agencies. The balance funds of ₹ 12 crore remained with the colleges as of September 2020 as given in **Table 3.2.1**.

---

3 Government Degree Colleges (i) Paloura (Jammu), (ii) Rajouri, (iii) Bhaderwah (initially approved for Thatri-Doda), (iv) Bemina (Srinagar), (v) Kargil, (vi) Pulwama and (vii) Kupwara.

4 Six works in March 2018 and remaining work in Bhaderwah in December 2018.

5 Government Degree Colleges (i) Paloura (Jammu), (ii) Rajouri, (iii) Bhaderwah, (iv) Bemina (Srinagar) and (v) Kargil (Ladakh).

6 GDCs (i) Paloura (Jammu), (ii) Rajouri and (iii) Bhaderwah.

7 Bemina (Srinagar) and Kargil (Ladakh).

8 Pre-Engineered Structure Technology.

9 J&K Housing Board (six colleges): ₹ 9.06 crore; JKPHC (one college): ₹ 1.16 crore.

Table 3.2.1: Fund position as of September 2020

(₹ in crore)

Period	Sanctioned cost	Funds released by UGC	Released to construction Agencies	Unutilised balance
2017-18	50.00	8.00	9.06*	0.00
2018-19		15.75	1.16	14.59
2019-20		7.00	6.59	15.00
2020-21 (ending September 2020)		2.00	5.00	12.00
Total	**50.00**	**32.75**	**21.81***	

*Includes ₹ 1.06 crore (GDC Kupwara: ₹ 1.02 crore and GDC Kargil: ₹ 0.04 crore) released (May 2017) by the Higher Education Department under State Plan funds.

(Source: Departmental records)

Audit further noticed (October 2020) that for four out of the five sampled colleges, where the Jammu and Kashmir Housing Board (JKHB) was the construction agency, an expenditure of ₹ 12.23 crore was incurred (September 2020). However, Utilisation Certificates (UCs), had been submitted (between November 2017 and August 2020) for ₹ 15.29 crore by the construction agency, thereby resulting in submission of inflated UCs to the extent of ₹ 3.06 crore. Moreover, as against the sanctioned amount of ₹ 50 crore for construction of seven Girls Hostels in GDC, total amount of ₹ 33.81 crore was released by UGC. Out of this, ₹ 16.67 crore was spent for seven Girls Hostel as of September 2020.

The Director Planning, Higher Education Department, GoJ&K stated (July 2020) that UCs were issued on the basis of work done which included material brought on site of work.

The reply is not tenable as the actual expenditure incurred included material booked in advance by the executing Divisions and therefore, UCs submitted were inflated. Further, as the differential amount was still lying in the Bank Accounts of the GDCs, the possibility of misutilisation/ misappropriation in future, cannot be ruled out.

The Director Planning, Higher Education Department, GoJ&K attributed (July 2020) the poor progress of work to the late receipt of structural drawings and technical sanctions and also to the prevailing security environment and the long winter season in the Kashmir Division. He further stated that the construction of three[10] girls hostels in Jammu Division was nearing completion, which was, however, not supported by documents in the case of two[11] GDCs and the photographs ***(in Para No. 3.2.3)*** taken on 30 September 2020.

The reply is not acceptable as none of the Girls Hostels taken up for construction in the four[12] Degree Colleges which were required to be completed by February 2018, had been completed (October 2020) even after 31 months from the original date of completion, and having a provision of pre-engineered structures in the DPR for expeditious completion.

[10] GDCs (i) Paloura (Jammu), (ii) Rajouri and (iii) Bhaderwah.

[11] GDCs (i) Paloura and (ii) Rajouri.

[12] GDCs (i) Paloura Jammu (ii) Rajouri (iii) Bemina Srinagar and (iv) Kargil Ladakh.

Thus, the objective of time bound creation (February 2018) of hostels to ameliorate the hardships faced by girl students was not achieved, despite availability of adequate funds.

3.2.2 Building Committees

As seen from the records made available, Building Committees had not been constituted in GDC, Kargil of Ladakh Division and GDC, Paloura, Jammu. In the remaining three[13] colleges even though the Building Committees had been constituted, these had not exercised any control over execution of works in two Colleges[14].

3.2.3 Construction of Hostels

The Planning Development and Monitoring Department, GoJ&K instructed (October 2012) that the JKHB, may in addition to its duties of developing colonies participate in competitive bidding process related to the construction/ execution of mega works/ projects of Health and Education sectors in the capital cities of Jammu and Srinagar and its adjacent districts.

Construction work of hostels in four[15], out of five sampled colleges with the project cost of ₹ 35 crore was allotted on nomination basis. Although the work of four Girls Hostels was being constructed by a Government Agency (JKHB) on nomination basis, without any tendering process[16], the same were yet to be completed. An expenditure of ₹ 12.23 crore had been incurred on these hostels as of September 2020.

The construction of Girls Hostels in GDCs was to be completed within a period of eight months (February 2018) failing which a monthly penalty at the rate of 2 *per cent* of the cost was to be imposed on the JKHB. No penalty for delay in completion of works was initiated by the Department even after two and half years so as to expedite their completion.

The Director Planning, Higher Education Department, GoJ&K stated (July 2020) that the JKHB, is a Government executing agency for various projects/ works of other Departments and has been empowered to take up such projects. It was also stated (July 2020) that reasons for delay were attributed by the executing agencies to disturbance in the valley and as a result workshop for pre-engineered structure could not be established in Srinagar.

The reply is not acceptable as the JKHB has attributed (July 2019) the delay to the lack of specific experience and knowhow of new technology (pre-engineered structure) at the time of commencement of work leading to stoppage of work after plinth level.

---

13 GDCs (i) Bhaderwah, (ii) Rajouri and (iii) Bemina.

14 GDC, Bemina and GDC, Rajouri.

15 GDCs (i) Paloura, (ii) Rajouri, (iii) Bemina and (iv) Kargil.

16 The Minister for Education, GoJ&K on 16 May 2017 chaired the meeting, wherein authorisation for construction of Girls Hostels by JKHB was conveyed.

Thus, failure of the Department to ensure timely completion of hostel buildings despite availability of funds and entrustment of work on nomination basis, resulted in non-achievement of objective to provide hostel facilities to 936 girl students of five sampled colleges.

Necessary steps should be taken up to expedite completion of the Project works of the Girls Hostels so that the benefits of the scheme reach to the girls students.

Home Department

High end security and law and order system in Jammu and Kashmir

3.3 Introduction

With a view to enable the Jammu and Kashmir Police to respond promptly to various law and order situations, counter insurgency operations and handling of law and order through the use of latest technology and non-lethal equipment without damage to life and property, a Project[17] was approved (October 2017) by the Ministry of Home Affairs (MHA), Government of India (GoI) under the PMDP at a cost of ₹ 500 crore. The project was scheduled to be completed by March 2020. The salient features of the Project were to:

- Establish integrated command centres involving two central command centres one each in Srinagar and Jammu, district command centres and Closed Circuit Television (CCTV) surveillance system for the National Highway from Lakhanpur to Srinagar,
- Provide CCTV cameras, IP Based Video surveillance system, Electric Boom Barriers, Hydraulic cranes, Bullet Resistant Jackets, Deep Search Metal Detectors etc,
- Provide specially designed anti-riot vehicles, helmets, gas masks, group shield specially for Women protection units, Bullet Proof (BP) Bunker Vehicle[18], wireless communication centre for better communication and law and order situation.

3.3.1 Financial Management

Initially expenditure is incurred from State Funds and after the claim for reimbursement is lodged with MHA through the Finance Department, GoJ&K, the GoI releases funds to the State Government through Security Related Expenditure (SRE) mechanism for reimbursement of the entire cost of the project. The position of funds released and the expenditure incurred during the period from 2016 to 2019 under the project is given in **Table 3.3.1**.

Table 3.3.1: Status of Funds and Expenditure
(as on 31 March 2019)

(₹ in crore)

Year	Funds released	Expenditure incurred (*Percentage*)	Unutilised funds
2016-17	18.30	15.53 *(85)*	2.77
2017-18	311.69	154.34 *(50)*	157.35
2018-19	171.87	92.09 *(54)*	79.78
Total	**501.86**	**261.96** *(52)*	

(Source: Progress Reports of the Project)

During the period from 2016 to 2019, the GoJ&K released ₹ 501.86 crore out of which an expenditure of ₹ 261.96 crore (52 *per cent*) was incurred by the Department.

[17] Project No. 42 of PMDP.
[18] Special Bullet Proof Vehicle with predetermined safety standards.

The percentage of expenditure *vis-a-vis* funds available during the period ranged between 50 and 85 respectively. The unspent balances increased from ₹ 2.77 crore as of April 2017 to ₹ 79.78 crore at the close of March 2019. Further, during the year 2019-20 an amount of ₹ 119 crore was sanctioned by the GoI under the project and an expenditure of ₹ 29.77 crore had been incurred by the Department, leaving a balance of ₹ 89.23 crore unutilised as of 31 March 2020. During the year 2020-21 (up to August 2020), an amount of ₹ 25.15 crore was released by the GoI against which no expenditure had been incurred (August 2020).

3.3.2 Procurement of equipment

Under the project 56 items/ works were to be procured/ installed out of which procurement/ installation of 33 items/ works (59 *per cent*) were completed by the Department as of August 2020, as detailed in ***Appendix 3.3.1***.

- The integrated command centres and its linked components had not been taken up for execution as of 31 August 2020.
- Procurement of 413 CCTVs for Police Stations was under tendering process (August 2020).
- 669 vehicles of various types (Bullet proof Bunkers, Rakshak vehicles, Gypsy, Anti-Riot vehicles, Hydraulic crane, JCB, Tractor) were sanctioned, 547 vehicles had been procured of which 499 vehicles had been delivered as of August 2020.

The following significant deficiencies were noticed in Audit.

3.3.2.1 Purchases without tendering

Rule 8.4 of the Jammu and Kashmir Financial Code provides that purchase of stores should be made in the most economical manner and in accordance with definite requirements of public service. Further, Rule 166 of General Financial Rules 2017, GoI provides that procurement from a single source may be resorted to:

- If it is in the knowledge of the user department that only a particular firm is the manufacturer of the required goods.
- In case of emergency, the required goods are necessarily to be purchased from a particular source and the reason for such decision is to be recorded and approval of competent authority obtained.

Purchases worth ₹ 100.27 crore which included vehicles, Body protectors, Bullet Proof patkas[19], Anti-Riot vehicles, Farm track tractor and Backhoe loader were made by the Police Headquarter (PHQ), J&K either on repeat order basis or from original manufacturers, without ascertaining reasonability of rates by way of inviting tenders etc; as detailed in ***Appendix 3.3.2***.

After the matter was referred (June 2020) to the Government, the Department in reply stated (August 2020) that the PHQ, J&K purchased Bullet Resistant vehicles directly

[19] Bullet Proof patkas: Bullet proof scarves worn beneath helmets.

from original manufacturers/ authorised dealers, as a proprietary item to meet urgent requirement of J&K Police for anti-militancy operations and law and order duties in view of prevailing security scenario after approval of the State Level Purchase Committee (SLPC). It was also stated that vehicles and other items were purchased by the J&K Police from original manufacturers on lowest company rates applicable to Government Departments as proprietary items and the vehicles were not available on GeM[20].

The reply is not tenable in view of the fact that similar machinery/ equipment and Bullet Proof vehicles were manufactured by several firms and that reasonability of rates even from authorised dealers/ firms was not ensured by the Department.

3.3.2.2 Purchases from specific firms

Audit scrutiny of records revealed that the Department had made purchases from particular firms/ single source, which resulted in avoidable expenditure of ₹ 9.20 crore, as discussed in the succeeding paragraphs.

A. Purchase of Medium Bullet Proof vehicles

The GoI sanctioned (July 2016) ₹ 18.30 crore for purchase of 40 Bullet Proof Vehicles[21] including 15 Medium Bullet Proof (4×4 Drive) Vehicles (MBPV). The Police Headquarters (PHQ) sent a proposal (August 2016) to the Home Department of the State Government for purchase of:

- Seven MBPVs, BS III from M/s Ashok Leyland Limited for ₹ 54.16 lakh per vehicle; and
- Eight Tata Light Armoured Troop Carriers, BS III from M/s Tata Motors Limited for ₹ 48.09 lakh per vehicle.

In its recommendation, the PHQ had clarified (September 2016) that both MBPVs, BS III and Armoured Troop Carriers, BS III were Medium Bullet Proof (4x4 Drive) Vehicles (MPBV) as sanctioned by MHA, GoI and purchase of these vehicles from original manufactures[22] on DGS&D rates/ lowest company rates as recommended by the SLPC. The Home Department, GoJ&K accorded (October 2016) sanction for purchase of 15 MBP (4x4 Drive) vehicles and released ₹ 18.30 crore[23] in favour of Director General of Police, J&K subject to certain conditions which included that purchase of these vehicles be made on most economical rates.

The PHQ, J&K thereafter placed (October 2016) orders for supply of 15 (4x4 Drive) MBP vehicles as per their proposal to Home Department, GoJ&K (August 2016).

As manufacture or sale of BS III vehicles was not permitted in India after 31 March 2017, the PHQ, GoJ&K asked both the firms to manufacture vehicles with BS IV compliant engines. Thereafter, supply order in favour of M/s Ashok Leyland

---

20 Government e Marketplace.

21 15 MBPVs at a rate of ₹ 0.52 crore per vehicle and 25 Bullet Proof SUV vehicle at a rate of ₹ 0.42 crore per vehicle.

22 M/s Ashok Leyland Limited and M/s Tata Motors Limited.

23 Including purchase of 25 Bullet proof SUV vehicles.

Limited was modified (August 2017) to ₹ 56.32 lakh per vehicle after including additional charges for conversion of BS III to BS IV and Good and Service Tax thereon. Although the Supply order was not modified, M/s Tata Motors Limited offered (February 2018) a rate of ₹ 50.12 lakh per vehicle with BS-IV specifications. However, the firm made supply of eight vehicles at a rate of ₹ 41.83 lakh per vehicle.

Thus, rates of MBP Vehicles of M/s Tata Motors Limited were lesser as compared to M/s Ashok Leyland Limited by ₹ 14.49 lakh per vehicle, the Department purchased only eight such vehicles from the firm and remaining seven MBP vehicles from M/s Ashok Leyland Limited. M/s Ashok Leyland Limited supplied (September/ October 2017) seven MBP vehicles at a cost of ₹ 3.94 crore[24]. M/s Tata Motors Limited supplied eight vehicles at a cost of ₹ 3.35 crore[25] in March/ April 2018. Balance payment of ₹ 62.15 lakh after adjustment of ₹ 9.83 lakh on account of delayed supply was made in favour of M/s Ashok Leyland Limited in April 2018, while balance payment of ₹ 7.63 lakh in favour of M/s Tata Motors Limited was not made due to delayed supply of vehicles.

Thus, the Department purchased seven MBP vehicles at higher rates from M/s Ashok Leyland Limited, thereby incurring an extra expenditure of ₹ 1.01 crore.

After the matter was referred (June 2020) to the Government, the Department stated (August 2020) that the PHQ had initially purchased Medium BP Bunkers Vehicles from two Original Equipment Manufacturers (OEMs) from M/s Tata Motors Limited and M/s Ashok Leyland Defence Systems Limited, being proprietary items as the same were not available on GeM. Based on operational requirement and constraints of delivery in view of prevailing security scenario, order for 15 Medium BP Bunkers under PMDP was given to the two firms.

The fact however remains that despite lower rates offered by M/s Tata Motors Limited for MBP vehicles, seven vehicles were procured from M/s Ashok Leyland Defence Systems Limited at higher rates.

B. Purchase of Medium BP vehicles for CRPF

The GoI sanctioned (October 2017) procurement of 125[26] Bullet Proof (BP) vehicles for CRPF at a cost of ₹ 34.75 crore under the project. The Home Department, GoJ&K accorded (January 2018) sanction in favour of DGP, J&K for advance drawal of ₹ 15.20 crore for purchase of 30 Medium BP vehicles to be placed at the disposal of CRPF subject to the condition that the purchase should be made on most economical rates, after ascertaining reasonability of rates and fulfillment of codal formalities from original manufactures.

Two firms[27] offered (February 2018) their rates for supply of 30 Medium BP vehicles. Instead of purchase of these Medium BP vehicles on most economical rates[28] offered

[24] At the rate of ₹ 56.32 lakh per vehicle with deduction of ₹ 9.83 lakh for late supply of vehicles.
[25] At the rate of ₹ 41.83 lakh per vehicle.
[26] 80 BP Gypsy, 30 Medium BP Vehicles and 15 Mahindra Vehicles.
[27] M/s Ashok Leyland Defence System Limited at the rate of ₹ 58.11 lakh per vehicle and M/s Tata Motors Limited at the rate of ₹ 50.12 lakh per vehicle.
[28] At the rate of ₹ 50.12 lakh per vehicle.

by M/s Tata Motors Limited, the PHQ, J&K placed (February 2018) order for supply of 26 Medium BP vehicles[29] with M/s Ashok Leyland Defence System Limited at higher rate (₹ 58.11 lakh) per vehicle and thereafter requested (April 2018) MHA, GoI to accord *post facto* sanction for purchase of these vehicles within the approved budget of ₹ 15.20 crore. MHA, GoI informed (April 2018) the DGP, J&K that purchase of vehicles of a particular make was discussed in SRE Standing Committee Meeting (February 2018) wherein it was decided that the GoJ&K should procure items as per their laid down procedures within the sanctioned amount by MHA, GoI. The DGP, J&K however, placed (February 2018) the orders at higher rates in favour of M/s Ashok Leyland Defence System Limited and made (June 2018) advance payment (90 *per cent* of the value of the supply order) of ₹ 13.60 crore to the firm. Thus, procurement of 26 Medium BP vehicles at higher rates by the PHQ, J&K resulted in extra expenditure of ₹ 2.08 crore.

After the matter was referred (June 2020) to the Government, the Department stated (August 2020) that the PHQ, J&K had purchased 26 Ashok Leyland Medium BP Bunker, BS IV as a proprietary item, on the recommendations of CRPF made on the basis of decision of their Board of officers and after approval of competent authority/ SLPC. The reply should be viewed in light of the fact that lowest rates offered by another reputed firm M/s Tata Motors Limited for similar type of Medium BP vehicles had been ignored by the Department and that recommendations of CPRF made at behest of decision of their Board, were neither on record nor produced with the reply.

C. Purchase of BP Vehicles

The GoI accorded (October 2017) sanction for procurement of 63 Bullet proof (BP) Bunker Vehicles at a cost of ₹ 22.05 crore and 100 Bullet proof (BP) Bunkers for Police stations at a cost of ₹ 50.67 crore under the project. The Home Department, J&K Government accorded sanction in favour of DGP, J&K subject to the condition that purchases should be made on most economical rates, after ascertaining reasonability of rates and fulfillment of codal formalities.

Audit scrutiny (September 2018 and September 2019) of records revealed the following:

For Medium BP vehicles, a rate of ₹ 58.11 lakh per vehicle was offered (February 2018) by M/s Ashok Leyland Defence System Limited and ₹ 50.12 lakh by M/s Tata Motors Limited. The Home Department, J&K accorded (March 2018) sanction for purchase of 38 BP Bunkers (Ashok Leyland Medium BP Vehicle) at a rate of ₹ 58.11 lakh per vehicle and released (March 2018) ₹ 22.08 crore to DGP, J&K. However, the funds lapsed at the end of financial year 2017-18 which were revalidated by the Home Department and released (March 2019) in favour of DGP, J&K. Thereafter, the PHQ, GoJ&K without obtaining offers from the registered manufacturers placed (February 2019) order for supply of 38 BP Bunkers at a rate of

[29] 4WD, BS IV, upgraded model 'Topchi' with 3,607 mm wheel base.

₹ 57.06 lakh per vehicle in favour of M/s Ashok Leyland Defence System Limited on the basis of proforma invoice (February 2019) of the firm. The PHQ, GoJ&K released (February 2019) advance (90 *per cent*) payment of ₹ 19.52 crore in favour of the firm.

Thus, by ignoring the offer of M/s Tata Motors Limited and instead procuring BP Bunkers from M/s Ashok Leyland Defence System Limited at higher rates, an additional expenditure of ₹ 2.64 crore had been incurred by the Department**.** After the matter was referred (June 2020) to the Government, the Department stated (August 2020) that PHQ, J&K had purchased 38 BP Bunkers from Original Equipment Manufacture (OEM), M/s Ashok Leyland Defence Systems Limited, Chennai, as a proprietary item, on reasonable/ tender approved rate and that due procedure was followed in the instant procurement. The reply should be viewed in light of the fact that offer of M/s Tata Motors Limited was not deliberated upon and purchases had been made at higher rates from M/s Ashok Leyland Defence Systems Limited.

II. For the purchase of 100 BP Bunkers for Police stations, the Home Department, GoJ&K accorded (January 2018) sanction for drawal of an advance of ₹ 50.67 crore by the DGP, J&K. The PHQ, J&K sought (January 2018) approval of MHA, GoI for the purchase of 94[30] BP Bunkers within approved budget of ₹ 50.67 crore which was not granted. However, the PHQ placed (February 2018) order for supply of 50 Medium Bullet Proof Vehicle (MBPV)[31] at a cost of ₹ 58.11 lakh per vehicle with M/s Ashok Leyland Defence System Limited, Chennai to be supplied within four months while no supply order was placed with M/s Tata Motors Limited. Thereafter, the PHQ, GoJ&K requested (April 2018) MHA, GoI to accord *post facto* sanction for purchase of these vehicles within the approved budget but the MHA, GoI informed (April 2018) that purchase of vehicles of a particular make was discussed (February 2018) in SRE Standing Committee Meeting wherein it was decided that State Government should procure items as per their laid down procedures within sanctioned amount by the MHA. The Home Department, J&K Government revised (June 2018) sanction to procurement of 50 Ashok Leyland Medium BP bunkers (at a rate of ₹ 58.11 lakh per vehicle) at a cost of ₹ 29.06 crore and supply order in favour of M/s Ashok Leyland Defence System Limited was partially modified (January 2019) by the PHQ for supply of vehicles at a rate of ₹ 57.06 lakh per vehicle. Thereafter, the PHQ released (January 2019) advance (90 *per cent*) payment of ₹ 25.68 crore in favour of the firm.

Thus, by procuring BP Bunkers from M/s Ashok Leyland Defence System Limited at higher rates, the Department had incurred an additional expenditure ₹ 3.47 crore. After the matter was referred (June 2020) to the Government, the Department stated (August 2020) that the PHQ, GoJ&K purchased the first lot of 50 BP Bunkers (out of 100) for Police Stations from M/s Ashok Leyland Defence Systems Limited Chennai, as a Proprietary item, on approved tender rate and that due procedure had been followed in the instant procurement. The fact remains that purchases were not made in

30 Tata Light Armoured Troop carrier: 50 and Ashok Leyland Medium BP Bunker: 44.
31 4WD BS-IV.

economical manner after ascertaining reasonability of rates by way of involving M/s Tata Motors who had offered rate of ₹ 50.12 lakh for the same vehicle.

Although the Department had taken the plea that MBP Vehicles are a proprietary item, the process of placing supply orders with both the firms was self-contradictory. Thus, considering the nature of urgency in such purchases, the Department may adopt a streamlined procedure, consistent with the objectives of High end security.

Jal Shakti Department

3.4 Comprehensive plan for Flood Management of River Jhelum and its tributaries, Phase I

3.4.1 Introduction

Srinagar city suffered record flooding in September 2014 as a result of abnormally high and widespread rainfall particularly in the southern part of the catchment area of River Jhelum. The area flooded was about 850 square Kms. In Srinagar, the floodwaters were about 1.5 metres above the river embankments and large parts of the city were inundated by water up to 6 metres. In order to avoid the immediate threat of floods from River Jhelum, the Department prioritised flood mitigation measures under the Project 'Priority Works Plan for Comprehensive Flood Management of river Jhelum and its tributaries: Phase I' which includes increasing capacity of the Flood Spill Channel (FSC) to discharge the flood water, dredging and construction of flood protection structures on river Jhelum. The main objective of the project was to minimise the flood damages in future through immediate measures.

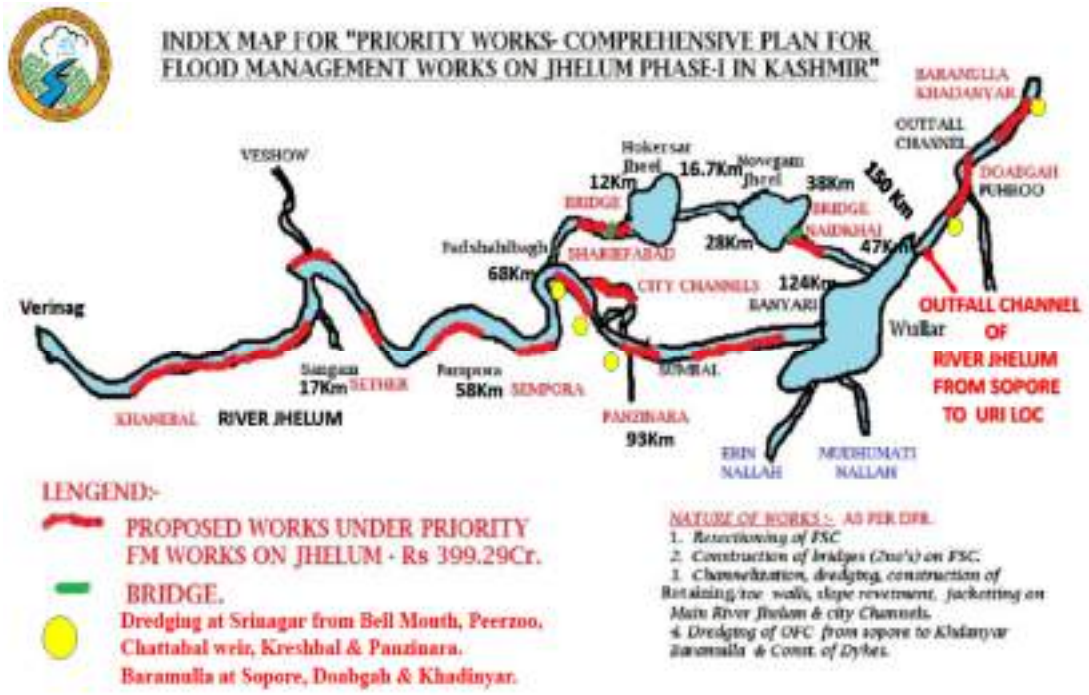
3.4.2 Phase I Project

The Project[32] sanctioned by the Government of India (GoI) in March 2016 at an estimated cost of ₹ 399.29 crore, aimed at increasing the carrying capacity of flood water through the Flood Spill Channel (FSC) and to ensure durability of banks of the river Jhelum, avoid immediate threat of flood and minimise flood damages in future. The major components of the project are as follows:

- Land acquisition for widening of the FSC at Shariefabad and Naidhkhai[33];
- Re-sectioning/ earth cutting of the FSC Channel at Shariefabad and Naidhkhai[34];
- Construction of two bridges on the FSC at Shariefabad and Naidhkhai[35];
- Dredging of river Jhelum in Stretches[36] at Srinagar and Baramulla; and
- Flood protection and Anti-erosion works on river Jhelum, construction of retaining/ toe walls and Gabion/ crate protection works at vulnerable spots

32 Project No. 61 of PMDP.
33 Estimated Cost of ₹ 142.33 crore.
34 Estimated Cost of ₹ 81.75 crore.
35 Estimated Cost of ₹ 35.29 crore.
36 Estimated Cost of ₹ 27.01 crore.

from Khanabal to Hajin including channelisation of outflow of city channels *Sunri* and *KutKul*[37].



(Source of Map: Executive Engineer Flood Spill Channel Division, Narbal)

3.4.3 Financial Management

The estimated cost of the project under the PMDP was ₹ 399.29 crore and the funding pattern under the Flood Management Programme (FMP) was in the ratio of 70:30 between the GoI and the GoJ&K respectively. After deducting an amount of ₹ 22.52 crore as auditing and other establishment charges, the net cost was ₹ 376.77 crore under the FMP, of which only the land acquisition component amount was ₹ 142.33 crore. The GoI share for the project was ₹ 234.44 crore. The year-wise position of funds released by the GoI/ GoJ&K *vis-a-vis* expenditure incurred against the Project during the period from 2015-16 to 2018-19 is given in **Table 3.4.1**.

Table 3.4.1: Fund position
(as on 31 March 2019)

(₹ in crore)

Year	Opening balance (GoI)	Amount sanctioned		Total funds available	Expenditure incurred			Unutilised balance (GoI share)
		GoI share	GoJ&K share		GoI share	GoJ&K Share	Total *(Percentage)*	
2015-16	-	20.68	35.33	56.01	Nil	35.33	35.33 *(63)*	20.68
2016-17	20.68	40.56	45.01	106.25	40.49	45.01	85.50 *(80)*	20.75
2017-18	20.75	92.06	Nil	112.81	75.30	-	75.30 *(67)*	37.51
2018-19	37.51	40.57	13.22	91.30	71.52	13.22	84.74 *(93)*	6.56
Total		**193.87**	**93.56**		**187.31**	**93.56**	**280.87**	

(Source: Statement of Chief Engineer, I&FC Department, Kashmir)

[37] Estimated Cost of ₹ 81.60 crore.

The **Table 3.4.1** indicates that out of total funds of ₹ 287.43 crore sanctioned by the GoI and the GoJ&K during the period from 2015-16 to 2018-19, an expenditure of ₹ 280.87 crore had been incurred on the project, as of March 2019. The percentage utilisation of available funds ranged between 63 and 93 during the years from the period 2015-16 to 2018-19. No share of the GoJ&K was released during 2017-18 and only ₹ 93.56 crore was released by the GoJ&K during 2018-19 without recording any reasons for the short release. Further, during the year 2019-20, an amount of ₹ 26.37 crore[38] was released under the project and an expenditure of ₹ 32.93 crore[39] was incurred by the Department.

After the matter was referred (June 2020) to the Government, the Chief Engineer, Irrigation and Flood Control (I&FC) Department, Kashmir stated (July 2020) that the total cumulative expenditure of the project ending March 2020 was ₹ 313.79[40] crore leaving a balance of ₹ 85.49 crore[41] as on 01 April 2020 and that central assistance was generally released at the fag end of the financial year, which resulted in less utilisation of funds.

3.4.4 Project execution

The execution of the project started during 2015-16 and was to be completed within two years by March 2017. However, the completion period was extended by the Department up to March 2019 on the grounds of unrest in the Kashmir valley in the immediate past six months and also due to the delay in release of assistance of the GoI.

The Chief Engineer (CE), Irrigation and Flood Control (I&FC) Department, Kashmir stated (July 2020) that vulnerability assessment had to be redone due to series of flash floods during the year 2015, which threw up more vulnerable spots requiring immediate attention and that these were executed and achievements shown by the Department were reflection of the work done.

The reply was not tenable as protection works to the extent of 6,431.34 RM[42] (42 *per cent*) at vulnerable spots of river Jhelum were not completed and deviation from the approved Detailed Project Report (DPR) was not got regularised from the Government of India (GoI).

3.4.5 Flood Management measures

Flood control measures were in the form of continuous maintenance and improvements of the FSC and the banks of River Jhelum. The significant findings are highlighted in the succeeding paragraphs.

---

38 GoI share: ₹ 20.29 crore and GoJ&K share: ₹ 6.08 crore.
39 GoI share: ₹ 26.84 crore and GoJ&K share: ₹ 6.09 crore.
40 GoI share: ₹ 214.15 crore and GoJ&K share: ₹ 99.64 crore.
41 GoI share: ₹ 20.29 crore and GoJ&K share: ₹ 65.20 crore.
42 RM: Running metre.

3.4.5.1 Flood Mitigation measures in Flood Spill Channel

The length of the FSC from its off take at Padhshahi Bagh, Srinagar upto its entry in Wullar Lake including the water bodies of Hokersar Jheel and Nowgham Jheel is 49 Kilometres (Kms). The FSC was built in the year 1904 to divert 8,000 cusecs of excess flood discharge from river Jhelum through Padshahi Bagh to Wullar Lake which again drains into river Jhelum at Sopore. The priority works undertaken under the project in the FSC, *inter-alia,* included land acquisition, re-sectioning/ earthwork cutting at RD[43] 6,055 metre to RD 11,947 metre and RD 38,068 metre to RD 39,860 metre, besides construction of bridges over FSC at Shariefabad and Naidhkhai. Re-sectioning of FSC at different sections were treated as per the provisions of approved DPR.

3.4.5.2 Flood spill channel

I. Land acquisition

Re-sectioning of the Flood Spill Channel (FSC) at various locations was critical item of work of the project. Land measuring 1,761 *kanals* and 13 *marlas* was to be acquired by the Department to facilitate this component of work. The Department could take possession of 1,683 *kanals* and 10 *marlas* land out of the required 1,761 *kanals* and 13 *marlas* land and acquisition of 78 *kanals* and 3 *marlas* of land (RD 39,443 metre to RD 39,824 metre i.e 381 metre) (4 *per cent*) was yet to be completed (September 2020).

Furthermore, 24 structures coming within the ambit of widening portion of FSC were not taken over/ dismantled by the Department. In addition to this, the detailed accounts of advance payment of ₹ 43.60 crore released (between March 2016 and March 2019) through the Collector for further disbursement to owners for compensation of land had not been obtained from the Revenue Department, as of September 2020. The mutation of land was not made in favour of the Department in the Revenue Records.

After the matter was referred (June 2020) to the Government, the Chief Engineer (CE), I&FC Department, Kashmir stated (July 2020) that bills for compensation of land acquisition were deposited into the concerned Treasury for payment to land owners but due to Covid-19 pandemic and instructions from the Finance Department, GoJ&K that bills should not be entertained till 30 June 2020, possession of land was delayed. Reasons for delay in acquisition of land were also attributed to holding of multiple Price Negotiation Committees (PNCs) during the period from March 2016 to March 2019 and non-availability of the Collector for some time.

The reply of the Department confirms the fact that land acquisition processes was not completed in a time bound manner.

Thus, re-sectioning of FSC remained incomplete as of September 2020.

[43] RD: Running Distance.

II. Shortfall in re-sectioning

Due to sedimentation and encroachments over the years, the capacity of the FSC had been reduced to 6,000 cusecs. In order to increase the flood water carrying capacity of FSC up to 8,700 cusecs, re-sectioning was required to be done at various sites. As against the target of 18.11 lakh cum of earth for excavation, 13.13 lakh cum of earth had been excavated, as of March 2019, resulting in shortfall in excavation of 4.98 lakh cum of earth (27 *per cent*).

Picture showing unexcavated portion of FSC at RD 38.068-39.860 on 28 December 2019

After the matter was referred (June 2020) to the Government, the CE, I&FC Department, Kashmir stated (July 2020) that land acquisition process was speeded up and considerable progress had been achieved since March 2019. As of July 2020, only 0.50 lakh cum and 1.50 lakh cum of earth was excavated from Shariefabad and Naidhkhai stretches, respectively. It was further stated that slippage was due to delay in PNCs which had to be done thrice for separate stretches during the period from April 2015 to March 2019, as the land owners were reluctant to accept the rates offered to them.

The reply confirms the delay in land acquisition, as well the target for balance quantity of earth excavation of 2 lakh cum could not be achieved even as of September 2020, thereby hampering the full utilisation of an enhanced carrying capacity of the re-sectioned FSC.

3.4.5.3 Bridges

As per the DPR of the project, a temporary road cutting across the FSC at Shariefabad (Running Distance (RD) 9.60 Km) was to be replaced by a bridge at an estimated cost of ₹ 20.56 crore. The construction of the bridge was entrusted to Jammu and Kashmir Projects Construction Corporation (JKPCC) in March 2017, which was to be completed by March 2019. The work of fabrication and assembling of trussed girders for spans P1 & P2 and construction of approaches for Shariefabad bridge was still under progress (September 2020).

Thus, due to non-completion of construction of the bridge the objective of increasing carrying capacity of flood waters at the Shariefabad site, could not be achieved.

After the matter was referred (June 2020) to the Government, the CE, I&FC, Kashmir stated (July 2020) that reason for delay in completion of bridge in the stipulated time, as per JKPCC was that procurement of structural steel and key construction material had put brakes on early completion of the bridges. It was further stated that Shariefabad bridge was completed to the extent of 90 *per cent* and would be launched in August 2020.

(Incomplete bridge over the FSC at Shariefabad 28 December 2019)

Since this work could not be completed, the existing temporary road at Shariefabad continued to obstruct the FSC. As a result, the waterway remained constricted at this site.

3.4.6 Flood Management measures in river Jhelum

The priority works identified under the project were based on improving existing flood water carrying capacity of River Jhelum downstream of Khanabal to the Outfall Channel (OFC) at Baramulla and included construction of toe protection/ retaining walls, Gabion/ crate work, revetment on river Jhelum from Khanabal to Baramulla.

The significant audit findings are highlighted in the succeeding paragraphs.

3.4.6.1 Dredging of River Jhelum

The contracts for dredging of river Jhelum as per the terms and conditions of the order of allotment provides for forfeiture of the entire performance bank guarantee/ security in the event of any breach of contract or failure to perform or observe any of the conditions of the contract by the firm. On completion of the entire work, the Performance Security was to be returned to the firm.

I. Bell mouth from Padhshahi Bagh Srinagar to Panzinara

The dredging of seven lakh cum of bed material from Bell mouth (off take point of FSC at Padhshahi Bagh Srinagar) to Panzinara (6.07 Km) in the river Jhelum was awarded (May 2016) to a contractor[44] by the CE, I&FC Department, Kashmir on the recommendations of the State Level Contract Committee (SLCC) at a cost of ₹ 20.23 crore, with stipulated date of completion as January 2017.

[44] M/s Reach Dredging Ltd., Kolkata.

A. According to the terms and conditions of the contract, the firm was required to dredge out seven lakh cum of river bed material from six different sites. The contractor dredged out only 0.84 lakh cum bed material (12 *per cent*) of total quantity allotted up to January 2017 and thereby attracted the forfeiture of the performance guarantee as per the terms and conditions of the contract. However, CE, I&FC Department, Kashmir in a SLCC meeting held on 10 October 2017 proposed for shifting of the dredging sites to other spots outside the scope of DPR.

This was, however, not agreed to by the SLCC[45] instead, the SLCC directed the CE, I&FC Department, Kashmir to put on notice the contractor firm to honor the contractual obligations and to also extend the period of completion of contract up to March 2018 on the same terms and conditions, as in the original contract. However, even in the extended period dredging of only 5.015 lakh cum of bed material, which is 72 *per cent* of allotted quantity was achieved. The performance bank guarantee, however, was not invoked by the Department.

The Contractor continued to dredge beyond March 2018 to the extent of 1.85 lakh cum of river bed material for which payment of ₹ 5.34 crore[46] was also made. The Contractor dredged out bed material aggregating 6.86 lakh cum (98 *per cent*) for which payment of ₹ 19.81 crore was made during August 2016 to February 2019.

After the matter was referred (June 2020) to the Government, the CE, I&FC, Kashmir stated (July 2020) that the Cabinet Sub-Committee under the Chairmanship of the then Chief Minister, had directed (May 2017) to continue work without formal extension of the contract and thus, there was no reason for forfeiture of performance guarantee and that there was no pending claim against the work.

The reply was not tenable as there was less execution of work even in the extended period of contract March 2018, which attracted forfeiture of bank performance guarantee in light of the provisions of terms and conditions of contract.

Thus, the contractor was extended undue benefit as well had no compulsion imposed on him to complete the work expeditiously, as was required under this project.

B. Audit further noticed that the contractor did not carry out dredging as per the targets fixed at critical locations was as shown in the following **Table 3.4.2**.

[45] In its meeting held on 10 October 2017.

[46] ₹ 4 crore in July 2018 and ₹ 1.34 crore in February 2019.

Table 3.4.2: Dredging of river Jhelum

(In cum)

	Total	**7,00,000**	**6,86,532**	**58,067**	**71,535**

(Source: Documents obtained from EE, I&FC Division, Srinagar)

Though the overall achievement of dredging of river bed material was 6.86 lakh cum (98 *per cent*) against target of 7 lakh cum, the dredging was not carried out as per the requirements fixed at six sites. In fact, 0.58 lakh cum extra bed material was dredged out at three[47] sites on the other hand, no dredging at all was carried out at one site[48] and at two sites[49] less dredging was done. Consequently, a total of 0.72 lakh cum (ten *per cent* of estimated removal through dredging) of river bed material was not dredged at these three sites. Also the SLCC observed[50] that if the allotted stretches are not dredged, these stretches may be exposed to the progressive silt deposition overtime leading to high probability of inundation of low lying surrounding areas along with these stretches during the incidence of floods.

The CE, I&FC Department, Kashmir has not furnished any specific reply.

Thus, the execution of the work was not as per the terms and conditions of the contract besides would limit the efficacy of the dredging works in river Jhelum for increased flow as was also observed by the SLCC.

II. Sopore to Sheeri Baramulla

The work of dredging of river Jhelum from Sopore to Sheeri Baramulla (Out Fall Channel) was allotted to a Contractor[51] in November 2016 at a cost of ₹ 26.77 crore and letter of intent was issued on 16 January 2016 with the completion period of 20 months (15 September 2017). As per the terms and conditions of the contract, the Contractor was required to dredge out 9.15 lakh cum of river bed material and in the event of any breach of contract or failure to perform or observe any of the conditions of the contract, entire performance bank guarantee was to be forfeited.

The contractor dredged out only 4.20 lakh cum (46 *per cent* of allotted quantity) of river bed material up to September 2017. The SLCC[52] asked the CE, I&FC Department, Kashmir to get the work completed through the contractor and extend the date of completion. The CE I&FC, Kashmir extended the date of completion from September 2017 to March 2018. Despite, the extended date of completion, the

47 Sl. No 1, 3 and 4 of Table 3.4.2.
48 Sl. No. 2 of Table 3.4.2.
49 Sl. No. 5 and 6 of Table 3.4.2.
50 In its minutes of meeting on 10th of October 2017.
51 M/s Reach India Limited.
52 In its minutes of meeting of 10 October 2017.

Contractor dredged out only 7.41 lakh cum of bed material (81 *per cent*) thereby 1.74 lakh cum of river bed material (19 *per cent*) remained undredged. The Contractor was paid ₹ 21.66 crore during the period from 2016 to March 2019. The Department did not forfeit performance bank guarantee available with it for failure to complete allotted work by March 2018 as per terms and conditions of the contract and instead released the full amount to the contractor in May 2018.

After the matter was referred (June 2020) to the Government, the CE, I&FC Department, Kashmir stated (July 2020) that the target in terms of quantity was based on preliminary DPR level assessment on the basis of which tenders were invited and during execution detailed survey was conducted and actual requirement worked out and that in some cases locals did not allow dredging for fear of weakening of embankments which also affected progress. It was further stated that desired objective of removing bottleneck and facilitating quick drainage of flood water had been substantially achieved and as such there was no reason to forfeit performance bank guarantee of the contractor.

The reply was not tenable as sections do remain in the river due to non-dredging of 1.74 lakh cum of river bed material, which would limit the desired speed of flow.

III. Clearance of bottlenecks at different sites

The DPR of the Phase I envisages the clearance of bottlenecks at various spots in order to increase the carrying capacity of flood water of river Jhelum. Two spots were identified at RD 50.130 Km to 50.380 Km and RD 7.070 Km to 8.060 Km where 2.02 lakh cum of river bed material was to be dredged out as per the details given in the **Table 3.4.3**. Only 11,698 cum (8 *per cent*) of the targeted 1.42 lakh cum was dredged from Khanabal to Kadalbal, Pampore (August 2019) and no dredging was done against the target of 0.60 lakh cum from Sether to Sempore, Pampore (July 2019).

Table 3.4.3: Status of dredging works

(In cum)

Sl. No.	Description of site	Target	Achievement	Shortfall (*Per cent*)
1.	Dredging of River Jhelum from Sether to Sempore, Pampore from RD 50.130 Km to 50.380 Km at Galandhar (July 2019)	60,000	Nil	60,000 (100)
2.	Dredging/ deepening/ widening of River Jhelum from Khanabal to Kadalbal, Pampore from RD 7.070 Km to 8.060 Km (August 2019)	1,42,000	11,698	1,30,302 (92)
	Total	**2,02,000**	**11,698**	**1,90,302**

(Source: Departmental records of Field offices of I&FC Department)

Only 11,698 cum of river bed material was dredged out against the targeted 2.02 lakh cum leaving 94 *per cent* of work not executed at the identified spots, in river Jhelum thereby flood threat was only partially mitigated.

The CE, I&FC Department, Kashmir stated (July 2020) that dredging had been carried out as per recommendations of Central Water and Power Research Station (CWPRS) which advised against dredging in head reaches as the same would be counter productive.

The reply is not tenable as dredging was to be done from Sether to Sempore, Pampore and Khanabal to Kadalbal which lie at middle sectors of river Jhelum and not at head reaches.

3.4.7 Execution of protection works

Protection works including laying of piles, preparing slope of bunds, retaining walls etc., were to be executed by three Divisions under this project for an estimated cost in DPR/ allotted cost of ₹ seven crore, where excess expenditure of ₹ 4.96 crore (September 2020) was incurred as indicated in **Table 3.4.4**. These additional items of works, especially for laying of Geo-synthetic bags resulted in extra cost being incurred by the executing Divisions, without approval of the competent authority.

Table 3.4.4: Excess expenditure on execution of extra items of works

(₹ in crore)

Name of the executing Division	Spots/ Sites of execution of works	Period	Estimated DPR cost	Expenditure incurred	Excess Expenditure	Remarks
I&FC Division, Sumbal	RD 105.462 Km to RD 109.356 Km and RD 112.791 Km to RD 115.314 Km (at Pandaboni and Bagnitar)	March 2017 to March 2019	4.29	7.69	3.40	Excess expenditure incurred on items not provided in original DPR including utilisation of Geo-synthetic bags and pile works at Pandaboni as per design obtained from NIT Srinagar.
FC Division, Anantnag	RD 0 to 14,880 metres (Upstream and downstream of Khanabal bridge and Padshahi Bagh)	March 2017 to March 2019	2.07	2.87	0.80	Excess expenditure was booked due to increase in height of retaining wall which was beyond the scope of the original DPR of the project.
I&FC Division, Srinagar	Spot 3 and 4 at Kursoo Rajbagh	March 2017 to March 2019	0.64	1.40	0.76	Excess expenditure booked due to increase in height of retaining wall and execution of additional quantities of concrete by way of providing of raft to address capacity issues which were not provided in DPR of the project.
	Total		**7.00**	**11.96**	**4.96**	

(Source: Information received from I&FC Divisions; Sumbal, Anantnag and Srinagar)

The CE, I&FC Department, Kashmir stated (July 2020) that due to site conditions the scope of work such as increase in height of retaining wall and additional quantities of concrete/ earthwork etc. was changed and therefore, the quantities for work done increased. Besides, the use of Geo-synthetic bags was resorted to being modern

innovation for these kinds of works, where time was of essence, resulting in extra expenditure.

The reply was not tenable as the bulk of extra expenditure was due to the use of Geo-synthetic bags, especially not being included in the DPR of the project and not suitable for river training purposes.

3.4.8 Other interesting points

In additions to the observations common to various projects highlighted in the earlier paragraphs, the other observations of general nature specific to sub-projects or group of sub-projects are discussed in the following paragraphs.

3.4.8.1 Sanction of estimates

For execution of works, the field Divisions prepare estimates and these estimates are sanctioned by the competent authority as per the delegation of powers[53]. Audit examination of records of five Divisions[54] revealed that in respect of 68 works out of 98 estimates examined, the original allotted cost of ₹ 19.81 crore was revised to ₹ 35.60 crore through extensions. The range[55] of the excess of ₹ 15.79 crore over original/ allotted cost of work was 26 *per cent* to 298 *per cent,* during the period 2016-17 to 2018-19.

It was also observed that the excess over original/ allotted cost was beyond the powers of the Departmental Officers. As a result, the possibility of splitting of the estimates cannot be ruled out and thereby the necessary scrutiny at appropriate levels did not take place.

The Chief Engineer, Irrigation and Flood Control Department, Kashmir stated (July 2020) that works were mostly of protection/ restoration nature where weak or breached spots were to be strengthened and plugged and that it was not possible or practicable to wait for tendering process to execute these works for fear of widening of damages which would compromise security and safety of habitation residing near these damaged embankments and as such the existing contract was extended to cover entire damages.

The reply is not acceptable as though the works were stated to be urgent, but the fact remained that excess over the allotted cost was done beyond the financial powers of the respective officers.

3.4.8.2 Irregular execution of works

(I) In order to ensure the competitiveness and transparency in the execution of works, the Divisional authorities were required to invite tenders for each work. However,

---

53 In case of EEs and SEs: Within the limit of 5 *per cent* of the sanctioned estimates provided the amount does not exceed the limit of their powers to sanction estimates technically. Chief Engineer: Up to limit of 5 *per cent* of the amount of the original estimates as per Rule 5.11, Book of Financial Powers of J&K.

54 (i) FSC Division, Narbal; (ii) I&FC Division, Sumbal; (iii) I&FC Division, Srinagar; (iv) FC Divisions, Kakapora; and (v) FC Division, Anantnag.

55 51 works with excess in the range of 26 to 100 *per cent* and 17 works excess in the range of 101 to 298 *per cent*.

two[56] Divisions executed 116 works without inviting tenders which was in contravention of the financial rules. These works were routine in nature including construction of paths, toe walls and other strengthening works of embankments/ bunds. Thus, an expenditure of ₹ 3.99 crore incurred on the works during the period 2016-19 was irregular.

The Chief Engineer, Irrigation and Flood Control Department, Kashmir stated (July 2020) that sometimes situation arise when the Department could not wait for execution of works in normal mode of tendering and under compulsion has to resort to departmental execution and that the Divisions had executed urgent nature of works to prevent damages to life and property and also provide immediate relief. The reply is not tenable as the works executed were not emergent in nature, therefore the extant rules under Financial Code Volume I were required to be followed.

(II) Rule 9-3 of the J&K State Financial Code provide for obtaining of administrative approval and technical sanction before taking up works for execution.

Audit examination of records of six executing Divisions, entrusted with execution of priority works, revealed that 185 works on river Jhelum were executed during the period 2015-19 in anticipation of administrative approval and technical sanction and an expenditure of ₹ 100.18 crore had been incurred.

The CE, I&FC, Kashmir stated (July 2020) that the project had been approved and funds released by the GoI and as such it might be construed that administrative approval was given by the GoJ&K. Though, it was acknowledged that technical sanction was to be accorded before start of work but the condition had not been met and that procedural lapses by certain divisions need to be condoned in view of urgent nature of works executed to prevent damage to life and property.

The reply is not tenable as works have to be executed only after administrative approval and technical sanction is accorded.

3.4.8.3 Carriage of earth from FSC to dumping sites

The Executive Engineer, FSC Division, Narbal incurred an expenditure of ₹ 3.77 crore during March 2016 to March 2018 on carriage of 3.20 lakh cum of excavated earth on spots between RD 6,554 metre and RD 38,818 metre for de-silting of Flood Spill Channel, Narbal for smooth and uninterrupted flow of flood water. Since the pre-natural surface level and post-natural surface level[57] of site where the excavated material was dumped was not recorded therefore, the expenditure of ₹ 3.77 crore incurred on carriage of earth from FSC to dumping site, could not be verified in Audit (July 2020).

After the matter was referred (June 2020) to the Government, the CE, I&FC, Kashmir stated (July 2020) that both pre-natural surface level and post natural surface level of

[56] (i) FC Division, Anantnag: ₹ 65.83 lakh (8 works) (ii) I&FC Division, Srinagar: ₹ 3.33 crore (108 works).

[57] Pre-natural surface level is the ground level of dumping site before dumping the excavated material. post-natural surface level is such surface level of ground when excavated material is dumped at the site and new surface level emerges.

dumping sites had been recorded and were available with the divisional office but being of voluminous nature these had not been attached with the works register. The earth obtained from excavation was partly dumped in embankment for raising of bunds and surplus earth was carried to designated sites for which pre and post dumping cross-sections were maintained/ recorded and updated constantly. The reply was not tenable as supporting documents indicating pre and post cross sections of dumping sites and carriage details of earth from source to stocking site were not provided to Audit.

3.4.8.4 Misappropriation of funds

An amount of ₹ six lakh was drawn by the Executive Engineer, Irrigation and Flood Control Division, Sumbal in March 2017 without any documentary evidences/ voucher passed. On verification from the office of the Accountant General (A&E), J&K, Srinagar, it was noticed (June 2019) that a voucher worth ₹ 8,600 for maintenance of photocopier in place of drawn amount of ₹ six lakh was submitted alongwith the monthly account. The misappropriation of funds was facilitated due to lack of proper internal control and monitoring mechanism and evident negligence of the Drawing and Disbursing Officer to check correctness of bills or to get these verified in accordance with standing Financial Rules.

After being pointed out (June 2019) in Audit, the Executive Engineer, I&FC Division, Sumbal admitted the irregularity and recovered ₹ 5.94 lakh (exclusive of one *per cent* labour cess) from the concerned official. Audit also noticed (June 2019) that in Flood Control Division, Anantnag ₹ 0.59 lakh was drawn in favour of M/s Sky Tech, Srinagar for drafting of encroachment details twice (in January 2019 and in March 2019). After being pointed out in audit, the Executive Engineer admitted (July 2019) irregularity and recovered (November 2019) excess amount of ₹ 0.59 lakh from the firm.

After the matter was referred (June 2020) to the Government, the CE, I&FC, Kashmir stated (July 2020) that misappropriated amounts were recovered and action against the official of I&FC Division, Sumbal had been initiated. It was also stated that directions had been issued to all Divisions/ Establishment sections to take utmost care while spending public funds.

3.4.9 Absence of Quality assurance mechanism

Quality assurance is a way of preventing mistakes and defects in manufactured products and avoiding problems when delivering products or services to consumers. It refers to the management of the quality of raw materials, assemblies, products and components, services related to production and inspection process. The material used for construction of irrigation structures was required to be tested to ensure quality standards. Also, the bunds raised were to be subjected to Proctor density tests[58]. Audit

[58] Proctor density tests is a compaction test of soil in which in a laboratory the optimal moisture content at which a given soil type will become most dense and achieve its maximum dry density is verified.

noticed (between May 2019 and December 2019) that five[59] implementing divisions had not developed any mechanism for ensuring quality assurance before releasing payment in respect of work done claims. In the absence of any mechanism of carrying out tests of materials like testing of geo-textile bags, cement and iron, execution of sub-standard priority works could not be ruled out. Also, the structures constructed under priority works of the Project were not got tested at any stage.

After the matter was referred (June 2020) to the Government, the CE, I&FC Department, Kashmir stated (July 2020) that the Department is very old and over the period of time evolved a robust mechanism for assuring adherence to quality standards. While key construction material was procured generally through Steel Authority of India Limited and J&K Cements Limited who had stringent quality controls, field tests like density etc. were being conducted as per requirement. The reply should be seen in light of the fact that the executing Divisions had no mechanism for carrying out tests of materials and even geo-synthetic bags which were utilised first time by the Department were not tested at any stage.

Dredging works form a critical component of this project and significant shortfalls in quantities required to be dredged at identified sites increases the probability of progressive silt deposition over time and reducing the carrying capacity of the river Jhelum, consequential inundation of surrounding areas during floods, negating the gains achieved by dredging.

The Department should ensure that the shortfalls in terms of dredging works are made good at least in the Phase II of this project.

Planning Development and Monitoring Department

3.5 Permanent restoration of damaged infrastructure

3.5.1 Introduction

The Project 'Permanent Restoration of Damaged Infrastructure' was sanctioned (October 2016) by the Government of India (GoI) under the Prime Minister's Development Package (PMDP) at a cost of ₹ 2,000 crore for restoration of infrastructure damaged due to floods of September 2014. Under this Project[60], 22 Departments/ Agencies of the GoJ&K had been provided funds for execution of various works/ schemes for restoration of damaged infrastructure under their control. The Project was monitored by the Planning, Development and Monitoring Department (PD&MD), of the GoJ&K. Sanction order for a total amount of ₹ 1,263.34 crore was received during the period from 2016-17 to 2018-19. The GoI released ₹ 1,178.34 crore[61] for the project during the above period, against which ₹ 915.17 crore (78 *per cent*) was utilised as of 31 March 2019. The details of the funds approved, sanctioned and utilised by 22 Departments/ agencies of the GoJ&K for the project is given in ***Appendix 3.5.1***.

[59] (i) I&FC Division, Srinagar (ii) I&FC Division, Sumbal (iii) I&FC Division, Baramulla (iv) FC Division, Anantnag and (v) FC Division, Kakapora.

[60] Project no. 29 of PMDP.

[61] 2016-17: ₹ 1,093.34 crore and 2018-19: ₹ 85 crore.

Seven[62] out of 22 Departments/ Agencies were selected for audit on the basis of funds sanctioned, expenditure incurred as well as number of works taken up for execution. The sampled Departments executed 9,076 works, out of which 6,710 works (74 *per cent*) were selected in Audit as indicated in the **Table 3.5.1**. A total amount of ₹ 1,044.19 crore (89 *per cent*) was released to the selected Departments out of which an expenditure of ₹ 875.98 crore (84 *per cent* of sanctioned amount) had been incurred ending 31 March 2019.

Table 3.5.1: Status of works selected as on March 2019

(₹ in crore)

Sl. No.	Name of the Department	Funds sanctioned	Expenditure incurred (*per cent*)	Number of works/ schemes to be executed	Audit sample (No. of Works) (*per cent*)	Physical Achievement (Works completed)	Percentage (Works completed)
1.	Public Works (R&B)	415.00	377.41 *(91)*	1,002	709 (71)	701	99
2.	Irrigation & Flood Control[63]	252.16	219.46 (87)	4,822	3,709 (77)	3,709	100
3.	Industries & Commerce	149.96	147.01(98)	36	36 (100)	36	100
4.	School Education	100.22	22.88 (23)	760	718 (93)	421	59
5.	Public Health Engineering (PHE)	53.64	51.82 (97)	2,412	1,500 (62)	1,500	100
6.	Higher Education	50.00	35.58 (71)	16	10 (63)	02	20
7.	Estates	23.21	21.82 (94)	28	28 (100)	28	100
	Total	**1,044.19**	**875.98**	**9,076**	**6,710**	**6,397**	

(Source: Monitoring Report on PMDP 2015 as of 31 March 2019 and also Departmental figures)

As on September 2020, an expenditure of ₹ 926.35 crore was incurred by these seven selected Departments and 6,515 works had been completed against 6,710 works under the project.

Audit findings

Audit findings common across seven selected Departments are discussed in the following paragraphs.

3.5.2 Diversion of funds

The Government Order issued (December 2016) for PMDP by the Planning and Development Department, GoJ&K stated[64] that funds allocated under the project were to be utilised for specific purposes and cannot be re-appropriated/ diverted. In four Departments, it was noticed that a total amount of ₹ 29.29 crore was diverted on items/ activities which were not part of the project for which specific amount was sanctioned, as given in ***Appendix 3.5.2***.

The Government may fix responsibility and take appropriate action against officials responsible for diversion of funds.

Project Implementation

3.5.3 Execution of works without administrative approval and technical sanction

The seven selected Departments had executed 5,707 works (63 *per cent*) out of total 9,076 works without the Administrative Approval (AA) and Technical Sanction (TS) of the competent authority, on which a total expenditure of ₹ 610.85 crore was

62 Estates, Higher Education, Industries & Commerce, Irrigation & Flood Control, PHE, Public Works (R&B) and School Education.

63 Including ₹ 2.50 crore sanctioned for Flood protection works.

64 Condition (iv) of the Government Order issued (December 2016).

incurred during the period from 2014 to 2019, details of which are given in ***Appendix 3.5.3***.

In reply the Department(s) stated the reasons to be (i) emergency nature of works, (ii) presumption that the Administrative Approval (AA)/ Technical Sanction (TS) is already accorded (though actually it was not), (iii) inclusion of works in approved action plans were construed by the department as requisite approval etc.

The replies are not tenable as it was negligence on part of the Department(s) to execute works without obtaining the AA and TS.

The Government may fix responsibility in respect of execution of works without obtaining the AA and TS.

3.5.4 Execution of works without invitation of tenders

Four Departments had executed 5,285 works involving an expenditure of ₹ 328.88 crore without invitation of tenders, as detailed in ***Appendix 3.5.4***, in violation of instructions contained in the sanction orders.

In reply, it was stated that:

- The works had been executed without invitation of tenders on reasonable rates on urgent basis (I&FC Department);
- The works had been executed without invitation of tenders for immediate restoration of utilities on reasonable market rates prevailing at that time (PHE Department);
- As per the directions of Higher Authorities and Public Representatives on approval basis {PW (Roads and Buildings) Department}; and
- Works in some cases were allotted to the contractors of other projects in view of urgency (Industries and Commerce Department).

The replies are not tenable as the Department(s) failed to follow the Codal provisions and in turn could not ensure that the works were awarded at the most competitive rates.

The Government may fix responsibility in respect of execution of works without invitation of tenders.

3.5.5 Clearance of pending claims

As per condition (i) of sanction order (February 2017), the executing agency was required to ensure payment to be booked for those State Disaster Response Fund (SDRF) works which were executed during September 2014 floods and no other liability of prior or post September 2014 floods was to be cleared from the funds released. However, it was observed (May 2019 to November 2019) that:

- In the I&FC Department, six[65] executing Divisions had utilised ₹ 52.21 lakh on payment of liabilities created during May 2012 and August 2014 prior to floods of

[65] Flood Control Divisions: Akhnoor (₹ 1.37 lakh), Kathua (₹ 21.93 lakh), Jammu (₹ 6.18 lakh), Irrigation and Flood Control Divisions: Poonch (₹ 8.64 lakh), Rajouri (₹ 4.72 lakh) and Irrigation Division-II, Jammu (₹ 9.37 lakh).

September 2014 on account of procurement of material/ works completed prior to floods.

The Joint Director (Planning), PD&MD stated (August 2020) that some of the liabilities pertain to procurement of material prior to September 2014 which had been utilised for restoration of public infrastructure damaged due to floods of September 2014 and remaining liabilities were reflected in the damage reports.

The reply is not tenable as material worth ₹ 21.93 lakh had been utilised for pre-existing works and works costing ₹ 28.75 lakh had been executed prior to floods, for which only liability was pending.

- Six executing Divisions[66] of Public Health Engineering, Department had utilised ₹ 6.96 lakh on payment of liabilities of 10 works executed during October 2012 to August 2014, prior to the floods of September 2014.

The Joint Director (Planning), PD&MD accepting the audit observation stated (August 2020) that expenditure was incurred to clear previous claims of the contractor on Water Supply Scheme, Rakiban for which litigation was filed in the Labour Court whereas the Executive Engineers (EEs) of five Divisions accepting the audit observation stated (July 2019 to November 2019) that payment was made keeping in view the pressure from contractors.

3.5.6 Incorrect projection of work done

- The Chief Engineer, PW (R&B) Department, Jammu forwarded (April 2016) to the Commissioner Secretary, PW(R&B) Department, a statement of work done claims amounting to ₹ 155.47 crore in respect of 276 roads for sanctioning of funds under the project. The statement included work done claims of ₹ 4.57 crore in respect of eight works[67] pertaining to four[68] Divisions. However, these eight works in actual were awarded for execution between May 2016 and March 2017 after furnishing of statement of work done claims to higher authorities in April 2016.

The Chief Engineer, PW (R&B) Department, Jammu stated (August 2020) that work wise action plan of macadamisation[69] of roads for ₹ 200 crore was submitted (February 2016) for approval and accordingly, the Administrative Department released work-wise funds.

---

66 PHE Divisions: Baramulla (₹ 0.25 lakh), Bijbehara (₹ 1.19 lakh), Kulgam (₹ 2.14 lakh), Qazigund (₹ 0.90 lakh), Rajouri (₹ 1.03 lakh), and PHE Hydraulic Division, Uri (₹ 1.45 lakh).

67 (1) Main Road Trikuta Nagar including allied links (2) Road from Macca Masjid and Main Road Gulmarg Colony including allied links (3) (i) Satwari to Technical Gate (Double Lane : 400 Mtrs) (ii) Technical Gate to MH Gate (Double Lane: 600 Mtrs), (iii) Satwari Chowk to Manik Shah Chowk (Three Lane: 650 Mtrs) (iv) Manik Shah Chowk to Technical Gate (Three Lane: 550 Mtrs) (4) Kullian Laswara road including link road to Draptha Village (50 mm thick BM +25 mm thick SDBC) (5) City Road in Jammu West Constituency (a) Rehari Chungi to Patoli via Sarwal (b) Rehari Chungi to Patoli via Subash Nagar and Toph Chowk (c) Subash Nagar to Shiv Nagar (d) Rehari colony to Shakti Nagar via Rajpura (e) Patoli Chowk to Paloura Chowk (f) Main Bakshi Nagar Road (g) Rehari Colony to Maheshpura Chowk via Baby Caterers (h) Canal head to Toph Bridge via A.G. Office including road Toph Chowk via Best price (6) Kamini mohalla Nagrota (7) Ghagwal Town road, Ghagwal Rajpura Road (3.00 km Double lane and 4.50 km Single lane) and Ghagwal - Raghu Chak Malani road and (8) Dayalachak-Hiranagar-Jandi road (single lane).

68 Construction Division (CD I), Jammu (4), CD II, Jammu (2), Kathua (1) and Samba (1).

69 To pave by laying and compacting successive layers of broken stone, with water, asphalt or hot tar.

The reply however, does not address the issue of projecting the works not actually done, as completed.

- An amount of ₹ 11.26 crore was sanctioned (August 2016 and March 2017) to I&FC Division, Poonch for 159 works executed after the floods of September 2014 to clear the outstanding liabilities. Of this, payment of ₹ 2.23 crore was made for 61 works which were, however, executed between August 2016 and March 2018 after the receipt of funds incorrectly projected as having been executed.

The Joint Director (Planning), PD&MD stated (August 2020) that 61 works were in continuation to 98 works already completed.

The reply is not acceptable as funds were sanctioned for clearance of work done claims and the Division had taken up execution of 61 works which were distinctly executed only after the receipt of funds.

The Government may fix responsibility in respect of irregular execution of works under this project.

3.5.7 Delay in completion of works

I. The Notice Inviting Tender (NIT) issued by the Directorate of Rashtriya Madhyamik Shiksha Abhiyan, GoJ&K, envisaged imposition of penalty up to 10 *per cent* of total allotment if works were not completed in time. Three[70] Divisions had taken up 65 works[71] at an approved cost of ₹ 7.92 crore during October 2017 to May 2018 with completion period of 30 days to 90 days. However, the contractors did not adhere to timelines in completion of works and instead completed these works, with delays ranging between 22 and 493 days (38 works were delayed for more than 90 days). The Department failed to invoke the penalty clause for the delay in completion of works.

The Joint Director (Planning), PD&MD stated (August 2020) that in some cases delay had occurred in completion of works due to climatic considerations coupled with unrest which prevailed for some months.

The reply is not tenable as these were repair works and not original works for which short period of working season was required.

II. In Higher Education Department, the work of 'Construction of library cum PG Block at S.P. College Srinagar' was allotted (February 2017) to a contractor at a cost of ₹ 3.29 crore. The contractor was required to start the work within one week. However, the contractor started the work in January 2018 after 11 months from the date of award of the contract. No action was taken against the contractor for delayed start of work as no provision of penalty etc. had been incorporated in the contract by the Department.

[70] Construction Division IV Jammu, Construction Divisions I and II, Srinagar.
[71] Completed works: 30 and ongoing works: 35.

The reply (August 2020) of the Department did not specifically mention the reasons for delay in start of the work, rather gave reasons for delay in the award of work.

Public Works (R&B) Department

3.5.8 Execution of road works

In eight[72] out of 19 selected Divisions in the PW (R&B) Department, GoJ&K, the road length executed in respect of 153 works was not in consonance of the targeted road length as indicated in **Table 3.5.2**.

Table 3.5.2: Target and achievement of road length as on March 2020

Sl. No.	Deviation in execution	No. of Divisions	No. of works	Target length for repairs as per Action Plan (Km)	Actual length of repairs executed (Km)	Excess (+)/ Short (-) (Km)
1.	Excess	7	59	331.68	476.49	(+) 144.81
2.	Short	7	89	813.07	390.85	(-) 422.22
3.	Non-execution	3	5	14.75	Nil	(-) 14.75

(Source: Progress reports of Executing Divisions)

As indicated in **Table 3.5.2**, the following deviations were noticed in 153 works for execution of repairs:

- In case of 59 roads in seven Divisions, where excess road length of a total of 144.81 KM[73] was executed as of March 2020, it was mainly due to allotment of additional works on approval/ agreement basis on directions of local MLAs/ higher authorities without entering into tendering process.
- In case of 89 roads in seven Divisions where there was a shortfall of 422.22 KM[74] road length repaired, the roads were shown completed as per Utilisation Certificate (UC) submitted by Public Works (R&B) Department, GoJ&K but were shown incomplete in the Monthly Progress Report. The figures recorded in the UC were inflated, accordingly.

As there is a mismatch between the progress and expenditure incurred, it needs to be investigated and responsibility needs to be fixed.

- In the case of five roads in three Divisions, with a total road length of 14.75 KM[75] on which expenditure of ₹ 1.59 crore[76] (March 2020) was incurred but shown as not executed at all (March 2020). The funds stated to have been spent, had been diverted for other activities/ items not related to the project.

---

72 (i) Basohli, (ii) CD-I Jammu, (iii) CD-II Jammu, (iv) CD-III Jammu, (v) Kathua, (vi) Katra, (vii) Samba and (viii) Udhampur.

73 (i) CD-I Jammu: 15 works (27.40 KM), (ii) CD-II Jammu: 18 works (34.86 KM), (iii) CD-III Jammu: 03 works (5.63 KM), (iv) Kathua: 11 works (55.50 KM), (v) Katra: 01 works (02.30 KM), (vi) Samba: 02 works (09.00 KM) and (vii) Udhampur: 09 works (10.12 KM).

74 (i) Basohli: 02 works (5.50 KM), (ii) CD-I Jammu: 39 works (190.80 KM), (iii) CD-II Jammu: 17 works (114.70 KM), (iv) CD-III Jammu: 04 works (04.36 KM), (v) Katra: 13 works (21.26 KM), (vi) Samba: 09 works (57.20 KM) and (vii) Udhampur: 05 works (28.40 KM).

75 (i) CD-I Jammu: 03 works (11 KM), (ii) CD-III Jammu: 01 works (01.25 KM), (iii) Kathua: 01 work (2.50 KM).

76 Liabilities of old works: ₹ 2.73 lakh, Other works: ₹ 153.59 lakh, Irregular purchase of material: ₹ 2.20 lakh, Irregular purchase of stationery: ₹ 0.28 lakh.

- The Planning Development and Monitoring Department, GoJ&K had released ₹ 7.21 crore during 2016-17 for a total 33 Macadamisation works[77]. These were not executed as of March 2020, for which no reasons were on record.

The Joint Director (Planning), PD&MD, while accepting the observation stated (August 2020) that the concerned Executive Engineers had informed that efforts were being made for completion of projects and that extra road lengths were executed on the basis of on spot directions of public representatives/ higher authorities.

As the additional works on the roads were executed without invitation of tenders, the Department could not ensure the competitive pricing of the works. The same needs to be investigated to ascertain the correct facts and fix responsibility for negligence, if any.

3.5.9 Bridge and flood protection works

Eight[78] works were sanctioned at a cost of ₹ 15 crore for Leh, out of which five[79] works were completed, as of 31 March 2020.

The work for 'Reconstruction of 72 meter span through type motorable steel bridge' over river Zanskar at Tschuthang in Leh was approved (December 2016) by the GoI at a cost of ₹ 5.44 crore. The required funds for this purpose were sanctioned by the Commissioner Secretary (PD&MD), GoJ&K in December 2016. The work for design, fabrication, launching and commissioning of the bridge was allotted (July 2017) by the District Superintending Engineer, PWD Circle, Leh to the contractor on turnkey basis at a cost of ₹ 3.50 crore. The work was completed in September 2018 after incurring expenditure of ₹ 3.58 crore.

Audit noticed (September 2019) that out of total expenditure of ₹ 3.58 crore, an amount of ₹ 4.29 lakh was diverted (March 2018-February 2019) towards expenditure on office expenses and wages of casual workers. The unspent balance was ₹ 1.86 crore.

On being pointed out (September 2019) in Audit, the Executive Engineer, Construction Division, Leh stated (August 2020) that payments towards daily rated wagers has been made as the same was covered under work charged and contingencies of the project and needs not to return back to GoI.

The reply is not tenable as the work was allotted on turnkey basis for design, fabrication, launching and commissioning of the bridge and wages to be paid to daily rated staff working in Division has to be debited to Head 'Wages' instead of debiting to work contingencies.

The liability on account of office expenses and wages of casual workers be cleared from the appropriate head, the money spent is to be recouped and refunded to the GoI.

---

77 Jammu: 10 works, Kashmir: 23 works.
78 Bridges: 5; Flood Protection works: 2; and building work: 1.
79 Bridges: 3 and flood protection works: 2.

Further, as the unspent balance of ₹ 1.86 crore has not been revalidated, the same needs to be refunded to the GoI.

3.5.10 Payment for filling/ cutting of shoulders on road works

During a meeting held (May 2015) by the Chief Engineer, PWD (R&B), Jammu with representatives of Hot mix plant holders/ firms, it was decided (May 2015) that wherever shoulders of roads were required to be improved by filling or cutting, the same was to be borne by the bidder/ contractor as per the contractual conditions and that nothing extra was to be paid on this account as the rates were all inclusive.

Audit examination (May to November 2019) of records relating to improvement of riding quality of surface roads executed under the project in seven selected Divisions[80] revealed that in respect of 43 works, payment of ₹ 3.60 crore was made on account of filling of shoulders at different rates, though it was not part of the NIT/ work order.

The Joint Director (Planning), PD&MD while accepting the audit observation stated (August 2020) that the extra payment pointed out by the audit will be recovered after reconciliation.

However, status of recovery is awaited (December 2020).

3.5.11 Irregular allotments/ execution of up-gradation of road work

Work of up-gradation of three single lane roads[81] by way of providing and laying of 30 mm thick Semi Dense Bituminous Concrete (SDBC) including cost of bitumen in stretches was allotted (September 2015) by the Superintending Engineer, Jammu-Kathua Circle to a firm[82] for ₹ 1.55 crore. On the basis of on spot directions of Local MLA (then Industries and Commerce Minister) and on the basis of proposal (September, October 2015 and December 2015) of the executing division, in the absence of supporting executive orders, additional works for ₹ 3.85 crore were allotted (October 2015, January 2016) on approval basis at marginally less rates[83] to the two related firms[84] by revising[85] the scope of roads. Examination of records revealed that against the total allotment of ₹ 5.40 crore, payments of ₹ 7.21 crore was made by the executing division resulting in excess expenditure over allotment by ₹ 1.81 crore.

---

80 (i) Basohli: 02 works (₹ 0.30 crore), (ii) CD-I Jammu: 11 works (₹ 1.56 crore), (iii) CD-II Jammu: 05 works (₹ 0.12 crore), (iv) CD-III Jammu: 06 works (₹ 0.47 crore), (v) Kathua: 9 works (₹ 0.43 crore), (vi) Samba: 04 works (₹ 0.45 crore) and (vii) Udhampur: 06 works (₹ 0.27 crore).

81 (i) Bari Brahmna-Badhori road Km 4th (500-600)-Km 9th, (ii) Channi-Kartholi road-Km 1st and (iii) Kaluchak-Purmandal road Km 1st-16th.

82 M/s Jagdambey Road Builders Hot Mix Plant.

83 50 mm BM at the rate of ₹ 9,450 per cum and 25 mm thick SDBC at the rate of ₹ 330 per sqm.

84 M/s Jagdambey Road Builders Hot Mix Plant and M/s A.D. Buildcon.

85 Upgradation of Bari Brahmna-Badhori road Km 4th (500-600)-Km 9th in stretches to full road, Kaluchak-Purmandal road in stretches in Km 1st-16th to full road from Km 1st to Km 3rd and Km 4th to Km 16th in stretches and Km 5th-7th of Kaluchak-Purmandal road.

For completion of the extended scope, one more work[86] was allotted (January 2017) for ₹ 1.04 crore by the SE, Jammu-Kathua Circle to a firm[87] after invitation of tenders (November 2016) which was again enhanced (March 2017) on approval basis for an additional amount of ₹ 3.86 crore.

The Joint Director (Planning), PD&MD stated (August 2020) that quantities of work exceeded in respect of Kaluchak-Purmandal road as on public demand Bituminous Macadam was laid on full width of road which increased the area and in respect of Bari-Brahmna-Badhori road though tenders were invited for repair of damaged portion on 5.50 Km of road the then Industries and Commerce Minister requested for laying of Macadam on full width and complete length of 5.50 Km.

The fact remains that against approved/ tendered work, the specifications were changed and additional works for ₹ 7.71 crore were allotted (October 2015, January 2016, March 2017) on approval basis. There was also excess execution of work over allotments at a total cost of ₹ 1.81 crore. Enhancement/ allotment of work without competitive bidding/ supplementary agreements was inappropriate in terms of applicable rules/ regulations.

3.5.12 Irregular release of payments

As per Public Works Account Code[88], payments to contractors is required to be made after passing of bills in the prescribed running account bill formats duly filled in with required details. Audit examination (November 2019) of records of EE, PWD (R&B), Division-II, Jammu revealed that 11 vouchers valuing ₹ 67.68 lakh were passed for payment on letter heads of Firms in violation of provisions.

The Joint Director (Planning), PD&MD stated (August 2020) that practice would be avoided in future and the contractor's bills would be accepted as per Rules/ Financial Code.

Irrigation and Flood Control Department

3.5.13 Financial position of the project

Funds of ₹ 252.16 crore[89] were sanctioned in favour of PHE, I&FC Department (Administrative Department). Of this, ₹ 247.28 crore was further sanctioned by the Administrative Department in favour of implementing agencies for execution of 4,822 works, with ₹ 4.88 crore retained by the Administrative Department. Out of ₹ 247.28 crore, the executing agencies incurred an expenditure of ₹ 221.96 crore, with unspent balance of ₹ 25.32 crore[90] as on September 2020 and all the works stood completed.

The Joint Director (Planning) PD&MD attributed (August 2020) less utilisation of funds to allotment of works on rates less than the estimated cost, non-receipt of

86 P/L of 50 mm BM and 25 mm SDBC on Kaluchak-Purmandal road Km 9th and 10th Double lane.
87 M/s A.D. Buildcon.
88 Para 284 to 291.
89 ₹ 249.66 crore sanctioned by PD&MD and ₹ 2.50 crore by Finance Department.
90 ₹ 25.32 crore out of funds sanctioned by PD&MD.

verification reports from the concerned District Development Commissioners (DDCs) and non-preference of bills by the contractors in some cases.

3.5.14 Irregular expenditure on execution of unapproved works

Eight[91] divisions executed 739 works which were not approved by the funds sanctioning authority and an expenditure of ₹ 24.27 crore had been incurred (March 2017) thereon which was irregular and indicated poor internal control. Of this, an expenditure of ₹ 5.43 crore was incurred (September 2016 to March 2017) in excess of allotted cost of ₹ 11.28 crore in respect of 251 works. Further, ₹ 78.43 lakh was diverted (December 2016 to March 2017) on purchase of material such as crate mesh, cement and other items by these eight Divisions, despite the fact that funds were sanctioned (by the Irrigation and Flood Control Department) work-wise indicating that incorrect liability of work done claims was projected by the executing divisions.

The Joint Director (Planning), PD&MD stated (August 2020) that liability statements were framed as per estimated cost of works and that few unforeseen works were restored post floods on verbal instructions of concerned DDCs and local representatives at that time. The fact, however, remained that no ex-post facto approvals had been obtained for the same.

Industries and Commerce (I&C) Department

3.5.15 Identification of PMDP Projects

In violation of the conditions laid down in the sanction orders which envisaged that expenditure was to be incurred on the approved projects and works, five[92] projects, which were not part of 36 projects approved by the GoI during July/ October 2016 under 'The Aggregative Macro Economics and Infrastructure Rebuilding Plan (TAMEIR)', were taken up under the PMDP and expenditure of ₹ 12.53 crore was incurred (March 2019) on their execution. Besides, two projects approved at a cost of ₹ 0.18 crore under the PMDP were not taken up for execution. Details are given in the following **Table 3.5.3**.

[91] (i) FCD Anantnag, (ii) ID Anantnag, (iii) I&FC Division, Baramulla, (iv) ID Kulgam, (v) I&FC Division, Sopore, (vi) I&FC Division, Srinagar, (vii) FBI Division, Tangmarg and (viii) Hydraulic Division, Uri.

[92] SICOP-(4): Industrial Estates Bagh-e-Ali Mardan Khan, Digiana, Sanat Nagar and Zainakote, HDC-(1): Export Oriented Handloom Development Project, Samba.

Table 3.5.3: Non-PMDP Projects funded under PMDP

(₹ in crore)

	Total	**12.53**		**Total**	**0.18**

(Source: Sanction orders and progress reports)

The Joint Director (Planning), PD&MD stated (August 2020) that 4 works[93] worth ₹ 9.73 crore were taken up with 10 *per cent* flexibility as authorised by PD&MD with approval of the competent authority. The reply is not tenable as non-PMDP projects were funded from PMDP.

3.5.16 Delay in sanction of funds

The PD&MD sanctioned (December 2016) ₹ 149.96 crore to the Industries and Commerce Department under the Project No 29. Audit noticed that these funds were sanctioned by the Industries and Commerce Department to the implementing agencies after delay[94] ranging between 58 days and 406 days. Of this, ₹ 91.55 crore (61 *per cent*) was sanctioned after delay of 58 days whereas ₹ 58.41 crore (39 *per cent*) was sanctioned after delay ranging between 327 and 406 days.

Table 3.5.4: Delay in sanction of funds

Sanctioned by PD&MD		Sanctioned by Industries and Commerce Department			Delay in days

93 (i) Up-gradation of Infrastructure at IE Bagh-i-Ali Mardhan Khan (ii) Up-gradation of Infrastructure at IE Digiana, (iii) Up-gradation of Infrastructure at IE Sanatnagar and (iv) Up-gradation of machinery at Export Oriented Handloom Development Project Samba.

94 Calculated after allowing a margin of 15 days for transfer of funds.

The Joint Director (Planning), PD&MD stated (August 2020) that completion of procedural formalities, preparation of DPRs, administrative approvals and time taken in seeking advance drawal of funds from the competent authority at times do cause delay in release of funds.

3.5.17 Deduction of charges by Small Scale Industries Development Corporation (SICOP)

As per the conditions laid down in the sanction orders, funds were not to be utilised on contingencies and unapproved items.

Against the sanctioned (March 2017) funds of ₹ 2.86 crore for one[95] work, SICOP deducted ₹ 14.30 lakh as agency charges and transferred balance amount of ₹ 2.72 crore to Jammu Kashmir Handloom Development Corporation (JKHDC) without executing any work.

The Joint Director (Planning), PD&MD stated (August 2020) that SICOP was a commercial Organisation and SICOP service charges were part of the DPR prepared and amount deducted as such, was not irregular. The fact remained that SICOP refunded the amount back after deducting agency charges without executing any work envisaged in the DPR.

3.5.18 School Education Department

In all, 718 repair and renovation works relating to permanent restoration of damaged infrastructure in the School Education Department were identified in December 2016 for execution, at an estimated cost of ₹ 107.61 crore. Of this, 536 works (75 *per cent*) were completed by the Department (September 2020), 99 works were under progress (expenditure: ₹ 30.53 crore) and 83 works were not taken up for execution as of September 2020. Against a total sanction of ₹ 100.22 crore under the project, ₹ 66.14 crore (66 *per cent*) were utilised by the Department during the period from 2016-17 to 2020-21 (September 2020). The Department attributed climatic considerations and unrest prevailed in the past as reasons for delay in completion of works. The fact remained that the works were identified in December 2016 and were still not complete.

3.5.19 Execution of works

As of September 2020, 83 works as discussed above, at an estimated cost of ₹ 7.72 crore could not be taken up due to land dispute (12 works), insufficient funds (22 works), shifting and clubbing of school buildings (7 works), frequent change of executing agencies (5 works) or works not taken up as per reconstruction plan (37 works).

The Joint Director (Planning) PD&MD stated (August 2020) that the Engineering Wing created in June 2017 took some time to set up with the required manpower etc. and as such the start of the execution of works was delayed. However, substantial

[95] Purchase of plant & machinery at Srinagar (₹ 2.86 crore).

progress had been achieved in accomplishing the target and delay had also been caused due to the climatic conditions and unrest which prevailed for some time in the past. The reply is not tenable as 83 works which were originally identified in December 2016 for execution/ restoration could not be taken up.

3.5.20 Bank Guarantees

Audit examination of records revealed that Bank Guarantees (BGs) of seven works equivalent to ₹ 11.01 lakh which had expired between 25 February 2018 and 14 February 2019, were not revalidated before their expiry date.

The Joint Director (Planning), PD&MD attributed (August 2020) this to lack of manpower in newly established construction divisions and directed the concerned Executive Engineers to get the BGs revalidated immediately, wherever pending.

Public Health Engineering Department

3.5.21 Financial position

Out of sanctioned funds of ₹ 53.64 crore, the PHE, I&FC Department (Administrative Department) in turn sanctioned ₹ 51.97 crore only in favour of executing agencies by retaining ₹ 1.67 crore since March 2017 which was confirmed by the Department (August 2020) citing non-receipt of verified work done claims.

Higher Education Department

Based on the report of the Committee of Principals constituted in September 2014, the Planning Development and Monitoring Department approved (September 2016) an allotment of ₹ 50 crore under the PMDP for Permanent restoration of damaged infrastructure of the Higher Education Department. Under the project, 16 works were prioritised during 2016-17 for execution at a cost of ₹ 50 crore in seven Government colleges[96]. The works were to be completed within two years.

Audit examination of records revealed that 10 works in three selected colleges[97] (out of seven colleges and 16 works) were taken up at an approved cost of ₹ 39.08 crore. Of this, only five works were completed (50 *per cent*) and balance five works on which an expenditure of ₹ 23.68 crore was incurred were incomplete (September 2020). The delay in completion was attributed to poor execution of work by the contractors with the impact that the benefits of creation of new infrastructure could not be provided to the students.

3.5.22 Short utilisation of funds

While the amount received during the period 2016-19 was ₹ 50 crore, ₹ 42.67 crore (85 *per cent*) was utilised (September 2020) and ₹ 7.33 crore remained unutilised for past four financial years (September 2020).

96 (i) Government Degree College, Anantnag, (ii) Government Degree College for Women, Anantnag, (iii) Government Degree College, Bemina, (iv) Government Degree College, Bijbehara, (v) Amar Singh College, Srinagar, (vi) College of Education Srinagar, and (vii) Sri Pratap College, Srinagar.

97 (i) Government Degree College for Women, Anantnag, (ii) Government Degree College, Bemina and (iii) Sri Pratap College, Srinagar.

3.5.23 Execution of new works

The expenditure was to be incurred only on approved restoration works of existing damaged buildings of selected colleges. It was observed that ten works were already repaired/ restoration works were already carried out, still funds were obtained for creation of new assets. Ten new construction works[98] with a total project cost of ₹ 39.08 crore in three selected colleges (out of seven) were taken up (2016-17) for execution by construction agencies[99] and an expenditure of ₹ 32.78 crore was incurred as of September 2020. Audit noticed (May, June 2019) that old existing damaged infrastructure[100] had already been repaired/ restored via local college funds and the buildings were fully functional during 2015-16. The funds were utilised for creation of new assets which could have been used for other restoration activities.

The Joint Director (Planning), PD&MD stated (August 2020) that minor repairs in some of the old existing buildings had already been carried out of the college local funds. Due to devastating floods of September 2014, some buildings got damaged beyond the scope of repair/ renovation and a conscious decision was taken to dismantle such buildings and construct them afresh for proper functioning of these educational institutions. The reply was not tenable as, in the joint inspection conducted by audit with departmental representatives it was noticed that old existing infrastructure was fully functional. Further, the funds were sanctioned for approved restoration works and not for new construction works.

Photographs showing restored old existing infrastructure and taking up of new constructions		
Old and new Hostel Block of S.P. College, Srinagar as on 01 January 2020	**Old and new Library block of Government Women's College, Anantnag as on 05 March 2020**	**Old and new Administrative Block of Government Degree College, Bemina, Srinagar as on 10 May 2019**

3.5.24 Delay in award of work

The work 'Construction of three storied hostel block at S.P College, Srinagar' was allotted (January 2018) at a cost of ₹ 2.53 crore to a contractor by the Superintending

98 Construction of buildings like library cum PG and hostel block, academic block, administrative block.
99 Public Works Department, Jammu and Kashmir Housing Board and SICOP.
100 Including academic block, library block and administrative block of Government Degree College for Women, Anantnag, Government Degree College, Bemina and Sri Pratap College, Srinagar.

Engineer (R&B) Circle, Srinagar/ Budgam, with the scheduled completion period of 500 days. Audit noticed (July 2019) that the contract was awarded after a delay of 355 days from the date of Notice Inviting Tender (January 2017). Delay in award of contract subsequently resulted in delays in completion of the project (September 2020).

The Joint Director (Planning), PD&MD stated (August 2020) that delay in award of contract had been due to non-fulfilment of various conditions such as submission of performance securities, experience certificates by the bidders which took some time and that law and order conditions prevailing in the State during the year 2016 had further delayed the process. The reply is not acceptable as identical work regarding 'construction of Library cum PG Block' at S P College, Srinagar was allotted (February 2017) in time to a contractor by the Chief Engineer, PW, (R&B) Department, Srinagar against the NIT dated December 2016.

Estates Department

Proposals for execution of 34 restoration works were submitted by the Director, Estates Department to the Planning, Development and Monitoring Department (PD&MD) for restoration of infrastructure damaged due to floods of September 2014. Of ₹ 48.21 crore sanctioned (November 2014 and December 2016) under SPA and PMDP, an amount of ₹ 25 crore was received as Special Plan Assistance (SPA) by the Department till February 2015 which was utilised in full (March 2016). Out of the 34 restoration works, six works[101] were completed under SPA funding after incurring an expenditure of ₹ 4.04 crore and 28 works were under progress as of March 2016. The balance ₹ 23.21 crore was received (2016-19) by the Department under Prime Ministers Development Package (PMDP) of which ₹ 22.26 crore was utilised on execution of remaining 28 works. The balance ₹ 0.95 crore was still unspent (September 2020).

3.5.25 Other major issues

- Out of ₹ 85 crore[102] sanctioned (September 2018) by the Ministry of Finance, GoI as a '*Special Assistance-Capital to the Prime Minister's Reconstruction Plan (PMRP) State Government for State's Annual Plan 2018-19*', the Finance Department allocated (October 2018) ₹ 2.50 crore in favour of the PHE, I&FC Department under the PMDP for execution of 21 flood protection works, against a project cost of ₹ 5 crore. The utilisation certificate for ₹ 2.50 crore was submitted by the CE, Irrigation & FC Department Jammu to Administrative Department in April 2019. Reasons for transfer of funds by the Finance Department under PMDP that had been received under PMRP from the GoI were awaited (December 2020). While the matter was referred (June 2020) to the Government, their reply has not been received.

[101] Excluding one work which was physically completed during implementation of PMDP without any releases under PMDP.

[102] Housing and Urban Development Department: ₹ 75 crore; District Development Commissioner Kargil: ₹ 7.50 crore; and PHE/ I&FC Department: ₹ 2.50 crore.

Audit examination of records (June and July 2019) of Small Scale Industries Development Corporation Limited **(**SICOP) and State Industrial Development Corporation Limited (SIDCO) under Industries and Commerce Department GoJ&K revealed that ₹ 107.14 crore[103] were sanctioned for execution of works on construction and upgradation of 13 projects[104] and was stated to be utilised during the period 2017-19. However, these works were located at such places[105] where no floods were reported.

The Joint Director (Planning), PD&MD stated (August 2020) that damages caused to various Industrial Estates were captured in the DPRs prepared by the SICOP/ SIDCO and that Industrial Estate, Ghatti Kathua was established on foothills and overflowing waters caused damages to the infrastructure. It was also stated that Industrial Estates Bari-Brahmana and Samba were also submerged due to continuous heavy rains and as such restorations of these works were thought necessary to save the infrastructures from further deterioration/ damages. The reply was not tenable as there were no floods reported (Ghatti Kathua, Bari Brahmna, Samba etc.) in the areas where these works had been executed. Besides, notification of the District Development Commissioner regarding areas affected by floods was not produced to audit.

Audit noticed that ₹ 1.98 crore was utilised by the Estates Department during 2017-18 on repairs and renovation works of Government bungalows[106] situated in Jammu where no floods had occurred thereby resulting in irregular expenditure.

The Joint Director (Planning), PD&MD stated (August 2020) that the Planning Development and Monitoring Department released funds only after scrutinising works damaged due to devastating floods of 2014 and expenditure incurred on some buildings damaged due to heavy rainfall and storm occupied by the VIPs and VVIPs. The reply was not tenable as there were no documented instances/ reporting of VVIP buildings being damaged due to floods.

3.5.26 Monitoring

The GoJ&K constituted (April 2016) a monitoring committee headed by the Chief Secretary and comprising Member Secretary and 15 other members to review progress on monthly basis and provide guidance for formulation of action plans. During audit of Industries and Commerce Department, it was noticed (July 2019) that the committee had met only twice (December 2016 and September 2017) during the period from 2016-17 to 2018-19 as against requirement of 36 times.

A team, deputed (September 2017) by NITI Aayog (GoI), had also inspected the sites/ locations of various project works executed under the PMDP. However, the report though called for was neither made available by the Industries and Commerce Department nor by the Estates Department.

---

103 SIDCO (K): ₹ 40.63 crore; SIDCO (J): ₹ 61.48 crore; SICOP (J): ₹ 5.03 crore.

104 Jammu: 8; Kashmir: 5.

105 Industrial Estates: Jammu, Kathua, Pulwama, Samba, Sopore, Srinagar and Udhampur.

106 Gandhi Nagar, Muthi, Rehari, Sarwal, Ved Mandir and Wazarat road.

The Joint Director (Planning), PD&MD stated (August 2020) that in respect of I&C Department the Administrative Department/ HODs periodically reviewed progress of projects with the concerned implementing/ executing agency, whereas in respect of Estates Department it was stated that no adverse report or otherwise were received from the team deputed by Government of India for Inspection of sites/ location of various works executed under the PMDP.

The reply is not acceptable as after the Department did not provide the NITI Aayog report, the same was obtained by Audit from the NITI Aayog itself and as per report of NITI Aayog team (September 2017)[107], the team was not satisfied with the explanation given for the works undertaken for VIP bungalows at Panama Chowk and Bikram Chowk, Jammu.

[107] Furnished by NITI Aayog to Audit in December 2020.

Chapter-IV

Social Infrastructure

CHAPTER - IV

Social Infrastructure

4.1 Introduction

Social infrastructure under the PMDP included, *inter alia*, creation of two All India Institute of Medical Sciences (AIIMSs) like institutions for health care in the State; establishment of Indian Institute of Management (IIM), Jammu and Indian Institute of Technology (IIT), Jammu to be executed by the GoI; one lakh youth to be trained for self-employment and wage employment placement linked skilled training under Himayat scheme; construction of indoor and outdoor stadia in the erstwhile State to encourage sports persons and to increase economic activity in the region. Other schemes like enhanced rate of remuneration to Special Police Officers (SPOs) from ₹ 3,000 per month to ₹ 6,000 per month for two years; undertaking Pashmina promotion programme etc. are also part of this segment.

In the Social Infrastructure segment of the PMDP, ten projects with a total outlay of ₹ 8,057 crore were taken up for development, out of which two projects were selected for detailed test check. These were:

- The 'Himayat' scheme with a total outlay of ₹ 1,601.51 crore including an infusion of ₹ 250 crore exclusively from funds allocated under the PMDP.
- Enhanced rate of remuneration to SPOs with an estimated cost of ₹ 450 crore for a two year period from funds allocated under the PMDP.

Department of Rural Development and Panchayati Raj

4.2 Stepping up efforts under Himayat scheme

4.2.1 Introduction

The Ministry of Rural Development (MoRD), GoI, launched 'Himayat' (October 2011) which subsequently functioned as a separate vertical under the scheme of Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY) for the erstwhile state of Jammu and Kashmir which covered the urban as well as rural youth under both categories of:

- Below Poverty Line (BPL); and
- Above Poverty Line (APL)

In order to impart skills to facilitate employment in the formal sector as well as for self-employment, training of one lakh youth at an estimated cost of ₹ 1,601.51 crore over a period of five years, with ₹ 250 crore as the funding under the PMDP was fixed (November 2015) by the MoRD, GoI. Subsequently, MoRD, GoI revised (July 2016) this target to 1.24 lakh youth, along with placement assurance of at least 70 *per cent* of the target group to be achieved by November 2020. The training, both residential and non-residential was to be imparted for courses on computer oriented skills, soft skills, communication skills in English as well as technical skills etc. The duration of courses was to range from three to twelve months.

4.2.2 Structural mechanism

Although the State Government had established a Jammu & Kashmir State Rural Livelihood Mission (JKSRLM), the Himayat Management Mission, a dedicated Mission of GoJ&K, was specifically constituted to implement the programme[1] in the erstwhile state of J&K. This Mission, was to work under the supervision of Department of Rural Development and Panchayati Raj, GoJ&K with a Himayat Mission Management Unit (HMMU) at the State level, headed by a Chief Operating Officer (COO) and Units in Gram Panchayat (GP) at the village level. The field units of HMMU were responsible for identification and counselling of the youth for generating awareness about the programme and facilitating placement in support with the Programme Implementing Agencies (PIAs), who were external agencies to be selected by HMMU on the recommendation of National Institute of Rural Development (NIRD), Hyderabad and approval by State Level Project Review Committee (SLPRC).

As of June 2019, 28 PIAs were engaged for training youth in various trades/ skills through 54 training centres.

4.2.3 Audit Sample

The HMMU and 14[2] out of 54 training centres imparting training were selected by Simple Random Sampling Without Replacement (SRSWOR) method and the beneficiaries in the 14 training centres sampled were selected randomly for detailed scrutiny.

4.2.4 Implementation

Examination (June 2019) of the records relating to implementation of the programme, revealed that although the HMMU was established (July 2016) at the State level, no support staff at district and block levels were engaged to assist HMMU in effective implementation of the programme. The GPs were therefore not involved in reaching out to the poorest households within their jurisdiction to generate awareness and in facilitating mobilisation of the youth (up to January 2019), for implementation of the programme at grass root level. The participation in the activities by GPs was initiated by the Department only from January 2019 onwards. Consequently the progress required to be achieved by March 2019 was not achieved.

The Director Finance, Department of Rural Development and Panchayati Raj stated (August 2020) that scheme was initially promoted through Self Help Groups (SHGs) formed under the UMEED[3] programme of JKSRLM, as Panchayats were constituted only at the fag end of 2018 and the number of PIAs were very less during the early part of the scheme implementation.

---

1 Mission Document.

2 1. Baba Saheb Ambedkar, Delhi; 2. Brite Neon, Jammu; 3. Data Pro, Jammu; 4. Earthcon Construction, Srinagar; 5. Fidelis Corporate Solutions Private Limited; 6. ICA, Samba; 7. IL&FS- 1, Budgam; 8. IL&FS-1, Kupwara; 9. IL&FS 1 Udhampur; 10. Intelligence Manpower, Kathua; 11. JKDAG, Budgam; 12. Mass Info Tech, Kathua; 13. Rooman Technology; and 14. Syadwad, Delhi.

3 A scheme being operated by the JKSRLM.

The reply is not relevant as the absence of support staff at district and block levels to coordinate on behalf of the HMMU limited the impact of the scheme.

4.2.5 Planning

The scheme guidelines[4] envisage the preparation of a State Perspective Implementation Plan (SPIP) to articulate strategies to achieve the projected outputs. This was to be followed by the preparation of an Annual Action Plan, to be submitted to the GoI by 01 December of each year. The SPIP was required to project the number of youth, their skill requirements, for a medium term covering seven years, the trades and sectors covered for which training needed to be imparted and identification of areas for innovation and for special projects as well as placement for the beneficiaries trained under the scheme. The baseline information from Skill Gap Assessment (SGA), market scans and surveys and literature reviews etc. was to be collated to undertake a situation analysis of the scenarios in the State to capture details of youth from various categories of poor and vulnerable communities, so as to impart skills to them through training.

Audit noticed (May 2019) that the SPIP covering a period of seven years was not prepared and instead the Mission submitted (July 2016) a three year plan for the first phase for the period from 2016 to 2019, followed by another three year plan in February 2019, for the period from 2019 to 2022. The plans were also submitted without identification of trades to be covered under the programme.

In the absence of the baseline survey, the Department could not prepare the situation analysis of the scenario in the State for skilling the poor which was expected to capture the details of various categories of youth from the poor and vulnerable sectors to be brought into skilling programmes with the result that the objective to bridge the skill gap of the State could be achieved partially only, as of August 2020.

The Director Finance, Department of Rural Development and Panchayati Raj, GoJ&K stated (August 2020) that Ministry of Rural Development, GoI desired that State should submit a three-year Action Plan for skill/ training of youth in various skills and their subsequent placements in private sector and that the HMMU was in the process of identification of institutions/ agencies to conduct skill gap analysis for which the proposal was under submission with the Administrative Department.

The reply is however silent as to how the inputs to the Action Plan were to flow as the baseline information from the skill gap assessment, a necessary prerequisite, was yet to be conducted (August 2020).

Thus, inefficient planning and without any critical inputs hampered the scheme in achieving its desired goals as detailed in paragraph 4.1.1.

[4] Para 4.6 of the Guidelines issued on July 2016.

4.2.6 Financial Management

Himayat scheme is a separate vertical of DDU-GKY which is funded fully by the GoI for skill training modules. These training modules were to be implemented through the State Government by a dedicated Himayat Mission Management Unit (HMMU). The annual allocation[5] for the scheme was to be released by the GoI, on the basis of poverty ratios and absorption capacity of States.

Initially, the funds received from GoI were required to be transferred to Mission Director, State Rural Livelihood Mission (SRLM) within a period of three days by the State Government, subsequently increased (September 2018) to 15 days. In case of delay in release of funds to the Mission Director within the prescribed period, the State Government was to pay 12 *per cent* interest for the period of delay beyond the specified period.

The position of funds released and expenditure incurred during the period from 2016 to 2019 is detailed in **Table 4.2.1**.

Table 4.2.1: Financial position
(as on 31 March 2019)

(₹ in crore)

Year	Opening Balance	Funds sanctioned by GoI	Delay in release by GoJ&K	Total availability	Expenditure (Percentage)	Unutilised funds
2016-17	-	45.22	--	46.72	30.40 (65)	16.32
		1.50	222 days			
2017-18	16.32	2.36	--	76.42	28.02 (37)	48.40
		57.74	107 days			
2018-19	48.40	64.67	Between 13 and 16 days	179.32	76.42 (43)	102.90
		66.25	--			
Total		**237.74**		**302.46**	**134.84 (57)**	

(Source: Receipt Expenditure Statement of Himayat Mission)

The funds were released after delays ranging between 13 days to 222 days during the period from 2016-17 to 2018-19. Accordingly, the State Government was liable to pay interest of ₹ 2.81 crore to the Mission on account of delayed releases (May 2019).

The Joint Director (Planning) Department of Rural Development and Panchayati Raj, GoJ&K, while accepting the observation stated (June 2020) that delay in release of funds was due to time taken to follow up the processing procedures between the Administrative Department and the Finance Department, GoJ&K.

Further, during the year 2019-20, an amount of ₹ 234.94 crore was sanctioned by the GoI, against which GoJ&K released ₹ 52.68 crore in favour of the Mission and retained ₹ 182.26 crore. An expenditure of ₹ 23.83 crore was incurred during the year leaving unutilized balance of ₹ 314.01 crore at the close of 31 March 2020.

4.2.6.1 Withdrawal of funds

The HMMU directed (March 2017) the Programme Implementing Agencies (PIAs) to use a single dedicated bank account for all receipts and linked disbursements to be

[5] As per the para 5.1 of the guidelines.

mapped to the Central Plan Scheme Monitoring System (CPSMS) of GoI in accordance with the Standard Operating Procedure (SOP). The PIAs were required to transfer the amounts from this dedicated Bank account only when the funds were required to be disbursed.

As per the related records, three[6] PIAs engaged by the HMMU for imparting training had withdrawn ₹ 23.01 crore from the dedicated DDU-GKY Bank account during the period from 2017 to 2019 as given in **Table 4.2.2**.

Audit noticed (May 2019) that instead of making payment from the dedicated account, these three PIAs transferred the amounts as given in **Table 4.2.2** to other Bank accounts in violation of the SOP. Only one[7] refunded ₹ 9.13 crore. The balance ₹ 13.88 crore (60 *per cent*) was with the PIAs, even after two years had lapsed.

Table 4.2.2: Withdrawal of funds
(as on June 2019)

(₹ in crore)

Sl. No.	Name of Programme Implementing Agency	Amount advanced	Amount withdrawn	Amount recouped	Amount outstanding	Penalty	Total pending Recovery
1.	M/s Surya Wires Private Limited	12.36	9.37	9.13	0.24	0.29	0.53
2.	M/s Apollo Medskills Limited	8.18	7.39	0.00	7.39	0.16	7.55
3.	M/s Orion Edutech Private Limited	7.39	6.25	0.00	6.25	0.16	6.41
	Total	**27.93**	**23.01**	**9.13**	**13.88**	**0.61**	**14.49**

(Source: Mission records)

On this being pointed out (May 2019), the Director Finance, Department of Rural Development and Panchayati Raj stated (August 2020) that M/s Surya Wires Private Limited had returned/ deposited ₹ 9.13 crore only out of ₹ 9.37 crore up to the end of March 2019. No further details of the recoupment of the balance ₹ 13.88 crore were furnished.

When the matter was further pursued (January 2021) with the Department, details of the updated status of recoupment, the COO, Himayat furnished the following updated information:

- In case of M/s Surya Wires Pvt. Ltd., ₹ 10.09 crore has been recouped and a penalty of ₹ 0.29 crore has been imposed by the HMMU.
- In the case of M/s Apollo Medskills Limited, the entire amount of ₹ 7.39 crore has been recouped and the HMMU has imposed a penalty of ₹ 0.16 crore.
- In case of M/s Orion Edutech Pvt. Ltd., ₹ 3.14 crore has been recouped and a penalty of ₹ 0.16 lakh has been imposed by the HMMU.

[6] 1. M/s Appolo Medskills Limited; 2. M/s Orion Edutech Private Limited; and 3. M/s Surya wires Limited.

[7] M/s Surya Wires Private Limited.

As can be seen from the chronology of events, funds were made available to the PIAs without monitoring their requirement in gross violation of the SOP. Further, although this had been pointed out in the first audit reports of the PIAs, there was no concerted action by HMMU to ensure recovery of the diverted amounts at the earliest.

Thus, temporary embezzlement of a total amount of ₹ 23.01 crore by three PIAs in gross violation of the SOP was not acted upon.

The reasons for such lapse involving a substantial amount of ₹ 23.01 crore and giving undue benefit to private entities needs to be investigated and responsibility needs to be fixed. Further, adequate steps should be taken to ensure that such lapses do not occur in future.

4.2.6.2 Separate Bank Account for Administrative cost

As per instructions issued (September 2018) by the MoRD, GoI, a separate dedicated Bank account for transactions relating to administrative cost was required to be opened under this scheme. However, a separate Bank account was opened by the HMMU only on 29 January 2020 in the J&K Bank, nearly three years after implementation of the scheme, that too, after specifically being instructed (September 2018) by the GoI. In the absence of a separate Bank account from 18 September 2018 to 28 January 2020, the expenditure related to administrative expenses were not maintained in a transparent manner and therefore the same could not be examined by Audit, defeating the very purpose for which the instructions were issued.

Adequate steps should be taken to ensure that such lapses do not occur in future.

4.2.6.3 Deduction of Income Tax at Source

As per section 194 of Income Tax Act, Income Tax is to be deducted when funds were provided to PIAs for imparting training as Tax Deduction at Source (TDS). It was, however, noticed (May 2019) that in case of seven PIAs[8], TDS of ₹ 55 lakh was not deducted from these PIAs who were imparting training to unemployed youth, at source from payments made to these PIAs thereby extending undue benefit to these PIAs as well as violating the provisions of the Act.

On this being pointed out (May 2019), the Director Finance, Department of Rural Development and Panchayati Raj, GoJ&K while accepting (August 2020) the observation on non-deduction of TDS (Income Tax) stated that the same was due to non-allotment of TAN numbers. It was further stated that the same would be recovered from the concerned PIAs while releasing second instalment.

The provisions regarding deduction of Income Tax from the payments to PIAs may be stringently enforced by the Department, in order to avoid penalties being imposed.

[8] 1. Apollo Medskills; 2 Cap Foundation; 3. IL&FS; 4. Manpower Group; 5. Orion Education; 6. Surya Wires; and 7. Team Lease Services.

4.2.7 Commencement of Projects

The HMMU issues orders regarding deemed date of commencement of the projects after these projects are sanctioned. It was imperative for the PIAs to adhere to the time schedule for commencement of the projects for effective implementation of programme. However, as seen from the records of the COO, HMMU, there were significant delays in commencement of projects in the case of 20 PIAs, where the difference between deemed date of commencement and the actual date of commencement of the projects was in a range of 9 days and 169 days, despite availability of funds and engagement of a Technical Support Agency (TSA).

4.2.7.1 Progress in training and placement of youth

Training[9] in domain areas/ skills with an assured employment after completion of training to the youth is provided by PIAs under Himayat programme. The PIAs are responsible for conducting training of youth with expected outcome of 70 *per cent* of trainees to be placed at entry level service/ manufacturing sector jobs within or outside the State. The GoJ&K was requested[10] to mobilise candidates for training and activate existing Self Help Groups (SHGs) for this purpose. The year wise position of targets fixed for training of unemployed youth, achievements and trained youth placed in jobs during the years from 2016 to 2019 is given in **Table 4.2.3**.

Table 4.2.3: Position of trainings and placements

Sl. No.	Year	Targets (Number of Trainees)	Achievements (Percentage)	Placements made (percentage *vis-a-vis* total numbers trained)
1.	2016-17	9,200	0 (0)	0 (0)
2.	2017-18	18,352	123 (1)	0 (0)
3.	2018-19	25,995	4,371 (17)	732 (17)
	Total	**53,547**	**4,494 (8 *per cent*)**	**732 (16 *per cent*)**

(Source: Records of Himayat Mission)

As seen from the **Table 4.2.3**, although a target number of 53,547 youth were to be trained during the period from 2016 to 2019, the achievement was only 4,494 (8 *per cent)*[11]. There were 27 active PIAs which had provided training to 4,494 candidates and 6,871 candidates were undergoing training as of 31 March 2019. Though during the years 2016-17 and 2017-18, only 123 youth were trained and no placements thereof were made during these years. Further, out of a total of 4,494 youth trained, only 732 youth (16 *per cent*) were placed in jobs during the period from 2016 to 2019. For the year 2019-20, no targets were fixed though 10,045 unemployed youth were trained against which 2,582 youth (26 *per cent*) were placed in jobs.

9 Duration of Training programs were ranging from 3 to 12 months.

10 In the review meeting held by the Principal Secretary to Prime Minister on 13 August 2016.

11 Training provided in trades viz. Test Engineer software, Banking associate, Retail sales associate, Health care Multipurpose worker, Medical Laboratory Technician, Sales Director, Insurance Sales associate, Medical sales representative, Light Motor Vehicle (LMV) Driver level-III, Hospitality Assistant, Security Guard, Assistant Electrician, Fashion Designer, Sewing Machine operator etc.

The Director Finance, Department of Rural Development and Panchayati Raj, GoJ&K stated (August 2020) that there were challenges in providing placement to the candidates as there was low potential of employment within the State due to limited organised private sector opportunities and unwillingness of candidates to move out of the State for taking up jobs outside the State. To increase the number of placements, the HMMU had organised a Job fair in June 2019 wherein 10 Companies offered jobs to 194 candidates. Further, eight more job fairs had been conducted for providing job opportunities to the trained candidates.

The reply is partially correct as several new institutions like IIT, IIM, specialised Institutions have been set up in the state during this period.

Thus, despite the increased achievement in 2019-20, there needs to be more concerted efforts to make the scheme a success.

4.2.8 Human Resource Management

To oversee the implementation of the programme, the GoJ&K was required to appoint adequate staff so that a fulltime dedicated team headed by Chief Operating Officer (COO) is in place. The Block Programme Managers (BPM) as well as number of Community Resource Persons (CRP) were also required to be appointed and cost of professionals engaged at the block level and below was provided for in the programme costs.

As of March 2019, only 6 posts[12] against 16 sanctioned posts[13] were filled/ occupied, a shortfall of 63 *per cent* at the Apex level. The position did not improve during 2019-20, as the vacancy was 54 *per cent* of the available posts as of March 2020. At district and block level, the shortfall was 100 *per cent* although 340 posts [14] were sanctioned.

The Director Finance, Department of Rural Development and Panchayati Raj, GoJ&K stated (August 2020) that proposal for engagement of staff at State/ district level on outsourced basis, on the suggestion of MoRD, GoI was under process in the Administrative Department.

The proposal of HMMU for engagement of staff on outsourced basis continues to remain under process with the Administrative Department.

The GoJ&K may consider taking a decision on the proposal on a priority basis.

4.2.9 Monitoring mechanism

A comprehensive approach was required to assist the PIAs and States in achievement of agreed goals of this scheme. To monitor the performance of PIAs against agreed performance indicators, the concurrent monitoring through web based internet application was required along with an Enterprise Resource Planning (ERP) system

12 COO (1), SPMs (3), DEO (2).
13 COO (1), SPMs (7), SO (1), PA (1), Accounts Assistant (2), DEO (4).
14 District Functionaries (22), Block Functionaries (318).

and deployment of independent monitors. High level quality teams were required to be established within PIA and the HMMU to ensure quality monitoring.

Audit examination of records (May 2019) revealed that the Mission had engaged (January 2019) NABARD Consultancy Services (NABCONS) as the Technical Support Agency (TSA). However, the program faced challenges due to non-deployment of sufficient staff by the TSA to undertake the envisaged activities. The Ministry of Rural Development, GoI and GoJ&K were directed[15] (November 2017), to accelerate synergies as well as pace of implementation and the GoJ&K was to appoint seven to eight thematic specialists to enhance industry connect of the related components of the scheme which was yet to be done (August 2020). Thus, quality monitoring teams were not in place despite being provided for under the scheme.

The Director Finance, Department of Rural Development and Panchayati Raj, GoJ&K stated (August 2020) that HMMU had engaged NABCONS as TSA to undertake concurrent monitoring of the projects in May 2018 and that with respect to deployment of staff by NABCONS all the staff in required number were deployed by them as per MOU between HMMU and NABCONS. Further, a two days Chief Executive Officers meet was organised by HMMU during February 2020 at Jammu and dignitaries from the Industry committed to provide job opportunities to Himayat trained candidates besides offering linkages to PIAs in supporting other activities of the project.

However, as was seen from the communication (January 2019) of the COO, HMMU to the Vice President, NABCONS, New Delhi, those were the difficulties being faced by the HMMU in terms of both number and capacity of the human resource, deployed by the NABCONS.

The monitoring mechanism needs to be strengthened for the scheme to attain the goals set.

4.2.10 Impact assessment

As per guidelines[16] of the scheme, impact assessment was required to be conducted by the HMMU.

Audit, however, observed that no impact assessment and evaluation of the scheme had been conducted through independent studies by the HMMU as of June 2020.

To assess impact of the scheme on the rural/ urban youth of the State, Audit interacted with 211 beneficiaries in selected 13 training centres (out of 54 training centres). Some of the important aspects relating to programme management, provision of basic amenities, facilities provided to the youth, awareness of masses, satisfaction level of beneficiaries etc., derived from the interviews held are mentioned in the **Table 4.2.4**.

---

15 As per decision taken in the review meeting held by the Union Home Secretary on 20-30 November 2017.

16 Para 3.2.1.7 (v) of the Scheme guidelines.

Table 4.2.4: Beneficiary interview

Sl. No.	Questionnaire	Ratio	Response (In numbers)	Percentage
1.	Whether the youth under training is residential/ Non-residential	Residential/ Non-residential	74/137	35/65
2.	Qualification of youth undergoing training	10th and above but under-Graduate/ Graduate	193/18	91/9
3.	Gender of the youth	Male/ Female	114/97	54/46
4.	Category: whether General/ SC, ST, OBC	General/ SC, ST, OBC	128/83	61/39
5.	Whether the youth is under training or has completed the training period	Under training/ trained	211	100
6.	Awareness of the youth about the programme/ scheme	Through counselling/ relatives, friends	76/135	36/64
7.	How the youth was selected for training	Aptitude test/ otherwise	197/14	93/7
8.	Whether the stream was selected by the youth or was it allotted by the training centre	By the youth/ by the Centre	129/82	61/39
9.	Quality of food and accommodation available at the training centre	Good/ Normal	74/0 (only residential)	100
10.	Whether admissible payment of honorarium (non-residential) has been received or not	Received/ Not received	88/49 (Interacted 137 only)	64/36
11.	Satisfaction level the youth regarding Job opportunities	Yes/ No	211/0	100

(Source: Beneficiary Survey Reports)

The Director Finance Department of Rural Development and Panchayati Raj, GoJ&K stated (August 2020) that extensive impact assessment was not conducted for the programme but individual success stories of various candidates undergoing skill training who were placed in different Companies had been recorded and the Mission would undertake impact assessment and evaluation once the substantial number of trainees with assured placement is achieved.

Home Department

4.3 Enhanced rate of remuneration to Special Police Officers (SPOs) from ₹ 3,000 per month to ₹ 6,000 per month

4.3.1 Introduction

In order to augment operational capability of the erstwhile State police, a scheme for engagement of Special Police Officers (SPOs) was introduced in 1995. Although, this scheme was in existence since 1995, a specific project under the PMDP of GoI for ₹ 450 crore was approved (March 2016) with the objective of improving living conditions of Special Police Officers (SPOs) by enhancing their monthly remuneration in a graded manner[17] from ₹ 3,000 to a maximum of ₹ 6,000, with effect from January 2016. The project was to be implemented for two financial years 2015 to 2017 or up to the currency of Security Related Expenditure (SRE) scheme, whichever was earlier.

[17] Condition 1 of the order dated 5 January 2016.

Out of 79 auditee units, 20 units were selected for detailed check by judgmental sampling method by adopting the criteria of maximum number of SPOs deployed for sample selection.

In this project, Ministry of Home Affairs (MHA), GoI was to provide resource support to the State Government by reimbursement of expenditure through Security Related Expenditure (SRE). At the State level, the project was implemented by Director General of Police (DGP) under the overall supervision of Principal Secretary, Home Department, GoJ&K with Senior Superintendents of Police (SSPs) as implementing agencies.

Scrutiny of performance of SPOs by the Department (March 2019) at the behest of GoI resulted in disengagement of 2,650 SPOs (18 *per cent*) out of 14,539 SPOs engaged during the period from 2013 to 2019.

The entire cost of the project of ₹ 450 crore had been incurred by the Department while regular honorarium charges of SPOs were booked under SRE being reimbursed by the GoI.

4.3.2 Compliance to Instructions

I. Vacant Posts

Total number of 25,474 posts of SPOs were sanctioned by GoI during the year 1995 and thereafter 10,000 additional posts of SPOs were sanctioned in September 2016, raising the total number of sanctioned posts of SPOs to 35,474. Audit observed that only 30,231 SPOs were in position as on September 2019 against 35,474 sanctioned posts and total SPOs in position increased to only 32,169 as of August 2020, leaving a vacancy of 3,305 (about 9 *per cent*) despite the increased honorarium.

Thus, despite the incentive provided under the Scheme the vacancies of the order of nine *per cent* continued to exist.

II. Retention of SPOs

The MHA, GoI directed (August 2017) that 4,251[18] posts of SPOs which were lying vacant, were required to be kept in abeyance till the process adopted by the GoJ&K for their recruitment was approved by the GoI. Instructions were issued (August 2017) by the Police Headquarters (PHQ), GoJ&K that there would be no engagement of SPOs till further orders from the MHA, GoI. However, 1,066 SPOs in 12 sampled offices of the Department were retained in excess of the sanctioned limit and wages up to December 2017 were drawn contrary to the said instructions.

The Department stated (August 2020) that due to late receipt of the MHA communication, the process of engagement continued and concurrence for 940 SPOs engaged during the period was accorded by the MHA in March 2018.

[18] 1,089 out of 25,474 (upto September 2016) sanctioned posts and 3,162 out of 10,000 (from September 2016) sanctioned posts.

The reply is not acceptable as 1,066 SPOs were retained though concurrence for retention was for 940 SPOs only.

Thus, manpower in excess of the authorised numbers continue and are being paid without regularisation of their services.

It is recommended that the existing vacancies be filled up expeditiously with adherence to due process so as to achieve the benefits proposed in the Scheme.

Chapter-V

Development Projects

Chapter - V

Development Projects

5.1 Introduction

Development projects includes sectors relating to Tourism, Agriculture, Horticulture, Urban Development etc. including funding for Externally Aided Projects. There are 13[1] projects with a total project outlay of ₹ 5,521 crore in this sector. Out of these 13 projects, five projects with an outlay of ₹ 2,285 crore as detailed in **Table 5.2.1** were selected for test check in Audit. The findings thereof are discussed in the succeeding paragraphs.

Table 5.2.1: Details of project cost and expenditure as on March 2019

(₹ in crore)

Sl. No.	Projects	Project cost	Funds sanctioned	Expenditure (March 2019)	Unutilised funds *(Percentage)*
1.	Atal Mission for Rejuvenation and Urban Transformation (AMRUT)	744	328.88	250.00	78.88 *(24)*
2.	Balance Central share liability of ongoing JnNURM projects for the State of Jammu & Kashmir	163	130.24	78.18	52.06 *(40)*
3.	EAP project of J&K Urban Sector Development Investment Programme	712	622.28	622.28	Nil
4.	Completion of pending projects under PMRP 2004: Counterpart Funding - ADB-II	566	313.96	313.96	Nil
5.	Construction of Govt. Tourist assets in lieu of damaged/ destroyed assets	100	74.70	45.09	29.61 *(40)*
	Total	**2,285**	**1,470.06**	**1,309.51**	**160.55** ***(11)***

(Source: Departmental Monitoring report on PMDP-2015 - Status as on 31 March 2019)

Against the total project cost of ₹ 2,285 crore for the five selected projects mentioned above, an amount of ₹ 1,470.06 crore was released and an expenditure of ₹ 1,309.51 crore had been incurred with an unutilised balance of ₹ 160.55 crore (11 *per cent*) as of 31 March 2019.

1 (i) Development of Tourism in the State (₹ 400 crore for 5 years) New Projects; (ii) Construction of Government Tourist assets in lieu of damaged/ destroyed assets; (iii) 12 Development Authorities, 3 Tourist circuits, Setting up of 50 Tourist villages proposed under PMRP 2004 and Conservation of Wular lake; (iv) AMRUT; (v) Smart Cities Mission; (vi) Swachh Bharat Mission; (vii) Balance Central share liability of ongoing JnNURM projects for the State of Jammu & Kashmir; (viii) Construction of Cold Storage facilities at Leh & Kargil; (ix) 50 *per cent* subsidy support for setting up solar driers; (x) Modernization of NIT Srinagar; (xi) EAP project of J&K urban sector development investment programme; (xii) Completion of pending projects under PMRP 2004: Counterpart Funding- ADB-II; and (xiii) Completion of pending projects under PMRP 2004: Rehabilitation of Dal- Nageen Lake.

Housing and Urban Development Department

5.2 Atal Mission for Rejuvenation and Urban Transformation

5.2.1 Introduction

The Atal Mission for Rejuvenation and Urban Transformation (AMRUT) scheme was launched by the Government of India (GoI) in June 2015 in the erstwhile State of Jammu & Kashmir. Under AMRUT, all cities above one lakh population were designated as Mission cities. The AMRUT scheme was subsumed in the Prime Minister's Development Package (PMDP) with effect from November 2015.

The objective of the AMRUT scheme was to:

- Ensure access to tap water with assured supply and sewerage connection for every household;
- Increase aesthetic value of cities by developing greenery and well maintained open spaces; and
- Reduce pollution by switching to public transport or constructing facilities for non-motorised transport.

In the erstwhile State of J&K, five mission cities[2] were selected (June 2015/ June 2016) by the GoI under the AMRUT scheme, where 92 sub-projects[3] under five sectors[4] were identified for execution by the Housing and Urban Development Department, GoJ&K. An Apex Committee (AC) was constituted (August 2015) by the GoI, with the Secretary, Ministry of Urban Development (MoUD), GoI and representatives of related Ministries of GoI and organisations supervising the Mission at national level as members. The AC is mandated to approve a State Annual Action Plan (SAAP) submitted by the State Level High Powered Steering Committee (SHPSC) constituted in October 2015 and chaired by the Chief Secretary, GoJ&K. The SHPSC is also responsible for identifying gaps in infrastructure on the basis of Service Level Benchmarks (SLBs)[5] and for approving projects after being technically appraised and sanctioned by State Level Technical Committee (SLTC) constituted in October 2015.

Out of the five Mission cities in the erstwhile state of J&K, four sample Mission cities (Anantnag, Jammu, Leh and Srinagar) were selected in Audit by judgemental sampling method taking the criteria of expenditure and social factors into consideration.

---

2 (i) Anantnag, (ii) Jammu, (iii) Kargil, (iv) Leh and (v) Srinagar.

3 Initially there were 92 sub-projects to which one more sub-project was also added, however, subsequently two sub-projects were dropped leaving behind 91 sub-projects to be executed as of September 2020.

4 (i) Water supply, (ii) Sewerage and septage, (iii) Drainage, (iv) Urban transport and (v) Green spaces/ parks.

5 Set of standard performance parameters for water and sanitation sectors as per Ministry of Urban Development (GoI).

5.2.2 Financial management

The funds for the AMRUT scheme were to be shared by the GoI and GoJ&K in the ratio of 90:10. The status of funds sanctioned by the GoI and the GoJ&K under the scheme to the State Mission Director (AMRUT), GoJ&K and its further release by Mission Director to designated officers of Mission cities, during the period 2015 to 2019 is given in **Table 5.2.2**.

Table 5.2.2: Financial status as on 31 March 2019

(₹ in crore)

Year	Opening balance	Funds released during the year		Interest Accrued	Funds available	Funds released by Mission Director to the designated officers of Mission cities	Unutilised balances with Mission Director
		GoI Share	GoJ&K Share				
2015-16	-	31.77	13.75	0.08	45.60	0.003	45.60
2016-17	45.60	37.89	-	1.73	85.22	64.01	21.21
2017-18	21.21	202.65	24.00	1.09	248.95	54.32	194.63
2018-19	194.63	11.32	7.50	1.18	214.63	200.87	13.76
Total		**283.63**	**45.25**	**4.08**		**319.20**	

(Source: Departmental records)

During the period from 2015-2016 to 2018-2019, funds ranging between ₹ 13.76 crore and ₹ 194.63 crore had remained unutilised with the Mission Director.

Further, project funds ranging between ₹ 25.48 crore to ₹ 54.73 crore were lying unutilised with six[6] designated offices of Mission cities/ implementing agencies at the close of each year during the period from 2015-2016 to 2018-2019 resulting in blockage of funds. Against the availability of ₹ 181.86 crore[7] during the year 2019-20, an amount of ₹ 141.73 crore was released by the Mission Director, leaving a balance of ₹ 40.13 crore unutilised as of 31 March 2020.

The Mission Director, as per guidelines[8] was required to release funds either directly to the Urban Local Bodies (ULBs)/ parastatals into their nodal accounts or keep the funds in one single account with any scheduled Bank. The funds were required to be released through the Public Financial Management System (PFMS). However, the State Mission Director (AMRUT) had neither kept scheme funds in a single Bank account nor were funds released through PFMS to the ULBs/ parastatal during the period 2015-2016 to 2018-2019. Further, the designated offices of the Mission cities of Jammu Municipal Corporation (JMC), Srinagar Municipal Corporation (SMC), Director ULB Kashmir and Chief Executive Officer (CEO), Leh did not maintain separate accounts of scheme funds, as per the scheme guidelines. As a result, the expenditure incurred by the designated officers of Mission cities and implementing agencies under the scheme during the period 2015 to 2019 was not available either with the Mission Director or at Administrative Department level.

---

6 (i) Jammu Municipal Corporation (JMC): ₹ 4.27 crore, (ii) Chief Executive Officer (CEO), Leh: ₹ 11.85 crore, (iii) Chief Engineer, UEED, Srinagar: ₹ 14.85 crore, (iv) Executive Engineer, UEED Jammu: ₹ 11.53 crore, (v) Srinagar Municipal Corporation (SMC): ₹ 0.49 crore and (vi) Director Urban Local Bodies (ULBs), Kashmir: ₹ 11.74 crore.

7 Includes opening balance of ₹ 13.76 crore and interest of ₹ 0.80 crore.

8 Para 9.5 of the guidelines of AMRUT scheme.

The Department/ implementing agencies were registered with the PFMS belatedly[9]. As a result, an important tool for real time monitoring of utilisation of funds could not be utilised, despite being stipulated in the guidelines[10] of the scheme.

5.2.3 Scheme implementation

Award of contract

Execution of works in respect of five sectors that were taken up under the scheme in the five mission cities are the following:

- Water supply;
- Sewerage and septage;
- Drainage;
- Urban transport; and
- Green spaces/ parks

The sector wise status of sub-projects approved and completed in the mission cities, as of March 2019 is given in the **Table 5.2.3**.

Table 5.2.3: Status of Sector-wise sub-projects as of March 2019

Sector	Water supply	Sewerage and Septage	Urban Transport	Drainage	Green spaces/ parks	Total
Sub-projects approved	11	14	19	31	17	92
Expenditure incurred (₹ in crore)	15.00	72.00	50.00	103.00	10.00	250.00
Sub-projects awarded	11	12	17	31	16	87
Sub-projects completed	0	1	3	11	10	25
Percentage completion of sub-projects	0	7	16	35	59	27
Sub-projects sampled in audit	3	11	12	13	6	45

(Source: Departmental records)

As seen from the **Table 5.2.3**, out of 92 sub-projects under the scheme, works for execution of 87 sub-projects had been awarded during the period from June 2015 to March 2019 and execution of 25 sub-projects (27 *per cent*) was completed as of March 2019. As per the information furnished by the Department, execution of 31 sub-projects during the period from April 2019 to September 2020 had been completed. Audit sample of 45 sub-projects (as detailed in ***Appendix 5.2.1***) was selected by adopting the criteria of expenditure and social factors into consideration as detailed in ***Appendix 1.2***.

Significant audit findings in respect of four[11] sectors (out of five) are mentioned in the succeeding paragraphs.

[9] March 2018 to August 2020.
[10] Paragraph 9.5 of the scheme guidelines.
[11] (i) Water supply; (ii) Sewerage and septage; (iii) Drainage; and (iv) Urban transport.

5.2.4 Progress of execution of projects

(A) Water Supply Sector

The guidelines[12] of the AMRUT scheme envisages that the urban local body of the mission city was required to prepare Service Level Improvement Plans (SLIP) for identification of service level gaps in water supply zones and sewerage/ septage so that each household of the mission city is included for the water supply and sewerage/ septage connections. However, of 11 sub-projects under water supply sector, only one sub-project has been completed (September 2020).

Audit scrutiny of three[13] sampled sub-projects in the selected four Mission cities revealed the following deficiencies in the two sub-projects.

5.2.4.1 Water supply schemes

I. Leh

Under the 'Augmentation and Reorganisation of left out areas of Leh town' sub-project, Bamgarh Zone was approved by State Level High Powered Steering Committee (SLHPSC) under State Annual Action Plan (SAAP) 2015-16 for supply of drinking water. The DPR (May 2016) of water supply scheme envisaged laying of the distribution network, rising main, construction of Service Reservoir (SR), installation of pumping machine/ creation of sub-station and construction of chowkidar quarter at an estimated cost of ₹ 4.88 crore.

Audit examination (September 2019) of records of the Executive Engineer (EE), Public Health Engineering (PHE) Division, Leh revealed that identification and selection of the site of the area/ zone for which water supply scheme was made and approved (May 2016) was a dumping site, without any built up area or a residential colony. The Department, without reviewing the site conditions of the area/ zone allotted (November/ December 2016 and April 2017) works of the scheme to contractors for laying of main distribution line, construction of service reservoir and laying of rising main. Only three[14] components out of six[15] of the work, were completed (September 2020) and work on other three[16] components was under progress. As a result, the work of the sub-project of the scheme was not completed, despite incurring an expenditure of ₹ 3.06 crore by the Department.

The Director Planning, H&UDD, GoJ&K stated (August 2020) that the scheme was targeted to be fully completed in current working season and attributed delay in its completion to limited working season in Ladakh region.

---

12 Para 6 of AMRUT guidelines.

13 (i) Providing water supply to the University area Anantnag, (ii) Providing/ laying, commission and maintenance of old Ganderbal power house water treatment plant and (iii) Providing/ laying of distribution network etc. at Leh.

14 Construction of service reservoir; Chowkidar quarter and chain link fencing.

15 Construction of service reservoir; rising main; distribution network; chowkidar quarter; chain link fencing and pumping machinery.

16 Rising main; distribution network and pumping machinery.

The reply is silent regarding the audit observation of site selection and non-existence of the built up area.

The Department should take steps on priority for gainful utilisation of the assets created so as to ensure achievement of the objective of the project along with safe water supply.

II. Anantnag

In order to provide drinking water supply to the University Campus, South Kashmir at Anantnag, a water supply project at an estimated cost of ₹ 6.20 crore (civil cost: ₹ 3.08 crore and mechanical cost: ₹ 3.12 crore) was approved (December 2016) by the SHPSC. The EE, Public Health Engineering Division, Bijbehara allotted execution of civil components of scheme to a contractor at a cost of ₹ 1.62 crore (March 2017), for completion within 180 days.

As per the available records of PHE Division, Bijbehara, the contractor could not start construction of 2.60 lakh gallon service reservoir at identified site at Sarnal, Anantnag due to non-acquisition of land by the Department. Though an alternate site was provided by the District administration after a gap of 18 months (September 2018), the site required significant earth work for construction of service reservoir. This led to increase in cost of the scheme by ₹ 0.74 crore.

An expenditure of ₹ 1.65 crore had been incurred (September 2020) on civil components of the scheme, which were still incomplete. Further, the electro-mechanical machinery and equipment costing ₹ 2.49 crore procured by the EE, Mechanical Division, Awantipora during the period February to March 2019 were installed (June 2020) after a gap of more than one year from the date of procurement and have been commissioned (September 2020).

After being pointed out (January 2020) in Audit, the EE, Mechanical Division, Awantipora stated (February 2020) that due to non-completion of civil structures, delayed transfer of land by the District Administration and turmoil in valley, expenditure incurred became unproductive. It was further stated (January 2021) that scheme could not be completed due to non-completion of civil works. The Executive Engineer, PHE Division, Bijbehara attributed (January 2020) delay in execution of work and cost escalation to change of site conditions and non-availability of land. Thus, non-availability of land before taking up work, resulted in delay in execution of the scheme, thereby rendering the expenditure of ₹ 4.14 crore[17] largely unfruitful (September 2020).

(B) Sewerage and Septage sector

Out of 14 sub-projects under Sewerage and Septage sector, one sub-project was completed by March 2019 and additionally eight sub-projects were completed as of September 2020. In four sampled mission cities, 11 sub-projects were selected by

[17] Civil components: ₹ 1.65 crore, Mechanical components: ₹ 2.49 crore.

Audit for test check. The audit findings in respect of six sub-projects are discussed in the following paragraphs.

5.2.4.2 Sewerage treatment plant and Sewerage network system

I. Jammu city

The Department decided (May 2016) to construct 4 Million Litre Day (MLD), Sewerage Treatment Plant (STP) with sewer network for discharge of sewage of Jammu city after treatment into river Tawi. The proposal was approved (May 2016) by SLTC/ SHPC and the land at village Rakh Raipur Satwari, Jammu was identified (June 2016) for construction of STP. The DPR was approved (3 August 2016) by the SHPC at a cost of ₹ 28.77 crore, however, subsequently it was decided (30 August 2016) to shift the location of STP at Bhagwati Nagar, Jammu due to non-acquisition of land at the identified site. Accordingly, the DPR for new location of project was revised at a cost of ₹ 27.51 crore (January 2017). Audit scrutiny revealed the following:

- The Chief Engineer, UEED, Jammu directed (April 2017) the EE, Sewerage and Drainage Division, Jammu to invite tenders for STP and Sewerage network separately. However, single tender was invited (May 2017) for both 4 MLD, STP and Sewerage network of five Nallahs. This tender was cancelled due to lack of response. Thereafter, tenders for construction of 4 MLD STP[18] were invited again during July and August 2017 which could not be finalised either due to lack of response or receipt of single bid. Finally (September 2017), M/s M. M Enviro Project Private Limited (being L-1 among three bidders) was awarded (November 2017) construction of STP at a cost of ₹ 6.95 crore to be completed in two years. Tenders for the project were also delayed because the DPR referred to adoption of SBR technology[19]. The environmental clearance for construction of STP was not obtained (August 2020) from the State Pollution Control Board. The civil work has been completed to the extent of 80 *per cent*, procurement/ installation of electro mechanical equipment has been completed to the extent of 80 and 70 *per cent* respectively at an expenditure of ₹ 6.36 crore (November 2020). Thus, due to delay in tendering process, non-finalisation of contract in time, the construction of STP could not be completed as of November 2020 despite incurring an expenditure of ₹ 6.36 crore, with the result that untreated sewage water was still being discharged in river Tawi, causing pollution.

- Tenders for construction of sewerage network by the process of laying sewer lines, construction of manholes including house connections in respect of five Nallahs of Jammu city, were invited five times between May 2017 and October 2017. The bid could not be finalised (October 2017) due to lack of response to the tenders. A single firm responded to the sixth tender call (November 2017) and quoted price of ₹ 29.60 crore against advertised cost of

[18] On SBR technology including operation and maintenance for five years, construction of office building, boundary wall, approach road and all electro mechanical components.

[19] SBR (Sequential Batch Reactors) are a type of activated sludge process for the treatment of waste water.

₹ 20.60 crore. A committee constituted in November 2017 headed by the Superintending Engineer (S&D circle), Jammu reported (December 2017) that rates quoted in BOQ by the Department had been inadvertently mentioned for NP (Non-Pressure)-2 RCC (Reinforced Cement Concrete) pipes instead of NP-3 RCC pipes, resulting in increase in cost of the project to ₹ 27.54 crore. The Consent for execution of work at a negotiated cost of ₹ 27.54 crore was sought (December 2017) from the bidder by the EE (S&D), Division, Jammu. The SLCC however, decided (February 2018) that the cost of ₹ 22.60 crore (being 10 *per cent* above advertised cost of ₹ 20.60 crore) be offered to the bidder. Thereafter, the work was allotted (April 2018) to the contractor at a cost of ₹ 22.60 crore to be completed in 18 months (i.e. by September 2019). The Contractor, after conducting a survey, reported (August 2018) that fresh creeks had developed on the proposed trunk sewer line alignment. Further, due to narrow width of river in the proposed alignment, velocity of flowing water was extremely high during rainy season which could cause failure of the structure, therefore laying sewer line on the left side of the river on gravity basis was not possible due to anomalies found at ground levels. Thereafter, the contractor proposed (August 2018) redesigning/ realignment of trunk sewer by constructing pumping station at different locations and accordingly submitted (March 2019) revised design to the Department. The contractor again reported (April 2019) that proposed trunk sewer line could not be laid without disturbing existing structures in the vicinity of bridges. The Department requested (April 2019) the District Development Commissioner, Jammu for providing 33 *Marlas* land at different locations for construction of four Intermediate Pumping Stations for the project. The Executive Engineer, (S&D) Division, Jammu thereafter revised the cost of the project to ₹ 51.67 crore (July 2020) against original estimate of ₹ 27.51 crore with an overall cost overrun of ₹ 24.16 crore. The revised cost, however is yet to be approved (November 2020). The contractor completed construction of 17 Kms (out of 36.45 Kms)/ trunk line of 2,200 meters (out of 5.48 Kms) at an expenditure of ₹ 9.82 crore (November 2020). The construction of sewerage network system of five nallahs could not be commenced due to non-availability of encumbrance free land and preparation of estimates without adequate survey, which was indicative of its faulty planning, thereby resulting in denial of intended benefits of the scheme to the public.

After the matter was referred (June 2020) to the Government, the Director Planning, H&UUD stated (August 2020) that execution/ completion of sub-project was delayed due to land dispute at initial stage that was resolved and the project was targeted to be completed in current year, whereas construction of sewerage network on five Nallahs was under execution and 40 *per cent* work stood completed (August 2020). The fact remains that work on the project was still incomplete, as of November 2020.

5.2.4.3 Septage Management Projects

I. Septage Management project for Jammu city

In Jammu city, the effluent from septic tanks of households in the uncovered areas of Zone III was getting discharged directly in nearby Nallahs/ streams or open fields and ultimately flowing into the streams. To provide sewage facility in these areas[20], the project 'Septage Management Project (SMP)' was approved (May 2016) by SLTC, under the scheme. The land for construction of SMP was identified at Chatha, Jammu and the DPR based on ASP technology was prepared by the consultant[21] for the project, at an estimated cost of ₹ 8.65 crore. The project had six[22] components which also included the construction of Septage Treatment Plant (STP) at Bhagwati Nagar, Jammu to cater to the requirements of the areas under 'B' and 'C' Divisions of Jammu city, instead of specific areas of Zone III as the Floriculture Department did not hand over the land at Chatha to UEED.

Audit examination of records (June 2019) revealed the following:

(i) As per the DPR, the Septage Treatment Plant of 164 KLD capacity at an estimated cost of ₹ 5.53 crore was based on Activated Sludge Process (ASP) technology[23]. The trial run of all essential units was to be carried out for six months after testing and commissioning. As per the records of the EE, (S&D) Division, Jammu, the bids were invited between July 2016 and September 2016 for construction of Septage Treatment Plant on ASP technology by the Department at Bhagwati Nagar, Jammu. The tender could not be finalised due to the bids not fulfilling the required conditions. The Contract Committee of the Department decided (March 2017) that possibilities for the STP be explored for adopting the latest technology only after obtaining clearance from State Pollution Control Board (SPCB) and expertise from IITs/ National Environment Engineering Research Institute. The EE, SPCB suggested analysis of samples of actual septage at different locations for various parameters[24] and thereafter suggested modified version of septic tanks with Anaerobic Digester to treat septage anaerobically, as ASP technology was not cost effective and pragmatic. The Department allotted (August 2017) the work of construction of STP (capacity: 164 Kilo Litre per Day (KLD)) based on ASP technology to a contractor[25] on turnkey basis at an estimated cost of ₹ 4.37 crore, without obtaining clearance from the SPCB. The firm was selected on single tender basis and work for construction of STP was to be completed within 12 months and in case of delay in completion of work, penalty up to 10 *per cent* of the contract value was to be imposed for first six months.

20 (i) Bahu east, (ii) Bahu west, (iii) Gandhi Nagar, (iv) Trikuta Nagar and (v) Nanak Nagar.

21 M/s ALPS Engineers PMR Associates.

22 Activated Sludge Process (ASP) type Septage Treatment Plant complete (₹ 3.52 crore), vehicle and equipment (₹ 3.11 crore), Building and other allied works (₹ 89.92 lakh), Electrification (₹ 11.72 lakh), Transformer and transmission line (₹ 58.41 lakh) and Project contingencies (₹ 41.15 lakh).

23 As per Environment Engineer (SPCB) Jammu, dry mass having high values of BOD are to be diluted first with water to create effluent having parameters as of sewage waste (low BOD and TSS value) and treated later on through ASP.

24 Like bio-chemical oxygen demand, chemical oxygen demand and total solids etc.

25 M/s Sophisticated Industrial Materials, New Delhi.

However, after incurring an expenditure of ₹ 4.16 crore as of November 2020, work on construction of STP (excluding allied works) was completed (September 2020) after a delay of twenty six months and the plant was put on trial run. However, allied works of the sub-project were still in progress (November 2020) with the result that the STP could not be put to use rendering expenditure of ₹ 4.16 crore unfruitful. Further, no penalty had been imposed on the firm/ contractor for the delay.

II. Septage Management Scheme for Srinagar city

AMRUT guidelines (Para 6.10) stipulated that no project should be taken up for execution unless land is available and no project work order should be issued unless clearances from all concerned Departments have been received. As per the survey carried out by the Sewerage and Drainage Division-I, Srinagar, effluent from septic tanks in Zone-I[26] and Zone-II[27] of Srinagar city was discharged directly into nearby Nallahs or open field and undigested sewage[28] was flowing directly into streams, thereby polluting water bodies and creating an unhygienic environment. The Septage Management Scheme for effective sewage treatment for these Zones was approved (May 2016) by SHPSC under AMRUT at an estimated cost of ₹ 18.75 crore. The components of the project included construction of two Septage Treatment Plants (STPs) at a cost of ₹ 11.26 crore and procurement of 54 Sucker Jetting machines[29] at a cost of ₹ 7.49 crore. Construction of two Septage Treatment Plants at Alluchi Bagh (for Zone I) and Achan (for Zone II) had been completed and commissioned (September 2020) at a cost of ₹ 7.67 crore (allotted cost of ₹ 8.59 crore). Audit scrutiny of records of the EE (S&D), Division-I, Srinagar revealed the following issues:

- Statutory clearances[30] for construction of STPs were not obtained (September 2020) and outlet of STP at Alluchi Bagh was flowing into the flood channel even as the clearances from respective Departments were pending (September 2020). On being pointed out in Audit (February 2020), EE(S&D), Division-I, Srinagar stated (February 2020) that the project had been completed (August 2018) and matter regarding 'No Objection Certificates (NoCs)' had not been taken up with the concerned agencies/ Departments. The EE further stated (January 2021) that NoC of one project (Achan) had been obtained and of other project (Allochi Bagh), NoC was under process.
- The Commissioner, SMC and Director, Urban Local Bodies, Srinagar initiated the process for procurement of 54 suction-cum-jetting machines (estimated cost: ₹ 7.49 crore) in December 2016 but could not finalise the tenders for the same till March 2019. Supply orders were subsequently placed (between May 2019 and July 2019) on recommendations (April 2019) of the committee constituted (April 2019) for procurement of 15 machines through GeM Portal, out of which

[26] Dal Gate, Lal Chowk, Rajbagh, Sarai Bala.
[27] Mehjoor Nagar, Natipora, Chanapora, Baghat Barzulla.
[28] Untreated waste water and excrement conveyed in sewers.
[29] Required for collection and transportation of septic waste of households to the STP.
[30] Pollution Control Board, Irrigation and Flood Control Department and Roads and Bridges Department.

12 machines were received (September 2020). The Executive Officer, Srinagar Municipal Corporation attributed (December 2019) delay in procurement of machines to non-finalisation of contract and stated that in the absence of requisite clearances, the actual performance indicators against the designed standards could not be assessed.

After the matter was referred (June 2020) to the Government, the Director Planning H&UDD, while accepting (August 2020) the audit contention stated that procurement of machine was delayed till completion of proposed Septage Management Plants (STPs) and that 12 machines (out of 15) had been received.

(C) Drainage sector

Out of 31 sub-projects under Drainage sector, 11 sub-projects had been completed as of March 2019 and additionally 12 sub-projects were completed as of September 2020. Of these, 13 sub-projects in four sampled mission cities were selected in Audit and the Important Audit findings in respect of one sub-project are as follows:

5.2.4.4 Storm water drainage scheme in Srinagar city

The EE, City Drainage Civil, Srinagar proposed (2016-17) a project for storm water drainage of Gangbug area of Srinagar city, as the area did not have a proper drainage system and surface water overflow caused flooding and water stagnation in the Gangbug area. The DPR of the project was approved (December 2016) under AMRUT at an estimated cost of ₹ 1.95 crore, which included laying of Ductile Iron (K7) pipes for 5,680 meters length of drain, with necessary manholes.

Audit noticed (February 2020) that EE, Civil Drainage Division, Srinagar laid 5,436 metres of the drain with RCC NP3 pipes instead of Ductile Iron (K7) pipes which were originally approved as per DPR, at a cost of ₹ 1.32 crore during the period from August 2017 to August 2018. The EE City Drainage Civil, Srinagar incurred (August 2018) extra expenditure of ₹ 74.85 lakh on laying of RCC pipes procured at higher rates against the approved Ductile Iron (K7) pipes.

After this was pointed out in Audit (February 2020), the EE, Civil Drainage Division, Srinagar stated (January 2021) that DPR was prepared by a firm[31] and vetted by another Consulting firm[32] without conducting survey/ examination of requirements and that the matter had been taken up with the consultant and action taken would be intimated to Audit. However, the contract was advertised as per BOQ approved by the competent authority.

The reply should be seen in light of the fact that though DPR had specified providing Ductile Iron (K7) pipes, yet the contractor had laid RCC NP3 pipes at higher rates.

(D) Urban Transport Sector

Urban Transportation sector is aimed at providing basic services to households and build up amenities in cities to improve the quality of life.

[31] M/s WAPCOS Ltd.
[32] M/s IPE Global.

Out of 19 sub-projects under Urban transport sector, which include traffic management system, contract for 17 sub-projects had been awarded, while construction of only three sub-projects had been completed (March 2019) and additionally four sub-projects were completed as of September 2020.

Of these, 12 sub-projects (out of 19) in four sampled mission cities were selected for Audit, on the basis of expenditure incurred and important Audit findings issues in respect of seven sub-projects are given in the succeeding paragraphs.

5.2.4.5 Jammu city

I. Traffic Management System

The DPR for 'Installation of Intelligent Traffic Light System (ITLS)' for Jammu city proposed by JMC under SAAP 2015-16 at an estimated cost of ₹ 27.50 crore[33] was approved (January 2016) by SHPSC with four main components[34]. The objective of the project was that intelligent traffic lights system should be capable of integration with city surveillance system, interchange of data with the existing system of Vahan-Sarthi project of Regional Transport Office (RTO), generating real time reports and challans including images for presentation in the Court of law for investigation/ analysis.

Against four components of work, the JMC invited tenders[35] for three components with tendering for one component[36] being excluded. The tenders could not be finalised by the JMC between April 2016 and June 2016, due to participation of less than three bidders. On the third occasion (September 2016) two bidders out of three bidders[37] were found to be lacking in at least one of the essential pre-qualification requirement[38] by the SLCC during the technical evaluation (November 2016). The SLCC decided (November 2016) to allot contract to the sole qualified bidder to M/s DIMTS at a cost of ₹ 14.25 crore, who was declared qualified (November 2016) by the contract committee in Technical/ Financial evaluation, with the work to be completed within six months from the date of allotment order (January 2017). The firm was required to provide an integrated system to control and monitor all 64 intersections from a common command control center. The traffic lights at 64 junctions including setting up of a control room were completed (June/ October 2018) at a cost of ₹ 14.51 crore. After installation of traffic lighting system at 64 intersections, the Traffic Department placed (between March 2018 and

33 Including ₹ 8.40 crore for comprehensive AMC from 3rd year upto 10th year of its completion.

34 (1) 'Survey, design, supply, installation, commissioning and maintenance of intelligent traffic signal system with operation & monitoring of traffic lights from a centralized control room remotely at 34 locations in Jammu city'; (2) Upgradation of all existing 30 fixed time standalone traffic signal system to intelligent traffic system with operation and monitoring of the traffic lights from a centralized control room remotely; (3) Survey, design, supply, installation, commissioning and maintenance of pedestrian signal lights at existing 30 locations in Jammu city'; and (4) Survey, design, supply, installation, commissioning and maintenance of red light signal violation detection with vehicle registration number plate recognition system to cover one intersection in Jammu city.

35 April 2016, June 2016 and September 2017.

36 Survey, design, supply, installation and maintenance of Red Light Signal Violation Detection (RLVD) with vehicle registration number plate recognition system to cover intersections in Jammu city.

37 M/s DIMTS (T-1); M/s ONNYX (T-2) and M/s J&K SICOP (T-3).

38 Experience of maintenance of 40 lights with C-DAC technology.

July 2019) 31 intersections on signal mode and 33 intersections on blinking mode for periods ranging between 12 and 16 months, indicating the limited functionality of these traffic signals. This indicated that proper assessment of site, traffic and requirement of junctions was not made before installation of traffic lighting system.

After being pointed out in Audit, the EE (Electric), Jammu Municipal Corporation (JMC), while accepting the audit observation, stated (August 2019) that all junctions would be brought under the intelligent traffic management system in future and that tender for RLVD for 16 junctions was under way.

Thus, non-execution of work on Red Light Signal Violation Detection (RLVD) and non-existence of mechanism for monitoring violations of traffic signals at 64 intersections besides putting 33 signals at blinking mode defeated the very purpose of installation of Intelligent Traffic Lighting System and rendered expenditure of ₹ 14.51 crore incurred on the project largely unfruitful, as of December 2020.

II. Srinagar city

Keeping in view the heavy vehicular and pedestrian traffic, the Srinagar Municipal Corporation (SMC) in consultation with Traffic police authorities proposed (2015-16) installation and upgradation of Intelligent Traffic Lighting System[39] in Srinagar city. The project approved (December 2016) by SHPSC at an estimated cost of ₹ 15.92 crore was bifurcated into two phases. Work on Phase I of the project[40] was allotted (February 2017) at a cost of ₹ 4.15 crore to a contractor for completion in six months. Audit noticed (December 2019) that the contractor could not take up execution of work during March 2017 to September 2017, due to pending permission for road cuttings from Roads & Building (R&B) Department. The contractor finally started work in September 2017 and had completed 65 *per cent* of the work, as of September 2020.

The Joint Commissioner (Works), SMC, Srinagar stated (February 2020) that matter regarding start of work at new locations had been taken up with the Chief Engineer, PWD (R&B) Department, Kashmir and notice for delay in execution of work had been issued (October 2019) to the contractor. No progress had been achieved in allotment of second phase of the project to be executed at an estimated cost of ₹ 10.46 crore (January 2020). As of January 2021, work on the project was incomplete.

The Department, while accepting the audit observation, attributed (June 2020) the delay to law and order issues and pending permission for road alterations from R&B Department.

---

[39] Part-A: Installation of 21 new junctions: ₹ 6.95 crore, Part-B: Upgradation of existing 20 fixed time standalone: ₹ 4.23 crore, Part-C: Installation of Pedestrian Signal lights at existing 28 Junctions: ₹ 0.64 crore, Part D: Standalone Mode Traffic Signals at 21 Junctions and Part E: Installation of Red light signal violation detector at one intersection: ₹ 0.45 crore.

[40] Phase-I installation of 5 Junctions, upgradation of 5 Junctions, Standalone 10 Junctions, RLVD-1 Junction and installation of centralised control room at an estimated cost of ₹ 5.46 crore.

Thus, despite availability of funds, the very purpose of installation of system could not be achieved, as of September 2020.

5.2.4.6 Parking facilities

Projects for construction of Parking facilities at the four[41] selected Mission Cities were taken up under AMRUT during 2015 to 2017. The succeeding paragraphs highlight audit findings regarding the parking facilities in the three selected Mission Cities.

I. Anantnag City

Construction of a multi-level car parking sub-project at Janglat Mandi, Anantnag was taken up (May 2017) by the Executive Engineer[42] at an estimated cost of ₹ 17 crore. The work for construction of car parking was allotted (October 2017) to a contractor for ₹ 14.45 crore, to be completed within 24 months. The cost of the sub-project increased by ₹ 1.55 crore to ₹ 16 crore as the foundation was changed from pile to raft, on the basis of soil test carried out by the EE, Urban Local Bodies, Kashmir. This indicated that proper survey was not carried out while preparing the DPR. As of September 2020, about 85 *per cent* of the work of the sub-project was completed.

On being pointed out (December 2019) in Audit, the Executive Engineer, Urban Local Bodies, Kashmir stated (January 2020) that the DPR of the sub-project was prepared on the basis of assumed safe bearing capacity of soil, entailing change from pile to raft foundation, thereby enhancing allotted cost from ₹ 14.45 crore to ₹ 16 crore.

II. Jammu City

A. Panjthirthi

The JMC had initially engaged (2015-16), a firm[43] for conducting the geo-technical investigation of the site for construction of this sub-project. The firm reported (June 2015) that the proposed site was developed as a dumping area for more than 25 years. Although it was known that the site was a dumping ground, the same site was proposed by JMC (April 2015) to SLCC (July 2016) for taking up as a parking project under AMRUT. The SLCC approved (April 2017) the project and the work was allotted (June 2017) by the JMC to the contractor at a cost of ₹ 26.20 crore, to be completed in two years. Another consultant was engaged (August 2016) on nomination basis, for providing the designs and drawings and was paid ₹ 12.07 lakh[44].

The contractor was not able to start the work after allotment due to non-submission of working drawings by the consultant. Further, the Chief Engineer, Design, Inspections and Quality Control Department, Jammu, also advised (April 2018) to get the geological investigation of the site done which was conducted (May/ June 2018) by a

41 Anantnag (May 2017); Jammu (April 2015 and March 2017); Srinagar (2016-17); and Leh (2015-16).
42 Executive Engineer, Urban Local Bodies, Kashmir.
43 M/s Bharat Analytic House Pvt. Ltd., Jammu.
44 September 2017 and February 2018.

separate Consultant[45] at a cost of ₹ 13.69 lakh. The Geological Consultant reported (June 2018) that the site was filled with mixed waste material up to 16 meters and suggested to put the pit foundation at a minimum five metres below the filling area. The Joint Commissioner, JMC eventually proposed (August 2018) for the cancellation of the contract, due to probable increase of cost on new items of work necessitated by the deficiencies[46] in the selected site. The JMC had initially incurred (August 2017) an expenditure of ₹ 9.40 lakh for shifting of utilities from the site.

Thus, due to selection of unsuitable site, an expenditure of ₹ 35.16 lakh[47] incurred till January 2019 on Preliminary expenses and shifting of utilities, was rendered wasteful.

B. Peerkho

The project for construction of Multi-tier car parking was approved under AMRUT by the SLTC and SHPSC in March 2017 and August 2017 and was to be completed in October 2017 at an estimated cost of ₹ 19.90 crore along the right bank of Nallah near Peerkho temple, Jammu. An expenditure of ₹ 25.60 lakh had been incurred (May/ June 2017) on preparation of DPR of the project. The contract could not be finalised till September 2018 due to difficult site conditions including steep hill slope at the proposed site. The proposal for construction of the car parking even at the proposed alternate site along the bank of river Tawi was dropped, due to non-availability of encumbrance free land.

The selection of unsuitable land for construction of multi-level car parking at the site resulted in wasteful expenditure of ₹ 25.60 lakh on preparation of DPR. The Joint Commissioner (works) JMC confirmed (October 2019) that proposal had been dropped due to non-availability of land.

III. Srinagar City

Work for construction of car parking at Sheikh Bagh, Srinagar was allotted (April 2017) for ₹ 22.61 crore to a contractor to be completed within 36 months. The Department revised (June 2018) the DPR of this sub-project due to three chinar trees coming in the alignment of the car parking. This led to increase in cost of the project by ₹ 43 lakh on account of increase in plinth area, indicating that proper survey was not done before preparing the DPR.

As of September 2020, project works to the extent of 59 *per cent* had been completed after incurring expenditure of ₹ 15.43 crore. While accepting the Audit Observation (January 2020), the Financial Advisor and Chief Accounts Officer of Srinagar Development Authority attributed the delay and increase in cost to bottlenecks coming to the notice of executing agency after start of work, entailing change in project design/ specification.

---

45 M/s Ishan Calibration, Jammu.

46 The site included two terraces with sloped surface area (40 *per cent* of total area), and the initial estimate of the project was prepared assuming Soil Bearing Capacity (SBC) in a plain area and no geo-tech investigation was carried out in the sloped part of the land comprising waste fill in material

47 (i) Shifting of utilities: ₹ 9.40 lakh; (ii) Total of consultancy services: ₹ 25.76 lakh.

5.3 Balance Central share liability of ongoing Jawaharlal Nehru National Urban Renewal Mission projects for the State of Jammu and Kashmir

5.3.1 Introduction

The Jawaharlal Nehru National Urban Renewal Mission (JnNURM) launched by the Ministry of Urban Development (MoUD), Government of India (GoI) in December 2005 and was implemented in the State of Jammu and Kashmir in 2007. The Mission, a reform driven fast track programme to ensure planned development of identified cities; focused on efficiency in urban infrastructure/ service delivery mechanism, community participation and on enhancing accountability of Urban Local Bodies (ULBs). The Mission had four sub-missions which included Urban Infrastructure and Governance (UIG), Basic Services to the Urban Poor (BSUP), Urban Infrastructural Development Scheme for Small and Medium Towns (UIDSSMT) and Integrated Housing and Slum Development Programme (IHSDP). The MoUD instructed (August 2015) that all incomplete projects under the scheme sanctioned during the period 2005-12 in which 50 *per cent* or more of the additional central assistance had been released and physical progress was 50 *per cent* or more as on 31 March 2014, as well as all such projects sanctioned during the period 2012-14 would be funded under AMRUT. Out of all the projects of JnNURM, J&K, seven projects[48] which could not be completed due to cost revision, non-availability of second/ final instalment and incorporation of some additional components were targeted under funding from the Prime Minister's Development Package (PMDP).

The MoUD, GoI acts as nodal ministry for implementation of projects under UIG/ UIDSSMT. The Commissioner/ Secretary Housing and Urban Development Department assisted by the Chief Executive Officer (CEO), Jammu and Kashmir State Urban Infrastructural Development Agency (SUIDA) oversee the implementation of the Mission in the State. Four out of seven projects were implemented by the Chief Executive Officer, Ladakh Autonomous Hill Development Council (LAHDC), Leh, one road project each of Doda and Ganderbal was implemented by the Directors, Urban Local Bodies, Kashmir and Jammu while one Sewerage project, Srinagar pertaining to Srinagar Municipal Corporation was executed by the National Building Construction Corporation.

5.3.2 Financial Status

The seven held up projects, with an estimated cost of ₹ 378.75 crore, were sanctioned during 2005 to 2014 under erstwhile JnNURM. The GoI released additional ₹ 127.24 crore under the PMDP during February-March 2017 on these projects apart from ₹ 188.39 crore released under JnNURM. The project-wise status of funds sanctioned and released along with expenditure incurred during the period from 2013 to 2020, is given in the **Table 5.3.1**.

[48] Two projects sanctioned (1) Sewerage Project, Srinagar (2) Road Project, Doda during the period 2005-12 and five projects (1) Road Project, Ganderbal (2) Water supply scheme, Leh (3) Improvement of Road Network, Leh (4) Solid waste Management, Leh and (5) Sewerage Project, Leh sanctioned during the period 2012-14.

Table 5.3.1: Position of funds

(₹ in crore)

Sl. No.	Name of the Project	Additional assistance released by GoI			State share released	Total assistance released	Expenditure incurred	Unutilised funds *(Percentage)*
		Previous scheme[49]	PMDP	Total

	Total	**188.39**	**127.24**	**315.63**	**25.80**	**341.43**	**294.68**	**46.75 *(14)***

(Source: Departmental records)

Against sanctioned cost of ₹ 378.75 crore in respect of seven projects, the total Central share committed was ₹ 327.58 crore and the balance amount of ₹ 51.17 crore was to be provided by the State. As of March 2020, a total of ₹ 341.43 crore[50] was released, out of which an expenditure of ₹ 294.68 crore was incurred, leaving ₹ 46.75 crore (14 *per cent*) unutilised.

After the matter was referred (June 2020) to the Government, the Director Planning, Housing and Urban Development Department (H&UDD) stated (August 2020) that Central assistance of ₹ 21.30 crore released for Sewerage Project, Srinagar had been utilised in full while against release of ₹ 8.13 crore for Road Projects, Doda and Ganderbal under the PMDP, ₹ 3.96 crore had been utilised for Road project Ganderbal and balance was being refunded to the GoI.

5.3.3 Project execution

The works under the five projects[51] selected for test check (estimated cost: ₹ 221.65 crore) of the Mission executed by the State/ UT Government were not complete, as of March 2020 due to non-acquisition of land, non-finalisation of contracts, delayed process in settlement of issues and incorporation of additional components of works of these projects. Audit examination of records relating to implementation of selected projects revealed the following.

5.3.3.1 Improvement of Road project in Doda

A DPR for improvement of interior roads of Doda town at a cost of ₹ 4.56 crore was prepared by the Public Works (R&B) Department, with a view to accommodate 500 Passenger Car Units (PCU) per day against existing capacity of 25 units per day and to provide connectivity to interior areas of Doda town for mobility of goods and passengers and relief and rehabilitation services during natural calamities. The project

49 Prime Minister's Reconstruction Plan

50 Centre: ₹ 315.63 crore and State: ₹ 25.80 crore.

51 1. Road project Doda; 2. Water supply scheme, Leh; 3. Improvement of Road Network, Leh; 4. Solid waste Management, Leh and 5. Sewerage Project Leh.

was approved (December 2006) by the State Level Steering Committee (SLSC)[52] at an estimated cost of ₹ 4.31 crore to widen three[53] interior roads to single lane and construct a new double lane road. Land was to be acquired by the Department for which a provision of ₹ 96 lakh for compensation had been kept in the DPR. As per UIDSSMT guidelines, implementing agencies were required to open and maintain separate Bank accounts for each project in a Commercial Bank for all receipts and expenditure. Audit examination (June 2019) of records of the Executive Engineer (EE), R&B Division, Doda revealed that ₹ 4.31 crore was released under UIDSSMT (₹ 2.37 crore)/ PMDP (₹ 1.94 crore) by the Director, ULB, Jammu to the Division for construction of roads during 2007-08 to 2018-19. Out of ₹ 4.31 crore, an amount of ₹ 2.28 crore was spent (September 2020) on construction of these three roads, while as ₹ 1.94 crore had remained un-utilised in the current Bank account and was subsequently remitted (November 2019) into the Government account. Audit noticed (June 2019) that despite incurring expenditure of ₹ 1.04 crore on works of two roads[54] allotted between March 2008 and January 2009, the project could not be completed due to non-acquisition of land, before award of contracts and stay orders issued (October 2013) by the Jammu and Kashmir High Court. Audit further noticed that EE, R&B Division, Doda after incurring expenditure of ₹ 1.20 crore on the third road[55] submitted (December 2018) a revised estimate of ₹ 4.02 crore to the District Superintending Engineer, PWD (Roads & Buildings), Doda for accord of administrative approval as the work could not be completed in time due to delayed settlement of land compensation cases. The administrative approval was not accorded as of March 2020. Due to non-acquisition of encumbrance free land before allotment of work, construction of roads could not be completed (September 2020) even after incurring expenditure of ₹ 2.28 crore, besides objective of providing improved connectivity to the interior areas of Doda town for mobility of passengers and goods could not be achieved.

After the matter was referred (June 2020) to the Government, the Director Planning, H&UDD stated (August 2020) that execution of work on two road projects could not be carried out in full due to non-acquisition of land which was objected to by the land owners and stayed by the High Court and widening of link road was completed up to 50 *per cent*. It was further stated that work was unlikely to be executed in near future and that unspent balance of ₹ 2.01 crore was being refunded back to the GoI.

55 Old Iddgah road and its extension upto Akramabad.

5.3.3.2 Solid Waste Management project, Leh

The Ladakh Autonomous Hill Development Council entrusted preparation of DPR for Solid Waste Management System (SWMS) for Leh town to M/s Tetra Tech, New Delhi during the year 2007-08. As per the DPR, 13.53 tons of waste was generated in Leh town per day, of which 6.27 tons was bio-degradable, 3.27 tons recyclable and 1.84 tons construction waste. The components of SWMS included primary and secondary waste collection, storage and transportation of waste, followed by processing and disposal. The SLSC approved (March 2013) SWMS under UIDSSMT, at an estimated cost of ₹ 10.94 crore. The SWM facility was proposed at a site located at village Chuchot/ Stoke by the Municipal Council, Leh.

Audit scrutiny (September 2019) of records of the Executive Engineer (EE), Construction Division, Leh revealed that the Division, constructed an approach road at a cost of ₹ 40.02 lakh during the period from October 2013 to November 2015, in anticipation of acquisition of land at Chuchot for establishment of SWMS Project. Due to objection raised by locals to the construction of SWMS, the site was changed (August 2015) to Shakshaliyu due to which the constructed portion of road could not be utilised (September 2019) resulting in unfruitful expenditure of ₹ 40.02 lakh. The key construction material purchased by the Division at a cost of ₹ 2.50 crore during October 2013 to March 2014 had not been utilised on the project and was diverted (September 2013 to April 2016) and utilised on construction of roads and buildings not related to the Project.

Audit further noticed (September 2019) that EE, Construction Division, Leh awarded (November 2016 and August 2017) the work 'Construction and assistance in operation and maintenance of in-vessel compost plant and development of Solid Waste Management System' at Shakshaliyu on a turnkey basis to M/s WAPCOS Limited. The Department revised (July 2017) DPR of the project and the revised cost was retained at ₹ 10.94 crore but some components[56] of previous DPR had been deleted to increase cost of other components, resulting in cost escalation of ₹ 1.76 crore in respect of these components. Audit further noticed that M/s WAPCOS Limited in turn awarded (December 2017) execution of work at a cost of ₹ 5.89 crore to M/s 3R Management Private Limited for completion within 12 working months. However, execution of the project had not been completed by the contractor as of March 2020. Reasons for non-completion were not provided by the Department.

Audit also observed that 10,000 dust bins purchased by the Municipal Committee, Leh at a cost of ₹ 75.28 lakh against an allocation of ₹ 80 lakh during 2015 to 2016 for primary collection of waste had been issued to the householders. The Department had belatedly allotted (September 2019) construction of Sanitary Landfill at the site to M/s 3R Management Private Limited, New Delhi at a cost of ₹ 1.05 crore for completion of work in four months. The work on Sanitary landfill was completed in March 2020. Audit noticed (September 2019) that due to non-establishment of

[56] Primary collection of waste: ₹ 70.38 lakh; Secondary collection of waste: ₹ 8.17 lakh, Sanitary Landfill: ₹ 66.74 lakh; In vessel Compost plant: ₹ 4.59 lakh; and Protection work at new site: ₹ 26.09 lakh.

SWMS, solid waste of town was being disposed of by the Municipal Committee, Leh in open at Bombgard thus, creating unhygienic environment in the area. On spot inspection (September 2019) of the site by Audit together with departmental officials revealed that segregation of biodegradable and non-biodegradable waste was not made before being transported on trial basis to SWM site. Further, no mechanical system was in place for separation of non-biodegradable waste and staff had also not been deployed for segregation of waste at the ramp. An expenditure of ₹ 8.64 crore (against release of ₹ 10.39 crore) on the establishment of SWMS had been incurred by the Department, as of September 2020.

Solid waste at the ramp of Solid Waste Management Facility at Shakhshaliyu carried to IVC system without segregation (11 September 2019)

Thus, due to non-acquisition of land in time and improper planning in execution of work, the project could not be completed, despite availability of funds rendering expenditure of ₹ 9.18 crore unfruitful. The Executive Engineer Construction Division, Leh stated (September 2019 and June 2020) that work could not be completed within the prescribed time due to non-finalisation of site and delay in allotment of contract and that work on the project was in progress and would be completed in shortest possible time.

After the matter was referred (June 2020) to the Government, the Director Planning, H&UDD stated (August 2020) that landfill site, road work and boundary wall had almost been completed and that project was being commissioned shortly. Further updation is awaited (August 2020).

5.3.3.3 Improvement of Road Network at Leh

The project 'Improvement of road network of Leh' was approved (March 2013) by the State Level Screening Committee (SLSC) under JnNURM at a cost of ₹ 76.53 crore. Under the project, 80 roads were identified (March 2011) for improvement/ upgradation by the Department.

Audit examination (September 2019) of records of the Executive Engineer, R&B Division, Leh revealed that an amount of ₹ 72.71 crore had been released for the project ending March 2019. After incurring expenditure of ₹ 23.84 crore (as of

March 2017) the DPR was revised (July 2017) and five[57] new items of work with estimated cost of ₹ 15.30 crore were included in the revised DPR indicating that scope of work of the project had been significantly changed by the Department. The revised DPR and new items of work were not approved by the SLSC. An expenditure of ₹ 8.26 crore was incurred during July 2017 to August 2019 on these new items of work in anticipation of approval by the competent authority and ₹ 2.23 crore was spent on procurement of machinery/ equipment, repair of vehicles, salary of casual labourers not related to the project. The Department had completed (March 2020) construction of only 24 roads along with allied items of work[58] after incurring an expenditure of ₹ 63.84 crore. Also, the Division diverted an amount of ₹ 10.48 crore from the project funds for execution of unapproved works/ items etc.

After the matter was referred (June 2020) to the Government, the Director Planning, H&UDD stated (August 2020) that 80 *per cent* of works were completed and that balance works had been allotted to contractors and were expected to be completed during 2020-21.

5.3.3.4 Water Supply Scheme, Leh

In order to supplement the existing water supply system in Leh town, the Ladakh Autonomous Hill Development Council (LAHDC) entrusted (September 2008) preparation of DPR for 'Augmentation and reorganisation of water supply scheme for Leh' to a Consultant[59]. According to the DPR submitted (October 2011) by the firm, water availability for the town from existing sources was inadequate for the present population and highly inadequate for the requirements of the population in future. The DPR envisaged construction of one infiltration well, rising main, five lift stations, five service reservoirs and a distribution network. The project was approved (March 2013) by the SLSC at an estimated cost of ₹ 70.49 crore for submission to GoI for sanction under UIDSSMT. Audit examination (September 2019) of records of Executive Engineer, PHE Division, Leh revealed that the Central Ground Water Board (CGWB) was requested (February 2014) to carry out hydrogeological survey to assess feasibility for construction of tube wells in and around Choglamsar. CGWB had recommended (September 2014) that the area was feasible for construction of tube wells. As of September 2019, the Department had not been able to acquire land for construction of tube wells resulting in non-development of source for water supply. Though construction of service reservoirs of the scheme had been completed as of March 2015 but the work for construction of infiltration well could not be awarded during the period from September 2013 to June 2016 due to lack of response to the tenders. Without ensuring functional source for water supply, the Department had incurred (as of September 2020) an expenditure of ₹ 51.10 crore on construction of

[57] Beautification of Leh Bazar by way of: (1) providing and laying of Granite stone (₹ 22.05 lakh), (2) providing and laying of chilling flag stone (₹ 3.64 crore), (3) side drain, utility duct and road pavement (₹ 6.48 crore), (4) Construction of road from old SSP residence to New Bus Stand (₹ 67 lakh) and (5) Providing for electrification of Bazar by PDD (₹ 3.50 crore) and contingencies thereon (₹ 79.76 lakh).

[58] Central divider 0.30 Km, Side drain, foot path, central verge, utility duct, Installed street lights, RCC pavements, MS pipe crossings.

[59] M/s Tetra Tech India Limited New-Delhi.

remaining components[60] of the scheme and also diverted ₹ 1.23 crore towards maintenance and repairs of works which were not related to the project.

Thus, failure of the Department to acquire land for construction of tube wells and also to award work for construction of infiltration well, resulted in non-establishment of source for water supply, resulting in idle investment of ₹ 51.10 crore on the project. The objective of enhancing water availability for inhabitants of the town and for future population growth also could not be achieved.

After the matter was referred (June 2020) to the Government, the Director Planning, H&UDD stated (August 2020) that possession of land had been taken and tenders for construction of five tube wells were floated and expected to be completed by end of the year. It was also stated that after availability of water from the tube wells, the laid distribution network would be utilised to full capacity.

5.3.3.5 Sewerage system for Leh

For collection, transportation, treatment and disposal of sewage and sullage discharged from communities, LAHDC decided (August 2011) to establish sewerage system for Leh town. The DPR of the project submitted (November 2011) by M/s Tetra Tech Limited (firm) envisaged construction of 6.5 MLD[61] Sewerage Treatment Plant (STP) with MBBR[62] technology, three pumping stations, three lift stations and laying of sewer lines in three network zones. The SLSC approved (March 2013) the project at an estimated cost of ₹ 59.39 crore for submission to GoI for sanction under UIDSSMT and an amount of ₹ 56.43 crore had been released for the project ending March 2019.

Audit examination (September 2019) of records of EE, PHE Division, Leh revealed that the Department entrusted (December 2016) construction[63] of 6.5 MLD STP at Agling Leh to M/s WAPCOS Limited (GoI undertaking) on turnkey basis at a cost of ₹ 20.40 crore for completion in two years and advanced (March 2017) ₹ one crore to the firm as mobilisation advance. As per the scope of work stipulated in the Memorandum of Agreement executed by the Department with M/s WAPCOS Limited, the latter had to invite E-tender for appointment of construction agency for execution of the project. Tenders for establishment of STP on the basis of Sequencing Batch Reactors (SBR) technology in place of MBBR technology were invited twice by M/s WAPCOS Limited during March 2017 to July 2017 and could not be finalised due to higher rates quoted by the bidders. Even after reducing capacity of STP from 6.5 to 3 MLD, work of STP could not be awarded. M/s Nitasha Constructions was declared (February 2018) qualified with offer of ₹ 21.03 crore (in third tendering) but the work could not be awarded due to budgetary constraints. The Department

60 Five reservoirs: ₹ 2.15 crore; Laying of rising main: ₹ 3.85 crore, Distribution main: ₹ 40.32 crore and Contingencies: ₹ 2.02 crore.
61 Million Litres per Day.
62 Moving Bed Biofilm Reactor.
63 Including design, consultancy, erection, commissioning, operation and maintenance.

cancelled (April 2018) the agreement executed with M/s WAPCOS Limited for non-finalisation of contract.

After the Department itself invited (June 2018) tenders, M/s Nitasha Constructions qualified for execution of work at a cost of ₹ 14.38 crore and letter of intent was issued in September 2018. As the firm did not take up work of STP, the Department forfeited (June 2019) bid security of ₹ 30 lakh. The Department however, incurred an expenditure of ₹ 1.93 crore on construction of compound wall at the proposed STP site.

The Department after incurring an expenditure of ₹ 29.48 crore (March 2017) on laying of sewer lines of the project, decided (July 2017) to take up only those sewer lines which flow by gravity. The construction of pumping stations was withdrawn in revised DPR (July 2017) while cost of sewer lines had increased. The Department, in anticipation of establishment of STP incurred an expenditure of ₹ 40.77 crore on construction of sewer lines (₹ 38.35 crore), compound wall (₹ 1.93 crore) and house sewer connections (₹ 0.49 crore) at STP site (March 2020). Thus, failure of the Department to finalise contract of STP of the project, resulted in idle investment of ₹ 40.77 crore in creation of infrastructure.

After the matter was referred (June 2020) to the Government, the Director Planning, H&UDD stated (August 2020) that work of STP had been awarded in February 2020 to be completed by July 2021 and that the infrastructure created for proper disposal of sewage and sludge would be fully utilised. The fact remains that despite approval of the Project in March 2013 and lapse of over six years the sewerage system could not be established in Leh.

Planning Development and Monitoring Department

5.4 Externally Aided Project of Jammu and Kashmir Urban Sector Development Investment Programme and Completion of pending projects under PMRP 2004: Counterpart Funding –ADB II

5.4.1 Introduction

The Jammu and Kashmir Urban Sector Development Investment Programme (JKUSDIP) was approved (31 May 2007) for execution by the Asian Development Bank (ADB) to promote economic growth in Jammu & Kashmir through expansion of basic urban infrastructure and provide better living conditions to people of two capital cities of Jammu & Srinagar and other towns of the State. The original period of implementation of the programme was eight years from the date of approval of the program, which was extended by ADB from time to time and finally closed on 30 May 2017.

Three tranches comprising 50 sub-projects[64] were taken up for execution with a loan of ₹ 1,021 crore and counterpart share of ₹ 673 crore. The counterpart share of ₹ 359.04 crore was received during the currency of Prime Minister Reconstruction

[64] Tranche 1: 10 sub-projects; Tranche 2: 33 sub-projects and Tranche 3: 7 sub-projects.

Package (PMRP). After announcement of the Prime Ministers Development Package (PMDP), a provision for an amount of ₹ 1,278[65] crore was kept for completing the works of 42 sub-projects which had either remained incomplete or had not been taken up for execution under PMRP. Details of sub-projects taken up under PMRP and the PMDP funding are given in ***Appendix 5.4.1***.

As per the information made available to Audit (October 2020), out of total of 44 sub-projects (including 2 sub-projects re-allotted against one terminated sub-project), 41 sub-projects had been completed (February 2015 to September 2020) and two sub-projects were in progress as of September 2020. Out of these 44 sub-projects, 15 sub-projects (34 *per cent*), involving a total expenditure of ₹ 663.45 crore (47 *per cent*) were selected for scrutiny in Audit. The sub-projects were selected under each category of completed, ongoing and procurements (5 sub-projects for each) by using judgemental sampling on the basis of expenditure incurred on their execution.

5.4.2 Organisational Set up

Jammu and Kashmir Economic Reconstruction Agency (JKERA) was governed by a body with the Minister of Planning as its Chairman, Chief Executive Officer (CEO) of JKERA as its Member Secretary and other members comprising Chief Secretary, Principal Secretary Planning Development and Monitoring Department (PD&MD) and three Members of Legislative Assembly (MLAs) one each from Jammu, Kashmir and Ladakh. The Governing Body has the responsibility of providing policy guidance for implementation of the programme and CEO is the executive authority for implementation of the programme.

5.4.3 Selection and execution

As per schedule V of loan agreement executed between ADB and the GoI, an executive committee was required to be established by GoJ&K to guide JKERA on matters relating to project activities. A Local Level Steering Committee (LLSC) was also required to be established to facilitate interaction between JKERA and participating agencies for selection of sub-projects, review their scope and design and coordinate between various agencies for approvals and clearances. Neither were these Committees formed nor was a shelf of projects framed in coordination with the line Departments for placing it before the LLSC. As a result, sub-projects were randomly taken up for execution, without prioritising these as per specific needs of the state.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S) PD&MD stated (August 2020) that selection of sub-projects was done with the approval of Board of Governors (BOG) after deliberations and discussion with the line departments. The fact remains that LLSC was to facilitate interaction between JKERA and participating agencies for selection of sub-projects and that BOG was not competent for selection of sub-projects, instead it had to guide JKERA in all matters relating to implementation and execution of sub-projects.

[65] ADB loan: ₹ 712 crore; Counterpart share: ₹ 566 crore.

5.4.4 Financial management

The ADB loan for the project was approved (May 2007) for ₹ 2,425 crore through Multi-tranche Financing Facility (MFF) comprising loan of ₹ 1,500 crore and counterpart share of ₹ 925 crore. The ADB loan was received by Department of Economic Affairs (DEA), Ministry of Finance, Government of India (GoI) and passed on to GoJ&K as Additional Central Assistance (ACA). The counterpart share for implementation of programme was also borne by GoI. Under the PMDP, the GoJ&K received (October 2015 to November 2017) ₹ 936.24 crore comprising ADB loan of ₹ 622.28 crore and counterpart share of ₹ 313.96 crore. Till March 2019, the JKERA received ₹ 1,679.17 crore comprising ADB loan of ₹ 1,006.17 crore (includes ₹ 3.41 crore released by ADB directly[66] to those contractors who had opted for payment of their claims in foreign currency) and counterpart share of ₹ 673 crore for completion of 44 sub-projects under the PMDP. In addition, JKERA also received an amount of ₹ 24 crore out of State plan funds for execution of those sub-projects of JKUSDIP which were either state funded or had not been approved by ADB for financing. The year-wise status of receipts by JKERA and expenditure incurred during the period from 2014-15 to 2018-19 is given in **Table 5.4.1**.

Table 5.4.1: Fund Status

(₹ in crore)

Year	Opening Balance	Funds received during the year				Total availability of funds	Expenditure incurred	Balance
		ADB loan	GoI share	State share	Misc. receipts#			
2014-15	15.51[67]	78.36	47.00	0	0.56	141.43	157.27	(-) 15.84
2015-16	(-) 15.84	201.91	104.04	0	0.54	290.65	305.50	(-) 14.85
2016-17	(-) 14.85	196.97	200.00	21.00	1.29	404.41	324.28	80.13
2017-18	80.13	214.14	113.96	3.00	1.92	413.15	395.42	17.73

includes savings Bank interest and sale of bid documents
(Source: Records of JKERA)

As against the total availability of ₹ 1,354.56 crore during 2014-15 to 2018-19, an expenditure of ₹ 1,341.15 crore was incurred by JKERA, leaving unutilised balance of ₹ 13.41 crore, as on 31 March 2019.

As per the information made available by JKERA (October 2020), an amount of ₹ 80 crore were received by JKERA out of the State Plan during the period April 2019 to September 2020 for completion of ongoing sub-projects against which an expenditure of ₹ 68.24 crore was incurred during the same period, leaving an unspent balance of ₹ 26.93 crore as on 30 September 2020.

Audit further noticed as follows:

5.4.4.1 Delay in sanction of funds

As per condition of the sanction orders, funds should be transferred to implementation agencies immediately after receipt from the GoI. Audit noticed (September 2019) that

66 In accordance with the provisions contained in Chapter-7 of Loan Disbursement Handbook of ADB.
67 ₹ 15.51 crore closing balance of PMRP for the year 2013-14.

an amount of ₹ 1,307.69[68] crore received from the GoI during the period March 2014 to November 2017 was released in favour of JKERA by the J&K Finance Department with delays ranging between 5 days and 790 days. The funds retained by the Finance Department during the period 2014-15 to 2018-19 ranged between ₹ 3.19 crore and ₹ 167.23 crore, thereby hampering the progress of execution of various sub-projects, as discussed in the succeeding paragraphs. Due to delay in completion of sub-projects within the loan closure period (30 May 2017), the GoJ&K received (August 2009 to November 2017) ₹ 1,006.17 crore only from ADB against an approved amount of ₹ 1,021 crore, thereby resulting in loss of ADB loan assistance of ₹ 14.83 crore.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that delay in release of funds was due to precarious liquidity position faced by erstwhile State of Jammu and Kashmir.

5.4.4.2 Utilisation Certificates

As per condition laid down in fund release order of the GoI, the GoJ&K had to submit Utilisation Certificates (UCs) to NITI Aayog, GoI. The UCs were to be submitted on the basis of funds utilised by the executing agency (JKERA). Audit noticed (May 2019) that against counterpart funds of ₹ 673 crore received (December 2008 to July 2017) by JKERA, UCs had been submitted (December 2016) to PD&MD for an amount of ₹ 337.30 crore only and UCs for the balance amount of ₹ 335.70 crore had not been submitted, as of March 2020, although the funds had been utilised in full as of March 2019.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that UCs for the remaining amount would be submitted at the earliest. However, as per the information furnished (16 October 2020), the utilisation certificates for the remaining amount had not been submitted by JKERA.

5.4.4.3 Diversion of funds

As per the condition laid down in the release orders of funds by the GoI, funds released for the Project were to be utilised for the purpose for which it was sanctioned. Audit noticed (July 2019/ September 2019) that counterpart funds of ₹ 53.02 crore received (December 2008 to July 2017) for execution of ADB approved sub-projects were diverted (October 2009 to March 2019) towards execution of five JKUSDIP sub-projects[69] to be funded by the GoJ&K, thereby hampering the progress and completion of sub-projects approved by ADB.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S) PD&MD stated (August 2020) that proposal for taking up five packages

[68] ADB loan of ₹ 842.69 crore and counterpart funds of ₹ 465 crore.

[69] Fabrication of office premises: ₹ 2.83 crore, Construction of office complexes at Srinagar: ₹ 17.50 crore, SNP 3: ₹ 17.31 crore, SNP 3A: ₹ 8.72 crore and SNP 3B: ₹ 6.66 crore.

funded by the GoJ&K was approved[70] by Board of Governors (BOG) and that funds utilised for the said packages were later on recouped by the GoJ&K. It was further stated that an expenditure of ₹ 2.83 crore was incurred after obtaining approval of the Chief Minister and the same had been reimbursed by the funding agency under incremental expenses.

The reply is not tenable as the funds utilised on four sub-projects funded by the GoJ&K had not been recouped (September 2020) and necessary approval required from the GoI was not obtained before incurring such expenditure.

5.4.4.4 Unadjusted advances

As per generally accepted accounting principles, amounts advanced for execution of various works/ services should be debited to the final head of account and expenditure booked only after obtaining detailed accounts/ utilisation certificates. Non-rendering of detailed accounts/ utilisation certificates for advances granted for a particular work even after the completion of that work is fraught with the risk of misappropriation of funds. Audit noticed (July 2019) that ₹ 153.30 crore were advanced to various Agencies/ Departments for shifting of utilities, conducting surveys, land compensation etc. against which detailed accounts/ UCs were received for an amount of ₹ 114.85 crore only and the balance amount of ₹ 38.45 crore was awaiting adjustment as of March 2020, despite lapse of period ranging between 15 months and 128 months. The amount outstanding against various Departments/ Agencies ranged between ₹ 0.21 lakh and ₹ 10.81 crore for the period ranging between July 2009 and December 2018. It was also noticed that amounts advanced to various agencies were debited directly to the final head and expenditure was booked without obtaining adjustment accounts from the concerned Agencies/ Departments, as no such details were reflected in the statement of closing balance ending March 2020. This indicates lack of monitoring over the adjustment of advances and potential risk of misappropriation of JKUSDIP funds.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S) PD&MD stated (August 2020) that concerned line departments had not furnished UCs and amounts had remained unadjusted despite repeated correspondences with them.

As per the information provided by the Director Finance, JKERA (October 2020), no further adjustment accounts were obtained from the concerned agencies by JKERA as of September 2020. However, ₹ 24.91 lakh was further advanced by JKERA during the period April 2019 to June 2020, thereby aggregating unadjusted advances to ₹ 38.70 crore (September 2020).

5.4.4.5 Loan assistance

(i) As per Paragraph 3.5 of Loan Disbursement Handbook of ADB, it was imperative upon JKERA to complete all the sub-projects within the stipulated time

[70] In its 16th meeting held on 10 January 2011.

period and claim reimbursement of ADB loan component, as per the approved ratio, well before the closure date of project of 31 May 2017. Audit noticed (June 2019) that two sub-projects[71] were completed (September 2017) after a delay of four months and six months respectively from the stipulated date of completion. As a result of the delay in completion of these sub-projects, an amount of ₹ 52.83 crore[72] only was reimbursed by ADB against an agreed loan amount of ₹ 60.44 crore[73] due to the expiry of loan period, resulting in loss of potential loan assistance of ₹ 7.61 crore[74]. Delay in completion of sub-projects was attributed (November 2019) by JKERA to delay in shifting of utilities and non-issue of timely permissions by the line departments which was reiterated (August 2020) by the Joint Director (P&S) PD&MD after the matter was referred (June 2020) to the Government.

(ii) Paragraph 1.12 of Procurement Guidelines of ADB envisages that ADB finances expenditure for goods and works that are procured and executed in accordance with the provisions of the contract agreements. If there is any incomplete, inaccurate and misleading information regarding terms and conditions of the contract, ADB reserves the right to declare the contract as mis-procurement. On the recommendations of the Bid Evaluation Committee (BEC), the contract for Sewerage Network Package 3 was approved for allotment for ₹ 39.96 crore out of which ₹ 32.77 crore was to be released by ADB as per ratio fixed under loan agreement.

Audit noticed (September 2019) that a copy of internal correspondence between ADB and JKERA pertaining to the contract was endorsed (September 2008) to the contractor during final stage of award of contract. As a result of non-adherence to the confidentiality conditions of procurement, the loan package for the contract was cancelled by ADB, resulting in loss of ADB assistance of ₹ 32.77 crore. The Director Finance, JKERA was directed (October 2015) to conduct an enquiry into the matter and submit a report within one month.

Audit scrutiny (September 2019) of records revealed that neither was the report submitted nor any action taken against the defaulting official for committing violations of confidentiality conditions of procurement.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that matter would be investigated.

As no action had been taken by JKERA (September 2020), which could have served as a deterrent, no precedence/ mechanism was established for prevention of recurrence of similar incidents in future.

5.4.5 Programme implementation

The status of execution of 44 sub-projects under the PMDP and 15 sampled sub-projects are shown in the table below:

[71] Mechanised Car Parking, Jammu and Non-Revenue Water (NRW) Reduction Management Contract.
[72] Mechanised Car Parking Jammu: ₹ 34.38 crore; NRW Reduction Management: ₹ 18.45 crore.
[73] Mechanised Car Parking Jammu: ₹ 40.25 crore; NRW Reduction Management: ₹ 20.19 crore.
[74] Mechanised Car Parking Jammu: ₹ 5.87 crore; NRW Reduction Management: ₹ 1.74 crore.

Table 5.4.2: Status of projects under PMDP
(as on 31 March 2019)

Particulars	Total Sub-projects	Projects completed during February 2015 to June 2019	Delay in completion of projects (in days)	Project terminated	Delay in completion of ongoing sub-projects (in days)	Cost escalation in sub-projects (₹ in crore)	Cost over run in sub-projects (₹ in crore)
Sub-projects under PMDP	44	37	30 to 1710	1	781 to 1379	302.62 (18 sub-projects)	318.50 (13 sub-projects)
Sub-Projects selected	15	11	30 to 1710	-	781 to 1379	180.17 (9 sub-projects)	197.33 (7 sub-projects)

(Source: MPRs and records of JKERA)

As per the information submitted (October 2020) to Audit by JKERA, there was cost overrun of ₹ 349.57 crore in respect of 14 sub-projects as of September 2020. Also, delay in completion of two ongoing sub-projects was to the extent of 1,451 days and 1,538 days as of September 2020.

The details of 15 sampled sub-projects selected by using judgemental sampling on the basis of expenditure incurred on their execution are given in ***Appendix 5.4.2***. Significant audit findings in relation to 12 sub-projects are discussed in the following paragraphs.

5.4.5.1 Faulty estimates

Before taking up execution of a particular work, proper survey of the site is required to be conducted so that the drawings and designs are prepared as per site conditions and estimates are framed on the basis of specifications mentioned in the detailed drawings and designs. This is of utmost importance as it leads to execution of works in a planned manner within the estimated quantities and its completion in a time bound manner within the allotted costs.

Audit scrutiny of records (October 2019/ November 2019) revealed variations between the quantities of works approved as per Bill of Quantities (BOQ) and quantities actually executed in respect of five sampled sub-projects[75]. These works were taken up at a total estimated cost of ₹ 144.91 crore during September 2012 to February 2017 and an expenditure ₹ 160.61 crore was incurred on their execution as of 31 March 2019. Out of total 394 items of works in five sub-projects, only 29 items (7 *per cent*) were executed as per original estimates. In respect of 113 items (29 *per cent*), an expenditure of ₹ 75.04 crore was incurred against estimated cost of ₹ 48.74 crore due to execution of works in excess of the original estimates thus, resulting in excess expenditure of ₹ 26.30 crore, which comprises an increase of 54 *per cent* over the original cost. Remaining 252 items (64 *per cent*) of works were either executed less than the approved quantities or were not executed at all. It was also noticed (October 2019/ November 2019) that additional works costing ₹ 27.79 crore, not forming a part of original estimates, were got executed as per the site requirements and changes in original drawings and designs. This indicates that

[75] (i) Sewage package 3A, (ii) Sewerage package 3B, (iii) Bikram chowk Flyover, (iv) Landfill cell 2 and (v) Raw water pipeline Doodhganga.

proper surveys were not conducted before execution of the works, which resulted in preparation of faulty and unrealistic estimates.

As per the decisions taken in the 21st Governing Body Meeting of JKERA (July 2018), all cases of variations were required to be placed before a sub-committee comprising the Principal Secretary Finance, Commissioner/ Secretary, PD&MD and Commissioner/ Secretary, HUDD for examination and subsequent recommendations to the Board of Governors for approval thereof. In contravention to this, the cost variations below/ above the allotted costs were got approved by Tender Approval Committee[76] (TAC) of JKERA which otherwise was to be approved by the sub-committee. After being pointed out (October 2019/ November 2019) in Audit, JKERA stated (November 2019) that additional/ extra items of works were executed as per site requirements and changes in specifications based on Geo-technical investigations.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that additional extra items of work were executed as per site requirements and changes based on Geo-technical investigations and that variations in various BOQ items were reflected as per design specifications, site requirements and additional requirement of the project in the execution phase. It was also stated that variation had been approved by the competent authority of JKERA as well as ADB.

The reply is not acceptable as the DPR of Jammu Flyover was already prepared on the basis of geo-technological survey and its structural design was vetted by IIT, Roorkee before the award of contract. In respect of remaining four projects, geo-technical survey was not conducted at all and changes were made as per the site requirements, thereby indicating that estimates were not framed on a realistic basis.

5.4.5.2 Bid Evaluation

Two sub-projects[77] involving similar items of works within same topography, were put to bid with the identical rates for same items of work in both the sub-projects. The two bids were opened by the Bid Evaluation Committee (BEC) on same day. One contractor offered identical rates for the same items for both the bids. However, while negotiating, the BEC allotted similar items of works to the contractor at different rates resulting in extra expenditure of ₹ 58 lakh. The variations arose due to application of different rates of discount at the time of negotiations, while approving rates of these two contracts.

After the matter was referred to the Government in June 2020, the Joint Director (P&S), PD&MD attributed (August 2020) it to varying specifications and different site conditions.

---

[76] Internal committee of JKERA headed by CEO of the Agency.

[77] Sewerage Package-3A (Areas of Indra Vihar, Patoli Mangotrian, Toph Sherkhanian, Bhawani Nagar, part Janipur Colony and Mandlik Nagar Sewerage), package-3B (Areas of Ramzanpura, part Janipur Colony, Pamposh Colony and part Paloura).

The reply is not tenable as the estimate as well as rates quoted by the contractor for these items of work in respect of both contracts were same and the works were initially allotted at same rates in the original contract, which also clearly indicated similar site conditions in the areas of execution under these two contracts.

5.4.5.3 Cost revision of sub-projects

Appendix 1 sub-rule 3 of ADB Procurement Guidelines provides that if there is an aggregate increase in cost of the contract by more than 15 *per cent* of the original price, the necessary 'no objection certificate' to proposed extension, modification or change order is to be obtained from the ADB. It was, however, noticed (November 2019) that cost of eight sub-projects[78] was revised from ₹ 505.73 crore to ₹ 773.36 crore involving cost revision of ₹ 267.63 crore without obtaining approval of the ADB. The aggregate increase over original contract amount ranged between 24 *per cent* and 80 *per cent.* The Accounts Officer, JKERA stated (December 2019) that cost over-run was due to inclusion of additional items of works.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that variations and cost overruns were due to inclusion of additional items of works, duly approved by the Tender Approval Committee (TAC) and that necessary approval of ADB had also been obtained.

The reply is not tenable as approval of the ADB was not obtained in respect of sub-projects test checked in audit.

5.4.6 Construction of mechanised Multi-level Parking, Jammu

To overcome the problem of traffic congestion and reduce the menace of roadside parking in areas of old city, Jammu, the agency proposed (August 2013) to construct a fully automatic multi-level car parking facility at an already existing open parking space accommodating around 300 cars. Against parking requirement of 1776[79] cars, a draft Summary Appraisal Report (SAR) for construction of 10 floor mechanised automated multilevel parking facility for accommodating 720 cars was submitted (October 2013) by a Design and Supervision Consultant[80] (DSC), projecting it as a latest technology parking system with minimum maintenance costs, which was followed by submission (June 2014) of Detailed Project Report (DPR) for an estimated cost of ₹ 70.03 crore. However, during discussions held (November 2014) with ADB Mission, the proposal was changed from fully automatic to semi-automatic on the plea that a ten floor parking system required sophisticated technology and would get outdated very soon, thereby contradicting its own statements recorded in the SAR/ DPR wherein it was proposed to construct a 10 floor mechanised automated multilevel parking system, projecting it as a latest technology system with minimum maintenance costs. Another reason stated for changing the proposal was non-

[78] 30 MLD-STP, Landfill cell 2, Jammu Flyover, Srinagar Flyover, S&D of SWM Equip for SMC Lot-2, S&D of SWM Equip for SMC-Dumpers Lot-3, Storm Water Drains at Digiana and Storm Water Drains at Rawalpora.

[79] Requirement for 2016 on the basis of survey conducted by M/s RITES Ltd. (GoI Enterprise).

[80] M/s Shah Technical Consultants (STC).

availability of No Objection Certificate (NoC) from Jammu Municipal Corporation (JMC), which was not based on facts as the NoC for construction of the same was already accorded (July 2014) by Jammu Municipal Corporation (JMC), the authority competent to accord building permissions. Thus, due to communication of incorrect information, the proposal for construction of a fully automatic mechanised car parking facility for accommodating 720 cars was changed to a semi-automatic mechanised car parking facility for 352 cars.

The sub-project was completed (September 2017) by the contractor after a delay of 120 days at a total cost of ₹ 47.08 crore. Further, an expenditure of ₹ 0.02 crore was booked to the sub-project during the period April 2020 to September 2020, taking the total expenditure on the sub-project to ₹ 47.10 crore.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S) PD&MD stated (August 2020) that proposal was changed in order to comply with the guidelines of ADB regarding restriction of height of car parking structure to surrounding buildings.

The reply is not tenable as no such guidelines were issued by ADB and the proposal was changed by ADB Mission due to misrepresentation of facts by JKERA wherein a 14 floor automatic car parking system was projected instead of a 10 floor parking system and apprehensions regarding grant of NoC for the same which, however, had already been issued by JMC well in advance.

5.4.7 Management of Non-Revenue Water (NRW) in Jammu

Two sub-projects[81] for assessment, analysis and reduction management of Non-Revenue Water (NRW) [82] in Jammu were sanctioned (January 2015/ March 2016) with a total original cost of ₹ 30.84 crore[83]. The work was physically completed between December 2016 and September 2017. As per the information submitted by JKERA, a total expenditure of ₹ 26.27 crore[84] was incurred on these two sub-projects ending September 2020. Audit of the sub-projects revealed the following.

A. Assessment of non-revenue water

In order to assess the quantum of NRW and develop a comprehensive NRW reduction plan for a pilot zone[85] of 20 identified District Metered Areas (DMAs), the executing agency (JKERA), without any DPR, awarded (January 2015) the work for installation and removal of domestic water meters and ultrasonic flow meters to a contractor at a negotiated amount of ₹ 4.60 crore. The assessment and analysis of water losses was to be done on the basis of data gathered by obtaining readings from domestic water meters and ultrasonic flow meters installed at the identified locations and the work

81 (i) Assessment and analysis of NRW by way of supply, installation and removal of domestic water meters and (ii) Management for reduction of NRW by installation of water meters with automated meter readers.

82 Water losses in the distribution system.

83 Assessment and analysis of NRW: ₹ 4.60 crore; Management for reduction of NRW: ₹ 26.24 crore.

84 Assessment and analysis of NRW: ₹ 1.98 crore; Management for reduction of NRW: ₹ 24.29 crore.

85 With 30,000 households.

was to be completed within 12 months (April 2016). As per the contract agreement, the contractor had to procure eight portable ultrasonic flow meters and 1,800 dry dial inferential type multi jet domestic water meters at a total cost of ₹ 64.50 lakh[86] and assess the extent of water losses by way of installation and removal of domestic water meters in targeted 15,000 households and ultrasonic flow meters at targeted 1,500 locations. Audit noticed (June 2019) that the work was not completed in full by the contractor even after extending (December 2016) the period of contract. The contract was finally fore-closed (July 2016) and shown as completed (December 2016) after incurring an expenditure of ₹ 1.98 crore. As per the note submitted (January 2018) by the Project Manager Hydraulic, JKERA, the contract was foreclosed on the grounds that there was no further scope of work. Against a target of 15,000 households and 1,500 locations, installation and removal of domestic water meters and ultrasonic flow meters was done at only 7,107 households (47 *per cent*) and 817 locations (54 *per cent*), resulting in incomplete study besides non achievement of objective of preparing a comprehensive NRW reduction plan consequently rendering expenditure of ₹ 1.98 crore as unproductive.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that study of NRW reduction was not conducted in 20 DMAs of Jammu city and the programme was implemented in identified 4 DMAs under subject package due to time constraints and availability of ADB funding.

The reply is not acceptable because neither was the quantum of Non-Revenue Water (NRW) assessed in the identified DMAs nor were any steps taken to develop a comprehensive NRW reduction plan.

B. Monitoring mechanism

As per clause 3.4.1 of NRW reduction management contract, after completion of the studies at the designated locations, the equipments purchased under the contract were required to be handed over by the contractor to the line department in good working condition, to enable their use in subsequent studies.

Audit noticed (June 2019) that out of 8 ultrasonic flow meters and 1,800 domestic water meters handed over (December 2018) to the PHE City Division-I, Jammu, only 448 domestic water meters were found to be in good working condition. There was no mechanism put in place to verify the condition of retrieved material before handing over these to the line department. The remaining 1,352 water meters and 8 flow meters costing ₹ 58 lakh were handed over (December 2018) in unserviceable condition, in violation of the terms and conditions of the contract. Thus, the usable life of 1,352 water meters and 8 flow meters was reduced.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that 1,352 water meters had been erroneously termed as unserviceable by PHED in its Goods Received (GR) statement.

[86] Ultrasonic flow meters at the rate of ₹ 4,80,000 and Domestic water meters at the rate of ₹ 1,450.

The reply is not acceptable as the Executive Engineer, PHED had stated (June 2019) that the material was of no use to them, as it was unserviceable. Absence of mechanism to ensure that material was handed over by the contractor in working condition, resulted in reduction in the usable life of the equipment, thereby denying the full advantage of the expenditure amount.

C. Installation of Equipment

With a view to reduce water losses, a contract for installation of domestic water meters with Automatic Meter Reading (AMR) facility in four selected sampled zones[87] (out of 20 identified DMAs selected for assessment and analysis) was awarded (March 2016) to the contractor at a cost of ₹ 26.24 crore with period of completion as twelve months. The contract envisaged providing service connections with domestic water meters in 4,300 households; installation of electro-magnetic flow meters at identified locations; assessment of flow; and pressure in the network besides operation and maintenance of the water supply system. In order to achieve the objectives of the contract, a Memorandum of Understanding (MoU) was to be executed between the JKERA and the line department, under which the basic data of consumers and pipe distribution network was to be provided by the line department to the Contractor. As per the contract, 75 *per cent* payment was to be released to the contractor on receipt of material, 15 *per cent* after laying and installation of domestic water meters and remaining 10 *per cent* after testing and commissioning.

Audit noticed (June 2019) that due to failure on part of JKERA to execute MoU with the line department (PHED), the basic data of water supply distribution network, updated pipeline network and customer database was not provided to the Contractor. Consequently, the equipment[88] procured were not installed in full. Against 4,300 domestic water meters (valuing ₹ 5.61 crore) and 15 electro-magnetic flow meters (valuing ₹ 35.26 lakh), only 3,485 domestic water meters (valuing ₹ 4.22 crore) and 7 electromagnetic flow meters (valuing ₹ 15.05 lakh) were installed and the contract was finally closed in September 2017. The remaining uninstalled material comprising 815 water meters, 8 flow meters and allied equipments costing ₹ 2.74 crore was handed over to the PHED and was lying unutilised in the Divisional store of PHE City Division-I Jammu (June 2019). A payment of ₹ 2.06 crore[89] was made (August 2016 to September 2017) to the contractor for these supplies. Failure on part of JKERA to coordinate and execute MoU with the line department for providing basic data of water supply distribution network and consumer database to the contractor, resulted in idle investment of ₹ 2.06 crore.

Similarly, three Hand Held Units (HHUs) costing ₹ 21.30 lakh for Automatic Meter Reading (AMR), on domestic water meters were also not put to use (June 2020) as water meter readings had never been recorded at 3,485 service connections, where

87 Trikuta Nagar-A, Trikuta Nagar-B, Shastri Nagar and Karan Nagar.

88 Sluice valve, Foot valve, Butterfly valve, Automatic metre reader, Woltman meters, Electromagnetic flow meters.

89 75 *per cent* of total cost of procured but not installed material.

water meters had been installed, thereby rendering the expenditure incurred on their purchase and installation as unfruitful.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD, while admitting the audit observation, stated (August 2020) that despite significant correspondences with the PHED by JKERA, requesting for sharing details for providing service connections, there was a delay in sharing these details and the scope was reduced and remaining un-utilised material was transferred to the PHED for installation.

5.4.8 Construction of Flyovers at Jammu and Srinagar

In order to decongest traffic on road junctions and improve connectivity to different areas, it was proposed (January 2010 and May 2010) to construct two four-lane flyovers, one from Bikram Chowk to Women College at Jammu and another from Jehangir Chowk to Rambagh Natipora at Srinagar at an estimated cost of ₹ 67.31 crore and ₹ 219.26 crore, respectively. The works were allotted (April 2013) to Contractors[90] at a cost of ₹ 64.30 crore and ₹ 200.74 crore respectively with period of completion as 36 months. The sub-project Bikram Chowk flyover was completed in May 2017 at a cost of ₹ 84.84 crore. As per the information furnished (October 2020) by JKERA, Jehangir Chowk flyover had also been completed (September 2020) after incurring an expenditure of ₹ 379.67 crore.

The contract for construction of Jehangir Chowk flyover at Srinagar was allotted (April 2013) at a total cost of ₹ 200.74 crore and was stipulated to be completed by April 2016. The item wise rates allotted under the contract were applicable throughout the period of execution of the project without any provision for revision of unit rates. As per Clause 13.8 of the terms and condition of contract, the contractor was entitled to payment of price adjustment on account of rise in cost of labour and goods and an amount of ₹ 5.47 crore was paid to the contractor on this account for the period July 2016 to May 2019.

Audit however, noticed (November 2019) that rates of various items of works, allotted under the contract, were revised (July 2016) by JKERA on the basis of prevailing market rates of material and labour and the works executed beyond July 2016 were paid to the contractor at revised rates. Revision of rates, in addition to payment of price adjustments resulted in inadmissible and extra payment of ₹ 29.63 crore to the contractor.

After the matter was referred (June 2020) to the Government, the Joint Director (P&S), PD&MD stated (August 2020) that revision of rates had been approved (April 2017) by the Government on recommendations of a committee.

The reply is not acceptable as price adjustment amounting to ₹ 5.47 crore was already paid to the contractor on account of rise in cost of labour and goods and revision of

[90] M/s Valecha Engineering Ltd Mumbai and M/s Simplex Infrastructure Pvt. Ltd., Mumbai.

rates in the instant case had resulted in undue benefit to the contractor, amounting to ₹ 5.47 crore.

5.4.9 Delayed supplies

As per clause 27.1 of the General Conditions of Contract, penalty at rate of a half *per cent* per week of delay subject to a maximum of 10 *per cent* of the contract value was to be imposed upon the contractor for delayed supplies. Audit noticed (June 2019) that supplies under four sub-projects[91] with a total outlay of ₹ 5.69 crore were received with delays ranging between 7 weeks and 21 weeks. However, no action was initiated to levy penalty amounting to ₹ 36.62 lakh[92], as envisaged in the contract, on the defaulting contractors while releasing their payments. Non-imposition of penalty resulted in undue financial aid to them.

The Joint Director (P&S) PD&MD stated (August 2020) that delay in contract agreement had not been attributed to the contractor and reasons for same were not clear as per available office records and that the records would be checked and report shared with Audit.

The reply indicates lack of serious attempt to complete the projects in time.

Tourism Department

5.5 Construction of Government Tourist assets in lieu of damaged/ destroyed assets

5.5.1 Introduction

The project 'Construction of Government Tourist assets in lieu of assets destroyed in the floods of September 2014' was sanctioned (September 2016) under the Prime Minister's Development Package (PMDP). This project is a part of the Swadesh Darshan Scheme by the Ministry of Tourism (MoT), GoI. The total outlay of the project was ₹ 98.70 crore with 23 sub-projects (components) comprising 109 works/ schemes. Out of the 23 sub-projects, 11 sub-projects were selected in Audit taking into consideration the project cost/ expenditure and geographical location as detailed in ***Appendix 1.2***.

As of March 2019, only three sub-projects were completed, 19 sub-projects were under execution and one sub-project had been dropped. As per the information furnished by Department, 15 sub-projects had been completed, one sub-project was dropped and seven sub-projects were under execution as of September 2020. Further, out of 11 sub-projects selected, only five sub-projects[93] had been completed and six sub-projects were under execution (September 2020).

---

91 Solid waste management equipment for SMC, S&D of solid waste management equipment for SMC, S&D equipment for PHED Srinagar and Supply delivery of equipment for use in SMC.

92 Calculated at a minimum rate of 0.50 *per cent.*

93 Development of tourist facilities at SKICC, Development of Khadinar Park Baramulla, Development of tourist facilities at Nageen, Development of tourist facilities at Mughal Gardens and Development of tourist facilities at Mansar Lake.

Against project cost of ₹ 66.97 crore in respect of 11 sub-projects comprising 70 works, ₹ 33.69 crore was sanctioned in favour of 10 Agencies/ Departments for execution of works of these sub-projects (September 2020). It was noticed that damage reports were not prepared/ available in respect of six sub-projects and sanctions were accorded without assessing the extent of damages. The status of 11 sampled sub-projects ending September 2020 is given in ***Appendix 5.5.1***.

During the year 2015, nearly 1.33 crore tourists had visited[94] J&K while the number had increased to 1.69 crore during the year 2018 and declined to 1.32 crore during the year 2019. The revenue realised by the GoJ&K on account of rent from tourist assets and catering services increased from ₹ 1.37 crore during 2014-15 to ₹ 2.94 crore during 2018-19.

5.5.2 Financial Management

Funds under the Project were released by the GoI directly to the Jammu and Kashmir (J&K) State Cable Car Corporation[95] during the period from 2016-17 to 2018-19 which after authorisation by the Department, released funds to the implementing agencies for execution of various works under the project. The year-wise status of funds released *vis-a-vis* expenditure incurred by the implementing agencies during the period from 2016-17 to 2018-19, under the project is given in **Table 5.5.1**.

Table 5.5.1: Fund Position as of March 2019

(₹ in crore)

Sl. No.	Year	Funds provided by GoI	Total funds available with JKCCC	Funds utilised	Unspent balance at the close of the year	Percentage utilisation of funds
(1)	(2)	(3)	(4)	(5)	(6) = (4-5)	(7)
1.	2016-17	19.47	19.47	-	19.47	0
2.	2017-18	27.51	46.98	34.99	11.99	74
3.	2018-19	27.72	39.71	10.10	29.61	25
	Total	**74.70**		**45.09**		

(Source: Monitoring Report on PMDP issued by GoJ&K)

From the above table, it is seen that utilisation of funds was only between zero *per cent* and 74 *per cent* during the years 2016-17 to 2018-19 respectively. Audit further observed that:

- The sanctioned project cost was ₹ 98.70 crore, out of which an amount of ₹ 74.70 crore (76 *per cent*) was released (September 2020) by the GoI credited directly into the Bank account of J&K State Cable Car Corporation under intimation to the GoJ&K. The GoJ&K was required to complete the project by providing the balance funds. The final installment of ₹ 24 crore was to be reimbursed by GoI on receipt of the Utilisation Certificate for the entire project cost of ₹ 98.70 crore. As the GoJ&K did not release balance ₹ 24 crore to the implementing agencies for completion of the works of the project, it could not furnish utilisation certificate of entire sanctioned amount of the project. Thereby

94 Information furnished by the Department.
95 A Jammu and Kashmir State Public Sector Undertaking (PSU).

the claim of reimbursement of the balance amount from GoI could not be preferred.

Thus, assets remained incomplete and GoJ&K could not avail funding to the extent of ₹ 24 crore.

- J&K Cable Car Corporation Limited released (July 2017) ₹ 78 lakh to J&K Housing Board for execution of sub-project 'Development of tourist facilities around *Khusalsar* Lake'. However, no works were executed by the Board as the area was not identified/ demarcated by the Project Authority. As a result, the sub-project was dropped (February 2019) by the GoI. As per the UCs submitted (November 2018) to GoI of India, an expenditure of ₹ 82 lakh was shown incurred, thereby incorrectly reporting the expenditure to the GoI. Therefore, not only funds were lying with the implementing agency in Bank Account, but also the expenditure incurred was not reduced from the reported figures (August 2020). The risk of misappropriation of the Government money exists in such a situation.
- The Subsidiary accounts and the audited statements of accounts were required[96] to be prepared and submitted to higher authorities. Audit scrutiny of records of ten[97] executing agencies revealed that the same was not being done.

In reply, the Deputy Director, Tourism (M&W), Jammu, CEO, Rajouri and CEO, Surinsar-Mansar Development Authority while accepting the observation, stated (June/ July 2019) that the subsidiary records/ accounts would be maintained.

The Subsidiary accounts and the audited statements of accounts mandatorily to be prepared so that applicable financial controls can be exercised.

5.5.3 Project execution

As per the J&K Financial Code[98], no work should be commenced or liability incurred in connection with it, until administrative and technical sanction is accorded.

However, it was noticed that 84 sub-works of eight sub-projects allotted at a cost of ₹ 15.47 crore were executed by six[99] executing agencies without accord of Technical Sanctions, and an expenditure of ₹ 10.98 crore had been incurred (2016-17 to 2018-19) thereon.

After this was pointed out (June 2019) in audit, the CEO, Rajouri Development Authority stated (June 2019) that the DPR for the works sanctioned under the project was submitted (July 2018) to the Administrative Department for accord of Administrative Approval and technical sanction. However, the Development Commissioner, Works raised certain observations which were cleared (January 2019)

96 Condition 15 of the sanction order.

97 Dy. Director (M&W) Jammu and Srinagar, Surinsar-Mansar Development Authority, Rajouri Development Authority, Poonch Development Authority, Floriculture Department, SKICC, Gulmarg Development Authority, J&K Housing Board (Unit-II); and LAWDA.

98 Rule 9.3 of the J&K Financial Code.

99 (i) Deputy Director Tourism, Srinagar, (ii) SKICC, (iii) EE Floriculture Department, Srinagar, (iv) Gulmarg Development Authority, (v) Surinsar-Mansar Development Authority and (vi) Rajouri Development Authority.

but the technical sanction was pending as on the date of Audit (June 2019), which was more than two years from commencement of work in certain cases. The Chief Executive Officer, Surinsar-Mansar Development Authority stated (July 2019) that the DPRs were submitted (June 2019) to the Administrative Department but the technical sanction was awaited (July 2019).

- As per the sanction order[100], the Executing Agency/ GoJ&K should follow the codal procedures of inviting tenders for award of works for execution. In three[101] implementing agencies, 23 sub-works of three sub-projects were executed without invitation of tenders, in contravention of the conditions of the sanction order and Financial rules. An expenditure of ₹ 4.12 crore had been incurred during the period 2016-17 to 2018-19 on these works was thus, irregular.

The CEO, Poonch Development Authority accepting the observations, stated (August 2019) that instructions had been noted for compliance in future. No reply was received from the other two implementing agencies.

- As per the sanction order[102], financial assistance from the GoI was to be utilised for the purpose for which it was released. An expenditure of ₹ 83.45 lakh was incurred by three[103] executing agencies on 11 sub-works which were not approved under the project.

After the matter was referred (June 2020) to the Government, the Director Planning, Tourism Department, GoJ&K stated (August 2020) that the Project/ sub-components were executed strictly as per sanction of Ministry of Tourism (MoT), GoI and whenever any new component was added or dropped same was done with the approval of MoT, GoI.

The reply did not address the specific 11 sub-works pointed out in Audit and approval of MoT, GoI, though called for, was not produced to audit.

- The powers[104] to sanction excess over original estimates is to be exercised as delegated in the Book of Financial Powers, GoJ&K. In three[105] implementing agencies, under three sub-projects in case of 19 sub-works for cost of ₹ 1.92 crore excess over original estimates/ allotments ranging from 29 *per cent* to 15,959 *per cent* of original estimates/ allotments was allowed through execution of supplementary agreements. The cost of these 19 works was revised to ₹ 6.02 crore from the original estimates/ allotments. An expenditure of ₹ 2.64 crore had been incurred on these works (March 2019).

---

100 Condition 13 of the sanction order of September 2016 issued by the GoI.

101 (i) SKICC, (ii) J&K Housing Board and (iii) Poonch Development Authority.

102 Condition 7 of the sanction order of September 2016 issued by the GoI.

103 (i) Deputy Director (M&W) Srinagar, (ii) SKICC and (iii) Gulmarg Development Authority.

104 Chief Engineers up to limit of 5 *per cent* of sanctioned amount of the original estimates and to the Superintending Engineers/ Executive Engineers is limited to 5 per cent of the sanctioned estimates provided the amount does not exceed the limit of their powers to technically sanction estimates. Para 5.11 of Book of Financial Powers, GoJ&K.

105 (i) Deputy Director Tourism (M&W) Srinagar, (ii) SKICC and (iii) Gulmarg Development Authority.

- Rajouri Development Authority had created tourist assets with cafeteria, VIP hut etc. for tourists at Chingus during the period from 2008-09 to 2010-11 at a cost of ₹ 1.04 crore. There were also numerous tourist assets in private sector in the vicinity of the Chingus. The Authority obtained sanction (September 2016) for another new sub-project for construction of cafeteria and other facilities. As seen from the records, the sub-project was sanctioned and authorised by the Administrative Department, without considering the existing tourist facilities and without ascertaining actual footfall of tourists in the area. The project was under process of tendering as of June 2019. The CEO Rajouri Development Authority stated (June 2019) that the sub-project was sanctioned and authorised by the Administrative Department.

The Government should fix responsibility in respect of works executed irregularly under the project.

5.5.4 Provision for management and maintenance of assets

As per condition (8) of sanction order of September 2016 issued by the GoI, the State GoJ&K should undertake the responsibility for maintenance and management of assets created under the project. Two cafeterias at Tourist Reception Centre, Poonch and Nature park, Rajouri were completed (2018-19) at a cost of ₹ 1.25 crore. A number of assets like Tourist Information Center, Tourist Cafeteria, Gender based Toilets etc. were to be created under the project which required staff like cooks, waiters, receptionists etc. Audit scrutiny of records of three implementing agencies[106] revealed that the Department did not formulate any plan for operation and management of assets. Audit examination of records of the Deputy Director, Maintenance and Works, (M&W), Jammu revealed that the Department had not undertaken any action plan for skill development/ training programmes under the project.

After the matter was referred (June 2020) to the Government, the Director Planning Tourism Department stated (August 2020) that some of the completed assets had already been outsourced and the Department was formulating policy for operation and management of all assets including those created under the PMDP (Swadesh Darshan).

Audit noticed (June/ July 2019) that two Development Authorities (Rajouri and Poonch) outsourced the Tourist Cafeterias to private contractors for operation and management in contravention of the conditions of sanction order.

In reply, the CEO Poonch Development Authority stated (August 2019) that as per instructions of the Secretary to Government, Tourism Department, GoJ&K the completed assets had to be put to outsourcing for maintenance and operation as there was shortage of trained staff for running assets.

[106] Dy. Director (M&W) Jammu, Rajouri Development Authority and Poonch Development Authority.

The fact remains that outsourcing of assets was also not successful as in the case of Poonch Tourist Reception Center rent of ₹ 28 lakh for the years 2014 to 2019 was outstanding against the contractors. The CEO, Rajouri Development Authority stated (June 2019) that assets were outsourced as per instructions dated February 2019 of the Administrative Department. However, there were instances where the contractors had not paid rent of assets outsourced to them and the Department had not formulated plans for operation/ management and maintenance of assets created under the project, as specified in sanction order of the project.

Chapter-VI

Conclusions and Recommendations

CHAPTER - VI

Conclusions and Recommendations

6.1 Conclusions

The PMDP, a comprehensive reconstruction plan was formulated in the aftermath of the floods of September 2014 in the erstwhile State of Jammu and Kashmir (J&K). The five sectors (pillars) of Humanitarian Relief, Crisis Management, Social Infrastructure, Development Projects and Economic Infrastructure formed the platform for providing relief, rehabilitation and development in the State of J&K.

Under the PMDP, 14 Government Departments of the erstwhile State of J&K along with multiple implementing agencies, were to execute 39 projects with a total outlay of ₹ 35,985 crore. Out of which, ₹ 23,569.96 crore was sanctioned upto the period ending 31 March 2019. The total funds released was, however, ₹ 11,100.28 crore, out of which an amount of ₹ 9,282.84 crore was utilised.

Success of the PMDP therefore, was dependent, *inter alia*, on various factors like timely completion of the projects, sequential execution of package relief to the beneficiaries etc.

Only ₹ 11,100.28 crore was released for 39 projects as on 31 March 2019. Of this, ₹ 7,515.28 crore were released for 16 Selected Projects in audit and an expenditure of ₹ 6,493.35 was incurred as on 31 March 2019.

The following conclusions are drawn based on the significant audit findings highlighted in this Audit Report. The total financial implication of this audit intervention is ₹ 2,125.21 crore.

A. Humanitarian Relief

A.1 Assistance for completely damaged, severely damaged and partially damaged house

The main objective under Humanitarian Relief was to provide timely financial assistance to the households, particularly the houses damaged during floods of September 2014. However, out of ₹ 1,194.85 crore released by the Government of India, the GoJ&K retained ₹ 102.80 crore, thus, depriving beneficiaries of timely financial assistance. An amount of ₹ 1.82 crore remained in Bank accounts depriving 564 affected households of the financial assistance in district Jammu. Further, some beneficiaries were paid assistance though these houses were not damaged during floods as per damage reports. Additionally, extra cash assistance of ₹ 73.85 lakh was credited into Bank accounts of 85 beneficiaries. Furthermore, financial assistance of ₹ 63.45 lakh in 184 cases was provided for households which were not in the list prepared for flood of September 2014.

A.2 Rehabilitation package for Jammu migrants

The Department failed to create an updated database and policy for updation on account of births/ deaths/ separations of Jammu migrants. Cases of payment of arrears to migrant families who did not exist either in CID list or in the Court list; excess payment of arrears on account of interest on cost of ration; and inadmissible payment of arrears to migrant families for the period prior to their registration were noticed in Audit.

A.3 Interest subvention on assistance for restoration of livelihood of traders/ self-employed/ business establishments

Interest subvention was irregularly provided by banks which were rendered substandard prior to floods of September 2014, hence these cases were not eligible. In all, ₹ 456.26 crore of the amount was diverted from scheme funds towards settlement of outstanding loans of houseboat owners and for small business units/ traders not affected by September 2014 floods, Artisan Credit Cards; Kissan Credit Card scheme; Chief Minister's Business Interest Relief Scheme; a private trust etc. Cases of excess payment beyond prescribed limits were also noticed.

A.4 Raising of Five India Reserve Battalions in Jammu and Kashmir

Despite availability of funds, acute shortages in ranks of Head Constables, ASIs, SIs, Inspectors, DSPs were observed.

B. Crisis Management

B.1 Construction of additional Girls Hostels in Higher Education Institutions

Construction of four out of the five girls hostels was assigned to the J&K Housing Board on nomination basis. However, despite the provision for technology for faster execution, none of the girls hostels was complete, depriving the girl students of residential educational accommodation.

B.2 High end Security and law and order system in Jammu and Kashmir

The procedure adopted by the Department for procurement of the Bullet Proof vehicles, Bunkers was not streamlined and as a result, vehicles were procured at higher rates.

B.3 Comprehensive Plan for Flood Management of River Jhelum and its tributaries Phase I

There was a significant shortfall of targets in terms of dredging that was required under the Project to increase the carrying capacity of flood waters of the Jhelum river and through the Flood Spill Channel (FSC). Critical areas of the FSC to increase the evacuation capacity of flood waters were still under excavation.

The Department did not forfeit any amount from the performance bank guarantee of the contractor engaged for dredging for failure to adhere to the terms and conditions of the contract.

B.4 Permanent Restoration of Damaged Infrastructure

The works were taken up without administrative approvals and Technical Sanctions and there was diversion of funds on taking up unapproved works.

C. Social Infrastructure

C.1 Stepping up efforts under Himayat Scheme

State Perspective Implementation Plan for seven years was not prepared and Mission could submit only three year plan without any baseline survey and skill gap analysis. Delays were observed in fund transfer amongst various agencies. Teams were not in place to monitor the defined process of mobilization, training, placement of youth and impact assessment.

D. Development Projects

D.1 Atal Mission for Rejuvenation and Urban Transformation in Jammu and Kashmir

The Department could not ensure availability of encumbrance free land, clearance from utility departments for sub-projects prior to their allotment for execution of works. The Department had taken up construction of Septage Treatment Plant (STP) in Jammu city without ascertaining realistic values of septage in the field, without resolving technical issues and in absence of environmental clearance. The Septage management scheme in Srinagar city was not completed due to non-finalisation of contract for procurement of suction-cum-jetting machines for about three years. The purpose of installation of Intelligent Lighting System in Jammu city could not be achieved due to non-execution of certain essential components of the project such as Red Light Signal Violation Detection (RLVD) system and integration with IT applications to monitor and control 64 intersections from common command control center.

D.2 Balance Central share liability of ongoing Jawaharlal Nehru National Urban Renewal Mission projects for the State of Jammu and Kashmir

Delay in settlement of issues, improper planning in execution of work by the Department led to Solid Waste Management Project in Leh not being completed despite availability of funds and the authorities disposing waste of the town in open fields in an unhygienic manner. In case of “Improvement of road network at Leh” funds were diverted. There was failure of the Department to acquire land for construction of tube wells and award work for infiltration well under “Water Supply Scheme Leh”.

D.3 Externally Aided Project of Jammu and Kashmir Urban Sector Development Investment Programme and Completion of pending projects under PMRP 2004: Counterpart Funding –ADB II

Revision in costs of sub-projects without approval of ADB were noticed. The objective of sub-projects to reduce water losses in identified locations and to prepare comprehensive Non-Revenue Water reduction plan was not achieved, as the extent of water losses could not be assessed, due to gaps in execution of project.

D.4 Construction of Government Tourist assets in lieu of damaged/ destroyed assets

The Department did not formulate plan for operation and maintenance of its tourist assets. As of September 2020, out of 23 sub-projects, 15 sub-projects had been completed and one sub-project was dropped while seven sub-projects were under execution.

In conclusion, it is noticed that there has been less spending in the majority of the projects. Baseline surveys and databases critical to the functioning of the scheme were also not in place and codal provisions were not adhered to while executing projects.

6.2 Recommendations

The Government should:

- *Take steps to recover inadmissible and extra payments disbursed to ineligible beneficiaries to whom financial assistance has been provided;*
- *Prepare a sustainable database of migrants to capture and update details of migrants so as to provide assistance to genuine migrant families in time;*
- *Recoup the funds diverted from the Interest Subvention project for payment to beneficiaries under other schemes/ programmes and the commitments of GoJ&K;*
- *Take effective steps to address issues of land acquisition, delays, land compensation involved in these projects;*
- *Streamline the process of procurement for vehicles/ equipment under High End Security project so that purchases are made timely and for required numbers;*
- *Adequate manpower is provided to Battalions to make them fully operational;*
- *Put in place mechanism to prevent misuse of funds including temporary embezzlement and provide proper structural support by recruiting staff at district and block levels for effective implementation, including liaison and monitoring of the technical support agency of the Himayat scheme;*

- *Adhere to time frames for submission of Utilisation Certificates to the Government of India, financial closure and preparation of project completion reports;*
- *Coordinate and dovetail efforts of all involved Agencies/ Departments for timely completion of projects, especially those involving external aid;*
- *Engage domain experts for assistance in terms of technical and heavy engineering involved projects; and*
- *Fix responsibility and take appropriate action against officials responsible for lapses like diversion of funds, execution of work without tender etc.*

Appendix 1.2
(Reference Paragraphs: 1.4, 5.2.3 and 5.5.1)
Audit sampling of selected PMDP projects

Name of the scheme	Implementing Agency	Districts/ Units selected	Sampling Procedure
Audit sample for Humanitarian Relief projects			
Assistance for completely damaged/ severely damaged/ partially damaged houses – Approximate 73,000 *Kacha* houses and 1,58,000 *Pucca* houses	Disaster Management, Relief, Rehabilitation and Reconstruction Department, J&K	Seven districts viz (1) Srinagar (2) Budgam (3) Baramulla (4) Bandipora (5) Jammu (6) Rajouri (7) Poonch. Further, 25 tehsils/ SDMs[1] out of 69 tehsils/ SDMs in these seven selected districts had been covered in Audit and records relating to payment of compensation in respect of 0.14 lakh (15 *per cent*) out of 0.95 lakh damaged houses in these 25 selected tehsils/ SDMs were test checked	Districts had been selected on the basis of judgement sampling and beneficiaries were selected on the basis of Random Sampling by using systematic sampling method
Rehabilitation Package for Jammu migrants	Disaster Management, Relief, Rehabilitation and Reconstruction Department, J&K	Reasi, Jammu, Udhampur	Selective (Judgement) sampling method
Rehabilitation package for one-time settlement of 36,384 families from POJK and Chhamb Displaced Persons	Disaster Management, Relief, Rehabilitation and Reconstruction Department, J&K	PRO Jammu and DC Jammu	Selective (Judgement) sampling method
Interest subvention on assistance for restoration of livelihood for traders/ self-employed/ business establishments etc.	Finance Department, J&K	J&KSLBC, Finance Department, Director Tourism, CM Secretariat, concerned DCs	Selective (Judgement) sampling method
IR Battalion (five in J&K at approximate cost of ₹ 60 crore per Battalion)	Home Department, J&K	All Five IR Battalions	100 *per cent* checked
Audit sample for Crisis Management projects			
Additional Girls Hostel in Higher Education	J&K Housing Board, J&K Police Housing Corporation	Five GDCs in Jammu, Rajouri, Bhaderwah, Bemina Srinagar and Kargil	Non-probability (Selective) sampling method on the basis of expenditure and social factors
High end security and law order system in J&K	Home Department	Administrative Secretary Home Department and DGP J&K	Selective sampling method on the basis of expenditure
Plan for Comprehensive Flood Management of River Jhelum and its tributaries (Phase-I)	Chief Engineer Irrigation and Flood Control Department Srinagar (Kashmir)	Chief Engineer I&FC Department and six executing Divisions	Selective sampling method on the basis of expenditure
Permanent Restoration of damaged infrastructure	20 Departments/ Agencies	Seven Departments viz R&B, I&FC, PHE, School Education, Higher Education, Estates and Industries & Commerce	Selective sampling method on the basis of expenditure

[1] Three tehsils/ SDMs (North, South and Central) in Srinagar district, three tehsils/ SDMs (Budgam, B. K. Pora and Narbal) in Budgam district, four tehsils/ SDMs (Pattan, Sopore, Khoie and Uri) in Baramulla district, two tehsil/ SDMs (Hajan and Sumbal) in Bandipora district, three tehsils/ SDMs (Rajouri, Thanamandi and Sunderbani) in Rajouri district, two tehsils/ SDMs (Haveli and Poonch) in Poonch district and eight tehsils/ SDMs (Jammu South, Mandal, Khour, Chowki Chaura, Marh, Pargwal, Khara Bali and Maira Mandrain) in Jammu district.

Name of the scheme	Implementing agency	Districts/ Units selected	Sampling procedure
Audit sample for Social Infrastructure projects			
Stepping up efforts under HIMAYAT scheme, One lakh youth to be trained in self – employment through placement linked scheme over five years	Department of Rural Development and Panchayati Raj, Government of Jammu and Kashmir through Himayat Mission Management unit (HMMU), Jammu and Kashmir State Rural Livelihood Mission (JKSRLM)	Administrative Secretary, CEO Himayat Mission and 14 training Centres (Jammu: 6; Kashmir: 6 and Delhi: 2) out of 54 training centres	Simple Random Sampling
Enhanced rate of remuneration to SPOs from ₹ 3,000 per month to ₹ 6,000 per month	Director General of Police through its implementing agencies *viz* Senior Superintendents of Police (SSPs)/ Superintendents of Police (SPs) etc. under the supervision of the Principal Secretary to Home Department, Government of Jammu and Kashmir	20 implementing units (out of 79 units) of the Department	Selective sampling based on strength of SPOs in units
Audit sample for Development projects			
Atal Mission for Rejuvenation and Urban Transformation (AMRUT) in Jammu and Kashmir	Urban Local Bodies, J&K Chief Executive Officer (CEO), Leh	Four Mission cities (Srinagar, Jammu, Leh and Anantnag)	Selective sampling method on the basis of expenditure and social factors
Balance Central share liability of ongoing JnNURM projects for the State of Jammu & Kashmir	Chief Executive Officer, Ladakh Autonomous Hill Development Council (LAHDC), Leh, the Directors, Urban Local Bodies, Kashmir and Jammu, the National Building Construction Corporation	Five sub-projects in Srinagar, Doda and Leh cities	Selective sampling method on the basis of expenditure and social factors
EAP Project of J&K Urban sector development investment programme	Jammu and Kashmir Economic Reconstruction Agency (JKERA)	15 sub-projects out of 44 executed in Jammu and Srinagar cities	Selective sampling method on the basis of expenditure and risk factors
Completion of pending projects under PMRP-2004: Counterpart Funding – ADB-II			
Construction of Government Tourist assets in lieu of damaged/ destroyed assets	Jammu and Kashmir Cable Car Corporation Ltd, Jammu and Kashmir Housing Board (JKHB), Lakes and Waterways Development Authority, Director Tourism Kashmir, Director Tourism Jammu, Director Floriculture Kashmir, SKICC, four Development Authorities (Gulmarg, Rajouri, Poonch and Surinsar-Mansar)	11 sub-projects out of 23 sub-projects sampled	Selective sampling method on the basis of project cost/ expenditure and geographical area

Appendix 2.4.2

(Reference Paragraph: 2.4.7)

Case-1: Misrepresentation of fact by claimant

File No.	Name of the displaced person with parentage (POJK address as per applicant)	Family details as per Form A	Family details as per Ledger register	Family details at present	Remarks	Conclusion
11295	Badri Nath S/o Gopi Chand Nagaraki, Haveli, Poonch	POJK address: Narwalket Badri Nath-self Mela Ram-brother	POJK address: Narwal Plandri Self Mela Ram	Udhay Kapoor S/o Badri Nath	Udhay Kapoor has averred in affidavit that Mela Ram had died in 1947 in holocaust in Pakistan and that he was unmarried throughout his life. Court decree referred to in the covering statement has not been kept on record	Udhay Kapoor's averment regarding Mela Ram was contradictory as name of a person who had died in Pakistan would not have appeared in Form A/ Ledger register.
Reply of the Department: Provincial Rehabilitation Officer Jammu stated (August 2020) that the case had been approved on the basis of legal heir certificate, decree and affidavit produced by applicant. The reply is silent about contradiction about Mela Ram's status.						

(Source: Departmental records)

Appendix 2.4.3

(Reference Paragraph: 2.4.7)

Case-2: Mismatch between Form A and details furnished by claimant

File No.	Name of the displaced person with parentage (POJK address as per applicant)	Family details as per Form A	Family details at present	Remarks
2866	Sewa Singh S/o Kirpal Singh Bhurka Bagh, Poonch	Self Hartej Kour-wife Uttam Devi-mother Kirat Singh-son Manjeet Kour-daughter	Kirat Singh S/o Sewa Singh Manjeet Kour W/o Late Sewa Singh Mohinder Kour D/o Late Sewa Singh	Family details are as per court decree in favour of Kirat Singh wherein his mother (Manjeet Kour) and sister (Mohinder Kour) are the defendants. Hartej Kour and Manjeet Kour described as wife and daughter of Sewa Singh in Form A have not been referred to in the case. No affidavit in this regard on record
PRO stated (August 2020) that Kirat Singh mentioned in Form A was considered as others were female members. The reply is not acceptable as family members mentioned in Form A do not match with family details of the claimant.

PREFACE

This Report of the Comptroller and Auditor General of India for the period from 01 April 2019 to 30 October 2019 has been prepared in accordance with Article 151 of the Constitution of India. As per the decision of the Government of India, Ministry of Finance (June 1994), wherever President's Rule is extended beyond one year, the C&AG's Report relating to the State would be placed in Parliament. Hence, this Report is being sent to President for laying in the Parliament.

Consequent to the reorganisation of the State of Jammu and Kashmir, under the Jammu & Kashmir Reorganisation Act, 2019, the Report is also being sent to the Lieutenant Governors of the successor Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

Chapter-I of this report describes the basis and approach to the Report and the underlying data, provides an overview of structure of Government accounts, budgetary processes, macro-fiscal analysis of key indices and fiscal position including the deficits/surplus.

Chapter-II provides a broad perspective of the finances of the erstwhile State, major fiscal aggregates, debt profile and key Public Account transactions, based on the Finance Accounts of the erstwhile State.

Chapter-III is based on the Appropriation Accounts of the erstwhile State and reviews the appropriations and allocative priorities and reports on deviations from Constitutional provisions relating to budgetary management.

Chapter-IV comments on the quality of accounts rendered by various authorities of the erstwhile State Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials.

The Report containing the findings of audit of transactions in various departments, audit of Statutory Corporations, Boards and Government Companies and of Revenue receipts is presented separately.

All references to the State Government or State of Jammu and Kashmir occurring in this Report shall mean to be pertaining to the erstwhile State of Jammu and Kashmir.

Executive Summary

EXECUTIVE SUMMARY

Background

This Report on the finances of the Government of Jammu and Kashmir is brought out to assess objectively the financial performance of the State during the year 2019-20 (01 April 2019 to 30 October 2019) *vis-à-vis* the Budget Estimates/Pre-Actuals and the targets set under 14th Finance Commission, to provide the State Government and State Legislature with timely inputs based on audit analysis of financial data.

The Report

Based on the audited accounts of the State Government for the period ending 30 October 2019 and additional data such as Budget of the State, Other data with Departmental Authorities, GSDP data and other State related statistics, this report has been structured in following four Chapters.

Chapter-I describes the basis and approach to the Report and the underlying data, provides an overview of structure of Government accounts, budgetary processes, macro-fiscal analysis of key indices and State's fiscal position including the deficits/ surplus.

Chapter-II provides a broad perspective of the finances of the State, major fiscal aggregates, debt profile of the State and key Public Account transactions, based on the Finance Accounts of the State.

Chapter-III based on the Appropriation Accounts of the State and reviews the appropriations and allocative priorities of the State Government and reports on deviations from provisions relating to budgetary management.

Chapter-IV comments on the quality of accounts rendered by various authorities of the State Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials of the State Government.

Audit findings

Chapter-I & II- Overview and Finances of the State:

Borrowings during the period 01 April 2019 to 30 October 2019 was 74 *per cent* of target projected in the budget.

(Para 1.5.1)

There was Revenue Deficit (RD) of ₹192 crore in 2019-20 (01 April 2019 to 30 October 2019) which was understated by ₹154.91 crore owing to misclassification and short transfer of funds and interest to the Reserve Funds. There was Fiscal deficit of ₹4,728 crore during 2019-20 (01 April 2019 to 30 October 2019) which was understated by ₹50.12 crore owing to short transfer of funds/interest to the Reserve Funds.

(Para 1.6.1)

Against the actual loss of ₹2,078.07 crore due to implementation of GST, the State Government received compensation to the tune of ₹1,032 crore. It has resulted in receipt of less compensation to the extent of ₹1,046.07 crore.

(Para 2.3.2.1.2)

The Central tax transfers during 01 April 2019 to 30 October 2019 constituted 22.63 *per cent* of the total Revenue Receipts for the period.

(Para 2.3.2.2.1)

Percentage of Grants-in-Aid to Revenue Receipts was 52 *per cent* during 01 April 2019 to 30 October 2019, and thus the State Government was dependent on Grants-in-Aid from GoI.

(Para 2.3.2.2.2)

State received ₹3,285.32 crore against ₹6,178.37 crore as recommended by 14th Finance Commission Grants for Local Bodies from Government of India, resulting in less receipt of ₹2,893.05 crore during the period 2015-16 to 2019-20 (01 April 2019 to 30 October 2019).

(Para 2.3.2.2.3)

The committed expenditure constituted 70.57 *per cent* of Revenue Expenditure and 71.03 *per cent* of Revenue Receipts, during the period 01 April 2019 to 30 October 2019.

(Para 2.4.2.1)

An amount of ₹53.67 crore was lying under the Major Head-8342 – "Other Deposits"-117 "Defined Contribution Pension Scheme" (New Pension Scheme) awaiting transfer to NSDL/Trustee Bank.

(Para 2.4.2.2)

State Government had cumulative investment of ₹3,428.03 crore in 37 Companies (₹2,959.71 crore), three Statutory Corporations (₹374.33 crore), eight Co-operative Institutions/Local Bodies (₹47.83 crore), two Rural Banks (₹45.82 crore) and two Joint Stock Companies (₹0.34 crore). During 2019-20 (01 April 2019 to 30 October 2019) no returns in the form of dividends was received.

(Para 2.4.3.2)

The recovery of loans is very poor resulting in increase in outstanding balance from ₹1,725.77 crore on 01 April 2019 to ₹1,740.44 crore as on 30 October 2019.

(Para 2.4.3.3)

The cumulative aggregate balance in reserve funds at the end of 30 October 2019 was ₹2,806 crore out of which only ₹11 crore has been invested.

(Para 2.5.2)

The State Government maintained the mandatory minimum daily cash balance of ₹1.14 crore with Reserve Bank of India on 48 days during the period 01 April 2019 to 30 October 2019 without taking Special Ways and Means Advance/Ways and Means Advances (WMA)/Overdrafts, and on 148 days minimum balance was maintained by obtaining Normal Ways and Means Advance besides on 17 days Overdraft was taken in addition to obtaining Normal Ways and Means Advance.

(Para 2.7.3)

Chapter-III- Budgetary Management:

An amount of ₹3,254.08 crore was incurred under 92 schemes/Sub Heads in 23 Grants without Budgetary Provisions during 01 April 2019 to 30 October 2019 which needs to be regularised as per the relevant rules, laws and regulations.

(Para 3.3.1)

During 01 April 2019 to 30 October 2019, a sum of ₹104.79 crore of Revenue expenditure was disbursed under Capital Heads of expenditure, thereby, resulting in overstatement of Capital Expenditure and understatement of Revenue Expenditure to the extent of ₹104.79 crore.

(Para 3.3.2)

There were 19 grants in which savings of ₹ ten crore and above had occurred under the Revenue and Capital Sections as on 30 October 2019, which included 11 grants wherein savings of ₹100 crore and above were noticed. The percentage savings ranged between five *per cent* and 65 *per cent* of the total appropriation of the grant during 2019-20 (01 April 2019 to 30 October 2019). However, no surrender in anticipation of savings was made by the concerned departments. The savings in these cases was of the order of ₹2,932.59 crore.

(Para 3.4.1)

Out of 36 grants, in 26 grants the utilisation ranged between 34.73 *per cent* and 99.87 *per cent.* In the remaining 10 grants there was over utilisation resulting in excess over provisions, ranging between 1.54 *per cent* and 130.38 *per cent,* during 2019-20 (01 April 2019 to 30 October 2019).

(Para 3.4.2)

The Appropriation Accounts of 1980-81 onwards had not been discussed in PAC, the excess expenditure aggregating ₹1,18,692.88 crore for the years 1980-2019 is to be regularised.

(Para 3.5.2)

Chapter-IV- Quality of Accounts and Financial Reporting Practices:

2,029 Utilisation Certificates in respect of loans and grants involving ₹9,354.49 crore against various departments were outstanding as on 30 October 2019.

(Para 4.7)

Detailed contingent (DC) bills for an amount of ₹7,226.48 crore drawn on 2,298 AC bills up to 31 August 2019 were not submitted to the Accountant General (A&E), Jammu & Kashmir.

(Para 4.8)

During 2019-20 (01April 2019 to 30 October 2019), ₹2,159.92 crore (7.19 *per cent* of the total Revenue Receipts) was classified under the Minor Head 800-'Other Receipts' and expenditure of ₹1,140.33 crore (3.28 *per cent* of Total Expenditure) was booked under Minor Head 800-'Other Expenditure' instead of depicting distinctly under relevant heads in the Finance Accounts which affects transparency in financial reporting.

(Para 4.9)

There was mis-classification and details in respect of Grants-in-aid given in kind was not provided (IGAS 2). Detailed information regarding recoveries in arrears and accrued interest thereon was not furnished (IGAS 3).

(Para 4.13)

Chapter-I

Overview

CHAPTER-I

OVERVIEW

This chapter describes the basis and approach to the report and the underlying data provides overview of structure of Government accounts, budgetary processes, macro-fiscal analysis of key indices and State's key fiscal position including the deficits/surplus.

1.1 Profile of the State

The State of Jammu and Kashmir (J&K) was strategically located with its borders touching Pakistan and China and was spread over a geographical area of 2.22 lakh sq. km. Jammu & Kashmir was the 6th largest state of India occupying 6.76 per cent of the country's geographical area. The three regions of the State viz. Kashmir, Jammu and Ladakh were organised into 22 districts. Consequent on the reorganisation of the State of Jammu and Kashmir, under the Jammu & Kashmir Reorganisation Act, 2019, the State of Jammu and Kashmir was reorganised as Union Territory of Jammu & Kashmir and Union Territory of Ladakh (w.e.f 31 October 2019). The Union Territory of Jammu & Kashmir is constituted of all districts of erstwhile Jammu & Kashmir State except Leh and Kargil districts and Union Territory of Ladakh is constituted of Leh and Kargil districts of the erstwhile Jammu & Kashmir State. The profile of the erstwhile State and the development indicators relating to major infrastructure is reflected in ***Appendix 1.1***.

As per Census 2011, the State's population was 1.25 crore. The decadal growth rate of population declined to 23.71 *per cent* during 2001-2011 from 29.43 *per cent* during 1991-2001. The population density of the State increased from 100 per sq km in 2001 to 124 per sq km in 2011.The overall sex ratio declined from 892 in 2001 to 889, as per census 2011. During the decade 2001-2011, literacy rate increased from 55.5 *per cent* to 67.20 *per cent* in the State, as against 64.8 *per cent* to 73 *per cent* at national level.

Consequent on the reorganisation of the State of Jammu and Kashmir during 2019-20, Jammu & Kashmir existed as a State up to 30 October 2019, and the accounts of erstwhile State of J&K have been prepared for the period 01 April 2019 to 30 October 2019.

The original budget for the year 2019-20 was for the complete year i.e 01 April 2019 to 31 March 2020. However, during the year, the reorganisation took place w.e.f 31st October 2019. Consequently, the pre-actuals for seven months (01 April 2019 to 30 October 2019) as reflected in the demand for Grants 2020-21 passed (March 2020) by the Parliament have been taken as the Budget Estimates for preparation of this report.

The Department of Economic and Statistics of J&K Government furnished estimated Gross State Domestic Product (GSDP) of Jammu and Kashmir for the complete year 2019-20. However, the department did not compile segregated GSDP for the period 01 April 2019 to 30 October 2019. Though actual expenditure figures for the erstwhile State were available for the period till 30 October 2019 but the segregated GSDP figures

were not available for the same period. Hence comparison of trends has not been included in this report.

1.1.1 Gross State Domestic Product of the State

Gross State Domestic Product (GSDP) is the value of all the goods and services produced within the boundaries of the State in a given period of time. Growth of GSDP is an important indicator of the State's economy, as it denotes the extent of changes in the level of economic development of the State over a period. Department of Economic and Statistics of J&K Government furnished estimated Gross State Domestic Product (GSDP) of Jammu and Kashmir for the complete year 2019-20. However, the department did not compile segregated GSDP for the period 01 April 2019 to 30 October 2019.

1.2 Basis and Approach to State Finances Audit Report

In terms of Article 151 (2) of the Constitution of India, the reports of the Comptroller and Auditor General of India (CAG) relating to the accounts of a State are to be submitted to the Governor of the State, who shall cause them to be laid before the Legislature of the State. The State Finances Audit Report (SFAR) is prepared and submitted under Article 151 (2) of the Constitution of India. However, as there is no Legislature, the C&AG's Report relating to the State would be placed in Parliament wherever President's Rule is extended beyond one year, as per the decision of the Government of India, Ministry of Finance (June 1994).

Pr. Accountant General (Accounts & Entitlements) prepares the Finance Accounts and Appropriation Accounts of the State annually, from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and departments responsible for keeping of such accounts functioning under the control of the State Government, and the statements received from the Reserve Bank of India. These accounts are audited independently by the Pr. Accountant General (Audit), and certified by the CAG.

The current SFAR has been prepared for the period 01 April 2019 to 30 October 2019. Finance Accounts and Appropriation Accounts of the State constitute the core data for this report. Other sources include the following:

- Budget of the State: for assessing the fiscal parameters and allocative priorities *vis-à-vis* projections, as well as for evaluating the effectiveness of its implementation and compliance with the relevant rules and prescribed procedures;
- Results of audit carried out by the Office of the Accountant General (Audit);
- Other data with Departmental Authorities and Treasuries (accounting as well as MIS),
- GSDP data and other State related statistics; and

- Various audit reports of the CAG of India.

The analysis is also carried out in the context of recommendations of the XIV Finance Commission (FC), State Fiscal Responsibility and Budget Management Act, best practices and guidelines of the Government of India.

1.3 Report Structure

The SFAR is structured into the following four Chapters:

Chapter – I	**Overview** This Chapter describes the basis and approach to the Report and the underlying data, provides an overview of structure of Government accounts, budgetary processes, key indices and State's fiscal position including the deficits/surplus.
Chapter – II	**Finances of the State** This chapter provides a broad perspective of the finances of the State, major fiscal aggregates debt profile of the State and key Public Account transactions, based on the Finance Accounts of the State.
Chapter – III	**Budgetary Management** This chapter is based on the Appropriation Accounts of the State and reviews the appropriations and allocative priorities of the State Government and reports on deviations from provisions relating to budgetary management.
Chapter – IV	**Quality of Accounts & Financial Reporting Practices** This chapter comments on the quality of accounts rendered by various authorities of the State Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials of the State Government.

1.4 Overview of Government Accounts Structure and Budgetary Processes

The Accounts of the State Government are kept in three parts:

Part-I Consolidated Fund of the State (Section 115 of the Constitution of erstwhile State of Jammu & Kashmir)

This Fund comprises all revenues received by the State Government, all loans raised by the State Government (market loans, bonds, loans from the Central Government, loans from Financial Institutions, Special Securities issued to National Small Savings Fund, etc.), Ways and Means advances extended by the Reserve Bank of India and all moneys received by the State Government in repayment of loans. No moneys can be appropriated from this Fund except in accordance with law and for the purposes and in the manner provided by the Constitution. Certain categories of expenditure (e.g., salaries of Constitutional authorities, loan repayments etc.), constitute a charge on the

Consolidated Fund of the State (Charged expenditure) and are not subject to vote by the Legislature. All other expenditure (Voted expenditure) is voted by the Legislature.

Part-II Contingency Fund of the State (Section 116 of the Constitution of erstwhile State of Jammu & Kashmir)

This Fund is in the nature of an imprest which is established by the State Legislature by law, and is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional Major head relating to the Consolidated Fund of the State.

Part-III Public Accounts of the State (Section 115 (2) of the Constitution of erstwhile State of Jammu & Kashmir)

Apart from above, all other public moneys received by or on behalf of the Government, where the Government acts as a banker or trustee, are credited to the Public Account of the State. The Public Account includes repayables like Small Savings and Provident Funds, Deposits (bearing interest and not bearing interest), Advances, Reserve Funds (bearing interest and not bearing interest), Remittances and Suspense heads (both of which are transitory heads, pending final booking). The net cash balance available with the Government is also included under the Public Account. The Public Account is not subject to the vote of the Legislature.

There is a constitutional requirement under Section 79 of the Constitution of erstwhile State of Jammu & Kashmir to present before both the Houses of the Legislature of the State, a statement of estimated receipts and expenditures of the Government in respect of every financial year. This 'Annual Financial Statement' constitutes the main budget document. The original budget for the year 2019-20 was for the complete year i.e 01 April 2019 to 31 March 2020. However, as a consequence of the reorganisation that took place w.e.f 31st October 2019, the pre-actuals/Revised Estimates for seven months (01 April 2019 to 30 October 2019) as reflected in the demand for Grants 2020-21 passed (March 2020) by the Parliament have been taken as the Budget Estimates in this report.

Revenue receipts consist of tax revenue, non-tax revenue, share of Union Taxes/ Duties, and grants from Government of India.

Revenue expenditure consists of all those expenditures of the Government which do not result in creation of physical or financial assets. It relates to those expenses incurred for the normal functioning of the Government departments and various services, interest payments on debt incurred by the Government, and grants given to various institutions (even though some of the grants may be meant for creation of assets).

The **Capital receipts** consist of:

- **Debt receipts:** Market Loans, Bonds, Loans from financial institutions, Net transaction under Ways and Means Advances, Loans and Advances from Central Government, etc.;

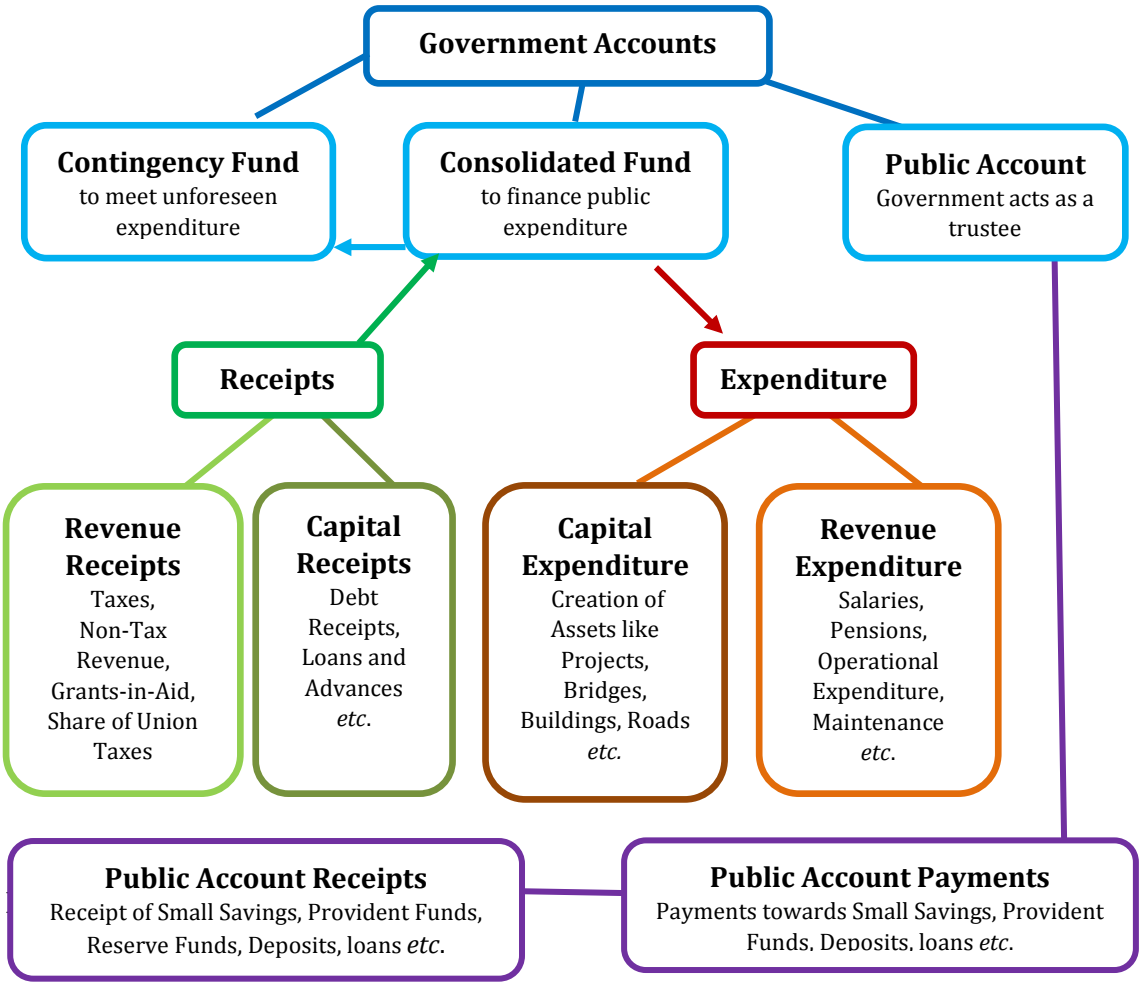
- **Non-debt receipts:** Proceeds from disinvestment, Recoveries of loans and advances;

Capital expenditure includes expenditure on the acquisition of land, building, machinery, equipment, investment in shares, and loans and advances by the Government to PSUs and other parties.

1.5 Structure of Government Accounts and Budgetary Processes

Government finances comprise the following:

Chart 1.1: Structure of Government Accounts



In terms of Section 79 of the Constitution of erstwhile State of Jammu & Kashmir, the Governor of the State causes to be laid before both houses of Legislature, a statement of the estimated receipts and expenditure of the State for the year, in the form of an Annual Financial Statement. In terms of Section 80 of the Constitution of erstwhile State of Jammu & Kashmir, the statement is submitted to the State Legislature in the form of Demands for Grants/Appropriations and after approval of these, the Appropriation Bill is passed by the Legislature under Section 81 *ibid* to provide for appropriation of the required money out of the Consolidated Fund. The original budget for the year 2019-20 was for the complete year i.e. 01 April 2019 to 31 March 2020. However, during the year, the reorganisation took place w.e.f. 31st October 2019.

Consequently, the pre-actuals/Revised Estimates for seven months (01 April 2019 to 30 October 2019) as reflected in the demand for Grants 2020-21 passed (March 2020) by the Parliament have been taken as the Budget Estimates for preparation of this report. Results of audit scrutiny of budget and implementation of other budgetary initiatives of the State Government are detailed in **Chapter 3** of this Report.

1.5.1 Snapshot of Finances

The following table provides the details of actual financial results for the period from 01 April 2019 to 30 October 2019 *vis-à-vis* Budget Estimates of the same period. Time series data on the State Government Finances is depicted in ***Appendix 1.2***.

Table 1.1: Actuals versus Budget Estimates for the period 01 April 2019 to 30 October 2019

(₹ in crore)

Sl. No.	Components	Budget Estimate*	Actuals	Percentage of Actual to B.E.
1	Own Tax Revenue	6,427	5,410	84
2	Non-Tax Revenue	1,036	2,197	212
3	Share of Union taxes/duties	6,762	6,802	101
4	Grants-in-aid and Contributions	13,513	15,643	116
5	**Revenue Receipts (1+2+3+4)**	**27,738**	**30,052**	**108**
6	Recovery of Loans and Advances	0	2	-
7	Other Receipts	(-)31	-	-
8	Borrowings and other Liabilities	6,424	4,728#	74
9	**Capital Receipts (6+7+8)**	**6,393**	**4,730**	**74**
10	**Total Receipts (5+9)**	**34,131**	**34,782**	**102**
11	**Revenue Expenditure, of which**	**28,171**	**30,244**	**107**
12	Interest payments	1,737	3,355	193
13	**Capital Expenditure**	**5,960**	**4,538**	**76**
14	Capital outlay	5,948	4,522	76
15	Loans and Advances	12	16	133
16	**Total Expenditure (11+13)**	**34,131**	**34,782**	102
17	**Revenue Deficit (5-11)**	**(-)433**	**(-)192**	**44**
18	**Fiscal Deficit {16-(5+6+7)}**	**(-)6,424**	**(-)4,728**	**74**
19	**Primary Deficit (18-12)**	**4,687**	**1,373**	**29**

**Pre-actuals for the period 01 April 2019 to 30 October 2019 reflected in Budget for the year 2020-21. # Borrowings and other Liabilities. Net (Receipts-Disbursements) of Public Debt + Net of Contingency Fund + Net (Receipts – Disbursement) of Public Account + Net of Opening and Closing Balance.*

The borrowings during the period 01 April 2019 to 30 October 2019 was 74 *per cent* of the target projected in the budget. During this period, there was increase in both, Revenue Receipts and Revenue Expenditure, as compared to the Budget Estimates. However, the increase in Revenue Receipts (₹2,314 crore) was more than the increase in Revenue Expenditure (₹2,073 crore), which resulted in lesser Revenue Deficit (₹192 crore) than projected in Budget Estimates (₹433 crore). The increase in Revenue Receipts was due to increase in Own Non Tax revenue (₹1,161 crore), Share of Union Taxes (₹40 crore) and Grants-in-Aid (₹2,130 crore), partially offset by decrease in Own Tax Revenue (₹1,017 crore). The actual Capital Expenditure was less

than the estimated figures by an amount of ₹1,422 crore. As a result, the actual fiscal deficit (₹4,728 crore) was lesser than the Budget Estimates (₹6,424 crore).

1.5.2 Snapshot of Assets and liabilities of the Government

In the existing Government accounting system, comprehensive accounting of fixed assets like land and buildings owned by the Government is not done. However, the Government accounts do capture the financial liabilities of the Government and the assets created out of the expenditure incurred at historical cost i.e. in terms of the cash inflow and outflow in nominal terms without making any adjustment for appreciation/depreciation. Statement 12 of the Finance Accounts 2019-20 (01 April 2019 to 30 October 2019) gives an overview of sources and application of funds. Statement 1, 6 and 17 of the Finance Accounts 2019-20 (01 April 2019 to 30 October 2019) provide summary position of the Government's financial liabilities such as borrowing from open market and financial institutions, loans and advances from the Union Government and net receipts under public accounts in respect of which the Government functions as a trustee or banker.

The Finance Accounts of the State Government do not include a complete statement of all assets belonging to the State Government because the subsidiary records of assets and their valuation are not maintained by the Pr. Accountant General (A&E), Jammu and Kashmir. The Finance Accounts merely depict cumulative Capital Expenditure; each year's Capital Expenditure being added in nominal terms without any adjustment of appreciation/depreciation of assets.

Government accounts capture the financial liabilities of the Government and the assets created out of the expenditure incurred. The liabilities consist mainly of internal borrowings, loans and advances from GoI, receipts from Public Account and Reserve Funds, and the assets comprise mainly the capital outlay and loans and advances given by the State Government and cash balances. Although the State has been bifurcated (w.e.f 31 October 2019), the assets and liabilities of erstwhile State are yet to be distributed between the newly created Union Territories. The position of assets and liability for current year and previous year is shown in **Table 1.2**.

Table 1.2: Summarised position of Assets and Liabilities of the erstwhile state of Jammu & Kashmir

(₹ in crore)

Liabilities				Assets			
		2018-19	2019-20 (01/04/2019 to 30/10/2019)			2018-19	2019-20 (01/04/2019 to 30/10/2019)
Consolidated Fund

Total		**1,00,728**	**1,05,056**	**Total**		**1,00,728**	**1,05,056**

1.6 Fiscal Balance: Achievement of Deficit and Total Debt Targets

Jammu and Kashmir Fiscal Responsibility and Budget Management (FRBM) Act was enacted on 14 August 2006, to provide for the responsibility of the Government to ensure prudence in fiscal management and fiscal stability by progressive strengthening of revenue surplus, reduction in fiscal deficit, prudent debt management, consistent with fiscal sustainability, greater transparency in fiscal operations of the Government

and conduct of fiscal policy in a medium term framework and for matters connected therewith or incidental thereto.

FRBM Act required that Medium Term Fiscal Policy Statement is to be presented to the Legislature, in which the Government shall set forth the fiscal management objectives and three year rolling targets for the prescribed fiscal indicators. The fiscal targets fixed for 2019-20 in MTFP Statements were for complete year 2019-20. As per these targets, the erstwhile State was to maintain Revenue Surplus, Fiscal Deficit below three *per cent* of GSDP and outstanding debt to GSDP ratio below 44.01 *per cent*. The State got bifurcated into two Union Territories w.e.f 31 October 2019 and there were no targets for part year 2019-20 (up to 30 October 2019). However, it was noted that during the part year (till 30 October 2019), there was a Revenue Deficit of ₹192 crore. As the GSDP figures for the part year were not available, the State's performance on the parameters of Fiscal Deficit and outstanding debt as a percentage of GSDP, could not be assessed and commented upon.

1.6.1 Deficit Parameters

Revenue Deficit: The difference between revenue expenditure and revenue receipts is Revenue Deficit. There was Revenue Deficit (RD) of ₹192 crore in 2019-20 (01 April 2019 to 30 October 2019).

Fiscal Deficit: Fiscal deficit is the difference between the Government's total expenditure and its total receipts excluding borrowings. During the period 01 April 2019 to 30 October 2019, the Fiscal deficit was ₹4,728 crore.

Primary Deficit/Surplus: There was Primary Deficit of ₹1,373 crore during 2019-20 (01 April 2019 to 30 October 2019).

1.7 Deficits and Total Debt after examination in Audit

In order to present better picture of State Finances, there is a tendency to classify revenue expenditure as capital expenditure and to conduct off budget fiscal operations. During the period 01 April 2019 to 30 October 2019, Revenue Deficit and Fiscal Deficit were understated by ₹154.91 crore and ₹50.12 crore respectively owing to misclassification and short transfer of funds and interest to the Reserve Funds and there was off budget borrowing of ₹0.23 crore as detailed in the following para.

1.7.1 Post audit - Deficits

Misclassification of revenue expenditure as capital, short contributions to reserve funds, non transfer of State share and non transfer of interest on account of delayed transfer of State Disaster Response Funds has impacted the Revenue and Fiscal Deficit as shown in **Table 1.3**.

Table 1.3: Revenue and Fiscal Deficit, post examination by Audit

Sl. No.	Item	Impact on Revenue Deficit (Understated (+)/ overstated(-) *(₹ in crore)*	Impact on Fiscal Deficit (Understated) *(₹ in crore)*
		Under Statement	**Under Statement**
1	Grants-in-Aid classified as Capital Expenditure	68.97	-
2	Operating cost and transport/handling charges of food grains classified as Capital Expenditure	29.20	-
3	Stipend and Scholarship booked under Capital Expenditure	0.11	-
4	Subsidy booked under Capital Expenditure	6.47	-
5	Salary booked under Capital Expenditure.	0.04	-
6	Short Contribution to Guarantee Redemption Fund	5.04	5.04
7	SDRF Grant (State Share) not transferred to SDRF	45.00	45.00
8	Amount not transferred to SDRF (interest on account of delay in transfer)	0.08	0.08
Total Net impact		**154.91**	**50.12**

Source: Finance Accounts

Revenue Deficit of ₹192 crore during the period 01 April 2019 to 30 October 2019 is understated by ₹154.91 crore because of Revenue Expenditure being classified as Capital Expenditure and due to short transfer of funds and interest to the Reserve Funds. Fiscal Deficit is also understated by ₹50.12 crore due to short transfer of funds and interest to the Reserve Funds.

1.7.2 Post audit – Total Public Debt

As per the J&K FRBM Act, the total liabilities means liabilities under Consolidated Fund of the State and Public Accounts of the State and includes borrowings by the public Sector Undertakings and the Special Purpose vehicles and other equivalent instruments including Guarantees where the Principal and/or the interest is serviced out of the budget. There is an off budget borrowing of ₹0.23 crore during 01 April 2019 to 30 October 2019 for implementation of RGGVY/DDUGJY which needs to be included in total liabilities of the State.

Chapter-II

Finances of the State

CHAPTER-II

FINANCES OF THE STATE

This chapter provides a broad perspective of the finances of the Government of Jammu and Kashmir during the financial year 2019-20 (01 April 2019 to 30 October 2019) on the basis of major fiscal aggregates and its structural profile.

2.1 Major changes in Key fiscal aggregates *vis-à-vis* 2018-19

The major key fiscal aggregates of the State for the period 01 April 2019 to 30 October 2019 were for seven months accounts, so it cannot be compared *vis-à-vis* fiscal aggregates for the complete year 2018-19.

2.2 Sources and Application of Funds

The components of the sources and application of funds of the State during the period 01 April 2019 to 30 October 2019 are as under:

Table 2.1: Details of Sources and Application of funds during 2019-20 (01 April 2019 to 30 October 2019)

(₹ in crore)

	Particulars	2019-20 (01/04/2019 to 30/10/2019)
Sources	Opening Cash Balance with RBI and other cash balances	511
	Revenue Receipts	30,052
	Recoveries of Loans and Advances	02
	Public Debt Receipts (Net)	3,153
	Public Account Receipts (Net)	1,022
	Total	**34,740**
Application	Revenue Expenditure	30,244
	Capital Expenditure	4,522
	Disbursement of Loans and Advances	16
	Closing Cash Balance with RBI and other cash balances	(-)42
	Total	**34,740**

Source: Finance Accounts

Revenue receipt is biggest source and biggest share of resource was applied towards revenue expenditure.

The composition of sources and application of funds in the Consolidated Fund of the State during 2019-20 (01 April 2019 to 30 October 2019) is given in **Chart 2.1** and **Chart 2.2**.

Chart 2.1: Composition of resources (*In per cent*)

₹ comes from

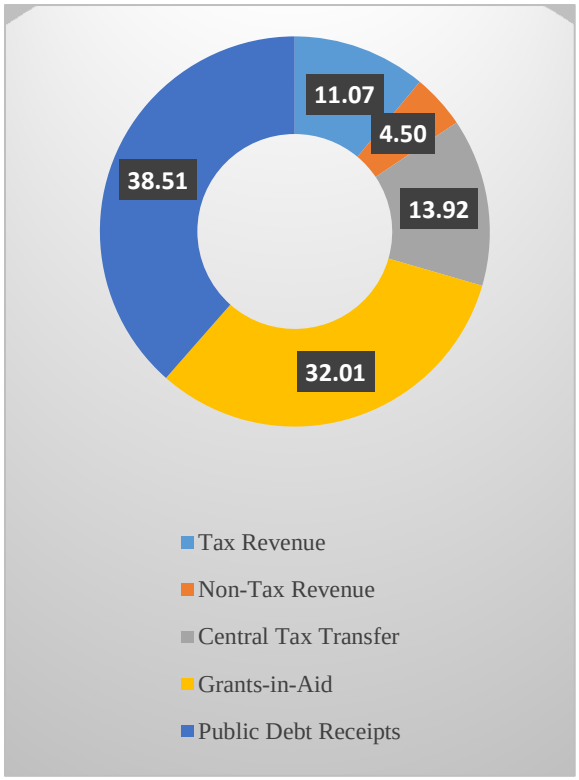

Chart 2.2: Application of resources (*In per cent*)

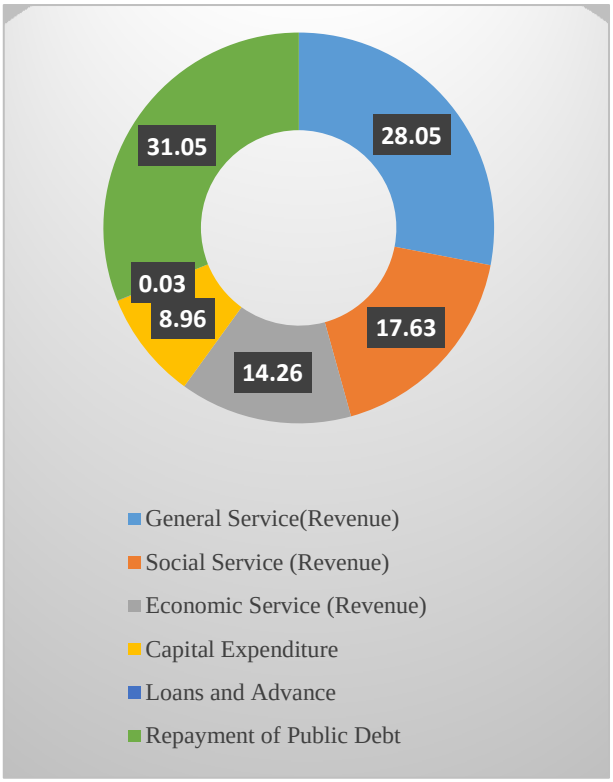
₹ goes to



Public Debt Receipts and Grant-in- Aid accounted for 70.52 *per cent* of resources of State. Repayment of Public Debt and Expenditure on General Services accounted for 59.10 *per cent* of expenditure.

2.3 Resources of the State

The resources of the State are described below:

1. **Revenue receipts** consist of tax revenue, non-tax revenue, State's share of Union taxes and duties and grants-in-aid from the Government of India (GoI).

2. **Capital receipts** comprise miscellaneous capital receipts such as proceeds from disinvestments, recoveries of loans and advances, debt receipts from internal sources (market loans, borrowings from financial institutions/commercial banks) and loans and advances from GoI. Both revenue and capital receipts form part of the Consolidated Fund of the State.

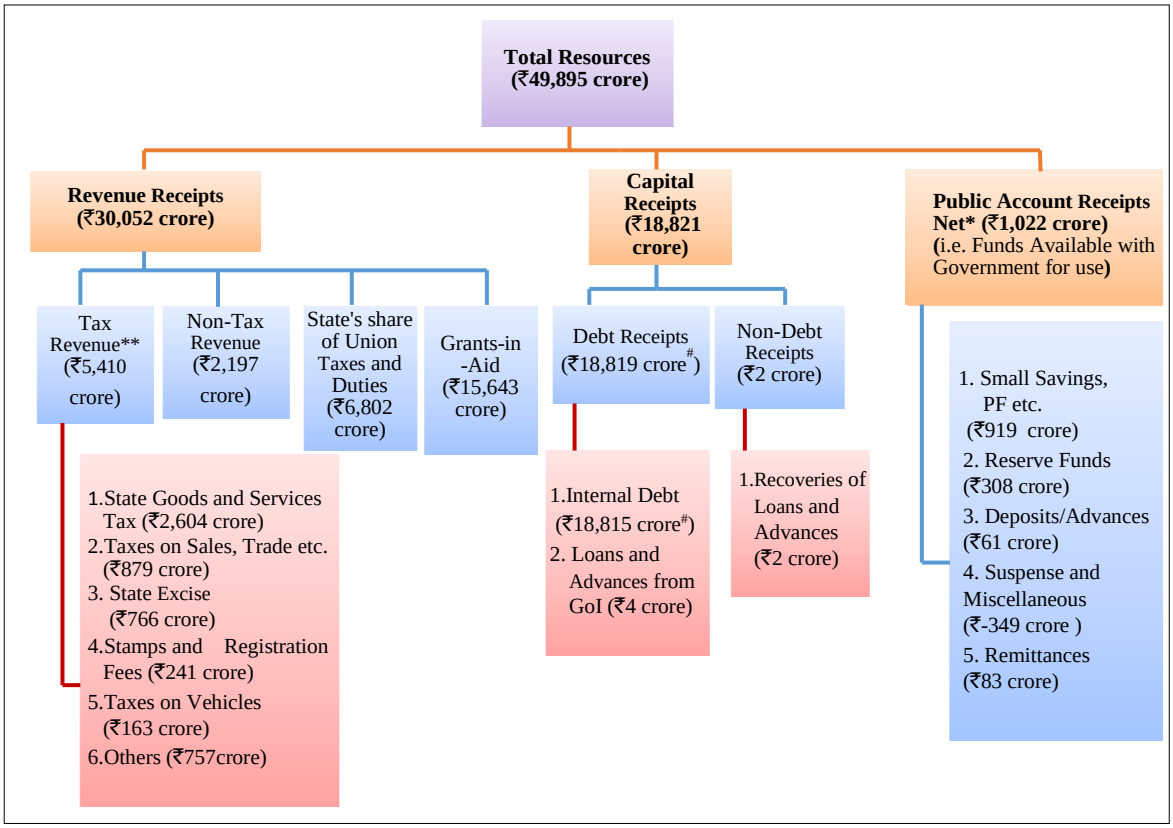
3. **Net Public Accounts receipts**: There are receipts and disbursements in respect of certain transactions such as small savings, provident fund, reserve funds, deposits, suspense, remittances, etc. which do not form part of the Consolidated Fund.

These are kept in the Public Account set up under Section 115 (2) of the Constitution of erstwhile state of Jammu and Kashmir and are not subject to vote by the State Legislature. Here, the Government acts as a banker. The balance after disbursements is the fund available with the Government for use.

2.3.1 Receipts of the State

Revenue and Capital are the two streams of receipts that constitute the resources of the State Government. Revenue Receipts consist of Tax Revenues, Non-Tax Revenues, State's share of Union Taxes and Duties and Grants-in-Aid from the Government of India (GoI). Capital Receipts comprise Miscellaneous Capital Receipts such as proceeds from Disinvestments, Recoveries of Loans and Advances, Debt Receipts from internal sources (Market Loans, Borrowings from financial institutions/commercial banks) and Loans and Advances from GoI as well as accruals from Public Account. **Chart 2.3** showing the composition of resources of the State during the current year are given below**.**

Chart 2.3: Composition of receipts of the State during 2019-20 (01 April 2019 to 30 October 2019)



**Public Accounts Receipts Net (₹1,022 crore) =Public Accounts Receipts (₹16,992.80 crore) less Public Accounts Disbursements (₹15,970.45 crore) **does not include compensation of ₹1,032 crore received due to implementation of GST (included in GIA) # Includes Ways and Means Advance (₹14,803 .07 crore)*

2.3.2 State's Revenue Receipts

During the period 01 April 2019 to 30 October 2019 the various components of State Revenue receipts were as shown in **Table 2.2**.

Table 2.2: Components of State's Revenue Receipts during 01 April 2019 to 30 October 2019)

(₹ in crore)

Sl. No.	Name of Components	Amount	Percentage
1	Own Tax Revenue	5,410	18
2	Own Non Tax Revenue	2,197	7
3	State's share in Union Taxes	6,802	23
4	Grants-in-Aid from Government of India	15,643	52
	Total	**30,052**	

Source: Finance Accounts

2.3.2.1 State's Own Resources

State's performance in mobilisation of resources should be assessed in terms of its own resources comprising revenue from its own tax and non-tax sources. Details of the own tax revenue and non-tax revenue of the State during the period 01 April 2019 to 30 October 2019 are given in the following sub-paragraphs.

2.3.2.1.1 Own Tax Revenue

Own tax revenues of the State consist of State GST, State Excise, Taxes on Vehicles, Stamp Duty and Registration fees, Land revenue, Taxes on Goods and Passengers, etc.

Table 2.3: Components of State's Own Tax Revenue

(₹ in crore)

Revenue Head	2019-20 (01/04/2019 to 30/10/2019)	Percentage to total Own Tax Revenue
SGST	2,604	48
Sales Tax	879	16
State excise	766	14
Taxes on goods and passengers	574	11
Stamp duty and Registration fees	241	4
Taxes on vehicles	162	3
Land revenue	86	2
Other taxes	98	2
Total	**5,410**	

Source: Finance Accounts

During 01 April 2019 to 30 October 2019, the State's Own Tax Revenue was ₹5,410 crore.The respective share of major components of Own Tax Revenue is SGST (48 *per cent*), Sales Tax (16 *per cent*), State Excise (14 *per cent*) and Taxes on Goods

and Passengers (11 *per cent*), which together account for 89 *per cent* of total Own Tax Revenue.

2.3.2.1.2 State Goods and Services Tax (SGST)

As per the GST (Compensation to States) Act, 2017, States will be compensated for the shortfall in revenue arising on account of implementation of the Goods and Services Tax considering an annual growth of 14 *per cent* from the base year, for a period of 5 years. The centre levies the Integrated GST (IGST) on inter-state supply of goods and services, and apportions the State's share of tax to the State where the goods or services are consumed. State Government implemented the Goods and Services Tax (GST) Act which became effective from 8th July 2017. The compensation payable to the State shall be calculated for every financial year after the receipt of final revenue figures, as audited by the CAG of India. The base year (2015-16) revenue figure was finalised under GST Act. In case of Jammu and Kashmir, the Revenue was ₹4,766.30 crore during the base year (2015-16). The protected revenue for any year in a State shall be calculated by applying the projected growth rate (14 *per cent* per annum) over the base year revenue. The protected revenue for the year 2019-20 in accordance with base year figure was ₹8,050.09 crore[1]. The protected revenue for the seven month period (01 April 2019 to 30 October 2019) was ₹4,695.88 crore. Against the protected revenue, the Revenue Receipt of the State Government under GST including collection of taxes subsumed in GST during the period 2019-20 (01 April 2019 to 30 October 2019) remained at ₹2,617.81 crore as detailed in **Table 2.4**. Against the actual loss of ₹2,078.07 crore due to implementation of GST, the State Government received compensation of ₹1,032 crore during the period 01 April 2019 to 30 October 2019. It has resulted in less compensation to the extent of ₹1046.07 crore, as given below. During the year 2019-20 (01 April 2019 to 30 October 2019) the total collection under SGST was ₹2,604 crore.

[1] 4766.30x(1+14/100)^4=₹8,050.09 crore for 2019-20 and for one month will be 8,050.09/12=₹670.84 crore

Table 2.4: Pre-GST and SGST collected, provisional apportionment of IGST and compensation received from GoI against protected revenue

(₹in crore)

Month	Monthly revenue to be protected	Pre-GST collected #	SGST collected *	Apportionment of IGST*	Total amount received	Compensation to be received	Compen-sation actually received	Surplus (+)/ Deficit(-)

2.3.2.1.3 Audit of GST Receipts

With automation of the collection of Goods and Services Tax (GST) having taken place, it is essential for audit to transition from sample checks to a comprehensive check of all transactions, to fulfill the CAGs constitutional mandate of certifying the accounts. The required access to data is yet to be provided. Not having access to the data pertaining to all GST transactions has come in the way of comprehensively auditing the GST receipts. The access to GST data has not been provided, and the accounts for the period 01 April 2019 to 30 October 2019 were certified, as was done when records were manually maintained.

2.3.2.1.4 Non-Tax Revenue

Non-Tax Revenue consists of interest receipts, dividends and profits, mining receipts, departmental receipts, etc. Non-Tax Revenue during the period 01 April 2019 to 30 October 2019 is given in **Table 2.5** below:

Table 2.5: Components of State's Non-Tax Revenue

(₹in crore)

Revenue Head	2019-20 (01/04/2019 to 30/10/2019)	Percentage
Interest Receipts	**10**	**0.46**
Dividend and Profits	**-**	**-**
Other Non-Tax Receipts	**2,187**	**99.54**
a) Power Development Department	*1,693*	*77.06*
b) Major /Medium Irrigation	*216*	*9.83*
c) Other Administrative Services	*63*	*2.87*
d) Police	*39*	*1.78*
e) Non-ferrous mining	*28*	*1.27*
f) Medical and Public Health	*17*	*0.77*
g) Water Supply and Sanitation	*16*	*0.73*
h) Others	*115*	*5.23*
Total	**2,197**	

Source: Finance Accounts

Non-Tax Revenue (₹2,197 crore) constituted 7.31 *per cent* of the Revenue Receipt (₹30,052 crore) during 2019-20 (01 April 2019 to 30 October 2019).

The receipts from the sale of Power, being a major constituent of Non-Tax Revenue constituted 77.06 *per cent* and receipt under Major/Medium Irrigation constituted 9.83 *per cent* of total Own Non-Tax Revenue for the period 01 April 2019 to 30 October 2019. Government's expenditure on Purchase of power during the period 01 April 2019 to 30 October 2019 was ₹2,715 crore, against which receipt on account of power was ₹1,693 crore. Thus, Government could not recover even the expenditure incurred on purchase of power.

2.3.2.2 Transfers from the Centre

Transfers from Centre are heavily dependent on Finance Commission recommendations. State's share in Central taxes is determined on the basis of recommendations of the Finance Commission. Grants-in-aid from Central government is determined by the quantum of collection of Central tax receipts and anticipated Central assistance for schemes.

2.3.2.2.1 Central Tax transfer

During 01 April 2019 to 30 October 2019, the erstwhile State received ₹6,802 crore as share of Central Taxes against the amount of ₹6,762 crore projected in Budget estimates. The Central tax transfers constituted 22.63 *per cent* of the total Revenue Receipts for this period. The breakup of the central share received with regard to the various heads is shown below:

Table 2.6: Central Tax Transfers

(₹in crore)

Head	2019-20 (01/04/2019 to 30/10/2019)	Percentage
Central Goods and Services Tax (CGST)	1,929.04	28.36
Corporation Tax	2,315.88	34.05
Taxes on Income other than Corporation Tax	1,657.57	24.37
Customs	514.44	7.56
Union Excise Duties	384.88	5.66
Central Tax transfers	**6,801.81**	

Source : Finance Accounts

The Corporation Tax constitutes 34.05 per cent, CGST constitutes 28.36 *per cent* and Taxes on Income other than Corporation Tax constitutes 24.37 *per cent* of total Central Tax transfers during the period 01 April 2019 to 30 October 2019.

2.3.2.2.2 Grants-in-aid from GoI

The GoI had operated new Sub-Major Head under Major Head-1601 Grants-in-Aid (GIA) for providing GIA to States during 2017-18 and discontinued Plan and Non-Plan classification. Details of GIA received during the period 01 April 2019 to 30 October 2019 are given in **Table 2.7**.

Table 2.7: Grants-in-aid from Government of India

(₹in crore)

Head	2019-20 (01/04/2019 to 30/10/2019)
Grants for Centrally Sponsored Schemes (CSS)	4,181
Finance Commission Grants	10,048
Other transfers/Grants to States/Union Territories with Legislature	1,414
Total	**15,643**
Percentage of GIA to Revenue Receipts	52

Source: Finance Accounts

Percentage of Grants-in-Aid to Revenue Receipts was 52 *per cent* during 01 April 2019 to 30 October 2019, and thus the State Government was heavily dependent on Grants-in-Aid from GoI.

2.3.2.2.3 Fourteenth Finance Commission Grants

As per 14th FC Recommendations, a total amount of ₹6,178.37 crore was projected (2015-20) as grants for Rural Local Bodies (₹3,463.73 crore), Urban Local Bodies

(₹1,305.64 crore), and State Disaster Response Fund (₹1,409 crore) respectively. Against this, an amount of ₹3,285.32 crore was released/allocated during the years 2015-20 (till 30 October 2019).

Table 2.8 Recommended amount, actual release and transfers of Grant-in-aid

(₹in crore)

Transfers	Recommendation of the XIV-FC			Actual release by GoI			Release by State Government to Local bodies

Grand Total	**4,419.36**	**1,759.01**	**6,178.37**	**1,487.21**	**1,798.11**	**3,285.32**	**1,415.47**	**1,494.26**	**2,909.73**

** Including State share of total grant.*
Source: XIV-FC Report, Finance Accounts and State Government

The amount of ₹3,285.32 crore includes ₹1,798.11 (₹173.50 crore for ULBs, ₹1,219.61 crore for PRIs and ₹405 crore for SDRF) received during 2019-20 (01 April 2019 to 30 October 2019).

During the 14th FC award period 2015-16 to 2019-20, the State had received an amount of ₹1,857.92 crore (till 30 October 2019) as grants for PRIs against which only an amount of ₹1,402.33 crore was released up to 30 October 2019 to PRIs, and balance amount of ₹455.59 crore remained with the State Government ending 30 October 2019.

2.3.3 State's performance in Mobilisation of Resources

State's performance in mobilisation of resources is assessed in terms of its own resources comprising Own Tax and Non-Tax sources. The State's Own Tax and Own

Non-Tax Receipts for the year 2019-20 (01 April 2019 to 30 October 2019) *vis-à-vis* budget estimates (pre- actuals) are given in **Table 2.9**:

Table 2.9: Tax and non-tax receipts *vis-à-vis* projections for the period 01 April 2019 to 30 October 2019

(₹in crore)

	Budget Estimates*	**Actual**	**Percentage variation of actual over Budget estimates***
Own Tax Revenue	6,427	5,410	(-)16
Non-Tax Revenue	1,036	2,197	(+)112

**Pre-actuals for the period 01 April 2019 to 30 October 2019 reflected in Budget for the year 2020-21.*

The collection under State's Own Tax Revenue fell short by 16 *per cent* of Budget Estimates. The receipts under Own Non-Tax Revenue were 112 *per cent* more than the Budget Estimates. The State Government could not achieve its own targets for Own Tax revenue projected in the Budget Estimates. The State's Own Resources (Own Tax Revenue and Own Non-Tax Revenue) of ₹7,607 crore during 2019-20 (01 April 2019 to 30 October 2019), was not enough to cover its committed liabilities (salaries & wages, interest payments and pension) of ₹21,345 crore.

2.4 Application of Resources

The State Government is vested with the responsibility of incurring expenditure within the framework of fiscal responsibility legislations, while at the same time ensuring that the ongoing fiscal correction and consolidation process of the State is not at the cost of expenditure directed towards development of capital infrastructure and social sector. This paragraph along with sub-paragraphs gives the allocation of expenditure in the State.

2.4.1 Composition of Expenditure

The composition of the total expenditure of ₹34,782 crore incurred during the period 01 April 2019 to 30 October 2019, is shown in **Table 2.10** below:

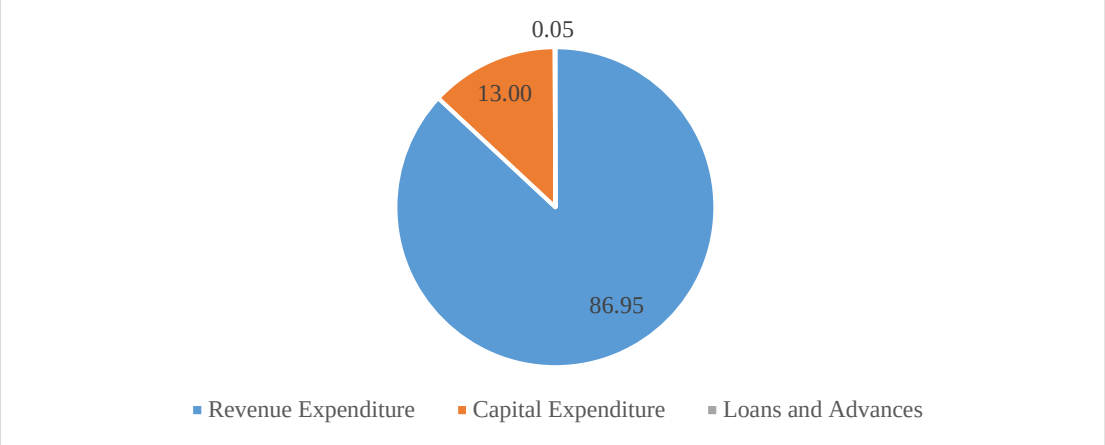
Table 2.10: Total expenditure and its composition

Parameters	**2019-20 (01/04/2019 to 30/10/2019) *(₹in crore)***	**Percentage**
Revenue Expenditure (RE)	30,244	86.95%
Capital Expenditure (CE)	4,522	13.00%
Loans and Advances	16	0.05%
Total Expenditure (TE)	**34,782**	

Source : Finance Accounts

Chart 2.4: Total Expenditure: share of its components

(in per cent)



During the period 01 April 2019 to 30 October 2019, the Revenue Expenditure had a predominant share of 86.95 *per cent* of the Total Expenditure. The share of Capital Expenditure in Total Expenditure was 13.00 *per cent* during the same period. This indicates that less share of resources are being used towards development of infrastructure.

The relative share of expenditure of various sectors is given in **Table 2.11** below:

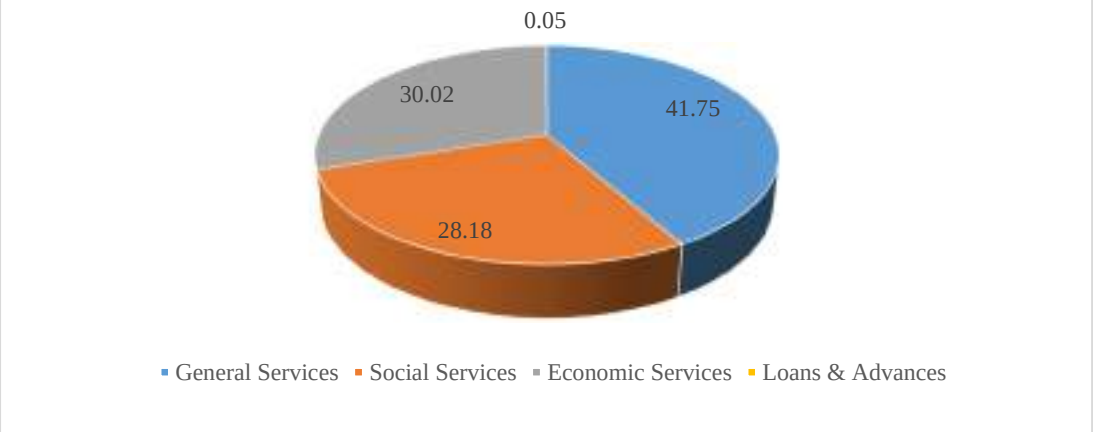
Table 2.11: Relative share of expenditure of various sectors

Parameters	**2019-20 (01/04/2019 to 30/10/2019) *(₹in crore)***	**Percentage**
General Services	14,521	41.75
Social Services	9,803	28.18
Economic Services	10,442	30.02
Others (Grants to Local Bodies and Loans and Advances)	16	0.05
Total Expenditure (TE)	**34,782**	**100.00**

Source: Finance Accounts

Chart 2.5: Total Expenditure - Expenditure by activities

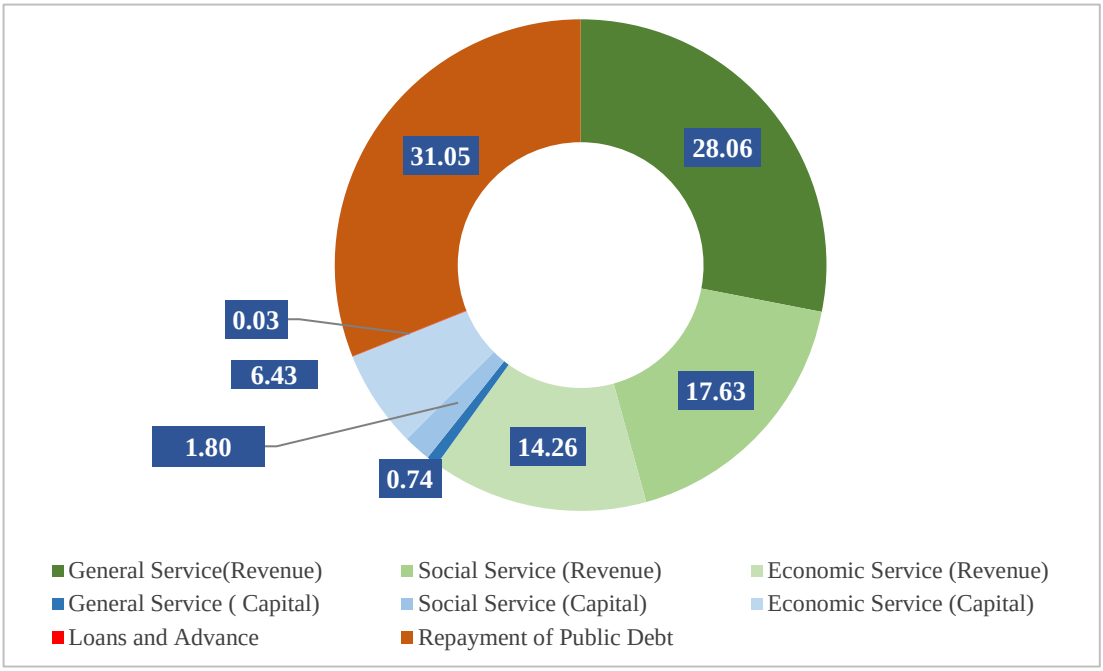
(in per cent)



The combined share of Social and Economic Services which represented Development Expenditure was 58.20 *per cent* during 2019-20 (01 April 2019 to 30 October 2019). The share of expenditure on General Services was 41.75 *per cent* during 2019-20 (01 April 2019 to 30 October 2019).

Chart 2.6: Pie Chart for the Composition of Expenditure

(in per cent)



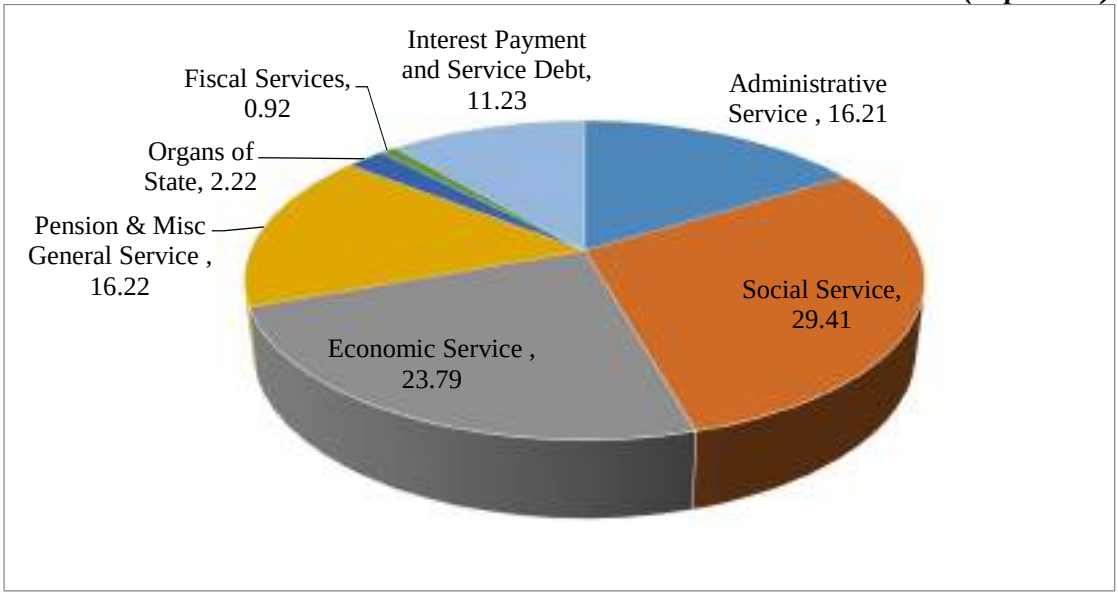
It can be seen from above pie chart that Repayment of Public debt account for 31.05 *per cent* and General Services account for 28.80 *per cent* of total expenditure. Social Services and Economic Services account for 40.12 *per cent* of total expenditure.

2.4.2 Revenue Expenditure

Revenue expenditure is incurred to maintain the current level of services and payment for the past obligation. As such, it does not result in any addition to the State's infrastructure and service network. During the period 01 April 2019 to 30 October 2019, the Revenue Expenditure (₹30,244 crore) constituted 86.95 *per cent* of the Total Expenditure (₹34,782 crore), and was more than the Revenue Receipts of ₹30,052 crore during the period. The sector wise distribution of the Revenue expenditure during the period is shown in the **Chart 2.7**.

Chart 2.7: Sector-wise distribution of Revenue Expenditure

(in per cent)



During 2019-20 (01 April 2019 to 30 October 2019), the combined share of revenue expenditure on Economic Services and Social Services accounts for 53.20 *per cent* and General Services accounts for 46.80 *per cent* of Revenue Expenditure. The expenditure on General Services includes expenditure on Administrative Services, Interest payments and Servicing of debts and Pension & Miscellanous General Services which accounts for respectively 16.21 *per cent*, 11.23 *per cent* and 16.22 *per cent* of Revenue Expenditure.

2.4.2.1 Committed Expenditure

The committed expenditure of the State Government on revenue account consists of interest payments, expenditure on salaries and wages and pensions. It has first charge on Government resources. Upward trend on committed expenditure leaves the Government with lesser flexibility for development sector.

Table 2.12: Components of Committed Expenditure

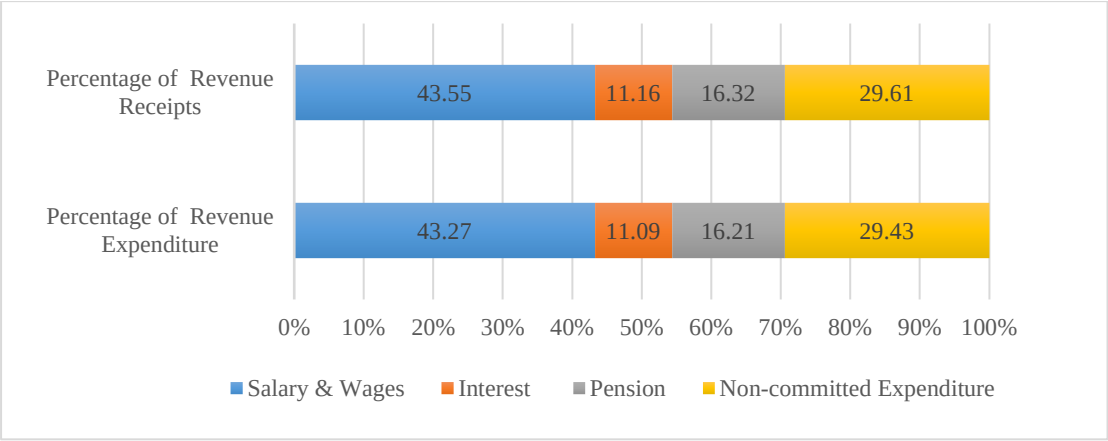
(₹in crore)

Components of Committed Expenditure	2019-20 (01/04/2019 to 30/10/2019)	As a *percentage* of Revenue Receipts (RR)	As a *percentage* of Revenue Expenditure (RE)
Salaries & Wages	13,087	43.55	43.27
Expenditure on Pensions	4,903	16.32	16.21
Interest Payments	3,355	11.16	11.09
Total	**21,345**	**71.03**	**70.57**

Source: Finance Accounts

Chart 2.8: Ratio of Committed expenditure in total Revenue Expenditure and Revenue receipts during 01 April 2019 to 30 October 2019

(in per cent)



The committed expenditure constituted 70.57 *per cent* of Revenue Expenditure and 71.03 *per cent* of Revenue Receipts, during the period 01 April 2019 to 30 October 2019. State's Own Tax Revenue and Own Non Tax Revenue of ₹7,607 crore during 01 April 2019 to 30 October 2019 is not enough to meet it's committed expenditure.

2.4.2.2 Undischarged liabilities in National Pension System

In terms of the Defined Contribution Pension Scheme, the State Government Employees recruited on or after 1 January 2010 who are covered by the Scheme contribute 10 *per cent* of basic pay and dearness allowance, which is matched by the State Government with equal amount. As per Government instructions dated 17 January 2019, all treasury officers/Drawing and Disbursing officers were advised that the pension contributions received between 1st to 18th of the month may be uploaded by 23rd of the same month and contributions received between 19th to 31st of the month may be uploaded by 10th of the following months.

During 2019-20 (01 April 2019 to 30 October 2019), the State Government contributed an amount of ₹291.03 crore as Government share and the employees also contributed their share of ₹224.44 crore. The entire amount of ₹515.47 crore was transferred to the Minor Head 117-Defined Contribution Pension Scheme (New Pension Scheme) for the Government Employees under Major Head 8342-Other Deposits. Out of ₹637.15 crore (including previous liability of ₹121.68 crore), ₹583.48 crore was transferred from this Head of Deposit Account to the designated fund manager through the National Securities Depository Limited (NSDL)/Trustee Bank.

As such , as on 30 October 2019, an amount of ₹53.67 crore was lying under the Major Head-8342 – "Other Deposits"- 117 "Defined Contribution Pension Scheme" (New Pension Scheme) for the Government Employees (which are deposits bearing interest) awaiting transfer to NSDL/Trustee Bank. Government may make efforts to expeditiously clear the untransferred amounts at the close of the accounts.

2.4.2.3 Subsidies

The amounts of subsidies paid by the State Government during the period 01 April 2019 to 30 October 2019 is shown in **Table 2.13**.

Table 2.13: Expenditure on subsidies during 01 April 2019 to 30 October 2019

	2019-20 (01/04/2019 to 30/10/2019)
Subsidies (₹ in crore)	706
Subsidies as a percentage of Revenue Receipts	2.35
Subsidies as a percentage of Revenue Expenditure	2.33

Source- Finance Accounts

Expenditure on subsidies during 2019-20 (01 April 2019 to 30 October 2019) constituted 2.35 *per cent* of the Revenue Receipts (₹30,052 crore) and 2.33 *per cent* of Revenue expenditure (₹30,244 crore). 99 *per cent* of the subsidy provided during the year was to Power Development Department (₹700 crore).

2.4.2.4 Financial Assistance by the State Government to Local Bodies and other Institutions

Financial assistance is provided by the State Government to Local bodies and other institutions by way of grants and loans.

Table 2.14: Financial Assistance to Local Bodies etc.

(₹in crore)

Financial Assistance to Institutions	**2019-20 (01/04/2019 to 30/10/2019)**
(A) Local Bodies	
Municipal Corporations and Municipalities	150
Total (A)	**150**
(B) Others	
Educational Institutions (Aided Schools, Aided Colleges, Universities, etc.)	385
Development Authorities	28
Other Institutions	634
Total (B)	**1,047**
Total (A+B)	**1,197**
Revenue Expenditure	30,244
Assistance as percentage of Revenue Expenditure	3.96

Source: Finance Accounts

The assistance as percentage of revenue expenditure was 3.96 *per cent* in 2019-20 (01 April 2019 to 30 October 2019). During the period 01 April 2019 to 30 October 2019, the major component of assistance was to the educational institutions, which was 32.16 *per cent* of the total amount of assistance.

2.4.3 Capital Expenditure

Capital expenditure (capex) is primarily expenditure on creation of fixed infrastructure assets such as roads, buildings etc. Capex in State is met from budgetary support and extra budgetary resources/off budget.

The share of Capital expenditure in total expenditure was 13 *per cent* during the period 01 April 2019 to 30 October 2019.

2.4.3.1 Quality of Capital Expenditure

If the State Government keeps on making investments in loss making Government companies, whose net worth is completely eroded, there are no chances of return on investment. Requisite steps have to be taken to infuse transparency in such financial operations. This section details the investments and other capital expenditure undertaken by the Government during the current reporting period.

2.4.3.2 Quality of Investments in the Companies, Corporations and other Bodies

As per Statement 8 and 19 of the Finance Accounts, as on 30 October 2019, the State Government had cumulative investment of ₹3,428.03 crore in 37 Companies (₹2,959.71crore), three Statutory Corporations (₹374.33 crore), eight Co-operative Institutions/ Local Bodies (₹47.83 crore), two Rural Banks (₹45.82 crore) and two Joint Stock Companies (₹0.34 crore).

During 01 April 2019 to 30 October 2019, the Government has drawn and booked an amount of ₹ 1.51 crore below Minor Head-190-"Investment in Public Sector and Other Undertakings" subordinate to relevant Major Heads of Account under Capital Section, but PSU concerned had not shown any investment. Government investment increased from ₹689.42 crore ending 2018-19 to ₹3,428.03 crore ending 30 October 2019. The increase of ₹2,738.61 crore as compared to figures reported last year was due to reason that 19 PSUs furnished revised Government investment figures with respect to figure reported for year 2018-19 and five PSUs reported investments for inclusion in the Annual Accounts of the Government for the period ending 30 October 2019.

Out of this increase of ₹2,738.61 crore, there was a substantial increase (₹2,588.34 crore) in only one PSU i.e Jammu & Kashmir State Power Development Corporation Ltd. (J&KSPDCL). This was due to implementation of the State Administrative Council's decision with regard to financial restructuring of J&KSPDCL, which resulted in increase in investment of State Government. The PSU had received funds from State Government from time to time for development of capital assets and up to March 2018, the funds to the tune of ₹5,318.61 crore were received. Against this sum infused in J&KSPDCL, the State Government adjusted its power purchase liability of ₹3,668.81 crore leaving a balance amount of ₹1,649.80 Crore.

Besides this, assets transferred to J&KPDCL in 1999 along with a 4 MW Hydro Electric Power Station transferred to the Corporation in 2011, were valued at ₹916.54 crore and ₹22 crore respectively. Against these amounts aggregating to ₹2,588.34 crore (₹1,649.80 crore + ₹916.54 crore + ₹22 crore), the State Government acquired equity to the tune of ₹2,588.34 crore in the Corporation during the year 2019-20 (01 April 2019 to 30 October 2019). This has resulted in increase in investment of State Government in one entity i.e J&K State Power Development Corporation Ltd as compared to last year. Five PSUs reported investments amounting to ₹96.65 crore for inclusion in the accounts. During 2019-20 (01 April 2019 to 30 October 2019) no dividends were declared and hence no returns in the form of dividends were received.

2.4.3.3 Quantum of loans disbursed and recovered

In addition to investments in Co-operative Societies, Corporations and Companies, Government has also been providing Loans and Advances to other institutions/organisations. **Table 2.15** presents the position of Loans and Advances outstanding as on 30 October 2019, interest receipts *vis-à-vis* interest payments during the period from 01 April 2019 to 30 October 2019.

Table 2.15: Quantum of loans disbursed and recovered during 01 April 2019 to 30 October 2019

(₹in crore)

Quantum of loans disbursed and recovered	2019-20 (01/04/2019 to 30/10/2019)
Opening Balance of loans outstanding	1,725.77
Amount advanced during the year	16.29
Amount recovered during the year	1.62
Closing Balance of the loans outstanding	1,740.44
Net addition	14.67
Interest received on loans and Advances	0.31

Source: Finance Accounts

The total outstanding loans as on 30 October 2019 amounted to ₹1,740.44 crore, as a result of net increase of ₹14.67 crore durig the period 01 April 2019 to 30 October 2019. Out of ₹1,740.44 crore, major portion of loans amounting to ₹923.96 crore[2] were outstanding (30 October 2019) against seven entities. Against the outstanding amount of ₹923.96 crore, only an amount of ₹0.23 crore was recovered during 2019-20

[2] (1) Municipalities ₹5.17 crore (Nil recovery), (2) social welfare loans to Public Sector and other undertakings ₹87.44 crore (₹0.23 crore Recovery, (3) Public Sector and other Undertakings (J&K, HPMC Ltd) – ₹12.67 crore (Nil recovery), (4) Electricity Board, JKPDC – ₹85.05 crore (Nil recovery), (5) Agro Industries – ₹44.47 crore (Nil recovery), (6) J&K Industries Ltd – ₹305.43 crore (Nil recovery), (7) Jammu and Kashmir State Road Transport Corporation Limited – ₹383.73 crore (Nil recovery)

(01 April 2019 to 30 October 2019). Recovery of loans and advances during the year was only 0.09 *per cent* of outstanding loans. The poor recovery of loan has resulted in an increase in outstanding balances from ₹1,725.77 crore on 31 March 2019 to ₹1,740.44 crore on 30 October 2019.

It is observed that out of the total loan amount of ₹16.29 crore advanced during the period 01 April 2019 to 30 October 2019, the major portion of ₹7.00 crore was advanced to J&K State Road Transport Corporation. There was outstanding loan of ₹376.73 crore against J&K State Road Transport Corporation ending March 2019. Despite poor performance of recovery, State Government disbursed new loan of ₹7.00 crore and no recovery was made during the year. As on 30 October 2019, loan amounting to ₹383.73 crore was outstanding against J&K State Road Transport Corporation which had accumulated losses of ₹1,289.66 crore as per their latest finalised accounts. Thus, loans were sanctioned by the State Government without ensuring its recovery. Since recovery has been almost negligible, the Government may review its policy with regard to the disbursement of loans and advances to loss making PSUs.

Recoveries of Loans and Advances are not forthcoming from loss making public sector undertakings. No assessment about potential recoverability of these loans has been made in the FRBM Statements presented to the Legislature.

2.4.3.4 Implementation of Ujwal Discom Assurance Yojana (UDAY)

With the objective of ensuring financial turnaround of Power Distribution Companies (DISCOM), the Ministry of Power, Government of India (GoI) introduced (November 2015) the Ujwal Discom Assurance Yojana (UDAY) to improve the operational and financial efficiency of the State DISCOM. States were to take 75 *per cent* of DISCOM debt as on September 2015 over two years i.e 50 *per cent* of DISCOM debt shall be taken in 2015-16 and 25 *per cent* in 2016-17.

In March 2016, the Ministry of Power, Government of India and Government of Jammu and Kashmir signed a Memorandum of Understanding (MOU) under the scheme UDAY-"Ujwal DISCOM Assurance Yojana" and borrowed funds to the tune of ₹3,537.55 crore (₹2,140 crore in 2015-16 and ₹1,397.55 crore in 2016-17) from RBI, by issue of Non Statutory Liquidity Ratio (SLR) bond at the rates ranging between 7.07 *per cent* to 8.72 *per cent*, with maturity date ranging from March 2022 to October 2031. The function of electricity supply to consumers was being handled departmentally in the State, so this money was utilised by the State Government to clear liabilities of the Central Public Sector Undertakings (CPSUs). State Government's annual interest liability on UDAY Bonds for the complete year 2019-20 was ₹284.12 crore. Against this, the State Government paid interest amounting ₹191.85 crore towards interest on bonds issued under UDAY Scheme during the period 01 April 2019 to 30 October 2019. Bonds amounting to ₹353.755 crore will also be maturing every year from 2021-22 to 2031-32. Consequent to the re-organistaion of the state, the Jammu & Kashmir Power Develpoment Department has been unbundled and two DISCOMs have been created vide Government Order No 191-PDD of 2019 dated 23 October 2019.

2.4.4. Expenditure Priorities

Enhancing human development levels require the States to step up their expenditure on key social services like Education, Health etc. Low fiscal priority (ratio of expenditure under a category to aggregate expenditure) is attached to a particular sector, if the allocation is below the respective national average. The higher the ratio of these components to total expenditure, the quality of expenditure is considered to be better. The ratio of capital expenditure and expenditure on health and education with respect to the aggregate expenditure for the erstwhile state has been compared to the respective averages for the special category states in **Table 2.16**.

Table 2.16: Expenditure priority of the State with regards to Health, Education and Capital expenditure

(*in per cent*)

	Capital Expenditure /Aggregate Expenditure	Education Expenditure/ Aggregate Expenditure	Health Expenditure/ Aggregate Expenditure
All India Average/ Special Category States Average (2015-16)	13.96	18.32	5.95
State of Jammu & Kashmir (2015-16)	16.72	15.06	5.95
All India Average/ Special Category States Average (2019-20)	14.08	17.42	6.19
State of Jammu & Kashmir (01/04/2019 to 30/10/2019)	13.00	13.11	6.02

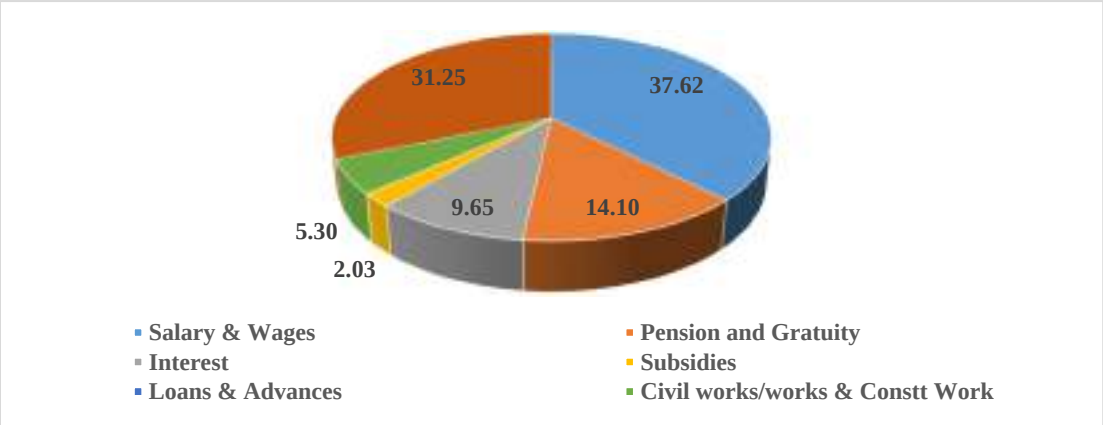
During 2019-20 (01April 2019 to 30 October 2019) the State's expenditure priority on education, health and capital expenditure is lower than the respective averages of the Special Category States.

2.4.5 Object Head wise Expenditure

Object Head wise Expenditure give information about the object/purpose of the expenditure.

Chart 2.9: Object Head wise Expenditure during 01 April 2019 to 30 October 2019

(in per cent)



The salary and wages account for 37.63 *per cent* and pension accounts for 14.10 *per cent* of total expenditure. It clearly indicates that about 52 *per cent* of expenditure is on Salary & wages and Pension.

2.5 Public Account

Receipts and Disbursements in respect of certain transactions such as Small Savings, Provident Funds, Reserve Funds, Deposits, Suspense, Remittances etc., which do not form part of the Consolidated Fund, are kept in the Public Account set up under Article 115(2) of the Constitution of erstwhile State of Jammu & Kashmir and are not subject to vote by the State Legislature. The Government acts as a banker in respect of these transactions. The balance after disbursements during the year is the fund available with the Government for use for various purposes.

2.5.1 Net Public Account Balances

In respect of sums credited to the Public Accounts of the State, the Government acts as a trustee or banker and bears a fiduciary liability. Major constituents of the Public Accounts are State Provident Fund, Insurance/Pension Funds, Reserve Funds, Deposits and Advances. Besides, the Public Accounts section of the Government Accounts is also used to record transitory and pass through transactions under Suspense and Miscellaneous and Remittance heads before their final accounting to appropriate receipt or payment head of account, and also cash balance transactions. **Table 2.17** given below shows component-wise net balances in Public Account of the State.

Table 2.17: Component-wise net balances in Public Account at close of the year

(₹ in crore)

Sector	Sub Sector	2019-20 (01/04/2019 to 30/10/2019)
I. Small Savings, Provident Funds, etc.	Small Savings, Provident Funds, etc.	(-)27,162
J. Reserve Funds	(a) Reserve Funds bearing Interest	(-)1261
	(b) Reserve Funds not bearing Interest	(-)1,534
K. Deposits and Advances	(a) Deposits bearing Interest	(-)54
	(b) Deposits not bearing Interest	(-)6,860
	(c) Advances	13
L. Suspense and Miscellaneous	(a) Suspense	344
	(b) Other Accounts	389
	(c) Accounts with Governments of Foreign Countries	0
	(d) Miscellaneous	0
M. Remittances	(a) Money Orders, and other Remittances	(-)2,857
	(b) Inter- Governmental Adjustment Account	9
Total		**(-)38,973**

Source: Finance Accounts ***Note: +ve denotes debit balance and –ve denotes credit balances***

The total credit balance under Public Accounts was ₹38,973 crore ending 30 October 2019. The Liabilities under Small Saving Provident Funds etc amounting to ₹27,162 crore accounts for 69.69 *per cent* of total Public Accounts liability.

2.5.2 Reserve Funds

Reserve Funds are created for specific and defined purposes under the Public Accounts of the State Government. These funds are met from contributions or grants from the Consolidated Fund of the State. **Table 2.18** shows the closing balances in various reserve funds as on 30 October 2019. The cumulative aggregate balance in these funds at the end of 30 October 2019 was ₹2,806 crore out of which ₹11 crore has been invested.

Table 2.18: Closing Balances under Reserve Funds

(₹in crore)

2.5.2.1 Consolidated Sinking Fund

The State Government constituted (January 2012) a Consolidated Sinking Fund with the objective to redeem its outstanding liabilities commencing from the financial year 2011-12. The State Government is required to contribute to this Fund, a minimum of 10 *per cent* of 0.50 *per cent* of the total outstanding liabilities at the end of 2010-11

every year beginning with the financial year 2011-12 up to 2021-22 to make it equal to 0.50 *per cent* of the outstanding liabilities as at the end of 2010-11. In addition, contribution in respect of incremental liabilities from the year thereafter shall be made at 0.50 *per cent* of such incremental liabilities so as to reach the level deemed sufficient to meet the objective of the scheme.

During the year 2019-20 (01 April 2019 to 30 October 2019), an amount of ₹39.27 crore was contributed to this Fund by the State Government as against required contribution of ₹31.33 crore[3] and 0.50 *per cent* of total incremental liabilities of ₹4,442.26 crore during 01 April 2019 to 30 October 2019. However, against required contribution of ₹395.54 crore since inception of this fund, the State Government has actually contributed ₹355.87 crore till 30 October 2019, resulting in short contribution of ₹39.67 crore to the Fund ending 30 October 2019. The balance under the Fund was not invested by the State Government.

2.5.2.2 State Disaster Response Fund

(a) As on 01 April 2019, there was a credit balance of ₹903.11 crore under SDRF, out of which ₹10.86 crore had been invested, however details of the investments are awaited from Government (October 2020). During the period from 01 April 2019 to 30 October 2019, an amount of ₹405.00 crore was released by the Government of India (30 July 2019). However, out of total amount of ₹450.00 crore (₹405.00 crore Central Share and ₹45.00 crore State Share 90:10) due to be transferred, only an amount of ₹405 crore was transferred to the Fund till 30 October 2019. The State Government did not transfer the State Share of ₹45.00 crore to the Fund. State Government was also required to pay an amount of ₹29.47 crore as interest for the period 01 April 2019 to 30 October 2019, on the un-invested opening balance of ₹892.25 crore lying under SDRF. The State Government was also required to pay interest of ₹4.99 crore on account of accrued interest for delayed transfer[4] of the SDRF Grants for the year 2019-20 (01 April 2019 to 30 October 2019). However, the State Government had paid interest of ₹34.38 crore on interest bearing Reserve Funds (SDRF), thereby resulting in short transfer of ₹0.08 crore[5] during the period 01 April 2019 to 30 October 2019.

During the period 01 April 2019 to 30 October 2019, ₹71.01 crore was incurred on natural calamities, leaving a balance of ₹1,271.48 crore[6] in the Fund as on 30 October 2019. Net balance of ₹1,260.62 crore (₹1,271.48 crore minus ₹10.86 crore invested amount) which was required to be invested in Central Government Securities and/or Auctioned Treasury Bills and/or in interest earning deposits and certificate of deposits with scheduled commercial banks on the recommendations of the State Executive Committee (SEC) managing the Fund, had not been invested (October 2019).

---

3 10 *per cent* of 0.50 *per cent* of the total outstanding liabilities of ₹31,261.01 crore at the end of 2010-11

4 Delay of 76 days in transfer of central share of ₹405.00 crore and delay of 77 days in transfer of state share of ₹45.00 crore

5 ₹34.46 crore (₹29.47 crore + ₹4.99 crore) - ₹34.38 crore

6 ₹892.25 crore + ₹10.86 crore + ₹405.00 crore + ₹34.38 crore - ₹71.01 crore

2.5.2.3 Guarantee Redemption Fund

The State Government set up a Guarantee Redemption Fund (GRF) in 2005-06 to meet liabilities arising from invoking of Guarantees extended to various State Government Entities. Under the guidelines, the State Government has not specified the amount required to make minimum annual contribution to the Fund. However, the RBI guidelines of 2013 on the GRF mentions that it is desirable for the State Government to contribute a minimum of one *per cent* of outstanding Guarantees at the beginning of the year in the year of constitution of the Fund, and thereafter a minimum of 0.50 *per cent* every year to achieve a corpus of minimum three to five *per cent* of the outstanding Guarantees of the previous year.

As per guidelines, the required amount of contribution to GRF works out to ₹6.04 crore for seven months (01 April 2019 to 30 October 2019) at the rate of 0.50 *per cent* of outstanding Guarantee of ₹2,070.20 crore (excluding interest of ₹1.95 crore) at the end of the previous year. Against, minimum requirement of ₹6.04 crore, the State Government contributed ₹1.00 crore towards the Fund during 01 April 2019 to 30 October 2019, resulting in shortfall in contribution by ₹5.04 crore for the period. No amount was received by the Government as Guarantee Commission/Fee during 2019-20 (01 April 2019 to 30 October 2019). The closing balance of the Fund was ₹20.42 crore[7] as on 30 October 2019. The State Government may ensure that contributions to Reserve Funds are made as stipulated.

2.6 Debt Management

Debt management is the process of establishing and executing a strategy for managing the Government's debt in order to raise the required amount of funding, achieve its risk and cost objectives, and to meet any other sovereign debt management goals that the Government may have set through enactment or any other annual budget announcements.

2.6.1 Debt profile: Components

Total debt of the State Government typically constitutes of Internal debt of the State (market loans, ways and means advances from RBI, special securities issued to National Small Savings Fund and loans from financial institutions, etc.), loans and advances from the Central Government, and Public Account Liabilities. The components of the outstanding debt are given below:

[7] ₹12.20 crore (transferred from Major Head-2075- 'Miscellaneous General Services'-800- 'Other Expenditure') + ₹8.22 crore (Commission/ Fee realised and credited to Fund as a part of annual contribution till 31 March 2019)

Table 2.19: Components of debt as on 30 October 2019

(₹in crore)

		2019-20 (01/04/2019 to 30/10/2019)	Percentage
Outstanding Overall Debt		83,536	
Public Debt	***Internal Debt***	45,429	54.38
	Loans from GoI	1,237	1.48
Liabilities on Public Account*		36, 870	44.14
Total Debt Receipts		25,643	
Total Debt Repayments		21,201	
Total Debt Available		4,442	
Debt Repayments/Debt Receipts (*percentage*)		**82.68**	

*Source : Finance Accounts , * Liabilities on public account is excluding liabilities under Suspense and Misc and Remittance Head*

Outstanding Overall Debt as on 30 October 2019 was ₹83,536 crore. The percentage of total debt repayment was 82.68 *per cent* of total debt receipt during 01 April 2019 to 30 October 2019, resulting in only 17.32 *per cent* total debt receipt available with the State. The total debt available during the period 01 April 2019 to 30 October 2019 was ₹4,442 crore.

Chart 2.10: Break up of Outstanding Overall Debt at the end of the period 01 April 2019 to 30 October 2019

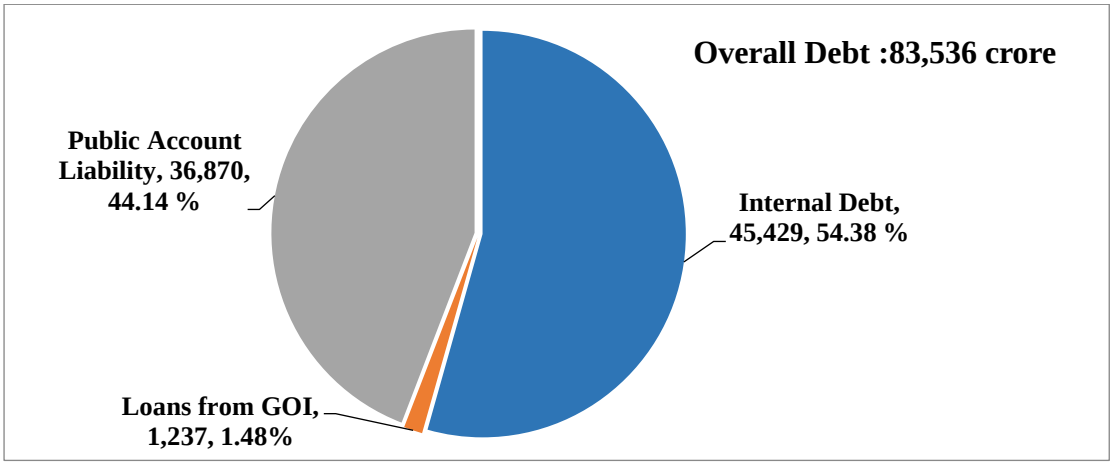

Chart 2.11: Internal debt taken *vis-à-vis* repaid

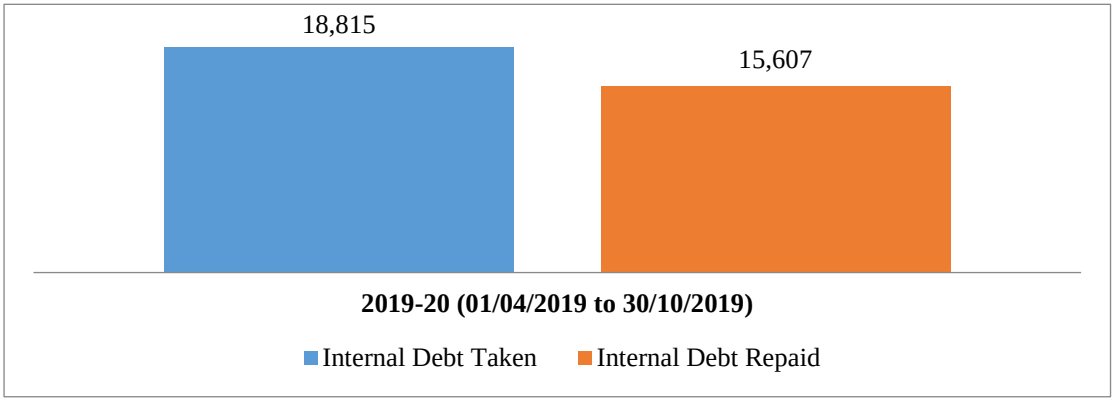
(₹in crore)



The percentage of internal debt repaid to internal debt taken was 82.95 *per cent* during the period 2019-20 (01 April 2019 to 30 October 2019).

Table 2.20: Components of fiscal deficit and its financing pattern

(₹in crore)

Particulars		**2019-20 (01/04/2019 to 30/10/2019)**
Composition of Fiscal Deficit		
1	Revenue Deficit	(-)192
2	Net Capital Expenditure	(-)4522
3	Net Loans and Advances	(-)14
Financing Pattern of Fiscal Deficit		
1	Market Borrowings	3,504
2	Loans from GOI	(-)55
3	Special Securities issued to NSSF	(-)132
4	Loans from Financial Institutions	(-)164
5	Small Savings, PF, etc.	919
6	Deposits and Advances	61
7	Suspense and Miscellaneous	(-)349

2.7. Debt Analysis

The amount of net debt available and growth of outstanding public debt during the reporting period along with comparison of the net debt receipts available are as under:

a) During the period 01 April 2019 to 30 October 2019 the net debt available was ₹1,089 crore.This was 5.79 *per cent* of public debt receipt of ₹18,819 crore during the period.

b) Debt Repayments/Debt Receipts: During 01 April 2019 to 30 October 2019 the Debt repayment to Debt Receipts was 83.25 *per cent* resulting in only 16.75 *per cent* of debt receipts being available with the State Government.

c) Rate of growth of outstanding debt (percent*age*): Outstanding Public debt at the beginning of the year 2019-20 was ₹43,513 crore which increased to ₹46,666 crore at the end of 30 October 2019 showing increase of 7.25 *per cent*.

d) Percentage of Interest payment to Revenue Receipt: During 2019-20 (01 April 2019 to 30 October 2019) the percentage of Interest Payment to Revenue Receipt was 6.87 *per cent*.

Table 2.22: Position of outstanding Public Debt

Particulars	2019-20 (01/04/2019 to 30/10/2019)
Outstanding Public Debt* *(₹ in crore)*	46,666
Rate of Growth of Outstanding Public Debt	7.25
Percentage of Interest payment to Revenue Receipt	6.87
Percentage of Debt Repayment to Debt Receipt	83.25
Net Debt available to the State# *(₹in crore)*	1,089
Net Debt available as *per cent* to Debt Receipts	5.79

Source Finance Accounts
**Outstanding Public Debt is the sum of outstanding balances under the heads 6003-Internal Debt and 6004- Loans and Advances from the Central Government.*
#Net debt available to the State Government is calculated as excess of Public debt receipts over Public debt repayment and interest payment on Public Debt.

2.7.1 Utilisation of borrowed funds

Borrowed funds should ideally be used to fund capital creation and developmental activities. Using borrowed funds for meeting current consumption and repayment of interest on outstanding loans is not sustainable.

Table 2.23: Utilisation of borrowed funds

(₹in crore)

Year		2019-20 (01/04/2019 to 30/10/2019)
Total Borrowings	**1**	*18,819*
Repayment of earlier borrowings Principal (percentage)	**2**	15,666 *(83.25)*
Available Public Debt	**3=1-2**	3,153
Net capital expenditure (Percentage)	**4**	4,522 *(24.03)*
Net loans and advances disbursed	**5**	14
Portion of Revenue expenditure met out of net available borrowings	**6=2-3-4-5**	Nil

Source: Finance Accounts

During 2019-20 (01 April 2019 to 30 October 2019), 83.25 *per cent* of borrowed funds were utilised towards repayment of earlier loans, resulting in less availability of borrowed funds for development works.

2.7.2 Status of Guarantees – Contingent Liabilities

Guarantees are liabilities contingent on Consolidated Fund of the State in case of default by the borrower for whom the guarantee has been extended. The maximum amount for which guarantees could be extended by the State and outstanding guarantees including interest is tabulated below:

Table 2.24: Guarantees given by the State Government

(₹in crore)

Guarantees	**2019-20 (01/04/2019 to 30/10/2019)**
Ceiling applicable to the outstanding amount of guarantees including interest (Criteria 7.5 *per cent* of GSDP of year preceding current year)	11,697
Outstanding amount of guarantees including interest	454

Source Finance Accounts

The FRBM Act, 2006 lays down the limits within which State Government may give Guarantees on the security of the Consolidated Fund of the State. Under the Act, State Government is required to limit the amount of the annual incremental risk weighted Guarantees to 75 *per cent* of the total Revenue Receipts in the year preceding the current year or at 7.5 *per cent* of GSDP of the year preceding the current year, whichever is lower. The total outstanding guarantee during the period 01 April 2019 to 30 October 2019 remained within that limit.

The total outstanding Guarantees given by the State Government as on 30 October 2019 aggregated to ₹452.07 crore (under reconciliation with Government) against ₹2,070.20 crore as on 31 March 2019, as the information regarding outstanding guarantees in respect of Jammu and Kashmir Power Development Corporation is awaited (October 2020). The total outstanding Guarantee at end of 30 October 2019 is 0.88 *per cent* of total Revenue Receipts of ₹51,230.71 crore in 2018-19 and 0.29 *per cent* of the GSDP ₹1,55,956 crore as available on the website of Ministry of Statistics and Programme Implementation, Government of India (07 August 2020) for 2018-19, which was well within the statutory limit.

2.7.3 Management of Cash Balances

The State Government is banking with the Reserve Bank of India with effect from 01 April 2011 for its cash/ overdraft management. The cash balance decreased by ₹553 crore during 2019-20 (01 April 2019 to 30 October 2019), from ₹511 crore as on 31 March 2019 to negative balance of 42 crore as on 30 October 2019. An amount of ₹383.92 crore was held in Cash Balance Investment Account as on 30 October 2019. State Government earned an interest of ₹1.70 crore on its Cash balance Investment during 01 April 2019 to 30 October 2019. Investment of ₹10.86 crore had also been

done out of earmarked funds, the detail of which is awaited. The State Government maintained the mandatory minimum daily cash balance of ₹1.14 crore with Reserve Bank of India on 48 days during the period 01April 2019 to 30 October 2019 without taking Special Ways and Means Advance/ Ways and Means Advances (WMA)/ Overdrafts, and on 148 days minimum balance was maintained by obtaining Normal Ways and Means Advance. On 17 days Overdraft was taken in addition to obtaining Normal Ways and Means Advance. The balance as on 01 April 2019 was ₹532.38 crore under Normal Ways and Means Advance and 'Nil' under Overdraft. The balance on 30 October 2019 was ₹692.11 crore under Normal Ways and Means Advances and 'Nil' under Overdraft. Interest paid to the Reserve Bank of India on Normal Ways and Means Advances and Overdrafts during 01 April 2019 to 30 October 2019 was ₹15.16 crore and ₹1.27 crore respectively. Government needs to streamline its cash Management for reducing its dependence on Ways and Means Advances.

Table 2.25: Cash Balances and their investment during the period 01 April 2019 to 30 October 2019

(₹ in crore)

	Opening balance on 01 April 2019	**Closing balance on 30 October 2019**

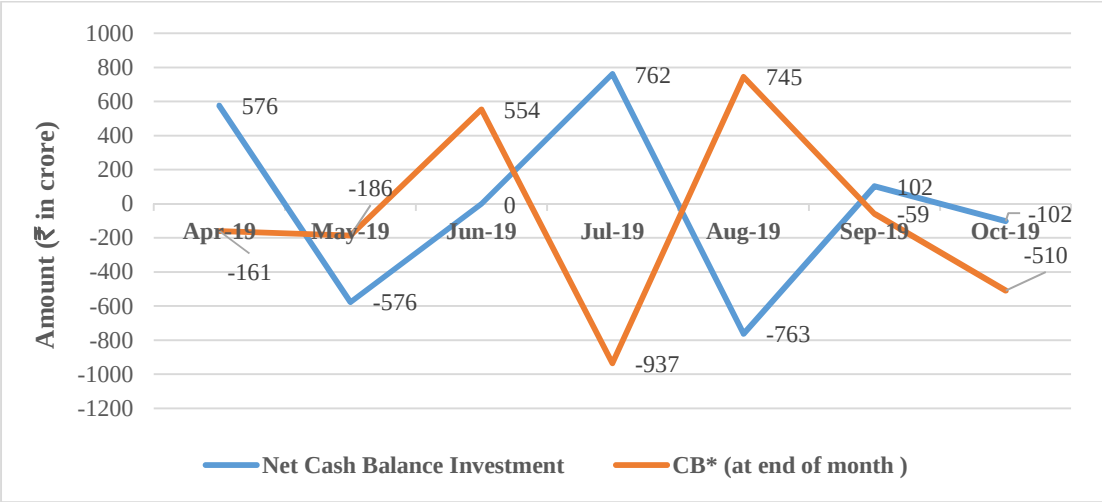
Source: Finance Accounts

Chart 2.12: Month wise movement of Cash Balances and net cash balance investments during the year



**Cash balance with RBI*

The cash balance for the year 2019-20 (01 April 2019 to 30 October 2019) had negative balance of 42 crore. As on 30 October 2019, an amount of ₹383.92 crore was held in Cash Balance Investment Account. State Government earned an interest of ₹1.70 crore on its cash balance investment. An investment of ₹10.86 crore was made out of earmarked funds.

2.8 Conclusions

- During 01 April 2019 to 30 October 2019, there was Revenue Deficit of ₹192 crore.
- State Government had a Fiscal Deficit of ₹4,728 crore during 01 April 2019 to 30 October 2019.
- Revenue Expenditure constituted 86.95 *per cent* of Total Expenditure.
- Capital Expenditure of ₹4,522 crore constituted 13 *per cent* of Total Expenditure.
- Outstanding Public debt at the beginning of the year 2019-20 was ₹43,513 crore which increased to ₹46,666 crore at the end of 30 October 2019 showing increase of 7.25 *per cent*.
- State Government had total investment of ₹3,428.03 crore ending 30 October 2019 in Government Companies, Statutory Corporations, Cooperative Institutions/Local bodies and Rural Banks and no return in the form of dividend was received during 01 April 2019 to 30 October 2019.
- The State had total outstanding loans of ₹1,740.44 crore ending 30 October 2019. Out of ₹1,740.44 crore, major portion of loans amounting to ₹923.96 crore were outstanding (30 October 2019) against seven entities. Recovery of loans and advances during the period 01 April 2019 to 30 October 2019 was only 0.09 *per cent* of outstanding loans. The poor recovery

of loan has resulted in an increase in outstanding balances from ₹1,725.77 crore on 31 March 2019 to ₹1,740.44 crore on 30 October 2019.

- The cumulative aggregate balance under Reserve funds at the end of 30 October 2019 was ₹2,806 crore out of which only ₹11 crore has been invested.

2.9 Recommendation

Efforts may be made for augmentation of tax revenue, minimising committed expenditure so that more funds could be made available for development expenditure, ensuring reasonable return on capital invested in PSUs in view of the substantial high cost of borrowing and review of policy for disbursement of loans and advances to loss making PSUs.

Chapter-III

Budgetary Management

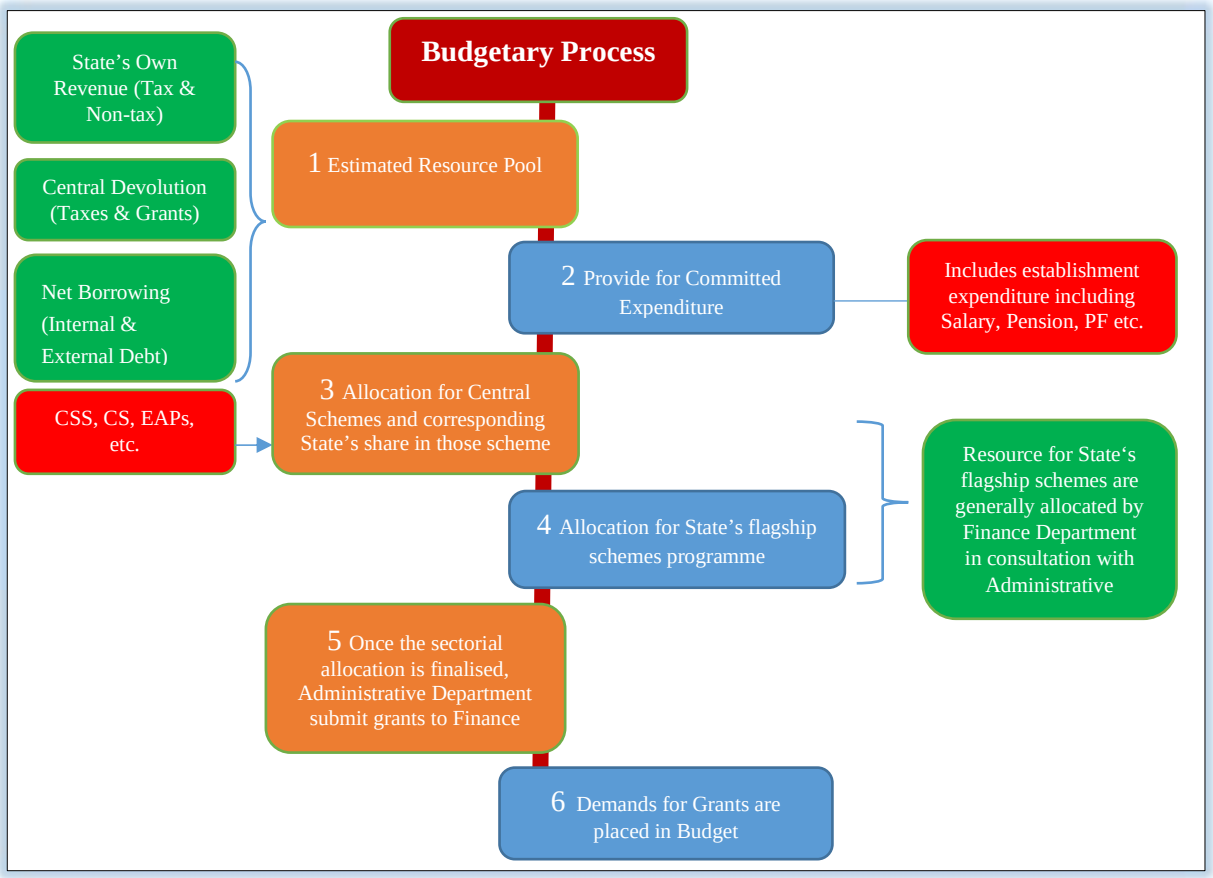
CHAPTER-III

BUDGETARY MANAGEMENT

3.1 Budget Process

The annual exercise of budgeting is a means for detailing the roadmap for efficient use of public resources. Appropriation Accounts are accounts of the expenditure, voted and charged, of the Government for each financial year compared with the amounts of voted grants and appropriations charged for different purposes as specified in the scheduled appended to the Appropriation Acts. Appropriation Accounts, thus, facilitate management of finances and monitoring of budgetary provisions and are, therefore, complementary to Finance Accounts. Budget glossary is given in ***Appendix 5***. A typical budget preparation process in a State is given in ***Chart 3.1***.

Chart 3.1: Budget Process

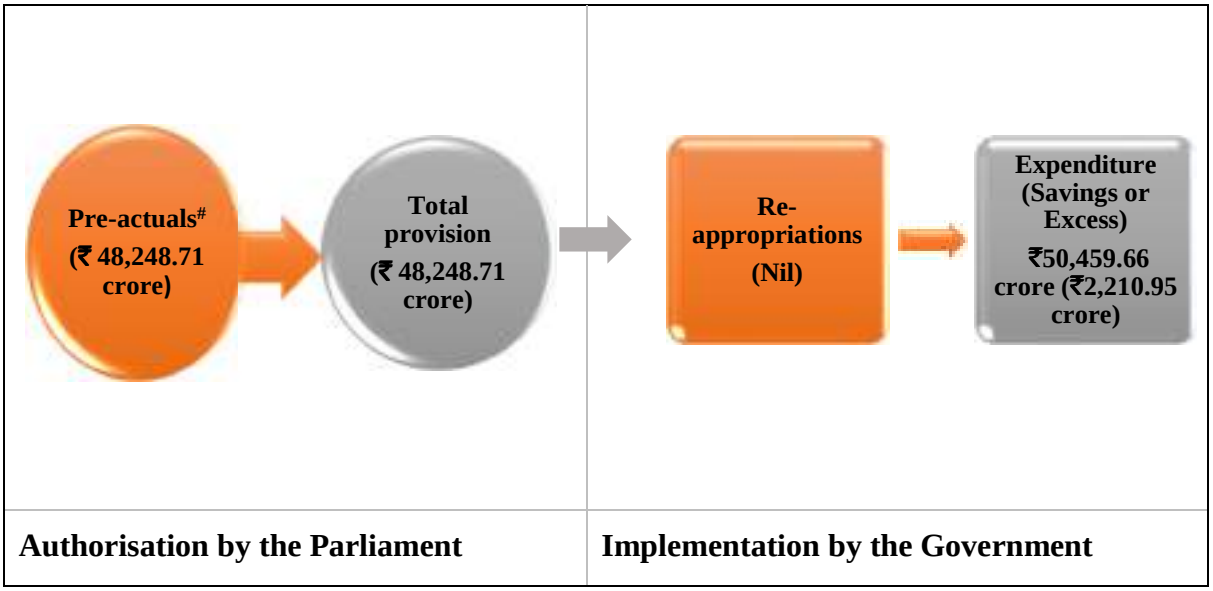


CSS: Centrally Sponsored Schemes; CS: Central Schemes.

The original budget for the year 2019-20 was for the complete year i.e, 01 April 2019 to 31 March 2020. However, during the year itself, the reorganisation took place w.e.f. 31st October 2019. Consequently, the pre-actuals for seven months (01 April 2019 to 30 October 2019) shown in the Demand for Grants for the year 2020-21 have been taken as the Budget Estimates for preparation of Appropriation Accounts of Government of Jammu and Kashmir for the period 01 April 2019 to 30 October 2019.

The various components of budget 2019-20 (01 April 2019 to 30 October 2019) are depicted in ***Chart 3.2***.

Chart 3.2: Components of Budget



Source: Appropriation Accounts
#-Pre actuals in the Demand for Grants 2020-21 passed by Parliament

3.1.1 Summary of Total Provisions, Actual Disbursements and Savings during 01 April 2019 to 30 October 2019

A summarised position of total available provision, disbursement and saving/excess with its further bifurcation into voted/charged during 2019-20 (01 April 2019 to 30 October 2019) is as under:

Table 3.1: Budget provision, disbursement and savings/excess during 01 April 2019 to 30 October 2019

(₹in crore)

Total available provision		Disbursements		Saving(-)/Excess(+)	
Voted	**Charged**	**Voted**	**Charged**	**Voted**	**Charged**
32,296.17	15,952.54	31,399.74	19,059.92	(-)896.43	**(+)**3,107.38

3.1.2. Charged and Voted disbursements

During the period 01 April 2019 to 30 October 2019, against the available provision of ₹32,296.17 crore under the Voted section, expenditure of ₹31,399.74 crore has been incurred, resulting into saving of ₹896.43 crore. However, against the provision of ₹15,952.54 crore under the Charged section, expenditure of ₹19,059.92 crore has been made, resulting into excess expenditure of ₹3,107.38 crore during the same period, as shown in the table above. This was result of an excess expenditure of ₹3,108.09 crore under charged section in Grant number 08 and savings of ₹0.71 crore under Grants 01, 09 and 10. It may be noted that there has been persistent excess expenditure under this Grant, as detailed in **Paragraph 3.5.1**.

3.2. Appropriation Accounts

Audit of appropriations by the CAG seeks to ascertain whether the expenditure actually incurred under various grants is in accordance with the authorisation given under the Appropriation Act and that the expenditure required to be charged under the provisions is so charged. It also ascertains whether the expenditure incurred is in conformity with the laws, relevant rules, regulations and instructions.

3.3. Comments on integrity of Budgetary and Accounting Process

3.3.1 Expenditure incurred without authority of law

No money shall be withdrawn from the Consolidated Fund of the State except under appropriation made by law passed in accordance with the provisions of Section 81 of the Constitution of erstwhile State of Jammu and Kashmir. Expenditure on new scheme should not be incurred on a scheme/service without provision of funds except after obtaining additional funds by re-appropriation, supplementary grant or appropriation or an advance from the Contingency Fund of the State.

An amount of ₹3,254.08 crore was incurred under 92 No. of schemes/Sub Heads in 23 Grants (***Appendix 3.1***) without Budgetary Provisions during 01 April 2019 to 30 October 2019 which needs to be regularised as per the relevant rules, laws and regulations.

3.3.2 Classification of expenditure of Revenue nature as Capital expenditure or vice-versa

Classification of expenditure of Revenue nature as Capital expenditure or vice-versa, results in overstatement/understatement of revenue expenditure and revenue deficit/surplus.

During 01 April 2019 to 30 October 2019, a sum of ₹104.79 crore of Revenue expenditure as detailed below was disbursed under Capital Heads of expenditure, thereby, resulting in overstatement of Capital expenditure and understatement of Revenue expenditure to the extent of ₹104.79 crore.

Table 3.2: Classification of expenditure of Revenue nature as Capital expenditure

Sl. No.	Major Head of Account	Type of Misclassification	Amount *(₹ in crore)*
1.	4515	Grants-in-Aid classified as Capital Expenditure	68.97
2.	4235 & 4408	Operating cost and transport/handling charges of food grains classified as Capital Expenditure	29.20
3.	4210	Salary booked as Capital Expenditure	0.04
4.	4250	Stipend and Scholarship booked as Capital expenditure	0.11
5.	4401	Subsidy booked as Capital expenditure	4.82
6.	4851	Subsidy booked as Capital expenditure	1.65
		Total	**104.79**

3.4 Large Savings under Capital section not surrendered

As per the State Budget Manual, the spending departments are required to surrender the grants/appropriations or portion thereof to the Finance Department as and when the savings are anticipated. Excessive savings above ₹100 crore have been witnessed in the following departments during 2019-20 (01 April 2019 to 30 October 2019):

Table 3.3: Large savings (above ₹100 crore) under Capital section

(₹in crore)

Sl. No.	Grant No. & name	Original grant/ appropriation	Supplementary grant/ appropriation	Total	Actual expenditure	Savings (*per cent*)	Amount surrendered
1	(2) Home Department	370.28	0.00	370.28	253.58	116.70 (32)	0.00
2	(3) Planning and Development Department	424.69	0.00	424.69	126.08	298.61 (70)	0.00
3	(6) Power Development Department	198.05	0.00	198.05	79.16	118.89 (60)	0.00
4	(16) Public Works Department	804.23	0.00	804.23	580.70	223.53 (28)	0.00
5	(23) Public Health Engineering Department	262.75	0.00	262.75	101.44	161.30 (61)	0.00
6	(28) Rural Development Department	2,681.80	0.00	2,681.80	2,239.06	442.74 (17)	0.00
	Total	**4,741.80**	**0.00**	**4,741.8**	**3,380.02**	**1,361.77**	

Source: Appropriation Accounts

Huge savings of ₹100 crore and above by the departments under Capital Section in six grants amounting to ₹1,361.77 crore indicate that the Government could not utilise the funds earmarked for developmental activities/creation of assets. Savings under Capital Section ranged between 17 *per cent* and 70 *per cent* of the total appropriation of the grant during 2019-20 (01 April 2019 to 30 October 2019).

3.4.1 Substantial Savings

There were 19 grants in which savings of ₹ten crore and above had occurred under the Revenue and Capital sections as on 30 October 2019, which included 11 grants wherein savings of ₹100 crore and above were noticed. The percentage savings ranged between five *per cent* and 65 *per cent* of the total appropriation of the grant during 2019-20 (01 April 2019 to 30 October 2019). The savings in these cases amounted to ₹2,932.59 crore. Relevant details are indicated in ***Appendix 3.2***. The savings in grants is indicative of improper assessment of expenditure, resulting in savings.

3.4.2 Percentage of Utilisation of Provision under each Grant

Audit examination of utilisation of grants revealed that out of 36 grants, in 26 grants the utilisation ranged between 34.73 *per cent* and 99.87 *per cent.* In the remaining 10 grants there was excess utilisation of funds resulting in excess over provisions, ranging between 1.54 *per cent* and 130.38 *per cent,* during 2019-20 (01 April 2019 to 30 October 2019) as detailed in ***Appendix 3.3***. Savings (underutilisation) by these departments is indicative of non-prioritizing of schemes/works by the Government or inefficiency in implementation of schemes by the department concerned/implementing agencies. Overutilisation of grants indicates the incurring of excess expenditure over the budget provisions by the departments during the period. The excess expenditure may be got regularised from the Legislature/Parliament, as per the existing rules and regulations.

3.4.3 Persistent Savings

In four cases, persistent savings of more than ₹one crore in each case and also by ten *per cent* or more of the total grant, were noticed in one grant in Revenue (Voted) section and three grants in Capital (Voted) section, during the last five years, as shown below:

Table 3.4: List of Grants indicating Persistent Savings during 2015-16 to 2019-20 (01 April 2019 to 30 October 2019)

(₹ in crore)

Sl. No.	Grant number and name	Amount of Savings				
		2015-16 (%)	2016-17 (%)	2017-18 (%)	2018-19 (%)	2019-20 (01/04/2019 to 30/10/2019) (%)
Revenue (Voted)						
1	**10-Law Department**	102.19 (37)	154.81 (48)	154.33 (42)	85.99 (15)	87.33 (12)
Capital (Voted)						
2	**06-Power Development Department**	707.60 (70)	2,177.61 (76)	5,591.27 (89)	5,384.26 (96)	118.89 (60)
3	**12-Agriculture Department**	179.63 (33)	634.82 (67)	333.92 (37)	738.86 (83)	23.92 (50)
4	**28-Rural Development Department**	496.69 (38)	798.19 (42)	541.36 (23)	1,257.67 (41)	442.74 (17)

Source: Appropriation Accounts

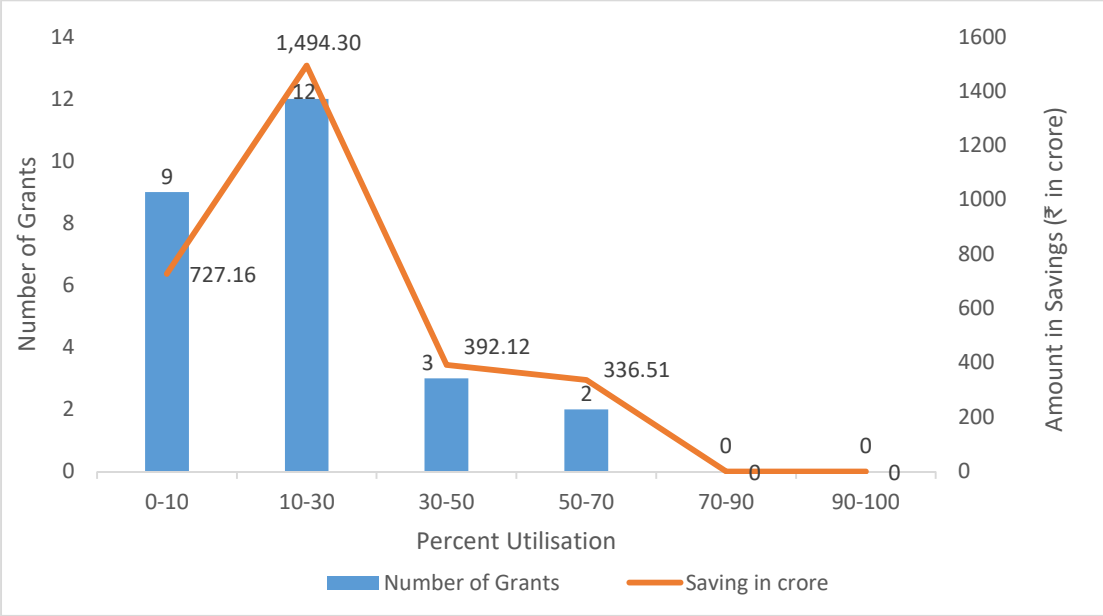
Persistent savings in four grants over the years indicated that budgetary controls in the departments were not effective and the need and flow of expenditure were not adequately scrutinised for assessing the fund requirement. Persistent savings by above departments also indicate that either the schemes under departments did not receive priority of the Government or there has been inefficiency in implementation by the department concerned/implementing agencies. This has been pointed out in earlier State Finance Reports but no action has been taken by the Government.

3.4.4 Distribution of the number of Grants/Appropriations grouped by the percentage of Savings

The outcome of the appropriation audit shows that percentage savings ranged between zero *per cent* and 10 *per cent* amounting to ₹727.16 crore in 9 grants, 10 *per cent* to 30 *per cent* amounting to ₹1,494.30 crore in 12 grants, 30 *per cent* to 50 *per cent* amounting to ₹392.12 crore in three grants and 50 *per cent* to 70 *per cent* amounting to ₹336.51 crore in two grants.

Low utilisation of grants by the departments indicates that the Government could not utilise the funds earmarked for the planned purposes.

Chart 3.3: Grants/Appropriations grouped by the percentage of Savings along with total savings



3.5 Excess over provisions requiring regularisation

As per Section 82 of the Constitution of erstwhile State of Jammu and Kashmir, it is mandatory for the State Government to get the excess over a grant/appropriation regularised by the State Legislature. Although no time limit for regularisation of expenditure has been prescribed under the Section, the regularisation of excess expenditure is done after the completion of discussion of the Appropriation Accounts by the Public Accounts Committee (PAC).

Excess expenditure amounting to ₹5,311.53 crore (Revenue voted section: 10 grants, Capital voted section: eight grants and Capital charged and Revenue charged section: one grant each) as detailed in ***Appendix 3.4*** has been incurred by the Government during 2019-20 (01 April 2019 to 30 October 2019). This irregularity is in violation of Section 81 of the Constitution of erstwhile State of Jammu and Kashmir and may be got regularised, as per the extant provisions.

3.5.1 Persistent Excess in the Grant

In **Grant No-08,** there was persistent excess expenditure during 2015-16 to 2019-20 (01 April 2019 to 30 October 2019) as shown below:

Table 3.5: Persistent Excess expenditure incurred in the Capital charged section during 2015-16 to 2019-20 (01 April 2019 to 30 October 2019)

(₹in crore)

Year	Total Grant/ Appropriation	Actual Expenditure	Excess *(percentage)*
Grant No (08) Finance Department			
2015-2016	8,589.26	10,815.08	2,225.82 (26)
2016-2017	15,364.37	17,023.29	1,658.92 (11)
2017-2018	17,837.95	22,490.14	4,652.20 (26)
2018-2019	17,976.69	20,646.61	2,669.92 (15)
2019-20 (01/04/2019 to 30/10/2019)	14,176.30	15,665.77	1489.47 (11)

(Figures in brackets indicate percentage of excess expenditure over the provisions)
Source: Appropriation Accounts

In the Capital charged section, persistent excesses in expenditure ranging between 11 *per cent* and 26 *per cent* were noticed in grant number 08 during 2015-16 to 2019-20 (01 April 2019 to 30 October 2019). The persistent excess expenditure indicates that the budgetary control in the department was ineffective and budget estimates were not prepared on realistic basis.

The Finance Department should ensure that no Departmental Controlling Officers including Finance Department itself resort to excess expenditure over the regular allocations approved by the State Legislature/Parliament.

3.5.2 Regularisation of Excess Expenditure of previous financial years

As per Section 82 of the Constitution of erstwhile State of Jammu and Kashmir, it is mandatory for the State Government to get the excess over a grant/appropriation regularised by the State Legislature. Although no time limit for regularisation of expenditure has been prescribed under the Section, the regularisation of excess expenditure is done after the completion of discussion of the Appropriation Accounts by the Public Accounts Committee (PAC). As the Appropriation Accounts of 1980-81 onwards had not been discussed in PAC, the excess expenditure aggregating ₹1,18,692.88 crore for the years 1980-2019 as detailed in ***Appendix 3.5*** is yet to be regularised by the State Legislature. After including further excess expenditure of ₹5311.53 crore (***Appendix 3.6)*** during 2019-20 (01 April 2019 to 30 October 2019) as brought out in the preceding Sub-section, the aggregate excess expenditure amounting to ₹1,24,004.41 crore as on 30 October 2019 needs to be regularised as per extant provisions. Excess expenditure remaining un-regularised for such extended period vitiates the system of budgetary and financial control and encourages financial indiscipline in management of public resources.

3.6 Grants-in-aid for creation of Capital Assets

Grants-in-aid are payments in the nature of assistance, donations or contributions made by one government to another government, body, institution or individual. Grants-in-aid are given for specified purpose of supporting an institution including construction of assets.

As per IGAS 2, Grant-in-aid disbursed by a grantor to a grantee shall be classified and accounted for as revenue expenditure irrespective of the purpose for which the funds disbursed as Grants-in-aid are to be spent by the grantee, except in cases where it has been specifically authorised by President on the advice of the Comptroller and Auditor General of India. It was noticed that there has been a persistent booking of GIA as Capital expenditure from 2015-16 to 2019-20 (01 April 2019 to 30 October 2019) as shown in the table below.

Table 3.6: Extent of classification of GIA as Capital Expenditure

(₹in crore)

	2015-16	**2016-17**	**2017-18**	**2018-19**	**2019-20 (01/04/2019 to 30/10/2019)**
GIA booked as Capital Expenditure	2,818	1,490	2,396	1,874	69
Total Capital Expenditure	7,331	8,286	10,353	8,413	4,522
Share of GIA in Capital Expenditure (*In per cent*)	38.44	17.98	23.14	22.28	1.53
Revenue Deficit (-)/ Revenue Surplus (+)	(-) 640	(+)2,166	(+)7,595	(-)4,859	(-)192
Revenue Deficit (-) /Revenue Surplus (+), if expenditure from GIA is treated as Revenue Expenditure	(-)3,458	(+)676	(+)5,199	(-)6,733	(-)261

Source: Finance Accounts

The percentage share of GIA in the Capital expenditure ranged between 17.98 *per cent* and 38.44 *per cent* during the period 2015-16 to 2018-19, resulting in understatement of Revenue deficit and overstatement of Revenue Surplus during the years. During the period 01 April 2019 to 30 October 2019 also the mis-classification of GIA as Capital expenditure had again resulted in understatement of Revenue Deficit by ₹69 crore.

3.7 Comments on transparency of Budgetary and Accounting Process

3.7.1 Lump Sum Budgetary Provisions

The Jammu & Kashmir Budget Manual envisages that "making of lump sum provisions if at all necessary, should be resorted to only in very rare cases. In short, inclusion of lump sum provisions in a budget has to be exceptional and not followed as a rule". Lump sum provisions without identifying the exact object of expenditure is against transparency.

Audit noticed that lump sum budgetary provision of ₹3,430.52 crore which constitute 17 *per cent* of total provision of ₹20,130.22 crore of the grant was placed with Controlling Officers in Grant No. 08 (Finance Department) under two Major Heads as shown below instead of Detailed Head-wise/scheme-wise provisions in contravention of the State Financial Rules. The issue was highlighted in previous years Audit Reports also but remedial action has not been initiated.

Table 3.7: Comments on transparency of Budgetary and Accounting Process

(₹in crore)

Grant No.	Grant Name	MH	Provision	Expenditure	Total provision in the Grant	Percentage of lump sum provision to total provision of the Grant
8	Finance Department	2071-Pension and Other Retirement Benefits	3258.15	4383.67	20,130.22	17 *per cent*

3.8 Comments on effectiveness of Budgetary and Accounting Process

3.8.1 Budget projection and gap between expectation and actual

The total provisions for expenditure during 2019-20 (01 April 2019 to 30 October 2019) was ₹48,248.71 crore. The actual expenditure during the year was ₹50,459.66 crore (104.58 *per cent)*. This resulted in excess expenditure of ₹2,210.95 crore in 2019-20 (01 April 2019 to 30 October 2019). The summarised position of actual expenditure during 2019-20 (01 April 2019 to 30 October 2019) against 36 grants/appropriations is given in **Table 3.8**.

Table 3.8: Summarised position of Actual Expenditure *vis-à-vis* Budget (Original/Supplementary) provisions during 2019-20 (01 April 2019 to 30 October 2019)

***Source**: Appropriation Accounts*

The savings in grants is indicative of over assessment of grants resulting in savings. Besides, excessive savings in some departments during the period is indicative of deprivation of other departments of the funds which they could have utilised. The excess expenditure of ₹2,210.95 crore during 2019-20 (01 April 2019 to 30 October 2019) is required to be regularised under the relevant laws, rules and regulations.

3.9 Review of Selected Grants

A review of Budgetary Procedure and control over expenditure in test checked two grants (Grant No. 17 Health & Medical Education Department and Grant No.: 33 Disaster Management, Relief and Rehabilitation Department) out of 36 grants was undertaken and the audit observations are given in the following paragraphs.

3.9.1 Grant No. 17: Health & Medical Education Department

Table 3.9: Savings/Excesses during 2019-20 (01 April 2019 to 30 October 2019)

(₹in crore)

Sl. No.	Major Head		Budget Allocation			Expenditure booked	Excess (+)/ Saving(-)
			Original Grant	Supplementary Grant	Total		
1	2210	Medical & Public Health	2,082.68	0.00	2,082.68	1,846.17	(-)236.51
2	2211	Family Welfare	133.49	0.00	133.49	98.25	(-)35.24
Total Revenue Voted			**2,216.17**	**0.00**	**2,216.17**	**1,944.42**	**(-)271.75**
3	4210	Capital Outlay on Medical and Public Health	60.89	0.00	60.89	149.10	(+)88.21
Total Capital Voted			**60.89**	**0.00**	**60.89**	**149.10**	**(+)88.21**
Total			**2,277.06**	**0.00**	**2,277.06**	**2,093.52**	**(-)183.54**

- Against budget/appropriation of ₹2,277.06 crore under the Grant, an expenditure of ₹2,093.52 crore was made during 2019-20 (01 April 2019 to 30 October 2019) and an amount of ₹183.54 crore *(eight per cent)* remained unspent during the period, which was not surrendered.

- No money shall be withdrawn from the Consolidated Fund of the State except under appropriation made by law. Expenditure should not be incurred on a scheme/service without provision of funds except after obtaining additional funds by re-appropriation or supplementary grants. In contravention, an amount of ₹144.52 crore was incurred in fifteen cases (***Appendix 3.7***) without Budgetary Provision.
- Entire budget provision of ₹14.03 crore (***Appendix 3.8***) in six cases Sub Heads/Schemes remained unutilised resulting in denial of intended benefits to the general public. The provision could have been re-appropriated to the schemes/works where there was excess expenditure over the provision.
- As on 30 October 2019, in 98 schemes (***Appendix 3.9***) savings of ₹321.94 crore occurred, which indicates that funds were not utilised for the sanctioned schemes.

3.9.2 Grant No: 33 Disaster Management, Relief and Rehabilitation Department

Table 3.10: Saving/Excesses during 2019-20 (01 April 2019 to 30 October 2019)

(₹in crore)

Sl. No.	Major Head		Budget Allocation			Expenditure booked	Excess (+)/ Saving(-)
			Original Grant	Supplementary Grant	Total		
1	2055	Police	293.78	0.00	293.78	272.17	(-)21.61
2	2235	Social Security & Welfare	0.10	0.00	0.10	0.11	(+)0.01
3	2245	Relief on Account of Natural Calamities	0.39	0.00	0.39	405.46[1]	(+)405.07
Total Revenue Voted			**294.27**	**0.00**	**294.27**	**677.74**	**(+)383.47**
4	4235	Capital Outlay on Social Security and Welfare	0.00	0.00	0.00	0.21	(+)0.21
Total Capital Voted			**0.00**	**0.00**	**0.00**	**0.21**	**(+)0.21**
Total			**294.27**	**0.00**	**294.27**	**677.95**	**(+)383.68**

Review of budgetary procedure and control over expenditure of grant showed the following audit observations:

(i) Against total allocation of ₹294.27 crore under the Grant, an expenditure of ₹677.95 crore has been booked and an amount of ₹383.68 crore (130 *per cent*) has been spent without budgetary provisions during 2019-20 (01 April 2019 to 30 October 2019). This resulted in excess over budget provisions by ₹383.68 crore and needs to be regularised. The Major Head/Sector wise breakup is given in the **Table 3.10** above.

(ii) There was one case (Sub Head/scheme) under the Major Head 4235, where an amount of ₹0.21 crore was incurred without any Budgetary Provisions as shown in **Table 3.11** below:

[1] Includes an amount of ₹405 crore transferred to Major Head 8121-General and Other Reserve Fund

Table 3.11: Expenditure without Budget Provision

(₹in crore)

MH	SM	MI	GH	SH	Budget Allocation	Expenditure
4235	01	201	0011	2165	0	0.21
Total					**0**	**0.21**

(iii) Against the budgetary allocation of ₹8.65 crore, expenditure of ₹12.29 crore was incurred in three cases (Sub Heads/schemes), resulting into excess expenditure of ₹3.64 crore during 2019-20 (01 April 2019 to 30 October 2019) as shown in **Table 3.12**.

Table 3.12: Excess Expenditure over the Grant

(₹in crore)

Sl. No.	MH	SM	MI	GH	SH	Budget Allocation	Expenditure	Excess
1	2055	-	117	0099	0872	8.16	11.72	3.56
2	2235	-	001	0099	1064	0.10	0.11	0.01
3	2245	80	001	0099	1073	0.39	0.46	0.07
Total						**8.65**	**12.29**	**3.64**

(iv) As on 30 October 2019, in two cases (Sub Heads/schemes) saving of ₹25.16 crore as mentioned below was not surrendered by the concerned department.

Table 3.13: Less Expenditure (Saving) against the Provision

(₹in crore)

Sl. No.	MH	SM	MI	GH	SH	Budget Allocation	Expenditure	Less/ Saving
1	2055	-	001	0099	1057	5.63	4.46	1.17
2	2055	-	117	0099	1057	279.98	255.99	23.99
Total						**285.61**	**260.45**	**25.16**

The savings of ₹25.16 crore under MH-2055 Police during 2019-20 (01 April to 30 October 2019) is indicative of the non-utilisation of the funds for the sanctioned schemes.

3.10 Conclusions

- The expenditure control mechanism of the State Government was not effective, as overall utilisation of budget was 4.58 per cent over and above the total amount of grants and appropriations during the period 01 April 2019 to 30 October 2019. Budgetary allocations were based on unrealistic proposals as out of total 36 grants, in six grants savings were more than ₹100 crore. In four cases, persistent savings of more than ₹one crore in each case and also by ten *per cent* or more of the total grant, were noticed in one grant in Revenue (Voted) section and three grants in Capital (Voted) section, during the last five years.
- Against the available provision of ₹32,296.17crore under the Voted section, expenditure of ₹31,399.74 crore was incurred, resulting into saving of

₹896.43 crore whereas, against the provision of ₹15,952.54 crore under the charged section, expenditure of ₹19,059.92 crore was made, resulting into excess expenditure of ₹3,107.38 crore during the period 01 April 2019 to 30 October 2019.

- Excess expenditure amounting to ₹5,311.53 crore (Revenue voted section: ten grants, Capital voted section: eight grants and Capital charged and Revenue charged section: one grant each) over the authorisation vitiates the system of budgetary and financial control. The excess expenditure is required to be got regularised.
- In Grant No-08, there was persistent excess expenditure ranging between ₹1,489.47 crore and ₹4,652.20 crore during the period 2015-16 to 2019-20 (01 April 2019 to 30 October 2019).
- In 92 schemes/Sub Heads involving 23 Grants, an amount of ₹3,254.08 crore was incurred without Budgetary Provisions during 01 April 2019 to 30 October 2019 which needs to be got regularised.
- **Review of Grant No. 17** - Health & Medical Education Department revealed that against budget/appropriation of ₹2,277.06 crore under the Grant, an expenditure of ₹2,093.52 crore was made resulting into saving of ₹183.54 crore during 01 April 2019 to 30 October 2019. This showed that budget estimates were made either unrealistically or department did not disburse the amount during the period and also the savings were not surrendered. Further, in contravention to the provisions of Constitution of erstwhile State of Jammu & Kashmir, an amount of ₹144.52 crore was incurred in fifteen cases without Budgetary Provisions during the same period.
- **Review of Grant No. 33 -** Disaster Management, Relief and Rehabilitation Department revealed that against total allocation of ₹294.27 crore under the Grant, an expenditure of ₹677.95 crore was booked and an amount of ₹383.68 crore was spent over and above the budgetary provisions during 01 April 2019 to 30 October 2019 which is in contravention to the provisions of Constitution of erstwhile State of Jammu & Kashmir and needs to be regularised.

3.11 Recommendations

- Budget may be formulated on the basis of reliable assumptions of implementation along with ensuring proper monitoring of budget to ensure that savings are curtailed, large savings within the Grant/Appropriation are controlled, and anticipated savings are identified and surrendered within the specified timeframe.

- Excess expenditure over grants may be regularised at the earliest.
- Controlling Officers need to be made aware of their responsibility to explain the variation in expenditure from the allocation to facilitate proper analysis of budget and preparation of meaningful Appropriation Accounts.

Chapter-IV

Quality of Accounts and Financial Reporting Practices

CHAPTER-IV

QUALITY OF ACCOUNTS AND FINANCIAL REPORTING PRACTICES

A sound internal financial reporting system with relevant and reliable information significantly contributes to efficient and effective governance by the State Government. Compliance with financial rules, procedures and directives as well as the timeliness and quality of reporting on the status of such compliance is, thus, one of the attributes of good governance. Reports on compliance and controls, if effective and operational, assist the Government in meeting its basic stewardship responsibilities, including strategic planning and decision-making.

Issues related to completeness of accounts

4.1 Funds outside Consolidated Fund or Public Account of the State

Section 115 (1) of Constitution of erstwhile State of Jammu & Kashmir subject to the provisions of Section 116 *ibid*, provides that all revenues received by the Government, all loans raised by that Government by the issue of treasury bills, loans or ways and means advances and all moneys received by that Government in repayment of loans shall form one consolidated fund to be entitled "the Consolidated Fund of the State. Section 115 (2) of Constitution of erstwhile State of Jammu & Kashmir provides that all other public moneys received by or on behalf of the Government of a State shall be credited to the public account of the State, as the case may be.

The Water Usage Charges are being levied at 05 paisa to 25 paisa per cu.m.[1] of water on Hydel power generating companies under the provisions of the Jammu and Kashmir Water Resources (Regulation and Management) Act, 2010 amended on 25 October 2012 and 27 October 2014. Under the Act, a Fund was to be constituted as an account number in the Jammu and Kashmir Bank or allotted a proper account head. The amount realised as water usage charges was to be deposited in the account/head so created, and utilised for establishment of Hydroelectric and Multi-purpose Hydro Electric Projects and for buying back Hydroelectric Power Projects already established in the State and purchase of power. As on 30 October 2019 an amount of ₹4.53 crore on account of water usage charges/interest was in the Water Usage Fund Account (Saving Bank Account) which remained out of Consolidated Fund of the State.

The Government of Jammu and Kashmir vide Notification No. SRO 232 dated 17-07-2006 notified J&K Building and Other Construction Workers Rules (RE&CS), 2006. Accordingly, the State Government vide Notification No. 274 dated 31-07-2007 constituted the J&K Building and Other Construction Workers Board which was reconstituted vide SRO No. 439 dated 01-12-2010. Accordingly, Building and Other Construction Workers Cess Act, 1996 and Building and Other Construction Workers Cess Rules 1998 have become operative in whole of Jammu and Kashmir State. Section 3 of the Cess Act, 1996 provides mandatory levy and collection of cess on the cost of construction works and provided that the cess shall be levied at one *per cent* of the cost

[1] Cubic meter

of construction incurred by an employer which shall exclude the cost of land and any compensation paid or payable to a worker or his kin under the Workmen Compensation Act, 1923.

In J&K, the amount so deducted on account of Labour Cess is being kept in the Official Bank Account in the name of Secretary, J&K Building and Other Construction Workers Welfare Board and remains outside the Government Account. The closing balance of Labour Cess as on 30 October 2019 is ₹649.61crore.

4.2 Loans of State Government not being credited to Consolidated Fund

During 2019-20 loan of ₹0.95 crore was released by Rural Electrification Corporation to Power Grid Corporation of India Limited, for implementation of Rajiv Gandhi Grameen Vidyutikaran Yojana/Deen Dayal Upadhyay Gram Jyoti Yojana in State. Out of the above loan, an amount of ₹0.23 crore was received during the period 01 April 2019 to 30 October 2019. This off budget borrowing of ₹0.23 crore has remained out of Consolidated Fund of State for the period 01 April 2019 to 30 October 2019.

4.3 Creation of liability due to less payment on account of Power purchase

The function of electricity supply to consumers is handled departmentally in the State, Hence, the receipts and expenditure on procurement and supply of electricity forms part of the State Government accounts. As on 30 October 2019, the State Government has cumulative unpaid bills on account of power to the tune of ₹6,404 crore which is a clear cut case of deferred liability.

4.4 Non-discharge of liability in respect of interest towards interest bearing deposits

The Government has a liability to provide and pay interest on the balances in the Interest-bearing Deposits (Major Heads of Accounts 8338 to 8342).

Table 4.1: Non-discharge of liability in respect of interest towards interest bearing deposits

(₹in crore)

Name of the Interest bearing deposit	Balance as on 30 October 2019	Amount of Interest not provisioned
State Disaster Response Fund	1,271.48	0.08

There was an un invested balance of ₹892.25 crore under interest bearing Reserve Funds (SDRF) at the beginning of the year 2019-20 (01 April 2019 to 30 October 2019). Against the accrued interest of ₹34.46 crore (₹29.47 crore on opening balance of ₹892.25 crore and ₹4.99 crore on delayed transfer), the State Government transferred an amount of ₹34.38 crore resulting in short transfer of ₹ 0.08 crore accrued interest ending 30 October 2019.

4.5 Funds transferred directly to State Implementing Agencies

During 2019-20 (01 April 2019 to 30 October 2019) an amount of ₹15,643 crore was routed through State Budget as grants by the Government of India. In addition, an amount of ₹1,059.50 crore was transferred directly to implementing agencies out of which an amount of ₹349.66 crore (***Appendix 4.1***) was transferred to various Government departments of Jammu & Kashmir Government and ₹709.84 crore to various Autonomous Bodies/other entities of the Government. These funds are outside the Budgetary and Accounting system of the State Government. The schemes where direct funding is more than ₹100 crore during the period 01 April 2019 to 30 October 2019 are given below:

Table 4.2: Funds transferred by Government of India directly to State implementing agencies

(₹in crore)

Sl. No.	Name of the Schemes of Government of India	Name of the Implementing Agencies	Government of India releases during 2019-20 (01/04/2019 to 30/10/2019)
1	Central Assistance for Pakul Dul HEP (Hydro Electric Project) under J&K PMDP Grant to Chenab Valley Power Projects	Chenab Valley Power Projects Pvt. Ltd.	283.00
2	Pradhan Mantri Kisan Samman Nidhi	Department of Agriculture Production	300.47

4.6 Deposits of Local Funds

State Panchayati Raj Act provides that Block Development Council and Halqa Panchayat would maintain Block Development Council Fund and Halqa Panchayat Fund respectively (under Major Head 8448-Deposits of Local Funds-109-Panchayat Bodies Funds) which would include all the money realised or realisable under the Act and all money otherwise received by the PRIs, such as grants received from Government and its own revenue, which includes tax and non-tax receipt of a Panchayat. The Acts also envisages that the Municipal Fund is to be held by the Municipality. All the money realised or realisable under this act and all money otherwise received by the Municipalities are kept in the Municipal Fund under the Major Head 8448- Deposits of Local Funds-102-Municipal Funds. The Panchayat Fund has remained in operative since more than ten years.

Table 4.3: Deposits of Local Funds

(₹in crore)

Year			2017-18	2018-19	2019-20 (01/04/2019 to 30/10/2019)
Panchayat Fund	(8448-109)	Opening Balance	0.27	0.27	0.27
		Receipt	Nil	Nil	Nil
		Expenditure	Nil	Nil	Nil
		Closing Balance	0.27	0.27	0.27
Municipal Fund	(8448-102)	Opening Balance	234.17	244.09	198.05
		Receipt	466.99	557.15	207.44
		Expenditure	457.07	603.19	272.10
		Closing Balance	244.09	198.05	133.39

Issues related to transparency

4.7 Delay in submission of Utilisation Certificates

In terms of Para 10.19 of the Jammu and Kashmir Financial Code Vol-I, in cases in which conditions are attached to the utilisation of a grant in the form of a specification of a particular object of expenditure or the time within which the money must be spent or otherwise, the departmental officer on whose signature or countersignature the Grants-in-Aid (GIA) Bills are drawn is primarily responsible for certifying to the Accountant General, where necessary, the fulfilment of the conditions attached to the grant, unless there is any special rule or order to the contrary. The certificate shall be furnished within 18 months from the date of sanction of the grant in such form as may be agreed between the Accountant General and the Head of the Department concerned. Grants-in-Aid Bills are required to be drawn on Form F.C 40 of J&K Financial Code Volume-II, but in number of the cases, the State Government is not using the prescribed Form and instead same Bill Form is being used for ACs and GIAs which results in difficulty in distinguishing between AC Bills and GIA Bills.

There are 2,029 number of UCs amounting to ₹9354.49 crore outstanding as on 30 October 2019 for the grants released up to 30 April 2018. The position of outstanding utilisation certificates as on 30 October 2019 for the grants released up to 30 April 2018 is given in **Table 4.4**.

Table 4.4: Age-wise arrears in submission of Utilisation Certificates

(₹in crore)

Year*	Opening Balance		Addition		Clearance		Due for submission	
	No.	Amount	No.	Amount	No.	Amount	No.	Amount
Up to 2017-18	867	3,424.11	547	3,261.08	44	712.20	1,370	5,972.99
2018-19	1,370	5,972.99	442	2,585.06	39	366.97	1,773	8,191.08
2019-20 (up to 30/10/2019)	1,773	8,191.08	256	1,163.41	0	0	2,029	9,354.49

(The year mentioned above relates to "Due year" i,e, after 18 months of actual drawal year)*

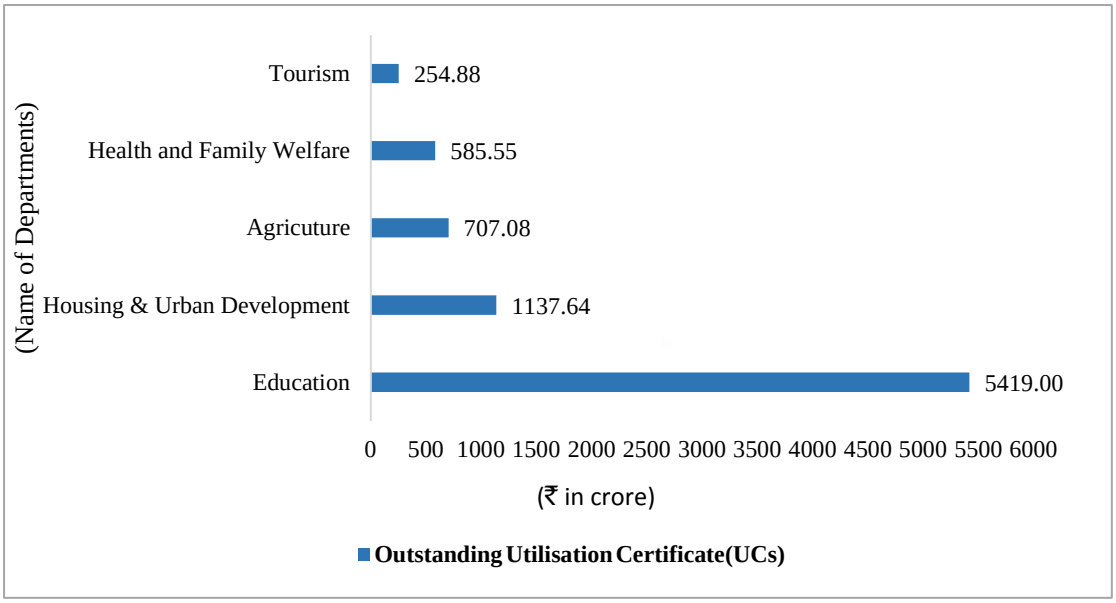
Table 4.5: Year wise break up of outstanding UCs

(₹in crore)

Year	Number of UCs	Amount
2014-15	304	929.90
2015-16	234	723.27
2016-17	329	1,770.94
2017-18	503	2,549.25
2018-19	403	2,219.48
2019-20 (01/04/2019 to 30/10/2019)	256	1,161.65
Total	**2,029**	**9,354.49**

As is evident from the above table, UCs are outstanding for last many years. Out of the 2,029 UCs outstanding as on 30 October 2019, 304 UCs (15 *per cent)* are pending since the year 2014-15.

Chart 4.1: Outstanding UCs in respect of major Departments for the grants paid up to 2018-19



Department wise breakup of outstanding UCs shows that 86.63 *per cent* of total amount of outstanding UCs pertains to above noted five departments. Out of these the majority (57.93 *per cent*) of outstanding UCs pertains to Education Department only.

Non-submission of the UCs means that the authorities have not explained as to how funds were spent over the years. There is also no assurance that the intended objectives of providing these funds have been achieved. This assumes greater importance if such UCs are pending against Grants-in-Aid meant for capital expenditure. Since Non-submission of UCs is fraught with the risk of misappropriation, it is imperative that the State Government should monitor this aspect closely and hold the concerned persons accountable for submission of UCs in a timely manner.

4.8 Abstract Contingent Bills

In terms of Para 7.10 of the Jammu & Kashmir Financial Code Vol-I, the bills which are countersigned after payment, are drawn as advance payments on Abstract Contingent (AC) Bills. The subordinate officers are required to submit the DC bill by the end of the month following that in which AC Bill is drawn to the Controlling Officer and the Controlling Officer is required to submit the same to the Accountant General, duly countersigned, within one month of its receipt.

In contravention there to, against a total amount of ₹7,226.48 crore comprising 2,298 bills drawn on AC bills by various drawing and disbursing officers up to 31 August 2019, corresponding DC bills were not submitted to the Accountant General (A&E), Jammu & Kashmir. Out of 2,298 number of outstanding AC bills, 1,933 bills amounting to ₹2,341.39 crore pertains to the period up to 2017-18, 249 bills amounting to ₹2,651.13 crore pertains to 2018-19 and the balance 116 bills valuing ₹2,233.96 crore pertains to the year 2019-20 (01 April 2019 to 30 October 2019). There is no assurance that the expenditure of ₹2,233.96 crore during 01 April 2019 to 30 October 2019 has actually been incurred for the purpose for which it was authorised by the Legislature.

Table 4.6: Year wise progress in submission of DC bills against the AC bills

(₹in crore)

Year	Opening Balance		Addition		Clearance		Closing Balance	
	No.	Amount	No.	Amount	No.	Amount	No.	Amount
Up to 2017-18	1,878	1,213.17	139	1,286.29	84	158.07	1,933	2,341.39
2018-19	1,933	2,341.39	276	2,719.04	27	67.91	2,182	4,992.52
01/04/2019 to 30/10/2019	2,182	4,992.52	120	2,265.81	04	31.85	2,298	7,226.48

Majority of the DC bills were awaited (30 October 2019) from the following departments.

Chart 4.2: Pending DC Bills in respect of major Departments

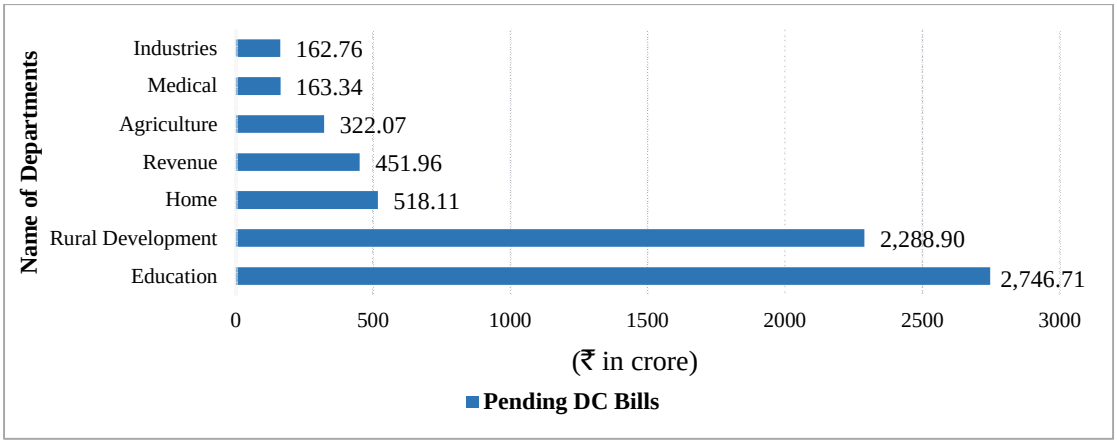


Table 4.7: Awaited DC bills from Departments

Sl. No	Name of the Department	Amount Outstanding *(₹in crore)*	Percentage of total outstanding amount of ₹7,226.48 crore as on 30 Oct. 2019
1.	Education	2,746.71	38.01
2.	Rural Development	2,288.90	31.67
3.	Home	518.11	7.17
4.	Revenue	451.96	6.25
5.	Agriculture	322.07	4.46
6.	Medical	163.34	2.26
7.	Industries	162.76	2.25

Source: Finance Accounts

The department wise breakup of pending DC bills shows that 92.07 *per cent* of total amount of pending DC bills are awaited from above noted seven departments. Education Department and Rural Development Department are major defaulters and have pending DC bills of maximum amount. The matter has continually been brought to the notice of the Government/Finance Department, from time to time. Despite issuance of instructions in this regard by the State Finance Department, the DDOs did not furnish the pending DC bills to the Accountant General (A&E).

Advances drawn and not accounted for increased the possibility of wastage/ misappropriation/malfeasance, etc. The Government may take necessary steps to ensure adjustment of the advances drawn on the contingent bills within the stipulated period as required under the extant rules.

4.9 Indiscriminate use of Minor Head 800

Minor Head 800 relating to Other Receipts and Other Expenditure is intended to be operated only when the appropriate Minor Head has not been provided in the accounts. Routine operation of Minor Head 800 is to be discouraged, since it renders the accounts opaque.

During the period from 01 April 2019 to 30 October 2019, ₹2,159.92 crore, including revenue receipt of ₹1,692.97 crore[2] under 34 Revenue Major Heads of Accounts constituting about 7.19 *per cent* of the total Revenue Receipts of ₹ 30,051.98 crore, was recorded under the Minor Head 800-'Other Receipts'. Similarly, expenditure of ₹1,140.33 crore under 47 Major Heads of Accounts constituting about 3.28 *per cent* of total expenditure of ₹34,766.01 crore was booked under Minor Head 800-'Other Expenditure'. Instances where a substantial proportion (50 *per cent* or more/significant amount) of the receipts and expenditure under a Major Head was classified under the Minor Head 800-Other Receipts/Expenditure are shown in the tables below. Classification of large amounts booked under the Minor Head 800, does not give the fair picture in accounts.

Table 4.8: Significant expenditure booked under Minor Head 800 – Other Expenditure during the period 2019-20 (01 April 2019 to 30 October 2019)

Major Head	Total Expenditure including Expenditure under Minor Head 800	Expenditure under Minor Head 800	Percentage of Expenditure under Minor Head 800 to Total Expenditure under the Major Head
	(₹ in crore)		
2075-Misc. General Services	1.36	1.00	73.53
2250-Other Social Services	1.74	0.92	52.87
4070-Capital Outlay on Other Administrative Services	1.84	1.84	100.00
4216-Capital Outlay on Housing	76.54	76.54	100.00
4217-Capital Outlay on Urban Development	388.07	201.06	51.81
4401-Capital Outlay on Crop Husbandry	26.00	16.87	64.88
4405-Capital Outlay on Fisheries	3.51	3.51	100.00
4406- Capital Outlay on Forestry and Wildlife	20.52	14.12	68.81
4801- Capital Outlay on Power Projects	79.16	79.16	100.00
4852-Capital Outlay on Iron and Steel Industries	3.14	3.14	100.00
5452-Capital Outlay on Tourism	22.52	22.52	100.00
5475- Capital Outlay on Other General Economic Services	91.41	91.41	100.00

[2] Representing ₹987.99 crore collection from consumers, ₹700.00 crore Subsidy by debit to Major Head 2801-"Power" and contra credit to Major Head 0801-"Power" on account of Sale of Power by Electricity Department and ₹4.98 crore Misc. Power receipts

Table 4.9: Significant receipts booked under Minor Head 800 – Other Receipts during the period 2019-20 (01 April 2019 to 30 October 2019)

Major Head	Total Receipts including Receipts under Minor Head 800	Receipts under Minor Head 800	Percentage of Receipts under Minor Head 800 to Total Receipts under the Major Head
	(₹ in crore)		
00029-Land Revenue	86.06	63.87	74.22
00049-Interest Receipt	9.58	7.88	82.25
0055-Police	39.44	19.83	50.28
0059-Public Works	14.31	13.35	93.29
0070-Other Administrative Services	63.38	57.05	90.01
0215-Water Supply and Sanitation	15.54	7.95	51.16
0235-Social Security and Welfare	12.71	12.71	100.00
0408-Food, Storage and Warehousing	10.97	10.97	100.00
0701-Major and Medium Irrigation	215.93	215.78	99.93
0702-Minor Irrigation	4.77	4.77	100.00
0801-Power	1,692.97	1,692.97	100.00

The Government may consider depicting the amounts received and expenditure incurred under various schemes distinctly, instead of clubbing the Receipts and Expenditure of major schemes under the Minor Head 800-Other Expenditure and 800-Other Receipts, for better clarity in Accounts.

Issues related to measurement

4.10: Outstanding balance under Major Suspense and DDR heads

The Finance Accounts reflect the net balances under Suspense and Remittance Heads. The outstanding balances under these heads are worked out by aggregating the outstanding debit and credit balances separately under various heads.

Table 4.10: Balances under Suspense and Remittances

Minor Head	2017-18			2018-19			2019-20 (01/04/2019 to 30/10/2019)		
	Dr	Cr	Net (Dr/Cr)	Dr	Cr	Net (Dr/Cr)	Dr	Cr	Net (Dr/Cr)
8658- Suspense Account-							**(₹ in crore)**		
101-PAO Suspense	328.04	54.72	**273.32 (Dr)**	378.28	67.42	**310.86 (Dr)**	403.73	64.46	**339.27 (Dr)**

110-Misc. Remittances	-	68.49	**68.49 (Cr)**	-	2,028.24	**2,028.24 (Cr)**	-	2,109.99	**2,109.99 (Cr)**
8793-Inter-State Suspense Account	1.95	0.24	**1.71 (Dr)**	5.04	0.22	**4.82 (Dr)**	4.02	0.22	**3.80 (Dr)**

Transactions which initially arise in the State Treasuries but are adjustable by the PAO/ Defence are placed under suspense for eventual adjustments. An amount of ₹317.68 crore and ₹11.54 crore, paid by the State Treasuries on behalf of the Central Pension Accounting Officer, New Delhi and Controller of Defence Accounts, respectively, ending October 2019 are major amounts adjustable in the accounts of the State Government due to non-submission of vouchers to the respective quarters by the treasuries or non-response from the Central Pay & Accounts Office, New Delhi & Controller Defence Accounts Pension, Allahabad. The matter needs to be actively pursued with the departments concerned as huge amounts are reimbursable to the State.

4.11 Non-reconciliation of Departmental figures

To enable Controlling Officers of the Departments to exercise effective control over spending to keep it within the budget grants and to ensure accuracy of their accounts, the State Financial Rules stipulate that receipts and expenditure during the financial year recorded in their books be reconciled by them every month with that recorded in the books of the Accountant General (A&E). Reconciliation and verification of figures is an important tool of financial management. Failure to exercise/adhere to the codal provisions and executive instructions in this regard not only results in misclassification and incorrect booking of receipts and expenditure in the accounts, but also defeats the very objective of budgetary process.

Table 4.11: Status of Reconciliation of Receipts and Expenditure figures

Year	Total No. of Controlling Officers	Fully Reconciled	Partially Reconciled	Not reconciled at all
Receipts				
2017-18	353	197	Nil	156
2018-19	371	302	Nil	69
2019-20*	404	226	Nil	178
Expenditure				
2017-18	353	197	Nil	156
2018-19	371	302	Nil	69
2019-20*	404	226	Nil	178

**Period of account 01/04/2019 to 30/10/2019*

During 2019-20 (01 April 2019 to 30 October 2019) reconciliation and verification of receipt and expenditure figures in respect of 178 (44 *per cent*) controlling officers was not done. Government needs to improve the reconciliation mechanism to ensure effective control over spending and accuracy of the accounts.

4.12 Reconciliation of Cash Balances

The balance against 'Deposits with Reserve Bank' represents the balance according to Government Accounts, which include Government settlements advised to the Reserve Bank of India up to 10 Nov 2019. There is a net difference of ₹83.32 crore (Credit) between the figures as reflected in the accounts (₹ 4,69.74 crore (Cr)) and that intimated by the Reserve Bank of India (₹5,53.06 crore (Dr)). The difference is under reconciliation with RBI as well as the Government (October 2020).

Issues related to disclosure

4.13 Compliance with Accounting Standards

As per article 150 of the Constitution of India, the President of India may, on the advice of the Comptroller and Auditor General of India, prescribe the form of accounts of the Union and of the States. Further, the Comptroller and Auditor General of India set up a Government Accounting Standards Advisory Board (GASAB) in 2002, for formulating standards for government accounting and financial reporting, to enhance accountability mechanisms. On the advice of the Comptroller and Auditor General of India, the President of India has so far notified three Indian Government Accounting Standards (IGAS). Compliance to these Accounting Standards by the Government of Jammu & Kashmir in 2019-20 (01 April 2019 to 30 October 2019) and deficiencies therein are given in **Table 4.12**.

Table 4.12: Compliance to Accounting Standards

Sl. No.	Accounting Standards	Essence of IGAS	Compliance by State Government	Impact of deficiency
1.	**IGAS-2:** *Accounting and Classification of Grants-in-Aid*	To prescribe the principles for accounting and classification of Grants-in-aid in the Financial Statements of Government both as a grantor as well as a grantee.	Not complied (Statement 10 of Finance Accounts)	(i) Certain Grants-in-Aid to be classified under Revenue Section have been classified under Capital Section (ii) Information has not been furnished in respect of Grants in Aid given in kind by the State Government (October 2019).
2.	**IGAS-3:** *Loans and Advances made by Government*	To ensure adequate disclosure on loans and advances made by the Government consistent with best international practices	Not complied (Statement 7 and 18 of Finance Accounts)	Details of recoveries in arrears and accrued interest thereon not furnished by State Government.

4.14 Submission of Accounts/Separate Audit Reports of Autonomous Bodies

A total 811 number of annual accounts of 56 Autonomous Bodies to be audited under Section 14 of the CAG's (DPC) Act 1971 were awaited from these Autonomous Bodies **(detailed in Appendix 4.2)** as on October 2019. The matter has been taken up with these bodies time and again for submission of annual accounts for audit.

Certification audit of accounts of Autonomous Bodies (AB's) set up by the State Government is conducted under Section 19(3) and 20(1) of Comptroller and Auditor General of India (DPC) Act 1971. The AB's coming under the audit purview as per the above section are required to submit the annual accounts to audit before 30 June every year. In respect of ten Autonomous Bodies which were to render annual accounts to C&AG, 84 number of accounts were not rendered for the period ranging between one to 24 years as tabulated below:

Table 4.13: Non-submission of accounts by Autonomous Bodies

(₹ in crore)

Sl. No.	Name of Body/Authority	Accounts pending for the period	No of accounts pending
1	Ladakh Autonomous Hill Development Council, Leh (LAHDC-L)	1995-96 to 2018-19	24
2	Ladakh Autonomous Hill Development Council, Kargil (LAHDC-K)	2003-04 to 2018-19	16
3	Compensatory Afforestation Management and Planning Authority (CAMPA)	2009-10 to 2018-19	10
4	Sher-i-Kashmir University of Agricultural Science and Technology, (SKUAST) Srinagar Kashmir	2010-11 to 2018-19	09
5	Sher-i-Kashmir University of Agricultural Science and Technology, (SKUAST) Jammu	2016-17 to 2018-19	03
6	EPF Board, Srinagar	2015-16 to 2018-19	04
7	Jammu & Kashmir State Housing Board	2012-13 to 2018-19	07
8	Khadi and Village Industries Board (KVIB)	2015-16 to 2018-19	04
9	Building and Other Construction Workers Welfare Board (BOCWWB)	2013-14 to 2018-19	06
10	State Legal Service Authority (SLSA)	2018-19	01
	Total		**84**

The audit of Ladakh Autonomous Hill Development Council (LAHDC), Leh and LAHDC, Kargil has been entrusted to the C&AG of India. LAHDC, Leh has failed to submit accounts for audit since its inception i.e. 1995-96, although substantial sums are being released to the Council and unspent balances at the end of the year remain credited in a Non-lapsable Fund in the Public Account of the State. Same is the position in respect of LAHDC, Kargil which came into existence in the year 2004-05 and the accounts are in arrears since inception. Compensatory Afforestation Management and Planning Authority (CAMPA) has also not submitted the accounts for audit since its inception i.e November-2009. Similarly SKUAST, Kashmir, SKUAST, Jammu, EPF Board, Srinagar, KVIB, BOCWWB and SLSA have also not submitted their accounts for audit for the period ranging between one to nine years.

Non-submission/delay in submission of accounts by these Bodies receiving substantial funding from the State Budget is a serious financial irregularity persisting for years. In view of this non-compliance, the audited accounts of these Statutory Bodies have not

so far been presented to the State Legislature, as required under the Statutes under which these Bodies were created. Delay/Arrears in finalisation of accounts carries the risk of financial irregularities going undetected and entails possibility of fraud and mis-appropriation. This has also deprived the State Legislature the opportunity to get a feedback on their activities and financial performance.

The Government may take up the matter with the bodies for timely preparation and submission of accounts.

4.15 Departmental Commercial Undertakings/Corporations/Companies

The departmental undertakings of certain Government departments performing activities of commercial nature are required to prepare *proforma* accounts in the prescribed format annually. The finalised accounts of departmentally managed commercial and quasi-commercial undertakings reflect their overall financial health and efficiency in conducting their business. In the absence of timely finalisation of accounts, the investment of the Government, corrective measures, if any required, for ensuring accountability and improving efficiency cannot be taken on time. Besides, the delay is fraught with risk of fraud and leakage of public money.

The Heads of the Government Departments are required to ensure that the undertakings prepare such accounts and submit the same to the Accountant General (Audit), Jammu and Kashmir for audit, within a specified time frame. The Government has two such departmental undertakings: (a) Government Printing Presses at Srinagar and Jammu and (b) Public Distribution System (PDS) under the Consumer Affairs and Public Distribution Department. The *proforma* accounts of the commercial operations of both these undertakings are in arrears. The two Government Presses have not prepared their *proforma* accounts from 1968-69 to 2018-19. The *proforma* accounts have not been prepared by Food Civil Supplies & Consumer Affairs Department, Kashmir from 1975-76 to 2018-19 and by Food Civil Supplies & Consumer Affairs Department, Jammu from 1973-74 to 1997-98 and 1999-2000 to 2018-19. Due to non-compliance with the basic requirements of the preparation of annual *proforma* accounts by the Departmentally Managed Commercial Undertakings, financial reporting may not be accurate and reliable.

The status of audit of Companies/Corporations of State of Jammu & Kashmir is shown in ***Appendix 4.3***. Accounts in respect of only three companies were audited up to 2018-19 and in respect of one company and one corporation accounts were audited up to 2017-18. In respect of 17 Companies/Corporations audit of accounts is in arrear for the period ranging between 5 to 19 years. Audit of J&K State Forest Corporation was entrusted in 1996-97 but Corporation has never submitted its account. J&K Medical Supplies Corporation Ltd. was incorporated in March 2014 and it has also never submitted its accounts. In absence of timely finalisation of accounts, results of the investment of the Government remain outside the purview of State Legislature and escape scrutiny by audit. Consequently, corrective measures, if any, required for ensuring accountability and improving efficiency cannot be taken in time. Risk of fraud and mis-utilisation of public money cannot be ruled out.

The Heads of Departments in the Government are to ensure that the departmental undertakings prepare such accounts and submit the same to the Accountant General (Audit) within a specified time frame.

4.16 Non-submission of details of Grants/Loans given to Bodies and Authorities

In order to identify institutions/organisations which attract audit under Sections 14 and 15 of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act 1971(C&AG's DPC Act), the Government/HODs are required to furnish to Audit every year

- detailed information about the financial assistance given to various institutions,
- the purpose for which the assistance is granted, and
- total expenditure of the institutions.

Further, Regulation on Audit and Accounts (Amendments) 2020 provides that Governments and HODs, who sanction grants and/or loans to bodies or authorities, shall furnish to Audit by the end of July every year, a statement of such bodies and authorities to which grants and/or loans aggregating ₹10 lakh or more were paid during the preceding year, indicating (a) the amount of assistance, (b) the purpose for which the assistance was sanctioned and (c) the total expenditure of the body or authority. The information in this regard is not being furnished by the State Government.

4.17 Follow up action on State Finances Audit Report

To ensure accountability of executives to the issues dealt with in various Audit Reports, the State Government (Finance Department) issued instructions in June 1997 to the administrative departments to furnish to Public Accounts Committee (PAC)/Committee on Public Undertaking (COPU), *suo-motu* Action Taken Notes (ATNs) on all the audit paragraphs featuring in the Audit Reports, irrespective of the fact that these are taken up for discussion by these Committees or not. These ATNs are to be submitted to these Committees duly vetted by the Accountant General (Audit), within a period of three months from the date of presentation of Audit Reports in the State Legislature.

Report of the Comptroller and Auditor General of India on State Finances is being prepared since 2008-09 and Reports till the year 2015-16 have been tabled in the State Legislature. The State/UT has been under Governors/President rule since 20 June 2018 as such the State Finances Audit Report for the year 2016-17 to 2018-19 have been tabled in the Parliament along with the other Audit Reports. Action Taken Notes on these Reports were not furnished by the Government.

4.18 Conclusions

- Non-submission of the UCs means that the authorities have not explained as to how funds were spent over the years. There is also no assurance that the intended objectives of providing these funds have been achieved.
- Non-submission/delay in submission of accounts by the Bodies receiving substantial funding from the State Budget is a serious financial irregularity. Thus, there was no feedback on activities and financial performance of these bodies.

- Advances drawn through Abstract Contingent Bills and their detailed countersigned bills not submitted increased the possibility of wastage/ misappropriation/malfeasance, etc.
- Significant amount of expenditure and receipts booked under Minor Head 800-Other Expenditure and 800-Other Receipts under various Major Head affects the transparency in the accounts.

4.19 Recommendations

- Timely submission of Utilisation certificates may be ensured by the departments in respect of grants released for specific purpose.
- Necessary steps may be taken to ensure adjustment of the advances drawn on the contingent bills within the stipulated period as required under the extant rules.
- The timely preparation and submission of accounts may be taken up with the respective autonomous bodies.
- The operation of omnibus Minor Head 800 should be discouraged.

Explanatory Notes

1. *The abridged accounts in the foregoing statements have to be read with comments and explanations in the Finance Accounts.*
2. *Government accounts being mainly on cash basis, the deficit on Government account indicates the position on cash basis, as opposed to accrual basis in commercial accounting. Consequently, items payable or receivable or items like depreciation or variation on stock figures etc. do not figure in the accounts.*
3. *Suspense and Miscellaneous balances include cheques issued but not paid and payments made on behalf of the State and others pending settlement, etc.*

Appendix-2.1
Methodology Adopted for the Assessment of Fiscal Position

The norms/ceilings prescribed by the TFC for selected fiscal variable along with its projections for a set of fiscal aggregates and the commitments/projections made by the State Governments in their Fiscal Responsibility Acts and in other Statements required to be laid in the legislature under the Act are used to make qualitative assessment of the trends and pattern of major fiscal aggregates. Gross State Domestic Product (GSDP) is a good indicator of the performance of the State's economy. Major fiscal aggregates like Tax and Non-Tax Revenue, Revenue and Capital Expenditure, Internal Debt and Revenue and Fiscal Deficits have been presented and worked out to assess as whether the mobilisation of resources, pattern of expenditure etc. are keeping pace with earlier trends.

The Department of Economic and Statistics of J&K Government furnished estimated Gross State Domestic Product (GSDP) of Jammu and Kashmir for the complete year 2019-20. However, the department did not compile segregated GSDP for the period 01 April 2019 to 30 October 2019. Though actual expenditure figures for the erstwhile State were available for the period till 30 October 2019 but the segregated GSDP figures were not available for the same period.

Terms	Basis of calculation
Development Expenditure	Social Services + Economic Services
Interest received as *per cent* to Loans Outstanding	Interest Received [(Opening balance + Closing balance of Loans and Advances)/2]*100
Revenue Deficit	Revenue Receipt – Revenue Expenditure
Fiscal Deficit	Revenue Expenditure + Capital Expenditure + Net Loans and Advances – Revenue Receipts – Miscellaneous Capital Receipts
Primary Deficit	Fiscal Deficit – Interest payments
Pre-Devolution Non-Plan Revenue Deficit	Non-Plan Revenue Expenditure –(State's Own Tax Revenues + State's Own Non-Tax Revenues)
State's Own Deficit	Fiscal Deficit – Share in Union Taxes/Duties – Grants-in-Aid received from the Union Government
Non-Plan Revenue Gap	Revenue Deficit – Revenue Deficit on 'Plan' Account = Revenue Deficit – (Plan Revenue Expenditure – Plan Grants)
Primary Revenue Expenditure	Total Revenue Expenditure - Interest payment.

[1] The Company was incorporated in March 2014 and has never submitted its accounts to this office

[2] The audit of the Corporation was entrusted to this office from 1996-97 onwards. However, the Corporation has never submitted its accounts.

Appendix-5
Glossary of important Budget related terms

1. ***'Accounts' or 'actuals' of a year* -** are the amounts of receipts and disbursements for the financial year beginning on *April 1st* and ending on *March 31st* following, as finally recorded in the Accounting authority's books (as audited by C&AG). Provisional Accounts refers to the unaudited accounts.

2. ***'Administrative approval' of a scheme, proposal or work* -** is the formal acceptance thereof by the competent authority for the purpose of incurring expenditure. Taken with the provision of funds in the budget, it operates as a financial sanction to the work during that particular year in which the Administrative Approval is issued.

3. ***'Annual financial statement'* –** – Also referred to as Budget means the statement of estimated receipts and expenditure of the Central/State Government for each financial year, laid before the Parliament /State Legislature.

4. ***'Appropriation'* -** means the amount authorised by the Parliament/State Legislature for expenditure under different primary unit of appropriation or part thereof placed at the disposal of a disbursing officer.

5. ***'Charged Expenditure'* -** means such expenditure as is not to be submitted to the vote of the Legislature under the provisions of the Constitution.

6. ***'Consolidated Fund of India/ State-*** All revenues of the Union/State Government, loans raised by it and all moneys received in repayment of loans form the Consolidated Fund of India/ State. No moneys out of this Fund can be appropriated except in accordance with the law and for the purposes and in the manner provided in the Constitution.

7. ***'Contingency Fund'*** is in the nature of an imprest. The Contingency Fund is intended to provide advances to the executive /Government to meet unforeseen expenditure arising in the course of a year pending its authorisation by the Parliament/State Legislature. The amounts drawn from the Contingency Fund are recouped after the Parliament/State Legislature approves it through the Supplementary Demands.

8. **'*Controlling Officer (budget)*'** - means an officer entrusted by a Department with the responsibility of controlling the incurring of expenditure and/or the collection of revenue. The term includes the Heads of Department and also the Administrators.

9. ***'Drawing and Disbursing Officer' (DDO)*** – means a Head of Office and also any other Officer so designated by the Finance Department of the State Government, to draw bills and make payments on behalf of the State Government. The term shall also include a Head of Department where he himself discharges such function

10. ***'Excess Grant'* –** Excess grant means the amount of expenditure over and above the provision allowed through the original/supplementary grant, that requires regularisation by obtaining excess grant from the Parliament /State Legislature under Article 115/205 of the Constitution.

11. ***'New Service' –*** As appearing in Article 115(1)(a)/205(1)(a) of the Constitution, New Service means expenditure arising out of a new policy decision, not brought to the notice of Parliament/State Legislature earlier, including a new activity or a new form of investment.

12. *'**New Instrument of Service'***-** means relatively large expenditure arising out of important expansion of an existing activity.

13. ***'Public Accounts'***- means the Public Account referred to in Section 115 (2) of the Constitution. The receipts and disbursements such as deposits, reserve funds, remittances, etc. which do not form part of the Consolidated Fund are included in the Public Account. Disbursements from the Public Account are not subject to vote by the Parliament/State Legislature, as they are not moneys issued out of the Consolidated Fund of India/State.

14. ***'Reappropriation'*** **-** means the transfer, by a competent authority, of savings from one unit of appropriation to meet additional expenditure under another unit within the same grant or charged appropriation.

15. ***'Revised Estimate'*** **-** is an estimate of the probable receipts or expenditure for a financial year, framed in the course of that year, with reference to the transactions already recorded and anticipation for the remainder of the year in the light of the orders already issued.

16. ***'Supplementary Demands for Grants'***- means the statement of supplementary demands laid before the legislature, showing the estimated amount of further expenditure necessary in respect of a financial year over and above the expenditure authorised in the Annual Financial Statement for that year. The demand for supplementary may be token, technical or substantive/cash.

a) **Cash Supplementary** is over and above the original budget provisions and results in enhancement of the allocation for the Demand/Grant. It should be obtained as a last resort and after proper due diligence. Presently, this method is followed by the State.

b) There are four Sections in each Demand i.e., Revenue Voted, Revenue Charged, Capital Voted and Capital Charged. **Technical Supplementary**, after obtaining the approval of the State Legislature, allows to utilise the savings of one of the Sections for any other Section.

c) **Token Supplementary** allows to utilise the savings within the same section of the grant.

17. ***'Major Head'*** - means a Major Head of account for the purpose of recording and classifying the receipts and disbursements of the State. A Major Head, particularly the one falling within the Consolidated Fund, generally corresponds to a 'function' of Government such as Agriculture, Education, Health, etc.

18. ***"Sub-Major Head"*** - means an intermediate head of account introduced between a Major Head and the Minor Heads under it, when the Minor Heads are numerous and can conveniently be grouped together under such intermediate Head.

19. ***'Minor Head'*** - means a head subordinate to a Major Head or a Sub-Major Head. A Minor Head subordinate to a Major Head identifies a "programme" undertaken to achieve the objectives of the function represented by the Major Head.

20. ***"Sub-Head"*** - means a unit of account next subordinate to a Minor Head which normally denotes the scheme or organisation under that Minor Head or programme.

21. ***'Major Work'*** - means an original work, the estimated cost of which exclusive of departmental charges exceeds the amount as notified by the Government from time to time.

22. ***'Minor Work'*** - means an original work, the estimated cost of which exclusive of departmental charges does not exceed the amount as notified by the Government from time to time.

23. ***"Modified Grant or Appropriation"*** - means the sum allotted to any Sub-Head of Appropriation as it stands after Re-Appropriation or the sanction of an Additional or Supplementary Grant by competent authority.

24. ***"Supplementary or Additional Grant or Appropriation"*** - means a provision included in an Appropriation Act, during the course of a financial year, to meet expenditure in excess of the amount previously included in an Appropriation Act for that year.

25. ***"Schedule of New Expenditure"*** - means a statement of items of new expenditure proposed for inclusion in the Budget for the ensuing year.

26. ***"Token demand"*** - means a demand made to the Assembly for a nominal or token sum when, for example, it is proposed to meet the entire expenditure on a new service from savings out of the sanctioned budget grant.

PREFACE

This Report of the Comptroller and Auditor General of India for the year ended 31 March 2020 has been prepared in accordance with Article 151 of the Constitution of India. As per the decision of the Government of India, Ministry of Finance (June 1994), wherever President's Rule is extended beyond one year, the C&AG's Report relating to the State would be placed in Parliament. Hence, this Report is being sent to President for laying in the Parliament. Consequent to the reorganisation of the State of Jammu and Kashmir, under the Jammu & Kashmir Reorganisation Act, 2019, the Report is also being sent to the Lieutenant Governors of the successor Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

This Report contains six chapters in **three** parts.

Part-A: Revenue Sector

This part contains significant findings of audit of receipts and expenditure of major revenue earning departments conducted under the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971.

Part-B: Social, General and Economic Sectors (Departments)

This part contains significant results of compliance audit of the departments/ autonomous bodies of the Government of Union Territory of Jammu and Kashmir under the Social, General and Economic Sectors, conducted as per provisions of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971.

Part-C: Social, General and Economic Sectors (Public Sector Undertakings)

This part deals with the results of test audit of Government Companies and Statutory Corporations for the year ended March 2020.

The accounts of Government Companies (including companies deemed to be Government Companies as per provisions of the Companies Act) are audited by the Comptroller and Auditor General of India (CAG) under the provisions of Section 619 of the Companies Act 1956 and Sections 139 and 143 of the Companies Act 2013. The audit of Statutory Corporations is conducted under their respective legislation.

The instances mentioned in this Report are those which came to notice in the course of test audit during the period 2019-20 as well as those which came to notice in earlier years but could not be reported in the previous Audit Reports. Instances relating to the period subsequent to 2019-20 have also been included, wherever necessary.

The audit has been conducted in conformity with the Auditing Standards issued by the Comptroller and Auditor General of India.

Overview

OVERVIEW

This Report is in three parts. **Part-A** covers compliance audit findings of Revenue Sector comprising three paragraphs on Irregular allowance of input tax credit and Short levy of tax involving ₹ 2.14 crore. Some of the findings are mentioned below:

Part A: Revenue Sector

General

During the year 2019-20, the overall receipts of the erstwhile State and Union Territory (UT) increased by 2.7 *per cent* over the previous year. The revenue raised by the erstwhile State and UT Government (₹ 13,726.60 crore) was 26 *per cent* of the total revenue receipts against 28 *per cent* in the preceding year. The balance 74 *per cent* of the receipts during 2019-20 came from the Government of India (GoI), of which, 82.50 *per cent* was received in the form of Grants-in-aid. These Grants-in-aid constituted 60.97 *per cent* of the total receipts of the erstwhile State/ UT.

(Paragraph: 1.1.1)

Test-check of the records of 82 units out of 398 auditable units of State Taxes, State Excise, Transport and Law Department conducted during the year 2019-20 showed under assessment/ short levy/ loss of revenue aggregating ₹ 127.72 crore in 14,572 cases. During the year, departments concerned accepted under assessment and other deficiencies of ₹ 3.36 crore identified in 72 cases pointed out by audit during 2019-20 and previous years. The Departments recovered ₹ six lakh during 2019-20 in seven cases pertained to audit findings of the period prior to 2019-20.

(Paragraph: 1.10)

Compliance Audit

Failure of the Assessing Authority, State Taxes Circle, Reasi, Jammu (Udhampur-II) to disallow the input tax credit claimed by the dealer during the period of suspension of his registration certificate resulted in short demand of ₹ 22.36 lakh.

(Paragraph: 2.3.1)

Assessing Authority, State Taxes Circle-C Jammu failed to detect the concealment of Interstate Purchases, verify the genuineness of outward stock transfer during 2013-14 which resulted in short levy of tax, interest and penalty to the extent of ₹ 1.38 crore.

(Paragraph: 2.4.1)

Assessing Authority, State Taxes Circle-L Jammu accepted the credit claims against the returned goods without verification of actual credit notes at the time of assessment of a dealer which resulted in short demand of ₹ 53.69 lakh.

(Paragraph: 2.4.2)

Part B: Social, General and Economic Sectors (Departments)

Part B of the Report contains compliance audit observations on the Departments/ Autonomous Bodies under Social, General and Economic Sectors of the Government of UT of Jammu and Kashmir. This part of Report contains six paragraphs involving

financial implications of ₹ 230.27 crore related to compensatory afforestation, non-utilisation of funds, unfruitful expenditure, etc. Some of the major findings are mentioned below.

General

The total expenditure of the erstwhile State and the UT was ₹ 62,961 crore during 2019-20. During the period 1 April 2019 to 30 October 2019, the total expenditure of the erstwhile state of Jammu and Kashmir was ₹ 34,782 crore and from 31 October 2019 to 31 March 2020, the expenditure of the UT of Jammu and Kashmir was ₹ 28,179 crore

(Paragraph: 3.2)

Compliance Audit

The construction of a Poultry Breeding Farm and Hatchery project at Kupwara for subsidiary income generation of women/ weaker sections was taken up without administrative approval of the changed site. The expenditure of ₹ 1.78 crore incurred thus far on the project did not yield any benefits.

(Paragraph: 4.1)

Release of funds by the State Project Director (SPD) Sarva Shiksha Abhiyan (SSA) under civil works (capital component) plan 2016-17, to the Directors of School Education Jammu and Kashmir without any action plan for its utilisation resulted in blocking of ₹ 21.48 crore.

(Paragraph: 4.2)

The Compensatory Afforestation Fund Management and Planning Authority (CAMPA) did not conduct survey before preparation of Annual Plan of Operations (APOs) to collect physical data for identifying degraded forests. Alternate non-forest land was not transferred to forest department for compensatory afforestation as required under Jammu and Kashmir Forest Conservation Act. Site specific schemes were not prepared by the Forest Divisions for Compensatory afforestation at sites contiguous to or in the proximity of forest in respect of forest land of 2,757.78 hectares diverted for non-forest purpose. ₹ 9.24 crore (out of total expenditure of ₹ 140.25 core) out of CAMPA funds were spent on inadmissible components such as purchase of office equipment, construction of office complex etc. There was irregular expenditure of CAMPA funds of ₹ 15.12 crore on establishment of two zoos.

(Paragraph: 4.3)

Failure of SSP, Udhampur to ascertain functionality of existing pipeline for supply of water before taking up construction of Overhead Tank resulted in unfruitful expenditure of ₹ 0.64 crore.

(Paragraph: 4.4)

The unspent balances on account of labour cess had increased from ₹ 296.19 crore to ₹ 622.05 crore during the five-year period ended March 2020. Out of 1,09,915 beneficiaries registered in the sampled districts up to the date of launch (June 2017) of the digitisation process, the registration records of only 27,853 workers (25 *per cent*) were uploaded as of September 2020. The registrations were made without submitting the valid age proof, employment certificates. The Board failed to renew the insurance policy taken from LIC, to provide assistance to nominees/ dependents of workers on their disability/ death. Out of 89,800 workers recommended for micro credit facility, only 148 workers were issued credit cards and no worker had availed the credit facility as of March 2020 resulting in non-utilisation of ₹ 30 crore deposited with the Bank as security. The Board failed to implement pension scheme for workers who had attained the age of 60**.**

(Paragraph: 4.5)

The Department prepared detailed project reports (DPR) for construction of roads without undertaking proper surveys of the area. The DPRs did not include requirements of bridges and compensation for houses coming in proposed alignment of roads resulting in unfruitful expenditure of ₹ 2.57 crore incurred on works besides not achieving intended connectivity benefits.

(Paragraph: 4.6)

Part C: Social, General and Economic Sectors (Public Sector Undertakings)

Part C of the Report covers the audit findings of the Public Sector Undertakings of all sectors of the Government of Jammu and Kashmir comprising compliance audit on 'Activities of Extraction and sale of Timber in Jammu and Kashmir Forest Development Corporation Limited' having financial implication of ₹ 186.14 crore.

Some of the major findings are mentioned below:

As on 31 March 2020, there were 42 PSUs (six in Power Sector and 36 in Sectors other than Power Sector), including three Statutory Corporations under the audit jurisdiction of the Comptroller and Auditor General of India (C&AG); Out of these 42 PSUs, 32 are working and 10 are non-working (four in Power Sector and six in Sectors other than Power Sector). One PSU, Jammu and Kashmir Bank Limited, having a total paid-up equity of ₹ 71.36 crore is listed on the stock exchange since July 1998. During the year 2019-20, no PSU was incorporated whereas Government (erstwhile State/UT) of Jammu and Kashmir (GoJ&K) decided (24 October 2019) to wind up one PSU viz. J&K Asset Reconstruction Limited which was incorporated on 28 April 2017. The working PSUs registered an annual turnover of ₹ 11,298.17 crore as per their latest finalised accounts. There are 10 non-working PSUs, with an investment of ₹ 57.57 crore towards share capital (₹ 56.74 crore) and long term loans (₹ 0.83 crore), by the GoJ&K which are non-operational for the last six to 30 years.

(Paragraph: 5.1)

Out of 32 working PSUs, five government companies submitted their accounts of the year 2019-20 for audit. Accounts of 24 Government Companies and three Statutory Corporations were in arrears.

(Paragraph: 5.9)

As per the latest finalised accounts, eleven PSUs were profit making, while 13 PSUs were loss making. One PSU had not prepared its Profit and Loss account and remaining 17 PSUs were either non-working or had not submitted their annual accounts.

(Paragraph: 5.10(A) and (B))

Compliance Audit

The accumulated losses of the Company was ₹ 249.13 crore as of March 2020. Royalty of ₹ 395.67 crore was payable by the Company to State Forest Department for markings of trees. Forest area was categorised on unrealistic parameters leading to incorrect fixation of rates for extraction/ transportation of timber. Contactors/ *Amani* mates had abandoned work without converting the markings. Accumulated losses on account of timber was ₹ 283.89 crore which were neither made good nor written off. In East Marketing Division, Jammu physical verification was not conducted in the Sales Depots and Stores at regular intervals.

(Paragraphs: 6.1.2.2, 6.1.2.3, 6.1.3.2, 6.1.3.4 and 6.1.5)

Part ‘A’

(Source: Finance Accounts 2019-20)

1.2 Analysis of arrears of revenue[2]

The arrears of revenue as on 31 March 2020 in respect of certain major heads of revenue amounted to ₹ 1,021.66 crore, of which ₹ 651.88 crore was outstanding for more than five years, is depicted in Table 1.4.

Table 1.4: Arrears of revenue

(₹ in crore)

Sl. No.	Head of revenue	Total Amount outstanding as on 31 March 2020	Amount outstanding for more than five years as on 31 March 2020	Replies of Department
1.	Taxes on Sales/ VAT Trade etc.	974.08	619.02	An amount of ₹ 86.04 crore had been stayed by the courts/ appellate authorities and proposed for recovery as arrears of land revenue. Commissioner State Taxes, J&K stated (December 2020) that the Department takes various measures like issue of notice of demand (Dastak), issue of memo, seizure of bank accounts and thereafter attachment of immovable property in addition to this, arrest warrants are issued to ensure recovery of the arrears.
2.	Motor spirit tax	0.09	0.09	
3.	Entertainment tax	0.21	0.21	Out of total arrears of ₹ 47.49 crore, stay on ₹ 44.47 crore was granted by the court/ appellate authorities. However, balance arrears of ₹ 3.02 crore were recoverable as arrears under the Land Revenue Act. Excise Commissioner, J&K stated (November 2020) that action has been taken under Revenue Act for recoverable arrears and most of the cases were pending in the Hon'ble High Court.
4.	Toll Tax	28.24	28.00	
5.	State Excise	19.04	4.56	
Total		**1,021.66**	**651.88**	

(Source: Data provided by the Departments)

1.3 Arrears in assessments[3]

The details of cases pending at the beginning of the year, cases becoming due for assessment, cases disposed during the year and number of cases pending for finalisation at the end of the year as furnished by the State Taxes Department in respect of Sales Tax/ VAT and Taxes on Works contracts are given in Table 1.5.

Table 1.5: Arrears in assessments

Head of Revenue	Opening balance as on 1 April 2019	New cases due for assessment during 2019-20	Total assessments due	Cases disposed of during 2019-20	Balance at the end of the year	Percentage of disposal (col. 5 to 4)
1	**2**	**3**	**4**	**5**	**6**	**7**
Sales Tax/ VAT	8,752[4]	10,095	18,847	15,582	3,265	82.67
Tax on Works Contract	37,295	1,634	38,929	15,324	23,605	39.36

(Source: Data provided by the Department)

2 The figures in this paragraph are only pertaining to UT of Jammu and Kashmir.

3 The figures in this paragraph are only pertaining to UT of Jammu and Kashmir.

4 Opening balance of arrears in assessment, cases of evasion, cases of refund also includes cases of Ladakh.

The assessments completed (out of the total cases due for assessment) was 83 *per cent* in respect of Sales Tax/ VAT and 39 *per cent* in the case of Taxes on Works Contract. The latter was attributed (December 2020) to the fact that the backlogs could not be cleared due to connectivity and other issues post August 2019. Moreover, the Government had issued Amnesty Scheme[5] which covered unassessed cases also. The scheme was further extended upto October 2020. A number of unassessed cases could not be assessed till time for payment of admitted taxes under the scheme expired.

In order to avoid the risk of time barring of assessments (five years), the Government may consider fixing a time limit for finalisation of the pending assessments and ensure that the time limit so fixed is adhered to by the Departmental Authorities.

1.4 Evasion of tax detected by the Department[6]

The details of cases of evasion of tax detected, cases finalised and the demands for additional tax raised, as reported by the Department are given in Table 1.6.

Table 1.6: Evasion of Tax

Sl. No.	Head of revenue	Cases pending as on 31 March 2019	Cases detected during 2019-20	Total	Number of cases in which assessment/ investigation completed and additional demand with penalty etc. raised		Amount of demand recovered (₹ in crore)	Number of cases pending for finalisation as on 31 March 2020
					Number of cases	Amount of demand (₹ in crore)		
1.	Sales Tax/ VAT	285	1,401	1,686	1,630	25.25	0.88	56
2.	GST	23	2,758	2,781	2,761	10.76	9.52	20
3.	Toll Tax	-	238	238	238	0.56	0.56	-
	Total	**308**	**4,397**	**4,705**	**4,629**	**36.57**	**10.96**	**76**

(Source: Data furnished by the Department)

Against the total demand of ₹ 36.57 crore raised in 4,629 cases during 2019-20, an amount of ₹ 10.96 crore had been recovered which is 30 *per cent* of the total recoverable amount. In reply, Assistant Commissioner (Technical) State Taxes, UT of J&K stated (December 2020) that the recovery of arrears is less because the Government of J&K had extended the last date of Amnesty scheme upto 31st October 2020, wherein, there was 100 *per cent* waiving of interest and penalty if the dealers had deposited 100 *per cent* of Principal tax.

1.5 Pendency of Refund Cases

The number of refund cases pending at the beginning of the year 2019-20, claims received during the year, refunds allowed during the year and the cases pending at the close of the year 2019-20 as reported by the Department is given in Table 1.7.

5 Vide order no. 39 of FD dated 05.02.2018

6 The figures in this paragraph are only pertaining to UT of Jammu and Kashmir.

Table 1.7: Details of pendency of refund cases

Sl. No.	Particulars	GST		Sales tax/ VAT	
		No. of cases	Amount (₹ in crore)	No. of cases	Amount (₹ in crore)
1.	Claims outstanding at the beginning of the year	517	13.21	11	2.49
2.	Claims received during the year	612	89.16	8	1.56
3.	Refunds made during the year	386	54.26	13	2.80
4.	Deficiency memos issued	21	2.13	-	-
5.	Balance outstanding at the end of the year	722	45.98	6	1.25

(Source: Data furnished by the Department)

The number of outstanding refund cases both under Sales Tax/ VAT and GST has increased by 37.87 *per cent* from 528 cases to 728 cases during 2019-20

On this being pointed out, Assistant Commissioner (Technical) State Taxes, UT of J&K stated (December 2020) that the pendency in processing of refunds under GST was mainly in all such cases where the show-cause notices were issued by the officers but the replies were pending from the applicants. It was also stated that the necessary instructions had already been issued to the officers processing the refunds, to minimize the pendency.

The Government may take effective steps for immediate disposal of the refund cases.

1.6 Response of the Government/ Departments to Audit

The Principal Accountant General (Audit), Jammu and Kashmir (PAG), conducts periodical inspection of the Government Departments to test-check the transactions, verify the maintenance of important accounts and other records as prescribed in the rules and procedures. These inspections are followed up with the Inspection Reports (IRs) incorporating findings, which are issued to the Heads of the Offices inspected with copies to the next higher authorities for taking prompt corrective action. The Head of the Office is required to take necessary corrective action on the observations contained in the IRs, rectify the defects and omissions and report compliance through initial reply to the PAG (Audit) within four weeks from the date of receipt of the IRs. Serious financial irregularities are reported to the Head of the Department and the Government.

Inspection Reports issued up to December 2019 in respect of State Taxes, State Excise, Motor Vehicle and Law Department disclosed that 5,006 paragraphs relating to 927 IRs, involving ₹ 2,266.10 crore remained outstanding at the end of June 2020 as mentioned along with the corresponding figures for the preceding two years in Table 1.8.

Table 1.8: Details of pending Inspection Reports

	June 2018	June 2019	June 2020
Number of IRs pending for settlement	811	859	927
Number of outstanding audit observations	4,111	4,539	5,006
Amount of revenue involved (₹ in crore)	1,216.35	2,095.52	2,266.10

1.6.1 The Department-wise details of the IRs and audit observations outstanding as on 30 June 2019 and the amounts involved in respect of State Taxes, Excise, Transport and Law Department (Revenue Sector) are mentioned in Table 1.9.

Table 1.9: Department-wise details of Inspection Reports/ Audit observations

Sl. No.	Name of the Department	Nature of receipts	Numbers of outstanding IRs	Numbers of outstanding audit observations	Money value involved (₹ in crore)
1.	State Taxes	Taxes on Sales, Trade etc.	571	3,689	1,966.99
2.	Excise	Excise	170	472	134.55
3.	Motor Vehicle	Taxes on Motor Vehicles	108	496	151.54
4.	Law	Stamps Duty and Registration fee	78	349	13.02
Total			**927**	**5,006**	**2,266.10**

Audit did not receive any replies from the heads of offices within four weeks from the date of issue of all the 82 IRs issued during 2019-20. This large pendency of the IRs due to non-receipt of the replies is indicative of the fact that the Heads of Offices and the Departments did not initiate action to rectify the defects, omissions and irregularities pointed out by the PAG (Audit) through the IRs. The Government constituted (January 2021) Audit Committee for the HoDs falling under the administrative control of Finance Department, J&K for the purpose of monitoring and ensuring compliance and settlement of outstanding Audit Observations/ Paras in terms of Regulation 145 of the Regulations on Audit and Accounts 2020 issued by the CAG of India.

It is recommended that the Government should advise the concerned Departments to hold Audit Committee Meetings frequently at least three meetings in a quarter to monitor the progress of settlement of paragraphs and also ensure that demands/ recoveries are addressed in time.

1.7 Status of Inspection Reports

The summarised position of the Inspection Reports of Departments of State Taxes, Excise, Law and Transport (Revenue Sector) issued during the last five years, paragraphs included in these Reports and their status as on 31 March 2020 are given in Table 1.10.

Table 1.10: Position of Inspection Reports

Sl No.	Year	Opening Balance			Addition during the year			Clearance during the year			Closing balance during the year		
		IRs	Para-graphs	Money value (₹ in crore)	IRs	Para-graphs	Money value (₹ in crore)	IRs	Para-graph	Money value (₹ in crore)	IRs	Para-graphs	Money value (₹ in crore)
(a)	(b)	(c)	(d)	(e)	(f)	(g)	(h)	(i)	(j)	(k)	(l)	(m)	(n)
1.	2015-16	668	3,189	1,230.36	70	494	76.86	07	140	25.90	731	3,543	1,281.32
2.	2016-17	731	3,543	1,281.32	51	403	329.16	28	237	424.04	754	3,709	1,186.44
3.	2017-18	754	3,709	1,186.44	89	767	173.79	09	110	41.24	834	4,366	1,318.99
4.	2018-19	834	4,366	1,318.99	54	632	960.10	07	160	52.77	881	4,838	2,226.32
5.	2019-20	881	4,838	2,226.32	82	493	123.57	17	212	44.93	945	5,119	2,304.96

5,119 paragraphs relating to 945 IRs involving ₹ 2,304.96 crore remaining outstanding at the end of the year 2019-20 indicated that adequate steps were not taken by the Departments resulting in increase of the outstanding IRs and Paragraphs.

1.8 Follow-up on Audit Reports

1.8.1 Non-submission of Action Taken Notes

The Government (Finance Department) had issued instructions in June 1997 to all the administrative departments to furnish *suo-moto* Action Taken Notes (ATNs) on all the audit paragraphs featuring in the Audit Reports to the Public Accounts Committee (PAC) irrespective of whether they were taken up for discussion by the Committee or not. These ATNs are to be submitted to the Committee duly vetted by the Principal Accountant General (Audit) within a period of three months from the date of presentation of Audit Reports in the Legislature.

It was, however, noticed that out of 110 audit paragraphs featuring in the Chapters of Revenue Sector of Audit Reports from 2000-01 to 2015-16[7], *suo-moto* ATNs in respect of 88 audit paragraphs had not been received up to 31 March 2020.

1.8.2 Action taken on recommendations of the PAC

Action Taken Notes, duly vetted by the Principal Accountant General (Audit) on the observations/ recommendations made by the PAC in respect of the audit paragraphs discussed by them are to be furnished to the Committees within six months from the date of such observations/ recommendations.

Out of 110 audit paragraphs featuring in the Revenue Sector of Audit Reports for the years from 2000-01 to 2015-16, only 17 audit paragraphs have been discussed by the PAC up to 31 March 2020. Recommendations in respect of 17 audit paragraphs including 12 partly discussed were made by the PAC, however, ATNs on the

[7] Audit Reports 2016-17 and 2017-18 presented in Parliament on 23 September 2020 and Audit Report 2018-19 presented in Parliament on 24 March 2021.

recommendations of the Committee is pending from the Government in respect of 13 paragraphs.

1.8.3 Recovery of accepted cases

The position of paragraphs included in the Audit Reports of the last five years, those accepted by the Department and the amount recovered are given in Table 1.11.

Table 1.11: Paragraphs included in the Audit Reports of the last five years

Year of Audit Report	Number of paragraphs included	Money value of the paragraphs (₹ in crore)	Number of paragraphs accepted	Money value of accepted paragraphs (₹ in crore)	Amount recovered during the year 2019-20 (₹ in crore)	Cumulative position of recovery of accepted cases as of 31 March 2020 (₹ in crore)
2014-15	4	0.76	4	0.76	Nil	0.10
2015-16	7	124.10	6	88.76	0.09	0.16
2016-17	8	2.14	8	2.14	Nil	0.20
2017-18	9	1.43	9	1.43	0.01	0.16[8]
2018-19	5	2.03	5	2.03	Nil	0.13
Total	**33**	**130.46**	**32**	**95.12**	**0.10**	**0.75**

It would be seen from the above that in respect of paragraphs featured in the Audit Reports 2014-15 to 2018-19, the Department/ Government accepted audit observations involving ₹ 95.12 crore, of which only ₹ 0.75 crore was recovered as of March 2020, which is only 0.79 *per cent* of the accepted amount. This indicates that the Government could not recover the dues fully even for the cases wherein the audit observations had been accepted by the Departments.

1.9 Audit Planning

The auditable entities under various Departments are categorised into high, medium and low risk units according to their revenue position, past trends of the audit observations and other parameters. The annual audit plan is prepared on the basis of risk analysis which *inter-alia* include critical issues in Government Revenues and Tax administration.

During the year 2019-20, there were 398 auditable units (State Taxes, Excise, Transport and Law) out of which 129 (32 *per cent*) units were planned for audit and 82 units (64 *per cent*) were audited.

1.10 Results of audit

Position of local audit conducted during the year

Test-check of the records of 82 units[9] out of 398 auditable units[10] of State Taxes, State Excise, Transport and Law Department conducted during the year 2019-20 showed under assessment/ short levy/ loss of revenue aggregating ₹ 127.72 crore in 14,572

[8] Includes recovery of ₹ 15.80 lakh reflected in Audit Report for the year ended 31 March 2018.

[9] State Taxes Department: 37 units; Transport Department: 12 units; Excise Department: 11 units and Stamps Duty and Registration (Law Department): 22 units.

[10] State Taxes Department: 66 units; Motor Vehicle Department: 22 units; Excise Department: 44 units and Stamps Duty and Registration (Law Department): 266 units.

cases. During the year, departments concerned accepted under assessment and other deficiencies of ₹ 3.36 crore identified in 72 cases pointed out by audit during 2019-20 and previous years. The Departments recovered ₹ six lakh during 2019-20 in seven cases pertained to audit findings of the period prior to 2019-20. Unit-wise details of recoveries accepted are detailed in ***Appendix 1.1.1***.

1.11 Coverage of the Revenue Chapter

This Chapter of the Report contains three Compliance Audit paragraphs involving revenue implication of ₹ 2.14 crore.

Chapter II

Compliance Audit
(Revenue Sector)

CHAPTER II

Compliance Audit (Revenue Sector)

A. General

2.1 Tax administration

2.1.1 Goods and Services Tax

Sales Tax/ Value Added Tax/ Goods and Services Tax (comprehensive tax levied on supply of both goods and services) are administered by the Financial Commissioner, Finance Department of the Government of Jammu & Kashmir at the Government level. The Commissioner State Taxes is entrusted with overall control and superintendence of the State Taxes Department. He is assisted by three Additional Commissioners (one each in Jammu and Kashmir Divisions and one for Tax Planning), 19 Deputy Commissioners (Jammu: 09; Kashmir: 08 and one each for Headquarter and Judicial matters) and 10 Assistant Commissioners (Jammu: 05; Kashmir: 05). The Union Territory is divided into 61 State Taxes Circles (Jammu: 30; Kashmir: 31), each headed by one State Taxes Officer.

2.1.2 State Excise

The State Excise Department of J&K is responsible for charging of Excise Duties under J&K Excise Act 1901. The Department is headed by the Excise Commissioner who is assisted by four Deputy Excise Commissioners (Jammu: 03; Kashmir: 01) and 15 Excise and Taxation Officers (Jammu: 11; Kashmir: 04). There are 19 Distilleries/ Breweries/ Bottling Plants which fall within the jurisdiction of the Excise and Taxation Officer, Distilleries, Jammu.

2.1.3 Taxes on Vehicle

Receipts from the Transport Department are regulated under the Central and the State Motor Vehicles Acts and Rules made thereunder and are under the administrative control of the Transport Commissioner.

2.2 Results of audit

Test-check of records of 82 units out of a total of 398 units of State Taxes, State Excise, Transport and Law Departments conducted by Audit during the year 2019-20 revealed evasion of tax, under-assessment/ short levy of revenue, non/ short realisation of tax etc; aggregating ₹ 127.72 crore in 14,572 cases as detailed in ***Appendix 2.1***.

During the year 2019-20, an amount of ₹ 6.15 lakh of revenue was recovered by the Departments that had been pointed out in audit. Audit observations in this Report have revenue implication of ₹ 2.14 crore. The Departments/ Government have accepted audit observations.

B. COMPLIANCE AUDIT

Finance Department

2.3 Input Tax Credit

2.3.1 Short demand due to irregular allowance of input tax credit

Failure of the Assessing Authority, State Taxes Circle Reasi Jammu (Udhampur-II) to disallow the input tax credit claimed by the dealer during the period of suspension of his registration certificate resulted in short demand of ₹ 22.36 lakh.

Section 27 (7) of the Jammu and Kashmir Value Added Tax (VAT Act), 2005 stipulates that when any dealer to whom a certificate of registration is granted, fails to furnish any return or fails to pay any tax, penalty or interest payable under the Act, the certificate of registration of such dealer may be suspended by the prescribed Authority. Section 27 (8) of the above Act provides that suspension of certificate of registration will be withdrawn and registration certificate shall be restored on an application made by the dealer on furnishing evidence of payment of all taxes and on furnishing of overdue return(s) within 90 days of suspension. During the period the certificate of registration of a dealer remains suspended, he shall not be entitled to any benefits that a dealer whose certificate of registration is in force, is entitled to. The dealer is liable to pay interest and penalty under Section 51(4) and 69(1) (m) of VAT Act 2005. Further, Section 35 of the J&K VAT Act, 2005 stipulates that each and every return in relation to any tax period furnished by a registered dealer shall be scrutinised by the Assessing Authority within a period of three months of filing of such returns to verify the correctness of calculation, application of correct rate of tax and interest and input tax credit claimed therein.

Audit scrutiny (February 2019) of records of the State Taxes Circle Reasi- Jammu (Udhampur-II) revealed that due to non-furnishing of the return of 2nd quarter of accounting year 2013-14, the Certificate of Registration of a dealer was suspended during the period from 01 February 2014 to 30 March 2014. However, the dealer claimed input tax credit of ₹ 6.15 lakh during the 4th quarter of 2013-14, which included an amount of ₹ 5.32 lakh pertaining to the period during which the Certificate of Registration remained suspended. Audit observed that while scrutinising the return of the deemed assessed case (July 2014) of the dealer, the assessing authority failed to take notice of the period during which certification of registration of the dealer had remained suspended which resulted in irregular allowance of input tax credit of ₹ 5.32 lakh.

Thus, the failure to disallow the input tax credit resulted in short demand of ₹ 22.36 lakh[1].

[1] Tax: ₹ 5.32 lakh; Interest: ₹ 6.39 lakh; Penalty: ₹ 10.65 lakh.

On this being pointed out (February 2019), the Assessing Authority while rejecting the input tax credit of ₹ 5.32 lakh pertaining to the period of suspension, reassessed (March 2020) the case and raised demand of ₹ 23.43 lakh[2].

The matter was referred to Government/ Department in November 2020. The Assistant Commissioner, State Taxes (Technical), J&K stated (December 2020) that the Assessing Authority has referred the demand of ₹ 23.43 lakh to the Deputy Commissioner (Recovery), Jammu for realisation of taxes.

However, the reply of the Government was awaited (October 2021).

The Department should take effective measures under the provisions of the Act to realise the demand proceeds at the earliest. Reasons for lapses may be examined and responsibility for lapses may also be fixed.

2.4 Short Levy of Tax

2.4.1 Short levy of tax due to concealment of purchases

Assessing Authority State Taxes Circle-Ç Jammu failed to detect the concealment of Interstate Purchases, verify the genuineness of outward stock transfer during 2013-14 which resulted in short levy of tax, interest and penalty to the extent of ₹ 1.38 crore.

Section 42 (1) of the Jammu and Kashmir Value Added Tax Act 2005 provide that where after a dealer is assessed under section 37 to 40 of the Act for any year or part thereof, the Assessing Authority has reasons to believe that whole on any part of the turnover of the dealer in respect of any period has escaped assessment or has been under assessed, the Assessing Authority may serve a notice on the dealer and after giving the dealer a reasonable opportunity of being heard and making such enquiries as it considers necessary, proceed to assess to the best of its judgment, the amount of tax due from the dealer in respect of such turnover. Section 69(1) (f) of the Jammu and Kashmir Value Added Tax Act 2005, stipulates that if any person conceals his turnover or furnishes inaccurate particulars thereof, the appropriate authority shall direct that such person shall pay, in addition to the fee or tax by way of penalty, a sum equal to double the amount of the tax attempted to be evaded.

Further, as per section 6A of Central Sales Tax Act, 1956 where any dealer claims that he is not liable to pay tax under said Act in respect of any goods, on the ground that the movement of such goods from one State to another was occasioned by reason of transfer of such goods by him to any other place of his business or to his agent or principal, as the case may be and not by reason of sale, he may furnish to the Assessing Authority within the prescribed time or within such further time as that authority may for sufficient cause, permit, a declaration duly filed and signed by the Principal officer of the other place of business, or his agent or principal, as the case may be containing the prescribed particulars in the prescribed form obtained from the

[2] Tax: ₹ 5.32 lakh; Interest: ₹ 7.46 lakh; Penalty: ₹ 10.65 lakh.

prescribed authority, along with the evidence of dispatch of such goods. If the dealer fails to furnish such declaration, then the movement of such goods shall be deemed for all purposes of the Act to have been occasioned as a result of sale.

Audit check (December 2017) of records of State Taxes Circle-C Jammu showed that a dealer[3] had concealed interstate purchases worth ₹ 13.74 lakh during the accounting year 2013-14 which led to concealment of taxable turnover of ₹ 15.80 lakh[4]. Besides, the dealer had also claimed exemption on stock transfer of goods worth ₹ 5.09 crore against F-Forms in the course of interstate trade which was accepted by the Assessing Authority at the time of assessment (January 2017) under section 9(2) of the CST Act, 1956. Since the Registration Certificate of the dealer was silent about having any branch office or any clearing and forwarding agent in other states the stock transfer was irregular.

Thus, the failure of the Assessing Authority to detect the concealment of interstate purchases along with verifying the genuineness of stock transfer resulted in short levy of tax of ₹ 70.88 lakh on the taxable turnover of ₹ 5.25 crore (₹ 5.09 crore + ₹ 15.80 lakh). Besides, interest of ₹ 63.06 lakh and penalty of ₹ 4.27 lakh was also leviable.

On this being pointed out (December 2017), the Assessing Authority re-assessed (March 2019) the dealer and raised a demand of ₹ 1.67 crore[5] on the taxable turnover of ₹ 5.25 crore.

The matter was referred to Government/ Department in March 2021. The Commissioner State Taxes, J&K, Srinagar stated (May 2021) that proceedings were initiated against the dealer by issuance of statutory notice in VAT-19 dated 30 January 2018 for concealment of interstate purchases and claim of tax-free sales in the course of interstate trade and commerce while not having any branch office outside Jammu & Kashmir in the registration certificate. It was also stated that since the dealer failed to produce any documentary evidence in response to the notice issued, the Assessing Authority re-assessed the dealer and referred the demand of ₹ 1.67 crore against the dealer to Deputy Commissioner for realisation of taxes under Land Revenue Act. However, the reply of the Government was awaited (October 2021).

The Department may ensure recovery and fix the responsibility of the Assessing Authority for not implementing the prescribed provisions of the Act.

[3] Dealing in trade of dry fruits, cosmetics, confectionery, jams, juices and pickles.
[4] Concealed purchases of ₹ 13.74 lakh plus ₹ 2.06 lakh on account of 15 *per cent* incidentals.
[5] Tax: ₹ 70.88 lakh; Interest: ₹ 92.17 lakh and Penalty: ₹ 4.27 lakh.

2.4.2 Short levy of tax due to non-verification of credit claim of returned goods

Assessing Authority, State Taxes Circle-L Jammu accepted the credit claims against the returned goods without verification of actual credit notes at the time of assessment of a dealer which resulted in short demand of ₹ 53.69 lakh.

Section 26(3) read with Rule 10 of the Jammu and Kashmir (J&K), Value Added Tax (VAT) Act, 2005 and Rules made thereunder, provides that in case of goods returned or rejected by the purchaser, a credit note shall be issued by the selling dealer to the purchaser and a debit note will be issued by the purchaser to the selling dealer in a prescribed manner.

Audit scrutiny (September 2018) of records of State Taxes Circle-L, Jammu revealed that a dealer dealing in sale and purchase of Machinery Parts was assessed (March 2018) for the accounting year 2014-15 at a taxable turnover of ₹ 34.83 lakh. The dealer had shown returned goods worth ₹ 2.19 crore in his Trading Account for the year 2014-15 but the credit and debit notes in support of goods returned have not been issued by both the purchasing and selling dealers. The digital records of Lakhanpur Toll Plaza had not made any mention about return of goods to the dealer. Assessing Authority accepted the credit claim of dealer against returned goods without obtaining credit notes at the time of assessment (March 2018). Acceptance of credit claims against the returned goods without verification of actual credit notes, led to under assessment of turnover of ₹ 2.19 crore and consequent short demand of ₹ 53.69 lakh[6].

On this being pointed out (September 2018), the Assessing Authority re-assessed (March 2020) the dealer under section 42 of J&K VAT Act, 2005 and raised a demand of ₹ 64.31 lakh[7].

The matter was referred to Government/ Department in November 2020. The Assistant Commissioner State Taxes (Technical), J&K stated (December 2020) that the Assessing Authority has referred the demand of ₹ 64.31 lakh to the Deputy Commissioner (Recovery), Jammu for realisation of taxes. However, the reply of the Government was awaited (July 2021).

The Department should take effective measures under the provisions of the Act to realise the demand raised against the dealer at the earliest. Reasons for lapses may also be examined.

[6] Tax: ₹ 29.50 lakh; Interest: ₹ 24.19 lakh.
[7] Tax: ₹ 29.50 lakh; Interest: ₹ 34.81 lakh.

PART ‘B’

Social, General and Economic Sectors (Departments)

Chapter III

Introduction of Social, General and Economic Sectors (Departments)

CHAPTER III

Introduction of Social, General and Economic Sectors (Departments)

The Jammu and Kashmir Reorganisation Bill, 2019 was introduced in the Parliament on 05 August 2019. The Jammu and Kashmir Reorganisation Act, 2019 received the assent of the President of India on 09 August 2019. The Act provides for the reorganisation of the then existing State of Jammu and Kashmir and for matters connected therewith or incidental thereto into two Union Territories (UT) namely UT of Jammu and Kashmir and UT of Ladakh.

In terms of the said Act, the then State of Jammu and Kashmir existed up to 30 October 2019 and was reconstituted as a Union Territory with effect from 31 October 2019. The accounts of erstwhile State have therefore been prepared for the period 01 April 2019 to 30 October 2019 and those of the UT of Jammu and Kashmir for 31 October 2019 to 31 March 2020.

The original budget for the year 2019-20 for the erstwhile State of Jammu and Kashmir was for the complete year i.e 01 April 2019 to 31 March 2020. However, due to the reorganisation which took place w.e.f 31 October 2019, the pre-actuals for seven months (01 April 2019 to 30 October 2019) as reflected in the demand for Grants 2020-21 as passed (March 2020) by the Parliament have been taken as the Budget Estimates for the period 01 April 2019 to 30 October 2019 in this Report.

In pursuance to Gazette of India, Extraordinary, Part (II), Section 3, Sub section (ii), S.O 3938 (E) dated 31 October 2019 and Section 74 of the Jammu & Kashmir Reorganisation Act, 2019 the Hon'ble President of India had authorised the expenditure for the period 31 October 2019 to 31 March 2020 out of the Consolidated Fund of the Union Territory (UT) of the Jammu and Kashmir which was approved by the Parliament in month of March 2020. The Annual Financial Statements (AFS) for the year 2020-21 in respect of U.T of Jammu & Kashmir recorded Budget Estimates/ Revised Estimates in respect of Union Territory of Jammu & Kashmir for five months which have been taken as Budget Estimates for period 31 October 2019 to 31 March 2020 in this chapter of the report.

3.1 Budget Profile

During the period 01 April 2019 to 30 October 2019, the erstwhile Jammu and Kashmir State incurred expenditure of ₹ 58,569 crore against the budget estimate of ₹ 52,158 crore. Further, during the period 31 October 2019 to 31 March 2020, the Union Territory of Jammu and Kashmir incurred expenditure of ₹ 47,064 crore against the budget estimate of ₹ 59,108 crore. The position of budget and expenditure of erstwhile State and the Union Territory of Jammu and Kashmir is shown in Table 3.1.

Table 3.1: Budget and Expenditure of the erstwhile Government of State of Jammu and Kashmir and UT of Jammu and Kashmir during the period 2019- 20.

(₹ in crore)

Particulars	From 01.04.2019 to 30.10.2019 (Jammu and Kashmir State)		From 31.10.2019 to 31.03.2020 (UT of Jammu and Kashmir)	
	Budget Estimates	Actuals	Budget Estimates	Actuals
Revenue expenditure				
General Services	11,920	14,153	11,478	9,384
Social Services	8,953	8,895	11,387	8,615
Economic Services	7,298	7,196	8,542	4,721
Grants-in-aid[1] and contributions	-	-	-	-
Total (1)	**28,171**	**30,244**	**31,407**	**22,719**
Capital expenditure				
Capital Outlay	5,889	4,522	13,771	5,422
Loans and advances disbursed	12	16	87	38
Repayment of Public Debt[2]	14,176	15,666	10,053	13,149
Contingency Fund	-	-	-	-
Public Accounts disbursements[3]	3,909	8,163	3,791	4,253
Closing Cash balance	-	(42)	-	1,482.28 (42.08)
Total (2)	**23,987**	**28,325**	**27,702**	**24,345**
Grand Total (1+2)	**52,158**	**58,569**	**59,108**	**47,064**

(Source: Annual Financial Statements and Finance Accounts of the Government of erstwhile State of Jammu and Kashmir and UT of Jammu and Kashmir)

3.2 Application of resources of the erstwhile State/ UT Government

During the period 01 April 2019 to 30 October 2019, the total expenditure[4] of the erstwhile State of Jammu and Kashmir was ₹ 34,782 crore. During this period, the Capital Outlay constituted 13 *per cent* of total expenditure. During the period 31 October 2019 to 31 March 2020 the expenditure of Union Territory of Jammu and Kashmir was ₹ 28,179 crore and Capital Outlay constituted 19 *per cent* of total expenditure.

3.3 Funds transferred directly to Government Departments of the erstwhile State/ UT

During the period 01 April 2019 to 30 October 2019, various Ministries/ Departments of the Central Government released ₹ 349.66 crore directly to various Government departments of the erstwhile State of Jammu & Kashmir. Ministries/ Departments of the Central Government released ₹ 335.54 crore directly to the various Departments of the Union Territory Government of Jammu and Kashmir during the period from 31 October 2019 to 31 March 2020.

Thus, Government of India (GoI) transferred total ₹ 685 crore ***(Appendix 3.1.1)*** directly to various Government Departments of erstwhile State/ UT without routing

1 Grants-in-aid paid by the State Government is included in the General, Social and Economic Services.
2 Includes transactions under ways and means advances and overdraft.
3 Actuals exclude transactions of investment of cash balance and departmental cash balance.
4 Total expenditure includes revenue expenditure, capital outlay and disbursement of loans and advances.

these through the erstwhile State/ UT Budget during the year 2019-20. Consequently, these amounts remained outside the Budgetary and Accounting system of the erstwhile State/ UT Government during the year.

3.4 Grants-in-aid from Government of India

The grants-in-aid received from Government of India during 2019-20 is depicted in Table 3.2.

Table 3.2: Grants-in-aid from GoI

(₹ in crore)

Particulars	From 01.04.2019 to 30.10.2019 (Erstwhile Jammu and Kashmir State)	From 31.10.2019 to 31.03.2020 (UT of Jammu and Kashmir)
Non-Plan Grants	-	-
Grants for Centrally Assisted State Plan Schemes/ Centrally Sponsored Schemes	4,181	3,407
Grants for Central and Centrally Sponsored Plan Schemes	-	-
Finance Commission Grants (Post Devolution Revenue Deficit Grant)	8,249	-
Grant for Rural Local Bodies	1,220	-
Grant for Urban Local Bodies	174	-
Grant-in-aid for State Disaster	405	-
Other transfers/ Grants to States/ Union Territories with Legislature	382	11,784
Compensation for loss of revenue arising out of implementing of GST	1,032	1,247
Total	**15,643**	**16,438**
Revenue Receipts	30,052	22,557
Percentage of total grants to Revenue Receipts	52	73

(Source: Finance Accounts of respective years)

During the period 01 April 2019 to 30 October 2019, the Government of erstwhile State of Jammu and Kashmir received ₹ 15,643 crore as Grants-in-Aid from Government of India which accounts for 52 *per cent* of revenue receipts. During the period 31 October 2019 to 31 March 2020, the Government of Union Territory of Jammu and Kashmir received ₹ 16,438 crore as Grants-in-aid from Government of India which accounts for 73 *per cent* of Revenue receipts during the period.

3.5 Audit process

The audit process starts with the risk assessment of various Departments, Autonomous Bodies, Schemes/ Projects which takes into account the criticality/ complexity of activities, level of delegated financial powers, internal controls and concerns of stakeholders and previous audit findings. Based on this risk assessment, the frequency and extent of audit are decided and an Annual Audit Plan is formulated.

After completion of audit, an Inspection Report containing the audit findings is issued to the Head of the Office with a request to furnish replies within one month. On receipt of replies, audit findings are either settled or further action for compliance is advised. Important audit observations pointed out in these Reports are processed for inclusion in the Audit Reports of the Comptroller and Auditor General of India (C&AG). The audit findings incorporated in the Audit Report are based on test-check only of the transactions of the Government of Jammu and Kashmir.

During 2019-20, out of 5,634 Drawing and Disbursing Officers (DDOs) compliance audit of 847 was planned and audit of 617 DDOs of the State/ UT was conducted. Out of 502 units of 113 autonomous bodies (ABs) in the erstwhile state of J&K, audit of 45 units was planned while audit of 83 units[5] was conducted by the Office of the Principal Accountant General (Audit), Jammu & Kashmir.

3.6 Response of Government to Audit Report Paragraphs

In the last few years, Audit has reported on several significant deficiencies in implementation of various programmes/ activities as well as on the quality of internal controls in selected departments which have a negative impact on the success of programmes and functioning of the departments. The focus was on auditing specific programmes/ schemes in order to offer suitable recommendations to the Executive for taking corrective action and improving service delivery to the citizens.

The draft audit paragraphs proposed for inclusion in the Report of the Comptroller and Auditor General of India are forwarded by the Principal Accountant General (Audit) to the Principal Secretaries/ Secretaries of the Department concerned drawing their attention to the audit findings and requesting them to send their response within six weeks. The fact of non-receipt of replies from the Departments/ Government is invariably indicated at the end of such paragraphs included in the Audit Report. Six compliance paragraphs to be included in the Report of the Comptroller and Auditor General of India on Social, General and Economic Sectors (Departments) for the year ended 31 March 2020 were sent to the Principal Secretaries/ Secretaries of the respective departments. Out of six compliance paras, the replies of Government to five compliance paras were awaited (October 2021).

3.7 Response of Government to Compliance Audit Reports

The hand book of instructions for speedy settlement of audit observations/ inspection reports (IRs) issued by the Government (Finance Department) provides for prompt response by the Executive to IRs issued by the Principal Accountant General (Audit) to ensure remedial/ rectification action in compliance with the prescribed rules and procedures. The heads of auditee offices and their controlling administrative Departments are required to comply with the observations contained in the inspection reports IRs and rectify the defects and report their compliance to the Principal Accountant General (Audit).

[5] 70 units (including Ladakh) for the period 01.04.2019 to 30.10.2019 and 13 units (excluding Ladakh) for the period 31.10.2019 to 31.03.2020.

Based on the results of test audit, 52,780 audit observations[6] contained in 11,924 IRs were outstanding for settlement as on 31 March 2020 as given in Table 3.3.

Table 3.3: Details showing the Audit observations outstanding at the end of 31 March 2020

Name of Sector	Opening Balance (01 April 2019)		Additions during the year 2019-20		Settled during the year 2019-20		Closing Balance (31 March 2020)	
	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs
Social Sector (Non-PSUs)	5,584	26,792	455	4,258	99	1,065	5,940	29,985
General Sector (Non-PSUs)	1,717	5,687	76	477	60	459	1,733	5,705
Economic Sector (Non-PSUs)	4,230	17,044	250	1,733	229	1,687	4,251	17,090
Total	**11,531**	**49,523**	**781**	**6,468**	**388**	**3,211**	**11,924**	**52,780**

The pendency of large number of paragraphs indicates lack of adequate response of the Government Departments to Audit. The Government may look into this matter and revamp the system to ensure proper response to the audit observations from the Departments in a time-bound manner.

Further, no Audit Committee was constituted during 2019-20. The respective Departments may constitute Audit Committees, hold its meetings and monitor the progress of settlement of paragraphs.

3.8 Follow-up on Audit Reports

3.8.1 Non-submission of *suo-motu* Action Taken Notes

To ensure accountability of the Executive to issues dealt with in various Audit Reports, the Government (Finance Department) issued instructions in June 1997 to the administrative departments to furnish *suo-motu* Action Taken Notes (ATNs) to the Public Accounts Committee (PAC)/ Committee on Public Undertakings (COPU) on all the audit paragraphs featuring in the Audit Reports, irrespective of whether these are taken up for discussion by these Committees or not. These ATNs are to be submitted to these Committees duly vetted by the Principal Accountant General (Audit) within a period of three months from the date of presentation of Audit Reports in the Legislature.

It was, however, noticed that out of 561 audit paragraphs featuring in the Civil Chapters of Audit Reports from 2000-01 to 2018-19, *suo-motu* ATNs in respect of 275 audit paragraphs had not been received up to 31 October 2021.

[6] The figures include those of the UT of Ladakh.

3.8.2 Action taken on recommendations of the PAC

Action Taken Notes, duly vetted by the Principal Accountant General (Audit) on the observations/ recommendations made by the PAC/ COPU in respect of the audit paragraphs discussed by them are to be furnished to these Committees within six months from the date of such observations/ recommendations. Out of 561 Audit paragraphs featuring in the Civil Chapters of Audit Reports for the years from 2000-01 to 2018-19, only 245 audit paragraphs have been discussed by the PAC up to 31 March 2021. Recommendations in respect of 223 audit paragraphs have been made by the PAC. However, ATNs on the recommendations of the Committees are pending from the Government in respect of 165 paragraphs.

3.9 Non-submission/ delay in submission of Annual Accounts by Autonomous Bodies

Five Autonomous Bodies, whose Separate Audit Reports are required to be laid before the Legislature by virtue of Acts governing them, are required to be audited by the Comptroller and Auditor General (C&AG) of India under Sections 19 (3) and 20 (1) of the C&AG's DPC Act, 1971, had not furnished their annual accounts as given in Table 3.4.

Table 3.4: Non-submission of accounts by Autonomous Bodies

Sl. No.	Name of Body/ Authority	Delay in number of years	No. of accounts
1.	Compensatory Afforestation Management and Planning Authority	10	10 (2009-10 to 2018-19)
2.	Jammu and Kashmir State Housing Board	07	07 (2012-13 to 2018-19)
3.	Khadi and Village Industries Board	04	04 (2015-16 to 2018-19)
4.	Building and Other Construction Workers Welfare Board	06	06 (2013-14 to 2018-19)
5.	State Legal Service Authority	01	01 (2018-19)
	Total		**28**

Delay in submission of accounts in respect of these autonomous bodies was between one and ten years. Non-submission/ delay in submission of accounts by these autonomous bodies receiving funding from the State/ UT Budget is persisting for years. The delay in finalisation of accounts also carries the risk of financial irregularities going undetected. The matter of delay/ non submission of accounts by the autonomous bodies was brought to attention of the Chief Secretary, Government of UT of Jammu and Kashmir in the meeting held on 30 July 2021. It was assured that the Government will release further funds to the autonomous bodies only if they will submit their outstanding accounts.

Chapter IV

Compliance Audit of Social, General and Economic Sectors (Departments)

CHAPTER IV

Compliance Audit of Social, General and Economic Sectors (Departments)

This chapter contains six Compliance Audit observations pertaining to Social and General Sectors. The total financial implication of these observations is ₹ 230.27 crore.

Animal Husbandry Department

4.1 Delay in the Construction of Poultry Breeding Farm and Hatchery

The construction of a Poultry Breeding Farm and Hatchery project at Kupwara for subsidiary income generation of women/ weaker sections was taken up without administrative approval of the changed site. The expenditure of ₹ 1.78 crore incurred thus far on the project did not yield any benefits.

For development of a poultry breeding farm, to help generation of subsidiary income for women/ weaker sections of the society, the Director, Animal Husbandry, Kashmir submitted (June 2013) a Detailed Project Report (DPR) to the Secretary, Animal Husbandry Department for approval. The project planned at Gonipora Waripora, District Kupwara was estimated to cost ₹ 2.89 crore.

The project was administratively approved (February 2014) by Secretary, Animal Husbandry department at a cost of ₹ 2.48 crore[1] and was to be completed within three years. The project was to be funded from loan assistance (95 *per cent*) from National Bank for Agriculture and Rural Development (NABARD) and State share (five *per cent*).

Audit scrutiny of records of the office of Chief Animal Husbandry Officer (CAHO), Kupwara showed (July 2019) that the project site at Gonipora Waripora was identified in June 2011 but due to the objections raised (September 2015) by the local population, the construction works were not taken up. The proposal for setting up the project on an alternate site near District Police Line Kulangam mooted (March 2016) was also not approved by the Administrative Department citing that projects once sanctioned by NABARD for a particular place cannot be shifted to another place. The Director, Animal Husbandry submitted (October 2016) another proposal for shifting the site to a land identified at Tutigund, Handwara.

The Animal Husbandry department started (November 2016) setting up the project at Handwara though the Administrative Department did not approve the site. The administrative department despite itself not granting approval to change of site released funds during 2014-19[2] for the project. The Department prepared a revised DPR (2019) and estimated the revised cost at ₹ 7.04 crore attributing the rise to time

[1] Infrastructure cost (Plant & Machinery): ₹ 20.40 lakh and construction cost: ₹ 228.09 lakh.

[2] 2014-15: ₹ 0.75 crore; 2015-16: ₹ 0.15 crore; 2016-17: ₹ 1.49 crore; 2017-18: ₹ 0.95 crore; 2018-19; ₹ 3.59 lakh.

lapse and change in topography of the project site. Audit observed that the Animal Husbandry Department had spent ₹ 1.78 crore on the construction of hatchery complex and residential quarters and another ₹ 0.50 crore was advanced to a State PSU and Stores Procurement Department/ PWD for supply of material. The other essential project components viz Brooder House, Layer farm, Grower Farm, Office Building and Trench roofed Mortality curing unit were either incomplete or not taken up for execution (June 2019).

Thus, the envisaged benefits of the project i.e. to create subsidiary income generation Backyard Poultry Units for women/ weaker sections were incomplete and the expenditure of ₹ 1.78 crore incurred thus far on the project did not yield any benefits.

While explaining the reason for starting work at Handwara, without administrative approval, the EE, R&B Division, Handwara stated (July 2019) that the District Development Commissioner Kupwara had approved the new site and had directed to execute the work at Tutigund instead of Gonipora Waripora. The reply was not tenable as the site of project was changed without approval of Administrative Department which is evident from the fact that the District Development Commissioner had sought (July 2019) reasons from the EE for starting work without prior approval of site. Regarding the revised DPR submitted in 2019, the EE stated (January 2021) that it was required in view of the topography of the new area of execution of the project which necessitated development of land and providing other facilities at site such as development of platforms for making buildings, retaining walls, breast walls, brick fencing, cross drainage works and road development.

The matter was referred (March 2021) to Government/ Department; their replies were awaited (October 2021).

Education Department

4.2 Non-utilisation of funds released for civil works under Sarva Shiksha Abhiyan

Release of funds by the State Project Director (SPD) Sarva Shiksha Abhiyan (SSA) under civil works (capital component) plan 2016-17, to the Directors of School Education Jammu and Kashmir without any action plan for its utilisation resulted in blocking of ₹ 21.48 crore

The Project Approval Board (PAB) of Sarva Shiksha Abhiyan (SSA), Department of School Education and Literacy, Ministry of Human Resources Development (MoHRD), Government of India (GoI), in its 231st meeting (February 2016) approved the Annual Works Plan and Budget (AWP&B) 2016-17 for the State of Jammu and Kashmir. The AWP&B 2016-17 included civil works under SSA (Separate girls toilet, Boundary wall, furniture for government upper primary school and construction of building etc.). The State Project Director (SPD), SSA J&K released

(31 March 2017) ₹ 21.48 crore[3] in favour of Director School Education (DSE) Jammu (₹ 9.76 crore) and DSE Kashmir (₹ 11.72 crore) with the direction not to utilise these funds till further detailed instructions were issued.

Audit scrutiny (July 2020) of the records of DSE Jammu revealed that no further instructions for utilisation of these funds were received from SPD, SSA J&K. The amount of ₹ 9.76 crore was held in the official saving bank account and invested (March 2018) in Fixed Deposit Receipts (FDRs) for a period of six months. Interest of ₹ 3.13 crore accrued in the saving and fixed deposits was transferred (August 2020) to the Project Director Samagra Shiksha[4]. Similarly, ₹ 11.72 crore released (March 2017) to DSE, Kashmir also remained unutilised (December 2020) in the savings bank account due to non-receipt of any directions for their utilisation.

Failure of the Department to get Action Plan prepared by subordinate offices for utilisation of funds received under AWP&B 2016-17 and improper release of funds without a road map for their utilisation had resulted in blocking of ₹ 21.48 crore and non-fulfilment of objective of creating intended infrastructure under SSA.

On being pointed out in audit, DSE Jammu and DSE Kashmir stated (December 2020) that the funds remained unutilised as they had not raised any demand under the Civil Works SSA Plan 2016-17 for release of these funds besides, the instructions for utilisation of the funds released were also not received from the SPD. Further Project Director, Samagra Shiksha stated (February 2021) that as the works under different components were being finalised, the DSEs Jammu and Kashmir were instructed not to utilise the funds till further orders.

The School Education Department issued (March 2017) directions to the SPD, SSA/ RMSA that the funds available under SSA/ RMSA are released to the implementing agencies so as to ensure nil balance at the end of year in order to avoid any future cuts on account of unspent balance by GoI. Thus lack of planning, monitoring and coordination between the offices of SPD, Samagra Shiksha, DSE Jammu and DSE Kashmir resulted in blocking of ₹ 21.48 crore for the nearly four years.

The matter was referred to Government/ Department in February 2021; their replies are awaited (October 2021).

[3] Central share: ₹ 15.79 crore and State Share: ₹ 5.69 crore.

[4] Sarva Shiksha Abhiyan, Rashtriya Madhyamik Shiksha Abhiyan and Teacher Education were brought under Samagra Shiksha with effect from August 2018.

Forest, Ecology and Environment Department

4.3 Compensatory Afforestation, Fund Management and Planning Authority

The Compensatory Afforestation Fund Management and Planning Authority (CAMPA) did not conduct survey before preparation of Annual Plan of Operations (APOs) to collect physical data for identifying degraded forests. No alternate non-forest land was transferred to Forest department for compensatory afforestation as required under Jammu and Kashmir Forest Conservation Act. Site specific schemes were not prepared by the Forest Divisions for Compensatory afforestation at sites contiguous to or in the proximity of forest in respect of forest land of 2,757.78 hectares diverted for non-forest purpose. ₹ 9.24 crore (out of total expenditure of ₹ 140.25 core) out of CAMPA funds were spent on inadmissible components such as purchase of office equipment, construction of office complex etc. There was irregular expenditure of CAMPA funds of ₹ 15.12 crore on establishment of two zoos.

4.3.1 Introduction

Under the Jammu and Kashmir Forest Conservation Act (1997) and Government of India (GoI) guidelines, for any forest land transferred for non-forest purposes, alternate non-forest land equivalent to the transferred forest land is to be arranged and transferred to the Forest department prior to commencement of the project. Apart from this, cost of land in the form of Net Present Value (NPV)[5], cost of compensatory afforestation (CA), cost of trees (CoT), wild life development and other activities is recoverable from the user agency to which the land is diverted. However, in case alternate non-forest land is not available, the user agency will have to bear the cost of CA in degraded forest to the extent of double the area of forest land diverted.

In order to manage the money received on account of diversion of forest land, Central Adhoc Compensatory Afforestation Fund Management and Planning Authority (CAMPA) was constituted (April 2004) by the Government of India. In the erstwhile state of Jammu and Kashmir, the State Compensatory Afforestation Fund Management and Planning Authority (CAMPA) was constituted in November 2009 and Jammu and Kashmir (Compensatory Afforestation Fund Management and Planning Authority) Rules 2009 were made (November 2009) thereunder. The state/ UT level authority was under the chairmanship of Principal Chief Conservator of Forests (PCCF) and Government also framed (December 2018) Jammu and Kashmir Compensatory Afforestation Fund (CAF) Rules 2018. Under J&K Re-organisation Act 2019 (notified 30 October 2019), the Central Compensatory Afforestation Fund (CAF) Act 2016 was extended to the UT of Jammu and Kashmir with effect from 31.10.2019.

[5] Quantification of the environmental services provided for the forest area diverted for non-forestry uses as may be determined by an expert committee appointed by the Central Government.

According to these rules the compensation amount received from user agencies is to be deposited in the Government fund. The objectives of CAMPA include carrying out compensatory afforestation in addition to conservation, protection, and management of existing forests and wildlife.

A compliance audit covering the activities undertaken by J&K CAMPA during the period 2015-20 was undertaken by test check of records of Additional Principal Chief Conservator of Forests (APCCF), CAMPA along with Nodal Officer, Forest Conservation Act (FCA), Divisional Forest Officers (DFOs) Territorial, Social Forestry Department, Soil and Water Conservation Department and Wildlife Protection Department. Out of 35 forest divisions in the two regions of Jammu and Kashmir, 10 Forest Divisions[6] (29 per cent) were selected for test check of records by Probability proportional to size without Replacement (PPSWOR) method on the basis of total expenditure incurred under CAMPA during 2015-20. 17 divisions were also selected for test check of records in departments of Social Forestry (6), Soil and Water Conservation (6) and Wildlife protection (5).

4.3.2 Planning

4.3.2.1 Preparation of Annual Plan of Operations

As per Para XIII of Operational guidelines for CAMPA, the Annual Plan of Operations (APOs) was to be prepared after conducting detailed survey to collect physical data for identifying the treatment measures like planting in trenches in hilly areas, pit planting with water harvesting measures in flat areas, etc.

Audit noticed in all 27 selected divisions[7], no survey was conducted prior to preparation of APOs. The APOs were instead prepared on the basis of the financial limits fixed by PCCF. No funds were released during 2015-20 for survey in respect of 27 selected divisions. The impact of development project on the forest area and results of compensatory afforestation could not be realistically evaluated in absence of surveys. Non-conducting of survey also resulted in disputes necessitating change of sites at three places[8] for carrying out plantation.

The DFOs stated that informal talks were held with the people residing in the area where forest closures were to be developed and provisions for survey and demarcation were proposed in the APOs but no funds were released for the purpose of survey. The APCCF, CAMPA intimated (July 2021) that several Implementing Agencies (IAs) have now projected fund requirements for survey works during 2021-22 in their APOs which have been approved. APCCF, CAMPA further stated (November 2021) that specific survey requirements projected by DFOs in APOs would be met.

---

6 Jammu, Udhampur, Eco Task Force, Reasi, Bhaderwah, Urban Forestry Jammu, Kamraj, Shopian, Anantnag, Tangmarg.

7 Jammu: 14, Kashmir: 13

8 From Co 42/ kunt (Banjar) to Co 37/ Cheralla (Bodhi), from Co 41 /kunt (Parsholla) to Co 57/ Bhalesha(Chanti) and from Co 41 kunt (Gulmana) to Co 57/ Bhalesha (Icher).

4.3.2.2 Delay in submission of Annual Plan of Operations

Para XIII (j) of Operational Guidelines envisage that implementing agency (IA) shall formulate their APOs for the forthcoming financial year by August which after technical appraisal shall be put up to the executive committee during November. The APOs with breakup of proposed activities and estimated cost thereof shall be put up to the Steering Committee on whose approval shall be communicated to the IAs by 31st December.

Audit noticed (April 2021) delays between one month to 16 months[9] in formulation of APOs by the IAs; between 21 days and eight months in accordance of approval by the EC; and between 23 days and eight months in approval by the SC.

Due to delay in preparation/ finalisation of APOs, the utilisation of funds of ₹ 18.69 crore was delayed. As a result, plantation of 10.694 lakh saplings for rehabilitation of 894.68 hectare of degraded forest, fencing of 3.03 lakh running feet (rft), 1.17 lakh pasture patch development works, raising of 17.4 lakh nursery plants and 1,964 cum of dry rubble stone masonry (DRSM) could not be carried out in respective years of plan.

In 20 of the 27 test checked divisions, during 2015-2020, utilisation of funds of ₹ 5.72 crore was delayed affecting plans of plantation of 1.53 lakh saplings for rehabilitation of 159.37 hectare of degraded forest, fencing of 0.707 lakh rft, 0.72 lakh of pasture patch development works, raising of 4.19 lakh nursery plants and 50 cum of dry rubble stone masonry (DRSM) could not be carried out. The APCCF stated (November 2021) that meetings of EC were held in December of the preceding year for APOs of 2019-22 and meetings of the SC were also held well before commencement of financial year. They added that unspent amount wherever required is revalidated in the next financial year for completion of plantation works. APCCF further stated that because of climatic conditions most of the afforestation works were being carried out during winter after melting of snow in February and due to short time period available for execution of works before close of the financial year some of the works spill over to the next financial year. The fact remained that climatic factors were not an unforeseen event and the Department should have factored them in implementation of APOs and timelines should have been adhered to.

4.3.3 Financial Management

4.3.3.1 Utilisation of Compensatory Afforestation Fund

The position of funds credited to Adhoc CAMPA, amounts released to IAs and unspent balances during 2015-20 is given in Table 4.3.1.

[9] Jammu: 5 forest divisions-2 months 28 days to 1 year 27 days; Kashmir: 13 divisions-one month to 16 months.

Table 4.3.1: Position of funds received, expenditure incurred and unspent balances

(₹ in crore)

Year	Receipts			Payments / Releases					Closing Balance
	Opening Balance	Money[10] Received	Total	Money invested in FDR's	Amount released to implementing agencies	Amount transferred/ Pledged to Adhoc CAMPA	Money Transfer To State Government[11]	Total	
2015-16	3.18	300.20	303.38	249.00	50.30	0.00	0.00	299.30	4.08
2016-17	4.08	680.93	685.01	491.50	58.66	102.98	0.00	653.14	31.87
2017-18	31.87	596.20	628.07	274.18	85.99	248.70	0.00	608.88	19.19
2018-19	19.19	301.61	320.80	51.00	115.61	146.45	0.00	313.06	7.74
2019-20	7.74	483.60	491.34	65.00	134.81	0.00	290.32	490.12	1.21

(Source: Departmental records)

Reasons for unspent balance ranging between ₹ 1.21 crore and ₹ 31.87 crore during 2015-20 were delay in formulation/ finalisation of APOs. The reasons for ₹ 1.21 crore remaining unspent at the end of 2019-20 were that the CAMPA transferred ₹ 290.32 crore out of ₹ 291.53 crore available to the State Government. The reasons for delay in release of funds to the IAs are discussed below:

CAMPA operational guidelines envisage that after clearance of APOs by the SC, first instalment of CAMPA funds is to be released to the IAs during the month of January and second instalment is to be released after obtaining the UCs from the IAs in respect of the first instalment. Audit observed release of first instalment of funds to the IAs with delays ranging between 12 days and 256 days, release in more than two instalments and also at the end of the financial years.

The APCCF, CAMPA attributed (August 2021) the delay in release of funds to delayed receipt of money from Adhoc CAMPA. It was further stated (November 2021) that the incomplete/ spill-over works of the approved APOs were revalidated for execution in the next financial year and the APOs were fully implemented in the following year. However, yearly progress of afforestation works suffered due to non-timely preparation of APOs, delayed release of funds leading to and spill over of works.

4.3.3.2 Variation in expenditure booked

Cross verification of records of Chief Accounts Officer (CAO) PCCF and CAMPA Cell (CC) showed that during 2015-20 against ₹ 505 crore released by CAMPA cell, the CAO PCCF, had shown an expenditure of ₹ 445.37crore. The variation in separate statements ranging between (-) ₹ 59.33 crore and (+) ₹ 16.12 crore was not reconciled. Further during 2015-18, against ₹ 194.95 crore released by CAO, PCCF, to the IAs, expenditure of ₹ 229.96 crore was shown in the monthly progress report of CAMPA cell.

[10] Money received including the encashment of FDRs including interest on FDRs, Charges received from the user agencies and Money received from the Adhoc CAMPA.

[11] Transferred to Government as per instructions of Government issued in November 2019.

APCCF, CAMPA stated (November 2021) stated that the Accounts Section and CAMPA Cell have been directed to reconcile the figures of releases/ expenditure.

4.3.3.3 Reconciliation of funds

Audit observed (July 2021) that in respect of approved APOs with expenditure of ₹ 93.42 crore, ₹ 141.74 crore was released to 26 Implementing Agencies (IAs) during 2015-20 resulting in irregular excess release of ₹ 48.32 crore.

APCCF, CAMPA contended (November 2021) that no excess amounts were released and that the unspent amounts in the approved APOs were revalidated in the next financial year and funds were released to IAs to meet exigency requirements. The fact remained that the CAMPA had failed to implement APOs in full in respective years and spill over of incomplete works with respective financial outlay was revalidated for next year as also discussed at ***Paragraph 4.3.3.1*** above.

- Test check (July 2021) of cash book and bank statements of Chief Accounts Officer (CAO), CAMPA Cell, showed that details/particulars of 242 credits amounting to ₹109.84 crore appearing during 2015-20 were not depicted in bank statements.
- In respect of 19 test checked cases of transfer of forest land (measuring 63.65 hectares) by the Forest Department to the user agencies, compensation of ₹ 8.11 crore deposited by the user agencies with the CAMPA Fund during 2015-20 was not appearing in the Cash book and bank account[12] resulting in non-accountal of ₹ 8.11 crore.

The CAO, PCCF assured (August 2021) that the matter would be taken up with the FCA section for reconciliation of figures.

4.3.3.4 Awaited receipt of CAMPA funds from the Adhoc CAMPA

Central Compensatory Afforestation Fund (CAF) Act 2016 was extended to the Union Territory (UT) of Jammu and Kashmir with effect from October 2019[13]. Consequently, in terms of Section 4 of the said Act, the Government notified (November 2019) establishment of 'Compensatory Afforestation Fund' into which money's to be received from user agencies in lieu of the diversion of the forest land for non-forestry purposes and monies to be received from National CAMPA[14] were to be deposited. Audit noticed (July 2021) that out of ₹ 1,006.95 crore[15](including accrued interest) credited to Ad hoc CAMPA during 2010-20, only ₹ 764.55 crore[16] was transferred to the CAF as of July 2021. The remaining amount of ₹ 242.40 crore

12 Current Bank Account CD-259 which was maintained for most of the transactions including the release/ distribution of funds among the IAs and one Saving Account SB-20 in the J&K Bank. The user agencies deposit the compensation amount in the Current Bank account CD-259 maintained in the J&K Bank.

13 In pursuance of J&K Re-organisation Act 2019 read with the J&K Reorganisational (Removal of difficulties) Order No. 2019 (notified vide S.O. 3912 (E) dated 30.10.2019).

14 Erstwhile Adhoc CAMPA which was dissolved and National CAMPA constituted in terms of CAF Rules 2018.

15 ₹ 1,298.30 (Jammu and Kashmir: ₹ 1,006.95 crore, Ladakh: ₹ 291.35 crore).

16 ₹ 408.35 crore: February 2020 and ₹ 356.20 crore: October 2020.

was lying with Ad hoc CAMPA. The matter was not pursued with the Adhoc CAMPA for transfer of the remaining amount to the UT.

4.3.3.5 Loss of interest income

- **Loss of interest due to non- opening of interest bearing bank account**

Rule 5(3) of CAMPA Rules 2009 stipulates that the money received in respect of CAMPA shall be kept in interest bearing accounts. Audit noticed (July 2021) that moneys received for compensatory afforestation was kept in current account by the CAO and seven IAs resulting in loss of minimum potential interest income of ₹ 1.43 crore[17].

The CAO, PCCF stated (August 2021) that as per Forest Conservation Rules of 2000, there was a provision to keep CAMPA funds in the current account. APCCF, CAMPA stated (November 2021) that after issuance of SRO 354 (CAMPA guidelines) in November 2009 the CAMPA accounts are now being kept in interest bearing accounts. The reply is not based on fact as funds were not kept in interest bearing accounts during 2015-20.

- **Loss of interest due to absence of investment policy**

According to Rule 12 of CAF Rules 2018 the EC of the CAMPA shall invest surplus amounts available in the Government Fund. J&K CAMPA operational guidelines also envisage utilisation of minor part of income from interest received on funds invested by State and Central CAMPA on management of State CAMPA.

Audit noticed (July 2021) that amounts ranging between ₹ 0.31 crore and ₹ 104 crore were kept for one month to 11 months in the bank account[18] during 2015-20. Non-investing of these sums into Fixed Deposit Receipts (FDRs) had resulted in loss of potential interest income of ₹ 3.03 crore. Audit also noticed that CAMPA encashed its FDRs prematurely despite having adequate balances in its bank accounts to meet its emergent requirements. The premature encashment of FDRs resulted in loss of potential interest income of ₹ 2.54 crore during 2015-20.

The CAO, PCCF stated (August 2021) that the amount was kept to meet the day to day expenses. The reply is not tenable, as CAMPA transactions relating to day to day expenses were carried out through the amounts in current accounts. The APCCF, CAMPA added (November 2021) that CAO, PCCF was being directed to take up the issue with concerned quarters and furnish report. No reply was offered explaining reasons for premature encashment of FDRs when adequate funds for meeting day to day expenses were available in current accounts and savings bank accounts.

4.3.3.6 Non-closure of saving and current bank accounts

In terms of Section 4(1) of Compensatory Afforestation Fund Act 2016, the Government established (November 2019) a special fund namely State Compensatory

[17] Jammu (seven implementing agencies: ₹ 0.26 crore), CAO, PCCF: ₹ 1.17 crore.
[18] SB-20 of J&K Bank.

Afforestation Fund. In terms of the notification all bank balances available with CAMPA were to be transferred to this new fund. However, balance of ₹ 1.23 crore in current account (CD-259) and ₹ 0.33 crore in savings bank account (SB-20) were yet (August 2021) be transferred.

The APCCF, CAMPA stated (November 2021) that all DFOs had been directed (May 2020) to close the CAMPA accounts at the end of 2019-20 and all moneys in the saving and current accounts have now been deposited with the State Fund.

4.3.4 Non maintenance of accounts records/non-finalisation of accounts

Non maintenance of accounts records

Rule 12 (3) of CAMPA Rules 2009 and Rule 29 of J&K Compensatory Afforestation Fund Rules 2018 provide for maintenance of accounts including Cash book, ledger, Journal, Public Funds Account register, Stock register, Fixed Asset register, etc..

In 27 selected divisions Audit noticed that only cash books and *Form 48* depicting payment details were maintained and other records had not been maintained. The non maintenance of full set of records as specified was not only non observance of instructions but also the Department could not assess and value its assets properly. The non maintenance of full set of records also contributed in the J&K CAMPA not being able to produce its financial statements since its inception.

The DFOs stated (September 2020 to April 2021) that instructions for maintenance of other records were noted for compliance. The APCCF, CAMPA stated (November 2021) that DFOs/ IAs have been directed to maintain all records relating to CAMPA in accordance with financial rules.

Non-finalisation of accounts

As per Rule 12 (3) of CAMPA Rules 2009, CAMPA was required to maintain proper accounts and prepare an annual statement of accounts in such form as may be prescribed in consultation with the Accountant General. The accounts were to be certified by the Accountant General or any other person appointed by him in this behalf together with the audit report thereon. Audit observed that CAMPA had not prepared its annual accounts since its establishment. As of December 2020 preparation of 10 years of accounts[19]was in arrears. This non-finalisation of accounts is fraught with the risk of misappropriation besides the activities escape legislative oversight.

Additional PCCF/ CEO CAMPA informed (December 2020) that a CAG empanelled Chartered Accountancy firm has been engaged (January 2020) for preparation of financial statements for the period 2010-11 to 2019-20 at CAMPA headquarters as well as that of implementing agencies. APCCF, CAMPA informed (November 2021) that the CA firm has sought time till November 2021 to finalise the CAMPA accounts and to submit their report.

[19] 2010-11 to 2019-20

4.3.5 Programme implementation

4.3.5.1 Decrease in Moderate Dense Forest and Increase in degraded forests

Forest Survey of India undertakes assessment of Country's forest resources every two years, results of which are presented as 'India State of Forest Report' (ISFR). According to ISFR for the years 2013 and 2019 there was overall increase in forest area of Jammu and Kashmir from 22,538 sqkm to 23,612 sqkm. However, there was decrease in Moderate Dense Forest area from 8,760 Sq km in 2013 to 8,612 Sq km in 2019 while degraded forest area increased from 9,638 Sq km in 2013 to 10,719 Sq km in 2019.

The APCCF, CAMPA contended (November 2021) that increase in total forest cover of 1074 sq km and conversion of 141 sq km of moderate dense forest to very dense forest demonstrates success of the intervention under CAMPA. The fact remained that area of degraded forest had increased during the period 2013-19.

4.3.5.2 CAMPA Works

(A) Non-preparation of site-specific schemes for Compensatory Afforestation

Forest land diversion proposals were regulated under the Jammu and Kashmir Forest Conservation Act, 1997 under which the indents placed by user agencies in the office of PCCF were forwarded to the CCF/ CF/ DFO for processing the proposals. After completion of joint inspection, enumeration of trees, assessment of NPV, cost of trees and compensatory afforestation by the DFOs, the proposal were placed by PCCF before the State Forest Advisory Committee (SFAC) headed by the Chief Secretary. On approval by the SFAC, the administrative department issued orders for diversion of forest land.

The Scheme guidelines envisage Compensatory Afforestation (CA) to be done over an area equivalent to forest land diverted for non-forest use. As far as possible, the non-forest land should be contiguous to or in proximity of Reserve/ Protected Forest to enable the CAMPA to effectively manage the newly planted area. Guidelines also stipulate that after receipt of money, CAMPA shall accomplish the afforestation within a period of one year or two growing seasons after completion of developmental project.

Out of total 524 forest conservation act (FCA) cases in the State/UT, Government orders for diversion of 2,757.78 ha of forest land for non-forest purpose were issued in 455 cases during 2015-20 and compensation of ₹ 725.97 crore was received from user agencies. However, no site specific schemes were prepared by the concerned Forest Divisions to spend the amount on CA at sites contiguous to or in the proximity of forest land diverted.

Audit observed that in 11[20] sampled forest divisions dealing with forest land diversion cases no case wise/ site specific schemes were prepared for carrying out afforestation in lieu of diversion of forest land.

After being pointed out the APCCF stated (July 2021) that prior to 31October 2019 site specific schemes were not prepared for compensatory afforestation but lump-sum amounts were charged from the user agencies. It was further stated that the compensation money had been fully utilised for CA though clear linkage between the site at which forest land was diverted and the site at which CA was carried out had not been established and that site specific CA proposals approved after 31 October 2019 would be incorporated in the APOs 2022-23. It was also stated (August 2021) that it was being ensured that the site of CA was near the site at which forest land was diverted and maps / KMZ[21] files of land diversion sites and the proposed CA sites were being uploaded on PARIVESH[22] portal.

(B) Maintenance of Plantation Journal

Guidelines for 'Maintenance of Plantation Journal' envisage:

- Updation of Plantation journal of each unit at regular intervals.
- Recording of survival percentage of plantation during 2nd year to 4th year once in a year.
- Plants planted should be healthy, viable and of plantable size with proper root system.
- Data of growth of plants and species wise collar girth and height of individual plants.

In 23 divisions[23] out of 27 divisions checked, the plantation journals of 381 closures/ strips produced to Audit were not updated by recording enumeration of trees, survival rate of plants planted, inspection note of visiting officers and fire incidences. In 21 selected divisions[24] in respect of 173 closures plantation journals were not maintained. In all the selected divisions no certificate was recorded on the plantation journal that the saplings planted were healthy, viable and of plantable size with proper root system. Enumeration of 41.91 lakh plants planted was not carried out to ascertain the survival rate of plants.

In 17 divisions[25], despite availability of basic tools including GPS and camera, quantitative enumeration and measurement of collar girth and height of plants to assess effectiveness of plantation were not done. DFOs stated (September 2020 to April 2021) that instruction in this regard have been noted for compliance.

---

20 Jammu: 7, Kashmir: 4
21 Zipped 'Keyhole markup language'.
22 Proactive and responsive facilitation by interactive and virtuous environmental single window hub.
23 Jammu: 13, Kashmir: 10
24 Jammu: 13, Kashmir: 8
25 Jammu: 13, Kashmir: 4

The APCCF, CAMPA stated (November 2021) that IAs have been directed to maintain/update the records of survival and growth of plants in the plantation journals.

(C) Survival rate of plants

Instances of poor survival rate of plants were observed in Audit. In Forest division Anantnag, plantation of 83000 conifer and 25000 broad leave plants in Chattapal nursery during 2015-16 had withered away and under Wildlife Warden Bijbehara plantation of plants during 2015-20 to maintain the proper habitat for wild animals in the protected areas had survival rate of only 10 *per cent.* This resulted in unfruitful expenditure of ₹ 55.40 lakh.

The APCCF, CAMPA stated (November 2021) that steps are being taken to recover the cost of damages from the staff concerned in Anantnag division. For poor survival rate of plants it was intimated that at the survival rate of plants was now in the range of 60 to 65 *per cent.*

4.3.6 Land management

4.3.6.1 Non-transfer of non-forest land for compensatory afforestation

As per Chapter 2 Para 2.3 of Guidelines and clarifications stipulated in Handbook of Forest Act 1980 and Forest Conservation Rules, Compensatory Afforestation (CA) is to be raised on suitable non-forest land equivalent to the area proposed for diversion at the cost to be paid by user agency. In cases where non-forest land is not available, CA could be carried out over degraded forest of twice the area being diverted. The status of land diverted for non-forest purpose in Jammu and Kashmir during the period 2015-20 is given in Table 4.3.4.

Table 4.3.3: Status of land diverted for non-forest purpose

(area in hectares)

Year wise	Forest Area	Wildlife Area	Total Area
2015-16	754.798	79.861	834.659
2016-17	152.968	196.112	349.08
2017-18	686.485	49.584	736.069
2018-19	231.237	0	231.237
2019-20	596.72	10.016	606.736
Grand Total	**2,422.21**	**335.573**	**2,757.781**

(*Source- Departmental records)*

No non-forest land was transferred to forest department for compensatory afforestation in the State/ UT.

In ten selected divisions, 174 cases involving 1,108.41 hectares of forest land was diverted for non-forest purpose. Out of this in 140 cases involving 1,010.81 hectares forest land, was diverted without receiving alternate land from district administration as required under Rules. In 25 cases, Revenue Authorities had shown availability of 97.60 hectares of non-forest land which was neither handed over by the Revenue

authorities to the Forest department nor was any action taken by the DFOs to initiate the process for taking over the non-forest land. In nine cases, only trees were involved and no forest land diversion was involved.

The Nodal Officer, FCA stated that in forest land diversion cases where non-forest land was not received, the concerned Deputy Commissioners had issued certificate of non-availability of non-forest land and the compensatory levies were charged from user agencies for afforestation over degraded forest area double in extent of the forest land diverted. It was also stated that in respect of cases in which availability of non-forest land was reported by the concerned Deputy Commissioner, the Forest department had taken up matter with the Revenue Department/ Forest Advisory Committee for mutation of such lands in favour of the department but the Revenue Department could not effect mutation in these cases.

4.3.6.2 Diversion of wetland without approval from National Wildlife Board

As per CAMPA guidelines, Net Present Value (NPV) for area of land forming part of wildlife/ protected area is to be recovered at five times of NPV for forest area. Further the Hon'ble Supreme Court directed (W/P 202/1995) that all matters for grant of permissions for implementation of projects in the areas falling in National Parks/ sanctuaries, including rationalisation of boundaries would be considered by the Standing Committee of the National Board for Wildlife (NBWL)[26]. Audit observed that ₹ 6.67 crore was received as compensation for diversion of 1.98 hectares of wetland area falling under Wildlife Warden Jammu. The land was diverted[27] for construction of 3.6 km of approach road[28]at Sajwal (Jourian) for which required approval had not been taken from National Board for Wildlife (NBWL).

The APCCF, CAMPA contended (November 2021) that the Hon'ble Supreme Court order mentioned National Parks and Wildlife Sanctuaries and not Conservation Reserves. They added that the instant case pertained to Pargal Wetland Conservation Reserve which does not fall in a National Park or Wildlife Sanctuary and that NBWL while considering another proposal falling in Sansoo Rakh conservation reserve for land diversion, had returned the proposal with the observation that the proposal had got no merit to be considered under the provisions of the Wildlife Protection Act, 1972. It was also stated that after the proposal was cleared by Standing Committee of the Board for Wildlife and Forest Advisory Committee after the Administrative Council had approved the proposal. The fact remained that NPV at five times of forest area, as applicable to National Parks and Wildlife Sanctuaries was recovered from user agency, which goes to show that the CAMPA had also considered the area as a national park. However, required approval of NBWL had not been sought before diversion of land.

---

[26] On its own merits and in conformity with the orders and directions passed (between 09.05.2002 and 14.02.2020) by the Supreme Court.

[27] Case approved in the 112th meeting and government order issued vide no. 329-FST of 2019 dated 09.10.2019.

[28] In respect of 1,640 meter span bridge over river Chenab.

4.3.7 Realisation of NPV, CA and other charges

Outstanding compensation from user agencies

Audit noticed ₹ 238.33 crore was outstanding from 28 user agencies on account of compensation for diversion of forest land for non-forestry purpose during the period from January 2015 to September 2020.

Nodal officer FCA intimated (July 2021) that user agencies had since deposited the compensation amount and ₹ 91.97 crore was now outstanding receipt against 22 user agencies (details in ***Appendix 4.3.1***) and that in cases where validity period for depositing compensatory levies had lapsed, the administrative department had approved extension of validity period up to 31 July 2021. The APCCF, CAMPA stated (November 2021) that ₹ 91.94 crore was outstanding against 22 user agencies.

Short Realisation of damage charges- ₹ 22.27crore

Forest land measuring 77.51 hectares was diverted in the area falling under the jurisdiction of Wildlife warden, Shopian to one user agency[29] for execution of works of 400 KV Samba Amargarh transmission line. The terms and conditions of sanction stipulated that any damage done to the forest by the user agency, its employees or contractor should be charged from the user agency at the rate of 10 times the standard rate. The user agency had caused damage to trees valuing ₹ 2.48 crore during execution of project works in Hirpora wildlife sanctuary. Audit observed (March/ April 2021) that against the recoverable amount of ₹ 24.80 crore only ₹ 2.48 crore was recovered from the agency. Thus, there was short realisation of damage charges of ₹ 22.27 crore.

The APCCF, CAMPA stated (November 2021) that action would be taken by the department to recover cost of damages.

4.3.8 Expenditure not authorised in CAMPA guidelines

4.3.8.1 Expenditure on construction of buildings and purchase of vehicles

As per Rule 18 of J&K Compensatory Afforestation Fund (CAF) Rules 2018 and Rule 5(4) of CAF Rules 2018, monies received on account of NPV shall not be utilised for construction of buildings, purchase of vehicles, office equipments including air conditioners and generator sets. Audit noticed that Forest Divisions had spent ₹ 4.36 crore[30]out of CAMPA funds on inadmissible components such as purchase, maintenance, fuel, insurance of vehicles and purchase of office equipment and fixture. The DFO Urban Forestry Division, Jammu had utilised ₹ 4.88 crore on construction of office complex (2014-15: ₹ two crore, 2016-17: ₹ two crore, 2017-18: ₹ 0.38 crore, 2018-19: ₹ 0.50 crore) at Bachan Depot, Narwal, Jammu.

The APCCF, CAMPA stated (November 2021) that after extension of the CAF Act 2016 and CAF Rules 2018 to the UT of Jammu and Kashmir with effect from

[29] NRSS XXIS Transmission Limited.

[30] Jammu: 14 divisions ₹ 2.15 crore, Kashmir: 10 divisions ₹ 2.21 crore.

31 October 2019, expenditure under CAMPA is booked after approval of National Authority, MOEF&CC and no expenditure is being booked on inadmissible activities like purchase of staff car. It was further stated that no further release had been made under CAMPA for construction of office complex for which budgetary provisions was being made under budget for capital expenditure.

4.3.8.2 Irregular expenditure of CAMPA money on establishments of Zoos

Jammu and Kashmir Compensatory Afforestation Fund Rules 2018 envisage that monies received under NPV shall not be utilised for establishment, expansion and up-gradation of zoo and wildlife safari.

However, two wild life wardens[31] prepared master plan[32] for Jamboo Zoo and Mini Zoo Pahalgam[33] at a cost of ₹ 221.00 crore[34]. The proposals, forwarded to the APCCF CAMPA, were laid before Executive Committee (EC) and Steering Committee (SC) and approved in March 2016 and June 2017 respectively. The SC while deliberating (August 2018) on the activities of CAMPA decided to stop further funding as CAF rules prohibit such activity. By this time ₹ 15.12 crore had already been spent.

The APCCF, CAMPA stated (November 2021) that CAMPA rules applicable at that time did not provide for any restriction on incurring expenditure on zoos and that after restriction was imposed on use of CAMPA money on zoos under CAF Rules 2018, funding for zoos under CAMPA was not allowed. The fact remained that CAMPA guidelines did not provide for incurring expenditure on creation of zoos.

4.3.8.3 Irregular payments on acquisition of land for Gharana Wetland

Compensatory Afforestation Fund Rules 2018, state that monies received under NPV shall not be utilised for purchase of land and APOs should include not less than 80 *per cent* of project cost for forest and wildlife management and not more than 20 *per cent* on forest and wildlife related infrastructure and capacity building.

The proposal of Wildlife Wardens Jammu regarding habitat improvement, management and protection of Gharana Wetland was approved (January 2019) by the SC at a cost of ₹ 13.49 crore. The project cost included ₹ 13.20 crore for acquisition of land and establishment of Sewerage treatment plant (STP). Inclusion of acquisition of land was in contravention to CAF rules, which together with cost of STP constituted 98 *per cent* of the project cost. Thus APCCF, CAMPA had irregularly included cost of land and STP in the project cost.

Audit observed that ₹ 11.70 crore were transferred (August 2019) to SDM R.S Pura for survey, delineation, demarcation and acquisition of land for Gharana wetland. As of February 2021 the amount was lying in the J&K Bank Savings account of SDM, R.S Pura.

---

31 WLD-Jambu Zoo and WLD-Bijbehara.

32 To promote international and eco-tourism, scientific breeding of endangered species, research and education, rehabilitation of injured and sick animals, generate employment and safari activity.

33 Expansion of zoo.

34 Jamboo Zoo: ₹ 121 crore, Mini Zoo Pahalgam: ₹ 100.00 crore.

Wildlife Warden Jammu replied that for acquisition of land for development of Gharana wetland ₹ 11.70 crore had been approved by the SC. The APCCF, CAMPA stated (November 2021) that the acquisition of land is provided under Sub rule (2) (h) of Rule 5 of CAF Rules 2018. The reply is not acceptable as the said Sub rule provides for voluntary relocation of villages from protected areas and not for purchase of land.

4.3.9 Monitoring and evaluation

The CAMPA consists of a Governing Body[35] (GB) which was assisted by Steering Committee[36] (SC), Executive Committee[37] (EC) and Monitoring Group[38] (MG). The GB of the CAMPA, responsible for laying down broad policy framework for functioning of CAMPA and reviewing its working, was required to meet once in a year. Audit noticed (December 2020) that no meeting was held by the GB after 21st January 2013.The MG of CAMPA was required to evolve independent system for concurrent monitoring and evaluation of works and prepare annual monitoring reports for submission to the Government and SC. The MG which was to meet once in three months had not held any meetings and had not prepared annual monitoring reports. APCCF stated (November 2021) that the Administrative Department had initiated the process for convening meeting of the Governing Body.

4.3.9.1 Funds for monitoring and evaluation

As per guidelines of CAMPA two *per cent* of funds are to be kept for monitoring and evaluation so as to ensure quality plantation with good survival rate. Audit observed in 27 selected divisions that though provision was made for monitoring and evaluation in the APOs for 2015-16 to 2017-18 no specific funds were sanctioned during 2015-20.

The APCCF, CAMPA assured (November 2021) to allocate specific funds as per requirements projected by DFOs in their APOs.

4.3.9.2 Inspection of CAMPA works

As per Operational Guideline and instructions issued by CAMPA, Foresters and Range officers have to inspect 100 *per cent* of CA works. DFOs, CFs and CCFs have

---

35 With Chief Minister as Chairperson, Administrative Secretary of Forest as Member Secretary and Ministers of forest, Chief Secretary, and Administrative Secretaries of, Finance and Planning departments as members. During the continuation of proclamation under Article 356 of the Constitution of India, the reference to 'Chief Minister', shall, unless the context otherwise required, be construed as reference to 'Governor' and the references to Ministers for forest, shall, unless the context otherwise requires, be construed as reference to 'Advisor' in charge of the department.

36 With Chief Secretary as Chairperson and Administrative Secretaries of Forest, Finance and Planning departments as members.

37 With Principal Chief Conservator of Forests (PCCF) as Chairperson, Chief Executive Officer of CAMPA as Member Secretary and Chief Wildlife Warden and Chief Conservators of Forests, (1. Planning and Projects 2. Working Plan, Research and Training 3.Forest Conservation Act 4.CCF Jammu and 5.CCF Kashmir) as members.

38 With CCF (Planning and Projects) as Chairperson with CCF (FCA) and Conservator of Forests (Working Plan) as members.

to inspect minimum of 50, 20 and 10 *per cent* CA works. CAMPA wing has to inspect CA works at random.

Audit noticed in 18 selected divisions[39] that year wise record[40] of inspection of CA works carried out by officers/officials of the department had not been maintained and in plantation journals inspection notes of DFOs and ROs were not recorded.

The DFOs stated (September 2020 to April 2021) that the Foresters and guards remained present almost all the time during execution of works and Range officers and DFOs frequently visited and inspected the closures during fencing and plantation. They also assured for maintenance of records in future. The APCCF, CAMPA informed (November 2021) that independent monitoring of CAMPA works executed during 2018-21 by specifically constituted teams was currently in progress.

4.3.9.3 Monitoring of works by CAMPA Cell

Operational guidelines of CAMPA envisage that CAMPA cell headed by Conservator of forest/ Project Coordinator shall be responsible for supervision of works and for overseeing that the works are being executed as per approved APOs and prescribed guidelines. Guidelines also stipulate that the CAMPA Cell shall be responsible for regular monitoring of the project. Audit noticed (August 2021) huge shortfall[41] in the execution of works against targets during 2015-20 for which the CAMPA Cell had not sought reasons from implementing agencies.

APCCF, CAMPA stated (August 2021) that implementation of approved APOs was monitored in the meetings of EC and SC and review meetings by the PCCF and appropriate direction were issued. The fact remained that CAMPA works were not monitored by CAMPA Cell as envisaged in Operational guidelines of CAMPA.

The APCCF, CAMPA noted (November 2021) the observation for appropriate action.

4.3.9.4 Action taken on third party monitoring reports

In Jammu region, the Monitoring and Evaluation of works executed in East and West Forest Circles during 2010-12 was allotted (February 2014) to a third party NABCONS for ₹ 41.50 lakh and payment of ₹41.50 lakh was also made. NABCONS reported that:

- Monitoring reports and inspections records carried out in respect of CAMPA works by field level functionaries of the department were not provided to the agency;
- No area which was completely devoid of vegetation was taken for CA;

[39] Jammu: 14, Kashmir: 4

[40] Inspection notes.

[41] Treatment of degraded forest: 31 divisions, 1,778 ha; Execution of dry rubble stone masosnry: 13 divisions, 7,866 cum; Raising of plantation in departmental nurseries: 22 divisions, 26.24 lakh; Execution of pasture development works: 19 divisions, 7.02 lakh; Planting of trees in the degraded forests: 44 divisions 20.80 lakh; Execution of fencing works around treated degraded forest land: 45 divisions, 5.10 lakh rft; Execution of sowing and dibbling works: 25 divisions, 7.17 lakh rft.

- Incorrect choice of species of plants not suitable to the topography was one of the reasons for failure of plantation;
- Records were not maintained as per CAMPA guidelines and maintenance of records at divisional level was not satisfactory;

The monitoring and evaluation of works executed during 2010-11 and 2011-12 in South Circle, North Circle, and Social Forestry Division Anantnag was allotted (September 2013) to the University of Kashmir. The University was paid (June 2016) ₹ 5.52 lakh. The University in its report (April 2015) pointed out

- huge difference of 2.18 lakh between number of trees counted on ground and that recorded in the books in 19 compartments of eight divisions. The report pointed out that there were 18,715 empty pits in eight divisions.
- no plantation journal was maintained in CAMPA closures and no standard procedure was adhered to for plant spacing and number of plants per unit area.
- topographic and soil conservation status had impacted the success and survival rate of plant stocks raised in southeast and southwest.

Audit also noticed[42] no action/ remedial measures had been taken by the department on the monitoring reports. As a result, purpose of conducting monitoring and evaluation was not served and expenditure incurred was not fruitful.

The CAO, PCCF stated (August 2021) that the matter had been taken up with CAMPA Cell.

The APCCF, CAMPA stated (November 2021) that appropriate action would be taken on the findings of the evalutation reports.

4.3.11 Conclusions

Annual plans of operation were prepared without conducting survey. There was delay in formulation and approval of plans. CAMPA had not prepared its annual financial statements since its establishment and as of December 2020 financial statements of ten years was in arrear. Case wise details were not maintained to indicate whether afforestation was carried out in areas contiguous to or in proximity of reserve or protected Forest. Forest land was diverted for non-forest use without obtaining alternate land. Compensation amount for diversion of forest land for non forestry purposes was due from user agencies. Forest Divisions had incurred expenditure out of CAMPA funds on inadmissible components. Records of inspection of CAMPA works by officials of the department were not maintained. No action and remedial measures were taken by the department on monitoring reports.

[42] Inspection records not maintained (4.3.9.4), area completely devoid of vegetation was not taken for CA (4.3.5.2 (B)); non-maintenance of plantation journal (4.3.5.2(C)); huge difference between number of trees on ground and recorded on books (4.3.9.4).

4.3.12 Recommendations

- ***Timely preparation of Annual plan of operations after conducting survey;***
- ***Early finalisation of accounts and maintenance of accounts records as per rules;***
- ***Maintenance of case wise details of compensatory afforestation;***
- ***Charge penalty from user agencies for delay in payment of diversion charges; and***
- ***Expenditure is incurred as per CAMPA guidelines.***

Home Department

4.4 Unfruitful Expenditure due to non-functional Overhead Tank

Failure of SSP, Udhampur to ascertain functionality of existing pipeline for supply of water before taking up construction of Overhead Tank resulted in unfruitful expenditure of ₹ 0.64 crore.

To overcome the shortage of water in District Police Lines (DPL) at Udhampur, the Senior Superintendent of Police (SSP), Udhampur, proposed (October 2011) construction of an over head tank (OHT). The Police headquarters granted approval (July 2015) to the work and Public Health Engineering (PHE) Division Udhampur was approached for construction of the OHT which estimated (July 2015) the cost of construction at ₹ 0.66 crore. The funds were transferred in two instalments in October 2016 and March 2017.

Audit scrutiny of records (September 2020) of SSP, Udhampur showed that EE, PHE Division Udhampur, who prepared the DPR, had not kept the provision of pipelines for filling water into the tank and distribution of water to end-users in the construction proposal as they intended to use the existing pipelines. The PHE Division finding no source of supply of water for the OHT proposed (February 2016) two alternatives[43] for filling water into the tank and requested the SSP for framing of estimates to proceed with the work. However, no action was taken by the PHE Division for inspection of existing pipeline and no further efforts were made by the SSP to ascertain the functionality of the pipeline and its augmentation. The OHT work was completed (December 2017) at a cost of ₹ 0.64 crore but as it was not interconnected to the existing water inflow source and distribution network, it could not serve its envisaged purpose.

The Police Department took up (June 2018) matter regarding functionality of the pipeline with the PHE authorities who replied (May 2019) that owing to existing water supply pipeline being punctured at places it was not possible to fill the tank and

[43] 1. By laying a well design gravity main from Jakhani upto OHT.
2. By constructing a 20,000 gallons capacity sump tank and a pump room for lifting water from tank to OHT.

proposed to lay an alternative line at an estimated cost of ₹ 20.95 lakh. As of September 2020, the OHT was non-functional.

The Accounts Officer of District Police Office, Udhampur accepted (September 2020) that only the proposal for construction of OHT was submitted (July 2015) for approval and further stated that the matter of filling up the tank with the existing pipeline was taken up many times from June 2018 to July 2019 with the PHE authorities and reply thereof was awaited (September 2020).

The reply is not acceptable as PHE Division had intimated (May 2019) the damage to existing pipeline resulting in OHT not getting filled and construction of OHT was proposed/ completed without ascertaining the source of supply of water as well as the interconnection with the existing distribution pipelines.

Thus, improper preparation of DPR of construction of OHT and further non augmentation of water source and distribution pipelines had resulted in expenditure of ₹ 0.64 crore being rendered unfruitful besides denial of benefit to beneficiaries.

The matter was referred (May 2021) to the Government/ Department: their reply was awaited (October 2021).

Labour and Employment Department

4.5 Registration of Construction and Other Building Workers and payment of assistance by Building & Construction Workers Welfare Board, Jammu and Kashmir

The unspent balances on account of labour cess had increased from ₹ 296.19 crore to ₹ 622.05 crore during the five-year period ended March 2020. Out of 1,09,915 beneficiaries registered in the sampled districts up to the date of launch (June 2017) of the digitisation process, the registration records of only 27,853 workers (25 *per cent*) were uploaded as of September 2020. The registrations were made without submitting the valid age proof, employment certificates. The Board failed to renew the insurance policy taken from LIC, to provide assistance to nominees/ dependents of workers on their disability/ death. Out of 89,800 workers recommended for micro credit facility, only 148 workers were issued credit cards and no worker had availed the credit facility as of March 2020 resulting in non-utilisation of ₹ 30 crore deposited with the Bank as security. The Board failed to implement pension scheme for workers who had attained the age of 60.

4.5.1 Introduction

Ministry of Labour and Employment, Govt. of India enacted the legislation - Building and Other Construction Workers (Regulation of Employment and Condition of Services) Act, 1996. In order to address the issues concerning safety, health & welfare of workers employed in construction sector, Labour Department; the Govt. of the erstwhile state of Jammu and Kashmir notified (September 2006) Jammu and Kashmir Building and Other Construction Workers Welfare Board under Section

18(1) of the Act. To run the Boards and undertake welfare schemes, the GoI also introduced a bill for levy of Cess on all the works executed. Under the provisions of the Act, all workers (including those working with contractors) between 18 and 60 years of age and having worked for at least 90 days in the preceding twelve months, engaged in construction of roads, buildings, etc are eligible for registration and for obtaining assistance from the welfare schemes.

The Government notified (January 2006) collection of the Cess at the rate of one *per cent* from all Government Departments, Public Undertakings and other Government Bodies carrying out any building or other construction works from the year 2008 onwards on the tendered value of works undertaken but started paying assistance to the member workers only from financial year 2011-12. The Government also notified (June 2010) all Assistant Labour Commissioners in districts as Cess collectors to perform the function provided under Section 3 of the Act 1996 and Rule 4 of the Cess Rules 1998.

To assess the effectiveness of the welfare schemes run by the Board for construction and other building workers, an Audit was undertaken during the period July 2020 to October 2020. The audit exercise assessed the effectiveness of welfare activities undertaken in the six districts (Udhampur, Reasi, Kishtwar, Kulgam, Baramulla and Kupwara) out of 20 districts.

4.5.2 Fund management and Budget

The cess collected, the membership registration and renewal fee and interest earned on unspent funds kept in banks are the main resources for running the welfare schemes. The Board had not prepared its financial statements since the year 2013-14. The position of income and expenditure of the Board during the period 2015-20 was as under:

Table-4.5.1: Fund position of Board

(₹ in crore)

Year	Opening Balance	Total Receipts	Interest Earned	Total Availability	Expenditure			Closing Balance
					Assistance	Administrative	Total	
2015-16	221.32	86.65	42.92	350.89	52.09	2.61	54.7	296.19
2016-17	296.19	97.68	19.66	413.53	38.04	1.91	39.95	373.58
2017-18	373.58	131.23	14.77	519.58	67.36	2.07	69.43	450.15
2018-19	450.15	150.33	59.65	660.13	70.64	1.99	72.63	587.50
2019-20	587.50	114.19	4.92*	706.61	82.17**	2.39	84.56	622.05
Total		**580.08**	**141.92**		**310.3**	**10.97**	**321.27**	

(Source: Provisional accounts prepared by the Board)

**The amount of interest accrued/ earned on fixed deposits has not been accounted for as the same are under compilation.*

*** Includes ₹13.11 crore of Covid-19 Assistance*

The unspent funds of cess collected and membership fees had increased from ₹ 296.19 crore at the end of March 2016 to ₹ 622.05 crore at the end of March 2020.

The position of collection of cess and membership fees and expenditure on welfare schemes during the period 2015-20 in the six selected Districts was as under:

Table-4.5.2: Position of fund in sampled districts

(₹ in crore)

Year	Opening balance	Amount Received	Interest accrued	Total Availability	Expenditure			Surrender	Closing balance
					Assistance	Adminis -trative	Total (Percentage)		
2015-16	2.75	23.96	0.12	26.83	18.95	0.11	19.05 (71)	3.81	3.97
2016-17	3.97	15.43	0.12	19.52	16.75	0.12	16.87 (86)	2.00	0.65
2017-18	0.72	29.74	0.30	30.75	22.48	0.13	22.61 (74)	3.31	4.83
2018-19	4.41	29.45	0.23	34.09	22.48	0.08	22.56 (66)	8.98	2.55
2019-20	2.37	35.82	0.12	38.32	27.36	0.08	27.44 (72)	9.17	1.71

(Source: Worked out by Audit from records of Sampled District offices (ALCs))

Audit observed that the District ALCs, who were the cess collecting authorities, were allowed to retain the funds in their bank accounts for undertaking activities and transfer the unspent funds at the end of each financial year to the Board. However, it was observed that despite the standing orders the ALCs did not transfer funds and continued to retain them.

After being pointed out by Audit, the Board intimated (July 2021) that now the unspent balances were being deposited in the Board accounts at the end of the financial year.

It was also observed that ALCs were retaining these unspent balances in the savings bank accounts of the J&K Bank and hence earned interest. The Bank, however, changed the nature of account from savings account to current account of three[44] ALCs from April 2018. The ALCs had not taken up the issue with the Bank which resulted in the loss of interest of ₹ 11.54 lakh during the two years 2018-20.

4.5.2.2 Financial resources of BOCWWB

(A) Collection of Cess by ALCs at the District level

Collection of Cess is the duty of the ALC at the District level. The Cess received by each ALC from the principal employers is to be got deposited with the Building & other Construction Workers Welfare Board (BOCWWB), J&K as soon as it is received.

Audit observed (October 2020) that no control system existed in the Board to ensure that the Cess due on the payments made to contractors on account of construction works had been recovered/ received by it. Also no records/ registers depicting the details of receipts, agency from whom the Cess had been received and deposit of these receipts with the Board had been maintained by the ALCs. In the absence of any effective mechanism to capture the total amount of cess due, shortfall in cess

[44] Kulgam, Reasi and Udhampur.

collection by Board cannot be ruled out. Audit observed that the contractors and departments were depositing the cess due from them straight into bank accounts of the Board.

The Accounts Officer of the Board accepted (November 2020) the need for improvement of system to identify the source of cess which could not be done due to shortage of staff. The Board iterated (July 2021) that the responsibility for collection and deposit of cess thereof lies with the district level ALCs who have to approach Departments/ works establishments and municipalities and the Board was not in a position to work out details of establishments/ departments which credit the cess amounts in the bank accounts of the Board.

(B) Collection of Fee by ALCs at the District level

The ALCs in the six sampled districts had not maintained the details of receipts, deposit of registration fee, monthly contribution and renewal fee of registered workers. The ALCs had not maintained cash books for collection of membership fees from registered construction workers.

Audit calculated the amount of fees that was to be collected from workers vis-a-vis the actual collection.

Table 4.5.4: Details of collection of registration and Renewal fee from Workers

(₹ in lakh)

Year	Registration at the beginning of the Year	Registration during the Year	Amount due for collection	Amount actually collected	Amount not recovered/ collected from Construction Workers
2015-16	2,75,947	16,620	354.4	103.44	250.96
2016-17	2,92,567	29,668	392.62	158.35	234.27
2017-18	3,22,235	18,632	412.77	125.96	286.81
2018-19	3,40,867	39,840	464.82	104.74	360.08
2019-20	3,80,707	29,046	497.51	151.75	345.76
Total		**1,33,806**	**2,122.12**	**644.24**	**1,477.88**

(Source: Information furnished by Board)

The Board, against collectable amount of ₹ 21.22 crore from the registered workers, could collect only ₹ 6.44 crore. There was short realisation of ₹ 14.78 crore.

In the six sampled districts, against the due amount of ₹ 6.81 crore in the form of registration/ renewal fee, only ₹ 2.30 crore was collected, resulting in short realisation of ₹ 4.50 crore. It implies lack of publicity about the benefits of registration and its regular renewal amongst workers. Non- maintenance of the cash book reflecting there in actual details of receipts, deposition of registration/monthly contribution and renewal fee of registered workers is against the rules of financial propriety.

The ALCs stated (July 2020 to October 2020) that the workers were not coming forward for renewal of the registration. The ALCs did not reply on the issue of non maintenance of cash books.

4.5.3 Registration of workers

Registration of workers/ employees is mandatory for seeking benefit under the Scheme. Every building worker who has completed eighteen years of age, but has not completed sixty years of age, and who has been engaged in any building or other construction work for not less than ninety days during the preceding twelve months shall be eligible for registration and obtain benefits from the welfare schemes.

The position of the workers registered during 2015-20 is as under:

Table 4.5.5: Position of registration of workers

Number of workers registered ending March 2015	Number of fresh Registrations						Registrations cancelled ended March 2020	Total registered workers ending March 2020
	2015-16	2016-17	2017-18	2018-19	2019-20	Total		
2,75,947	16,620	29,668	18,632	39,840	29,046	1,33,806	993	4,08,760

(Source: Information furnished by Board)

Audit observed that the Board had not conducted any survey to ascertain the actual number of construction workers nor conducted any advertisement campaigns publicising benefits available under its welfare schemes to expand its reach amongst the workers.

Out of the 4.09 lakh registered workers with the Board, there were only 273 migrant workers registered in three[45] Districts. In the six sampled Districts, there was no registered migrant worker as of December 2020. Incidentally, a study[46] conducted in the year 2012 had placed the figure of migrant labour in Kashmir Valley alone at more than four lakh

Audit noticed that the Labour Department had carried out (May 2020) a survey to estimate the number of migrant labourers for possible evacuation in view of the Covid-19 pandemic. While confining the survey activity to only high migrant concentration population areas, the Department identified as many as 77,397 migrant workers. This high number itself is indicative of the fact that the registration process adopted by the Board was deficient and had the department made intensive efforts and adequately advertised the benefits of registration with the Board amongst workers, their registration would have been higher.

The following issues were noticed in audit with regard to registration of workers.

4.5.3.1 Online registration/ Computerisation of the records

The Board moved (December 2012) a proposal to the Government for computerisation of the records including switching-over to online registration of the

[45] Kathua, Anantnag and Bandipora.

[46] Indian J. Innovations Dev., Vol. 1, No. 9 -September 2012, Department of Sociology, Government MAM PG College Jammu-Problem of Migrant Work force and protection of Human rights in Jammu & Kashmir State.

workers and recording of benefits extended under the welfare schemes to bring transparency in its business. The automation proposal from Information Technology department (IT) of the Government did not fructify and the Board took up (January 2017) the matter with the Jammu and Kashmir Bank. The implementation of the project was started (June 2017) and the Board switched-over from manual system to online registration system from April 2018.

Audit scrutiny of the digitisation of the offline registration records (as of September 2020) of the six sampled Districts showed the following position:

Table 4.5.6: Details of digitisation of registration records in sampled districts

District	Total number of off line registrations	Data uploaded on online system	Data not uploaded (percentage)
Udhampur	11,966	5,103	6,863 (57)
Reasi	7262	4,988	2,244 (31)
Kishtwar	17,052	1,578	15,474(91)
Kulgam	10,997	1,189	9,808 (89)
Kupwara	25,843	4,070	21,773 (84)
Baramulla	36,795	10,925	25,870 (70)
Total	**1,09,915**	**27,853**	**82,032(75)**

(Source: Worked out by Audit from Sampled Districts (ALCs))

Out of 1,09,915 beneficiaries registered in the sampled districts in manual mode up to the date of launch (June 2017) of the digitisation process, the registration records of only 27,853 workers (25 *per cent*) had been uploaded as of September 2020.

Further, for digitisation of the data every worker when applying for registration online has to fill important details regarding name of the employer, name of the work and period of work/ no. of days he has worked as construction worker in the last 12 months etc. Audit noticed that none of these important fields were made mandatory in the online registration system so that non-filling of mandatory fields would automatically result in non-acceptance of registration forms.

Audit observed, in six sampled districts, that workers had been registered against:

- Two registration numbers (286)
- without disclosing their address (8,404) and
- without disclosing the 16 digit bank account number (5,139)
- The capturing of Aadhar number, which is a unique number for an individual, was not made mandatory to be captured in the system.
- The online portal had no provision for identifying registered workers on attaining the age of sixty years. Resultantly, 2,989 workers even though having attained the age of sixty years, in six sampled districts, continued to figure on the online portal.

The above shows that no data validation checks were built in the on line portal and data base.

The Board accepted and stated (July 2021) that the shortcomings in the portal have been taken up with the vendor for rectification.

4.5.3.2 Registration of workers without valid age proof.

A construction worker, to become a member, has to provide at least one of the following documents in support of age (i) school record (ii) birth certificate from competent authority (iii) Certificate from Register of deaths and births maintained by the village chowkidar and (iv) in the absence of above certificates, a certificate from the Medical officer not below the rank of an Assistant Surgeon of a Government Hospital would suffice.

Audit scrutiny of 751 sampled cases, in six selected districts showed that in 123 (16 *per cent*) cases, the registrations were made without submitting the prescribed proofs of age. The ALCs stated that the workers were registered on the basis of the details on their Aadhar cards. However, the reply is not tenable as the Board is yet to include Aadhar in the list of document acceptable for registration.

4.5.3.3 Registration of workers without Employer Certificate

A construction worker applying for membership has to furnish an employment certificate issued by an employer/ contractor registered with the Board. In case of non-availability of the certificate, an employment certificate issued by the registered construction workers union is acceptable.

Audit scrutiny of 751 sampled cases in six selected Districts showed that in 345 (46 *per cent*) cases employment certificates had been issued by the contractors/ unions/ persons who were not registered under the Act. This renders the payment of ₹ 17.96 lakh paid to such workers (235 out of 345 cases) in six test checked Districts irregular.

The Board stated (July 2021) that the matter would be taken up with the ALCs and instructions would be issued for strict compliance as per the Act and Rules.

4.5.4 Payment of Assistance

The Board is running various welfare schemes and provides assistance to its registered members for education of their wards, marriage of dependents, medical benefits including ex gratia payments in the event of disability, ex-gratia payments in the event of death, funeral expenses, maternity and other health problems and pension on attaining age of sixty years.

The payment of assistance under various categories to the beneficiaries during the years 2015-20 is detailed in the table below:

Table 4.5.7 Details of payment of assistance

(₹ in lakh)

Year	Assistance paid/ No of beneficiaries											
	Marriage		Death/ Funeral		Education		Chronic diseases		Disability		Total	
	Number	Amount	Number	Amount	Number	Amount	Number	Amount	Number	Amount	Number	Amount
2015-16	4,991	1,306.75	10	17.35	65,071	3,873.63	25	7.48	18	3.47	70,115	5,208.68
2016-17	7,432	892.75	406	793.1	30,973	1,958.18	248	140.34	97	19.22	39,156	3,803.59
2017-18	2,681	721.55	296	596.9	98,963	5,293.78	203	100.12	162	23.19	1,02,305	6,735.54
2018-19	1	0.25	310	654.89	93,622	6,257.26	251	118.45	241	32.68	94,425	7,063.53
2019-20	0	0	61	119.35	93,569	6,710.58	167	51.21	165	24.57	93,962	6,905.71
Total	**15,105**	**2,921.3**	**1,083**	**2,181.59**	**3,82,198**	**24,093.43**	**894**	**417.6**	**683**	**103.13**	**3,99,963**	**29,717.05**

(Source: Information furnished by the Board)

The Board extended assistance of ₹ 297.17 crore to construction workers or the next of kin during the period 2015-20. The payments released during the period from 2015-16 to 2019-20 constituted only 32 *per cent* of the total available fund of ₹ 943.32 crore.

4.5.4.1 Accidental, Life and Disability Insurance

Providing of assistance to nominees or dependents of registered building and other construction workers in case of his/ her natural or accidental death and assistance in case of injury causing their partial or permanent disablement was one of the aspects to be dealt with by the Board as per the provisions of the Act.

No action in this regard had been taken by the Board till March 2017 to get the construction workers insured. The Board decided (April 2017) to insure all the workers coming under the ambit of the programme under Pradhan Mantri Jeevan Jyoti Bima yojana and Pradhan Mantri Suraksha Bima Yojana and the LIC offered (September 2017) to insure all the workers for only ₹ 342 per worker per annum where the coverage would be from 01 June to 31 May each year. The Board was to pay only ₹ 100 per worker per annum for the insurance and the balance had to be contributed by the GoI. The board decided to insure only 1.50 lakh workers out of total registered 3,22,235 workers. The Board paid ₹ 51.75 lakh as premium to LIC on account of insurance coverage of 1.50 lakh workers covering the period from 01 January 2018 to 31May 2018. The Board did not pay (June 2018) the annual premium to renew the policies and thereafter also, with the result that the death claims in respect of 296 workers, whose kin preferred claims on their demise after 31 May 2018 and upto date of Audit, were not accepted by the LIC. The lapse of the Insurance scheme for the workers deprived at least 296 beneficiaries of the benefit from the scheme had it been continued.

On this being pointed out (October 2020), Board stated (July 2021) that the LIC demanded full details viz. proof of residence, age-proof, dependency certificates etc. with Aadhar Card in digital shape which could not be provided due to shortage of staff. The fact stays that the Board failed to renew the policies which deprived the kin of the workers of a major benefit, by payment of negligible annual premiums despite availability of adequate funds.

4.5.4.2 Credit facility

The Act under section 22 (2) provides that the Board may grant loan and subsidy to a local authority or an employer in aid of any scheme approved by the Government for the welfare of building workers in any establishment. The Board in its meeting (April 2017) decided to provide Micro Credit facilities up to ₹ 10,000 at one-year Marginal Cost of funds based lending rate (MCLR). The J&K Bank was appointed as the nodal Bank to provide the credit facility. The Board declared (November 2017) that out of a total of 3,36,987 workers; 1,25,176 workers were active. The Board provided the list of 89,800 workers out of a total of 1.25 lakh active workers to the Bank for the credit card facility in first phase. The Board deposited in March 2018, ₹ 30 crore with the Bank as security amount for extending micro credit.

Audit scrutiny (July 2020 to October 2020) revealed that only 13,776 credit cards had been handed over ending October 2020 to the ALCs by the Bank out of which 2,039 cards were issued to the Registered Workers upto October 2020. Of the issued cards, only 148 cards had however been activated by the Bank. Thus, out of the total 89,800 workers, the facility of micro credit had been provided to only 148 workers that too after lapse of one year.

It was observed (July 2020 to October 2020) that no worker had availed the credit facility as of March 2020 since the deposit (March 2018) of the security amount of ₹ 30 crore. This resulted in blockade of ₹ 30 crore besides defeating the intended purpose for which the money was deposited with the Bank.

The Board stated (July 2021) that the facility will be made operational by pursuing the matter very hard with the Bank. The reply of the Board is not acceptable as the MOU executed with Bank was silent about any condition/ time-frame of the issuance of the Cards to the beneficiaries.

Among the various welfare activities provided in the Act which are meant to improve the conditions of workers, the Board had failed to implement the following welfare measures.

A. Skill Development

The Board in its meeting (October 2015) decided to impart short-term skill development training programme for the female dependents of the workers. For this purpose, ₹ five crore was earmarked by the Board and the Chief Executive Officer of the Board was authorised to bring out a road-map. It was reiterated in the Board meeting of March 2016. Audit scrutiny of the records (October 2020) revealed that no action has been taken in this respect.

B. Housing-loan scheme

The Act under Section 22(c) provides for issuing loans and advances to the beneficiaries for construction of dwellings. The Board decided to approach J&K bank and a committee was constituted (January 2013) to work out the modalities, terms and conditions, financial implications and the quantum of loan payable to the workers. However, the committee did not submit its report (November 2020). Hence, the scheme did not take off and the workers continued to be deprived of the facility.

4.5.4.5 Old Age assistance

Audit observed (October 2020) in six selected districts that the Board had failed to pay pension to 2,989 workers who had attained the age of sixty which was to be paid under section 22 (b) of the Act.

4.5.5 Internal Control

During the course of audit, the internal control mechanism was found to be deficient in the following areas:-

A. Reconciliation

Audit observed in the six sampled districts that there were variations in the range of ₹ 1.08 lakh (Kishtwar) and ₹ 157.5 lakh (Baramulla) was found in the expenditure booked by ALCs vis-à-vis that in the Board records.

The Board stated (July 2021) that the reconciliations will be carried out to sort out the discrepancies pointed out by Audit.

B. Verification aspects

The programme guidelines (November 2012) provide for verification of the employment certificates by the Labour Inspector/ Officer. Out of 751 cases selected for test-check, Audit could not find the necessary certificates relating to the employment in 143 cases (19 *per cent*). In the remaining 608 cases, the certificate of verification was recorded by the concerned without the vital data i.e either the name of work (516 cases) or the period of employment (523 cases) or both. Audit on cross-verification of the above parameters with the records of the employers in 93 selected cases (in six test checked ALCs) found (July to October 2020) 73 cases where the workers had either not worked at all with the employers or had worked for less the 90 days with the employers in the 12 months preceding registration. This has resulted in undue payment of ₹ 4.50 lakh in these 73 cases alone. The quantum of the irregular expenditure on this count was not quantifiable in view of the non-maintenance of proper records and the huge number of cases involved.

The Board stated (July 2021) that the matter will be taken up down the line and fresh instructions will be issued to ALCs.

4.5.5.2 Maintenance of Records

Guidelines of the Act lay down that vital details of dependent family of a worker, assistance paid, details of monthly contribution, application register for claim of

benefits etc. was required to be maintained in the relevant registers provided for the purpose. Audit observed (July 2020 to October 2020) that relevant details mentioned above were not maintained in the registers which brings into question the correctness of processing of claims of workers. The ALCs in their reply accepted this deficiency in record maintenance while attributing it to shortage of space and manpower.

4.5.5.3 Board meetings

Rules provided the Board to meet once in two months but however, in the Board meeting (October 2015), it was decided that such meetings would be held on quarterly basis to consider any matter which is required for smooth functioning of the Board activities. Audit noticed (October 2020) that against 21 meetings due, only six meetings of the Board had been held during the period 2015 to 2020.

The Act under Section 4 and 5 also provides for constitution of various Committees and appointments for smooth and transparent functioning of the Board at State level.

The State Advisory Committee was constituted (July 2007) for a period of three years but was not re-constituted by the Government.

4.5.6 Conclusion

The Department had failed to generate awareness among the workers which deprived this vulnerable group from claiming benefits under the Act. Only a small fraction of the registered workers in J&K availed benefits under a few components of the Act. The Department has entirely failed in registering the eligible migrant labourers under the Act. Various welfare schemes meant to improve the living conditions of workers under the Act such as Housing scheme, insurance and old age pension were not implemented.

4.5.7 Recommendation

The following recommendations are provided to improve the working of the Board and to extend its benefits to the deserving Construction Workers.

- The department needs to organise awareness generation programmes for workers about the benefits of registration under the Act.
- Internal controls need to be strengthened which include addressing shortcomings in the online portal, maintenance and verification of records and regular conduct of internal audit.
- The Board should constitute the various committees as defined in the Act giving due representation to civil society and other stake holders.

Public Works Department

4.6 Unfruitful expenditure

The Department prepared detailed project reports (DPRs) for construction of roads without undertaking proper surveys of the area. The DPRs did not include requirements of bridges and compensation for houses coming in proposed alignment of roads resulting in unfruitful expenditure of ₹ 2.57 crore incurred on works besides not achieving intended connectivity benefits.

The Government of India (GoI), in its efforts to develop far flung and remote areas, initiated an action plan through National Bank of Agriculture and Rural Development (NABARD) for improvement and upgradation of roads.

Accordingly, Executive Engineer (EE) Public Works (PW), Roads and Bridges (R&B), Special Sub Division (SSD), Mahore proposed (February 2016 and December 2016) construction of three kilometers motorable road each from Kurd Bali to Barnaili and from Sonchal Gali to Chan via Bhallar at estimated cost of ₹ three crore and ₹ 2.70 crore respectively. The projects were sanctioned (March 2016 and March 2017) and targeted for completion by 2018-19 and 2019-20 respectively by availing financial assistance available from NABARD. The Detailed Project Reports (DPRs)[47] certified that sites had been inspected and proposals/specifications in the DPRs were satisfactory.

Case A Audit observed (September 2019) that work for construction of road from Kurd Bali to Barnaili was allotted (September 2016) to a contractor. After taking up execution (December 2016) and completing a part of the road, the work stopped (May 2018). It was noticed that a river *Ans* was falling in the proposed alignment of the road.

The EE, after a lapse of over two years, proposed (September 2018) a new DPR for construction of 135 meter span single lane steel girder bridge under Central Road Fund (CRF) at an estimated cost of ₹ 8.55 crore. As of June 2021 the approval to this DPR was awaited. As against the sanctioned amount of ₹ three crore[48] for construction of the road, ₹ 3.20 crore were released (2016-19) by the administrative department. An expenditure of ₹ 1.79 crore was incurred on the construction and balance ₹ 1.41 crore was surrendered (2017-19).

Thus, due to incomplete DPR which omitted planning for the bridge on the river coming in the alignment of the road and delay in sanction of the bridge under CRF, the construction of road from Kurd Bali to Barnaili remained incomplete as of June 2021. This had resulted in unfruitful expenditure of ₹ 1.79 crore incurred on the road besides not achieving its intended connectivity benefits.

---

47 Accord of Administrative Approval: Kurd Bali to Barnaili (February 2016) ₹ three crore: Sonchal Galito Chain via Bhallar (December 2016) ₹ 2.69 crore.

48 RIDF Loan: ₹ 2.70 crore: State Government Contribution ₹ 0.30 crore.

The EE, Mahore stated (July 2020) that road work was in progress and that work could not be taken up on the other side of the river due to delay in sanction of the bridge and their inability to shift men and machinery across the river.

Case B Audit observed (September 2019) that a work of construction of road from Sonchal Gali to Chan via Bhallar (3 km) was awarded (November 2017) to a contractor at a cost of ₹ 2.69 crore. The contractor executed work on some components (Drain of 50 meters, walling of 50 metre cross drainage: four no, fair weather road of two km. and shingling of 1.5 km) on two km of road stretch and thereafter stopped the work (May 2018) as some houses were coming in the proposed alignment of the road and also a river *Ans* was falling in the alignment of the road.

The EE on finding this gap in the DPR proposed (July 2018) for construction of 150 metre span single lane motorable bridge at an estimated cost of ₹ 11.23 crore. As of June 2021 the approval to this DPR was awaited.

Against the sanctioned amount of ₹ 2.69 crore[49], the administrative department released (2017-18) ₹ 2.42 crore for the work. An expenditure of ₹ 77.77 lakh was incurred on the works and the balance ₹ 1.64 crore was surrendered. Thus the construction of road from Sonchal Gali to Chan via Bhallar remained incomplete (June 2021) resulting in unfruitful expenditure of ₹ 77.77 lakh incurred on the works besides not achieving their intended connectivity benefits.

The Department accepted fact of incomplete DPRs and their preparation without proper survey which resulted in non-inclusion of items such as connecting bridges for construction of roads and presence of houses in the alignment in the DPR. The EE Mahore added (June 2021) that ₹ 10 lakh was released (2019-20) for payment of compensation to concerned house owners and proposal for construction of bridge under Central Road Fund had been submitted for sanction.

Thus preparation of deficient DPRs due to not conducting proper survey resulted in unfruitful expenditure of ₹ 2.57 crore on incomplete road projects. The intended objectives of developing remote areas by improvement and upgradation of roads besides providing benefits of road connectivity to the area population remained unfulfilled.

The matter was referred (March 2021) to Government/ Department; their reply was awaited (October 2021).

The Department should ensure that DPRs are prepared after a detailed survey of site conditions and should include complete details of hurdles coming in the alignment of roads. The department should fix responsibility for preparation of these deficient DPRs.

[49] RIDF Loan: ₹ 2.42 crore, State Government Contribution: ₹ 0.27 crore.

PART ‘C’

Social, General and Economic Sectors (Public Sector Undertakings)

Chapter V

Functioning of Public Sector Undertakings

CHAPTER V

Functioning of Public Sector Undertakings

5.1 Introduction

5.1.1 General

The Public Sector Undertakings (PSUs) are established to carry out activities of commercial nature keeping in view the welfare of people and occupy an important place in the economy of the State/UT. These PSUs consist of Government Companies and Statutory Corporations. As on 31 March 2020, there were 42 PSUs (six in Power Sector and 36 in other Sectors), including three Statutory Corporations[1] under the audit jurisdiction of the Comptroller and Auditor General of India (C&AG); Out of these 42 PSUs, 32 are working and 10[2] are non-working (four in Power Sector and six in other Sectors). One PSU, Jammu and Kashmir Bank Limited, having a total paid-up equity of ₹ 71.36 crore is listed on the stock exchange since July 1998. The paid-up equity of ₹ 71.36 crore of the Bank is held partly by the Government of Jammu and Kashmir (68.18 *per cent*) and the remaining part by Foreign Institutional Investors, Resident Individuals and others (31.82 per cent)[3]. During the year 2019-20, no PSU was incorporated whereas Government of erstwhile state of Jammu and Kashmir (GoJ&K) decided (24 October 2019) to wind up one PSU viz. J&K Asset Reconstruction Limited which was incorporated on 28 April 2017 but had never started its operation since its incorporation.

There are two power generation Companies, Jammu & Kashmir Power Development Corporation Limited (JKPDC) and Chenab Valley Power Project Private Limited (CVPPP). CVPPP is a joint venture[4] Company with an investment of ₹ 1,780.08 crore[5] as of March 2020.

As a consequence of the unbundling of the Power Sector, one power transmission Company[6], two power distribution companies[7] and one Company[8] to conduct trading activities in power were incorporated by the GoJ&K. However, these Companies which have been incorporated between March 2013 and June 2013 are yet to start their commercial operations as of March 2020. In the absence of commercial operations by these companies, the power transmission and distribution activities

---

1 Jammu & Kashmir State Financial Corporation, Jammu & Kashmir State Road Transport Corporation and Jammu & Kashmir State Forest Corporation.

2 Jammu & Kashmir Power Transmission Corporation Limited, Jammu Power Distribution Corporation Limited, Kashmir Power Distribution Corporation Limited, Jammu & Kashmir Power Corporation Limited, Jammu & Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited), Tawi Scooters Limited, Himalayan Wool Combers Limited, Jammu & Kashmir Road Development Corporation Limited, Jammu & Kashmir International Trade Centre Corporation Limited and Jammu & Kashmir Asset Reconstruction Limited.

3 Indian Mutual Funds, Insurance Companies, Non-Resident Indian and Corporate Bodies.

4 CVPPP is a joint venture of JKPDC, National Hydroelectric Power Corporation (NHPC) and Power Trading Corporation (PTC) wherein Government of Jammu & Kashmir has not made any investment.

5 JKPDC: ₹ 888.00 crore, NHPC: ₹ 888.00 crore and PTC: ₹ 4.08 crore.

6 Jammu & Kashmir Power Transmission Corporation Limited (March 2013).

7 Jammu Power Distribution Corporation Limited (June 2013) and Kashmir Power Distribution Corporation Limited (June 2013).

8 Jammu & Kashmir Power Corporation Limited (March 2013).

continue to be carried out by the Power Development Department of Jammu & Kashmir Government.

The 25[9] working PSUs registered an annual turnover of ₹ 11,298.17 crore and suffered an aggregate loss of ₹ 1,007.93 crore as of 31 December 2020 as per their latest finalised accounts.

There are 10[10] non-working PSUs, with an investment of ₹ 57.57 crore towards share capital (₹ 56.74 crore) and long term loans (₹ 0.83 crore), by the GoJ&K which are non-operational for the last six to 30 years.

5.2 Accountability Framework

Section 2 (45) of the Companies Act, 2013 (Act), defines a Government Company as any Company in which not less than 51 *per cent* of the paid-up share capital is held by the Central Government or by any State Government or Governments or partly by the Central Government and partly by one or more State Governments, and also includes a Company which is a subsidiary Company of a Government Company. The procedure for audit of Government Companies is laid down in Sections 139 and 143 of the Companies Act, 2013.

The C&AG of India appoints the Statutory Auditors of a Government Company and Government Controlled Other Company under Section 139(5) and (7) of the Companies Act, 2013. Section 139 (5) of the Companies Act, 2013 provides that the Statutory Auditors in case of a Government Company or Government Controlled Other Company are to be appointed by the C&AG within a period of 180 days from the commencement of the financial year. Section 139 (7) of the Companies Act, 2013, however, provides that in the case of a Government Company or Government Controlled Other Company, the first auditor is to be appointed by the C&AG within 60 days from the date of registration of the Company and in case the C&AG does not appoint such auditor within the said period, the Board of Directors of the Company or the members of the Company have to appoint such an auditor.

Further, as per sub-Section 7 of Section 143 of the Companies Act 2013, the C&AG may, in case of any Company covered under sub-Section (5) or sub-Section (7) of Section 139, if considered necessary, by an order, cause audit to be conducted of the accounts of such Company and the provisions of Section 19A of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 shall apply to the report of such test audit. Thus, a Government Company or any other Company

[9] Excluding seven working PSUs, Jammu & Kashmir Medical Supplies Corporation Limited, Jammu & Kashmir IT Infrastructure Development Pvt. Limited and AIC-Jammu & Kashmir EDI Foundation, Jammu Smart City Limited, Srinagar Smart City Limited, Jammu Mass Rapid Transit Corporation Pvt. Limited, Srinagar Mass Rapid Transit Corporation Pvt. Limited which never submitted their accounts since inception.

[10] Jammu & Kashmir Power Transmission Corporation Limited, Jammu Power Distribution Corporation Limited, Kashmir Power Distribution Corporation Limited, Jammu & Kashmir Power Corporation Limited, Jammu & Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited), Tawi Scooters Limited, Himalayan Wool Combers Limited, Jammu & Kashmir Road Development Corporation Limited, Jammu & Kashmir Assets Reconstruction Limited and Jammu & Kashmir International Trade Centre Corporation Limited.

owned or controlled, directly or indirectly, by the Central Government, or by any State Government or Governments or partly by Central Government and partly by one or more State Governments is subject to the audit by the C&AG. However, audit of the financial statements of a Company in respect of the financial years that commenced on or before 31 March 2014 shall continue to be governed by the provisions of the Companies Act, 1956.

5.3 Statutory Audit

The financial statements of the Government Companies (as defined in Section 2 (45) of the Companies Act 2013) are audited by Statutory Auditors, who are appointed by the C&AG as per the provisions of Section 139(5) or (7) of the Companies Act 2013. The Statutory Auditors submit a copy of the Audit Report to the C&AG including, among other things, financial statements of the Company under Section 143(5) of the Act 2013. These financial statements are also subject to supplementary audit by the C&AG within 60 days from the date of receipt of the audit report under the provisions of Section 143 (6) of the Act 2013.

Audit of Statutory Corporations is governed by their respective legislations. Out of the three Statutory Corporations, the C&AG is the sole auditor for Jammu and Kashmir State Road Transport Corporation only. Audit of Jammu and Kashmir State Financial Corporation and Jammu and Kashmir State Forest Corporation, is conducted by Chartered Accountants and supplementary audit is conducted by the C&AG.

5.4 Role of Government and Legislature

The Government exercises control over the affairs of these PSUs through their Administrative Departments. The Chief Executive Officer and Directors to the Board are appointed by the Government.

The Legislature also monitors the accounting and utilisation of Government investment in the PSUs. The Annual Reports together with the Statutory Auditors' Reports and comments of the C&AG, in respect of the Government Companies and Separate Audit Reports of the C&AG in case of Statutory Corporations, are to be placed before the Legislature under Section 394 of the Companies Act, 2013 or as stipulated in the respective Acts. The Audit Reports of C&AG are submitted to the Government under Section 19A of the C&AG's (Duties, Powers and Conditions of Service) Act, 1971.

5.5 Impact of contribution of Public Sector Undertakings

To assess the reasonable rate of return on the investment made in PSUs by the Government of Jammu & Kashmir (GoJ&K), ratios such as return on equity and return on capital employed are worked out. To assess the ability of the Companies to service the debt owed to Government, Banks and other financial institutions, Debt Turnover Ratio and Interest Coverage Ratio are worked out. In order to get a fair view about the impact and contribution of the PSUs separately towards the economy of the

State/UT, these PSUs are bifurcated into two categories, PSUs in Power Sector (six[11]) and PSUs in other Sectors (36[12]). Table 5.1 provides the details of turnover of the PSUs of J&K during the period 2015 to 2020.

Table 5.1: Details of turnover of PSUs

(₹ in crore)

Particulars	2015-16	2016-17	2017-18	2018-19	2019-20
Turnover of Power Sector[13] as per latest finalised accounts	1,119.90	1,119.90	992.46	992.46	1,025.91
Turnover of PSUs of other Sectors as per latest finalised accounts	7,296.59	7,238.03	7,579.22	8,792.44	10,272.26

(Source: Compiled based on turnover figures of Power Sector)

5.6 Disinvestment, restructuring and privatisation of PSUs

During the year 2019-20, no disinvestment, restructuring and privatisation was done by the GoJ&K in any of the PSUs.

5.7 Investment in Public Sector Undertakings

Investment made in these 42 State PSUs in the form of equity and long term loans upto 31 March 2020 are given in Table 5.2.

Table 5.2: Activity-wise investment in PSUs

(₹ in crore)

Sector	Number of PSUs	Investment					
		Equity		Long term loans		Total	
		GoJ&K	Others	GoJ&K	Others	GoJ&K	Others
PSUs in Power Sector	6*	2,593.49	1,780.08	0	1,441.92	2,593.49	3,222.00
PSUs in Other Sectors	36^	801.03	119.11	2,208.38	2,275.37	3,009.41	2,394.48
Grand Total	**42**	**3,394.52**	**1,899.19**	**2,208.38**	**3,717.29**	**5,602.90**	**5,616.48**

(Source: Compiled based on information received from PSUs)

** Out of six Power Sector PSUs only two are active (JKPDC and CVPPP). The GoJ&K has not made any investment in CVPPP.*

*^ Details in **Appendix 5.1***

[11] Two Working PSUs: (1) Jammu & Kashmir Power Development Corporation Limited (JKPDC) and (2) Chenab Valley Power Project Private Limited (CVPPP) and four inactive PSUs: (1) Jammu & Kashmir Power Corporation Limited (2) Jammu & Kashmir Power Transmission Corporation Limited (3) Jammu Power Distribution Corporation Limited and (4) Kashmir Power Distribution Corporation Limited.

[12] 33 Government Companies and three Statutory Corporations (Jammu & Kashmir State Forest Corporation, Jammu & Kashmir State Financial Corporation and Jammu & Kashmir State Road Transport Corporation).

[13] Turnover pertains to only JKPDC as out of six Power Sector PSUs, four PSUs, (1) Jammu & Kashmir Power Corporation Limited (2) Jammu & Kashmir Power Transmission Corporation Limited (3) Jammu Power Distribution Corporation Limited and (4) Kashmir Power Distribution Corporation Limited are inactive and in CVPPP, the GoJ&K has not made any investment.

(A) As on 31 March 2020, out of total investment of ₹ 4,373.57 crore in equity of PSUs in the Power Sector, ₹ 2,593.49 crore (59.30 *per cent*) was contributed by the GoJ&K. The long term loans of ₹ 1,441.92 crore availed by JKPDC were from banks and other financial institutions.

As per the latest finalised accounts of 2014-15, the GoJ&K had infused ₹ 5,764.71 crore as plan fund to JKPDC for creation of capital assets as given in Table 5.3.

Table 5.3: Status of plan funds in JKPDC

Year	2015-16	2016-17	2017-18	2018-19	2019-20
Accounts finalised upto	2011-12	2011-12	2013-14	2013-14	2014-15
Plan fund infused (₹ in crore)	5,346.91	5,346.91	5,753.83	5,753.83	5,764.71

As per records of Department, an amount of ₹ 5,318.61 crore[14] was outstanding as of March 2018 with JKPDC. The Government (December 2018) instructed JKPDC to adjust ₹ 3,668.81 crore[15] against the liability of Government on account of power purchase from the Company and issue of equity shares worth ₹ 2,588.34 crore[16] to the Government. The Company issued (August 2019), shares worth ₹ 2,588.34 crore in compliance of the Government Orders.

The adjustment of outstanding electricity bill of the Government against funds received for capital assets was irregular as the funds were provided by the Government for construction of the capital assets. Besides, the accounts of the Company were depicting these funds as capital reserves.

(B) As on 31 March 2020, the total investment (equity and long term loans) in 36 PSUs of other Sectors was ₹ 5,403.89 crore. The investment consisted of 17.03 *per cent* towards equity and 82.97 *per cent* in Long-term Loans. The Long Term Loans advanced by the GoJ&K constituted 49.25 *per cent* (₹ 2,208.38 crore), out of the total Long Term Loans (₹ 4,483.75 crore) whereas the remaining 50.75 *per cent* (₹ 2,275.37 crore) of the total Long Term Loans were availed from other financial institutions.

5.8 Budgetary support to Public Sector Undertakings

(A) Budgetary support for PSUs of the Power Sector

The GoJ&K provides financial support to for PSUs of the Power Sector in various forms through the annual budget as equity, loans, grants/ subsidies, loans written off and loans converted into equity.

14 As per agenda note of 74th Meeting held in April 2019.

15 Total power purchase liability of the PDD towards JKPDC up to March 2018 was ₹ 3,668.81 crore which was adjusted against the funds amounting to ₹ 5,318.61 crore released to JKSPDC by the State Government up to March 2018.

16 The balance (₹ 1,649.80 crore) available with JKSPDC, the assets transferred to JKPDC (₹ 916.54 crore) by the State Government at token value of ₹ one in the year 1999 and 44 Mega Watt Stakna Hydroelectric Project (₹ 22 crore) transferred to JKPDC by the Power Development Department in 2011 together were treated as equity contribution.

Budgetary assistance of ₹ 2.34 crore was received by JKPDC from the GoJ&K during 2019-20. Assistance of ₹ 135 crore and ₹ 5.74 crore was received by JKPDC during 2017-18 and 2018-19, respectively. The GoJ&K provides guarantee to PSUs to seek financial assistance from Banks and financial institutions. The GoJ&K has not enacted a Guarantee Act prescribing limit for guarantees to be given by the GoJ&K and stipulating guarantee commission/ fee. However, the FRBM Act, 2006 lays down limit within which GoJ&K may give guarantee on the security of consolidated fund of the State. The GoJ&K also constituted (August 2006) Guarantee Redemption Fund for meeting obligations arising out of guarantees issued on behalf of the GoJ&K. Outstanding guarantee commitments[17] in power sector decreased by 29.56 *per cent* from ₹ 2,045.88 crore in 2017-18 to ₹ 1,441.08 crore during 2019-20. During the year 2019-20, no guarantee fee was paid by the power sector undertaking.

(B) Budgetary support to State PSUs in other Sectors

The summarised details of budgetary outgo towards equity, loans, grants/ subsidies, loans written off and loans converted into equity in respect of State PSUs of other Sectors for the last three years ending March 2020 are given in Table 5.4.

Table 5.4: Details regarding budgetary support to State PSUs (other Sectors) during the period 2017-18 to 2019-20

(₹ in crore)

Sl. No.	Particulars[18]	2017-18		2018-19		2019-20	
		Number of PSUs	Amount	Number of PSUs	Amount	Number of PSUs	Amount
1.	Equity Capital outgo	4	23.20[19]	13	40.42[20]	3	28.48
2.	Loans given	8	50.82	9	56.18	8	48.07
3.	Grants/Subsidy provided	7	126.85	7	43.17	11	98.16
	Total outgo (1+2+3)	**12**	**200.87**	**22**	**139.77**	**16**	**174.71**
4.	Loan repayment written off	-	-	-	-	-	-
5.	Loans converted into equity	1	72.88	-	-	-	-
6.	Guarantees issued	1	8.00	1	20.00	-	-
7.	Outstanding Guarantee Commitment	2	98.28	2	134.97	2	139.82

(Source: Compiled based on information received from PSUs)

** Number of PSUs represents those PSUs which have received outgo from budget under one or more heads i.e. equity, loans and grants/ subsidies.*

17 2017-18: ₹ 2,045.88 crore, 2018-19: ₹ 1,687.12 crore, 2019-20: ₹ 1,441.08 crore.

18 Amount represents outgo from State Budget only.

19 The GoJ&K infused investment of ₹ 282 crore in Jammu & Kashmir Bank Limited against which bank had issued ₹ 3.55 crore shares (at premium of ₹ 78 per share against face value of ₹ 1 per share) 2017-18. The addition to share capital had been reflected accordingly.

20 Includes ₹ 6.57 crore in respect of nine new PSUs incorporated during 2017-18 and 2018-19.

In PSUs of other Sectors, the annual budgetary assistance ranged between ₹ 139.77 crore and ₹ 200.87 crore during the period 2017-18 to 2019-20. The budgetary assistance of ₹ 174.71 crore given during the year 2019-20 included ₹ 48.07 crore in the form of loans, ₹ 98.16 crore as grants/ subsidy and ₹ 28.48 crore on account of equity assistance.

Outstanding guarantee commitments increased by 3.59 *per cent* from ₹ 134.97 crore in 2018-19 to ₹ 139.82 crore[21] in 2019-20. During the year 2019-20, no guarantee fee was paid by PSUs of other Sectors.

5.9 Submission of accounts by Public Sector Undertakings

There were 32 working PSUs and accounts for the year 2019-20 were required to be submitted by 31 December 2020 by all the working PSUs.

Table 5.6: Position of accounts

Nature of PSUs	Total Number	Number of PSUs of which accounts received during the reporting period[22]				Number of PSUs of which accounts are in arrear (total accounts in arrear) as on 31 December 2020
		Accounts upto 2019-20	Accounts upto 2018-19	Accounts upto 2017-18	Total	
Working Government Companies[23]	29	5	4	2	11	24 (96)
Statutory Corporations	3	-	2	-	2	3 (5)
Total Working PSUs	**32**	**5**	**6**	**2**	**13**	**27 (101)**
Inactive Government Companies	10	-	2	-	2	10 (110)
Total	**42**	**5**	**5**	**-**	**8**	**37 (211)**

Out of 32 PSUs, five Government Companies[24] submitted their accounts for the year 2019-20 for audit by C&AG on or before 31 December 2020, and accounts of 24 Government Companies were in arrears. Further, five accounts of three Statutory Corporations were also in arrears.

The Administrative Departments have the responsibility to oversee the activities of these entities and to ensure that the accounts are finalised and adopted by these PSUs within the stipulated period. Details of arrears in finalisation of accounts are given in ***Appendix-5.2***.

The GoJK had provided ₹ 99.08 crore (Loan: ₹ 98.88 crore, Subsidy: ₹ 0.20 crore) to eight out of 32 working State PSUs, accounts of which had not been finalised by 31 December 2020 and in nine PSUs there was no investment by the GoJ&K during

[21] Jammu & Kashmir Women Development Corporation ₹ 67.66 crore and Jammu & Kashmir Scheduled Castes, Scheduled Tribes and Backward Classes Development Corporation ₹ 72.16 crore.

[22] From October 2019 to December 2020.

[23] Government PSUs include other Companies referred to in Section 139(5) and 139(7) of the Companies Act, 2013.

[24] CVPPP, Jammu and Kashmir Bank Limited, Jammu & Kashmir Women's Development Corporation Limited, Jammu & Kashmir Trade Promotion Organisation and JKB Financial Services Limited.

the period for which the accounts are in arrears. Information in respect of the remaining nine PSUs was awaited (October 2021).

PSU-wise details of investment made by GoJ&K during the years for which accounts were in arrears as of December 2020 are shown in ***Appendix-5.3***.

Delay in finalisation of accounts not only results in violation of the provisions of the relevant statutes but correctness of accounts as well.

It is recommended that the Finance and concerned Administrative Department may ensure that:

- **The Government identify the constraints in timely preparation of accounts of the PSUs and take necessary steps for making the accounts up to date.**
- **The State PSU's take immediate corrective action for liquidating arrears in accounts and**
- **Budgetary support is not extended to such PSUs whose accounts are not current.**

Placement of Separate Audit Reports of Statutory Corporations

Separate Audit Reports (SARs) are audit reports of the C&AG on the accounts of Statutory Corporations. These reports are to be laid before the Legislature as per the provisions of the respective Acts. Out of three working Statutory Corporations, none have submitted their accounts of 2019-20 by 31 December 2020.

The status of annual accounts of Statutory Corporations and placement of their SARs in Legislature is detailed in Table 5.7.

Table-5.7: Status of placement of SAR of the Statutory Corporations

Name of the Corporation	Year of Accounts	Month of placement of SAR
Jammu and Kashmir State Financial Corporation	2017-18 and 2018-19	Yet to be presented
Jammu and Kashmir State Road Transport Corporation	2013-14	February 2018
Jammu and Kashmir State Forest Corporation	-	SARs for the years 1996-97 to 2016-17 are under finalisation[25]

(Source: Compiled based on information furnished by the Jammu and Kashmir Legislative Assembly)

[25] Accounts for the years 1996-97 to 2013-14, for the years 2014-15 to 2016-17 and for the years 2017-18 to 2019-20 were submitted to the Principal Accountant General in October 2015, January 2020 and September 2021, respectively. Audit of accounts for the period from 1996-97 to 2013-14 was conducted in January/ February 2021. As of October 2021, reply to the preliminary audit observations was awaited from the Statutory Auditors of the Company. Audit for the years 2014-15 onwards are yet to be taken up.

5.10 Performance of Public Sector Undertakings

(A) Performance of PSUs of the Power Sector

The Public Sector Undertakings are expected to yield reasonable return on investment made by Government in these undertakings. The financial position and working results of six Companies of Power Sector as per their latest finalised accounts, as of 31 December 2020 are detailed in ***Appendix 5.4***.

The investment in the PSUs of the Power Sector was ₹ 4,076.95 crore[26] consisting of ₹ 1,785.23 crore as equity and ₹ 2,291.72 crore as long term loans. Out of this, GoJ&K has made an investment of ₹ 5.15 crore only in equity share capital in four[27] PSUs of the Power Sector. However, JKPDC, the only active PSU (with GoJK investment) of the Power Sector, was a profit making Company, with profits ranging from ₹ 433.41 crore to ₹ 668.95 crore as per five accounts[28] finalised during the period from 2014-15 to 2019-20.

(B) Performance in PSUs of other Sectors

The financial position and working results of the 36 State PSUs (other Sectors) as per their latest finalised accounts, as of 31 December 2020, are detailed in ***Appendix 5.5***.

The total investment in the PSUs of other Sectors was ₹ 4,886.01 crore comprising of Equity of ₹ 711.57 crore and Long Term Loans of ₹ 4,174.44 crore. Out of this investment of ₹ 4,886.01 crore, GoJ&K has made an investment of ₹ 2,656.53 crore in 26 PSUs[29] comprising of Equity of ₹ 606.29 crore and Long Term Loans of ₹ 2,050.24 crore.

The year-wise position of investment of GoJ&K in the PSUs during 2015-16 to 2019-20 is as follows:

---

[26] As per latest finalised Accounts. This information may differ from the information furnished by the PSUs.

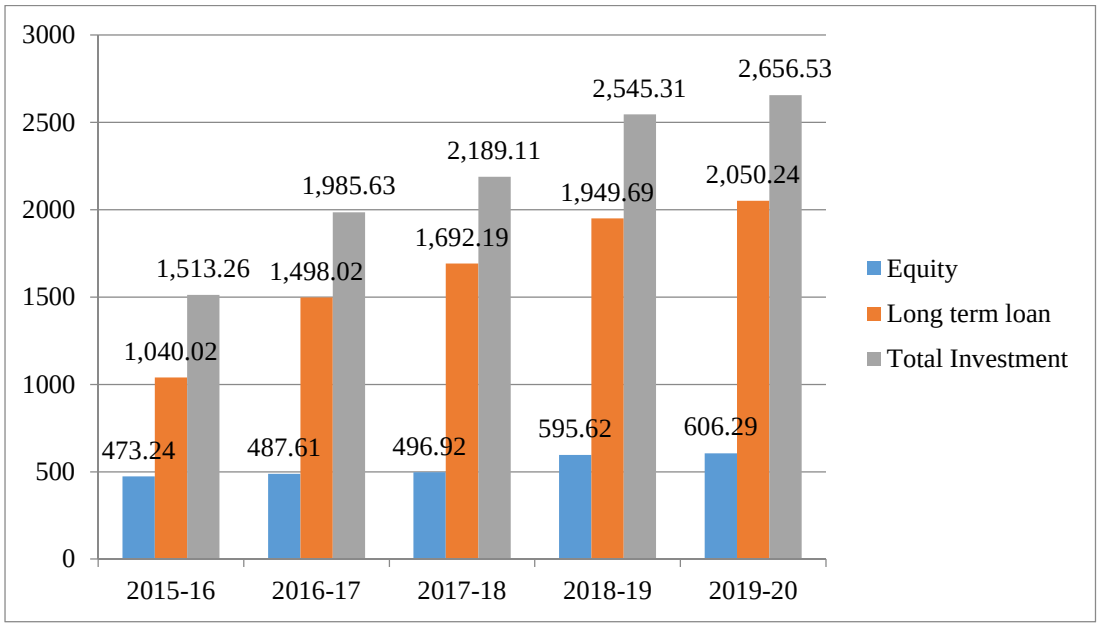
[27] Excluding Chenab Valley Power Project Private Limited which has not received any contribution from the GoJ&K and Kashmir Power Distribution Corporation Limited where the GoJ&K has not paid the subscribed capital of ₹ 0.05 crore.

[28] 2010-11: ₹ 460.45 crore, 2011-12: ₹ 668.95 crore, 2012-13: ₹ 489.51 crore, 2013-14: ₹ 433.41 crore and 2014-15: ₹ 457.96 crore.

[29] Excluding JKB Financial Services Limited wherein the GoJ&K has not made any investment, seven working PSU, Jammu & Kashmir Medical Supplies Corporation Limited, Jammu & Kashmir IT Infrastructure Development Pvt. Limited and AIC-Jammu & Kashmir EDI Foundation, Jammu Smart City Limited, Srinagar Smart City Limited, Jammu Mass Rapid Transit Corporation Pvt. Limited, Srinagar Mass Rapid Transit Corporation Pvt. Limited which never submitted their accounts since inception and two inactive Companies, Jammu and Kashmir Road Development Corporation Limited and Jammu and Kashmir International Trade Centre Corporation Limited.

Chart 5.1

Total investment of GoJ&K in PSUs Sectors (other Sectors)



(Source: As per latest finalised Accounts)

Out of total 36 PSUs of other Sectors, nine[30] are profit making and 13[31] are loss making as per their latest Annual Accounts finalised during the year 2019-20. One PSU[32] has not prepared its profit and loss accounts and remaining 13 PSUs are either non-working or had not submitted their Annual Accounts for supplementary audit during the year 2019-20.

It is recommended that since the continued existence of loss making PSUs causes a substantial drain on the public exchequer, the GoJ&K may review the functioning of all loss making PSUs.

5.11 Key Parameters

The profitability of a Company is traditionally assessed through return on investment, return on equity and return on capital employed. Return on Investment (ROI) measures the profit or loss made in a fixed year relating to the amount of money invested in the form of equity and long term loans and is expressed as a percentage of

30 Jammu & Kashmir Horticulture Produce Marketing and Processing Corporation Limited, Jammu & Kashmir Women's Development Corporation Limited, Jammu & Kashmir Small Scale Industries Development Corporation Limited, Jammu & Kashmir Projects Construction Corporation Limited, Jammu & Kashmir Police Housing Corporation Limited, Jammu & Kashmir Cements Limited, Jammu & Kashmir Tourism Development Corporation Limited and Jammu & Kashmir State Financial Corporation and Jammu & Kashmir Cable Car Corporation Limited.

31 Jammu & Kashmir Agro Industries Development Corporation Limited, J&K Scheduled Castes, Scheduled Tribes and Backward Classes Development Corporation Limited, Jammu & Kashmir State Industrial Development Corporation Limited, Jammu & Kashmir Industries Limited, Jammu & Kashmir Handicrafts (Sales and Export) Development Corporation Limited, Jammu & Kashmir Handloom Development Corporation Limited, Jammu & Kashmir Trade Promotion Organisation, Jammu & Kashmir Infrastructure Development Finance Corporation Pvt. Limited, Jammu & Kashmir Minerals Limited, Jammu & Kashmir Bank Limited, JKB Financial Services Limited, Jammu & Kashmir State Road Transport Corporation, Jammu & Kashmir State Forest Corporation.

32 Jammu & Kashmir Overseas Employment Corporation Limited.

profit to total investment. Return on Capital Employed (ROCE)[33] is a financial ratio that measures the Company's profitability and the efficiency with which its capital is used and is calculated by dividing Company's earnings before interest and taxes by capital employed. Return on Equity (ROE)[34] is a measure of performance calculated by dividing the net profit after tax by shareholders fund.

The key financial ratios used to assess the performance of the PSUs as per their latest finalised accounts are given in Table 5.8 (A), (B1) and (B2):

(A) Power Sector PSUs

Table 5.8 (A) Key parameters of Power Sector PSUs[35]

(In *per cent*)

	2015-16	2016-17	2017-18	2018-19	2019-20
ROCE	10.57	10.57	5.85	5.85	5.65
ROI	7.54	7.54	2.78	2.78	3.82
ROE	8.34	8.34	2.87	2.87	3.79

Investment based on Historical Cost

The ROCE decreased from 10.57 *per cent* during 2015-16 to 5.65 *per cent* during 2019-20. ROI ranged between 2.78 *per cent* and 7.54 *per cent* and ROE ranged between 2.87 *per cent* and 8.34 *per cent* during this period. These parameters have been worked out taking into consideration plan fund infusion (as given in Table 5.3) by GoJ&K.

(B-1) Listed PSUs of other Sectors

Only one PSU of GoJ&K, Jammu and Kashmir Bank Limited is listed since July 1998 on the stock exchange.

Table: 5.8 (B1) Key parameters of Listed PSU of other Sectors

(in *per cent*)

		2015-16	2016-17	2017-18	2018-19	2019-20
Jammu & Kashmir Bank Limited	**ROCE**	12.87	-36.75	11.55	17.93	-23.18
	ROI[36]	533.08	532.82	409.61	361.60	182.79
	ROE	10.10	-65.00	7.65	15.46	-61.63

33 ROCE = Earnings before Interest and Tax/ Capital Employed, Capital employed = Paid up share capital + free reserves and surplus + long term loans minus accumulated losses - deferred revenue expenditure. Figures are as per the latest year for which accounts of the PSUs are finalized.

34 ROE=Profit after Tax/Share holders' Fund, Share holders' Fund = Paid up capital + free reserves and surplus– deferred revenue expenditure – accumulated losses.

35 Only one power PSU, Jammu & Kashmir Power Development Corporation Limited having investment made by GoJ&K is considered.

36 ROI= (Government's share of the Market Capitalisation of the Company as at 31 March of FY + Present Value of Dividend Receipts of the Government as at 31 March of FY + Present Value of Disinvestment Receipts of the Government as at 31 March of FY) – (Paid-up Equity of the Government as at Inception + Discounted Value of Equity infused by the Government as at Inception + Discounted Value of Subsidy/Grants infused for meeting Operational and Administrative Expenditure as at Inception)/ (Paid-up Equity of the Government as at Inception + Discounted Value of Equity infused by the Government as at Inception + Discounted Value of Subsidy/ Grants infused for meeting Operational and Administrative Expenditure as at Inception)/ Number of intervening annual periods.

The ROCE and ROE was high during the period 2015-16 to 2018-19(except during 2016-17), mainly due to high Profit after tax earned by Jammu and Kashmir Bank Limited. During 2019-20, ROCE and ROE was negative due to loss suffered by it. The ROI showed a decreasing trend during the period 2015-16 to 2019-20. As a result, compounded annual growth rate also decreased from 3.81 *per cent* to (-) 2.05 *per cent* during the period 2015-16 to 2019-20 as detailed in ***Appendix 5.6(A)***.

(B-2) Non-Listed PSUs of other Sectors

Table: 5.8(B2): Key parameters of non-listed PSUs of other Sectors (on historical cost)

(in *per cent*)

		2015-16	2016-17	2017-18	2018-19	2019-20
Aggregate of PSUs for other Sectors	**ROCE**	-28.44	-22.91	-9.94	-22.17	NA[37]
	ROI[38]	-29.67	-34.09	-32.32	-29.39	-15.88
	ROE[39]	-	-	-	-	-
Profit Making PSUs	**ROCE***	7.68	9.05	8.83	11.02	19.38
	ROI^	6.85	7.52	24.35	23.37	39.37
	ROE	15.46	13.95	12.02	13.17	43.52
Loss Making PSUs	**ROCE***	-28.51	-34.24	-35.01	-47.89	-7.10
	ROI^	-63.10	-70.44	-55.45	-46.93	-59.16
	ROE	-	-	-	-	-

**Only Companies with positive capital employed were considered*

^ Excluding Companies[40] which have not prepared the Profit and Loss accounts

ROE for the Non-Listed PSUs of other Sectors could not be worked out as the aggregate Shareholders' fund for all the years remained negative.

ROCE in Tables 5.8 (B1) and (B2) has been worked out at face value of investment. Since there is no share premium in respect of Non-Listed PSUs of other Sectors PSUs, ROCE including share premium will not change. However, the ROCE worked at realised value[41] of investment in respect of Jammu & Kashmir Bank Limited is as follows:

37 ROCE cannot be worked out as the capital employed for 2019-20 was negative.

38 Equity infused by other than GoJ&K also considered while arriving at total ROI.

39 ROE for the Non Power Sector PSUs and loss making Non Power PSUs cannot be worked out as the total Share holders fund for all the years were negative.

40 For the years 2014-15 to 2017-18, five companies, Jammu & Kashmir Overseas Employment Corporation Limited, Jammu & Kashmir Medical Supplies Corporation Limited, Jammu & Kashmir State Road Development Corporation and Jammu & Kashmir International Trade Centre Corporation Limited and for the year 2018-19, additional nine newly incorporated companies and for the year 2019-20, Jammu & Kashmir Overseas Employment Corporation Limited, six inactive Companies and seven Companies which have not submitted their accounts since inception.

41 Investment including share premium.

Table 5.9: ROCE for Listed PSUs of other Sectors considering share premium

(in *per cent*)

Year	2015-16	2016-17	2017-18	2018-19	2019-20
Jammu & Kashmir Bank Limited	12.69	-33.78	10.12	16.17	-18.06

The ROCE after considering the share premium account of Jammu & Kashmir Bank Limited, ranged between -33.78 *per cent* to 16.17 *per cent* during the period 2015-16 to 2019-20.

Only 10 PSUs (details in ***Appendix 5.6(B)***) had Profit before Tax as per the latest finalised Annual Accounts during the period 2015-16 to 2019-20.Among these PSUs, the Jammu and Kashmir State Financial Corporation earned profit for the financial year 2018-19 and Jammu and Kashmir Bank incurred loss during the financial year 2019-20.

5.12 Rate of Real Return (RORR) on Government Investment

Traditional calculation of return based only on historical cost of investment may not be a correct indicator of the adequacy of the return on the investment as such calculations ignore the present value of money. Therefore, in addition to the calculation of return on funds invested on historical cost basis, the real rate of return on investment has also been calculated after considering the Present Value (PV) of money invested. PV was computed where funds had been infused by the GoJ&K as equity, interest free loan, interest free loan converted into equity. Grant/ subsidy given by the Government for operational and management expenses have not been considered as bifurcation of grant and subsidy for operational and management expenses and for other purpose was not available since inception of these companies till 31 March 2020.

The PV in these undertakings was computed on the following assumptions:

- Interest free loans have been considered as fund infusion. However, in case of repayment of loans by the PSUs, the PV was calculated on the reduced balances of interest free loans over the period.
- The average rate of interest on government borrowings for the concerned financial year was adopted as discount rate for arriving at Present Value since they represent the cost incurred by the Government towards investment of funds for the year.

(A) PSUs of Power Sector

The GoJ&K infused ₹ 5.00 crore as equity in JKPDC. In addition to this, the State also provided Plan funds since inception of the Company (1994-95) for creation of Capital Assets, which could not be bifurcated, has not been considered. In order to bring the historical cost of investments to its Present Value (PV) at the end of each year upto 31 March 2020, the past investments/year wise equity infused by the GoJ&K in JKPDC was computed on the basis of following assumptions:

- Actual infusion by the GoJ&K in the form of equity;
- Plan fund given by GoJ&K, later converted into equity, has been added to the equity in the year 2019-20;
- Assets transferred to JKPDC by GoJ&K at book value have been treated as equity contribution in kind during the year 2019-20;
- The average interest rate on Government borrowings for the concerned financial year was adopted as compounded rate for arriving at PV since they represent the cost incurred by the government towards investment of funds for the year and therefore considered as the minimum expected rate of return on investments made by the Government; and
- For the purpose of PV calculation of GoJ&K investment, the period from 2000-01 till 2019-20 has been taken for considering the investment of GoJ&K in JKPDC as on 31 March 2020.

The details of GoJ&K investment in the JKPDC in the form of equity and grants/subsidy since 2000-01 till 2019-20 and consolidated position of the PV of GoJ&K investment in JKPDC is indicated in Table 5.10:

Table 5.10: Year wise details of investment by the GoJ&K and its Present Value (PV) from 2000-01 to 2019-20

(₹ in crore)

Year	Total investment made by the Govt. in JKPDC at the beginning of the year	Equity infused by the GOJ&K during the year	Interest free loan granted by GoJ&K during the year	Total investment during the year	Total investment at year end	Average rate of interest	Present value of total investment at the end of the year
A	B	C	D	E = C+D	F=E+B	G	H=F*(1+G/100)
1999-2000	5	0	0	0	5	11.96	5.60

2016-17	23.37	0	0	0	23.37	7.83	25.20
2017-18	25.20	0	0	0	25.20	7.23	27.02
2018-19	27.02	0	0	0	27.02	7.2	28.97
2019-20	28.97	2,588.34	0	2,588.34	2,617.31	7	2,800.52

The balance of investment of the GoJ&K in JKPDC at the end of 2019-20 was ₹ 3,111.96 crore as the GoJ&K made investments in the shape of equity amounting to ₹ 2,593.34 crore (₹ 2,588.34 crore + ₹ 5 crore) and plan fund amounting to ₹ 518.62 crore (not treated as equity or loans). The PV of investments of the GoJ&K upto 31 March 2020 worked out to ₹ 2,800.52 crore. The net earnings of JKPDC as per the latest finalised account for the year 2014-15 was ₹ 220.12 crore. Thus, against the PV amounting to ₹ 2,800.52 crore of the GoJ&K, the return was 7.86 *per cent*.

(B) PSUs in other Sectors

An analysis of the earnings *vis-à-vis* investments in respect of 35 PSUs[42] (in other sectors) where funds had been infused by the GoJ&K was carried out to assess the profitability of these PSUs. During the period from 2015-16 to 2019-20, these 35 PSUs had a positive return on investment (except for the year 2016-17& 2019-20).

The PSUs-wise position of 35[43] PSUs wherein the GoJ&K had made an investment in the form of equity and interest free loans is indicated in ***Appendix 5.7(A)***. Further, the position of Net Present Value of the investment relating to all the PSUs by the GoJ&K for the same period is indicated in ***Appendix 5.7(B)***.

The balance of investment by the GoJ&K in these PSUs at the end of 2019-20 increased to ₹ 910.82 crore[44] from ₹ 347.29 crore at the beginning of 1999-2000 as the GoJ&K made further investments in form of equity (₹ 440.73 crore) and interest free loans (₹ 140.30 crore)during the period 1999-2000 to 2019-20. The

[42] Excluding JKB Financial Services Limited wherein the GoJ&K had not made any investment.

[43] Between 1999-2020, investment was made only in 28 PSUs as mentioned in *Appendix 5.7(A).*

[44] Opening balance:(₹ 347.29 crore) + Equity: (₹ 440.73 crore) + Interest free loans: (₹ 140.30 crore)- Interest free loan converted into equity:(₹ 17.50 crore).

PV of the investment infused by the GoJ&K as on 31 March 2020 amounted to ₹ 3,070.71 crore.

During 2019-20, the net earnings of the PSEs was negative. Accordingly there were no returns.

5.13 Comparison of investment as per historical cost and as per present value of such investment

PSUs in Other Sectors

The Government had positive returns on investments in 35 PSUs during the period 2013-14 to 2019-20 with the exception of 2016-17 and 2019-20. Comparison of returns on investment at historical cost and at present value for these years as per the latest finalised accounts is given in Table 5.11.

Table 5.11: Comparison of return on investment

(₹ in crore)

Year	Total earnings	Funds invested by the GoJ&K	Return on investment on historical cost basis (*per cent*)	PV of the investment at end of the year[45]	Return on investment considering the present value of the investments (*per cent*)
2013-14	1,048.22	530.68	197.52	1,711.90	61.23
2014-15	378.25	535.51	70.63	1,848.57	20.46
2015-16	264.80	542.36	48.82	1,989.94	13.31
2016-17	-1,809.73	551.92	-327.90	2,156.06	-83.94
2017-18	32.62	681.32	4.79	2,450.70	1.33
2018-19	274.10	864.21	31.72	2,823.21	9.71
2019-20	-1,242.27	910.82	-136.39	3,070.71	-40.46

**During 2016-17 and 2019-20 the total earnings were negative due to losses incurred by Jammu and Kashmir Bank Limited*

The return earned on investment on historical cost basis was 197.52 *per cent* in 2013-14. It declined and dropped to (-) 136.39 *per cent* during 2019-20 mainly due to decrease in the profit after tax of two[46] Companies. Whereas, the returns earned considering the present value of the investments dropped from 61.23 *per cent* during 2013-14 to (-) 40.46 *per cent* during 2019-20. During 2016-17, the returns were negative due to losses of ₹ 1,632.29 crore incurred by Jammu and Kashmir Bank Limited.

[45] Arrived at by adding PV of GoJ&K investment and other investment.The present value on other equity has been calculated from 2013-14 onwards.

[46] (1) Jammu and Kashmir Bank Limited PAT (2013-14: ₹ 1,182.47 crore; 2019-20: ₹ -1139.41 crore) and (2) Jammu and Kashmir State Road Transport Corporation PAT (2013-14: ₹ -66.97 crore; 2019-20: ₹ -117.62 crore).

5.14 Erosion of Net worth of PSUs

(A) Power Sector

Net worth is the sum total of the paid-up capital and free reserves and surplus minus accumulated losses and deferred revenue expenditure. Essentially, it is a measure of what an entity is worth to the owners. A negative net worth indicates that the entire investment by the owners has been wiped out by accumulated losses and deferred revenue expenditure. The overall accumulated profit of JKPDC[47] was ₹ 41.31 crore as against the capital investment of ₹ five crore, resulting in positive net worth of ₹ 46.31 crore as detailed in ***Appendix 5.4*** and given in Table 5.12.

Table 5.12: Net worth of JKPDC as per the latest finalised Annual Accounts during period from 2015-16 to 2019-20

(₹ in crore)

Year	Paid up Capital at end of the year	Free Reserves	Accumulated Profit (+)/ Loss (-) at end of the year	Deferred revenue expenditure	Net worth
2015-16	5.00	Nil	-519.06	Nil	-514.06
2016-17	5.00	Nil	-519.06	Nil	-514.06
2017-18	5.00	Nil	-178.81	Nil	-173.81
2018-19	5.00	Nil	-178.81	Nil	-173.81
2019-20	5.00	Nil	41.31	Nil	46.31

**Source : As per latest finalised accounts of the Company*

JKPDC registered a net increase of ₹ 2,588.34 crore towards equity during the year 2019-20.

(B) PSUs in other Sectors

The capital investment, accumulated losses and free reserves of 23 State PSUs[48] (in other sectors) as per their latest finalised accounts were ₹ 707.00 crore, ₹ 3,010.94 crore and ₹ 1,777.49 crore respectively, resulting in net worth of (-) ₹ 526.45 crore as detailed in ***Appendix-5.8***. Analysis of investment and accumulated losses disclosed that net worth was eroded in nine out of the 23 PSUs as the capital investment and accumulated losses of these PSUs were ₹ 449.01 crore and ₹ 3,404.51 crore, respectively. Of these nine PSUs, the net worth erosion was the

[47] Excluding CVPPP wherein no investment was made by the GoJ&K and others four being inactive although ₹ 0.15 crore were invested by the GoJ&K in these Companies.

[48] Excluding six inactive PSUs (1) Tawi Scooters Limited (2) Himalayan Wool Combers Limited and (3) Jammu and Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu and Kashmir Road Development Corporation Limited and (5) Jammu and Kashmir International Trade Centre Corporation Limited, (6) Jammu & Kashmir Asset Reconstruction Limited and seven working PSU, Jammu & Kashmir Medical Supplies Corporation Limited, Jammu & Kashmir IT Infrastructure Development Pvt. Limited and AIC-Jammu & Kashmir EDI Foundation, Jammu Smart City Limited, Srinagar Smart City Limited, Jammu Mass Rapid Transit Corporation Pvt. Limited, Srinagar Mass Rapid Transit Corporation Pvt. Limited which never submitted their accounts since inception.

highest in Jammu & Kashmir State Road Transport Corporation (₹ 1,581.66 crore[49]), Jammu & Kashmir Industries Limited (₹ 737.19 crore[50]), Jammu & Kashmir Handicrafts (Sales and Export) Development Corporation Limited, (₹ 161.54 crore) and Jammu & Kashmir State Industrial Development Corporation Limited (₹ 129.35 crore[51]).

The total paid up capital, free reserves, total accumulated profit/loss, and total net worth of the 23 PSUs where the GoJ&K has made direct/indirect investment during the period 2015-16 to 2019-20 is indicated in the Table 5.13.

Table 5.13: Net worth of 23 PSUs as per the latest finalised accounts during the period 2015-16 to 2019-20

(₹ in crore)

Year	Paid up capital at end of the year	Free reserves[52]	Accumulated profit (+) loss (-) at end of the year	Net worth
2015-16	502.00	4,084.05	-1,885.63	2,700.42
2016-17	516.37	2,484.36	-2,049.16	951.57
2017-18	525.68	2,725.68	-2,150.57	1,100.79
2018-19	618.01	2,960.39	-2,340.41	1,237.99
2019-20	707.00	1,777.49	-3,010.94	-526.45

As can be seen from the above table, overall net worth had decreased from ₹ 2,700.42 crore in 2015-16 to ₹ -526.45 crore in 2019-20 for the 23 PSUs taken together. However, the net worth of 11 PSUs decreased, whereas seven PSU recorded an increase in net worth, in two PSUs net worth remained same and three PSUs submitted their accounts first time in 2019-20. As on 31 March 2020, 14 PSUs[53] showed positive net worth and nine PSUs continued to have negative net worth.

5.15 Dividend Payout

As per the latest finalised accounts during 2019-20, one Power Sector PSU, JKPDC and nine working PSUs of other Sectors earned an aggregate profit of ₹ 220.12 crore and ₹ 112 crore, respectively. However, no PSUs had declared any dividend for the year 2019-20.

49 As per latest finalised accounts for the year 2018-19.

50 As per latest finalised accounts for the year 2013-14.

51 As per latest finalised accounts for the year 2013-14.

52 Revenue & Other Reserves of Jammu and Kashmir Bank Limited during, 2015-16 (₹ 4,072.21 crore), 2016-17 (₹ 2,458.98 crore), 2017-18 (₹ 2,625.65 crore) and 2018-19 (₹ 2,950.97 crore) and 2019-20 (₹ 1777.49) have been taken as free reserves and accumulated profits.

53 (1) Jammu & Kashmir Scheduled Casts, Scheduled Tribes and Backward Classes Development Corporation Limited (2) JKB Financial Services Limited, (3) Jammu & Kashmir Small Scale Industries Development Corporation Limited, (4) Jammu & Kashmir Women's Development Corporation Limited, (5) Jammu & Kashmir Project Construction Corporation, (6) Jammu & Kashmir Police Housing Corporation Limited, (7) Jammu & Kashmir Cements Limited, (8) Jammu & Kashmir Tourism Development Corporation Limited, (9) Jammu & Kashmir Cable Car Corporation Limited and (10) Jammu & Kashmir Bank Limited (11) Jammu & Kashmir Trade Promotion Organisation (12) Jammu & Kashmir Infrastructure Development Corporation (13) Jammu & Kashmir State Forest Corporation (14) Jammu & Kashmir Overseas Employment Corporation Limited.

It is recommended that the GoJ&K may consider declaration of dividend policy for profit making PSUs.

5.16 Analysis of long term loans of the Companies

The analysis of the long term loans of the Companies which had leverage[54] during 2015-20 was carried out to assess the ability of the Companies to service the debt owed by the Companies to Government, banks and other financial institutions. This is assessed through the Interest Coverage Ratio (ICR) and Debt Turnover Ratio (DTR).

5.17 Interest Coverage Ratio

Interest Coverage Ratio (ICR) is used to determine the ability of a Company to pay interest on outstanding debt and is calculated by dividing a Company's Earnings Before Interest and Taxes (EBIT) by interest expenses of the same period. The lower the ratio, the lesser the ability of the Company to pay interest on debt. An ICR of below one indicates that the Company was not generating sufficient revenues to meet its expenses on interest.

(A) PSUs of Power Sector

The details of interest coverage ratio of JKPDC[55] as per the latest finalised accounts during the period from 2015-16 to 2019-20 is given in Table 5.14.

Table 5.14: Interest coverage ratio of PSUs of the Power Sector

(₹ in crore)

Year	Accounts finalised up to	Interest	EBIT	Interest coverage ratio
2015-16	2011-12	227.34	668.95	2.94
2016-17	2011-12	227.34	668.95	2.94
2017-18	2013-14	155.78	433.41	2.78
2018-19	2013-14	155.78	433.41	2.78
2019-20	2014-15	134.57	457.96	3.40

As seen from the Table 5.14, JKPDC had interest coverage ratio of more than one during entire period from 2015-16 to 2019-20, indicating that the Company is generating sufficient revenue to meet its expenses on interest.

54 Use of borrowed fund to increase potential return of an investment.
55 Remaining five Power Sector companies had not availed any kind of loan.

(B) PSUs of other Sectors

The details of interest coverage ratio of PSUs of other Sectors[56] as per the latest finalised accounts during the period from 2015-16 to 2019-20 are given Table 5.15.

Table 5.15: Interest Coverage Ratio of State PSUs of other Sectors

(₹ in crore)

Year	Interest	EBIT	Number of PSUs having liability of loans from Government and Banks and other financial institutions	Number of PSUs having interest coverage ratio	
				More than 1	Less than 1
2015-16	248.14	763.93	16	4	12
2016-17	206.27	-1,464.76	16	3	13
2017-18	257.83	439.21	16	5	11
2018-19	373.87	927.06	14	5	9
2019-20	358.90	-910.00	14	6	8

Of the 14 State PSUs of Sectors other than the Power Sector having liability of loans from Government as well as Banks and other Financial Institutions during 2019-20, six PSUs[57] had interest coverage ratio of more than one, whereas remaining eight PSUs had Interest Coverage Ratio below one, which indicated that these eight PSUs could not generate sufficient revenues to meet their expenses on interest during the period.

5.18 Debt-Turnover Ratio of PSUs

(A) Power Sector

The Debt-Turnover Ratio of JKPDC deteriorated to 2.23 in 2019-20 due to significant increase in Debt against meager increase in Turnover, as given in Table 5.16.

[56] Excluding six inactive PSUs (1) Tawi Scooters Limited (2) Himalayan Wool Combers Limited and (3) Jammu and Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu and Kashmir Road Development Corporation Limited and (5) Jammu and Kashmir International Trade Centre Corporation Limited, (6) Jammu & Kashmir Asset Reconstruction Limited, seven working PSU, Jammu & Kashmir Medical Supplies Corporation Limited, Jammu & Kashmir IT Infrastructure Development Pvt. Limited and AIC-Jammu & Kashmir EDI Foundation, Jammu Smart City Limited, Srinagar Smart City Limited, Jammu Mass Rapid Transit Corporation Pvt. Limited, Srinagar Mass Rapid Transit Corporation Pvt. Limited which never submitted their accounts since inception, six PSUs, (1) JKB Financial Services Limited (2) Jammu & Kashmir Police Housing Corporation Limited (3) Jammu & Kashmir Cable Car Corporation Limited (4) Jammu & Kashmir Overseas Employment Corporation Limited (5) Jammu & Kashmir Trade Promotion Organisation (6) Jammu & Kashmir Infrastructure Development Corporation Pvt. Limited which have not availed any loan and three PSUs, (1) Jammu & Kashmir Tourism Development Corporation Limited, (2) Jammu & Kashmir State Forest Corporation and (3) Jammu & Kashmir Projects Construction Corporation Limited which have not provided for the interest in their books of account.

[57] Jammu & Kashmir State Horticulture Produce Marketing and Processing Corporation Limited, Jammu & Kashmir State Women's Development Corporation Limited, Jammu & Kashmir Small Scale Industries Development Corporation Limited, Jammu & Kashmir Cements Limited, Jammu & Kashmir State Cable Car Corporation Limited and Jammu & Kashmir State Financial Corporation.

Table 5.16: Debt Turnover ratio relating to the JKPDC

(₹ in crore)

Particulars	2015-16	2016-17	2017-18	2018-19	2019-20
Debt from Government and others (Banks and Financial Institutions)	1,493.55	1,493.55	1,826.49	1,826.49	2,291.72
Turnover	1,119.90	1,119.90	992.46	992.46	1,025.91
Debt-Turnover Ratio	1.33:1	1.33:1	1.84:1	1.84:1	2.23:1

(Source: Compiled based on latest finalised accounts)

(B) PSUs in other Sectors

The debt turnover ratio declined from 0.53 in 2015-16 to 0.41 in 2019-20. The debt-turnover ratio ranged between 0.41 and 0.53 during this period, as given in Table 5.17.

Table 5.17: Debt Turnover Ratio relating to the 20 PSUs (other Sectors)

(₹ in crore)

Particulars	2015-16	2016-17	2017-18	2018-19	2019-20
Debt from Government and others (Banks and Financial Institutions)	3,834.30	3,097.52	3,633.37	4,200.71	4,174.44
Turnover	7,296.59	7,238.03	7,579.22	8,792.44	10,272.26
Debt-Turnover Ratio	0.53:1	0.43:1	0.48:1	0.48:1	0.41:1

(Source: Compiled based on latest finalised accounts)

Declining debt-turnover ratio indicates that the PSU is generating enough revenue and they are in better position to service their debts.

5.19 Inactive State PSUs

Four out of the six PSUs of Power Sector having a total investment of ₹ 0.15 crore towards share capital, were inactive as of 31 March 2020.

Similarly, six of the 36 State PSUs in other Sectors were non-working and were having a total investment of ₹ 57.42 crore[58] towards Capital (₹ 56.59 crore) and Long Term Loans (₹ 0.83 crore) as on 31 March 2020. The numbers of non-working PSUs at the end of each year during last five years ended 31 March 2020 are given below in Table 5.18.

[58] Tawi Scooters Limited: ₹ 1.63 crore, Himalyan Wool Combers Limited: ₹ 1.37 crore, Jammu &Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (a subsidiary of Himalyan Wool Combers Limited): ₹ 0.40 crore, Jammu & Kashmir State Road Development Corporation Limited: ₹ 5.00 crore, Jammu & Kashmir International Trade Centre Corporation Limited: ₹ 48.00 crore and Jammu & Kashmir Asset Reconstruction Limited: ₹ 2.00 crore.

Table 5.18: Inactive State PSUs

Particulars	2015-16	2016-17	2017-18	2018-19	2019-20
Number of inactive PSUs in Power Sector	4	4	4	4	4
Number of inactive PSUs (other Sectors)	4	5	5	5	6

(Source: Compiled from the information included in Audit Report (PSU), GoJ&K of respective years)

Out of six inactive PSUs in other Sectors, four PSUs[59] were under liquidation as they were not working since last one to 28 years.

The Government may take appropriate decision for winding up of these inactive PSUs.

5.20 Comments on Accounts of Public Sector Undertakings

(A) Power sector

Three[60] power sector PSUs forwarded their eight audited account to the Principal Accountant General during 1 October 2019 to 31 December 2020 and all were selected for supplementary audit. The details of aggregate money value of the comments of Statutory Auditors and the C&AG, for the Annual Accounts finalised during last three years are given in Table 5.19.

Table-5.19: Impact of audit comments on power sector PSUs

(₹ in crore)

Sl. No.	Particulars	2017-18		2018-19		2019-20	
		Number of accounts	Amount	Number of accounts	Amount	Number of accounts	Amount
1.	Decrease in profit	1	4.19	1	15.60	1	11.89
2.	Increase in profit	1	63.22	-	-	1	55.35
3.	Increase in loss	-	-	-	-	-	-
4.	Decrease in loss	-	-	-	-	-	-
5.	Non-disclosure of material facts	2	112.83	-	-	-	-
6.	Errors of classification	-	-	-	-	2	1,594.81

(Source: Compiled from comments of the Statutory Auditors/ C&AG in respect of Government Companies)

During the year 2019-20, the Statutory Auditors had issued qualified certificates on two accounts. The Statutory Auditors pointed out two instances of non-compliance to the Indian Accounting Standards in one account of Chenab Valley Power Projects Private Limited.

[59] Tawi Scooters Limited, Himalyan Wool Combers Limited, Jammu & Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited, Jammu & Kashmir Asset Reconstruction Limited.

[60] Jammu & Kashmir Power Development Corporation Limited (2014-15), Chenab Valley Power Projects Private Limited (2019-20) and Kashmir Power Distribution Corporation Limited (2013-14 to 2018-19).

(B) PSUs in Other Sectors

12 PSUs forwarded 42 audited accounts to the Principal Accountant General during the period from 1 October 2019 to 31 December 2020. The Audit Reports of Statutory Auditors and supplementary audit conducted by the C&AG indicated that the quality of accounts needs to be improved substantially. The details of aggregate money value of the comments of Statutory Auditors and the C&AG, for the accounts finalised during last three years are given in Table 5.20.

Table-5.20: Impact of audit comments on State PSUs (other sectors)

(₹ in crore)

Sl. No.	Particulars	2017-18		2018-19		2019-20	
		Number of accounts	Amount	Number of accounts	Amount	Number of accounts	Amount
1.	Decrease in profit	2	0.16	3	16.86	3	536.18
2.	Increase in profit	2	0.05	1	0.03	1	9.06
3.	Increase in loss	3	1.55	8	103.69	15	4.95
4.	Decrease in loss	2	1.17	3	100.48	3	0.19
5.	Non-disclosure of material facts	4	21.82	1	95.71	13	56.24
6.	Errors of classification	5	97.39	13	48.43	15	17.27

(Source: Compiled from comments of the Statutory Auditors/ C&AG in respect of Government Companies)

During the year 2019-20, the Statutory Auditors had issued qualified certificates on 22 accounts. Compliance to the Accounting Standards by the PSUs remained poor as the Statutory Auditors pointed out 103 instances of non-compliance to the Accounting Standards in 31 accounts of eight[61] PSUs.

There are three Statutory Corporations, Jammu & Kashmir State Road Transport Corporation (JKSRTC), Jammu & Kashmir State Financial Corporation and Jammu & Kashmir State Forest Corporation. The C&AG is sole auditor in respect of JKSRTC. During the period from 1 October 2019 to 31 December 2020, Jammu & Kashmir State Forest Corporation submitted Annual Accounts from 1996-97 to 2016-17 for audit and the comments of C&AG on these accounts were under process. Jammu & Kashmir State Financial Corporation forwarded its annual accounts for the year 2018-19 and the comments were issued. The Statutory Auditors had given qualified certificate on annual accounts of Jammu and Kashmir State Financial Corporation for the year 2018-19. JKSRTC forwarded its annual accounts for 2014-15 to 2018-19. However, the GoJ&K was requested to prescribe the format of accounts of JKSRTC as per the provisions of the Road Transport Corporation Act, 1950.

[61] Jammu & Kashmir Industries Limited, Jammu & Kashmir Handicrafts (S&E) Corporation Limited, Jammu & Kashmir Police Housing Corporation Limited, Jammu & Kashmir Handloom Development Corporation Limited, Jammu & Kashmir Small Scale Industries Development Corporation Limited, Jammu & Kashmir SC, ST & BC Development Corporation Limited, Jammu & Kashmir Tourism Development Corporation Limited and Jammu & Kashmir Bank Limited.

The details of aggregate money value of the comments of Statutory Auditors and supplementary audit by the C&AG in respect of Statutory Corporations for the last three years are given in Table 5.21.

Table-5.21: Impact of audit comments on Statutory Corporations

(₹ in crore)

Sl. No.	Particulars	2017-18		2018-19		2019-20

(Source: Compiled from comments of the Statutory Auditors/ C&AG in respect of Statutory Corporations)

The concerned PSUs may ensure strict Compliance to Statutory norms for error free accounts and to avoid over/under statement of Profit/Loss. Besides, Finance and Administrative Department should oversee that corrective action is taken by these PSUs.

5.21 Non Compliance with provisions of Accounting Standards/ IND AS

In exercise of the powers conferred by Section 469 of the Companies Act, 2013, read with Section 129 (1), Section 132 and Section 133 of the said Act, the Central Government prescribed Accounting Standards 1 to 7 and 9 to 29. Besides these, the Central Government notified 41 Indian Accounting Standards (Ind AS) through Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016. During the course of supplementary audit, the CAG observed that the following companies had not complied with the Accounting Standards/Ind AS, which was also not reported by their statutory auditors:

Accounting Standard/ Ind AS		**Name of Company**	**Deviation**
Ind AS 10	Property, Plant and Equipment	Jammu and Kashmir Bank Limited	Disclosure made by the company that it has revalued its immovable properties during 2019-20 was not in accordance with the Accounting standard (AS 10) "Property Plant and Equipment".
Ind AS 7	Statement of Cash Flows	Chenab Valley Power Projects Private Limited	Disclosure with regard to components of cash and Cash equivalents and its reconciliation was not as per the requirement of Ind AS 7.
Ind AS 16	Property, Plant and Equipment		The Company had not segregated the expenses of Head Office into two classes i.e. those that are directly attributable to construction of projects and those that are not directly attributable to construction of projects instead the company had booked the entire expenditure under Capital Works In Progress which was not in accordance to Ind AS 16.

5.22 Corporate Governance

5.22.1 Provisions as contained in the Companies Act, 2013

The Companies Act, 2013 was enacted on 29 August 2013 replacing the Companies Act, 1956. In addition, the Ministry of Corporate Affairs has also notified (31 March 2014) Companies Rules 2014 on Management and Administration, Appointment and Qualification of Directors, Meetings of Board of Directors & its powers. The Companies Act, 2013 together with the Companies Rules provide a robust framework for Corporate Governance. The requirements *inter-alia* provide for:

- Qualifications for Independent Directors along with the duties and guidelines for professional conduct {Section 149(6) read with Rule 5 of the Companies (Appointment and Qualification of Directors) Rules, 2014}.
- Mandatory appointment of one woman director on the board in Public Companies having paid-up share capital of ₹ 100 crore or more or turnover of ₹ 300 crore or more {Section 149(1) of the Companies Act, 2013 read with Rule 3 of the Companies (Appointment and Qualification of Directors) Rules, 2014}.
- Appointment of Independent Directors in Public Companies and Mandatory establishment of certain committees like Audit Committee by the companies

having paid-up share capital of ₹ 10 crore or more, turnover of ₹ 100 crore or more, or outstanding loans, debentures and deposits, exceeding ₹ 50 crore. {Rule 4 of Companies (Appointment & Qualification of Directors) Rules, 2014 and Section 177(1) of the Companies Act, 2013}.

- Holding of a minimum of four meetings of Board of Directors every year in such a manner that not more than 120 days shall intervene between two consecutive meetings of the Board {Section 173(1)}.

5.22.2 Review of compliance by selected PSEs of the Corporate Governance provisions

As on 31 March 2020, there were 42 Public Sector Enterprises (PSEs) in Jammu and Kashmir under the audit jurisdiction of the Comptroller and Auditor General of India (CAG). In the context of the policy of the Government to grant more autonomy to the PSEs, Corporate Governance has assumed importance.

For the purpose of the review, an assessment framework was prepared based on the provisions contained in the Companies Act, 2013. The review covers 22 working PSEs (which have forwarded their finalised accounts and are not under liquidation) for the year ended 31 March 2020. List of PSEs covered as well as PSEs excluded from this report is given in the ***Appendix 5.9(A)*** *and* ***5.9(B)*** respectively.

5.22.3 Composition and Meetings of Board of Directors

The Board is the most significant instrument of the Corporate Governance. It is the agency for the implementation of governance policies and practices. It is imperative that the Board devotes adequate attention to Corporate Governance and must be equipped with the requisite representation and its members should meet regularly. Section 173(1) of Companies Act, 2013 stipulates that the Board shall meet at least four times in a year with a maximum time gap of 120 days between two consecutive meetings. Only five Companies[62] conducted four or more than four meeting during the year 2019-20. Companies where the required number of meetings to be held in a year was not complied with during 2019-20 are given in ***Appendix 5.10***.

5.22.4 Independent Directors

According to Section 149 (6) of the Companies Act, 2013 an independent director means a director other than a managing director or a whole-time director or a nominee director, who is a person of integrity and possesses relevant expertise and experience. The presence of independent directors on the Board, capable of taking an independent view on the decisions of the management is widely considered as a means of protecting the interests of shareholders and other stakeholders. Rule 4 of the Companies (Appointment and Qualification of Directors) Rules, 2014 provides that every public company with paid-up share capital of ₹ 10 crore or more or turnover of ₹ 100 crore or more or with aggregated outstanding loans, debentures and deposits

[62] Chenab Valley Power Project Private Limited, J&K Bank Financial Services limited, Jammu and Kashmir Bank, Jammu and Kashmir Infrastructure Development Finance Corporation and Jammu and Kashmir Trade Promotion Organisation.

exceeding ₹ 50 crore shall have at least two independent directors on their board. Only four PSEs were falling under these criteria is given in ***Appendix 5.11***. Only one PSE (Jammu and Kashmir Bank Limited) has appointed two Independent Director on its Board and met with the related criteria[63] provided under Schedule IV of Companies Act.

5.22.5 Woman Director in the Board

Section 149 (1) of the Companies Act, 2013 read with Rule 3 of the Companies (Appointment and Qualification of Directors) Rules, 2014 provides that every public company having paid-up share capital of ₹ 100 crore or more or turnover of ₹ 300 crore or more shall have at least one woman Director in its Board. List of two such PSEs (J&K Bank Ltd. and J&K Small Scale Industries Development Corporation Ltd.) meeting these criteria in Jammu and Kashmir is given in ***Appendix 5.12***. Both the PSEs had woman Director on their Boards.

5.22.6 Filling-up the posts of Company Secretary

Timely filling up of vacancies in the posts of key managerial personnel, viz. Directors. Company Secretary *etc.* ensures the availability of required skill and expertise in the management of the Company. It was observed that 15 PSEs[64] fulfilled the criteria for appointment of Company Secretary. Of these in nine PSEs listed in Table 5.22, vacancies of Company Secretary were not filled.

Table 5.22: List of PSEs where post of Company Secretary was vacant

Sl. No.	Name of PSE
1.	J&K State Horticulture Produce Marketing and Processing Corporation Limited
2.	J&K SC, ST, BC Development Corporation Limited
3.	J&K State Women's Development Corporation Limited
4.	J&K Small Scale Industries Development Corporation Limited
5.	J&K State Industrial Development Corporation Limited
6.	J&K Industries Limited
7.	J&K Handicrafts (Sales and Export) Development Corporation Limited
8.	J&K Cements Limited
9.	J&K Minerals Limited

63 Issuance of letter of appointment, code of conduct, training of independent directors, attending general meetings of the Company and meeting of independent directors.

64 J&K Small Scale Industries Development Corporation Limited, J&K Industries Limited, J&K Bank Limited and J&K Bank Financial Services Limited.

5.22.7 Audit Committee

(A) Composition of Audit Committee

Section 177 (1) and (2) of the Companies Act, 2013, stipulate that there shall be an Audit Committee with a minimum of three directors with Independent Directors forming majority. Further, Rule 6 of Companies (Meetings of Board and its Powers) Rules, 2014 provides that every public company with a paid-up capital of ₹ 10 crore or more or turnover of ₹ 100 crore or more or outstanding loans or borrowings or debentures or deposits exceeding ₹ 50 crore or more shall constitute an Audit Committee.

In terms of above stipulations, four companies listed in ***Appendix 5.11*** were required to constitute Audit Committee. However, only one PSE (Jammu and Kashmir Bank Limited) constituted the Audit Committee. Further, majority of the members of the Audit Committee in Jammu and Kashmir Bank Limited were Independent Directors.

(B) Review of Supplementary Audit findings of the CAG

All the PSEs are subject to the audit of the CAG as per the statutory mandate. Section 143 (6) of the Companies Act, 2013, authorises the CAG to carry out supplementary audit of accounts of Government Companies. Further, section 177 (4) (iii) of the Companies Act, 2013 provides that Audit Committee shall examine the financial statements and Auditors' Report thereon. Thus, in case of PSEs, it is the responsibility of the Audit Committee to review the findings of the CAG. The comments of the CAG on annual accounts had been reviewed by the Audit Committee in the case of Jammu and Kashmir Bank Limited only.

5.22.8 Other Committees

(I) Nomination and Remuneration Committee

Section 178 (1) of the Companies Act, 2013 and Rule 6 of the Companies (Meeting of Boards and its Powers), Rules 2014, stipulate that each PSE shall constitute a Nomination and Remuneration Committee comprising of at least three Directors, all of whom should be non-executive Directors and at least half shall be independent. Out of four PSEs required to have independent director in the Board (as discussed in Para 5.22.4), only Jammu and Kashmir Bank Limited had Nomination and Remuneration Committee in place.

In case of any contravention of the provisions of Section 177 (Audit Committee) and Section 178 (Nomination and Remuneration Committee), the company shall be punishable under Section 178(8) of the Companies Act, 2013 with fine which shall not be less than one lakh rupees but which may extend to five lakh rupees and every officer of the company who is in default shall be punishable with imprisonment for a term which may extend to one year or with fine which shall not be less than twenty-five thousand rupees but which may extend to one lakh rupees, or with both.

However, it was noted that no such penalty had been imposed by the Registrar of the Companies during 2019-20.

5.22.9 Whistle Blower Mechanism

Two companies (J&K Bank Limited and J&K State Power Development Corporation Limited) had whistle blower mechanism in place as per requirement of Section 177 (9) of the Companies Act, 2013 read with Rule 7 of the Companies (Meeting of Boards and its Powers), Rules 2014. However, review of the mechanism by the Audit committee (required under Para III (10) of Schedule IV of Companies Act, 2013 read with Rule 7 (2) of the Companies (Meeting of Boards and its Powers), Rules 2014 was done only by J&K Bank Limited.

5.22.10 Notice of Annual General Meeting

Section 101 of the Companies Act 2013 provides that a general meeting of a company may be called by giving not less than 21 days' notice either in writing or through electronic mode in such a manner as may be prescribed. Further, a general meeting may be called after giving a shorter notice if consent is given in writing or by electronic mode by not less than 95 *per cent* of the members entitled to vote at such meeting. In two PSEs (J&K SC/ ST/ BC Development Corporation Limited and J&K Projects Construction Corporation Limited) notice was circulated less than 21 days before the AGM without consent of the required members.

List of PSEs where no AGM is held during 2019-20 is given in ***Appendix 5.13***.

5.23 Follow-up action on Audit Reports

The Report of the C&AG of India represents the culmination of the process of audit scrutiny. It is, therefore, necessary that they elicit appropriate and timely response from the executive. The Finance Department, Government of Jammu and Kashmir issued (June 1997) instructions to all Administrative Departments to submit replies/ explanatory notes to paragraphs/ reviews included in the Audit Reports of the C&AG of India within a period of three months after their presentation to the legislature, in the prescribed format without waiting for any questionnaires from the Committee on Public Undertakings (COPU). The position of explanatory notes on Audit Reports as of September 2020 is given in ***Appendix 5.14***. was as under:-

Out of 11 paragraphs/ performance audits[65]of Power Sector, explanatory notes in respect of only one Performance Audit on Jammu and Kashmir Power Development Corporation Limited was awaited (October 2021).

Similarly, out of 79 paragraphs/ performance audits of other Sectors, explanatory notes to nine paragraphs/ performance audits in respect of two departments, which were commented upon, were awaited (October 2021).

[65] Performance Audit is considered as one Paragraph.

5.24 Compliance to Reports of COPU

Action Taken Notes (ATN) on five paragraphs of power sector PSUs pertaining to two Reports of the COPU and Action Taken Notes (ATN) on 45 paragraphs pertaining to eight Reports of the COPU for other sectors, and presented to the State Legislature between April 2005 to March 2018 had not been received (October 2021), as indicated in Table 5.23.

Table-5.23: Compliance to COPU Reports

Year of the COPU Report	Total number of COPU Reports	Total number of recommendations in COPU Report	Number of recommendations where ATNs not received
Power sector paras			
2015-16 (47th Report)	01	02	02

2017-18 (49th Report)	01	25	24
Total	**08**	**86**[66]	**45**

These Reports of COPU contained recommendations in respect of paragraphs pertaining to 10 departments which appeared in the Reports of the C&AG of India for the years 2000-01 to 2015-16.

It is recommended that the Government may:

- ***impress upon the respective Administrative Ministries/Departments to ensure compliance of provisions as contained in the Companies Act, 2013 and Companies Rules, 2014 so as to achieve the objectives of Corporate Governance in PSEs; and***
- ***ensure timely submission of explanatory notes and ATNs.***

[66] Pertains to 57 paragraphs/ performance audits that featured in the Audit Reports for the years 2000-01 to 2015-16.

Chapter VI

Compliance Audit of Social, General and Economic Sectors (PSUs)

Chapter VI

Compliance Audit of Social, General and Economic Sectors (PSUs)

Forest Department

6.1 Activities of Extraction and Sale of Timber in Jammu & Kashmir Forest Development Corporation Limited

The Company had accumulated losses of ₹ 249.13 crore at the end of March 2020. Outstanding Royalty of ₹ 395.67 crore was payable by the Company to State Forest Department. Timber/ markings valuing ₹ 2.71 crore became rotten/unsaleable. Unrealistic criteria for categorisation of forest area led to incorrect fixation of rates for extraction and transportation of timber. Contractors/ *Amani* mates abandoned work leading to markings/ timber valuing ₹ 17.61 crore being left unattended in the forest.

6.1.1 Introduction

The Jammu and Kashmir State Forest Corporation (J&KSFC) was established (July 1979) under the Jammu and Kashmir State Forest Corporation Act, 1978 (SFC Act). Audit of the accounts of the J&KSFC (from 1996-97 onwards), was entrusted (March 2000) to the Comptroller and Auditor General of India (C&AG) under Section 19(3) of the C&AG's (Duties, Powers and Conditions of services) Act, 1971. After repeal (March 2020) of the SFC Act, the Jammu and Kashmir Forest Development Corporation Limited (J&KFDC) was incorporated (December 2020) as a Company under the Companies Act, 2013.

The functions of J&KFDC (Company) included removal of trees from forests and their disposal, exploitation of forest resources, undertaking research programmes relating to forest and forest products, rendering technical advice to the Government on matters relating to forestry, management, maintenance and development of forests transferred to it by the Government. However, the Company was undertaking only removal of trees from forests and carrying out sale of timber.

As of March 2020, Advisor, in-charge Forest, Environment and Ecology, as Chairman of the Company and five directors, appointed by GoJ&K were running affairs of the Company.

The Company had four Extraction Circles, 13 Extraction Divisions, two Sales Circles and four Sales Divisions. Besides, the Company had two Fair Price Divisions. The Department of Forest, Environment & Ecology, GoJ&K transferred (July 2016) 868 Concessional Zone Timber Sale Depots (CTSD) to the Company.

Audit examined (October 2020 to March 2021) records (2015-16 to 2019-20) of the Company at its Head Office and in six[1], out of 13, Extraction Divisions. Records were also checked in two, out of four, Sales Divisions and two Fair Price Divisions.

[1] Jammu province: Kishtwar, Bhaderwah & Udhampur and Kashmir province: PP East Pulwama, Zangli & Ganderbal.

6.1.2 Accounts and Financial Management

6.1.2.1 Non-finalisation of accounts

After entrustment (March 2000) of audit of accounts (from 1996-97 onwards) of the Company to the C&AG of India, Statutory auditors were to be appointed for submission of certified accounts to the Principal Accountant General. Audit noticed that appointment of Statutory Auditors was made (December 2004) after a delay of over four years and accounts for the period from 1996-97 to 2003-04 were certified (December 2011) after a delay of 15 years. Further, accounts up to the year 2013-14, for the years 2014-15 to 2016-17 and for the years 2017-18 to 2019-20 were submitted to the Principal Accountant General in October 2015, January 2020 and September 2021, respectively. Audit of accounts for the period from 1996-97 to 2013-14 was conducted in January/ February 2021. As of November 2021, reply to the preliminary audit observations was awaited from the Statutory Auditors of the Company.

6.1.2.2 Financial Position

Financial position of the Company for the period from 2015-16 to 2019-20[2] are given in Table 6.1.

Table 6.1: Financial Position

(₹ in crore)

Sl. No.	Particulars	2015-16	2016-17	2017-18	2018-19	2019-20
1	Sales	136.72	147.35	212.20	171.90	148.71
2	Other income	33.04	21.54	2.04	2.32	8.31
3	Closing stock of timber (standing/extracted/sawn)	438.92	461.47	445.14	468.42	511.26
	(A) Total = 1+2+3	**608.68**	**630.36**	**659.38**	**642.64**	**668.28**
4	Opening Stock of timber (standing/extracted/sawn)	431.53	438.92	461.47	445.14	468.42
5	Direct expenditure	47.55	55.58	82.21	53.22	51.00
6	Direction and Administration expenses	103.19	110.16	119.66	138.52	144.11
7	Other expenditure	10.15	10.34	11.39	9.90	8.74
	(B) Total = 4+5+6+7	**592.42**	**615.00**	**674.73**	**646.78**	**672.27**
8	Net Profit/(Loss) for the year **(A-B)**	16.26	15.36	(15.35)	(4.14)	(3.99)
9	Accumulated Losses[3]	241.03	225.67	241.01	245.14	249.13

From the table above, it can be seen that:

- There was increase in revenue from ₹ 136.72 crore (2015-16) to ₹ 147.35 crore (2016-17). It reached the highest level of ₹ 212.20 crore during 2017-18 due to increase in sales which declined in subsequent years to ₹ 148.71 crore in 2019-20.
- Profit earned was ₹ 16.25 crore and ₹ 15.36 crore during 2015-16 and 2016-17, respectively. However, the Company suffered loss of ₹ 15.33 crore

[2] Figures are based on the accounts certified by the Chartered Accountants.
[3] The accumulated losses as on 31 March 2015 were ₹ 257.28 crore.

during 2017-18 mainly due to increase in direct expenditure[4] and direction and administration expenses[5]. It also suffered losses of ₹ 4.14 crore during 2018-19 and ₹ 3.99 crore during 2019-20.

- The accumulated losses stood at ₹ 249.13 crore as of March 2020 as against ₹ 257.28 crore as of March 2015.

The Management stated (April 2021) that increase/ decrease of sale was due to behavior of market and flow of imported timber led to decrease in sale. The Management also attributed (November 2021) losses to the implementation of Goods and Service Tax from July 2017 and re-organisation of J&K UT (Union Territory) after August 2019.

6.1.2.3 Royalty payable to Forest Department

As per agenda note placed before the meeting (April 2019) of the Board of Directors, ₹ 904.15 crore was payable by the Company to the Forest Department on account of royalty bills against markings[6] of trees handed over to the Company during the period 1979-80 to 2018-19. Against the outstanding of ₹ 904.15 crore, the Company paid ₹ 381.01 crore and supplied timber to the Forest Department valuing ₹ 377.30 crore as of March 2019, thus, leaving a balance of ₹ 145.84 crore as of March 2019. Accounts for 2018-19, however, showed that royalty payable to Forest Department was ₹ 395.67 crore. The variation of ₹ 249.83 crore was not reconciled by the Company.

Audit scrutiny of the royalty bills raised by Forest Department revealed that during 2015-20, the Company received markings of 27.26 lakh cft[7] under projects which also consisted green trees, for which full royalty rates were required to be booked in the accounts. Audit test checked records for 6.50 lakh cft of markings under projects and found that 5.74 lakh cft (88.31 *per cent*) was green marking and balance 0.76 lakh cft (11.69 *per cent*) was dry markings. The royalty payable against green markings of 5.74 lakh cft were not provided at full rates leading to short provisioning of royalty to the extent of ₹ 1.31 crore.

6.1.3 Extraction of timber

6.1.3.1 Receipt of marking and extraction done

The details of opening balance of markings available with the Company, fresh markings taken over, targets of extractions, shortfall in extractions, closing stock and losses relating to extraction of timber during the period 2015-16 to 2019-20 are given in Table 6.2.

---

4 Due to (i) increase in quantity of markings taken over from the Forest Department which increased the royalty payable and (ii) increase in extraction of timber leading to increase in extraction charges.

5 Due to implementation of sixth pay commission and its impact in the subsequent years.

6 Trees identified/marked by State Forest Department for extraction of timber.

7 Jammu province: 22.72 lakh cft and Kashmir province: 4.54 lakh cft.

Table 6.2: Targets and achievements regarding extraction of timber

(In lakh cft)

Year	Opening balance of marking	Fresh marking received during the year	Total markings available for extraction	Targets for extraction of Standing volume	Extraction done (standing volume)	Targets of extraction (converted volume)	Extraction done (converted volume)	Percentage of shortfall	Timber handed back	Closing balance of marking	Percentage of converted volume to standing volume	% age of actual extraction to the total available
	i	ii	iii = i + ii	iv	v	vi	vii	viii = {(vi-vii)/vi} %	ix	x	(xi=vii/v) %	(xii=v/iii) %
2015-16	138.90	37.55	176.45	Not fixed	46.18	38	25.38	33.21		130.27	54.96	26.17
2016-17	80.27	53.03	133.30	Not fixed	52.20	43	29.96	30.32	0.31	80.79	57.39	39.16
2017-18	80.43	75.79	156.22	Not fixed	70.07	45	38.99	13.36	0.83	85.32	55.64	44.85
2018-19	84.86	45.68	130.54	80	60.51	40	33.61	15.98	1.23	68.80	55.54	46.35
2019-20	68.80	28.37	97.17	Not fixed	32.78	Not fixed	19.71	NA		64.39	60.13	33.73

(Source: Annual accounts for the period 2015-20 and agenda of meetings of BoDs)

Audit observed that:

- Extraction (converted volume) targets were not fixed for 2019-20. There was shortfall in achievement of targets during 2015-19 ranging between 13.36 *per cent* and 33.21 *per cent.* Division-wise targets were not fixed during 2015-20.
- No targets of extraction (standing volume) were fixed except for the year 2018-19. The percentage of extraction (standing volume) with respect to total markings available for extraction ranged between 26.17 *per cent* and 46.35 *per cent* during 2015-20. Acceptance of fresh markings despite non-extraction of available markings led to creation of liability on account of royalty and accumulation of inventory (standing volume).
- There was short accountal of 50 lakh cft [8] of marked trees valuing ₹ 160.93 crore[9] in the opening stock for 2016-17 as compared to closing stock of 2015-16. Minor variations in the opening balances were also observed in the subsequent years. Since no remedial action was taken by the Company, the variation of 50 lakh cft continued in its book up to March 2020. Variation in the balance of stocks is fraught with the risk of fraud/ misappropriation remaining undetected.

The Management while replying to the audit observation provided (November 2021) a new set of figures of opening balance, marking received and extraction done nullifying the variations. The revised figures provided were not acceptable as, the data in the table above was prepared on the basis of figures of annual accounts of the

[8] Short: In Extraction Divisions Doda (10.89 lakh cft), Kishtwar West (3.30 lakh cft), Kehmil (6.61 lakh cft), PP East (27.56 lakh cft), PP West (2.33 lakh cft), Zangli (1.90 lakh cft), Ganderbal (1.04 lakh cft), Handwara (1.04 lakh cft), Anantnag (0.78 lakh cft), Udhampur (0.26 lakh cft), Rajouri (0.37 lakh cft), Ramban (0.33lakh cft) and Excess: In Extraction Divisions Kishtwar East (4.01 lakh cft), Bhaderwah (1.60 lakh cft), Jammu (0.23 lakh cft) and Baramulla (0.57 lakh cft).

[9] Calculated on the basis of average sale rate of 585.64 per cft for 2015-16 with expected outturn of 27.48 lakh cft SV on the basis of percentage of actual outturn of 54.96 RV achieved during 2015-16).

Company and the allied working sheets which had been duly approved by the Board of the Directors of the Company and certified by the statutory auditor.

6.1.3.2 Categorisation of forest area for fixing estimated cost for extraction/ transportation of timber

The Steering Committee of the Company is empowered to revise rates for extraction/ transportation of timber as prescribed by the National Productivity Council. In Jammu province, the rates (applicable for lumbering operations) for 2015-16 were fixed in May 2015 and the same were revised in May 2019[10]. The coupes[11] of forests were categorised based on nine parameters[12] as A (upto 45 points), B (45-60), C (60-80) or D (above 80) in which the rates for category 'A' was the lowest and 'D' was highest.

Audit reviewed 82 project reports of three sampled Extraction Divisions[13] and noticed that only in three cases[14], project area had been categorised as 'C' and the remaining cases were categorised as 'D'. It was observed that the minimum points which could be assigned was 57 and thus, no coupe could be categorised as Class 'A' and the probability of categorising as class 'B' was also low. Thus, the criteria set for categorisation of the coupes were unrealistic resulting in higher rates being fixed for coupes which should've been under category 'A'.

The Management stated (September 2020/ November 2021) that the weightage distribution for categorisation of the compartment had been calculated as per the proforma devised by National Productivity Council and admitted that no compartments were categorised under Category 'A' and 'B'. It was further stated that the matter would be examined for rectification of 'A' and 'B' categories.

6.1.3.3 Allotment of works for extraction/transportation of timber

After preparation of project report for extraction and transportation of timber, the Company starts the process of allotment of work by inviting tenders or the work is directly allotted on *Amani* basis (engaging labour mates) without inviting tenders to facilitate small and petty contractors preferably local 'D' class contractors, who are unable to compete with bigger contractors. The Board of Directors (BoDs) restricted (March 2013) allotment of work on *Amani* basis to markings up to 40,000 cft (standing) with overall restriction of 33 *per cent.* This was further restricted (November 2018) to markings up to 20,000 cft with overall restriction of 20 *per cent* of the total allotment.

Division-wise allotment of works (on tender and *Amani* basis) and range of receipt of markings of trees (in each compartment) during 2015-20 is detailed in ***Appendix 6.1***. Analysis in audit showed that works for 77.76 lakh cft (51.76 *per cent*) were allotted on *Amani* basis out of which 54 works for 33.54 lakh cft were allotted breaching the limit of 40,000 cft or 20,000 cft.

---

10 Applicable from the date of issuance of order.

11 Forest Coupe: An area within forest which is set aside to be operated/ harvested.

12 Distance from *pucca* road head, Distance from market, availability of labour, working period, security condition, topography/ terrain, mature/ quantity of the marking, terms/ conditions and prevalent local rate.

13 ED Udhampur: 22 cases, ED Kishtwar: 31 cases and ED Bhaderwah: 29 cases.

14 In ED Udhampur.

Out of 573 extraction works[15], only 122 works were allotted on tender basis. Remaining 451 works were allotted on *Amani* basis out of which only 285 works were allotted to Class D/ small contractors (63 *per cent*) and 166 works were allotted to Class A, B and C contractors. Besides, multiple works were allotted to same *Amani* mates, thereby defeating the purpose of allotment of work to small and petty contractors.

Further, in Extraction Division (ED) Ganderbal, out of 9.28 lakh cft allotted during 2015-20, two lakh cft (22 *per cent*) was allotted to one *Amani* mate who was a Class A contractor registered with the Company.

The Company had neither devised any criteria nor made any roster for selection of *Amani* mates and work was being allotted on the application of selective *Amani* mates, thus giving them undue favour.

The Management stated (November 2021) that the works on *Amani* mates were allotted for the following: (i) in case there was poor or no response from the contractors, (ii) to avoid loss of full working season which could lead to deterioration of markings affecting timber, (iii) to save cost escalation, (iv) for timely revenue generation and (v) to achieve the targets fixed for a particular financial year. The allotment of work on *Amani* basis was to serve the dual purpose of providing of extraction work to petty/ local contractors who could not compete with bigger contractors.

The reply of the Management is not tenable as allotment of works to *Amani* mates was made generally without resorting to the invitation of tender. Further, it was seen that works on *Amani* basis were also awarded to contractors registered as Class A indicating works being given to bigger contractors without tendering. Also, delay in execution of works was noticed in works executed on *Amani* basis as well.

6.1.3.4 Delay/ non-completion/ abandoning of works by the contractors/ *Amani* mates

As per agreement executed with contractors/ *Amani* mates for allotment of extraction/ transportation work, the timeline for completion of work was fixed in each case. In the event of failure to execute the contract in accordance with terms and conditions of the tender notice/ Agreement, the Company was to impose all or any of the penalties such as (i) terminate the contract and forfeit the Earnest Money Deposit/ Security deposit, (ii) impose penalty as decided by the management upto 10 *per cent* of the value of the contract and (iii) deregister/ black list the contractor/ *Amani* mate and (iv) execute the balance work at their risk and cost.

Audit noticed that there was delay in completion of work, ranging between one month and 72 months, in 103[16] out of 112 test checked cases[17] in six EDs. In 85 cases, the Company had granted extension of time for completion of work and token penalty

[15] Test checked EDs only.

[16] In nine cases, works were completed within scheduled time.

[17] Udhampur (9), Kishtwar (24), Bhaderwah (18), Ganderbal (22), Pulwama (20) and Zangli (19).

ranging between ₹ 500 and ₹ 39,500[18] was imposed in 84 cases[19]. In remaining 18 cases, neither the extension was granted nor was any penalty imposed. It was also observed that the Company only issued notices to the contractors/ *Amani* mates and did not invoke the provisions of the clauses of the agreement/ NIT which stipulated termination of contract, execution of balance work at the risk and cost of the contractor/ *Amani* mate and blacklisting of the defaulting contractor/ *Amani* mate.

Works partially executed and partially transported: Audit further observed that the contractors/ *Amani* mates left the work incomplete leaving the markings as well as rotten/ unsaleable timber in the Forest/ Transit Depots. However, no action was taken against the contractors/ *Amani* mates. Six cases, as detailed in ***Appendix 6.2*** revealed that 0.26 lakh cft of timber valuing ₹ 1.60 crore[20] was not transported by contractors to the Sale Depots as a result of which the timber had become (17,977 cft) or would become rotten/ unsaleable. Further, 0.51 lakh cft of markings with expected outturn of 0.18 lakh cft[21] valuing ₹ 1.11 crore had not been converted by the contractor/ *Amani* mates with the result that the condition of markings/ timber got deteriorated.

Works abandoned after partial execution and not transported: Ten case studies, as detailed in ***Appendix 6.3,*** revealed that the contractors/*Amani* mates had abandoned work without i) converting the markings of 1.76 lakh cft Round Volume (RV) with expected outturn of 0.80 lakh cft Sawn Volume (SV) valuing ₹ five crore, and (ii) without transporting the extracted timber of 2.02 lakh cft SV valuing ₹ 12.61 crore. This could result in deterioration of the unprocessed timber with the passage of time.

Works not started: In 31 cases[22], the contractors/ *Amani* mates failed to execute the work with the result markings of 3.070 lakh cft with expected outturn of 2.22 lakh cft valuing ₹ 13.79 crore remained un-attended.

The Management attributed (November 2021) delay/ abandoning of works by the contractors/ *Amani* mates to upward trends of labour rates and scarcity of labour in general due to developmental activities, reduction in working hours in a day due to security reasons, spread of marking in vast areas in view of dead end marked trees and erratic climatic conditions. They further added that penalties invoked were subject to the circumstances existing in the forest coupe.

The reply is not tenable, as during preparation of the project reports all the variables are to be suitably taken into consideration.

6.1.3.5 Expected outturn, rotting of timber and incurring of extra cost due to cancellation of contract

In detail review of 13 cases, the following was observed:

- In two cases due to unrealistic preparation of project report the markings rotted with expected outturn of 11,500 cft valuing ₹ 44.44 lakh (***Appendix 6.4***)

[18] Udhampur: ₹ 500-5,200, Kishtwar: ₹ 1,000- 39,500, Ganderbal: ₹ 500-15,000, Bhaderwah: ₹ 1,000-22,000, Pulwama : ₹ 2,000-15,900 and Zangli: ₹ 500-36,000.

[19] In one case, extension was granted without imposing penalty.

[20] Calculated at a rate of ₹ 625.40 per cft (weightage average sale rate for the period 2015-20).

[21] Calculated at weightage average conversion of timber from marking during the period 2015-20.

[22] Pulwama: 22 and Kupwara: 9

- Audit analysis of three cases[23] (***Appendix 6.5)***, revealed the Company failed to re-allot the cancelled contracts for transportation of extracted timber from Forest to Sales depots in time and could not recover extra cost of ₹ 1.09 crore[24] from the defaulting contractors. This also led to rotting of 6,773 cft of timber valuing ₹ 39.67 lakh and loss of expected outturn of 12,783 cft SV valuing ₹ 74.86 lakh.
- The expected outturn is to be fixed based on the norms and inspection of field staff of respective divisions. It was noticed there were abnormal variations in the expected outturn and actual outturn achieved. In one instance, it was observed that the outturn was 74 *per cent* in excess of the expected outturn. These cases are detailed in ***Appendix 6.6***.

The Management stated (November 2021) that the Company had received dry/ fallen/ diseased trees and actual outturn depend upon the quality of marking expected and that the actual outturn was available only after completion of all lumbering activities.

The project reports are to be prepared after receipt and inspection of markings received. However, the Company did not provide any specific reply for abnormal variation in expected and actual outturn.

6.1.3.6 Ineffective system of measurement of timber

Timber is measured while passing the stocks in the Forest after sawing and then the activities of off road transportation[25] (ORT)/ Road Transportation (RT) are carried out. Final measurement is done at Sale Depots and the same is recorded in the reconciliation statement issued by the Sales divisions. *Sharamandi* variation[26] is allowed upto five *per cent*, besides, additional two *per cent* is allowed for mahan[27] loss.

Sharamandi variations were allowed irrespective of the type of the ORT activity. In East Marketing Division, Jammu, against the dispatches of 25.24 lakh cft from Extraction Divisions, actual receipt was recorded at 23.49 lakh cft during the period 2015-20 and variations of 1.75 lakh cft was shown/allowed as *Sharamandi* variations. Variations were also noticed when the stock was again measured while making lots of timber for putting it to auction. In contrast to this, no variation was noticed when the supply was made to the CTSDs (three test checked EDs: 2.35 lakh cft[28]) during 2016-20.

The DM, East Marketing Division, Jammu stated (January 2021) that due to paucity of time during unloading stock in store, the checking was done as per ocular estimation but at the time of forming the lots, proper measurement of stocks was done in store depots with tape and kanda. It was also stated that variation occurred due to dryness and wear and tear of timber. The Management further stated

[23] 51 Kellar, 47 Kellar and 34 Dudu.
[24] C: 51/ Kellar: ₹ 21.08 lakh, C: 47/ Kellar: ₹ 53.18 lakh and C: 34/Dudu: ₹ 34.72 lakh (The contracts provided for completion of work at the risk and cost of defaulting contractor).
[25] Pathroo, pacci nali, tarspan, mahan and crane-Modes of off road transportation within forest area.
[26] Variation between measurement made in forest and measurement made at sales depot, Jammu.
[27] Off road transportation through nallah/ river.
[28] Udhampur: 0.59 lakh cft, Bhaderwah: 0.82 lakh cft and Kishtwar: 0.94 lakh cft.

(November 2021) that *Sharamandi* variations occurred during the process of extraction/ ORT. Some variation at Sales depots were due to breakage of scants due to small sized timber[29],

The Company should relook into the norms for *Sharmandi* variations allowed during supply of timber to prevent leakage of revenue.

6.1.3.7 Non accountal of marking

In case of Compartment-13/ Neeru, 2.08 lakh cft[30] were allotted (May 2012) to a contractor on tender basis. Up to October 2012, the contractor converted 83,139 cft[31] SV (1,57,929 cft RV) out of which 83,034 cft[32] SV was transported to the Sales Depot Jammu. As per Performance report of the Range (Neeru), the contractor had left 50,179 cft RV of Deodar species in the compartment as unconverted which was lying unattended in the Forest. However, performance/ progress report of the ED, Bhaderwah showed no balance of markings. The Committee constituted (February 2016) reported (March 2016) that due to oversight by staff 50,179 cft RV was reflected in the Performance report though there was nothing in the forest except 8,562 cft which was either rotten or hollow from which nothing could be extracted. Thus, non-accounting of 41,617 cft RV and rotting of 8,562 cft RV of marking of Deodar specie[33] led to loss of 26,414 cft SV of timber valuing ₹ 2.43 crore[34].

The DM, Bhaderwah stated (May 2021) that the Company took over dry/ diseased and fallen markings which further deteriorated with time and had no timber value; as per standing instructions, such markings were not converted resulting in balance shown in the records. After spot verification only 8,562 cft also having no timber value was found.

The reply made by the management is contradictory, as the balance shown in records was 50,179 cft whereas on spot verification by the Committee only 8,562 cft was found. Non-accountal of such significant quantity of marking indicated possibility of theft and pilferage.

6.1.4 Sale of timber

6.1.4.1 Targets and achievements in respect of sale of timber

The Company conducts sale of timber through open auction and fair price depots and also supplies[35] timber directly to the consumers at concessional rates. The position of targets fixed for sale of timber, achievements and shortfall during 2015-20 is given in Table 6.3.

29 Like Ballies, Hakries, Pharras, Trikona, etc.
30 1.91 lakh cft of deodar species and 0.17 lakh cft of kail species.
31 74,244 cft of Deodar and 8,895 cft of Kail species.
32 Balance 105 cft SV was shown as operational loss.
33 All the timber in respect of kail species has been extracted (8,895 cft out of 17,194 cft).
34 Calculated on the basis of average sale rate of Deodar during the year 2015-16, which was ₹ 919.12 per cft, for 26,414 cft (52.64 *per cent* actual outturn achieved in respect of 83,139 cft SV out of 1,57,929 cft RV.
35 The function was entrusted by the SFD to the J&KFDC from July 2016.

Table 6.3: Targets and achievements in respect of sale of timber

Year	Targets	Achievements	Shortfall	Shortfall (percentage)	Sales revenue (₹ in crore)	Sales revenue (per cft) in ₹
	(In lakh cft)					
2015-16	36.00	23.24	12.76	35.44	136.12	585.64
2016-17	43.50	19.81	23.69	54.46	117.78	594.58
2017-18	45.50	26.00	19.50	42.85	150.65	579.40
2018-19	41.00	20.68	20.32	49.56	138.77	671.19
2019-20	Not fixed	18.44	NA	NA	128.41	696.21

(Source: Targets as per Agenda of the meeting of the BoDs and achievements as per performance reports)

Audit noticed that division-wise targets were not fixed and no targets were fixed for 2019-20. Shortfall in achievement of targets during 2015-19 ranged between 35.44 *per cent* (2015-16) and 54.46 *per cent* (2016-17). Sales which stood at 23.24 lakh cft during 2015-16 decreased to 18.44 lakh cft during 2019-20. Sales revenue per cft which was ₹ 585.64 during 2015-16 increased to ₹ 696.21 during 2019-20.

The Management attributed (November 2021) the shortfall in sales revenue to local market demand and that imported timber had taken a chunk of the conifer sale.

The Company's reply was silent with regard to not fixing of division-wise targets and not fixing of targets for the year 2019-20.

6.1.4.2 Reduction/clearance sale

Timber is sold at Sales depots through auction at the reserve price fixed by the Steering Committee of the Company. The price of timber which could not be sold at reserve price is reduced by 15 *per cent* after two unsuccessful auctions and further reduced by 15 *per cent* if not sold in third auction. In case timber is not sold after reducing the reserve price twice, the timber is sold through auction by clearance sale even below the reduced reserve price.

Out of eight clearance sale auctions[36] conducted by the EMD, Jammu during 2017-18 to 2018-19, audit test checked four clearance sales wherein 0.65 lakh cft of timber was sold. The time analysis within which timber was received at Sales Depot, Jammu and clearance sale is given in Table 6.4.

Table 6.4: Time within which timber received in Sales Depot, Jammu and their clearance sale

Specie (in Cft)	Timber received before clearance sale (in months)					Total	Percentage to total
	1 to 6	7 to 12	13 to 18	19 to 24	More than 24		
Deodar	604.53	237.64	2,131.28	5,446.07	11,676.5	20,096	31
Kail	1,308.16	943.29	5,500.92	10260	11,832.5	29,845	46
Fir	214.36	261.79	3075.1	2,859.44	3,879.48	10,290.2	16
Chir	7	0	1,183.07	3661.1	39.85	4,891.02	7
Total	**2,134.05**	**1,442.72**	**11,890.37**	**22,226.7**	**27,428.3**	**65,122.1**	
Percentage to total	**3**	**2**	**18**	**34**	**42**		

[36] Volume of timber sold: 1.25 lakh cft.

Out of 65,122.10 cft of timber sold through clearance sale:

- 3,576.77 cft (five *per cent*) was received within one year,
- 11,890.37 cft (18 *per cent*) was received between one year to one and half years,
- 22,226.70 cft (34 *per cent*) was received within one and half years to two years, and
- 27,428.30 cft (42 *per cent*) was received more than two years from the date of clearance sale.

Out of 65,122.10 cft of timber sold by clearance sale, 20,096 cft (31 *per cent*) was that of Deodar species.

Sale of stock through clearance sale within one to two years of receipt, especially in case of durable species like Deodar indicated that the stocks received were of poor quality.

The Management stated (November 2021) that quality of conifer stocks received in the Sale Depots is of poor quality and the same could not be improved until good quality marking is received by the Company.

The reply could be viewed in light of the fact that there had been delay in execution of works as observed in the para above which also led to deterioration in quality of timber and consequently the Company resorted to clearance sale.

6.1.5 Inventory management

The position of sales and closing balance of timber during the period 2015-20 is given in ***Appendix 6.7***.

Losses accumulated on account of timber was ₹ 283.89 crore as of March 2020 (₹ 5.39 crore during 2015-19) on account of floods, fire, theft, transit shortage etc. which had neither been made good nor written off after approval of the Board of Directors.

Accounts Manual of the Company prescribes a maximum closing stock (as of March each year) of 10 *per cent* of annual targets of sale in a sale depot in Jammu province and seven *per cent* in Kashmir province. Audit noticed that the closing stock of timber in the East Marketing Division (EMD), Jammu was more than the annual sales during the period 2015-20 ranging between 109.55 *per cent* and 143.73 *per cent*[37]. The position of closing stock of timber in North Marketing Division, Srinagar ranged between 12.32 *per cent* and 40.55 *per cent* of annual sales during the period.

Out of closing stock of 5.06 lakh cft[38] of timber as on March 2020, 3.78 lakh cft (75 *per cent*) was received within one year before March 2020, 0.82 lakh cft (16 *per cent*) was received between one and two years, 0.37 lakh (seven *per cent*) was received between two to three years and 0.09 lakh (two *per cent*) cft was received between three and four years before March 2020. Holding of huge inventory was

[37] Except during 2018-19 when it was 89.97 *per cent.*

[38] In Stores at Sunjwan and Bachhan (under EMD, Jammu).

indicative of defective inventory management exposing the stocks to fire, flood, theft, deterioration over time and involving avoidable handling charges.

Stock of 35,650 cfts in three EDs[39] received from Transit Depots and Sales Depots had become unsaleable at CTSDs during May 2016 to March 2020 resulting in loss to the Company. Further, while bringing forward closing stock as on 31 March 2019, 393 cft of timber was short accounted for[40] as opening stock for 2019-20.

The Accounts Manual[41] of the Company provides for physical verification at least once a year. Audit noticed that no physical verification of stocks was conducted in Extraction Divisions during 2015-20 in contravention to provisions of the manual.

In the EMD, Jammu, physical verification was not conducted regularly[42] at Sales Depots and Stores. As per the PV reports, variations[43] were noticed. In North Sales Division, the PV reports of all the four Sales Depots showed excess ground balance of timber than the book balance to the extent of 1,05,556 cft during 2015-20. However, no action was taken to analyse variation in the stocks.

The Management attributed (November 2021) variations to operational loses like loading/ unloading, ORT operations, delay in completion of works turning the timber to firewood, and stated that the Company had taken steps to minimize losses. It was further stated that as Physical Verification Reports were not sent to Sales Circle/ Sales division, the necessary rectifications were not made in the sales records.

The fact remains that the losses incurred on account of timber since inception were yet to be either made good or written off by the BoDs. Besides, the reply of Company was silent regarding holding of inventory at sales division and deterioration of quality of timber.

6.1.6 Conclusion

- **Royalty of ₹ 395.67 crore was payable by the Company to State Forest Department for markings of trees.**
- **There was shortfall in achievement of extraction (converted volume) targets ranging between 13.36 *per cent* and 33.21 *per cent*; and extraction (standing volume) was done to the extent of 26.17 *per cent* and 46.35 *per cent* of the total markings available leading to accumulation of markings.**
- **Unrealistic criteria were set for categorisation of forest area led to incorrect fixation of rates for extraction/ transportation of timber.**
- **There was irregular allotment of contracts in contravention to the directions of the BoDs led to undue favour to the contractor.**

---

39 ED Udhampur: 7,974 cft, ED Zangli: 8,876 cft and ED Pulwama: 18,800 cft.

40 In CTSD Domail 'A'.

41 Chapter X: Inventory Control.

42 PV not conducted: Sales depot Bachan for the years 2017-18 and 2019-20, Store at Bachan for the years 2016-17, 2017-18 and 2019-20, Sales depot, Sunjawan: for the years 2016-17, 2017-18 and 2019-20 and Store Sunjawan: for the years 2016-17 and 2017-18.

43 Store (Sunjwan), Sales Depot (Sunjwan), Store (Bachan).

- **Timber/ markings valuing ₹ 2.71 crore had become or would become rotten/ unsaleable as these had not been transported by contractors/ *Amani* mates to the Sale Depots or had not been converted to timber.**
- **Contractors/ *Amani* mates had abandoned work without converting the markings valuing ₹ 17.61 crore.**
- **There was Shortfall in achievement of sales targets ranged between 35.44 *per cent* and 54.46 *per cent* during 2015-19.**

6.1.7 Recommendations

- ***The Company may consider fixing targets of extraction commensurate with the available markings and endeavour to achieve the set targets;***
- ***The Company may device a mechanism to monitor the extraction and transportation of timber to avoid delays;***
- ***Forest area may be categorised on realistic criteria to ensure correct fixation of rates for extraction/transportation of timber;***
- ***Contract management may be strengthened; process of allotment of contracts should be transparent and in accordance with the directions issued by the BoDs; and***
- ***Efforts may be made to achieve sales targets to avoid accumulation of inventory and selling of timber in clearance sales with attendant losses.***

Appendix-6.2

(as referred to in Para No. 6.1.3.4)

Incomplete Execution and partial transportation of timber by contractors to Sale Depots

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations/Remarks	Remarks
1.	C: 6 and 13/Basantgarh C: 13/Basantgarh RV: 0.232 lakh cft/ SV: 0.100 lakh cft Allotment on *Amani* basis DoA: December 2012 SDoC: August 2013 C: 6/Basantgarh RV: 0.33 lakh cft/ SV: 0.14 lakh cft DoA: December 2012 SDoC: August 2013 (RV: Round volume and SV: Sawn volume) (DoA: Date of allotment) (SDoC: Scheduled date of completion)	• Initially, both works were allotted to an *Amani* mate who abandoned (2011-12) both works after execution upto felling/ hand sawing of 3,202 cft only. • After inviting tenders, both works were further allotted in September 2012 to a contractor @ ₹ 154.10 per cft for 6/ Basantgarh and ₹ 170.05 per cft for 13/ Basantgarh.	• No action was taken against the original *Amani* mate except forfeiture of EMD of ₹ 0.79 lakh for both works. • The contractor deployed insufficient manpower and against SDoC of August 2013, the work was completed by February 2016 in respect of 13/ Basantgarh and against expected outturn of 10,000 cft, only 7,454 was extracted leading to shortfall of 2,122 cft, besides, 275 cft got rotten and 149 cft as Mahaan loss. • The work of 6/ Basantgarh was completed by December 2016 to the extent of 13,396 cft. 10,675 cft was transported to Jammu and, 2,721 cft remained lying at Crane head and Transit Depot which turned rot due to non-transportation by the contractor and also by the J&KFDC. In reply the DM, Udhampur stated (December 2020) that penalty shall be imposed after completing the codal formalities i.e. grant of extension. No reasons for non-transportation of remaining timber were assigned.	Rotten timber: 275 cft and 2,721 cft
2.	C : 35b/Dudu RV: 85,684 cft/ SV: 28,700 cft Allotted on tender basis DoA: May 2012 SDoC: May 2013	• The contractor did not execute the work as scheduled and delay occurred since inception, however, the GM /DM/Range Manager served (March/ May/ July/ September 2013 and June 2014) several notices. • The J&KFDC extended the period of completion of work upto May 2014 and again several notices issued in June/ August 2014 and August 2015	• Timber to the extent 25,691 cft of S.V (71,778 R.V) was dispatched to the Sale Depot, Jammu. • Balance marking to the extent of 13,906 cft (R.V) with expected outturn of 3,000 cft S.V was not extracted by the Contractor which turned rot and consequent loss to the J&KFDC. • No action was taken against the contractor for non-completion of work. • Despite of the facts that the contractor delayed the execution of work and also abandoned the balance work which led to rotting of marking, the J&KFDC also allotted two more works viz. C: 62 and	Marking: 13,906 cft with expected timber of 3,000 cft

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations/Remarks	Remarks
		to the contractor to increase the sufficient skilled labour to complete the balance work.	63/Dudu (having RV: 0.549 and SV: 0.234 lakh cft) and C: 27a/Dudu (having RV: 0.202 and SV: 0.085 lakh cft), the work of which were also completed with delay of 15 months and four months respectively. In reply the DM, Udhampur stated (August 2015) that less outturn to the extent of 3,000 cft was condoned (June 2016) by the General Manager (West Circle), Jammu which was not based on the facts that the Contractor had not extracted that marking to the extent of 13,906 cft which might have rotten with passage of time.	
3.	C: 2 Simbool Total marking taken over 0.62 lakh cft from SFD during 2009-10 R.V: 0.54 lakh cft/ S.V: 0.269 lakh cft Allotted on tender basis DoA: June 2013 SDoC: May 2014	• The marking to the extent of 0.62 lakh cft was allotted to two *Amani* mates, who merely converted 0.08 lakh cft RV/ 0.021 lakh cft SV which remained unpassed and the contract was quashed. • Remaining marking to the extent of 0.54 lakh cft RV/ 0.269 lakh cft SV was allotted to another *Amani* mate.	• Out 0.54 lakh cft, the contractor converted 37,061 cft RV / 8,973 cft SV, of which 8,280 cft S.V was dispatched to Sale Depot Jammu and 608 cfts (85 cft operational losses) were lying in the forest. • Balance marking to the extent of 23,408 cft RV was not converted by the contractor at all. • The J&KFDC had not initiated any action against the contactor for delay/ non-execution of work though a period of more than six years had elapsed. Delay in execution of work resulted in rotting of markings of 23,408 cft besides, timber of 608 cft lying in the forest got rot.	Rotten timber: 608 cft and rotten marking: 23,408 cft with expected timber of 5,667 cft[1].
4.	Markings under Kiru and Kawar HEPs. R.V: 0.38 lakh cft / S.V: 0.285 lakh cft Allotted on *Amani* basis DoA: June 2017 SDoC: August 2018	The work of 0.20 lakh cft RV and 0.18 lakh cft RV was allotted to two *Amani* mates.	As on November 2020, out 0.38 lakh cft R.V, the *Amani* mates had converted to the extent 20,739 cft S.V, out of which 12,033 cft S.V only were dispatched. Balance 8,706 cft lying at transit depot (907 cft) and in forest (7,799 cft) unattended which had might become rotten/unsaleable with passage of time.	Rotten timber: 8,706 cft
5	C: 28-29 Sindh R.V: 0.046 lakh cft / S.V: 0.035 lakh cft	The contractor did not pay heed and not completed the work as per scheduled however the chief general	• Out of 0.046 lakh cft, 0.036 lakh cft was converted in respect of work allotted in 2016-17. • Out of additional marking, upto	Timber: 1,600 cft and 1,800 cft. Marking: 4,200 cft with

[1] On the basis of actual turnover achieved out of 37,061 cft RV, 8,973 cft SV was extracted which worked out 24 *per cent* and of 23,408 cft, expected outturn was 5,667 cft (24 *per cent* of 23,408 cft).

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations/Remarks	Remarks
	Allotted on *Amani* basis DoA: 30.11.2017 SDoC: 31.12.2017 Additional marking R.V: 0.133 lakh cft S.V: 0.11 lakh cft Allotted to the existing *Amani* mate DoA: 04.09.2018 SDoC: 31.12.2018	manager-imposed penalty of ₹ 5,400 and granted extension upto December 2020 to the contractor.	October 2021, the contractor converted 0.091 lakh cft R.V cft (0.042 lakh cft R.V was left unconverted) with yield to the extent of 0.064 lakh cft S.V of which only 0.048 lakh cft was passed and balance 0.016 lakh cft was remained unpassed and lying in the forest. • Out of passed 0.048 lakh cft, only 0.03 lakh cft was transported to SD and remaining 0.018 lakh cft was lying at TD.	expected timber of 2,940 cft[2].
6	C: 34/Khuihama, Sec-A R.V: 1.16 lakh cft/ S.V: 0.70 lakh cft DoA: July 2017 SDoC: December 2018 34/Kh Sec-B R.V: 1.10 lakh cft/ S.V: 0.66 lakh cft DoA:July 2017 SDoC: December 2018	• Extension was granted twice upto 18-03-2020 after imposing token penalty of ₹ 10,000/ and ₹ 3,000/- respectively in respect of each section.	Section A: Upto October 2021, the contractor transported 0.582 lakh cft S.V to SD, Jammu, out of total converted 0.677 lakh cft S.V (1.074 lakh cft R.V). Balance of 0.018 lakh cft was lying at Transit depot and 0.077 lakh cft S.V in forest as unpassed. Remaining marking to the extent of 0.086 lakh cft R.V was not converted. • Similarly, in Sec: B, the contractor transported 0.664 lakh cft S.V to SD, Jammu, out of total converted 0.669 lakh cft S.V (1.096 cft R.V) and balance 0.013 lakh cft S.V was lying in forest. Remaining marking to the extent of 0.004 lakh cft R.V was not converted. In reply the DM, Ganderbal stated (March 2021) that the Compartment was under snow cover as such the balance work could not be executed.	Timber: 9,500 cft and 400 cft. Marking: 8,600 cft and 1,300 cft expected timber of 5,418 cft[3] and 793 cft[4].

[2] On the basis of actual turnover achieved out of 9,100 cft RV, 6,400 cft SV was extracted which worked out 70 *per cent* and of 4,200 cft, expected outturn was 2,940 cft (70 *per cent* of 4,200 cft).

[3] On the basis of actual turnover achieved out of 1.074 lakh cft RV, 0.677 lakh cft SV was extracted which worked out 63 *per cent* and of 8,600 cft, expected outturn was 5,418 cft (63 *per cent* of 8,600 cft).

[4] On the basis of actual turnover achieved out of 1.096 lakh cft RV, 0.664 lakh cft SV was extracted which worked out 61 *per cent* and of 1,300 cft, expected outturn was 793 cft (61 *per cent* of 1,300 cft).

Appendix - 6.3

(as referred to in Para No. 6.1.3.4)

Abandonment of work and non-transport of timber by Contractors

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations	Remarks
1.	C: 51 Udil Total marking: 0.542 lakh cft. RV: 0.40 lakh cft/ SV: 0.210 lakh cft was allotted to two *Amani* mates equally. DoA: September 2017 SDoC: March 2018	• One *Amani* mate had never taken up the work. • Another *Amani* mate had executed the work of felling only and no further activity had been done by him till date.	• Despite the fact that the work of 52 abc Udil was assigned by contractor to the attorney holder, the Company allotted further work to him. • No action had been taken for allotment of balance marking of 0.142 lakh cft RV. • The *Amani* mate executed only felling activity of 0.13 lakh cft RV and no other activity was initiated. • The Company had not initiated any action against the *Amani* mates for delay in execution of work and non-taking up the work at all though a period of more than three years had elapsed and none of the timber was dispatched to the Sale depot Jammu. As such, chances of deterioration/ rotting of timber/markings could not be ruled out.	Marking: 54,200 cft with expected outturn of 28,455 cft[5]
2.	C: 35 abc Keshwan R.V: 1.095 lakh cft / S.V: 0.560 lakh cft Allotted on tender basis DoA: July 2018 SDoC: March 2019	• The work was allotted to a contractor whose performance was not satisfactory in case of C: 52 Udil. • The contractor did not execute agreement with the J&KFDC.	The contractor extracted 52,310 cft (excluding unpassed stock of 811 cft) which was lying in the forest (9,996 cft under pathroo activity, 5,600 in forest itself and 36,714 in span activity). None of the stocks had been dispatched to Sale Depot, Jammu as of October 2021 though the work was required to be completed by March 2019.	Timber: 52,310 cft
3.	C: 51 Kishtwar R.V: 0.413 lakh cft / S.V: 0.206 lakh cft Allotted to three	• Only one *Amani* mate took up the work. Remaining two *Amani* mates neither took up the work nor executed the agreement.	• Out of 13,800 cft (RV), the contractor converted 6,950 cft SV of timber. Of which 2,297 cft were transported to Sale Depot Jammu and 4,653 cfts	Timber: 4,653 cft. Marking: 27,492 cft with expected outturn of 13,746 cft[6].

[5] On the basis of expected outturn of 21,000 cft out of 40,000 cft i.e. 52.5 *per cent* for 54,200 cft.

[6] On the basis of actual turnover achieved out of 13,800 cft RV, 6,950 cft SV was extracted which worked out to 50 *per cent* and of 27,492 cft, expected outturn was 13,746 cft (50 *per cent* of 9,500 cft).

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations	Remarks
	Amani mates DoA: June 2018 SDoC: April 2019	• In May 2019, the *Amani* mate represented for not to cut 10 *per cent* in the rates as per policy of the J&KFDC.	were still lying in forest as of October 2021. • Balance marking to the extent of 27,492 cft RV was unconverted as of October 2021 for which no action had been taken by the Company. In reply the DM, Kishtwar stated (May 2021) that for the left over work the higher authorities had been apprised to take decision.	
4.	C: 9 Kishtwar R.V: 0.907 lakh cft / S.V: 0.388 lakh cft Allotted to four *Amani* mates equally i.e 0.227 lakh cft. DoA: Aug 2017 SDoC: March 2018	-	• The *Amani* mates extracted 0.436 lakh cft SV (out of 0.80 lakh cft RV) which was not transported to the Sale Depot, Jammu and was lying in the forest (as of October 2021) though the work was required to be completed by March 2018. • Remaining 0.107 lakh cft RV was not converted by the *Amani* mates as of now (October 2021). In reply the DM, Kishtwar stated (May 2021) that for the left over work the higher authorities had been apprised to take decision.	Timber: 43,600 cft. Marking: 10,700 cft with expected outturn of 5,885 cft[7].
5.	C: 11Kishtwar R.V: 0.50 lakh cft S.V: 0.20 lakh cft Allotted to three *Amani* mates. DoA: July 2016 SDaC: March 2018	The work for 0.50 lakh cft was allotted to three *Amani* mates viz. (i) 0.20 lakh cft RV/ 0.08 lakh cft), (ii) 0.12 lakh cft RV/ 0.048 lakh cft and (iii) 0.18 lakh cft RV/ 0.072 lakh cft.	One *Amani* mate to whom 18,000 cft RV was allotted, extracted 1,600 cft SV (out of 3,864 cft RV) which remained unpassed and was lying in the forest. Remaining marking to the extent of 14,136 cft RV was not converted by him as of October 2021. In reply the DM, Kishtwar stated (May 2021) that for the left over work the higher authorities had been apprised to take decision.	Rotten timber: 1,600 cft. Rotten marking: 14,136 cft with expected outturn of 5,796 cft[8].

[7] On the basis of actual turnover achieved out of 80,000 cft RV, 43,600 cft SV was extracted which worked out to 55 *per cent* and of 10,700 cft, expected outturn was 5,885 cft (55 *per cent* of 10,700 cft).

[8] On the basis of actual turnover achieved out of 3,864 cft RV, 1,600 cft SV was extracted which worked out to 50 *per cent* and of 27,492 cft, expected outturn was 13,746 cft (50 *per cent* of 9,500 cft).

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations	Remarks
6.	C: 65a/65b Sindh R.V:77,972 cft/ S.V: 0.385 lakh cft Allotted on tender basis DoA: September 2017 SDoC: June 2018	• Upto September 2017, the contractor extracted 2,200 cft SV (out of 4,179 cft RV). • The agency stopped the work with the plea that removal of trees is not required by them for tunnel construction.	The contractor did not transport the extracted timber to the extent of 2,200 cft to the Sale Depot and the same are deteriorating day by day and losing its value.	Timber: 2,200 cft
7.	53/Neeru	Section: II	Felling/ HS of 9,384 cft, out of which only 967 cft were dispatched and balance 185 lying at TD and 8,232 cft still lying in the forest area.	Timber:185 cft and 8,232 cft
8.	55ab/ Neeru	I to VI	Only felling and hand sawing activities were carried out, no ORT/ RT was done. Passed stocks to the extent of 56,505 cft and unpassed stocks to the extent of 13,500 cft were lying in the forest area in a scattered manner since September 2019 and no further activities have been carried out.	Timber left in forest: 56,505 cft and 13,500 cft
9.	6/ Jatota		Only felling and hand sawing of 17,040 cft was done as per work done report of 06-05-2019. Out of total markings 78 *per cent* was of Fir specie which is most vulnerable to vagaries of weather, as such, chances of their deterioration could not be ruled out. Range Manger also reported that 80 *per cent* of the stocks already turned rotten. The DM, Bhaderwah attributed (May 2021) reasons for delay to hostile weather and limited working season. The reply is not acceptable in view of the facts that no activities had been undertaken after May 2019 and more than two years elapsed since last activity undertaken and scheduled completion date i.e. December 2018.	Timber: 13,632 cft (80 *per cent* of 17,040 cft)

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations	Remarks
10.	37/ Bhalessa	Total marking: 79,300 cft Marking converted: 19,700(outturn: 7,167 cft i.e. 36 *per cent*) Marking left unattended: 59,600 cft	Only felling and hand sawing of 7,167 cft (out of 19,700 cft RV) had been done by the contractor. No other activity had been undertaken since February 2016.	Timber left in the forest: 7,167 cft. Marking left unattended: 59,600 cft with expected outturn of 21,456 cft[9].

[9] On the basis of actual turnover achieved out of 19,700 cft RV, 7,167 cft SV was extracted which worked out to 36 *per cent* and of 59,600 cft, expected outturn was 21,456 cft (36 *per cent* of 59,600 cft).

Appendix-6.4

(as referred to in Para No. 6.1.3.5)

Non-completion of allotted works by Contractors

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations/Remarks
1.	C: 28/Basantgarh Volume (Rounded Volume: RV) 44,033 cft Volume (Sawn Volume : SV) 23,000 cft DoA (Date of Award): February 2015 SDoC (Scheduled Date of Completion): May 2016 Initial allotted cost: ₹ 140.25 per cft. Cost revised to ₹ 168.48 per cft. Cost further revised to ₹ 323.66 per cft. Finally allotted cost: ₹ 287.25 per cft.	• Prepared (2012-13) PR with RV 44,033 cft and SV 23,000 cft envisaging cost of ₹ 140.25 per cft and tenders were invited (July 2012) but no response was received. • DM, ED, Udhampur proposed (June 2012) working out rates on revised norms rate, besides, increasing head carriage after Nikassi from 5 chain[10] to 33 chains (earlier arithmetical error of chains). • Cost revised to ₹ 168.48 per cft and tenders were invited (May 2013/ July 2013) but again no response. • On the recommendation of the committee constituted to access the ground situation, PR was further revised (February 2015) envisaging cost of ₹ 324.16 per cft mainly due to increase of Head carriage from 12 chains to 345 chains and expected outturn was also reduced from 23,000 cft to 19,500 cft, • The work was allotted (February 2015) to an *Amani* mate @ ₹ 287.25 per cft with scheduled date of completion as May 2016.	• Unrealistic projections in the PR led to delay in allotment of work and loss of 3,500 cft (SV) of timber valuing ₹ 20.50 lakh[11]. • The work was allotted on *Amani* basis at the rate of ₹ 287.25 per cft without inviting tenders in contravention to the directions of the BoDs which restricted allotment of work on *Amani* basis upto the volume of 40,000 cft RV only. In reply the DM, Udhampur stated (February 2021) that work was allotted on *Amani* basis having sawn volume less than 20,000 cft which is not tenable as restrictions were with regard to markings not the sawn volume.
2.	C: 45/I-II-III Dudu • Marking taken over to the extent of 72,282 cft (RV)/ 28,100 cft (SV) in November 2013. • PR prepared was in 2015 and tenders were invited thrice in June 2015/ September 2015/ December 2015 @ ₹ 146.60 per cft which fetched no response mainly due to envisaging incorrect distance of head carriage which increased from 0.5 to 3 km leading to increase in estimated cost to ₹ 178.87 per cft.	• A committee was constituted (July 2016) to explore the possibilities for exploitation of marking which submitted (August 2016) report that marking of Fir specie of 41,000 cft (RV) had rotten and only 31,300 cft (RV) of deodar and Kail species were physical fit for extraction with expected yield of 20,000 cft (including 10 *per cent* Standing marking of Fir). RV: 72,000 cft (total marking) / SV: 20,100 cft (6,700 cft each allotted among three *Amani* mates). DoA: January 2017 (in all three cases) SDoC: May 2018(I), April 2018(II) and April 2018 (III)	• Initially delay in preparation of PR and subsequently delay in inviting tenders (after two years of taking over of marking), besides, incorrect preparation of PR for head carriage led to no response from the contractors with the result 36,900 (90 *per cent* of 41,000 cft) of Fir markings with expected outturn of 8,000 cft SV turning rotten and consequent loss of ₹ 23.94 lakh[12] to the Company.

[10] One kilometer is equal to 33 chain.

[11] Calculated on the basis of sale rate for the year 2015-16 i.e ₹ 585.64 per cft.

[12] Calculated at the rate of ₹ 299.30 per cft (average rate of fir species for the year 2015-16) in respect of 8,000 cft of fir species.

Appendix-6.5
(as referred to in Para No. 6.1.3.5)
Non-completion of allotted works by Contractors

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations	Remarks
1.	C: 51 Kellar Date of taking over of marking: May 2012 R.V: 1.064 lakh cft / S.V: 0.45 lakh cft Allotted on Tender basis at a rate of ₹ 130.45 per cft DoA: June 2012 SDoC: April 2013	• During 2012-13, the contractor extracted only 0.188 lakh cft SV (out of 0.394 lakh cft RV) but failed to dispatch the same to the Sale Depot Jammu. The J&KFDC quashed (June 2014) the contract and forfeited EMD of ₹ 1.39 lakh cft. • Subsequently the work of extraction and transportation of 0.67 lakh cft RV/ 0.265 lakh cft SV and transportation of 0.188 lakh cft SV (already extracted) was allotted (May 2017) at a rate of ₹ 210 per cft and ₹ 164.95 per cft respectively and scheduled to be completed by March 2018. • Additional marking of 0.56 lakh cft (R.V)/0.221 lakh cft (S.V) was allotted (May 2018) to the contractor. • The extension upto December 2019 was granted (August 2019) to the contractor for ORT and RT activities of 0.712 lakh cft by imposing penalty of ₹ 17,800/-.	• Committee constituted (October 2020) for Physical Verification of the old stocks dumped in the compartment submitted (November 2020) that 40 *per cent* of the 16,932 cft[13] i.e. 6,773 cft got rotten and also recommended that to avoid expenditure on transportation, the saleable stock (10,159 cft) should not be dispatched to Jammu and should be auctioned as is where is basis. As such, loss of ₹ 39.67 lakh[14] was suffered on account of rotting of timber due to non-completion of work by the original contractor, besides, extra cost incurred to the extent of ₹ 21.08 lakh[15] due to failure of the original contractor to complete the work. • Against the expected outturn of 0.221 lakh cft in case of additional marking, the contractor extracted 0.347 lakh cft showing around 57 *per cent* excess of the expected outturn which indicated that the PR had not been prepared realistically. • The second contractor transported 73,073 cft of timber and 16,932 cft (old extracted timber) was left in the forest. The DM, Kishtwar stated (May 2021) that the work was re-allotted for balance activities on the basis of revised norms of 2015-16, as such, there was no question of recovery of cost and also admitted that the PR was framed with casual approach, however, more outturn was due to green marking. Reply is not acceptable to the extent that recovery of cost was to be considered in terms of agreement and existence of green markings was known fact at the time of preparation of PR.	Loss of ₹ 39.67 lakh due to rotting of timber to the extent of 6,773 cft. Incurred extra cost of ₹ 21.08 lakh due to non-completion of the work by the original contractor.
2.	C: 47/Kellar R.V: 0.93 lakh cft/ S.V: 0.47 lakh cft Allotted to five *Amani* mates. RV: 0.20 lakh cft/ SV: 0.10 lakh cft each to three *Amani* mates,	• All the five *Amani* mates, extracted only 16,817 cft (S.V) out of fallen 35,365 cft RV of markings and rest 57,451 cft RV of markings remained un-felled/ unconverted. The contracts with all the *Amani* mates were quashed in November 2012. • The General Manager ordered (September 2013) for physical verification of passed stocks. However,	• The passed stock of 16,817 cft had remained scattered in the forest. However, payment of ₹ 3.46 lakh was made to the contractors. • Loss of expected outturn to the extent of 12,783 cft[16] SV valuing ₹ 74.86 lakh[17] due to delay in execution of wok by the original contractor and further delay in re-allotment of work. Besides, the	• Loss of expected outturn to the extent of 12,783 cft SV valuing ₹ 74.86 lakh • The Company incurred extra cost of ₹ 53.18

[13] The second contractor transported 1,868 cft of timber out of 18,800 cft.
[14] Calculated @ ₹ 585.64 per cft (average rate for the year 2015-16) for 6,773 cft.
[15] Calculated @ ₹ 79.55 per cft (i.e. difference of rate of ₹ 210 per cft and ₹ 130.45 per cft) for 26,500 cft (allotted in May 2017).
[16] 47,000 cft SV minus 16,817 cft SV minus 17,400 cft SV.
[17] Calculated @ ₹ 585.64 per cft(average rate for the year 2015-16) for 12,783 cft.

Sl. No.	Name of the Compartment and other details	Chronology of events	Audit observations	Remarks
	RV: 0.15 lakh cft / SV: 0.08 lakh cft to one and RV: 0.18 lakh cft / SV: 0.09 lakh cft to one. DoA: June-2010 SDoC: March-2011	no such PV was found on records. • The revised PR was prepared (2015-16) for 0.933 lakh cft (R.V) with expected outturn of 0.328 lakh cft (S.V). However, work was not allotted. Additional marking: • The work of 1.945 lakh cft (R.V)/ 0.854 lakh cft (S.V) was allotted (June 2018) to another contractor, which included fresh marking of 1.360 lakh cft (R.V)/ 0.68 lakh cft (S.V) and old marking of 0.585 lakh cft (R.V)/ 0.174 lakh cft (S.V). • SDoC by end of March 2019	Company incurred extra cost of ₹ 53.18 lakh[18] • The contractor completed the work of extraction and transportation to the tune of 87,856 cft and same was dispatched to various sale depot/ CTSDs. The reply furnished (May 2021) by the DM, Bhaderwah was not conclusive to the audit observations.	lakh.
3.	C: 34/Dudu RV : 0.739 lakh cft/SV: 0.278 lakh cft Allotted on tender basis DoA: October 2012 SDoC: August 2013	• Initially the work was allotted to a contractor @ ₹ 96.99 per cft. Though notices were issued the contractor failed to start the work and after nine month from the date of issue of LoI the contractor showed (July 2013) inability to execute the work due to illness and the J&KFDC quashed (October 2013) the contract and forfeited (October 2013) the EMD of ₹ 0.59 lakh. • After two years from date of quashing the original contractor, the work, after inviting tenders, was reallotted (October 2015,) to another contractor @ ₹ 207 per cft for 25,600 cft SV and was required to be completed by June 2016. • Power of attorney was further given (August 2016) to third contractor to complete the balance work due to ill health of contractor which was accepted (January 2017) by the J&KFDC.	• Actual outturn was achieved to the extent of 31,565 cft which indicated that PR was not prepared realistically. • Extra cost incurred to the extent of ₹ 34.72 lakh[19] was not recovered from the original contractor for getting the work completed at own risk and cost. • Despite of above odds, four works[20] involving 0.482 lakh cft of marking were also allotted to the original contractor on *Amani* basis though he was Class A contactor and non-local resident.	• Extra cost incurred to the extent of ₹ 34.72 lakh was not recovered from the original contractor for getting the work completed at own risk and cost.

[18] At the rate of`162.26 per cft (new rate of ₹ 254.70 per cft minus old rate of ₹ 92.44 per cft) for 17,400 cft i.e. ₹ 28.43 lakh and at the rate of ₹ 148.39 per cft (new rate of ₹ 209.92 per cft minus old rate of ₹ 61.53 per cft) for 16,817 cft i.e. ₹ 24.95 lakh.

[19] Extra cost of ₹ 110.01 per cft (₹ 207 per cft minus ₹ 96.99 per cft) for 31,565 cft timber.

[20] Four works: (i) 45a/ Dudu Sec: II (RV of 0.241 lakh cft and SV of 0.067 lakh cft), (ii) 76a/ Dudu (RV of 0.13 lakh cft and SV of 0.072 lakh cft), (iii) 95 AB/ Udhampur PMGSY Road (RV of 0.059 lakh cft and SV of 0.035 lakh cft) and (iv) 1/ N Ramnagar, PMGSY Road (RV of 0.052 lakh cft and SV of 0.031 lakh cft).

Appendix-6.6

(as referred to in Para No. 6.1.3.5)

Short /excess outturn of timber

Sl. No.	Basic details of the compartment	Chronology of event	Audit observations/ remark
1.	C: 12 Keshwan R.V: 1.873 lakh cft / S.V: 0.951 lakh cft DoA: May 2017 SDoC: April 2018	• The contractor carried out mahaan operations through side nallah in odd season for hauling down stocks up to the loading points instead of by head carriage, pathroo and rope span activities. Several notices were issued to the contractor to stop mahaning operation in view of increasing water level in the nallah. Flood occurred in the nallah on the intervening night of 16th and 17th June 2018 leading to accumulation of stocks in Kanchies and breakage of stocks.	• As of March 2018, out of 1.873 lakh cft RV, felling and conversion of only 1.713 lakh cft RV had been done by the contractor and 0.16 lakh cft though felled was not converted. • Against expected outturn of 0.951 lakh cft SV, only 0.789 lakh cft was extracted resulting in shortfall of 0.162 lakh cft (17 *per cent*). • Out of 0.789 lakh cft SV, only 0.633 lakh cfts was dispatched and 0.152 lakh cft (4,000 scants) was shown lost during flood/ mahaning operation/ pilferage. Besides, 0.004 lakh cft was under custody of SFD because of illicit damages/felling carried out by the contractor. • The J&KFDC had not made any recovery of the loss due to mahaan operation from the contractor.
2.	C: 24abc Keshwan R.V: 1.207lakh cft S.V: 0.48 lakh cft DoA: July 2018 SDoC: May 2019	The contractor extracted 0.687 lakh cft SV against expected outturn of 0.48 lakh cft.	• The contractor extracted 0.207 lakh cft (43 *per cent*) in excess of expected outturn which indicated that the PR was not prepared realistically.
3.	C: 136/Khuihama R.V: 0.441 lakh cft/ S.V: 0.265 lakh cft DoA: March 2017 SDoC: December 2017	• The sanction for allotment of work provides that, in case of alarming situation of less yield, the matter was required to be brought to the notice to DM immediately and no shortfall was to be recommended for condonation at a later stage. However, neither the Range Manager nor contractor reported the less outturn to the division in time.	• The contractor extracted and dispatched 0.14 lakh cft SV by end of November 2017 against the expected yield of 0.265 lakh cft. Thus there was less outturn of 0.123 lakh cft (54 *per cent*). • The Range Manager intimated (July 2018) about less outturn while applying for condonation of less outturn due to deterioration of the marking.
4.	C: 58/Kellar R.V: 1.123 lakh cft/ S.V: 0.543 lakh cft DoA: October 2014 SDoC: December 2015	• Felling and hand sawing was done to the extent of 42,916 cfts SV. Passing lists of 28,401 cft were not signed by the staff. • For shortage of 9,101 cft, the staff responsible for passing put the responsibility on each other. • The DM concerned recommended	• Out of expected outturn of 0.543 lakh cft SV, only 0.429 lakh cft was extracted leading to shortfall of 0.114 lakh cft. • As of March 2021, the contractor dispatched only 33,814 cft SV to Sale Depot Jammu/ CTSDs and remaining 9,101 cft valuing ₹ 56.92 lakh[21] was shown as shortage.

[21] Calculated at the rate of ₹ 625.40 per cft (average sale rate of the timber sold during the period 2015-20).

Sl. No.	Basic details of the compartment	Chronology of event	Audit observations/ remark
		(December 2017) a suitable penalty to be imposed on passing in-charge and concerned Range Manager. Recovery of salary of one month was effected from retiral benefits of Ex Range Manager (Kellar) and memorandum/article of charges were served to two passing In-charges. • The DM was appointed as inquiry officer to inquire into the matter. However, no enquiry report was found on records.	The DM, Bhaderwah stated (May 2021) that markings taken over were no to the mark and lot of timber value was lost due to heart rot in the markings which cannot be objectively estimated at the time of enumeration and markings. However, the DM was silent about the shortage of 9,101 cft of timber.
5.	C: 12/Kellar R.V: 1.230 lakh cft/ S.V: 0.60 lakh cft Allotted to five *Amani* mates DoA: March 2016 SDoC: March 2018	• Initially 0.20 lakh cft (RV)/ 0.10 lakh cft (SV) was allotted (March 2016) among five contractors and the remaining 0.23 lakh cft (RV) was also allotted proportionately among them.	• Out of 60,000 cft SV allotted among the *Amani* mates, only 49,029 cft was extracted resulting into less outturn of 10,971 cft. Out of 49,029 cft only 47,957 cft was dispatched to Sale Depots/ CTSDs. The reply furnished (May 2021) by the DM, Bhaderwah was not conclusive to the audit observations.
6.	Total marking received (Pakaldul HE project): C: 34a and 34b Dachhan DoA: February 2017 and April 2017 SDoC: December 2017 and April 2018	• Marking of 1.421 lakh cft RV (34a Dachhan) and 0.095 lakh cft RV (34b Dachhan) were allotted (February 2017 and April 2017) to a contractor • DM Kishtwar issued several notices on December 2017, January 2018 and April 2018 for slow progress of work to the contractor. • Additional markings of 0.488 lakh cft RV and 0.1941 lakh cft RV, taken over (July / August 2018) from SFD were allotted (January 2019) to the same contactor. Total work allotted R.V: 2.20 lakh cft / S.V: 1.753 lakh cft • Notices for slow progress of work were also issued to contractor in December 2018, January/ March 2019.	• As of December 2020, against 2.20 lakh cft RV only 2.04 lakh cft RV was extracted which should have expected outturn of 1.625 lakh cft SV. But actual outturn was 0.925 lakh cft SV leading to shortfall of 0.70 lakh cft (43 *per cent*). Reasons for very low outturn though most of the marking (97 *per cent*) was of green trees, were not ascertained by the company. • The Contractor had not taken up the remaining 0.16 lakh cft RV (including 0.095 lakh cft RV in C: 34b Dachhan)
7.	C: 25abc Keshwan R.V: 3.565 lakh cft/ S.V: 1.362 lakh cft DoA: August 2019 SDoC: December 2020	• After reporting alarming excess outturn by the contractor, GM East Circle directed (October 2019) the concerned DM to constitute a committee of Senior officials including territorial staff who shall visit the compartment and prepare a detail report along with the recommendation with of concerned DM.	• The felling and hand sawing of 2.37 lakh cft SV against the expected outturn of 1.362 lakh cft (i.e. 74 *per cent* excess) had been done by the contractor which indicated that the PR was not prepared realistically. • Out of 2.37 lakh cft, only 1.78 lakh cft was transported to Sales depot and 0.59 lakh cft was lying in the Forest (at transit depot: 0.38 lakh cft

Sl. No.	Basic details of the compartment	Chronology of event	Audit observations/ remark
		• The DM constituted (October) a committee comprising four members to report on the issue, however, no reporting had been done by the committee as of now (December 2020).	and at span: 0.21 lakh cft). • Range Manager, Keshwan stated (March 2021) that excess outturn was due to sound marking of Fir specie. • The reply is not tenable as huge variation in outturn indicated that projections were made unrealistically.
8.	C: 39 Padder R.V: 1.18 lakh cft / S.V: 0.59 lakh cft Allotted on Tender basis DoA: September 2015 SDoC: March 2016 Additional markings R.V: 0.43 lakh cft / S.V: 0.30 lakh cft Allotted on existing basis DoA: October 2016 SDoC: June 2017	The contractor extracted 1.23 lakh cft SV against expected outturn of 0.89 lakh cft.	• Out of 1.23 lakh cft, 1.21 lakh cft was transported to Sale Depot, Jammu/CTSDs. • Remaining 0.0284 lakh cft of timber was lying at span head which got rotten. • Excess outturn to the extent of 0.34 lakh cft (i.e. 38 *per cent*) indicated that PR was not prepared realistically. • No responsibility had been fixed for preparation of unrealistic PR. In reply the DM, Kishtwar stated (May 2021) that 0.0284 lakh cft was turned rotten due to delay in execution of work by the contractor.

PREFACE

This Report for the year ended 31 March 2021 has been prepared for submission to Lieutenant Governor of Jammu and Kashmir under Section 72 of the Jammu and Kashmir Reorganisation Act 2019. As per the decision of the Government of India, Ministry of Finance (June 1994), wherever President's Rule is extended beyond one year, the C&AG's Report would be placed in Parliament. Hence, this Report is being sent to President for laying in the Parliament.

Chapter I of this report describes the basis and approach to the Report and the underlying data, provides an overview of structure of Government accounts, budgetary processes, macro-fiscal analysis of key indices and fiscal position including the deficits/ surplus.

Chapter II provides a broad perspective of the finances of the Union Territory, major fiscal aggregates, debt profile and key public accounts transactions based on the Finance Account of the Union Territory.

Chapter III is based on the Appropriation Accounts of the Union Territory of Jammu and Kashmir and reviews the appropriations and allocative priorities of the Union Territory Government and reports on deviations from Constitutional provisions relating to budgetary management.

Chapter IV comments on the quality of accounts rendered by various authorities of the UT Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials of the UT Government.

Chapter V discusses the financial performance of Public Sector Undertakings.

The Report containing the findings of audit of transactions in various departments, audit of Statutory Corporations, Boards and Government Companies and observations on Revenue Receipts are presented separately.

Executive Summary

EXECUTIVE SUMMARY

Background

This Report on the finances of the Government of Union Territory of Jammu and Kashmir is brought out to assess the financial performance of the Union Territory during the year 2020-21 *vis-à-vis* the Budget Estimates, to provide the Union Territory Government and UT Legislature with timely inputs based on audit analysis of financial data. The report analyses the structural profile of Government's receipts and disbursements.

The Report

Based on the audited accounts of the Government of Union Territory for the year ended 31 March 2021 and additional data such as Budget of the Union Territory, Other data with Departmental Authorities, GSDP data and other UT related statistics, this report has been structured into the following five Chapters.

Chapter-I describes the basis and approach to the Report and the underlying data, provides an overview of structure of government accounts, budgetary processes, macro-fiscal analysis of key indices and UT's fiscal position including the deficits/ surplus.

Chapter-II provides a broad perspective of the finances of the Union Territory, debt profile of the Union Territory and key Public Account transactions, based on the Finance Accounts of the Union Territory.

Chapter-III is based on the Appropriation Accounts of the Union Territory of Jammu and Kashmir and reviews the appropriations and allocative priorities of the Government of Union Territory and reports on deviations from Constitutional provisions relating to budgetary management.

Chapter-IV comments on the quality of accounts rendered by various authorities of the UT Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials of the UT Government.

Chapter-V discusses the financial performance of Public Sector Undertakings.

Audit findings

Chapter-I & II Overview and Finances of the Union Territory:

There was less receipt under Revenue Receipts (₹38,604 crore) under Own Tax Revenue (₹4,364 crore), Share of Union Taxes (₹15,200 crore), Additional Resource Mobilization (₹4,000 crore), Grants-in-Aid from GoI (₹15,052 crore) with respect to budget estimates and revenue expenditure was less by ₹10,030 crore with respect to Budget Estimates. As a result, the Union Territory of Jammu and Kashmir had a

revenue deficit of ₹138 crore against revenue surplus of ₹28,436 crore projected in budget estimates.

(Para 1.5)

There was Revenue Deficit of ₹138.27 crore in the accounts of Union Territory of Jammu and Kashmir during the year which was understated by ₹250.56 crore due to misclassification of Revenue Expenditure as Capital Expenditure, Non Payment of Interest on State Afforestation Fund and Deposit, Short Contribution to Defined Contribution Pension Fund. There was Fiscal Deficit of ₹10,693.36 crore during 2020-21 which was understated by ₹60.75 crore due to Non Payment of Interest on State Compensatory Afforestation Fund, State Compensatory Afforestation Deposit and Short Contribution to Defined Contribution Pension Fund.

(Para 1.7.1)

Percentage of Grants-in-Aid to Revenue Receipts was 75.32 *per cent* during the year 2020-21.

(Para 2.3.2.2)

The committed expenditure constituted 74.67 *per cent* of Revenue Expenditure and it was 74.87 *per cent* of Revenue Receipts as such about 25 *per cent* of revenue receipts was available for other expenditure during the year 2020-21.

(Para 2.4.2.1)

During 2020-21, Government of UT of Jammu and Kashmir invested ₹83.27 crore in two companies and one corporation and had total investment of ₹162.39 crore as on 31 March 2021. Erstwhile State Government had cumulative investment of ₹4,617.16 crore in 38 Companies (₹4,148.83 crore), three Statutory Corporations (₹374.34 crore), eight Co-operative Institutions/ Local Bodies (₹47.83 crore), two Rural Banks (₹45.82 crore) and two Joint Stock Companies (₹0.34 crore) ending 30 October 2019 which had not been divided between Union Territory of Jammu & Kashmir and Union Territory of Ladakh.

(Para 2.4.3.2)

During the year ended 31 March 2021, the Government of Union Territory of Jammu and Kashmir disbursed Loans and Advances of ₹61.64 crore and recovered loans and advances amounting to ₹1.93 crore. Out of total loans of ₹61.64 crore disbursed during 2020-21, loan of ₹32.50 crore was granted to J&K State Road Transport Corporation Limited which already had outstanding loans of ₹406.73 crore ending 31 March 2020 (₹383.73 crore received from erstwhile State and ₹23 crore from UT of J&K).

(Para 2.4.3.3)

During 2020-21, the balance under Reserve Funds of UT Jammu and Kashmir was ₹771.13 crore. There was also a cumulative aggregate balance in Reserve Funds at the end of 30 October 2019 amounting to ₹2,806 crore which was yet to be bifurcated between the two Union Territories till 31 March 2021.

(Para 2.5.2)

The Government of Union Territory of Jammu and Kashmir maintained the mandatory minimum daily cash balance of ₹1.14 crore with Reserve Bank of India on 47 days during 2020-21 without taking Special Ways and Means Advance/Ways and Means Advances (WMA)/ Overdrafts, and on 260 days minimum balance was maintained by obtaining Normal Ways and Means Advances besides on 58 days Overdraft was taken in addition to obtaining Normal Ways and Means Advances.

(Para 2.7.3)

Chapter-III Budgetary Management:

An amount of ₹6,714.34 crore was incurred under 53 schemes/ Sub Heads in 16 Grants without Budgetary Provisions which needs to be regularised.

(Para 3.3.1)

During 2020-21, a sum of ₹189.81 crore of Revenue expenditure was disbursed under Capital Major Heads of expenditure, thereby, resulting in overstatement of Capital Expenditure and understatement of Revenue Expenditure and Revenue deficit to the extent of ₹189.81 crore.

(Para 3.3.2)

Supplementary provisions aggregating ₹12,393.19 crore obtained in 11 cases, involving ₹50 lakh or more in each case during the year proved unnecessary as the expenditure did not come up to the level of the original provisions.

(Para 3.3.3)

There were huge savings of ₹100 crore and above by the departments under Capital Section in 25 grants amounting to ₹31,927.59 crore.

(Para 3.4)

Out of 35 grants, in 34 grants the utilisation ranged between 20 *per cent* and 83 *per cent.* In the remaining one grant there was over utilisation of 11 *per cent* resulting in excess over provisions during 2020-21.

(Para 3.4.1)

Entire budget provision of ₹18,134.91 crore under 25 Grants involving 139 number of schemes remained unutilised during the year resulting in denial of intended benefits to the general public.

(Para 3.5)

The excess expenditure amounting to ₹7,094.29 crore under Capital *charged* section in Grant No. 08 (Finance Department) incurred during 2020-21 is to be got regularised.

(Para 3.5.1)

In four grants, expenditure exceeding 50 *per cent* of total expenditure of the year has been incurred during March 2021 only and the percentage of expenditure ranged between 56 and 64 *per cent* of total expenditure. Similarly, in seven grants expenditure exceeding 50 *per cent* of total expenditure of the year has been incurred during the last quarter of the year and the percentage of expenditure ranged between 57 *per cent* and 76 *per cent*.

(Para 3.8.2)

Chapter-IV Quality of Accounts and Financial Reporting Practices:

3,215 Utilisation Certificates in respect of grants involving ₹10,076.58 crore against various departments were outstanding as on 31 March 2021.

(Para 4.4)

An amount of ₹5,280.71 crore drawn on 356 AC bills drawn up to 31 January 2021 were not submitted to the Pr. Accountant General (A&E), Jammu & Kashmir. Detailed Contingent (DC) bills in respect of 2,237 Abstract Contingent (AC) Bills amounting to ₹6,885.63 crore drawn up to 30 October 2019 pertaining to erstwhile State were also awaited.

(Para 4.5)

During 2020-21, ₹3,741.00 crore (7.13 *per cent* of the total Revenue Receipts) was classified under the Minor Head 800-'Other Receipts' and expenditure of ₹4,677.34 crore (7.41 *per cent* of Total Revenue and Capital Expenditure) was booked under Minor Head 800-'Other Expenditure' instead of depicting distinctly under relevant heads in the Finance Accounts which affects transparency in financial reporting.

(Para 4.6)

During 2020-21, Receipts of ₹48,444.58 crore (92.28 *per cent* of the total Revenue Receipts of ₹52,495.48 crore of Union Territory of J&K excluding Public Debt) and Expenditure of ₹40,905.14 crore (64.82 *per cent* of total Revenue and Capital Expenditure of ₹63,104.13 crore) were reconciled with the Office of the Principal Accountant General (A&E).

(Para 4.8)

There was mis-classification and details in respect of Grants-in-aid given in kind was not provided (IGAS 2). Detailed information regarding recoveries in arrears and accrued interest thereon was not furnished (IGAS 3)

(Para 4.10)

Chapter-V Financial Performance of Public Sector Undertakings:

As on 31 March 2021, of the total equity capital of ₹5,073.32 crore in Power Sector PSUs, ₹2,593.54 crore (51.12 *per cent*) was contributed by the GoJ&K. Further, the total equity investment in 36 PSUs of sectors other than Power Sector was ₹969.10 crore. The government had also advanced loans of ₹1437.72 crore to PSUs functioning in other than power sector.

(Para 5.4.1)

Budgetary assistance of ₹3,151.70 crore was received by PSUs from the GoJ&K during 2020-21.

(Para 5.4.2)

The market value of shares of J&K Bank Limited was ₹1,901.35 crore as on 31 March 2021 as compared to ₹881.83 crore as on 31 March 2020.

(Para 5.4.5)

Chapter-I

Overview

CHAPTER-I

OVERVIEW

This chapter describes the basis and approach to the report and the underlying data provides overview of structure of Government accounts, budgetary processes, macro-fiscal analysis of key indices and Union Territory's key fiscal position including the deficits/surplus.

1.1 Profile of the Union Territory of Jammu and Kashmir

The Union Territory of Jammu and Kashmir is constituted of 20 districts. The projected population of Union Territory of Jammu and Kashmir for the year 2021 was 1.34 crore and density was 82 person per square km. As per Population projections for India and States 2011-2036, the population growth has been projected at 7.2 and Infant mortality rate at 29 for the period 2021-25.

1.1.1 Gross State Domestic Product of the Union Territory of Jammu and Kashmir

Gross State Domestic Product (GSDP) is the value of all the goods and services produced within the boundaries of the Union Territory in a given period of time. Growth of GSDP is an important indicator of the economy, as it denotes the extent of changes in the level of economic development of the State/UT over a period of time. Changes in sectoral contribution to the GSDP is also important to understand the changing structure of economy. The economic activity is generally divided into Primary, Secondary and Tertiary sectors, which correspond to the Agriculture, Industry and Service sectors. The GSDP of UT of Jammu and Kashmir during 2020-21 was ₹1,76,282 crore.

Table 1.1: GSDP compared to the GDP

(₹in crore)

Year	**2019-20**	**2020-21**
GDP (2011-12 Series)	2,03,51,013	1,97,45,670
Growth rate of GDP over previous year (in *per cent*)	7.75	-2.97
UT of J&K's GSDP (2011-12 Series)	1,70,382	1,76,282*

Source: MOSPI, GoI website

**Growth rate of GSDP over previous year has not been shown as two new UTs viz. UT of Jammu and Kashmir and UT of Ladakh were formed from the 'Appointed Day' 31 October 2019.*

1.2 Basis and Approach to Union Territory Finances Audit Report

In terms of Section 72 of Jammu and Kashmir Reorganisation Act, 2019, the reports of the Comptroller and Auditor General of India (CAG) relating to the accounts of Union Territory of Jammu and Kashmir are to be submitted to the Lt. Governor of the Union Territory, who shall cause them to be laid before the Legislature of the Union Territory.

The Union Territory Finances Audit Report is prepared and submitted under Section 72 of Jammu and Kashmir Reorganisation Act, 2019.

Pr. Accountant General (Accounts and Entitlements) prepares the Finance Accounts and Appropriation Accounts of the Union Territory of Jammu and Kashmir, from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and departments responsible for keeping of such accounts functioning under the control of the Government of Union Territory of Jammu and Kashmir, and the statements received from the Reserve Bank of India. These accounts are audited independently by the Pr. Accountant General (Audit), and certified by the CAG.

Finance Accounts and Appropriation Accounts of the Union Territory constitute the core data for this report. Other sources include the following:

- Budget of the Union Territory: for assessing the fiscal parameters and allocative priorities *vis-à-vis* projections, as well as for evaluating the effectiveness of its implementation and compliance with the relevant rules and prescribed procedures;
- Results of audit carried out by the Office of the Pr. Accountant General (Audit);
- Other data with Departmental Authorities and Treasuries (accounting as well as MIS);
- GSDP data and other Union Territory related statistics; and
- Various audit reports of the CAG of India.

The analysis is also carried out in the context of recommendations of the Finance Commission (FC), Fiscal Responsibility and Budget Management Act, best practices and guidelines of the Government of India.

1.3 Report Structure

The Union Territory Finances Audit Report is structured into the following five Chapters:

Chapter – I	**Overview** This chapter describes the basis and approach to the Report and the underlying data, provides an overview of structure of government accounts, budgetary processes, macro-fiscal analysis of key indices and UTs fiscal position including the deficits/ surplus.
Chapter – II	**Finances of the Union Territory** This chapter provides a broad perspective of the finances, debt profile of the Union Territory of Jammu and Kashmir and key Public Account transactions, based on the Finance Accounts of the Union Territory of Jammu and Kashmir for the year 2020-21.

Chapter – III	**Budgetary Management** This chapter is based on the Appropriation Accounts of Union Territory of Jammu and Kashmir for the year 2020-21 and reviews the appropriations and allocative priorities of the Government of Union Territory of Jammu and Kashmir and reports on deviations from Constitutional provisions relating to budgetary management.
Chapter – IV	**Quality of Accounts and Financial Reporting Practices** This chapter has comments on the quality of accounts rendered by various authorities of the Union Territory Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials of the Government.
Chapter –V	**Financial Performance of Public Sector Undertakings** This chapter contains comments about the financial performance of Public Sector Undertakings of UT of Jammu and Kashmir during the year 2020-21.

1.4 Overview of Government Account Structure and Budgetary Processes

The Accounts of the Government of Union Territory of Jammu and Kashmir are kept in three parts:

1. **Consolidated Fund of the Union Territory of Jammu and Kashmir (Section 67 of the Jammu and Kashmir Reorganisation Act 2019)**

   This Fund comprises all revenues received in the Union Territory of Jammu and Kashmir by the Government of India or Lieutenant Governor of the Union Territory of Jammu and Kashmir in relation to any matter with respect to which the Legislative Assembly of the Union Territory of Jammu and Kashmir has power to make laws, and all grant made and all loans advanced to the Union Territory of Jammu and Kashmir from the Consolidated Fund of India and all loans raised by the Government of India or the Lieutenant Governor of the Union Territory of Jammu and Kashmir upon the security of the Consolidated Fund of the Union Territory of Jammu and Kashmir and all moneys received by the Union Territory of Jammu and Kashmir in repayment of loans shall form one Consolidated Fund. No moneys can be appropriated from this Fund except in accordance with law and for the purposes and in the manner provided in Jammu and Kashmir Reorganisation Act 2019.

2. **Contingency Fund of the Union Territory of Jammu and Kashmir (Section 69(1) of the Jammu and Kashmir Reorganisation Act 2019)**

   This Fund is in the nature of an imprest, which is established by the Legislature by law, and is placed at the disposal of the Lieutenant Governor

to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the Legislature of Union Territory of Jammu and Kashmir. The fund is recouped by debiting the expenditure to the concerned functional major head relating to the Consolidated Fund of the Union Territory of Jammu and Kashmir.

3. Public Accounts of the Union Territory of Jammu and Kashmir (Section 68(1) of the Jammu and Kashmir Reorganisation Act 2019)

Apart from above, all other public moneys received by or on behalf of the Lieutenant Governor, shall be credited to a Public Account entitled the Public Account of the Union Territory of Jammu and Kashmir. The Public Account includes re-payables like Small Savings and Provident Funds, Deposits (bearing interest and not bearing interest), Advances, Reserve Funds (bearing interest and not bearing interest), Remittances and Suspense heads (both of which are transitory heads, pending final booking). The net cash balance available with the Government is also included under the Public Account. The Public Account is not subject to the vote of the Legislature.

There is a constitutional requirement under Section 41 of the Jammu and Kashmir Reorganisation Act 2019 to present before the Legislature of the Union Territory, a statement of estimated receipts and expenditures of the government in respect of every financial year. This 'Annual Financial Statement' constitutes the main budget document. Further, the budget must distinguish expenditure on the revenue account from other expenditures.

Revenue Receipts consists of Tax Revenue, Non-Tax Revenue, share of Union Taxes/ Duties, and grants from Government of India.

Revenue Expenditure consists of all those expenditures of the government of Union Territory, which do not result in creation of physical or financial assets. It relates to those expenses incurred for the normal functioning of the government departments and various services, interest payments on debt incurred by the government, and grants given to various institutions (even though some of the grants may be meant for creation of assets).

The **Capital Receipts** consist of:

- **Debt Receipts:** Market Loans, Bonds, Loans from financial institutions, Net transaction under Ways and Means Advances, Loans and Advances from Central Government, etc.;
- **Non-debt Receipts:** Proceeds from disinvestment, Recoveries of loans and advances;

Capital Expenditure includes expenditure on the acquisition of land, building, machinery, equipment, investment in shares, and loans and advances by the government to PSUs and other parties.

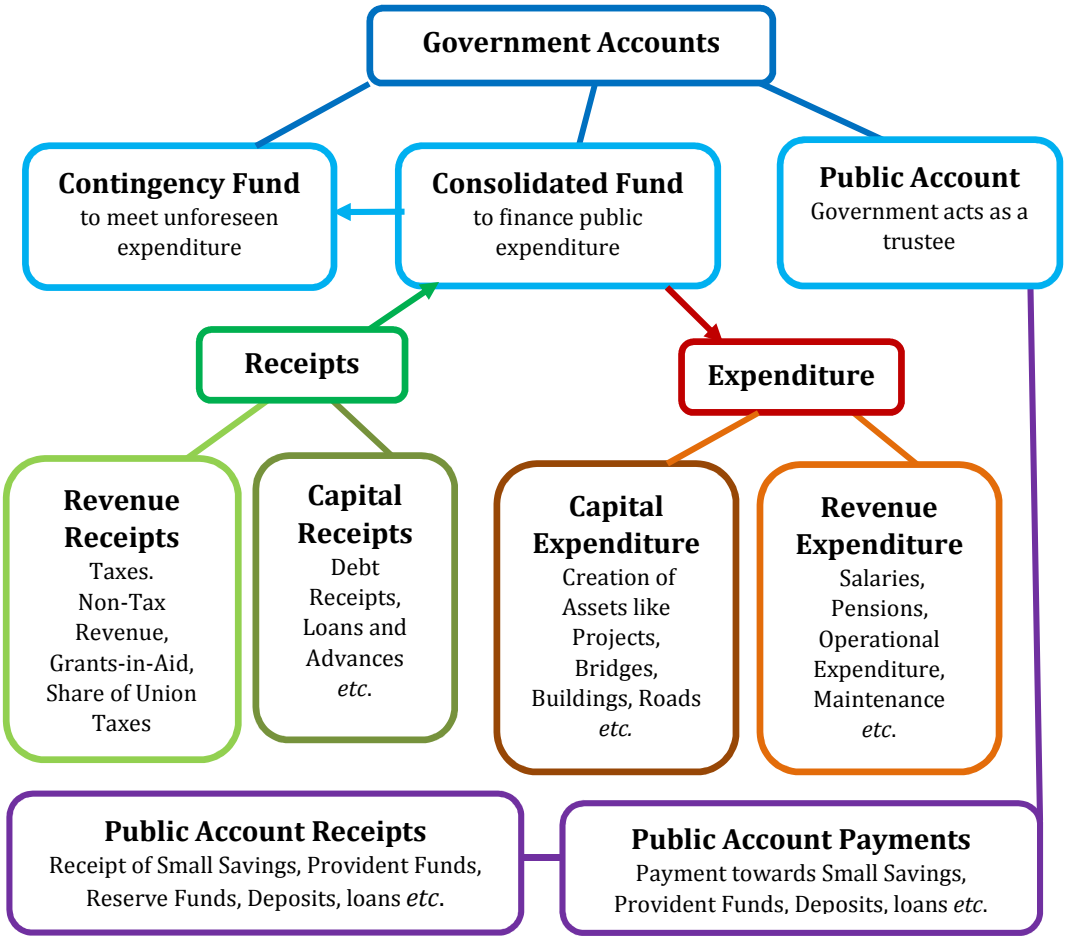
At present, we have an accounting classification system in Government that is both functional and economic.

	Attribute of transaction	Classification
Standardised in LMMH by CGA	Function- Education, Health, etc. /Department	Major Head under Grants (4-digit)
	Sub-Function	Sub Major head (2-digit)
	Programme	Minor Head (3-digit)
Flexibility left for States/UT	Scheme	Sub-Head (2-digit)
	Sub scheme	Detailed Head (2-digit)
	Economic nature/Activity	Object Head-salary, minor works, etc. (2-digit)

1.4.1 Structure of Government Accounts

Chart 1.1: Structure of Government Accounts

Government finances comprise the following:



1.4.2 Budgetary Process

In terms of Section 41 of the Jammu and Kashmir Reorganisation Act 2019, the Lieutenant Governor of Union Territory of Jammu and Kashmir shall cause to be laid before Legislative Assembly, a statement of the estimated receipts and expenditure of the Union Territory, in the form of an Annual Financial Statement. In terms of Section 42, the statement is submitted to the Legislature in the form of Demands for Grants/ Appropriations and after approval of these, the Appropriation Bill is passed by the Legislature under Section 43 to provide for appropriation of the required money out of the Consolidated Fund.

In pursuance of Gazette of India, Extraordinary, Part (II), Section 3, Sub section (ii), S.O 3938 (E) dated 31 October 2019 issued consequent upon the proclamation issued on 31st day of October 2019, Gazette of India, Extraordinary, Part (II), Section 3, Sub section (ii), S.O. 3937(E) dated 31st October, 2019, under section 73 of Jammu and Kashmir Reorganisation Act, 2019, read with Article 239 and 239A of the Constitution and Section 74 of the Jammu and Kashmir Reorganisation Act, 2019, the bill to authorise payment and appropriation of certain sums from and out of the Consolidated Fund of the Union Territory of Jammu and Kashmir of the moneys required to meet the expenditure *charged* on the Consolidated Fund of the Union Territory of Jammu and Kashmir and the grants made for the expenditure of the Union Territory of Jammu and Kashmir for the financial year 2020-21 from 1st day of April 2020 to 31st day of March 2021 was introduced in Parliament and assented to in March 2020. The Budget for the year 2020-21 of Union Territory of Jammu and Kashmir and Appropriation Bills for incurring expenditure by the Union Territory of Jammu and Kashmir for the period 2020-21 were presented in Parliament in March 2020. Appropriation Accounts of Union Territory of Jammu and Kashmir for the period 2020-21 was audited and commented to in **Chapter 3** of this Report.

1.5 Snapshot of Finances

The position of budget estimate and actuals **(Appendix 1.1)** in respect of some components have been shown in **Table 1.2**.

Table 1.2: Actuals Vs Budget for the year 2020-21

(₹in crore)

Sl. No	Components	(Budget Estimate)	(Actuals)	Percentage of Actuals to B.E.	Percentage of Actuals to GSDP
1	Own Tax Revenue	13,241	8,877	67.04	5.04
2	Own Non-Tax Revenue	4,065	4,077	100.30	2.31
3	Share of Union taxes/duties	15,200	0.00	0.00	0.00

Source: Budget 2020-21 and Finance Accounts 2020-21. # Borrowings and other Liabilities: Net (Receipts-Disbursements) of Public Debt + Net of Contingency Fund + Net (Receipts - Disbursements) of Public Account + Net of Opening and Closing Cash Balance. Public Debt receipts includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.

There was less receipt (₹38,604 crore) under Revenue Receipts. This was due to less receipt under Own Tax Revenue (₹4,364 crore), Share of Union Taxes (₹15,200 crore), Additional Resource Mobilisation (₹4,000 crore) and Grants in Aid from GoI (₹15,052 crore) with respect to budget estimates. Revenue expenditure was less by ₹10,030 crore with respect to Budget Estimates. These resulted in Union Territory of Jammu and Kashmir having a revenue deficit of ₹138 crore against revenue surplus of ₹28,436 crore projected in budget estimate.

Goods and Services Tax (GST) Compensation is the revenue of the State Government under GST (Compensation to States) Act, 2017. However, in addition to receiving the GST compensation of ₹ 2,171.22 crore as revenue receipts during the year 2020-21, the Union Territory (UT) of Jammu and Kashmir also received back-to-back loans of ₹2,099.80 crore under debt receipts of the UT Government, with no repayment liability for the UT.

1.5.1 Snapshot of Assets and Liabilities of the Government

Government accounts capture the financial liabilities of the Government and the assets created out of the expenditure incurred. ***Appendix 1.2*** gives an abstract of such liabilities and assets as on 31 March 2021, compared with the corresponding position of previous year. The liabilities consist mainly of internal borrowings, loans and advances from GoI, receipts from public account and reserve funds, and the assets comprise mainly the capital outlay and loans and advances given by the UT Government and cash balances. Summarised position of assets and liabilities is depicted in **Table 1.3**.

Table 1.3: Summarised position of Assets and Liabilities

(₹in crore)

Liabilities			**Assets**

Total		**17,761**	**Total**		**17,761**

Source: Finance Accounts

** Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.*

In addition, there were assets and liabilities of ₹1,05,056 crore of erstwhile State of Jammu and Kashmir ending 30 October 2019 which are to be distributed between Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

1.6 Fiscal Balance: Achievement of Deficit and Total Debt Targets

As per the Statements laid under FRBM Act in the Parliament by Union Territory of Jammu and Kashmir, no fiscal indicators-rolling targets were specified for the year 2020-21 in respect of Union Territory of Jammu and Kashmir.

1.6.1 The Fiscal Parameters of the Union Territory of Jammu and Kashmir

Revenue Deficit: The difference between revenue expenditure and revenue receipts is revenue deficit. The Union Territory of Jammu and Kashmir had revenue deficit of ₹138.27 crore during 2020-21, which was 0.08 *per cent* of GSDP.

Fiscal Deficit: Fiscal deficit is the difference between the Government's total expenditure and its total receipts excluding borrowing. During the year 2020-21 Union Territory of Jammu and Kashmir had Fiscal Deficit of ₹10,693.36 crore, which was 6.07 *per cent* of GSDP.

Primary Deficit/Surplus refers fiscal deficit minus interest payments. During the year 2020-21 there was Primary Deficit (PD) of ₹4,320.90 crore. Primary deficit was 2.45 *per cent* of GSDP during the year.

1.7 Deficits after examination in Audit

In order to present better picture of Union Territory finances, there is a tendency to classify revenue expenditure as capital expenditure and to conduct off budget fiscal operations.

1.7.1 Post Audit - Deficits

Misclassification of revenue expenditure as capital, short contributions to new pension scheme has impacted the Revenue and Fiscal Deficit as shown below.

Table 1.4: Revenue and Fiscal Deficit, post examination by Audit

Sl. No	Item	Impact on Revenue Deficit (Understated (+) / overstated(-)) *(₹ in crore)*	Impact on Fiscal Deficit Under Statement *(₹ in crore)*
1	Misclassification between Revenue and Capital	189.81	No Impact
2	Non Payment of Interest on State Compensatory Afforestation Fund MH 8121	13.88	13.88
3	Non Payment of interest on State Compensatory Afforestation Deposit MH 8336	10.03	10.03
4	Short contribution to Defined Contribution Pension Fund	36.84	36.84
Total Net impact		**250.56**	**60.75**

Source: Finance Accounts

There was Revenue Deficit of ₹138.27 crore in the accounts of Union Territory of Jammu and Kashmir for the year 2020-21 which was understated by ₹250.56 crore due to misclassification of Revenue Expenditure as Capital Expenditure, Non Payment of Interest on State Compensatory Afforestation Fund and Deposit, Short Contribution to Defined Contribution Pension Fund. There was Fiscal Deficit of ₹10,693.36 crore during 2020-21 which was understated by ₹60.75 crore due to Non Payment of Interest on State Compensatory Afforestation Fund, State Compensatory Afforestation Deposit and Short Contribution to Defined Contribution Pension Fund as shown in the table above.

1.7.2 Post Audit – Total Public Debt

As per the Jammu and Kashmir Fiscal Responsibility and Budget Management Act, 2006, total liabilities means the liabilities under the Consolidated Fund and the Public Account and includes borrowings by the public sector undertakings and special purpose vehicles and other equivalent instruments including guarantees where the principal and /or interest are to be serviced out of the budget. The outstanding debt/liabilities can be split into various components as given in **Table 1.5**.

Table 1.5: Components of outstanding debt/liabilities as on 31 March 2021

(₹ in crore)

Borrowings and other liabilities as per Finance Accounts	Amount
Internal Debt (A)	**10,562.20**
Market Loans	**9,435.22**
Loans from other Institutions, etc.	**1,692.29**
Special Securities issued to the National Small Savings Fund of the Central Government	**(-)565.31**
Loans and Advances from Central Government (B)	**2,105.44**
Non-plan Loans	15.10
Loans for State/Union Territory Plan Schemes	(-)175.81

Borrowings and other liabilities as per Finance Accounts	**Amount**
Others	2,281.25*****
Liabilities upon Public Accounts (C)	**5,068.28**
Small Savings, Provident Funds, etc.	2,185.97
Deposits	1,355.53
Reserve Funds	771.13
Suspense and Miscellaneous Balances	121.15
Remittances	634.50
Total (A+B+C)	**17,735.92**

Source: Finance Accounts

** Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.*

At the end of the year 2020-21, the overall outstanding debt/liabilities of the Union Territory were understated by ₹755.65 crore by not accounting for the Suspense, Miscellaneous and Remittance balances, thereby understating the same with respect to GSDP by 0.43 *per cent.* Liabilities of Union Territory of Jammu and Kashmir to GSDP after taking into account the liability on account of Suspense and Miscellaneous and Remittance will increase from 8.44[1] *per cent* to 10.06 *per cent.*

[1] The overall debt GSDP ratio of 8.44 has been arrived at after exclusion of GST compensation of ₹ 2,099.80 crore received as back-to-back loans from GoI under debt receipts from the outstanding overall debt. The back-to-back loans would not be treated as debt of the UT for any norms which may be prescribed by the Finance Commission, etc.

Chapter-II

Finances of the Union Territory

CHAPTER-II

FINANCES OF THE UNION TERRITORY

This chapter provides a broad perspective of the finances of the Government of Jammu and Kashmir (UT) during the year 2020-21.

2.1 Major changes in Key Fiscal Aggregates *vis-à-vis* 2019-20

The major key fiscal aggregates of the UT for the year 2020-21 cannot be compared *vis-à-vis* fiscal aggregates for the period 31 October 2019 to 31 March 2020.

2.2 Sources and Application of Funds

The summary of components of the sources and application of funds of the Union Territory during the year 2020-21 is as under.

Table 2.1: Details of Sources and Application of funds during 2020-21

(₹in crore)

	Particulars	**2020-21**
Sources	Opening Cash Balance with RBI and other cash balances.	1,482.28
	Revenue Receipts	52,495.48
	Recoveries of Loans and Advances	1.93
	Public Debt Receipts (Net)	9,169.61
	Public Account Receipts (Net)	1,464.16
	Total	**64,613.46**
Application	Revenue Expenditure	52,633.75
	Capital Expenditure	10,470.38
	Disbursement of Loans and Advances	61.64
	Closing Cash Balance with RBI and other cash balances.	1,447.69
	Total	**64,613.46**

Source: Finance Accounts

Revenue receipts is the biggest source of revenue and majority of resources are utilised towards Revenue Expenditure.

The Composition of sources and application of funds in the Consolidated Fund of the Union Territory of Jammu and Kashmir during 2020-21 is given in **Chart 2.1** and **Chart 2.2**.

(In per cent)

Chart 2.1: Composition of resources ₹ comes from

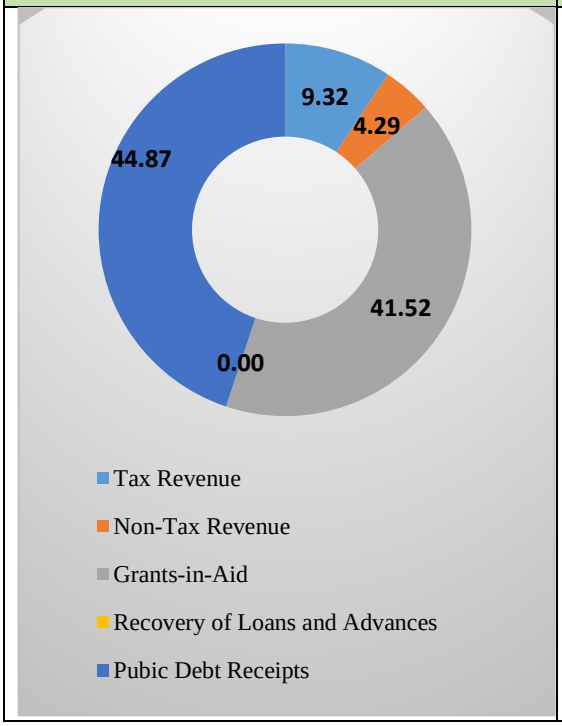

Chart 2.2: Application of resources ₹ goes to

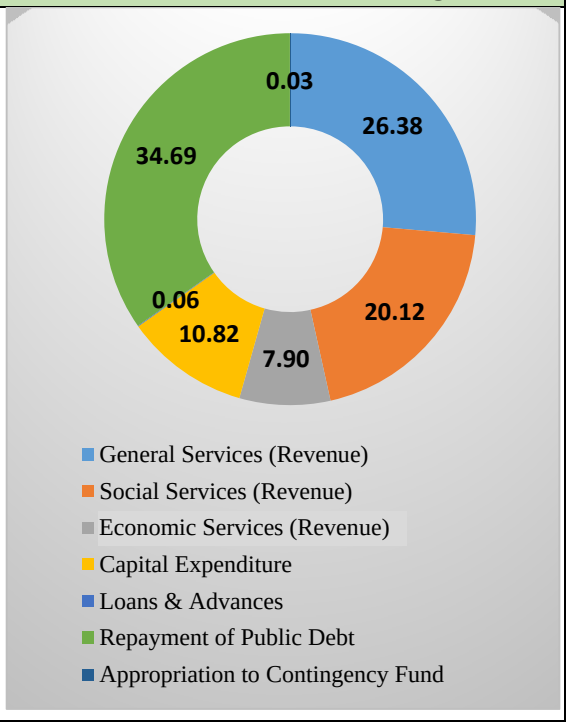


Public Debt Receipts and Grants-in-Aid accounted for 86.39 *per cent* of resources of UT of Jammu and Kashmir. Repayment of Public Debt and Expenditure on General Services (Revenue) together accounted for 61.07 *per cent* of total expenditure.

2.3 Resources of the Union Territory (UT) of Jammu and Kashmir

The resources of the Union Territory are described below:

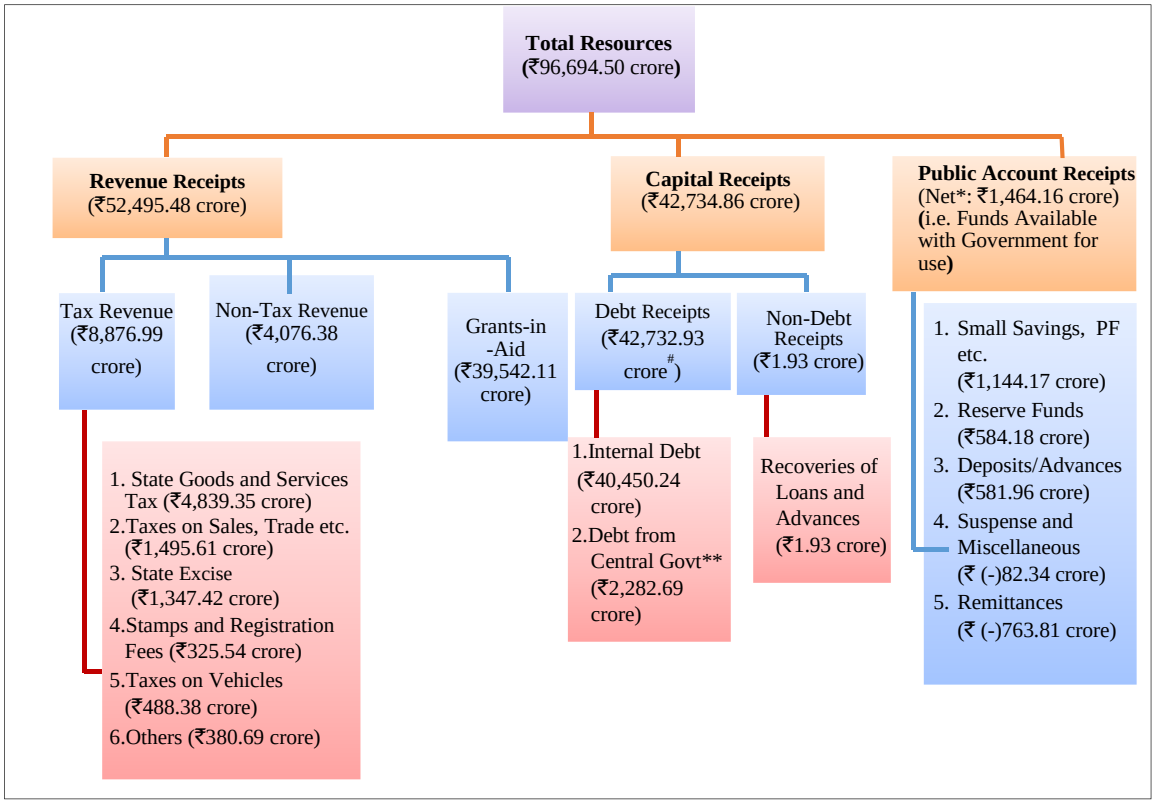
1. **Revenue Receipts** consist of tax revenue, non-tax revenue, and grants-in-aid from the Government of India (GoI).
2. **Capital Receipts** comprise miscellaneous capital receipts such as proceeds from disinvestments, recoveries of loans and advances, debt receipts from internal sources (market loans, borrowings from financial institutions/commercial banks) and loans and advances from GoI. Both revenue and capital receipts form part of the Consolidated Fund of the UT.
3. **Net Public Accounts Receipts**: There are receipts and disbursements in respect of certain transactions such as small savings, provident fund, reserve funds, deposits, suspense, remittances, etc. which do not form part of the Consolidated Fund.

   These are kept in the Public Account set up under Section 68(1) of the Jammu & Kashmir Reorganisation Act 2019 and are not subject to vote by the Union Territory's Legislature. Here, the Government acts as a banker. The balance after disbursements is the fund available with the Government for use.

2.3.1 Receipts of the Union Territory

Revenue and Capital are the two streams of receipts that constitute the resources of the Union Territory Government. Revenue Receipts consist of Tax Revenues, Non-Tax Revenues, and Grants-in-Aid from the Government of India (GoI). Capital Receipts comprise Miscellaneous Capital Receipts such as proceeds from Disinvestments, Recoveries of Loans and Advances, Debt Receipts from internal sources (Market Loans, Borrowings from financial institutions/ commercial banks) and Loans and Advances from GoI as well as accruals from Public Account. **Chart 2.3** showing the composition of resources of the Union Territory during the current year are given below**.**

Chart 2.3: Composition of receipts of the UT of Jammu and Kashmir during 2020-21



*Source: Finance Accounts *Public Accounts Receipts Net (₹1,464.16 crore) =Public Accounts Receipts (₹24,833.82crore) less Public Accounts Disbursements (₹23,369.66 crore) ** Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall .# Includes Ways and Means Advance.*

2.3.2 Union Territory's Revenue Receipts

During 2020-21, various components of revenue receipts of Union Territory of Jammu and Kashmir are as shown in **Table 2.2**.

Table 2.2: Components of Revenue Receipts

(₹in crore)

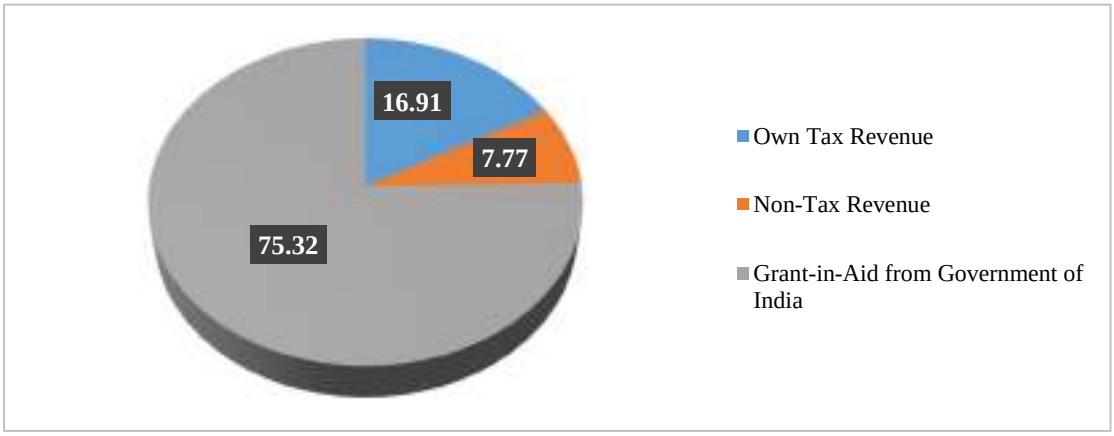
Parameters	2020-21	Percentage
Revenue Receipts (RR)	52,495.48	
Own Tax Revenue	8,876.99	16.91

Parameters	2020-21	Percentage
Non-Tax Revenue	4,076.38	7.77
Grants in Aid from Government of India	39,542.11	75.32
GSDP	1,76,282	
Revenue Receipts to GSDP (percentage)	29.78	

Source of GSDP figures: website MOSPI GoI,

Chart 2.4 Components of Revenue Receipts

(in per cent)



Out of total Revenue Receipts of ₹52,495.48 crore during 2020-21, the Grants-in-Aid from GoI (₹39,542.11 crore) constituted 75.32 *per cent* of total revenue receipts.

2.3.2.1 Own Resources of UT of Jammu and Kashmir

Government's performance in mobilisation of resources is assessed in term of its own tax resources comprising revenue from its own tax and non-tax sources. Details of own tax revenue, own non tax revenue and its components are shown in following sub paragraphs.

(A) Own Tax revenue

Own tax revenues of the UT consist of Goods and Services Tax (GST), UT Excise, Taxes on Vehicles, Stamp Duty and Registration fees, Land revenue, Taxes on Goods and Passengers, etc. Component wise breakup of Own tax revenue is shown in the table below.

Table 2.3: Components of Own Tax Revenue

(₹ in crore)

Revenue Head	2020-21	Percentage
Taxes on Sales, Trade etc.	1,495.61	16.85
SGST	4,839.35	54.51
State Excise	1,347.42	15.18
Taxes on Vehicles	488.38	5.50
Stamp duty and Registration fees	325.54	3.67
Land Revenue	60.57	0.68
Taxes on Goods and Passengers	0.90	0.01
Other Taxes	319.22	3.60
Total	**8,876.99**	**100.00**

Source: Finance Accounts

During 2020-21 Taxes on Sales, Trade etc. and SGST together constituted 71.36 *per cent* of Own Tax Revenue of U.T of Jammu and Kashmir and State Excise constituted 15.18 *per cent* of Own Tax revenue. Own Tax Revenue during the year 2020-21 was less than the projection made in the budget 2020-21 (₹13,241 crore).

(B) State Goods and Services Tax (SGST)

As per the GST (Compensation to States) Act, 2017, States/UT will be compensated for the shortfall in revenue arising on account of implementation of the goods and services tax considering an annual growth of 14 *per cent* from the base year, for a period of 5 years. The centre levies the Integrated GST (IGST) on inter-state supply of goods and services, and apportions the State's share of tax to the State where the goods or services are consumed. State Government implemented the Goods and Services Tax (GST) Act which became effective from 8th July 2017. According to GST (Compensation to the States) Act 2017, Central Government will compensate the States/UT for loss of revenue arising on account of implementation of GST for a period of five years. The compensation payable to the State/UT shall be calculated for every financial year after the receipt of final revenue figures, as audited by the CAG of India. The base year (2015-16) revenue figure was finalised under GST Act. In case of Jammu and Kashmir, the Revenue was ₹4,766.30 crore during the base year (2015-16). The protected revenue for any year in a State/UT shall be calculated by applying the projected growth rate (14 *per cent* per annum) over the base year revenue of that State/UT. The protected revenue for the year 2020-21 in accordance with base year figure was ₹9,177.10 crore[1]. Against the protected revenue, the Revenue Receipt of the UT Government under GST including collection of taxes subsumed in GST during the year 2020-21 was ₹4,861.71 crore as detailed in ***Table 2.4***. Against the actual loss of ₹4,315.39 crore due to implementation of GST, GoI has released compensation of ₹4,271.02 crore as compensation including release of back to back loans amounting to ₹2,099.80 crore to the Union Territory in lieu of GST Compensation shortfall. It has resulted in less compensation to the extent of ₹44.37 crore during the year, as given below.

Table 2.4: Pre-GST and SGST collected, provisional apportionment of IGST and compensation received from GOI against protected revenue

(₹in crore)

Year	Revenue to be protected	Pre-GST collected #	SGST collected *	Apportionment of IGST	Total amount received	Compen-sation received	Total	Surplus (+)/ Deficit(-)
2020-21	1	2	3	4	5=(2+3+4)	6	7=(5+6)	8=1-7
Total	**9,177.10**	**22.36**	**1,528.36**	**3,310.99**	**4,861.71**	**4,271.02^**	**9,132.73**	**(-)44.37**

*# Source: State Government * Source : Finance Accounts. ^ Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.*

(C) Audit of GST Receipts

With automation of the collection of Goods and Services Tax (GST) having taken place, it is essential for audit to transition from sample checks to a comprehensive check of

[1] 4,766.30x(1+14/100)5=9,177.10 for 2020-21

all transactions, to fulfill the CAGs constitutional mandate of certifying the accounts. The Government of India's decision to provide access to Pan-India data at GSTN premises was conveyed on 22 June 2020. The Government of Jammu and Kashmir conveyed its decision to provide access to GST back-end system and Audit has been provided ID based passwords to access GSTN back end system since November 2020.

(D) Non-Tax Revenue

Non-Tax revenue consists of interest receipts, dividends and profits, mining receipts, departmental receipts, etc. ***Table 2.5*** depicts components of Non-Tax Revenue of the Union Territory during 2020-21.

Table 2.5: Components of UT's Non-Tax Revenue

(₹in crore)

Revenue Head	2020-21	Percentage
Interest Receipts	17.86	0.44
Dividend and Profits	0.00	0.00
Other Non-Tax Receipts	4,058.52	-
a) Power Development Department	2,349.74	57.64
b) Medium Irrigation	996.66	24.45
c) Non-Ferrous Mining and Metallurgical Industries	227.91	5.59
d) Water Supply and Sanitation	93.89	2.30
e) Education, Sports , Art and Culture	41.33	1.01
f) Police	39.91	0.98
g) other Misc.	309.08	7.59
Total	**4,076.38**	**100.00**

Source: Finance Accounts

The receipts from sale of Power, being a major constituent of Non-Tax Revenue, constituted 57.64 *per cent* and revenue from Medium Irrigation constituted 24.45 *per cent* of the Total Non-Tax Revenue during the year 2020-21.

2.3.2.2 Transfers from the Centre

Transfers from the Centre is constituted of Grants in Aid and devolution under Finance Commission Award.

(A) Grants-in-aid from GoI

The details of Grants-in-aid from Government of India are shown below.

Table 2.6: Grants-in-aid from Government of India

(₹in crore)

Head	2020-21
Grants for Centrally Sponsored Schemes (CSS)	6,533.49
Finance Commission Grants	0.00
Other transfers/Grants to States/Union Territories with Legislature	33,008.62
Total	**39,542.11**
Percentage of GIA to Revenue Receipts	75.32

Source: Finance Accounts

Grants-in-Aid from GoI (₹39,542.11 crore) constituted 75.32 *per cent* of the total revenue receipts of ₹52,495.48 crore for 2020-21.

(B) 15th Finance Commission Grants

There is no devolution of share of taxes to Union Territory under 15th Finance Commission Award.

2.3.3 Capital Receipts

Capital receipts comprise miscellaneous capital receipts such as proceeds from disinvestments, recoveries of loans and advances, debt receipts from internal sources (market loans, borrowings from financial institutions/commercial banks) and loans and advances from GoI.

Table 2.7: Composition of Capital Receipts

(₹in crore)

Sources of UT's Receipts	**2020-21**
Capital Receipts	**42,734.86**
Miscellaneous Capital Receipts	*0.00*
Recovery of Loans and Advances	*1.93*
Public Debt Receipts	**42,732.93**
Internal Debt	*40,450.24*
Loans and advances from GoI	*2,282.69**

*Source: Finance Accounts. * Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.*

Capital receipts of Union Territory of Jammu and Kashmir was ₹42,734.86 crore and major portion amounting to ₹40,450.24 crore of total capital receipts was in the shape of Internal debt. Government of Union Territory of Jammu and Kashmir received loans and advances from Government of India amounting to ₹2,282.69 crore which includes an amount of ₹2,099.80 crore as back to back loans from GoI in lieu of GST compensation shortfall and ₹1.93 crore on account of recovery of loans and advances.

2.3.4 UT's Performance in Mobilisation of Resources

The UT's performance in mobilisation of resources is assessed in terms of its own resources comprising Own Tax and Non-Tax sources. The Union Territory of Jammu and Kashmir's Own Tax and Own Non-Tax Receipts for the year 2020-21 *vis-à-vis* budget estimates are given below:

Table 2.8: Tax and Non-Tax Receipts *vis-à-vis* projections

(₹in crore)

	Budget Estimates	**Actual**	**Percentage of actual over Budget estimates**
Own Tax Revenue	13,241	8,876.99	67.04
Non-Tax Revenue	4,065	4,076.38	100.28
Total	**17,306**	**12,953.37**	**74.85**

Source: Budget document and Finance Accounts

The collection under Own Tax Revenue fell short by 32.96 *per cent* of Budget Estimates. The UT Government could not achieve its own targets for Own Tax Revenue in the Budget Estimates. The UT's Own Resources (Own Tax Revenue and Own Non-

Tax Revenue) of ₹12,953 crore during the year 2020-21 was not enough to cover its committed liabilities (salaries & wages, interest payments and pension) of ₹39,302.27 crore for the year 2020-21.

2.4 Application of Resources

The Government is vested with the responsibility of incurring expenditure within the framework of fiscal responsibility legislations, while at the same time ensuring that the ongoing fiscal correction and consolidation process of the UT is not at the cost of expenditure directed towards development of capital infrastructure and social sector. The sub-paragraphs give the analysis of allocation of expenditure in the Union Territory of Jammu and Kashmir.

2.4.1 Composition of Expenditure

Table 2.9: Total expenditure and its composition

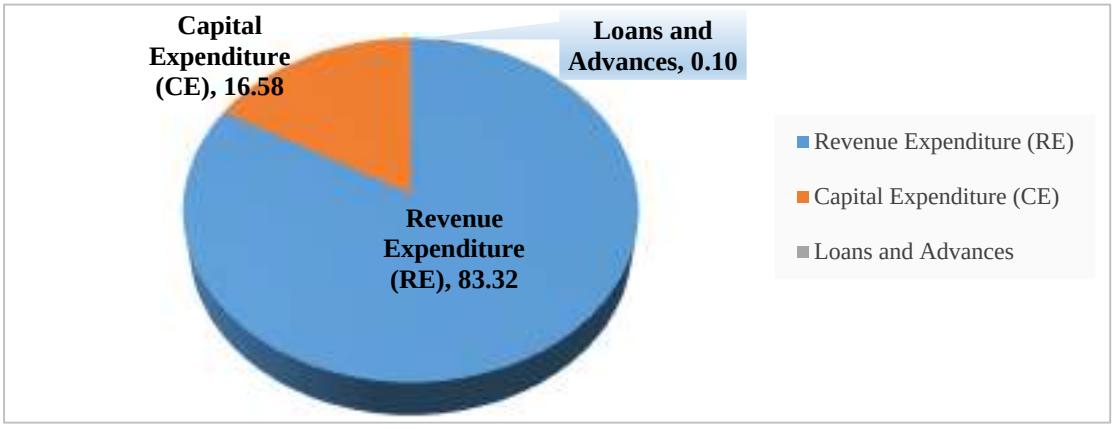
(₹ in crore)

Parameters	2020-21	Percentage
Revenue Expenditure (RE)	52,633.75	83.32
Capital Expenditure (CE)	10,470.38	16.58
Loans and Advances	61.64	0.10
Total Expenditure (TE)	**63,165.77**	**100**
TE/GSDP	35.83	
RE/GSDP	29.86	
CE/GSDP	5.94	
Loans and Advances/GSDP	0.03	

Source: Finance Accounts

Chart 2.5 Total Expenditure: Share of its components

(In per cent)



During the year 2020-21, the share of Capital Expenditure was 16.58 *per cent* and Revenue Expenditure was 83.32 *per cent* of total expenditure. Percentage of Revenue Expenditure and Capital Expenditure to GSDP during the year 2020-21 was 29.86 and 5.94 respectively.

Table 2.10: Relative share of various sectors of expenditure

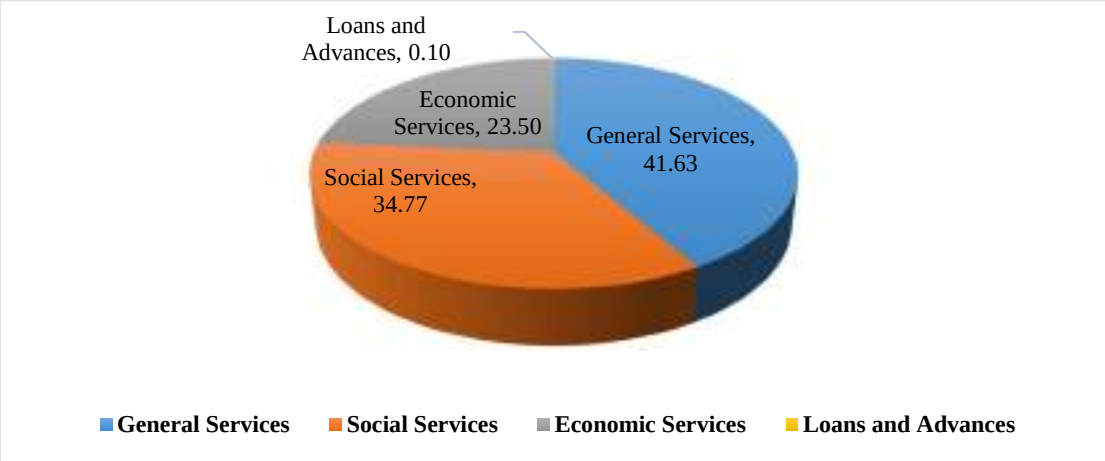
(₹in crore)

Parameters	2020-21	Percentage
General Services	26,297.40	41.63
Social Services	21,964.27	34.77
Economic Services	14,842.46	23.50
Loans and Advances	61.64	0.10

Source: Finance Accounts

Chart 2.6: Total expenditure - Expenditure by activities

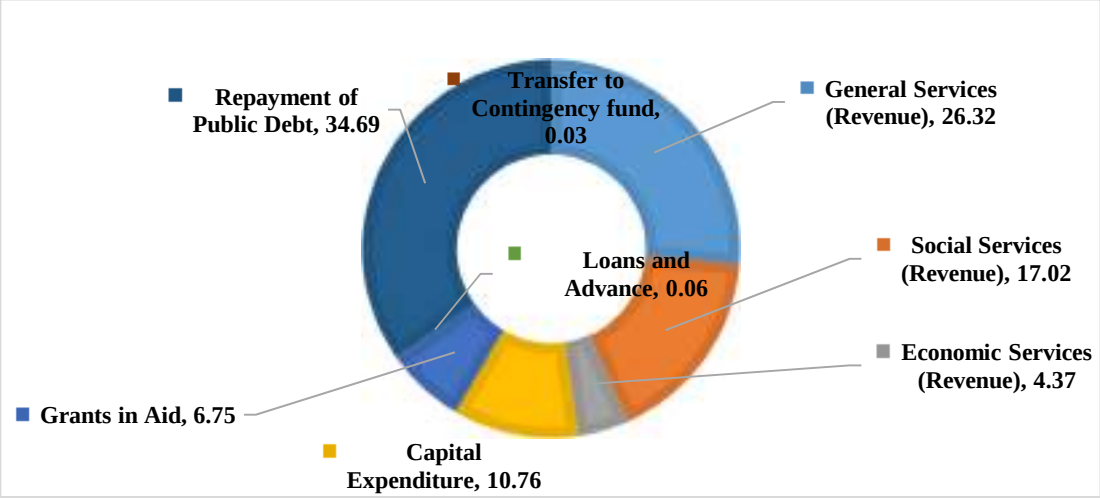
(In per cent)



The combined share of Social and Economic Services which represented Development Expenditure was 58.27 *per cent* of total expenditure during 2020-21 and 41.63 *per cent* of total expenditure was incurred on General Services.

Chart 2.7: Composition of expenditure by function during 2020-21

(In per cent)



It can be seen from above that Repayment of Public debt accounted for 34.69 *per cent* and General Services (Revenue) accounts for 26.32 *per cent* of total

expenditure and expenditure on Social and Economic Service (Revenue) accounts for 21.39 *per cent* and Grants in Aid accounts for 6.75 per cent of total disbursement from the Consolidated Fund during the year.

2.4.2 Revenue Expenditure

Revenue Expenditure is incurred to maintain the current level of services and payment for the past obligation. As such, it does not result in any addition to the UT's infrastructure and service network. ***Table 2.11*** presents Revenue Expenditure and basic parameters of Union Territory of Jammu and Kashmir.

Table 2.11: Revenue Expenditure – Basic Parameters

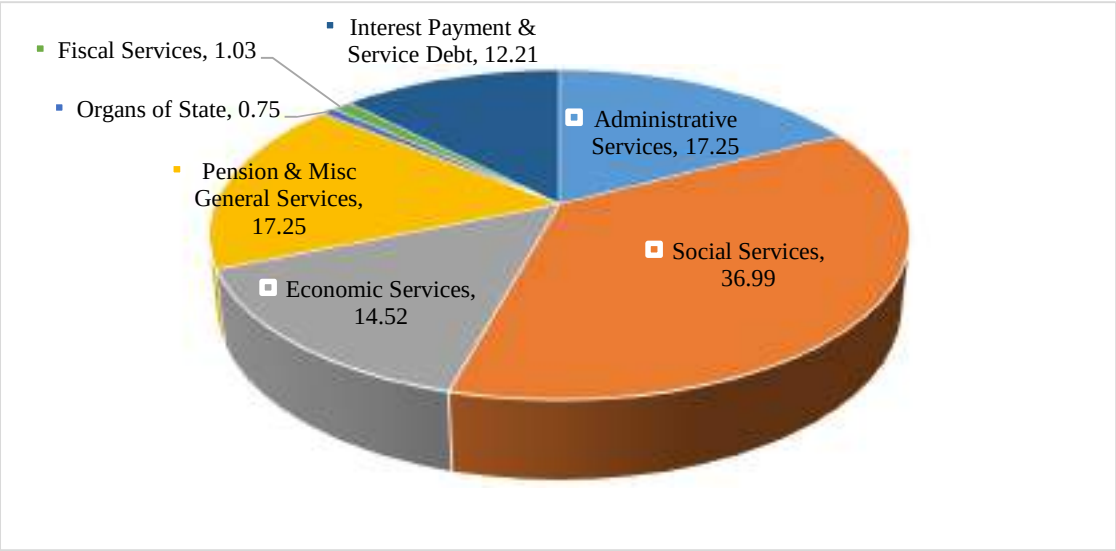
(₹ in crore)

Parameters	2020-21
Total Expenditure (TE)	63,165.77
Revenue Expenditure (RE)	52,633.75
Revenue Expenditure as percentage of TE	83.33
RE/GSDP *(per cent)*	29.86
RE as percentage of RR	100.26

Source: Finance Accounts

Chart 2.8: Sector wise distribution of Revenue Expenditure during 2020-21

(In per cent)



During 2020-21, the combined share of Revenue Expenditure on Economic Services and Social services accounted for 51.51 *per cent and* General Services accounted for 48.49 *per cent* of Revenue Expenditure. The expenditure on Administrative Services (17.25 *per cent),* Interest payments & Servicing of debts (12.21 *per cent*), Pension & Miscellaneous General Services (17.25 *per cent*) were the major components of expenditure on General Services.

2.4.2.1 Committed Expenditure

The committed expenditure of the UT Government on revenue account consists of interest payments, expenditure on salaries and wages and pensions. It has first charge on Government resources. Heavy Committed expenditure leaves the Government with lesser flexibility for development sector.

Table 2.12: Components of Committed Expenditure

(₹in crore)

Components of Committed Expenditure	2020-21	Percentage with respect to Revenue Expenditure	Percentage with respect to Revenue Receipts
Salaries & Wages	23,851.70	45.31	45.44
Interest Payments	6,372.46	12.11	12.14
Expenditure on Pensions	9,078.11	17.25	17.29
Total	**39,302.27**	**74.67**	**74.87**
Non- Committed Expenditure	13,331.48	25.33	
Subsidy	128.24		
Subsidy as percentage of Non-Committed Expenditure	0.96		

Source: Finance Accounts

The total committed expenditure accounted for 74.67 *per cent* and Salary and Wages accounted for 45.31 *per cent* of Revenue Expenditure during 2020-21. Committed expenditure was equal to 74.87 *per cent* of revenue receipts during 2020-21. It shows that major portion of revenue receipts was exhausted to meet committed expenditures and Government was left with about 25 *per cent* of its revenue receipts for other expenditure. Further, the pending power bill payments as at the end of 31 March 2021 was ₹ 10,568.12 crore.

2.4.2.2 Undischarged liabilities in National Pension System

In terms of the Defined Contribution Pension Scheme, the State Government Employees recruited on or after 1 January 2010 who are covered under the Scheme, the employee contributes 10 *per cent* of basic pay and dearness allowance, which is matched by the Government with equal amount.

During the year 2020-21, total contribution to Defined Contribution Pension Scheme was ₹1,037.66 crore (Employee's contribution ₹537.25 crore and Government of Union Territory contribution ₹500.41 crore). The Government of Union Territory transferred ₹1,037.66 crore to the Public Account under Major Head 8342-117 Defined Contribution Pension scheme. The Government of Union Territory contribution to NPS was less by ₹36.84 crore which resulted in understatement of Revenue Deficit and Fiscal Deficit to that extent.

During the year 2020-21, ₹1,055.47 crore was transferred to NSDL/Trustee Bank (with previous outstanding balance of ₹17.29 crore) leaving a debit balance of ₹0.52 crore under the Fund as on 31 March 2021. The Debit balance as on 31 March 2021 was due

to non-apportionment of available balance under the Fund as on 30 October 2019 between the successor Union Territory of Jammu & Kashmir and Union Territory of Ladakh.

2.4.2.3 Subsidies

Amounts being booked under the object head 'subsidies' have been shown below.

Table 2.13: Expenditure on subsidies during 2020-21

	2020-21
Subsidies (₹ in crore)	128.24
Subsidies as a percentage of Revenue Receipts	0.24
Subsidies as a percentage of Revenue Expenditure	0.24

Source: Finance Accounts

The expenditure on subsidies by Union Territory of J&K during 2020-21 constituted 0.24 *per cent* of Revenue Receipts (₹52,495.48 crore) and Revenue Expenditure (₹52,633.75 crore). Horticulture Department was provided maximum subsidy (₹104.93 crore) which was 81.82 *per cent* of total expenditure on subsidy during the year.

2.4.2.4 Financial Assistance by the UT Government to Local Bodies and other Institutions

Financial assistance is provided by the Union Territory Government to Local bodies and other institutions by way of grants and loans. The quantum of assistance provided by way of Grants to local bodies and other institutions is presented in **Table 2.14.**

Table 2.14: Financial Assistance to Local Bodies etc.

(₹ in crore)

Financial Assistance to Institutions	**2020-21**
(A) Local Bodies	
Municipal Corporations and Municipalities	502.15
Others	399.37
Total (A)	**901.52**
(B) Others	
Educational Institutions (Aided Schools, Aided Colleges, Universities, etc.)	2,256.56
Development Authorities	68.43
Jammu and Kashmir, Power Corporation	2,759.98
Other Institutions	545.37
Total (B)	**5,630.34**
Total (A+B)	**6,531.86**
Revenue Expenditure	**52,633.75**
Assistance as percentage of Revenue Expenditure	12.41

Source: Finance Accounts

Jammu and Kashmir, Power Corporation was the major beneficiary of assistance which received financial assistance of ₹2,759.98 crore, which was 42.25 *per cent* of total financial assistance disbursed during 2020-21.

2.4.3 Capital Expenditure

Capital Expenditure (capex) is primarily expenditure on creation of fixed infrastructure assets such as roads, buildings etc. Capex is being met from budgetary support and extra budgetary resources/off budget. The share of capital expenditure in total expenditure was 16.58 *per cent* during 2020-21.

2.4.3.1 Quality of Capital Expenditure

If the Union Territory Government keeps on making investments in loss making government companies, whose net worth is completely eroded, there are no chances of return on investment. Requisite steps have to be taken to infuse transparency in such financial operations. This section presents an analysis of investments and other capital expenditure undertaken by the Government during the current year.

2.4.3.2 Quality of Investments in the Companies, Corporations and other bodies

During 2020-21, Government of UT of Jammu and Kashmir booked ₹99.25 crore as investment. However, against the booked amount, PSUs concerned had shown an investment of ₹83.27 crore, thereby resulting in variation of ₹15.98 crore.

Investment of ₹83.27 crore was made in three entities which had incurred loss as per their last audited accounts. Out of ₹83.27 crore, an amount of ₹81.27 crore has been invested in J&K State Road Transport Corporation, which had reported loss of ₹92.90 crore as per its last audited accounts for the year 2013-14.

UT of Jammu and Kashmir had total investment of ₹162.39 crore as on 31 March 2021 in one corporation (₹138.78 crore), one rural bank (₹2.35 crore), three companies (₹17.91 crore) and investment of (₹3.35crore) communicated by Registrar Co-operative Societies, J&K Government. In addition to above, erstwhile J&K State Government had cumulative investment of ₹4,617.16 crore in 38 Companies (₹4,148.83 crore), three Statutory Corporations (₹374.34 crore), eight Co-operative Institutions/ Local Bodies (₹47.83 crore), two Rural Banks (₹45.82 crore) and two Joint Stock Companies (₹0.34 crore) ending 30 October 2019 which had not been divided between Union Territory of Jammu and Kashmir and Union Territory of Ladakh. No dividend was received and credited to Government accounts during the year. ***Table 2.15*** gives overall picture of return on investment *vis-à-vis* the average cost of Government borrowing.

Table 2.15: Return on Investment

Figures in bracket shows position of erstwhile State which has to be apportioned between UT of J&K and UT of Ladakh

*Source: Finance Accounts. * Includes Outstanding borrowing of erstwhile State which is to be apportioned between successor UTs.*

During the year 2020-21, the Government of Union Territory Jammu and Kashmir disbursed loans and advances of ₹61.64 crore and recovered loans and advances amounting to ₹1.93 crore. Government of Union Territory of Jammu and Kashmir granted loan of ₹32.50 crore to J&K State Road Transport Corporation Limited which already had outstanding loans of ₹406.73 crore ending 31 March 2020 (₹383.73 crore received from erstwhile State and ₹23 crore from UT of J&K). Recoveries of Loans and Advances are not forthcoming from loss making public sector undertakings. No assessment about potential recoverability of these loans has been made in the FRBM Statements. The Government of UT of Jammu and Kashmir had total outstanding loans and advances of ₹95.51 crore ending 31 March 2021. In addition, there were Loans and

Advances of ₹1,740.44 crore made by the Government of erstwhile State which were outstanding ending 30 October 2019 and were yet to be divided between Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

2.4.3.4 Capital blocked in incomplete works

164 Capital Works having original estimated cost of ₹633.09 crore, taken up by two Departments (viz. Irrigation and Flood Control Department, Jammu (61 works) and Jal Shakti (PHE) Department Jammu (103 Works) targeted to be completed during the period 2012-13, 2017-18 to 2020-21 were incomplete at the end of the year 2020-21. Cumulative expenditure of ₹464.91crore incurred on these incomplete works got blocked.

Table 2.17: Age Profile of incomplete projects as on 31 March 2021

(₹in crore)

Target year of completion	No of incomplete works	Estimated Cost	Expenditure ending 31/03/2021
2012-13	01	1.57	3.52
2017-18	02	3.89	3.71
2018-19	05	8.87	8.04
2019-20	95	222.56	182.04
2020-21	61	396.20	267.60
Total	**164**	**633.09**	**464.91**

Source: Finance Accounts.

2.4.3.5 Implementation of Ujwal Discom Assurance Yojana (UDAY)

With the objective of ensuring financial turnaround of Power Distribution Companies (DISCOM), the Ministry of Power, Government of India (GoI) introduced (November 2015) the Ujwal Discom Assurance Yojana (UDAY) to improve the operational and financial efficiency of the State DISCOM. States were to take over 75 *per cent* of DISCOM debt as on September 2015 over two years i.e. 50 *per cent* of DISCOM debt was to be taken over in 2015-16 and 25 *per cent* in 2016-17. In March 2016, the Ministry of Power, Government of India and Government of Jammu and Kashmir signed a Memorandum of Understanding (MOU) under the scheme UDAY-"Ujwal DISCOM Assurance Yojana" and borrowed ₹3,537.55 crore (₹2,140 crore in 2015-16 and ₹1,397.55 crore in 2016-17) from RBI by issue of Non Statutory Liquidity Ratio (SLR) bond at rates ranging between 7.07 *per cent* to 8.72 *per cent* with maturity date from March 2022 to October 2031.The function of electricity supply to consumers was being handled departmentally in the State so the money was utilised by the State Government to clear liabilities towards the Central Public Sector Undertakings (CPSU). The State Government has to pay interest on the bonds and bonds amounting ₹353.75 crore will also be maturing every year from 2021-22 to 2031-32. During the year 2020-21, UT Government paid ₹284.12 crore towards interest on bonds issued under UDAY Scheme.

2.4.4 Expenditure priorities

Enhancing human development levels requires the States to step up their expenditure on key social services like education, health etc. Low fiscal priority (ratio of expenditure under a category to aggregate expenditure) is attached to a particular sector. The higher the ratio of these components to total expenditure, the quality of expenditure is considered to be better. The comparison of expenditure priority of Government of UT of Jammu and Kashmir during 2020-21 with the average expenditure priority of North Eastern and Himalayan States during the year is shown in **Table 2.18**.

Table 2.18: Expenditure priority of the UT Government with regard to Health, Education, Capital expenditure etc.

(In per cent)

	TE/ GSDP	RE/ TE	CE/ TE	SSE/ TE	ESE/ TE	DE/ TE	Education/ TE	Health &FW/ TE
NE and Himalayan State Average (2020-21)	26.92	84.33	15.83	36.74	27.14	63.34	16.95	7.04
UT of Jammu and Kashmir	35.83	83.33	16.67	34.77	23.59	58.37	16.28	7.85

T.E; Total expenditure, RE: Revenue Expenditure, CE: Capital Outlay + Loans and Advances, SSE: Social Sector Expenditure, ESE: Economic Sector Expenditure, DE: Development Expenditure.

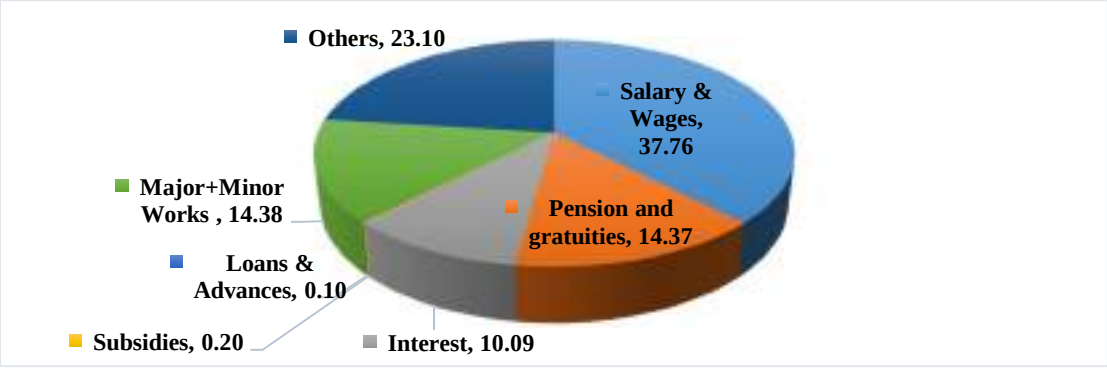
During the year 2020-21 the UTs expenditure priority on Health Sector, Capital Expenditure, and Total Expenditure was more than average of North Eastern and Himalayan States and expenditure priority on Revenue Expenditure, Social Sector Expenditure, Economic Sector Expenditure, Development Sector Expenditure and Education Sector was less than the average of North Eastern and Himalayan States.

2.4.5 Object head wise Expenditure

Object head wise expenditure give information about the object/ purpose of the expenditure.

Chart 2.9: Object head wise Expenditure

(in per cent)



Salary and wages of UT of Jammu and Kashmir accounted for 37.76 *per cent* and pension and gratuities accounted for 14.37 *per cent* of total expenditure. It indicates that more than 52 *per cent* of total expenditure was on Salary & Wages and Pension & gratuities. Major, Minor Works accounted for 14.38 *per cent* of total expenditure.

2.5 Public Account

Receipts and Disbursements in respect of certain transactions such as Small Savings, Provident Funds, Reserve Funds, Deposits, Suspense, Remittances etc., which do not form part of the Consolidated Fund, are kept in the Public Account set up under Section 68(1) of the Jammu & Kashmir Reorganisation Act 2019 and are not subject to vote by the Legislature. The Government acts as a banker in respect of these transactions. The balance after disbursements during the year is the fund available with the Government for use for various purposes.

2.5.1 Net Public Account Balances

In respect of sums credited to the Public Accounts of the Union Territory of Jammu and Kashmir, the UT Government acts as a trustee or banker and bears a fiduciary liability. Major constituents of the Public Accounts are State Provident Fund, Insurance/Pension Funds, Reserve Funds, Deposits and Advances. Besides, the Public Accounts section of the Government Accounts is also used to record transitory and pass through transactions under Suspense and Miscellaneous and Remittance heads before their final accounting to appropriate receipt or payment head of account, and also cash balance transactions.

Table 2.19 given below shows component-wise net balances in Public Account of the State/UT.

Table 2.19: Component-wise net balances in Public Account at close of the year 2020-21

(₹ in crore)

Sector	Sub Sector	2020-21
I. Small Savings, Provident Funds, etc.	Small Savings, Provident Funds, etc.	-2,185.97 (-27,161.62)
J. Reserve Funds	(a) Reserve Funds bearing Interest	-780.89 (-1,260.62)
	(b) Reserve Funds not bearing Interest	9.76 (-1,533.95)
K. Deposits and Advances	(a) Deposits bearing Interest	-474.74 (-53.67)
	(b) Deposits not bearing Interest	-880.79 (-6,860.56)

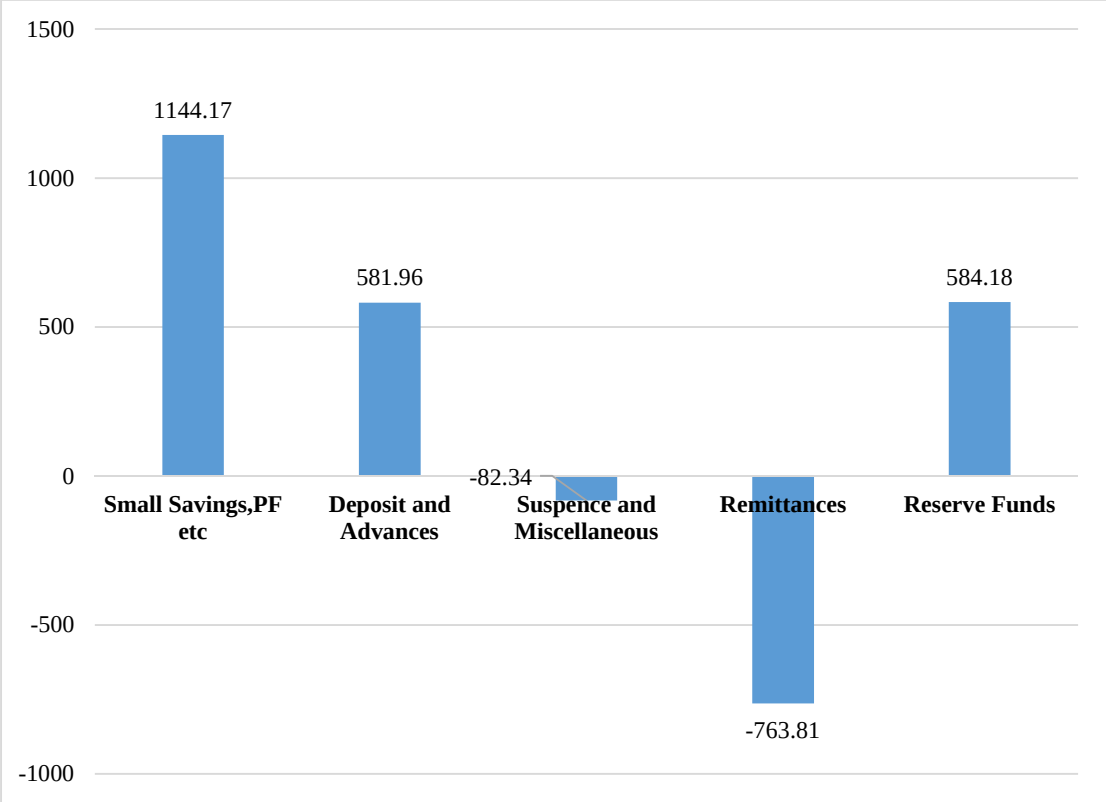
Total		**-5,068.27 (-38,973)**

Source: Finance Accounts ***Note: +ve denotes debit balance and –ve denotes credit balances***

The total credit balance under Public Accounts of UT of Jammu and Kashmir was ₹5,068.27 crore ending 31 March 2021. There was also a credit balance of ₹38,973 crore ending 30 October 2019 under Public Account of erstwhile State of Jammu and Kashmir which is yet to be bifurcated between Union Territory of Jammu and Kashmir and UT of Ladakh.

Chart 2.10: Net Balances in Public Account of UT of J&K during 2020-21

(₹ in crore)



During the year 2020-21, major change occurred in Small Savings, PF etc and Remittances components of Public Account.

2.5.2 Reserve Funds

Reserve Funds are created for specific and defined purposes under the Public Accounts of the Government. These funds get contributions or grants from the Consolidated Fund of the UT of Jammu and Kashmir. The position of reserve funds in the accounts of Union Territory of Jammu and Kashmir is shown in the Table below. The total accumulated balance at the end of 31 March 2021 in these funds was ₹771.13 crore. Out of which ₹780.89 crore (Credit) was under interest bearing Reserve Fund and ₹9.76 crore (Debit) under Non-Interest bearing Reserve Fund. The Debit balance of ₹9.76 crore as on 31 March 2021 under Non-Interest bearing Reserve Fund is due to total accumulated net balance (Non-Interest bearing) in Reserve Funds as at the end of 30 October 2019, yet to be apportioned between successor Union Territories. The cumulative aggregate balance in these funds at the end of 30 October 2019 was ₹2,806 crore which is yet to be bifurcated between two UTs.

Source: Finance Accounts

2.5.2.1 Consolidated Sinking Fund

The Government of erstwhile Jammu & Kashmir State constituted (January 2012) a Consolidated Sinking Fund for amortisation of loans in 2012. This has been continued by the successor Union Territory of Jammu and Kashmir. As per guidelines of the Fund, Government may contribute 0.50 *per cent* of the outstanding liabilities {public debt + public account (excluding Suspense and Remittances)} as at the end of previous year. During the year 2020-21, an amount of ₹55.63 crore was contributed to this Fund by the Union Territory Government as against required contribution of ₹27.50 crore i.e. 0.50 *per cent* of total outstanding liabilities of ₹5,500.35 crore during the year 2020-21. The Contribution of ₹355.87 crore since inception of this fund by erstwhile State of Jammu and Kashmir to the Fund up to ending 30 October 2019 is yet to be apportioned between the successor Union Territory of Jammu & Kashmir and Union Territory of Ladakh.

2.5.2.2 State Disaster Response Fund

In terms of guidelines on constitution and administration of the State Disaster Response Fund (under Major Head '8121- General & Other Reserve Funds' which is under interest bearing section), the Central and State Governments are required to contribute to the fund in the proportion of 90:10. On Re-organisation of the State of Jammu and Kashmir into two new Union Territories, the Union Territory of Jammu and Kashmir continued with the Fund. During the year 2020-21, an amount of ₹279.00 crore on account of 'Grants towards contribution to Union Territory Disaster Response Fund' was released by the Ministry of Home Affairs, Government of India. The Government of Union Territory of Jammu and Kashmir transferred ₹357.57 crore (Central share ₹279.00 crore, Union Territory share ₹31.00 crore, interest ₹43.89 crore and previous unspent balance of ₹3.68 crore credited) to the Fund under Major Head 8121-122

SDRF. The contributions to the Fund, expenditure and the balance therein relating to Union Territory of Jammu and Kashmir during the year 2020-21 are as under:

Table 2.21: Receipts and Expenditure under State Disaster Response Fund

(₹ in crore)

Opening balance (1 April 2020)	Contribution by Centre	UT Share	Receipts under NDRF	Total receipts during the	Amount set off (MH 2245-05)	Balance in the fund
(-)176.90	279.00	31.00	Nil	357.57*	164.35	16.32

**Includes interest ₹43.89 crore and unspent balance ₹3.68 crore*

There was minus balance of ₹176.90 crore under the Fund as on 1 April 2020 and during the year 2020-21, Government of Union territory of Jammu and Kashmir transferred ₹357.57 crore (Central Share ₹279 crore, Union Territory share ₹31.00 crore, interest ₹43.89 crore and previous unspent balance of ₹3.68 crore) and credited to the Fund. Expenditure of ₹164.35 crore was incurred during the year 2020-21 on natural calamities, leaving a balance of ₹16.32 crore as on 31 March 2021. The balance under the Fund has not been invested by the Government of UT of Jammu and Kashmir.

There was Gross balance of ₹1,271.48 crore under State Disaster Response Fund (SDRF) as on 30 October 2019 which is yet to be apportioned between the two new successor Union Territories viz Union Territory of Jammu and Kashmir and Union Territory of Ladakh. An amount of ₹10.86 crore stood invested from the Fund leaving net un-apportioned balance of ₹1,260.62 crore.

2.5.2.3 Guarantee Redemption Fund

The RBI guidelines of 2013 on the Guarantee Redemption Fund (GRF) mentions that it is desirable for the Government to contribute a minimum of one *per cent* of outstanding Guarantees at the beginning of the year in the year of constitution of the Fund, and thereafter a minimum of 0.50 *per cent* every year to achieve a corpus of minimum three to five *per cent* of the outstanding Guarantees of the previous year. The Government of Union Territory of Jammu and Kashmir has not framed Guarantee Redemption Act as on 31 March 2021. Further, the Guarantee Redemption Fund Scheme of erstwhile State of Jammu and Kashmir didn't have any target for contribution to the Fund.

During the year 2020-21, the Government of Union Territory of Jammu and Kashmir contributed rupees one crore towards the Fund. The closing balance of the Fund as on 31 March 2021 was two crore. There was also balance of ₹20.42 crore in the Fund as on 30 October 2019 yet to be apportioned between the Union Territory of Jammu & Kashmir and Union Territory of Ladakh. The entire amount of ₹22.42 crore (two crore relating to Union Territory of Jammu and Kashmir (31 October 2019 to 31 March 2021 and ₹20.42 crore relating to undivided State of Jammu and Kashmir up to 30 October 2019) has not been invested by the Government. Three *per cent* of outstanding guarantee of previous year (₹1,324.54 crore + ₹452.07 crore) amounts to ₹53.30 crore whereas total contribution made to fund is ₹22.42 crore, Government of Union

Territory needs to increase its contribution to the fund to achieve minimum corpus of three *per cent* of outstanding Guarantees.

2.5.2.4 Central Road Fund (CRF)

Government of India provides annual grants under the Central Road Fund (CRF) to the Government of Union Territory to incur expenditure on specific road projects. During the year 2020-21, the Government of Union Territory received grants of ₹79.40 crore towards CRF and transferred the entire amount to the Deposit Head- 8449 through expenditure Head-3054. The Government of Union Territory incurred expenditure of ₹27.36 crore from the Fund during the year leaving closing balance of ₹77.34 crore in the Fund as on 31 March 2021 which includes previous unspent balance of ₹25.30 crore at the end of 31 March 2020 (31 October 2019 to 31 March 2020).

There was also a balance of ₹573.33 crore as on 30 October 2019 (pre-reorganisation) under the Fund, which is yet to be apportioned between the Union Territories viz. Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

2.6 Debt Management

Debt management is the process of establishing and executing a strategy for managing the Government's debt in order to raise the required amount of funding, achieve its risk and cost objectives, and to meet any other sovereign debt management goals that the Government may have set through enactment or any other annual budget announcements.

2.6.1 Debt profile: Components

Total debt of the State/UT Government typically constitutes of Internal debt of the State/UT (market loans, ways and means advances from RBI, special securities issued to National Small Savings Fund and loans from financial institutions, etc.), loans and advances from the Central Government, and Public Account Liabilities. The components of the Outstanding debt are given below.

Table 2.22: Component wise outstanding debt

(₹ in crore)

		2020-21

** Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.*

*** The ratio of 8.44 has been arrived at after exclusion of GST compensation of ₹2,099.80 crore received as back-to-back loans without repayment liability from GoI under debt receipts from the outstanding overall debt.*

Note: Liabilities on Public Account is excluding liabilities under Suspense and Misc. and Remittance Head

The overall outstanding debt with repayment liability is ₹14,880.48 crore as the Department of Expenditure, GoI has decided that GST compensation of ₹2,099.80 crore given to the Union Territory as back-to-back loans under debt receipts would not be treated as debt of the UT for any norms which may be prescribed by the Finance Commission, etc. During the year 2020-21, total debt repayment was 78.31 *per cent* to debt receipts resulting in only 21.69 *per cent* of total debt receipts was available with the Government. The total debt available after adjusting debt repayment was ₹11,479.92 crore during the year.

2.7 Debt Analysis

The position of outstanding public debt and its comparison with other fiscal aggregates are shown below.

Table 2.25: Position of Outstanding Public debt

Debt Sustainability Indicators	2020-21
Outstanding Public Debt* (₹in crore)	10,567.84 (46,666.22)
GSDP (₹ in crore)	1,76,282
Rate of Growth of GSDP	3.46
Public Debt/GSDP	5.99 (32.47)@
Average interest Rate of Outstanding Public Debt (*per cent)* (interest paid/OB of Public Debt + CB of Public Debt/2)	7.82
Percentage of Interest payment to Revenue Receipt	8.16
Percentage of Public Debt Repayment to Public Debt Receipt	78.54
Net Public Debt available to the UT# (in crore)	4,887.23
Net Public Debt available as *per cent* to Public Debt Receipts	11.44

Source Finance Accounts

**Outstanding Public Debt is the sum of outstanding balances under the heads 6003-Internal Debt and 6004- Loans and Advances from the Central Government. It excludes GST compensation of ₹2,099.80 crore received as back-to-back loans under debt receipts from Department of Expenditure, GoI. The back-to-back loans would not be treated as debt of the UT for any norms which may be prescribed by the Finance Commission, etc.*

#Net debt available to the UT Government is calculated as excess of Public debt receipts over Public debt repayment and interest payment on Public Debt.

@ Public debt (including outstanding public debt of erstwhile State) to GSDP.

Some of the indicators of debt sustainability are as under.

a) Net Public Debt available during the year 2020-21 was ₹4,887.23 crore which was just 11.44 *per cent* of debt receipt during the year.

b) Public Debt Repayments/Public Debt Receipts: During the year 2020-21 public debt repayment was 78.54 *per cent* of debt receipt resulting in only 21.46 *per cent* of public debt receipt was available with the Government.

c) Percentage of Interest payment on Public debt to total Revenue Receipts during the year 2020-21 was 8.16 *per cent.*

2.7.1 Utilisation of borrowed funds

Borrowed funds should ideally be used to fund capital creation and developmental activities. Using borrowed funds for meeting current consumption and repayment of interest on outstanding loans is not sustainable.

Table 2.26: Utilisation of borrowed funds during 2020-21

(₹in crore)

Year	1	2020-21
Total Borrowings	**2**	42,732.93*
Repayment of earlier borrowings (Principal) (percentage)	**3**	33,563.32
Balance borrowings for capital expenditure (percentage)	**4**	9,169.61 (21.46)
Balance of borrowing for disbursement of loans and advances	**5**	NA
Portion of Revenue Expenditure met out of net available borrowings	**6=2-3-4-5**	NA

Source: Finance Accounts

** Includes ₹2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.*

During 2020-21, 78.54 *per cent* of borrowed funds were utilised towards repayment of earlier loans/ borrowed funds resulting just 21.46 *per cent* of borrowed funds remained available for development works.

2.7.2 Status of Guarantees – Contingent Liabilities

The total outstanding Guarantees given by the Union Territory Government as on 31 March 2021 aggregated to ₹1,486.07 crore. There was also outstanding Guarantees of ₹452.07 crore as on 30 October 2019 which is yet to be apportioned. No Guarantee Commission/ fee was received by Government of Union Territory of Jammu and Kashmir during 2020-21.

2.7.3 Management of Cash Balances

As per an agreement with the Reserve Bank of India, UT Governments have to maintain a minimum daily cash balance with the Bank. If the balance falls below the agreed minimum amount on any day, the deficiency is made good by taking ordinary Ways and Means Advances (WMA)/Special Ways and Means Advances (SWMA)/ Overdrafts (OD) from time to time. The limit for ordinary WMA to the State Government are revised by the RBI from time to time.

The Government of Union Territory of Jammu and Kashmir maintained minimum cash balance of ₹1.14 crore on 47 days without resorting to Normal Ways and Advances and Overdraft and availed Normal Ways and Means Advances on 260 days and on 58 days it had to avail Overdraft too from RBI. The balance at the end of 31 March 2021 was ₹1,784.54 crore (₹715.89 crore under Normal Ways and Means Advances and ₹1,068.65 crore under overdraft).

There was also a balance of ₹692.11 crore under Normal Ways and Means Advances as on 30 October 2019 which is yet to be apportioned between the successor Union Territories viz Union Territory of Jammu & Kashmir and Union Territory of Ladakh.

Union Territory Government invests its surplus cash balance in short and long-term GoI Securities and Treasury Bills. The profits derived from such investments are to be credited as receipts under the head '0049-Interest Receipts'. Position of cash balance and their investment is as under.

Table 2.27: Cash Balances and their investment

(₹in crore)

	Opening balance on 31 March 2020	**Closing balance on 31 March 2021**
A. General Cash Balance		
Cash in treasuries	0.00	0.00
Deposits with Reserve Bank of India	1,482.28	1,447.69
Deposits with J&K Bank and other Banks	0.00	0.00

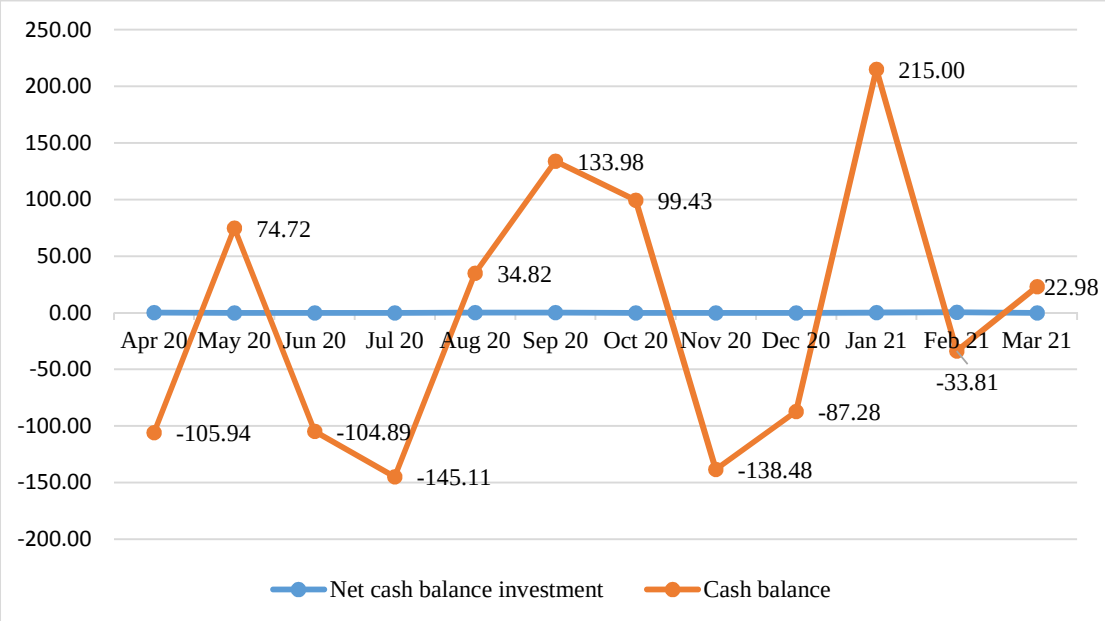
Total (A + B)	**1,482.28**	**1,447.69**
Interest realised	**Nil**	**0.11**

Source: Finance Accounts

No amount was held in Cash Balance Investment Account by the Government of UT of Jammu and Kashmir at the close of the year 2020-21. However, an amount of ₹383.92 crore was held in the Cash Balance Investment Account at the end of 30 October 2019, is yet to be to be apportioned between UT of J&K and UT of Ladakh. Government earned an interest of ₹0.11 crore on cash balance investment during 2020-21.

Chart 2.13: Month wise movement of Cash Balances and net cash balance investments during the year

(₹in crore)



Source: Finance Accounts

2.8 Conclusions

- Revenue Expenditure constituted of 83.32 *per cent* of Total Expenditure.
- Capital Expenditure of ₹10,470.38 crore constituted 16.58 *per cent* of Total expenditure.
- Outstanding Public debt of UT of Jammu and Kashmir at the end of 31 March 2021 was ₹10,567.84 crore and there is also an amount of ₹46,666 crore at the end of 30 October 2019 which is to be bifurcated between two Union Territories.
- Union Territory of Jammu and Kashmir had total investment of ₹162.39 crore ending 31 March 2021 in Government Companies, Statutory Corporations Cooperative Institutions/Local bodies and Rural Banks and no return in the form of dividend was received during 2020-21. In addition to above there is also an investment of ₹4,617.16 crore made by the erstwhile State of Jammu and Kashmir which is yet to be bifurcated between two Union Territories.
- The Union Territory of Jammu and Kashmir had outstanding loans of ₹95.51 crore disbursed up to ending 31 March 2021. In addition to above, the Erstwhile State had outstanding loans amounting ₹1,740.44 crore disbursed up to ending 30 October 2019 which are to be distributed between two Union Territories.
- During 2020-21, the balance under reserve funds of UT of Jammu and Kashmir was ₹771.13 crore. There was also balance under Reserve funds at the end of 30 October 2019 amounting to ₹2,806 crore, which is to be bifurcated between two Union Territories.

2.9 Recommendations

1. The Government should make efforts for augmentation of its own tax revenue.
2. The Government should explore ways to minimize its committed expenditure so that more funds could be made available for development expenditure.
3. The Government should explore ways of ensuring reasonable return on capital invested in PSUs in view of the substantial high cost of borrowing made by it.
4. As recovery of loans advanced by the Government has been poor, the Government should consider treating loans and advances as grants and booking them as Revenue Expenditure for ensuring that accounts reflects the correct position.

Chapter-III

Budgetary Management

CHAPTER-III

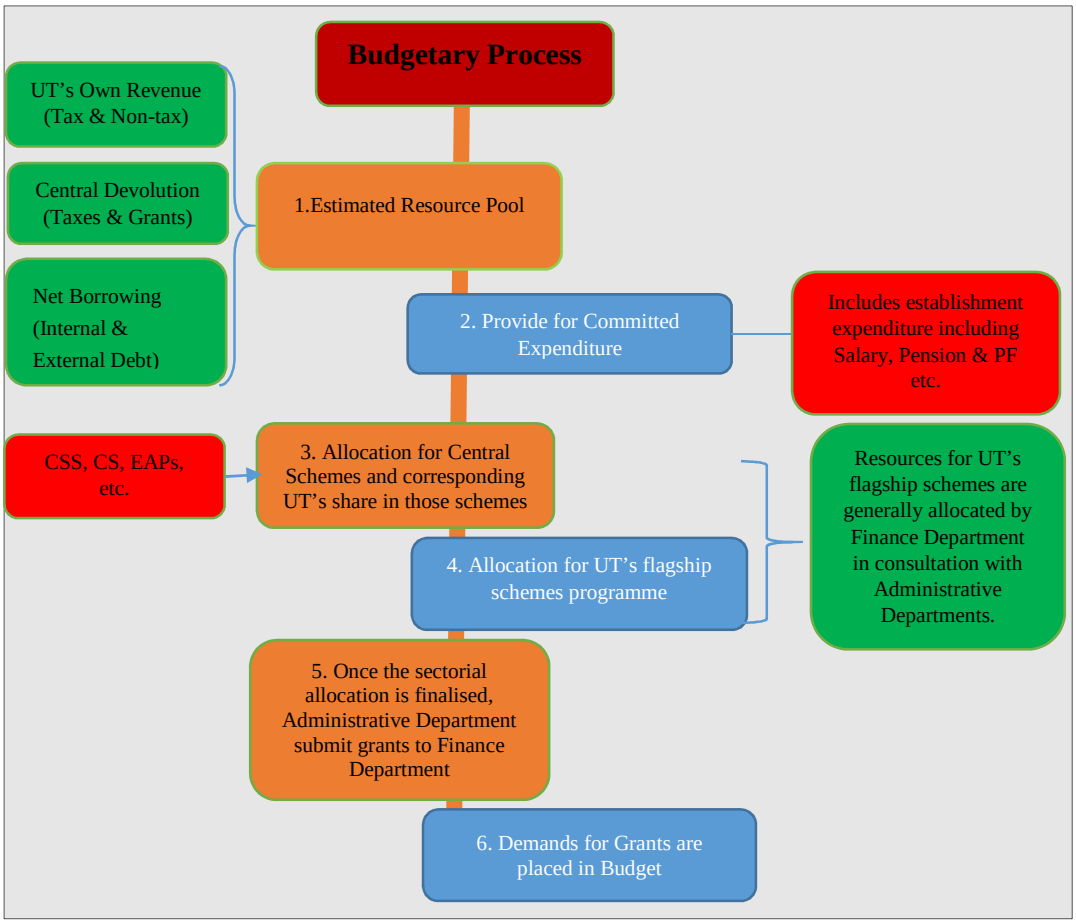
BUDGETARY MANAGEMENT

3.1 Budget Process

The annual exercise of budgeting is a means for detailing the roadmap for efficient use of public resources. Appropriation Accounts are accounts of the expenditure, voted and *charged*, of the Government for each financial year compared with the amounts of voted grants and appropriations *charged* for different purposes as specified in the schedule appended to the Appropriation Acts passed under Section 43 and 44 of the Jammu and Kashmir Reorganisation Act 2019.

Appropriation Accounts, thus, facilitate management of finances and monitoring of budgetary provisions and are, therefore, complementary to Finance Accounts. Budget glossary is given in ***Appendix 6***. A typical budget preparation process is given in ***(Chart 3.1)***

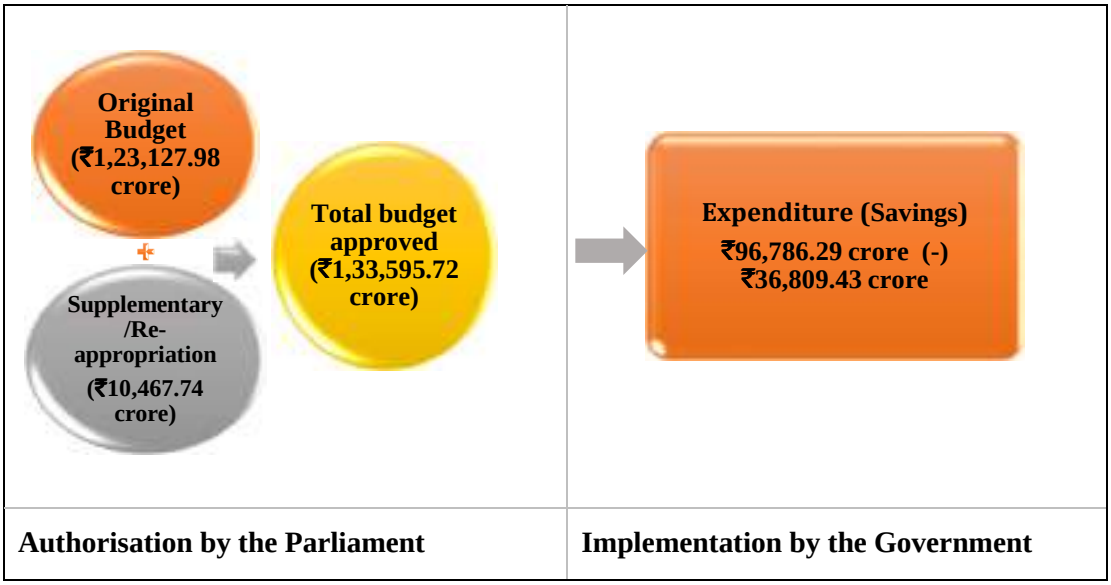
Chart 3.1: Budget Process



CSS: Centrally Sponsored Schemes; CS: Central Schemes.

The various components of budget 2020-21 are depicted in ***(Chart 3.2)***

Chart 3.2: Components of Budget



Source: Based on the procedure prescribed in Budget Manual and Appropriation Accounts

3.1.1 Summary of Total Provisions, Actual Disbursements and Savings during 2020-21

A summarised position of total budget provision, disbursement and saving/excess with its further bifurcation into voted/*charged* during 2020-21 is as under:

Table: 3.1: Budget provision, disbursement and saving/excess during 2020-21

(₹in crore)

Total Budget provision		Disbursements		Saving (-)/Excess(+)	
Voted	***Charged***	**Voted**	***Charged***	**Voted**	***Charged***
1,00,254.92	33,340.81	56,782.00	40,004.29	(-) 43,472.92	(+) 6,663.48

3.1.2. Charged and Voted disbursements

During 2020-21, against the budget provision of ₹1,00,254.92 crore under the Voted section, expenditure of ₹56,782.00 crore has been incurred, resulting into saving of ₹43,472.92 crore. However, against the budget provision of ₹33,340.81 crore under the *charged* section, expenditure of ₹40,004.29 crore has been made resulting into excess expenditure of ₹6,663.48 crore during the same period, as shown in the table above.

3.2. Appropriation Accounts

Audit of appropriations by the CAG seeks to ascertain whether the expenditure actually incurred under various grants is in accordance with the authorisation given under the Appropriation Act and that the expenditure required to be *charged* under the provisions is so *charged*. It also ascertains whether the expenditure incurred is in conformity with the laws, relevant rules, regulations and instructions.

3.3 Comments on Integrity of Budgetary and Accounting Process

3.3.1 Expenditure incurred without authority of law

No money shall be withdrawn from the Consolidated Fund of the Union Territory except under appropriation made by law passed in accordance with the provisions of section 43 of J&K Reorganisation Act 2019.

An amount of ₹6,714.34 crore was incurred under 53 schemes/ Sub Heads in 16 Grants (***Appendix 3.1***) without Budgetary Provisions during 2020-21 which needs to be regularised.

3.3.2 Classification of expenditure of Revenue nature as Capital expenditure or vice-versa

Classification of expenditure of revenue nature as capital expenditure or vice-versa, results in overstatement/understatement of revenue expenditure and revenue deficit/surplus.

During 2020-21, a sum of ₹189.81 crore of Revenue expenditure as detailed below was disbursed under Capital Major Heads of expenditure, thereby, resulting in overstatement of Capital Expenditure and understatement of Revenue Expenditure and Revenue deficit to the extent of ₹189.81 crore.

Table 3.2: Classification of expenditure of Revenue nature as Capital expenditure

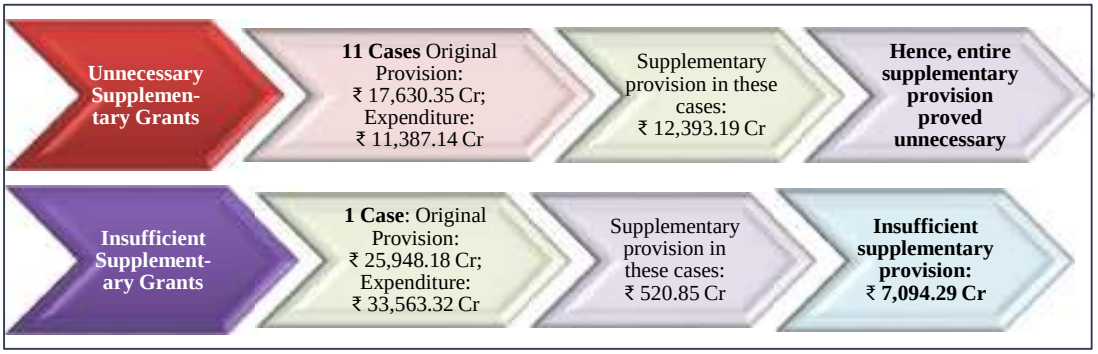
Sl. No.	Major Head of Account	Type of Misclassification	Amount *(₹in crore)*
1	4210, 4225, 4401 and 4515	Grant-in-aid classified as Capital Expenditure	61.59
2	4235	Salary booked as Capital Expenditure	0.17
3	4401, 4402 and 5055	Subsidy booked as Capital Expenditure	128.05
		Total	**189.81**

3.3.3 Unnecessary or Insufficient Supplementary Grants

As per section 44 of J&K Reorganisation Act 2019, a Supplementary or Additional Grant over the provision made by the Appropriation Act for the year, can be made during the current financial year.

Supplementary provisions aggregating ₹12,393.19 crore obtained in 11 cases, involving ₹50 lakh or more in each case during the year proved unnecessary as the expenditure did not come up to the level of the original provisions as detailed in ***Appendix 3.2***. On the other hand, in grant 08-Finance Department, (Capital *Charged*), supplementary grant of ₹520.85 crore was not adequate to meet the requirement (***Chart 3.3***).

Chart 3.3: Unnecessary and Insufficient Supplementary Provisions



Source: Appropriation Accounts

The Government may consider preparing realistic budget estimates to avoid large savings and supplementary provisions.

3.4 Substantial Savings

As per the J&K Budget Manual, the spending departments are required to surrender the grants/appropriations or portion thereof to the Finance Department as and when the savings are anticipated. There were 34 grants in which savings of ₹ten crore and above had occurred as on 31st March 2021, which included 30 grants wherein savings of ₹100 crore and above were noticed. The percentage savings ranged between 17 *per cent* and 80 *per cent* of the total appropriation of the grant during 2020-21. However, no surrender in anticipation of savings was made by the concerned departments. The savings in these cases was of the order of ₹41,846.32 crore. Relevant details are indicated in ***Appendix 3.3***. The above savings also includes huge savings of ₹100 crore and above by the departments under Capital Section in 25 grants amounting to ₹31,927.59 crore which indicate that the Government could not utilise the funds earmarked for developmental activities/creation of assets. Savings under Capital Section ranged between 19 *per cent* and 99 *per cent* of the total appropriation of the grant during 2020-21.

3.4.1 Percentage of utilisation of provision under each Grant

Audit examination of utilisation of grants revealed that out of 35 grants, in 34 grants, the utilisation ranged between 20 *per cent* and 83 *per cent.* In the remaining one grant there was over utilisation of 11 *per cent* resulting in excess over provisions during 2020-21 as detailed in ***Appendix 3.4***. Savings (underutilisation) by these departments is indicative of non-prioritising of schemes/works by the Government or inefficiency in implementation of schemes by the department concerned/implementing agencies. Overutilisation of grant indicates the incurring of excess expenditure over the budget provisions by the department during the period, which needs to be regularised, as per the existing rules and regulations.

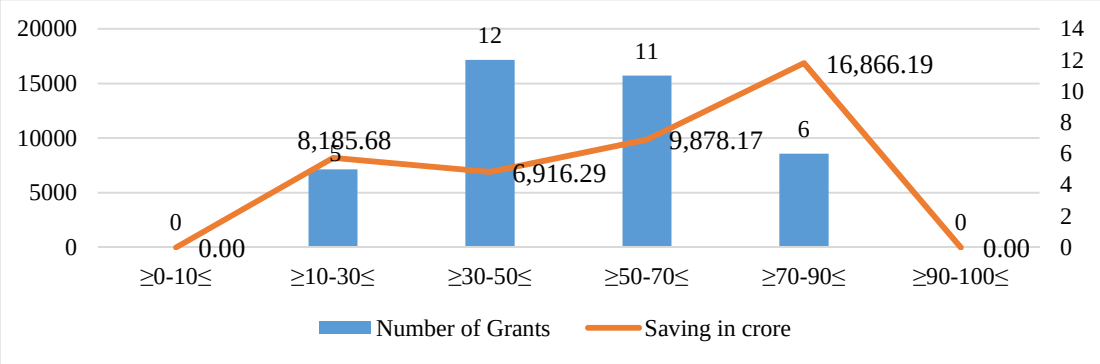
3.4.2 The distribution of the number of Grants/Appropriations grouped by the percentage of Savings

The outcome of the appropriation audit shows that the percentage savings ranged between 10 *per cent* to 30 *per cent* amounting to ₹8,185.68 crore in five grants,

30 *per cent* to 50 *per cent* amounting to ₹6,916.29 crore in 12 grants, 50 to 70 *per cent* amounting to ₹9,878.17 crore in 11 grants and 70 to 90 *per cent* amounting ₹16,866.19 crore in six grants.

Low utilisation of grants by the departments indicates that the Government could not utilise the funds earmarked for the planned purposes.

Chart 3.4: The distribution of the number of Grants/Appropriations grouped by the percentage of Savings along with total savings in ₹crore in each group.



3.5 Grants with Nil Expenditure

Entire budget provision of ₹18,134.91 crore under 25 Grants involving 139 number of schemes as detailed in ***Appendix 3.5*** remained unutilised during the year resulting in denial of intended benefits to the general public. The provision could have been re-appropriated to the schemes/works where there was excess expenditure over the provision.

3.5.1 Excess over provisions requiring regularisation

As per Section 43 of J&K Reorganisation Act 2019, no money shall be withdrawn from the Consolidated Fund of the Union Territory except under appropriation made by law passed in accordance with the provisions of this section.
Excess expenditure amounting to ₹7,094.29 crore under Capital *charged* section in Grant No. 08 (Finance Department) has been incurred by the Government during 2020-21.

Excess expenditure amounting to ₹3,875.61 crore as detailed in ***Appendix 3.6*** was also incurred by the U.T Government during 2019-20 (31 October 2019 to 31 March 2020). This irregularity is in violation of the *ibid* Section and the amount aggregating to ₹10,969.90 crore pertaining to Union Territory of Jammu and Kashmir during the period 31 October 2019 to 31 March 2021 is required to be got regularised.

3.5.2 Regularisation of excess expenditure of previous financial years pertaining to erstwhile State of Jammu and Kashmir

As the Appropriation Accounts of 1980-81 onwards had not been discussed in PAC, the excess expenditure aggregating ₹1,24,004.41 crore for the years 1980-81 to 2019-20 (01.04.2019 to 30.10.2019) pertaining to erstwhile State of Jammu and Kashmir, as detailed in ***Appendix 3.7*** is yet to be regularised. Excess expenditure remaining

un-regularised for such extended period vitiates the system of budgetary and financial control and encourages financial indiscipline in management of public resources.

3.6 Grants-in-aid for creation of Capital Assets

Grants-in-aid are payments in the nature of assistance, donations or contributions made by one Government to another Government, body, institution or individual. Grants-in-aid are given for specified purpose of supporting an institution including construction of assets.

As per IGAS 2, Grant-in-aid disbursed by a grantor to a grantee shall be classified and accounted for as revenue expenditure irrespective of the purpose for which the funds disbursed as Grants-in-aid are to be spent by the grantee, except in cases where it has been specifically authorised by President on the advice of the Comptroller and Auditor General of India. It was noticed that there was booking of GIA as Capital expenditure during 2020-21 as shown in the table below.

Table 3.3: Extent of classification of GIA as Capital Expenditure

(₹in crore)

Item	2020-21
GIA booked as Capital Expenditure	61.59
Total Capital Expenditure	10,470.38
Share of GIA in Capital Expenditure (*In per cent*)	0.59
Revenue Deficit (-)/ Revenue Surplus (+)	(-)138.27
Revenue Deficit (-) /Revenue Surplus (+), if expenditure from GIA is treated as Revenue Expenditure	(-)199.86

Source: Finance Accounts

During the period 2020-21, the misclassification of GIA as Capital expenditure has resulted in understatement of Revenue Deficit by ₹61.59 crore.

3.7 Comments on transparency of Budgetary and Accounting Process

3.7.1 Lump Sum Budgetary Provisions

The Jammu and Kashmir Budget Manual envisages that "making of lump sum provisions if at all necessary, should be resorted to only in very rare cases. In short, inclusion of lump sum provisions in a budget has to be exceptional and not followed as a rule". Lump sum provisions without identifying the exact object of expenditure is against transparency.

Audit noticed that lump sum budgetary provision of ₹7,596.38 crore which constitute 17 *per cent* of total provision of ₹45,535.59 crore of the grant was placed with Controlling Officers in Grant No. 08 (Finance Department) under three Major Heads as shown below instead of detailed head-wise/scheme-wise provisions in contravention of the provisions of J&K Budget Manual.

Table 3.4: Comments on transparency of budgetary and Accounting process

(₹in crore)

Grant No.	Grant Name	MH	Provision	Expenditure	Total provision in the Grant	Percentage of lump sum provision to total provision of the Grant
8	Finance Department	2071-Pension and Other Retirement Benefits	7,297.29	8,008.92	**45,535.59**	17 *per cent*
		2030- Stamps & Registration	6.91	4.54		
		2049 - Interest Payments	292.18	1,052.96		
		Total	**7,596.38**	**9,066.42**		

3.8 Comments on effectiveness of Budgetary and Accounting Process

3.8.1 Budget projection and gap between expectation and actual

The total provision for expenditure during 2020-21 was ₹1,33,595.72 crore. The actual expenditure during the year was ₹96,786.29 crore (72 *per cent)*. This resulted in savings of ₹36,809.94 crore during the period 2020-21. The summarised position of actual expenditure during 2020-21 against 35 grants/appropriations is given below:

Table 3.5: Summarised position of Actual Expenditure *vis-à-vis* Budget (Original/Supplementary) provisions during 2020-21.

(₹in crore)

	Nature of expenditure	Original Grant/App.	Supplementary Grant/App.	Total	Actual expenditure	Net Saving (-) Excess(+)	Surrender during March 2021	
							Amount	*per cent*
Voted	I. Revenue	55,670.39	1,669.39	57,339.78	46,208.14	(-) 11,131.64	Nil	Nil
	II. Capital	34,408.04	8,399.20	42,807.24	10,487.22	(-) 32,320.02	Nil	Nil
	III. Loans & Advances	107.90	0.00	107.90	61.64*	(-)46.26	Nil	Nil
	Total	**90,186.33**	**10,068.59**	**10,0254.92**	**56,757.00**	**(-) 43,497.92**	Nil	Nil

	VI. Public Debt-Repayment	25,948.18	520.85	26,469.03	33,563.32	7,094.29	Nil	Nil
	Total	**32,941.66**	**399.15**	**33,340.81**	**40,004.29**	**6,663.48**	Nil	Nil
Appropriation to Contingency Fund (if any)		0.00	0.00	0.00	25.00	25.00	Nil	Nil
	Grand Total	**1,23,127.98**	**10,467.74**	**1,33,595.72**	**96,786.29**	**(-) 36,809.44**	Nil	Nil

*Source: Appropriation Accounts & * Finance Accounts Vol-1 (St.-7)*

The savings in grants is indicative of over assessment of grants resulting in savings. Besides, excessive savings in some departments during the period is indicative of deprivation of other departments of the funds which they could have utilised and also non-surrender of funds (savings) is in contravention to the instructions of the J&K Budget Manual.

3.8.2 Rush of expenditure

Rule 62 (3) of the General Financial Rules provides that rush of expenditure particularly in the closing months of the financial year is regarded as a breach of financial propriety and should be avoided. Contrary to this, in respect of four grants, expenditure exceeding 50 *per cent* of total expenditure of the year has been incurred during March 2021 only and the percentage of expenditure ranged between 56 and 64 *per cent* of total expenditure. Similarly, in seven grants expenditure exceeding 50 *per cent* of total expenditure of the year has been incurred during the last quarter of the year and the percentage of expenditure ranged between 57 *per cent* and 76 *per cent* as detailed below:

Table 3.6: Grants with more than 50 *per cent* of expenditure in March alone

(₹in crore)

Sl. No.	Grant No.	Grant Name	Expenditure				Total	Percentage of expenditure in 4th Qtr.	Expenditure in March	Percentage of expenditure in March
			1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr.

Source: VLC Data

3.9 Review of selected Grants

A review of Budgetary Procedure and control over expenditure in test checked two grants (Grant No. 06: Power Development Department and Grant No. 08: Finance Department) out of 35 grants was undertaken and the audit observations are given in the following paragraphs.

3.9.1 Grant No: 06 - Power Development Department

Table 3.7: Excess/Saving under the Grant No. 6

(₹in crore)

Sl. No.	Major Head		Budget Allocation			Expenditure booked	Excess/ Saving
			Original Grant	*Supplementary Grant*	*Total*		
1	2801	Power	3,968.98	-201.27	3,767.71	2,812.84	-954.87
Total Revenue Voted			**3,968.98**	**-201.27**	**3,767.71**	**2,812.84**	**-954.87**
2	4801	Capital Outlay on Power Projects	3,522.90	10,110.74	13,633.65	589.57	-13,044.07
Total Capital Voted			**3,522.90**	**10,110.74**	**13,633.64**	**589.57**	**-13,044.07**
Total			**7,491.88**	**9,909.47**	**17,401.35**	**3,402.41**	**-13,998.94**

(i) Against the total allocation of ₹17,401.35 crore under the Grant, an expenditure of ₹3,402.41 crore only was booked and an amount of ₹13,998.94 crore (80 *per cent*) remained unspent during the year which indicates that the department made unrealistic budget provisions during the year 2020-21 resulting in savings of ₹954.87 crore in Revenue Voted and ₹13,044.07 crore in Capital Voted section.

(ii) Entire budget provision of ₹12,037.22 crore in eight Schemes ***(Appendix 3.8)*** remained unutilised resulting in denial of intended benefits to the general public.

(iii) At the close of the year 2020-21, in 12 cases ***(Appendix 3.9)*** saving of ₹1,960.81 crore was not surrendered by the concerned department. The savings in grants is indicative of over assessment of grants resulting in savings and also non-surrender of funds (savings) is in contravention to the instructions of the Budget Manual.

3.9.2 Grant No: 08 - Finance Department

Table 3.8: Excess/Saving under Grant No. 8

(₹in crore)

Sl. No.	Sector	Budget Allocation		Total Allocation	Expenditure booked	Excess/ Saving
		Original Grant	Supplementary Grant			
1.	Revenue (Voted+*Charged*)	15,604.72	1,245.80	16,850.52	16,188.68	-661.84
2.	Capital (Voted+*Charged*)	31,147.50	-2,462.43	28,685.07	34,358.79	5,673.72
3	Appropriation to Contingency Fund	0.00	0.00	0.00	25.00	25.00
	Total	**46,752.22**	**-1,216.63**	**45,535.59**	**50,572.47**	**5,036.88**

(i) Against total allocation of ₹45,535.59 crore under the Grant, an expenditure of ₹50,572.47 crore was booked resulting into excess expenditure of ₹5,036.88 crore during the year 2020-21 which indicates that the department has made

unrealistic budget provisions resulting in saving of ₹661.84 crore in Revenue Voted/*Charged* and excess of ₹5,673.72 crore in Capital Voted/*charged* section. There is an excess expenditure of ₹25.00 crore on account of appropriation to Contingency Fund.

(ii) An amount of ₹9,892.76 crore was incurred under 40 schemes/ Sub Heads (***Appendix 3.10***) without Budgetary Provisions during 2020-21 which needs to be regularised.

(iii) Entire budget provision of ₹2,656.07 crore involving 14 No. of schemes as detailed in ***Appendix 3.11*** remained unutilised during the year resulting in denial of intended benefits to the general public.

(iv) At the close of the year 2020-21, in 43 cases (***Appendix 3.12)***, saving of ₹3,561.38 crore was not surrendered by the concerned department. The savings in grants is indicative of over assessment of grants resulting in savings and also non-surrender of funds (savings) is in contravention to the instructions of the Budget Manual.

(v) Excess expenditure of ₹1,384.25 crore has been incurred in two schemes ***Appendix 3.13*** during the year 2020-21 which is required to be got regularised.

3.10 Conclusions

- The overall utilisation of budget was 27 *per cent* less than the total amount of grants and appropriations during the year 2020-21. Budgetary allocations were based on unrealistic proposals as out of total 35 grants, in 25 grants, savings were more than ₹100 crore in the capital section.
- Against the available provision of ₹1,00,254.92 crore under the Voted section, expenditure of ₹56,782.00 crore was incurred, resulting into saving of ₹43,472.92 crore whereas, against the provision of ₹33,340.81 crore under the *charged* section, expenditure of ₹40,004.29 crore was made, resulting into excess expenditure of ₹6,663.48 crore during 2020-21.
- An amount of ₹6,714.34 crore was incurred under 53 schemes/ Sub Heads in 16 Grants without Budgetary Provisions during 2020-21.
- Supplementary provisions aggregating ₹12,393.19 crore obtained in 11 cases, involving ₹50 lakh or more in each case during the year proved unnecessary as the expenditure did not come up to the level of the original provisions.
- In 34 grants, savings of Rupees ten crore and above were noticed as on 31st March 2021, which included 30 grants wherein savings of ₹100 crore and above were noticed.
- Entire budget provision of ₹18,134.91 crore under 25 Grants involving 139 No. of schemes remained unutilised during the year resulting in denial of intended benefits to the general public.

- Review of Grant No. 06- Power Development Department revealed that against budget/appropriation of ₹17,401.35 crore under the Grant, an expenditure of ₹3,402.41 crore only was booked and an amount of ₹13,998.94 crore remained unspent during 2020-21. This showed that budget estimates were made either unrealistically or department did not disburse the amount during the period and also the savings were not surrendered. Further, entire budget provision of ₹12,037.22 crore in eight Schemes remained unutilised resulting in denial of intended benefits to the general public.
- Review of Grant No. 08 – Finance Department revealed that against total allocation of ₹45,535.59 crore under the Grant, an expenditure of ₹50,572.47 crore was booked resulting into excess expenditure of ₹5,036.88 crore during the year 2020-21 which indicates that the department has made unrealistic budget provisions resulting in saving of ₹661.84 crore in Revenue Voted/ *Charged* and excess of ₹5,698.72 crore in Capital Voted/*Charged* section.
- An amount of ₹9,892.76 crore was incurred under 40 schemes/ Sub Heads without Budgetary Provisions.
- Entire budget provision of ₹2,656.07 crore involving 14 No. of schemes remained unutilised during the year.
- In 43 cases, saving of ₹3,561.38 crore was not surrendered by the department.
- Excess expenditure of ₹1,384.25 crore was incurred in two schemes during the year 2020-21.

3.11 Recommendations

1. Government should be more realistic in its budgetary assumptions and ensure efficient control mechanisms to curtail savings/excess expenditure.
2. Excess expenditure over the approved grants may be regularised at the earliest.
3. Government may consider strengthening of financial monitoring to avoid rush of expenditure at fag end of the year.
4. Controlling Officers need to be made aware of their responsibility to explain the variation in expenditure from the allocation to facilitate proper analysis of budget and preparation of meaningful Appropriation Accounts.

Chapter-IV

Quality of Accounts and Financial Reporting Practices

CHAPTER-IV

QUALITY OF ACCOUNTS AND FINANCIAL REPORTING PRACTICES

A sound internal financial reporting system with relevant and reliable information significantly contributes to efficient and effective governance by the Union Territory Government. Compliance with financial rules, procedures and directives as well as the timeliness and quality of reporting on the status of such compliance is, thus, one of the attributes of good governance. Reports on compliance and controls, if effective and operational, assist the Government in meeting its basic stewardship responsibilities, including strategic planning and decision-making.

Issues related to completeness of accounts

4.1 Funds outside Consolidated Fund or Public Account of the Union Territory of Jammu and Kashmir

Section 67 of Jammu and Kashmir Reorganisation Act 2019 envisages that all revenues received in the Union Territory of Jammu and Kashmir by the Government of India or Lieutenant Governor of the Union Territory of Jammu and Kashmir in relation to any matter with respect to which the Legislative Assembly of the Union Territory of Jammu and Kashmir has power to make laws, and all grants made and all loans advanced to the Union Territory of Jammu and Kashmir from the Consolidated Fund of India and all loans raised by the Government of India or the Lieutenant Governor of the Union Territory of Jammu and Kashmir upon the Security of the Consolidated Fund of the Union Territory of Jammu and Kashmir and all moneys received by the Union Territory of Jammu and Kashmir in repayment of loans shall form one Consolidated Fund. No moneys can be appropriated from this Fund except in accordance with law and for the purposes and in the manner provided in Jammu and Kashmir Reorganisation Act, 2019. Certain categories of expenditure (e.g., salaries of Constitutional authorities, loan repayments etc.), constitute a charge on the Consolidated Fund of the Union Territory of Jammu and Kashmir (Charged expenditure) and are not subject to vote by the Legislature. All other expenditure (Voted expenditure) is voted by the Legislature.

4.1.1 Building and Other Construction Workers Welfare Cess

The Government of India enacted the Building and Other Construction Workers Welfare Cess Act, 1996 (Cess Act) to levy and collect cess for providing benefits to the workers. The Act, *inter alia*, mandated constitution of a Building and Other Construction Workers' Welfare Board and framing of rules by every Government to exercise the powers conferred under the Act. Accordingly, the erstwhile State Government of Jammu and Kashmir framed Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Rules 2006 under the Act and constituted Jammu and Kashmir Building and Other Construction Workers Welfare Board in 2007. The Board is responsible for the operation and maintenance of the amount credited by Government as Labour Cess Deposits.

The Government of Union Territory of Jammu and Kashmir continued with the same Rules. During the year 2020-21, the Government of Union Territory collected ₹124.41 crore as Labour Cess under various Major Heads and transferred the entire amount to the Building and Other Construction Workers Welfare Board. The Closing balance of Labour Cess as on 31 March 2021 was ₹615.58 crore.

4.1.2 Water Usage Charges

The Water Usage Charges are being levied at 05 paisa to 25 paisa per cubic meter of water on Hydel power generating companies under the provisions of the Jammu and Kashmir Water Resources (Regulation and Management) Act, 2010 amended on 25 October 2012 and 27 October 2014. Under the Act, a Fund was to be constituted as an account in the Jammu and Kashmir Bank or allotted a proper account head. The amount realised as water usage charges was to be deposited in the account/head so created, and utilised for establishment of Hydroelectric and Multi-purpose Hydro Electric Projects and for buying back Hydroelectric Power Projects already established in the State and purchase of power. As on 31 March 2021 an amount of ₹15.31 crore on account of water usage charges/interest was in the Water Usage Fund Account (Saving Bank Account) which remained out of Consolidated Fund of the Union Territory of Jammu and Kashmir.

4.1.3 Unspent amount lying in bank accounts of Drawing and Disbursing Officers (DDOs)

As per information received from Government of Union Territory (August 2021) an amount ₹25.39 crore was lying in the Savings/Current Bank Account of nine DDOs of Health and Medical Education Department only as on 31 March 2021. The information relating to other Departments was awaited from Government of Union Territory of Jammu and Kashmir (August 2021). As a result, the amount of ₹25.39 crore remained out of Government accounts.

4.2 Funds transferred directly to Implementing Agencies

Government of India (GoI) transfers substantial funds directly to State Implementing Agencies (SIAs) for implementation of various schemes and Programmes. The amount of funds transferred by the various Ministries/ Departments of GoI directly to SIAs of the Union Territory Government of Jammu and Kashmir during 2020-21 as per the Public Financial Management System (PFMS) portal of Controller General of Accounts (CGA) was ₹917.68 crore ***(Appendix 4.1)***. This is 14.05 *per cent* of the amount (₹6,533.49 crore) released by the GoI for Centrally Sponsored Schemes as Grants-in-Aid through the Union Territory Budget. In addition to above, Central Government released an amount of ₹1,843.51 crore directly to various Autonomous Bodies, Central Government Organisations, Societies etc.

The schemes where direct funding is more than ₹100 crore during the year 2020-21 are given below:

Table 4.1: Funds transferred by Government of India directly to Government Department.

(₹in crore)

Sl. No.	Name of the Schemes of Government of India	Name of the Implementing Agencies	Government of India releases during 2020-21
1	Pradhan Mantri Kissan Samman Nidhi	Department of Agriculture Production, Government of Jammu and Kashmir	708.83
2	Assistance to State Agencies for intra-state Movement of Food grains and FPS dealers margin under NFSA	Consumer Affairs and Public Distribution Department Jammu and Kashmir	137.84

Source: Finance Accounts

4.3 Deposit of Local Funds

Jammu and Kashmir Panchayati Raj Act provides that Halqa Panchayat would maintain Halqa Panchayat Fund. It is to be kept under Major Head 8448-Deposits of Local Funds-109-Panchayat Bodies Funds which would include all the money realised or realisable under the Act and all money otherwise received by the PRIs, such as grants received from Government and its own revenue, which includes tax and non-tax receipt of a Panchayat. The Municipal Act envisages that the Municipal Fund is to be held by the Municipality. All the money realised or realisable under this act and all money otherwise received by the Municipalities are kept in the Municipal Fund under the Major Head 8448- Deposits of Local Funds-102-Municipal Funds. Receipt and expenditure under the aforesaid two local funds during 2020-21 is shown in **Table 4.2**.

Table 4.2: Deposits of Local Funds

(₹in crore)

Year				2020-21
Panchayat Fund	(8448-109)	Opening Balance	1	Nil
		Receipt	2	Nil
		Expenditure	3	Nil
		Closing Balance	4	Nil (0.27)
Total Closing Balance at end of the year				
Municipal Fund	(8448-102)	Opening Balance	5	60.26
		Receipt	6	705.53
		Expenditure	7	490.52
		Closing Balance	8	275.27 (133.39)

Source: Finance Accounts. Figures in bracket shows closing balance ending 30 October 2019 of erstwhile State of Jammu and Kashmir which has to be bifurcated between two UTs

There is no receipt and expenditure from the Panchayat Fund during 2020-21. However, there is a closing balance of ₹0.27 crore of erstwhile State of Jammu and Kashmir. Municipal Fund increased from ₹60.26 crore to ₹275.27 crore during 2020-21, besides there is also closing balance of ₹133.39 crore of erstwhile State of Jammu and Kashmir which is to be divided between the two Union Territories.

Issues related to transparency

4.4 Delay in submission of Utilisation Certificates

The position of outstanding Utilisation Certificates (UCs) as on 31 March 2021 for the grants released by the erstwhile State of Jammu and Kashmir up to 30 September 2019, yet to be apportioned is shown in the **Table 4.3**.

Table 4.3: Year-wise arrears in submission of Utilisation Certificates of erstwhile State of Jammu and Kashmir

(₹in crore)

Year*	Opening Balance		Addition		Clearance		Due for submission	
	No.	Amount	No.	Amount	No.	Amount	No.	Amount
Upto 2018-19	1,133	4,488.84	442	2,585.06	114	1,347.91	1,461	5,725.99
2019-20	1,461	5,725.99	502	2,639.91	157	1,391.70	1,806	6,974.20
2020-21	1,806	6,974.20	1,409	3,102.38	0.00	0.00	3,215	10,076.58

** The year mentioned above relates to "Due year" i,e, after 18 months of actual drawal year*

3,215 number of Utilisation Certificates for grants paid up to 30 September 2019 amounting to ₹10,076.58 crore were outstanding up to 31 March 2021. Year wise breakup of outstanding UCs is shown below in **Table 4.4**.

Table 4.4: Year wise break up of outstanding UCs in respect of erstwhile State of Jammu and Kashmir.

(₹in crore)

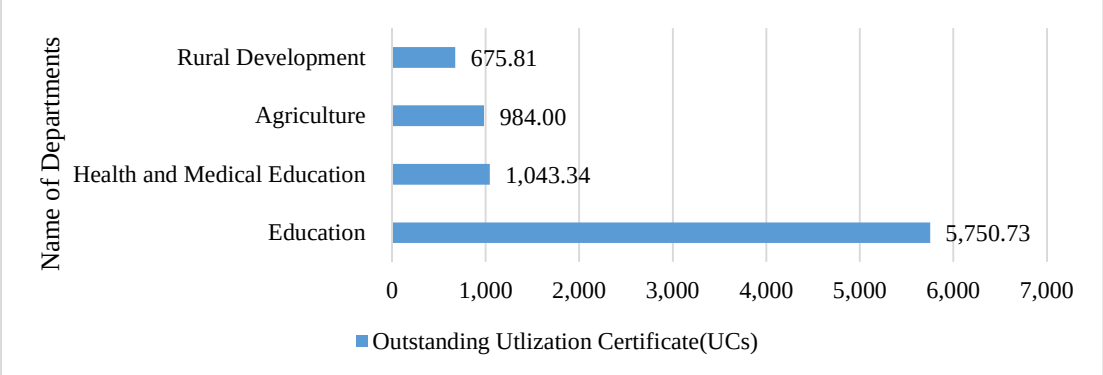
Year*	Number of UCs	Amount
Up to 2018-19	1,461	5,725.99
2019-20	345	1,248.21
2020-21	1,409	3,102.38
Total	**3,215**	**10,076.58**

** The year mentioned above relates to "Due year" i,e, after 18 months of actual drawal year*

Department wise breakup of outstanding UCs shows that 83.90 *per cent* of total amount of outstanding UCs pertain to below noted four departments, of which 57.07 *per cent* of outstanding UCs pertain to Education Department only.

Chart 4.1: Outstanding UCs in respect of major Departments for the grants paid up to September 2019

(₹in crore)



Source: Finance Accounts

Non-submission of the UCs means that the authorities have not explained as to how funds were spent over the years. There is also no assurance that the intended objectives of providing these funds have been achieved. This assumes greater importance if such UCs are pending against Grants-in-Aid meant for capital expenditure. Since non-submission of UCs is fraught with the risk of misappropriation, it is imperative that the Government should monitor this aspect closely and hold the concerned persons accountable for submission of UCs in a timely manner.

4.5 Abstract Contingent bills

Detailed Countersigned Contingent (DCC) bills for the amount drawn against Abstract Contingent bills are to be submitted to the Principal Accountant General (A&E) within a period of two months. It was seen that 719 AC Bills amounting to ₹5,187.43 crore were drawn during the year 2020-21. Out of 719 AC bills, 604 AC Bills amounting to ₹2,379.15 crore (45.86 *per cent*) were drawn in March 2021 alone. Expenditure against AC Bills in March indicate that the drawals were primarily to exhaust the Budget Provisions and reveals inadequate budgetary control. As of 31 March 2021, DCC Bills drawn on 356 AC bills amounting to ₹5,280.71 crore by various drawing and disbursing officers up to 31 January 2021, were not submitted to the Pr. Accountant General (A&E), Jammu and Kashmir. The department wise position of awaited AC bills as on 31 March 2021 is as under.

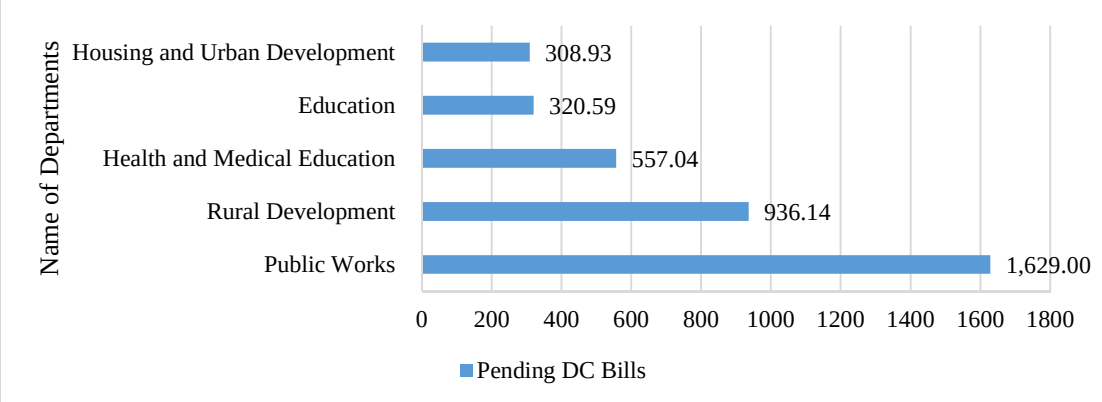
Table 4.5: Awaited DC bills from Departments of UT of Jammu and Kashmir

Sl. No	Name of the Department	Amount Outstanding *(₹ in crore)*	Percentage of total outstanding amount of ₹5,280.71 crore as on 31 March 2021
1.	Public Works	1,629.00	30.85
2	Rural Development	936.14	17.73
3.	Health and Medical Education	557.04	10.55
4	Education	320.59	6.07
5.	Housing and Urban Development	308.93	5.85

Source: Finance Accounts

Chart 4.2: Pending DCC Bills in respect of Major Departments of UT of Jammu and Kashmir

(₹ in crore)



Source: Finance Accounts

Further, DCC bills in respect of 2,237 AC bills amounting ₹6,885.63 crore drawn upto 30 October 2019 (pre-reorganisation) by erstwhile State of Jammu and Kashmir were awaited as on 31 March 2021. The bifurcation of these outstanding DCC bills is yet to be done between successor Union Territories. The Government may take necessary steps to ensure adjustment of the advances drawn on the contingent bills within the stipulated period as required under the extant rules.

4.6 Indiscriminate use of Minor Head-800

Minor Head-800-Other Receipts/Other Expenditure is intended to be operated only when the appropriate Minor Head has not been provided in the Accounts. Routine operation of Minor Head-800 for budgeting and accounting renders the Accounts opaque without identifying the Receipt/ Expenditure (as the case may be) to its appropriate object of Revenue or Expenditure. During the year 2020-21, ₹3,741.00 crore (including Revenue Receipt of ₹2,349.74 crore representing Sale of Power and Misc. Power Receipts under Major Head-0801) under 38 Revenue Major Heads of Accounts constituting 7.13 *per cent* of the total Revenue Receipts of ₹52,495.48 crore, was recorded under the Minor Head-800-'Other Receipts'. Similarly, Expenditure of ₹4,677.34 crore under 48 Major Heads of Accounts constituting 7.41 *per cent* of total Revenue and Capital Expenditure of ₹63,104.13 crore was classified under Minor Head- 800-'Other Expenditure'. Instances where a substantial proportion (50 *per cent* or more/significant amount) of the Receipts and Expenditure under a Major Head was classified/ booked under the Minor Head-800-Other Receipts/Expenditure are shown in the table below.

The Government may consider depicting the amounts received and expenditure incurred under various schemes distinctly, instead of clubbing the Receipts and Expenditure of major schemes under the Minor Head 800-Other Expenditure and 800-Other Receipts, for better clarity in Accounts.

Table 4.6: Significant expenditure booked under Minor Head 800 – Other Expenditure during the period 2020-21

Major Head	Total Expenditure including Expenditure under Minor Head 800	Expenditure under Minor Head 800	Percentage of Expenditure under Minor Head 800 to Total Expenditure under the Major Head
	(₹ in crore)	*(₹ in crore)*	
2075-Miscellaneous General Services	1.15	1.00	86.96
2211-Family Welfare	212.33	116.31	54.78
3452-Tourism	135.03	68.93	51.05
4070-Capital Outlay on Other Administrative Services	7.37	7.37	100.00
4075-Capital Outlay on Miscellaneous General Services	70.46	70.46	100.00
4225- Capital Outlay on Welfare of SC/ST/OBC and Minorities	31.28	30.94	98.91
4236- Capital Outlay on Nutrition	16.45	16.45	100.00

Source: Finance Accounts

Table 4.7: Significant receipts booked under Minor Head 800–Other Receipts during 2020-21

Major Head	Total Receipts including Receipts under Minor Head 800	Receipts under Minor Head 800	Percentage of Receipts under Minor Head 800 to Total Receipts under the Major Head
	(₹in crore)	*(₹in crore)*

Issues related to measurement

4.7 Outstanding balance under Major Suspense and DDR heads

The Finance Accounts reflect the net balances under Suspense and Remittance Heads. The outstanding balances under these heads are worked out by aggregating the outstanding debit and credit balances separately under various heads. Significant suspense items have been shown as gross debit and credit balances for 2020-21 in **Table 4.8**.

Table 4.8: Balances under Suspense and Remittances

Minor Head	2020-21		
	(Dr)	(Cr)	Net (Dr /Cr.)

8793- Inter State Suspense Account	-	1.93	**1.93 (Cr)**

Source: Finance Accounts

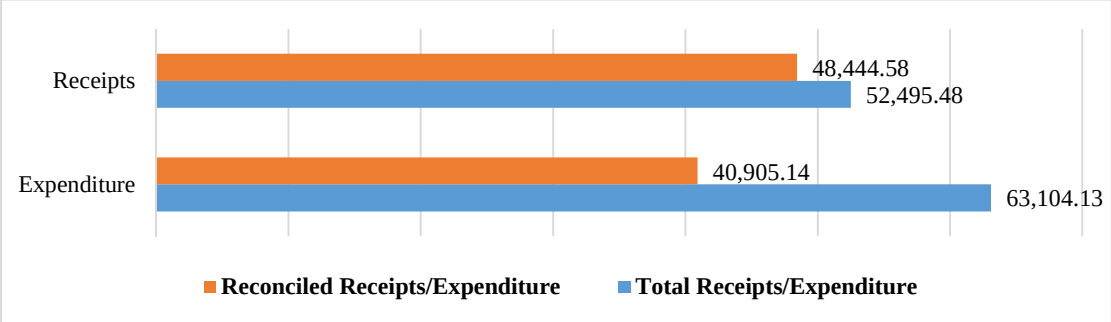
4.8 Non-reconciliation of Departmental figures

To enable Controlling Officers of the Departments to exercise effective control over spending to keep it within the budget grants and to ensure accuracy of their accounts,

the receipts and expenditure during the financial year recorded in their books be reconciled by them every month with that recorded in the books of the Accountant General (A&E). Reconciliation and verification of figures is an important tool of financial management. Failure to exercise/adhere to the codal provisions and executive instructions in this regard not only results in misclassification and incorrect booking of receipts and expenditure in the accounts, but also defeats the very objective of budgetary process.

Chart 4.3: Status of reconciliation during period 2020-21

(₹in crore)



Source: Finance Accounts

During 2020-21, Receipts of ₹48,444.58 crore (92.28 *per cent* of the total Revenue Receipts of ₹52,495.48 crore of Union Territory of Jammu and Kashmir excluding Public Debt) and Expenditure of ₹40,905.14 crore (64.82 *per cent* of total Revenue and Capital Expenditure of ₹63,104.13 crore) were reconciled with the Office of the Principal Accountant General (A&E).

4.9 Reconciliation of Cash Balances

The Cash Balance as on 31 March 2021 of the Union Territory of Jammu and Kashmir (post reorganisation) as per records of the Principal Accountant General (A&E) was ₹1,447.69 crore (debit) and that of RBI (as worked out by the Principal Accountant General (A&E) was ₹1,448.27 crore (credit). There was a net difference of ₹0.58 crore (credit), due to non-reconciliation between the Government of Union Territory and Agency Bank. The difference is under reconciliation with RBI as well as the Government (August 2021). There was also a net difference of ₹83.32 crore (credit) between RBI and Principal Accountant General figures as on 30 October 2019 which is yet to be apportioned between Union Territory of Jammu and Kashmir and Union Territory of Ladakh.

Issues related to disclosure

4.10 Compliance with Accounting Standards

As per Section 71 of Jammu and Kashmir Reorganisation Act 2019, the Lieutenant Governor may, on the advice of the Comptroller and Auditor General of India, prescribe the form of accounts of the Union Territory of Jammu and Kashmir. Further, as per Article 150 of the Constitution of India, the President of India, on the advice of the Comptroller and Auditor General of India, has so far notified three Indian Government

Accounting Standards (IGAS). Compliance to these Accounting Standards by the Government of Union Territory of Jammu and Kashmir in 2020-21 and deficiencies therein are given below:

Table 4.9: Compliance to Accounting Standards

Sl. No.	Accounting Standards	Essence of IGAS	Compliance by UT Government	Impact of deficiency
1.	**IGAS-1:** *Guarantees Given by the Government– Disclosure requirements*	To ensure uniform and complete disclosure of such guarantees.	Complied (Statements 9 and 20 of Finance Accounts)	Detailed information like maximum amount of guarantee, addition, deletions of guarantees during the year, sector and class of guarantees for each institution has been furnished.
2	**IGAS-2:** *Accounting and Classification of Grants-in- Aid*	To prescribe the principles for accounting and classification of Grants-in-aid in the Financial Statements of Government both as a grantor as well as a grantee.	Not complied (Statement 10 of Finance Accounts)	(i) Certain Grants-in-Aid to be classified under Revenue Section have been classified under Capital Section (ii) Information has not been furnished in respect of Grants in Aid given in kind by the UT Government.
3.	**IGAS-3:** *Loans and Advances made by Government*	To ensure adequate disclosure on loans and advances made by the Government consistent with best international practices	Not complied (Statement 7 and 18 of Finance Accounts)	Details of recoveries in arrears and accrued interest thereon not furnished by UT Government.

4.11 Submission of Accounts/Separate Audit Reports of Autonomous Bodies

Certification audit of accounts of Autonomous Bodies (ABs) set up by the Government is conducted under Section 19(2), 19(3) and 20(1) of Comptroller and Auditor General of India (DPC) Act 1971. The ABs coming under the audit purview as per the above Sections are required to submit the annual accounts to audit before 30 June every year. In respect of eight Autonomous Bodies which were to render annual accounts to C&AG, 32 number of accounts were not rendered for the period ranging between one to 12 years as tabulated below:

Table 4.10: Non-submission of accounts by Autonomous Bodies

Sl. No.	Name of Body/Authority	Accounts pending (years)	No of accounts pending 2020-21
1	Compensatory Afforestation Management and Planning Authority (CAMPA)	12	12
2	Sher-i-Kashmir University of Agricultural Science and Technology, (SKUAST) Srinagar Kashmir	11	11
3	Sher-i-Kashmir University of Agricultural Science and Technology, (SKUAST) Jammu	01	01
4	JK Employee Provident Funds Organisation (EPFO)	01	01

Sl. No.	Name of Body/Authority	Accounts pending (years)	No of accounts pending 2020-21
5	Jammu & Kashmir Housing Board	01	01
6	J&K Khadi and Village Industries Board (KVIB)	01	01
7	J&K Building and Other Construction Workers Welfare Board (BOCWWB)	02	02
8	J&K State Legal Service Authority (SLSA)	03	03
	Total		**32**

Compensatory Afforestation Management and Planning Authority (CAMPA) has not submitted the accounts for audit for twelve years. SKUAST, Kashmir, has not submitted its accounts for audit for last 11 years. Non-submission/delay in submission of accounts by these Bodies receiving substantial funding from the budget is a serious financial irregularity persisting for years. In view of this non-compliance, the audited accounts of these Statutory Bodies have not so far been presented to the State/UT Legislature, as required under the Statutes under which these Bodies were created. Delay/Arrears in finalisation of accounts carries the risk of financial irregularities going undetected and entails possibility of fraud and mis-appropriation. This has also deprived the Legislature/Government the opportunity to get a feedback on their activities and financial performance.

The Government may take up the matter with the bodies for timely preparation and submission of accounts for presentation to the UT Legislature.

4.12 Departmental Commercial Undertakings/Corporations/Companies

The departmental undertakings of certain Government departments performing activities of commercial nature are required to prepare *proforma* accounts in the prescribed format annually. The finalised accounts of departmentally managed commercial and quasi-commercial undertakings reflect their overall financial health and efficiency in conducting their business. In the absence of timely finalisation of accounts, the investment of the Government, corrective measures, if any required, for ensuring accountability and improving efficiency cannot be taken on time. Besides, the delay is fraught with risk of fraud and leakage of public money.

The Heads of the Government Departments are required to ensure that the undertakings prepare such accounts and submit the same to the Pr. Accountant General (Audit), Jammu and Kashmir for audit, within a specified time frame. The Government has two such departmental undertakings: (a) Government Printing Presses at Srinagar and Jammu and (b) Public Distribution System (PDS) under the Consumer Affairs and Public Distribution Department. The *proforma* accounts of the commercial operations of both these undertakings are in arrears. The two Government Presses have not submitted their *proforma* accounts from 1968-69 to 2019-20. The *proforma* accounts have not been submitted by Food Civil Supplies & Consumer Affairs Department, Kashmir from 1975-76 to 2019-20 and by Food Civil Supplies & Consumer Affairs Department, Jammu from 1973-74 to 1997-98 and 1999-2000 to 2019-20. Due to non-

compliance with the basic requirements of the preparation of annual *proforma* accounts by the Departmentally Managed Commercial Undertakings, financial reporting may not be accurate and reliable.

The status of audit of Companies/Corporations of Union Territory of Jammu and Kashmir is shown in ***Appendix 4.2***. Accounts in respect of only four Companies were audited up to 2019-20 and accounts of four Companies and one corporation were audited up to 2018-19. In respect of 17 Companies / Corporations audit of accounts is in arrear for the period ranging between 5 to 17 years. Audit of J&K State Forest Corporation was entrusted in 1996-97 but Corporation has never submitted its account. J&K Medical Supplies Corporation Ltd was incorporated in March 2014 and it has also never submitted its accounts. In absence of timely finalisation of accounts, results of the investment of the Government remains outside the purview of Legislature and escape scrutiny by audit. Consequently, corrective measures, if any, required for ensuring accountability and improving efficiency cannot be taken in time. Risk of fraud and mis-utilisation of public money cannot be ruled out. The Heads of Departments in the Government are to ensure that the departmental undertakings prepare such accounts and submit the same to the Pr. Accountant General (Audit) within a specified time frame.

4.13 Non-submission of details of Grants/ Loans given to Bodies and Authorities

In order to identify institutions / organisations which attract audit under Sections 14 and 15 of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act 1971(C&AG's DPC Act), the Government / HODs are required to furnish to Audit every year

- detailed information about the financial assistance given to various institutions,
- the purpose for which the assistance is granted, and
- total expenditure of the institutions.

Further, Regulation on Audit and Accounts (Amendments) 2020 provides that Governments and HODs, who sanction grants and / or loans to bodies or authorities shall furnish to Audit by the end of July every year a statement of such bodies and authorities to which grants and / or loans aggregating ₹ 10 lakh or more were paid during the preceding year indicating (a) the amount of assistance, (b) the purpose for which the assistance was sanctioned and (c) the total expenditure of the body or authority. The Government, however, did not furnish the above mentioned information, which is in violation of Regulations on Audit and Account (Amendments) 2020.

4.14 Timeliness and Quality of Accounts

The accounts of receipts and expenditure of the Government of Union Territory of Jammu and Kashmir have been compiled based on the initial accounts rendered by 121 Treasuries (including 20 District Treasuries), and Advices of the Reserve Bank of India. As, the Government of Jammu and Kashmir had already switched over to Civil Accounting System for Works and Forest Divisions (in previous years), no monthly accounts were due from these Divisions during 2020-21. No account was excluded at the end of the year 2020-21.

Other Issues

4.15 Follow up action on State Finances Audit Report

To ensure accountability of executives to the issues dealt with in various Audit Reports, the State Government (Finance Department) issued instructions in June 1997 to the administrative departments to furnish to Public Accounts Committee (PAC)/Committee on Public Undertaking (COPU), *suo-motu* Action Taken Notes (ATNs) on all the audit paragraphs featuring in the Audit Reports, irrespective of the fact that these are taken up for discussion by these Committees or not. These ATNs are to be submitted to these Committees duly vetted by the Pr. Accountant General (Audit), within a period of three months from the date of presentation of Audit Reports in the State Legislature.

Report of the Comptroller and Auditor General of India on State Finances is being prepared since 2008-09 and Reports till the year 2015-16 have been tabled in the State Legislature. The State /UT has been under Governor's/President rule since 20 June 2018 as such the Report on State Finances /State Finances Audit Report for the year 2016-17, 2017-18 and 2018-19 have been tabled in the Parliament along with the other Audit Reports. Action Taken Notes on these Reports were not furnished by the State /UT Governments.

4.16 Conclusions

- Non submission of the UCs means that the authorities have not explained as to how funds were spent over the years. There is also no assurance that the intended objectives of providing these funds have been achieved.
- Non-submission/delay in submission of accounts by the Bodies receiving substantial funding from the Government is a serious financial irregularity. It deprived the Legislature the opportunity to get a feedback on activities and financial performance of these bodies.
- Advances drawn through Abstract Contingent Bills and their detailed countersigned bills not submitted increased the possibility of wastage/ misappropriation/ malfeasance, etc.
- Significant amount of expenditure and receipts booked under Minor head 800-Other Expenditure and 800-Other Receipts under various Major Heads affects the transparency in the accounts.

4.17 Recommendations

1. Timely submission of Utilisation certificates may be ensured by the department in respect of grants released for specific purpose.
2. Necessary steps may be taken to ensure adjustment of the advances drawn on the contingent bills within the stipulated period as required under the extant rules.
3. The issue of timely preparation and submission of accounts may be taken with respective autonomous bodies.
4. Operation of omnibus Minor Head 800 should be discouraged.
5. The assets and liability ending 30 October 2019 may be apportioned between both the Union Territories.

Chapter-V

Financial Performance of Public Sector Undertakings

CHAPTER-V

Financial Performance of Public Sector Undertakings

This chapter discusses the financial performance of Public Sector Undertakings (PSUs) as revealed from their accounts. PSUs comprise of Government of Jammu and Kashmir (GoJ&K) owned companies set up under the Companies Act, 2013, Statutory Corporations set up under the statutes enacted by the Parliament and Government Controlled Other Companies (GCOCs). Impact of significant comments issued after conducting supplementary audit of the financial statements of these PSUs by the Comptroller and Auditor General (CAG) of India for the year 2020-21 (or of earlier years which were finalised during the current year) has also been discussed in the Chapter.

5.1 Definition of Government Company

A Government Company is defined in Section 2(45) of the Companies Act, 2013 as a Company in which not less than 51 *per cent* of the paid-up share capital is held by Central Government, or by any State Government or Governments, or partly by the State Government and partly by one or more State Governments and includes a Company which is a subsidiary of a Government Company.

Besides, any other Company[1] owned or controlled directly or indirectly, by the Central Government, or by any State or Governments, or partly by the Central Government and partly by one or more State Governments are referred to in this Report as Government Controlled Other Companies.

5.2 Mandate of Audit

Audit of Government companies and Government controlled other companies is conducted by the CAG under the provisions of Section 143(5) to 143(7) of the Companies Act, 2013 read with Section 19 of the CAG's (Duties, Powers and Conditions of Service) Act, 1971 and the Regulations made there under. Under the Companies Act, 2013, the CAG appoints Chartered Accountants as Statutory Auditors for Companies and gives directions on the manner in which the accounts are to be audited. In addition, CAG has right to conduct a supplementary audit. The statutes governing Statutory Corporations require their accounts to be audited by CAG.

5.3 PSUs and their contribution to the GSDP of J&K

PSUs are established to carry out activities of commercial nature keeping in view the welfare of people and occupy an important place in the economy of J&K. As on 31 March 2021, there were 42 PSUs in Jammu and Kashmir under the audit jurisdiction of the CAG. These include 39 Government Companies (including six[2] inactive

[1] Companies (Removal of Difficulties) Seventh Order, 2014 issued by Ministry of Corporate Affairs vide Gazette Notification dated 4 September 2014.

[2] (1) Tawi Scooters Limited (2) Himalayan Wool Combers Limited and (3) Jammu & Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu & Kashmir Road Development Corporation Limited and (5) Jammu & Kashmir International Trade Centre and (6) Jammu & Kashmir Asset Reconstruction Limited

Government Companies), two Statutory Corporations and one Government Controlled Other Company[3]. The names of these PSUs are given in ***Appendix 5.1***.

One PSU (Jammu and Kashmir Bank Limited) is listed on the stock exchange. There are six inactive PSUs (including four under liquidation) having investment of ₹57.57 crore towards capital (GoJ&K: ₹56.59 crore and Others: ₹0.98 crore) and long term loans ₹0.83 crore (GoJ&K: ₹0.83 crore and Others: Nil). This is a critical area as the investments in inactive PSUs do not contribute to the economic growth of the J&K. The Government may therefore consider continuation these inactive PSUs early.

The ratio of turnover of the PSUs to the Gross State Domestic Product (GSDP) of J&K indicates the contribution of their activities in the economy of J&K. The details of turnover of PSUs are given in ***Appendix 5.2***.

Table 5.1 provides the details of turnover of the PSUs and GSDP of J&K for a period of three years ending March 2021.

Table 5.1: Details of turnover of PSUs *vis-à-vis* GSDP of J&K

(₹ in crore)

Particulars	2018-19	2019-20	2020-21
Turnover as per latest finalised accounts	9,784.90	11,298.17	10,590.68
GSDP of J&K	1,54,441.00	1,69,181.79	1,76,282.00
Percentage of Turnover to GSDP of J&K	6.34	6.68	6.01

Source: Compilation based on GSDP figures as per information provided by the GoJ&K, Finance Department, at current prices of respective years and latest finalised accounts of PSUs for year to year comparison.

The contribution of PSUs to the GSDP reduced from 6.34 *per cent* in 2018-19 to 6.01 *per cent* in 2020-21. The major contributors to turnover of PSUs in 2020-21 were Jammu & Kashmir Bank Limited (₹8,111.09 crore), Jammu & Kashmir Power Development Corporation Limited (₹1,037.85 crore) and Jammu & Kashmir Small Scale Industries Development Corporation Limited (₹438.50 crore).

5.4 Investment in PSUs and Budgetary support

5.4.1 Equity holding and Loans given

Details of Investment made in 42 PSUs in form of equity and long term loans upto 31 March 2021 are given in ***Appendix 5.3***. Sector wise summary of this investment is given in **Table 5.2**.

Table 5.2: Government of J&K investment in PSUs

(₹ in crore)

Name of Sector	Number of PSUs	Investment				Total Investment	Total Investment of GoJ&K
		Equity		Long term loans			
		Total	GoJ&K	Total	GoJ&K		
Power Sector PSUs	6	5,073.32	2,593.54	7,269.04	0.00	12,342.36	2,593.54
Non power Sector PSUs	36	969.10	847.80	5,021.44	1,437.72	5,990.54	2,285.52
Total	**42**	**6,042.42**	**3,441.34**	**12,290.48**	**1,437.72**	**18,332.90**	**4,879.06**

(Source: Compiled based on information received from PSUs)

The thrust of investment was mainly on power sector. This sector had attracted 67.32 *per cent* (₹12,342.36 crore) of total investment of ₹18,332.90 crore. The GoJ&K had invested 53.16 *per cent* (₹2,593.54 crore) of its total investment of ₹4,879.06 crore in power sector PSUs.

[3] Chenab Valley Power Projects (Private) Limited (CVPPPL), a joint venture of JKPDC, National Hydroelectric Power Corporation (NHPC) and Power Trading Corporation (PTC) wherein Government of Jammu & Kashmir has not made any direct investment

5.4.2 Subsidy and Grant to PSUs

The GoJ&K provides financial support to the PSUs in various forms through the annual budget as equity, loans, grants/subsidies, loans written off and loans converted into equity.

Summarized details of budgetary outgo towards equity, loans, grants/ subsidies, loans written off and loans converted into equity in respect of PSUs for the last three years ending March 2021 are given in **Table 5.3**.

Table 5.3: Details regarding budgetary support by GoJ&K to PSUs during the period 2018-19 to 2020-21

(₹ in crore)

Sl. No.	Particulars	2018-19		2019-20		2020-21	
		Number of PSUs*	Amount	Number of PSUs*	Amount	Number of PSUs*	Amount
1.	Equity Capital outgo	9	120.74	3	2,616.82	7	83.47
2.	Loans given	9	56.18	8	48.07	7	51.85
3.	Grants/Subsidy provided	8	48.91	12	100.50	11	3,016.38
	Total outgo		**225.83**		**2,765.39**		**3,151.70**
4.	Loan repayment written off	-	-	-	-	-	-
5.	Loans converted into equity	-	-	-	-	2	152.42
6.	Guarantees issued	1	20.00	-	-	-	-
7.	Outstanding Guarantee Commitment	3	1,822.09	3	1,580.90	5	7,698.97

(Source: Compiled based on information received from PSUs)

** Number of PSUs represents those PSUs which have received outgo from budget under one or more heads i.e. equity, loans and grants/ subsidies.*

The increase in assistance during 2020-21was mainly due to grant/subsidy given to four power sector PSUs viz. Jammu & Kashmir Power Corporation Limited, Jammu & Kashmir Power Transmission Corporation Limited, Jammu Power Distribution Corporation Limited and Kashmir Power Distribution Corporation Limited. The increase in guarantee commitments in the year 2020-21 were in case of Jammu and Kashmir Power Development Corporation Limited (₹1,539.71 crore), Jammu and Kashmir Power Corporation Limited (₹6,012.24 crore), Jammu and Kashmir SC, ST and Backward Classes Development Corporation Limited (₹64.05 crore), Jammu and Kashmir Women's Development Corporation Limited (₹73.87 crore) and Jammu and Kashmir State Financial Corporation Limited (₹9.10 crore).

5.4.3 Reconciliation with the Finance Accounts of the Government of Jammu and Kashmir

The figures in respect of equity, loans and guarantees outstanding as per records of PSUs should agree with that of the figures appearing in the Finance Accounts of the GoJ&K. In case the figures do not agree, the concerned PSUs and the Finance Department should carry out reconciliation of the differences. The mismatch between the figures furnished by the PSUs with those depicted in the Finance Account, as on 31 March 2021 is given in **Table 5.4** below:

Table 5.4: Equity and Loans outstanding as per Finance Accounts *vis-à-vis* records of PSUs upto March 2021

(₹ in crore)

Outstanding in respect of	Amount as per Finance Accounts	Amount as per records[4] of PSU	Difference
Share capital	2,969.92	2,970.80	0.88
Outstanding Loans	538.81	907.80	368.79
Guarantees	27.63	7,625.82	7,598.19

(Source: Compiled based on information received from PSUs and Finance Accounts)

The differences occurred in respect of eight PSUs as detailed in ***Appendix 5.4***. The differences between the figures are persisting for last many years. The issue of reconciliation of differences was also taken up with the PSUs and the Departments from time to time. Major difference in balances was observed in Jammu & Kashmir State Road Transport Corporation relating to both outstanding loans and equity.

The information of outstanding guarantees was awaited from Jammu and Kashmir Power Development Corporation Limited and Jammu and Kashmir Power Corporation Limited which have contributed to the differences discussed in the table above.

It is recommended that the GoJ&K and the respective PSUs should reconcile the differences in accounts in a time-bound manner**.**

5.4.4 Adequacy of assets to meet loan liabilities in PSUs

Ratio of total debt to total assets is one of the methods used to determine whether a company can stay solvent. To be considered solvent, the value of an entity's assets must be greater than the sum of its loans/debts. The coverage of long term loans by value of total assets in 18 PSUs which had outstanding loans as per their latest finalized accounts as of 30 November 2021 is given in **Table 5.5** below:

Table 5.5: Coverage of long term loans with total assets

Nature of PSU	Positive Coverage				Negative Coverage			
	No. of PSUs	Long Term Loans	Assets	Percentage of Assets to Loans	No. of PSUs	Long Term Loans	Assets	Percentage of Assets to Loans
	(₹ in crore)				(₹ in crore)			
Statutory Corporation	2	715.45	1,651.77	230.87	0	0	0	0
Government Company	11	4,573.18	1,34,325.47	2,937.47	5	1,279.20	347.83	27.19
Total	**13**	**5,288.63**	**1,35,977.24**	**3,168.12**	**5**	**1,279.20**	**347.83**	**27.19**

(Source: Latest finalized accounts of PSUs).

5.4.5 Market Capitalisation of equity investment in Government Companies

Market Capitalisation represents market value of shares of companies which are listed. As on 31 March 2021, there was only one PSU viz. Jammu & Kashmir Bank Limited, having a total paid-up equity of ₹71.36 crore, listed on the stock exchange. The majority (68.18 *per cent*) of paid-up equity of ₹71.36 crore of the Bank is held by the Government of Jammu & Kashmir and the remaining (31.82 *per cent*)[5] by Foreign

[4] Unaudited current figures up to March 2021.

[5] Indian Mutual Funds, Insurance Companies, Non-Resident Indian and Corporate Bodies

Institutional Investors, Resident Individuals and others. The market value of shares of Jammu & Kashmir Bank Limited was ₹1901.35 crore as on 31 March 2021 as compared to ₹881.83 crore as on 31 March 2020.

5.4.6 Disinvestment, restructuring and privatisation

During the year 2020-21, there was no case of disinvestment, restructuring and privatisation of PSUs.

5.5 Returns from PSUs

There were 12 PSUs that reported profit in their financial statements finalised during 2020-21 as detailed in ***Appendix-5.5***. The reported profit earned increased to ₹520.12 crore in 2020-21 from ₹346.36 crore in 2019-20.

The details of top three PSUs which contributed maximum profit are summarised in **Table 5.6**.

Table 5.6: Top three SPSEs which contributed maximum profit

Name of SPSE	Net profit (*₹ in crore*)	Percentage of profit to total SPSEs profit
Jammu and Kashmir Bank Limited	428.45	82.37
Jammu and Kashmir Horticulture Produce Marketing and Processing Corporation Limited	31.47	6.05
Jammu and Kashmir Power Development Corporation Limited	20.42	3.93
Total	**480.34**	**92.35**

(Source: Latest finalized accounts of PSUs).

It may be seen that these three SPSEs had contributed 92.35 *per cent* of the total profit of ₹520.12 crore earned by 12 SPSEs during 2020-21.

It is recommended that GoJ&K may review the functioning of its loss making PSUs and consider measures to improve them since they are causing substantial drain on the public exchequer.

5.5.1 Dividend payout by PSUs

As per the latest finalized accounts as of 30 November 2021, 12 PSUs earned an aggregate profit of ₹520.12 crore. No PSU had declared/ paid dividend[6].

5.6 Debt Servicing and legal compliances

5.6.1 Position of Long Term Loan of PSUs

The details of long term loan of PSUs during the period 2018-19 to 2020-21 are as follow:

Table 5.7: Details of Long Term Loan

(₹ in crore)

Year	Long term Loans at the end of the year		
	GoJ&K	Others	Total
2018-19	2,142.76	4,630.89	**6,773.65**
2019-20	1,567.01	4,358.66	**5,925.67**
2020-21	1,437.72	10,852.46	**12,290.48**

[6] Only those PSUs were considered that had submitted accounts for 2020-21

Long Term Loans of the PSUs decreased to ₹5,925.67 crore as on 31 March 2020 from ₹6,773.65 crore as at the end of March 2019. They increased to ₹12,290.48 crore at the end of March 2021 mainly due to the long term loans of ₹1,256.80 crore and ₹6,012.24 crore[7] availed by JKPDC and Jammu & Kashmir Power Corporation Limited respectively from banks and other financial institutions. GoJ&K share in total long term loan of the PSUs decreased from ₹2,142.76 crore by end of March 2019 to ₹1,437.72 crore by end of March 2021.

5.6.2 Interest Coverage in PSUs

Interest Coverage Ratio (ICR) is used to determine the ability of a Company to pay interest on outstanding debt and is calculated by dividing a Company's Earnings Before Interest and Taxes (EBIT) by interest expenses of the same period. The lower the ratio, the lesser the ability of the Company to pay interest on debt. An ICR of below one indicates that the Company was not generating sufficient revenues to meet its expenses on interest.

The details of interest coverage ratio of PSUs as per the latest finalised accounts during the period from 2016-17 to 2020-21 are given below in **Table 5.8**.

Table 5.8: Interest Coverage Ratio of PSUs

(₹ in crore)

Year	Interest	EBIT	Number of PSUs having liability of loans from Government and Banks and other financial institutions	Number of PSUs having interest coverage ratio	
				More than 1	Less than 1
2016-17	433.61	-795.05	17	4	13
2017-18	413.61	872.62	17	6	11
2018-19	529.65	1,360.47	15	6	9
2019-20	493.47	-452.04	15	7	8
2020-21	529.36	1,031.19	14	7	7

Of these 14 PSUs[8] having liability of loans from Government as well as Banks and other Financial Institutions during 2020-21, seven PSUs had interest coverage ratio of more than one, whereas remaining seven PSUs had Interest Coverage Ratio below one, which indicated that these seven PSUs could not generate sufficient revenues to meet their expenses on interest during the period.

[7] Including a Special Long Term Transition Loan amounting to ₹11,024.47 crore (Power Finance Corporation Limited: ₹8,234.47 crore and from REC Limited: ₹2,790 crore) sanctioned in favour of Jammu & Kashmir Power Corporation Limited for clearing overdues on account of power purchased, out of which loan amount of ₹6,012.24 crore has been availed.

[8] Excluding six inactive PSUs (1) Tawi Scooters Limited (2) Himalayan Wool Combers Limited and (3) Jammu & Kashmir Handloom Handicrafts Raw Material Supplies Organisation Limited (A Subsidiary of Himalayan Wool Combers Limited) (4) Jammu & Kashmir Road Development Corporation Limited and (5) Jammu & Kashmir International Trade Centre, (6) Jammu & Kashmir Asset Reconstruction Limited, six working PSU (1) Jammu & Kashmir Medical Supplies Corporation Limited, (2) AIC-Jammu & Kashmir EDI Foundation, (3) Jammu Smart City Limited, (4) Jammu Mass Rapid Transit Corporation Pvt. Limited, (5) Srinagar Mass Rapid Transit Corporation Pvt. Limited, (6) Jammu Power Distribution Corporation Limited which never submitted their accounts since inception, 12 PSUs (1) JKB Financial Services Limited (2) Jammu & Kashmir Police Housing Corporation Limited (3) Jammu & Kashmir Cable Car Corporation Limited (4) Jammu & Kashmir Overseas Employment Corporation Limited (5) Jammu & Kashmir Trade Promotion Organisation (6) Jammu & Kashmir Infrastructure Development Finance Corporation P Limited, (7) Srinagar Smart City Limited (8) Jammu & Kashmir Power Transmission Corporation Limited, (9) Jammu & Kashmir Power Corporation Limited, (10) Jammu Power Distribution Corporation Limited, (11) Kashmir Power Distribution Corporation Limited and (12) Jammu & Kashmir IT Infrastructure Development Pvt. Limited which have not availed any loan, and four PSUs (1) Jammu & Kashmir Agro Industries Development Corporation Limited, (2) Jammu & Kashmir Forest Development Corporation Limited (3) Jammu & Kashmir Projects Construction Corporation Limited and (4) Jammu & Kashmir Handloom Development Corporation Limited which have not provided for the interest in their books of account.

5.6.3 Age wise analysis of interest outstanding on Government Loans

As on 31 March 2021, interest amounting to ₹2,763.97 crore was outstanding on the long term loans of eight PSUs provided by GoJ&K. The age wise analysis of interest outstanding on Government Loans in PSUs is depicted in **Table. 5.9**.

Table 5.9: Interest outstanding on Government Loans

(₹in crore)

SI. No	Name of PSU	Outstanding Interest on GoJ&K Loan	Interest on GoJ&K loans outstanding for less than 1 year	Interest on GoJ&K loans outstanding for 1 to 3 years	Interest on GoJ&K loans outstanding for more than 3 years
1.	Jammu and Kashmir Industries Limited	714.69	0.00	118.17	596.52
2.	Jammu and Kashmir Cements Limited	4.57	0.13	0.26	4.18
3.	Jammu and Kashmir Minerals Limited	931.67	19.27	57.73	854.67
4.	Jammu and Kashmir Tourism Development Corporation Limited	0.20	0.00	0.00	0.20
5.	Jammu and Kashmir State Road Transport Corporation	978.78	0.00	184.78	794.00
6.	Jammu and Kashmir Forest Development Corporation Limited	44.08	0.00	0.00	44.08
7.	Jammu and Kashmir Horticulture Produce Marketing and Processing Corporation Limited	1.81	0.19	1.62	0.00
8.	Jammu and Kashmir Handloom Development corporation Limited	88.17	0.00	0.00	88.17
Total		**2,763.97**	**19.59**	**362.56**	**2,381.82**

(Source: Compiled based on information received from PSUs)

5.7 Operating efficiencies of PSUs

5.7.1 Value of production

The details of value of production, total assets and capital employed[9] during 2018-19 to 2020-21 are given in **Table 5.10**.

Table 5.10: Value of production, total assets and capital employed during 2018-19 to 2020-21

(₹in crore)

Year	Value of production	Total assets	Capital employed
2018-19	9,784.90	1,13,642.20	7,653.33
2019-20	11,298.17	1,26,488.40	5,960.28
2020-21	10,590.64	1,36,643.45	5,865.24

(Source: Latest finalized accounts of the Companies)

Value of production and total assets increased from ₹9,784.90 crore and ₹1,13,642.20 crore, respectively in 2018-19 to ₹11,298.17 crore and ₹1,26,488.40 crore, respectively in 2019-20. However, value of production decreased to ₹10,590.64 crore and total assets increased to ₹1,36,643.45 crore in 2020-21. The Capital employed decreased from ₹7,653.33 crore in 2018-19 to ₹5,865.24 crore in 2020-21.

5.7.2 Return on Investment in Listed PSUs

ROI is a performance metric to evaluate the efficiency of investment over time in comparison to alternate investment opportunities or a benchmark investment opportunity. Only one PSU of GoJ&K, Jammu & Kashmir Bank Limited is listed on the stock exchange. Calculation of ROI along with compound annual growth rate is given in ***Appendix 5.6***. The detail of ROI during last five years ending March 2021 is given in **Table 5.11**.

[9] Capital Employed= Paid-up Capital + Free Reserves and Surplus + Long Term Loans - Accumulated Losses - Deferred Revenue Expenditure.

Table: 5.11 Return on Investment of Listed PSU

(***In per cent***)

	2016-17	2017-18	2018-19	2019-20	2020-21
ROI[10]	532.82	409.61	361.60	182.79	243.81

The ROI showed a decreasing trend from 2016-17 to 2019-20, however it increased during 2020-21. The compounded annual growth rate decreased from 3.59 *per cent* to (-)2.05 per cent during 2016-17 to 2019-20 and improved to (-) 0.67 *per cent* during 2020-21.

5.7.3 Return on Capital Employed and Equity in Listed PSUs

The profitability of a Company is traditionally assessed through return on equity and return on capital employed. Return on Capital Employed (ROCE)[11] is a financial ratio that measures the Company's profitability and the efficiency with which its capital is used and is calculated by dividing Company's earnings before interest and taxes by capital employed. Return on Equity (ROE)[12] is a measure of performance calculated by dividing the net profit after tax by shareholders fund.

Detail of ROCE and ROE of Jammu and Kashmir Bank Limited, the only listed Company, is given in **Table 5.12**:

Table 5.12: ROCE and ROE of Listed PSU

(***In per cent***)

	2016-17	2017-18	2018-19	2019-20	2020-21
ROCE	-36.75	11.55	17.93	-23.18	15.50
ROE	-65.00	7.56	15.46	-61.63	21.00

The ROCE and ROE was high during last five years (except during 2016-17 and 2019-20, mainly due to high Profit after tax earned by Jammu & Kashmir Bank Limited. During 2016-17 & 2019-20, ROCE and ROE was negative due to loss incurred by the Bank.

The ROCE worked at realised value[13] of investment in respect of Jammu & Kashmir Bank Limited is as follows:

Table 5.13: ROCE for Listed PSU considering share premium

(***In per cent***)

2016-17	2017-18	2018-19	2019-20	2020-21
-33.78	10.12	16.17	-18.06	12.20

The ROCE after considering the share premium account of Jammu &Kashmir Bank Limited, ranged between (-)33.78 *per cent* to 16.17 *per cent* during the period 2016-17 to 2020-21.

---

[10] ROI= (Government's share of the Market Capitalisation of the Company as at 31 March of FY + Present Value of Dividend Receipts of the Government as at 31 March of FY + Present Value of Disinvestment Receipts of the Government as at 31 March of FY) – (Paid-up Equity of the Government as at Inception + Discounted Value of Equity infused by the Government as at Inception + Discounted Value of Subsidy/Grants infused for meeting Operational and Administrative Expenditure as at Inception)/ (Paid-up Equity of the Government as at Inception + Discounted Value of Equity infused by the Government as at Inception + Discounted Value of Subsidy/ Grants infused for meeting Operational and Administrative Expenditure as at Inception)/ Number of intervening annual periods

[11] ROCE = Earnings before Interest and Tax/ Capital Employed. Figures are as per the latest year for which accounts of the PSUs are finalised

[12] ROE=Profit after Tax/Share holders' Fund, Share holders' Fund = Paid up capital + Free Reserves and Surplus– Deferred Revenue Expenditure – Accumulated Losses

[13] Investment including share premium

5.7.4 Return on Capital Employed and Equity of Non-Listed PSUs

The details of ROCE and ROE of non-listed PSUs[14] during the period from 2016-17 to 2020-21 are given in **Table 5.14**.

Table 5.14: Return on Capital Employed and Equity

(₹ in crore)

Year	PBIT	PAT	Capital Employed	Shareholders Fund	RoCE	RoE
2016-17	609.46	226.74	6,586.07	3,273.31	9.25	6.93
2017-18	391.70	-8.52	7,826.10	3,999.47	5.01	-0.21
2018-19	350.81	-29.92	7,779.10	3,811.35	4.51	-0.79
2019-20	480.33	117.26	7,878.91	3,433.16	6.10	3.42
2020-21	437.75	-119.66	7,593.02	3,040.39	5.77	-3.94

The ROCE ranges between 4.51 *per cent* and 9.25 *per cent* and ROE ranges between (-)3.94 *per cent* and 6.93 *per cent* during the period 2016-17 to 2020-21.

5.7.5 Rate of real return (RORR) on Government Investment PSUs

In order to bring the historical cost of investment to its present value at the end of each year upto 31 March 2021, Present Value (PV) of money invested was computed where funds had been infused by the GoJ&K as equity, interest free loan and interest free loan converted into equity. Grant/ subsidy given by the Government for operational and management expenses have not been considered as bifurcation of grant and subsidy for operational and management expenses and for other purpose was not available since inception of these companies till 31 March 2021.

The PV in these undertakings was computed on the following assumptions:

- Interest free loans have been considered as fund infusion. However, in case of repayment of loans by the PSUs, the PV was calculated on the reduced balances of interest free loans over the period.
- The average rate of interest on government borrowings for the concerned financial year was adopted as discount rate for arriving at Present Value since they represent the cost incurred by the Government towards investment of funds for the year.
- The GoJ&K infused ₹5.00 crore as equity in JKPDC. In addition to this, the GoJ&K also provided Plan funds since inception of the Company (1994-95) for creation of Capital Assets, which could not be bifurcated, has not been considered. Plan fund given to JKPDD and Assets transferred to JKPDC by GoJ&K, later converted into equity, has been added to the equity contribution in the year 2019-20.
- JPDCL, KPDCL, JKPTCL and JKPCL started their operations w.e.f. 1 April 2020, hence, equity contribution was considered in the year 2020-21 for the purpose of PV calculation of GoJ&K investment.

[14] Excluding CVPPPL as all its projects are under construction

- For the purpose of PV calculation of GoJ&K investment, the period from 2000-01 till 2020-21 has been taken for considering the investment of GoJ&K in PSUs.

The year wise position of investment made by the GoJ&K in PSUs and calculation of Net Present Value of the investment relating to those PSUs wherein the GoJ&K had made investment is indicated in ***Appendix 5.7***.

The historical cost of investment by the GoJ&K in these PSUs at the end of 2020-21 increased to ₹3,565.74 crore[15] from ₹352.29 crore at the beginning of 1999-2000. The GoJ&K made investments in form of equity (₹3,107.79 crore) and interest free loans (₹123.16 crore) during the period 1999-2000 to 2020-21. Besides, GoJ&K made investment of ₹520.12 crore[16] in plan fund during this period in JKPDC.

The PV of the investment infused by the GoJ&K as on 31 March 2021 amounted to ₹6,329.96 crore. The net earnings of PSUs as per their latest finalized accounts was ₹314.11 crore.

An analysis of the earnings *vis-à-vis* investments in respect of 40[17] PSUs where funds had been infused by the GoJ&K was carried out to assess the profitability of these PSUs which is given in **Table 5.15**.

Table 5.15: Real Rate of Return

(₹in crore)

Financial year	PV of total investment at the beginning of the year	Total investment during the year	Total investment at the end of the year	Average rate of interest	PV of total investment at the end of the year	Total Earnings[18]	RoRR
2016-17	2,013.32	9.56	2,022.881	7.83	2,181.27	-1,406.44	-69.53
2017-18	2,181.27	101.63	2,282.903	7.23	2,447.96	192.85	8.45
2018-19	2,447.96	143.92	2,591.876	7.20	2,778.49	434.33	16.76
2019-20	2,778.49	2632.7	5,411.19	7.2	5,800.80	-1,022.15	-18.89
2020-21	5,800.80	130.57	5,931.37	6.72	6,329.96	306.12	5.16

During the period from 2016-17 to 2020-21, these 40 PSUs had a positive return on investment (except for the year 2016-17 & 2019-20). During 2020-21, return on GoJ&K Investment on the basis of historical value was 8.81 *per cent*. However, the Real Rate of Return considering the present value of investment was 5.16 *per cent* only.

5.8 PSUs incurring losses

There were 16 PSUs that incurred losses during the year 2020-21 as per their latest finalized accounts as detailed in ***Appendix-5.8***. The losses incurred by these PSUs increased to ₹1,354.96 crore in 2019-20 from ₹216.93 crore in 2018-19 and decreased to ₹214.51 crore in 2020-21 as per their latest finalized accounts as given below in **Table 5.16**.

[15] Opening balance: (₹352.29 crore) + Equity: (₹3,107.79 crore) + Interest free loans: (₹123.16 crore) - Interest free loan converted into equity: (₹169.92 crore)

[16] This investment was made from 2018-19 to 2020-21 and investment before this period had been converted into equity of GoJ&K

[17] Excluding JKB Financial Services Limited and CVPPPL wherein the GoJ&K had not made any investment

[18] As per the latest finalized accounts

Table 5.16: Summary of PSUs that incurred losses during 2018-19 to 2020-21

(₹in crore)

Year	No of PSUs incurred loss	Net loss for the year	Accumulated Profit/ Loss	Net Worth[19]
A. Statutory Corporations				
2018-19	2	133.55	(-)1,324.27	(-)959.83
2019-20	2	132.98	(-)1,563.95	(-)1,309.35
2020-21	1	117.62	(-)1,634.94	(-)1,426.98
B. Government Companies				
2018-19	8	83.38	(-)1,039.83	(-)956.10
2019-20	11	1221.98	357.72	527.18
2020-21	14	93.71	(-)1,780.54	(-)1,643.83
C. Government Controlled Other Company				
2018-19	0	-	-	-
2019-20	0	-	-	-
2020-21	1	3.18	49.34	2,773.00
Total PSUs				
2018-19	10	216.93	(-)2,364.10	(-)1,915.93
2019-20	13	1,354.96	(-)1,206.23	(-)782.17
2020-21	16	214.51	(-)3,366.14	(-)297.81

(Source: Latest finalized accounts as on 30 September 2019, 31 December 2020 and 30 November 2021)

Out of total loss of ₹214.51 crore incurred by 16 PSUs in 2020-21, loss of ₹203.64 crore was attributed to seven PSUs listed in Table 5.17 which incurred loss of more than ₹five crore as per their latest information provided. The majority of the loss for the year 2019-20 is attributable to the loss of ₹1139.41 crore reported by Jammu and Kashmir Bank Limited. The bank reported profit in its operations in the year 2020-21 of ₹428.45 crore.

Table 5.17: PSUs (other than power sector) that incurred losses of more than ₹ five crore

Sl. No.	Name of the PSU	Net loss (₹ in crore)
1.	Jammu & Kashmir State Road Transport Corporation	117.62
2.	Jammu & Kashmir Industries Limited	36.39
3.	Jammu & Kashmir State Industrial Development Corporation Limited	20.54
4.	Jammu & Kashmir Handicrafts (Sales and Export) Development Corporation Limited	8.60
5.	Jammu & Kashmir Minerals Limited	8.38
6.	Jammu & Kashmir Tourism Development corporation	6.14
7.	Jammu & Kashmir Scheduled Castes, Scheduled Tribes and Backward Classes Development Corporation Limited	5.97

(Source: Latest finalised accounts as on 30 November 2021)

5.8.1 Erosion of Capital in PSUs

As on 31 March 2021, there were 18 PSUs with accumulated losses of ₹3,655.92 crore ***(Appendix 5.9).*** Of these 18 PSUs, 15 PSUs incurred losses amounting to ₹211.34 crore and three PSUs had not incurred loss, even though they had accumulated loss of ₹247.44 crore. The net worth of 11 out of 18 PSUs had been completely eroded by accumulated loss and their net worth was negative. The net worth of these 11 PSUs was (-)₹3,148.02 crore against equity investment of ₹458.04

[19] Net worth means the sum total of the paid-up share capital and free reserves and surplus less accumulated loss and deferred revenue expenditure. Free reserves mean all reserves created out of profits and share premium account but do not include reserves created out of revaluation of assets and write back of depreciation provision.

crore as on 31 March 2021. Out of these 11 PSUs, whose capital had been eroded, two PSUs had earned profit of ₹34.64 crore during 2020-21.

5.9 Oversight Role of CAG

5.9.1 Audit of Public Sector Undertakings (PSUs)

Comptroller & Auditor General of India (CAG) appoints the statutory auditors of a State Government Company and State Government Controlled Other Company [20] under Section 139 (5) and (7) of the Companies Act, 2013. CAG has a right to conduct a supplementary audit and issue comments upon or supplement the Audit Report of the statutory auditor. Statutes governing some Corporations require that their accounts be audited by the CAG and a report be submitted to the State Legislature.

5.10 Appointment of statutory auditors of PSUs by CAG

Section 139 (5) of the Companies Act, 2013 provides that the statutory auditors in case of a State Government Company are to be appointed by the CAG within a period of 180 days from the commencement of the financial year.

5.11 Submission of accounts by PSUs

5.11.1 Need for timely submission

According to Section 395 of the Companies Act 2013, Annual Report on the working and affairs of a Government Company, is to be prepared within three months of its Annual General Meeting (AGM) and as soon as may be after such preparation laid before both the Houses of State Legislature together with a copy of the Audit Report and any comments upon or supplement to the Audit Report, made by the CAG. Almost similar provisions exist in the respective Acts regulating statutory corporations. This mechanism provides the necessary legislative control over the utilisation of public funds invested in the companies from the Consolidated Fund of State.

Section 96 of the Companies Act, 2013 requires every company to hold AGM of the shareholders once in every calendar year. It is also stated that not more than 15 months shall elapse between the date of one AGM and that of the next. Further, Section 129 of the Companies Act, 2013 stipulates that the audited Financial Statement for the financial year has to be placed in the said AGM for their consideration.

Section 129 (7) of the Companies Act, 2013 also provides for levy of penalty like fine and imprisonment on the persons including directors of the company responsible for non-compliance with the provisions of Section 129 of the Companies Act, 2013.

Despite above, annual accounts of various PSUs were pending as on 31 December 2020, as detailed in the following paragraph.

[20] A Government Company is defined in Section 2(45) of the Companies Act, 2013 as a company in which not less than 51 *per cent* of the paid up share capital is held by Central Government, or by any State Government or Governments, or partly by the Central Government and partly by one or more State Governments and includes a company which is a subsidiary of a Government Company. Any other company owned or controlled, directly, or indirectly, by the Central Government or by any State Government or Governments, or partly by the Central Government and partly by one or more State Governments are referred to in this Report as Government controlled other Companies.

5.11.2 Timeliness in preparation of accounts by Government Companies

As of 31 March 2021, there were 40 Government Companies under the purview of CAG's audit. Of these, accounts for the year 2020-21 were due[21] from 35 Government Companies. However, only three Government Companies submitted their accounts for the financial year 2020-21 for audit by CAG on or before 30 November 2021. Accounts of 37 Government Companies were in arrears for various reasons. Details of arrears in submission of accounts of these are given in **Table 5.18** below:

Table 5.18: Details of arrears in submission of accounts

Particulars		Total
Total number of Companies under the purview of CAG's audit as on 31.03.2021		40
Less: New Companies from which accounts for 2020-21 were not due		0
Less: Companies under liquidation/ inactive[22]		6
Number of companies from which accounts for 2020-21 were due		34
Number of companies which presented the accounts for CAG's audit by 30 November 2021		3
Number of companies with accounts in arrears		31
Breakup of Arrears	(i) Defunct	0
	(ii) First Accounts not submitted	6
	(iii) Others	25
Age-wise analysis of arrears against 'Others' category	Up to one year (2020-21)	5
	Up to two years (2019-20 and 2020-21)	14
	Three years and more	17

Details of these companies along with the position of GoJ&K investment in these PSUs during the period of arrear accounts are indicated in ***Appendix 5.10***.

5.11.3 Timeliness in preparation of accounts by Statutory Corporations

As of 31 March 2021, there were two Statutory Corporations under the purview of CAG's audit. Audit of Statutory Corporations is governed by their respective legislations. Out of the two Statutory Corporations, the C&AG is the sole auditor for Jammu & Kashmir State Road Transport Corporation. In respect of Jammu & Kashmir State Financial Corporation, the audit is conducted by Chartered Accountants and supplementary audit is conducted by the C&AG.

The accounts of Jammu & Kashmir State Road Transport Corporation and Jammu & Kashmir Financial Corporation for the years 2019-20 and 2020-21 were awaited as on 30 November 2021.

Details of these Corporations along with the position of GoJ&K investment in these Corporations during the period of arrear accounts are indicated in ***Appendix 5.10***.

5.12 CAG's oversight - Audit of accounts and supplementary audit

5.12.1 Financial reporting framework

Companies are required to prepare the financial statements in the format laid down in Schedule III to the Companies Act, 2013 and in adherence to the mandatory Accounting Standards prescribed by the Central Government, in consultation with National Advisory Committee on Accounting Standards. The statutory corporations

[21] The due date for submission of accounts has been considered as 30 November 2021

[22] Jammu & Kashmir Asset Reconstruction Limited, Tawi Scooters Limited, Himalayan Wool Combers Limited and Jammu & Kashmir State Handloom Handicrafts Raw Materials Supply Organisation Limited (under liquidation); Jammu & Kashmir State Road Development Corporation Limited and Jammu & Kashmir International Trade Centre (inactive)

are required to prepare their accounts in the format prescribed under the rules, framed in consultation with the CAG and any other specific provision relating to accounts in the Act governing such corporations.

5.12.2 Audit of accounts of Government Companies by Statutory Auditors

The statutory auditors appointed by the CAG under Section 139 of the Companies Act 2013, conduct audit of accounts of the Government Companies and submit their reports thereon in accordance with Section 143 of the Companies Act, 2013.

The CAG plays an oversight role by monitoring the performance of the statutory auditors in audit of public sector undertakings with the overall objective that the statutory auditors discharge the functions assigned to them properly and effectively. This function is discharged by exercising the power:

- to issue directions to the statutory auditors under Section 143 (5) of the Companies Act, 2013 and
- to supplement or comment upon the statutory auditor's report under Section 143 (6) of the Companies Act, 2013.

5.12.3 Supplementary Audit of accounts of Government Companies

The prime responsibility for preparation of financial statements in accordance with the financial reporting framework prescribed under the Companies Act, 2013 or other relevant Act is of the management of an entity.

The statutory auditors appointed by the CAG under section 139 of the Companies Act, 2013 are responsible for expressing an opinion on the financial statements under section 143 of the Companies Act, 2013 based on independent audit in accordance with the Standard Auditing Practices of Institute of Chartered Accountants of India (ICAI) and directions given by the CAG. The statutory auditors are required to submit the Audit Report to the CAG under Section 143 of the Companies Act, 2013.

The certified accounts of selected Government Companies along with the report of the statutory auditors are reviewed by CAG by carrying out a supplementary audit. Based on such review, significant audit observations, if any, are reported under Section 143 (6) of the Companies Act, 2013 to be placed before the Annual General Meeting.

5.13 Result of CAG's oversight role

Position of supplementary audit of the financial statements of the PSUs conducted by the Comptroller and Auditor General (CAG) of India for the year 2020-21 (or of earlier years which were finalized during current year) is discussed in the next paragraph.

5.13.1 Audit of accounts of Government Companies under Section 143 of the Companies Act, 2013

Financial statements for the year 2020-21 were received from two[23] Government Companies and one Government Controlled Other Company[24] by 30 November 2021. Of these, financial statements of two[25] Government Companies were reviewed in audit by the CAG.

[23] Jammu and Kashmir Bank Limited and JKB Financial Services Limited
[24] Chenab Valley Power Projects Private Limited
[25] Non review certificate was given to JKB Financial Services Limited for the year 2020-21

32 accounts of previous years were also received during the period 1 January 2021 to 30 November 2021, of which non review certificates were issued for six accounts, comments were issued in case of five accounts and 21 accounts were pending as of 30 November 2021. Further, 42 accounts of 10 PSUs relating to previous years which were received before 1 January 2021 were also reviewed during current year. Of the 42 financial statements, Comments were issued for 32 accounts of eight PSUs and Management Letters were issued to two PSUs for 10 years of their accounts.

5.14 Recommendations

1. The Government may impress upon those PSUs with arrear in accounts to ensure early finalisation of their Financial Statements as in the absence of their finalisation, Government investments in such PSUs remain outside the legislative oversight; and
2. The UT Government needs to take an early decision regarding commencement of liquidation process in respect of the inactive PSUs as they are neither contributing to economy nor meeting the objectives for which they were set up.

Explanatory Notes

1. *The abridged accounts in the foregoing statements have to be read with comments and explanations in the Finance Accounts.*
2. *Government accounts being mainly on cash basis, the deficit on Government account indicates the position on cash basis, as opposed to accrual basis in commercial accounting. Consequently, items payable or receivable or items like depreciation or variation on stock figures etc. do not figure in the accounts.*
3. *Suspense and Miscellaneous balances include cheques issued but not paid and payments made on behalf of the UT and others pending settlement, etc.*

Appendix 6
Glossary of important Budget related terms

1. ***'Accounts' or 'actuals' of a year*** **-** are the amounts of receipts and disbursements for the financial year beginning on *April 1st* and ending on *March 31st* following, as finally recorded in the Accounting authority's books (as audited by C&AG). Provisional Accounts refers to the unaudited accounts.
2. ***'Administrative approval' of a scheme, proposal or work*** **-** is the formal acceptance thereof by the competent authority for the purpose of incurring expenditure. Taken with the provision of funds in the budget, it operates as a financial sanction to the work during that particular year in which the Administrative Approval is issued.
3. ***'Annual financial statement'*** **-** Also referred to as Budget means the statement of estimated receipts and expenditure of the Central/State Government for each financial year, laid before the Parliament /State Legislature.
4. ***'Appropriation'*** **-** means the amount authorized by the Parliament/State Legislature for expenditure under different primary unit of appropriation or part thereof placed at the disposal of a disbursing officer.
5. ***'Charged Expenditure'*** **-** means such expenditure as is not to be submitted to the vote of the Legislature under the provisions of the Constitution.
6. ***'Consolidated Fund of India/ State'*** **-** All revenues of the Union/State Government, loans raised by it and all moneys received in repayment of loans form the Consolidated Fund of India/ State. No moneys out of this Fund can be appropriated except in accordance with the law and for the purposes and in the manner provided in the Constitution.
7. ***'Contingency Fund'*****-** is in the nature of an imprest. The Contingency Fund is intended to provide advances to the executive /Government to meet unforeseen expenditure arising in the course of a year pending its authorization by the Parliament/State Legislature. The amounts drawn from the Contingency Fund are recouped after the Parliament/State Legislature approves it through the Supplementary Demands.
8. ***'Controlling Officer (budget)'*** **-** means an officer entrusted by a Department with the responsibility of controlling the incurring of expenditure and/or the collection of revenue. The term includes the Heads of Department and also the Administrators.
9. ***'Drawing and Disbursing Officer' (DDO)*** **-** means a Head of Office and also any other Officer so designated by the Finance Department of the State Government, to draw bills and make payments on behalf of the State Government. The term shall also include a Head of Department where he himself discharges such function
10. ***'Excess Grant'*** **-** Excess grant means the amount of expenditure over and above the provision allowed through the original/supplementary grant, that

requires regularization by obtaining excess grant from the Parliament /State Legislature under Article 115/205 of the Constitution.

11. ***'New Service'*** **-** As appearing in Article 115(1)(a)/205(1)(a) of the Constitution, New Service means expenditure arising out of a new policy decision, not brought to the notice of Parliament/State Legislature earlier, including a new activity or a new form of investment.
12. *'**New Instrument of Service'*** **-** means relatively large expenditure arising out of important expansion of an existing activity.
13. ***'Public Accounts'*** **-** means the Public Account referred to in Section 115 (2) of the Constitution. The receipts and disbursements such as deposits, reserve funds, remittances, etc. which do not form part of the Consolidated Fund are included in the Public Account. Disbursements from the Public Account are not subject to vote by the Parliament/State Legislature, as they are not moneys issued out of the Consolidated Fund of India/State.
14. ***'Re-appropriation'*** **-** means the transfer, by a competent authority, of savings from one unit of appropriation to meet additional expenditure under another unit within the same grant or charged appropriation.
15. ***'Revised Estimate'*** **-** is an estimate of the probable receipts or expenditure for a financial year, framed in the course of that year, with reference to the transactions already recorded and anticipation for the remainder of the year in the light of the orders already issued.
16. ***'Supplementary Demands for Grants'*** **-** means the statement of supplementary demands laid before the legislature, showing the estimated amount of further expenditure necessary in respect of a financial year over and above the expenditure authorized in the Annual Financial Statement for that year. The demand for supplementary may be token, technical or substantive/cash.

    a) **Cash Supplementary -** is over and above the original budget provisions and results in enhancement of the allocation for the Demand/Grant. It should be obtained as a last resort and after proper due diligence. Presently, this method is followed by the State.
    b) There are four Sections in each Demand i.e., Revenue Voted, Revenue Charged, Capital Voted and Capital Charged. **Technical Supplementary**, after obtaining the approval of the State Legislature, allows to utilize the savings of one of the Sections for any other Section.
    c) **Token Supplementary -** allows to utilize the savings within the same section of the grant.

17. ***'Major Head'*** **-** means a Major Head of account for the purpose of recording and classifying the receipts and disbursements of the State. A Major Head, particularly the one falling within the Consolidated Fund, generally corresponds to a 'function' of Government such as Agriculture, Education, Health, etc.
18. ***'Sub-Major Head'*** **-** means an intermediate head of account introduced between a Major Head and the Minor Heads under it, when the Minor Heads are

numerous and can conveniently be grouped together under such intermediate Head.

19. ***'Minor Head'*** - means a head subordinate to a Major Head or a Sub-Major Head. A Minor Head subordinate to a Major Head identifies a "programme" undertaken to achieve the objectives of the function represented by the Major Head.
20. ***'Sub-Head'*** - means a unit of account next subordinate to a Minor Head which normally denotes the scheme or organisation under that Minor Head or programme.
21. ***'Major Work***' - means an original work, the estimated cost of which exclusive of departmental charges exceeds the amount as notified by the Government from time to time.
22. ***'Minor Work'*** - means an original work, the estimated cost of which exclusive of departmental charges does not exceed the amount as notified by the Government from time to time.
23. ***'Modified Grant or Appropriation'*** - means the sum allotted to any Sub-Head of Appropriation as it stands after Re-Appropriation or the sanction of an Additional or Supplementary Grant by competent authority.
24. ***'Supplementary or Additional Grant or Appropriation'*** - means a provision included in an Appropriation Act, during the course of a financial year, to meet expenditure in excess of the amount previously included in an Appropriation Act for that year.
25. ***'Schedule of New Expenditure'*** - means a statement of items of new expenditure proposed for inclusion in the Budget for the ensuing year.
26. ***'Token demand'*** - means a demand made to the Assembly for a nominal or token sum when, for example, it is proposed to meet the entire expenditure on a new service from savings out of the sanctioned budget grant.

Appendix 9.2	Details of work orders where penalty was not recovered from the contractors on account of delay in execution of work	202-210

PREFACE

This Report of the Comptroller and Auditor General of India for the year ended 31 March 2021 has been prepared in accordance with Article 151 of the Constitution of India. As per the decision of the Government of India, Ministry of Finance (June 1994), wherever President's Rule is extended beyond one year, the C&AG's Report relating to the State would be placed in Parliament. Hence, this Report is being sent to the President for laying in the Parliament. Consequent to the reorganisation of the State of Jammu and Kashmir, under the Jammu & Kashmir Reorganisation Act, 2019, the Report is also being sent to the Lieutenant Governor of the successor Union Territory of Jammu and Kashmir.

The accounts of Government Companies (including companies deemed to be Government Companies as per provisions of the Companies Act) are audited by the Comptroller and Auditor General of India (CAG) under the provisions of the Companies Act 2013. The audit of Statutory Corporations is conducted under their respective legislation.

The instances mentioned in this Report are those which came to notice in the course of test audit during the period 2020-21 as well as those which came to notice in earlier years but could not be reported in the previous Audit Reports. Instances relating to the period subsequent to 2020-21 have also been included, wherever necessary.

The audit has been conducted in conformity with the Auditing Standards issued by the Comptroller and Auditor General of India.

Executive Summary

EXECUTIVE SUMMARY

This Report covers matters arising out of the Compliance Audit of the Departments of the Union Territory (UT) Government and their Public Sector Undertakings. The primary purpose of this Report is to bring to the notice of the Legislature the important results of audit.

The Report has been organised in 10 chapters as under:

Chapter I: Overview

This chapter contains a brief profile of the UT Government with the receipt/ expenditure for the year 2020-21, the authority for audit, audit jurisdiction, planning and conduct of audit, response of the Government to various audit products namely Inspection Reports, audit observations/ paragraphs and follow up action on Audit Reports.

During the year 2020-21, the revenue raised by the UT Government (₹ 12,953.37 crore) was 24.68 *per cent* of the total revenue receipts. The balance 75.32 *per cent* was received from the Government of India (GoI) as Grants-in-aid.

During the year, the share of Capital Expenditure was 16.67 *per cent* and Revenue Expenditure was 83.29 *per cent* of total expenditure. The combined share of Social Services (₹ 21,964.27 crore) and Economic Services (₹ 14,842.46 crore) was 58.27 *per cent* of total expenditure during 2020-21, and 41.63 *per cent* of total expenditure was incurred on General Services (₹ 26,297.40 crore).

(Paragraph 1.2, Page: 2-3)

Chapter II: Processing of refund claims under GST

A Subject Specific Compliance Audit (SSCA), covering the period from July 2017 to July 2020, on processing of refund claims under GST was conducted and audit findings emerged, in course of the audit, are as follows:

There was delay in issue of acknowledgement in 21 cases (13 *per cent*) from one to 477 days with the average delay being 52 days in these cases.

(Paragraph 2.4.1, Page: 11-12)

Delay in sanction of refunds ranged between two and 446 days in 43 refund cases (24 ST Circles) with the average delay being 75 days in these cases. The Department had not paid interest under section 56 amounting to ₹ 2.34 lakh to the claimants. Of these, 32 cases were delayed by one to three months, six cases were delayed by three to six months and five cases were delayed by more than six months, respectively.

(Paragraph 2.4.2, Page: 12)

Out of 33 refund cases examined, the Department considered ITC availed on input services in five refund cases (Two ST Circles). The mistake resulted in irregular allowance of refund to the tune of ₹ 39.82 lakh.

(Paragraph 2.4.3, Page: 12-13)

Department had issued provisional refund of 90 *per cent* in three cases of one taxpayer in Circle Anantnag-II on account of inverted duty structure which were other than the cases of zero rated supply of goods or services. This resulted in irregular grant of refund of ₹ 19.94 lakh on provisional basis.

(Paragraph 2.4.4, Page: 13-14)

Refunds had been sanctioned in respect of 26 cases despite non filing of returns (GSTR I) by the registered persons for prior periods between November 2018 and June 2020. Even registrations were cancelled in respect of two dealers in Kashmir Division and of three dealers in Jammu Division.

(Paragraph 2.4.5, Page: 14)

In respect of 15 refund claims exceeding ₹ two lakh in each case, refund of ₹ 328.25 lakh was sanctioned without obtaining certificates from the Chartered Accountant/ Cost Accountant in violation of above rules.

(Paragraph 2.4.6, Page: 14-15)

Refund of ₹ 144.67 lakh, in respect of sanction on exports, was sanctioned in favour of a dealer without documentary evidence such as shipping bills/ export invoices/ undertaking of no duty drawback claimed.

(Paragraph 2.4.7, Page: 15-16)

Refund of ITC in respect of zero rated supplies (two cases) and Inverted Duty Structure (eight cases) revealed that refund had been claimed and admitted by the Department despite difference of ₹ 110.33 lakh between GSTR-3B and GSTR-2A, in support of which no invoices were found on record.

(Paragraph 2.4.10, Page: 17)

Post audit of refund cases has not been conducted, resulting in non-compliance of Board's instructions.

(Paragraph 2.4.11, Page: 17-18)

Chapter III: Transitional Credits

A Subject Specific Compliance Audit (SSCA), covering the period from July 2017 to March 2020, on transitional credits under GST was conducted and audit findings, are as follows:

In respect of 46 transitional credit cases, the front end data shared by GSTN did not match with the data shared by GSTN at the back end. There was mismatch of data in these 46 cases with respect to transitional credit (TRAN-1) amounting to ₹ 282.56 lakh.

(Paragraph 3.7.2, Page: 25)

In four cases, transitional credit amounting to ₹ 11.25 lakh was claimed in excess of actual balance of Input Tax Credit available under the earlier VAT regime.

(Paragraph 3.8.1, Page: 27-28)

In four cases, the dealer(s) had not filed all the requisite returns but carried forward the input tax credit in the Electronic Credit Ledger resulting in ineligible transitional credit of ITC amounting to ₹ 10.75 lakh.

(Paragraph 3.8.2 (A), Page: 28)

In 13 cases, the undue/ excess transitional credit claims were reversed under the provisions of the J&K GST Act, 2017; however, the interest liability under section 50(3) of the J&K GST Act, 2017 was not charged.

(Paragraph 3.8.5, Page: 35-36)

Chapter IV: Human Resources Management in Sher-e-Kashmir University of Agricultural Sciences and Technology

A Subject Specific Compliance Audit (SSCA) of human resources management covering the period 2016-17 to 2020-21 was conducted to assess whether the Agriculture Universities had complied with the relevant guidelines, and audit findings are as follows:

The universities had repeatedly violated instructions for creation/ up-gradation/ conversion of posts. Availability of vacant posts facilitated re-designation of posts to accommodate irregular appointments, attachments and adjustment of staff appointed in excess of sanctioned strength.

(Paragraph 4.6, Page: 41-43)

There were instances of appointments without adoption of mandatory Academic Performance Indicators, appointments without mandatory NET qualification, appointments by counting inadmissible periods in teaching experience and appointments through lateral entry by irregular up-gradation of technical posts.

(Paragraph 4.9, Page: 44-48)

There was faulty implementation of Career Advancement Scheme (CAS) due to dilution of prescribed criteria regarding Academic Performance Indicators and requirement of research publications, extension of benefit of retrospective CAS to direct appointees, premature placements, counting of inadmissible past service, non-completion of mandatory trainings, counting of period spent on acquiring PhD and leave without pay towards teaching experience, etc.

(Paragraph 4.10, Page: 48-53)

There were instances in respect of non-teaching employees wherein recruitments were made through regularisation of adhoc/ contractual employees, appointments made without qualifying mandatory tests, direct recruitments to posts required to be filled through promotion, lateral entry to posts prescribed to be filled through direct recruitment etc.

(Paragraph 4.11, Page: 53-56)

The laid down norms for promotions of non-teaching staff were not fully complied and there were instances in which inadmissible financial up-gradations had been

granted due to faulty implementation of two-tier career advancement schemes, premature promotions etc.

(Paragraph 4.12, Page: 56-59)

There were ambiguities/ inconsistencies in Recruitment Rules of the Universities which had resulted in irregular appointments, indefinite continuation of employees in higher grades and avoidable litigations/non filling of posts.

(Paragraph 4.13, Page: 59-61)

Chapter V: Swachh Bharat Mission (Urban)

A Subject Specific Compliance Audit (SSCA) of two components under Swachh Bharat Mission (U) viz. Individual Household Latrines (IHHLs) and Public toilets (PTs), was carried out covering the period from 2016-17 to 2020-21, and audit findings, are as follows:

No house-to-house survey was carried out to see whether beneficiaries had or did not have existing sanitary latrine.

(Paragraph 5.3, Page: 70-72)

The process for monitoring physical progress of work at various stages was not specified. This had resulted in non-conversion of insanitary latrines into sanitary ones and excess/ double payment to beneficiaries.

(Paragraph 5.4, Page: 72-73)

Out of 942 beneficiaries selected for Beneficiary survey and physical verification, whose IHHLs were shown as constructed by NGOs, only 95 IHHLs (10 *per cent*) were found functional. Further, 238 beneficiaries stated that NGOs had not constructed their IHHLs, but they constructed on their own.

(Paragraph 5.5.1(A), Page: 75-76)

Allotment of construction works of Public toilets was made without execution of valid agreements and no penalty was levied on contractors for non-completion of works within time.

(Paragraphs 5.6.1 & 5.6.2, Pages: 78-79)

During joint physical verification of PTs, audit *inter alia* noticed that majority of the PTs constructed under SBM (U) were either non-functional or were functional without O&M.

(Paragraph 5.6.7, Page: 82-83)

Chapter VI: Compliance Audit Paragraphs of Civil Departments

Failure of the Assessing Authority, State Taxes Circle-H, Jammu to levy tax at correct rates, while assessing the two dealers for accounting years 2014-15 to 2017-18 (up to 07 July 2017) resulted in short levy of tax and interest aggregating ₹ 4.49 crore.

(Paragraph 6.1, Page: 85-86)

Failure of the Assessing Authorities, State Taxes Circles-C, L, J, Jammu and Circle-I, Udhampur to detect concealment of Interstate Purchases made by the dealers during 2013-14 to 2015-16 resulted in short levy of tax, interest and penalty aggregating ₹ 80.20 lakh.

(Paragraph 6.2, Page: 86-89)

Delay in finalisation of modalities to rent out shops/ spaces by auction after fixation of minimum reserve rent resulted in probable loss of rent of ₹ 2.70 crore.

(Paragraph 6.3, Page: 89-90)

Irregular action of Home Department to pay one-month additional salary to police personnel who were not deployed for election duties during the conduct of Municipal/ Panchayat elections, 2018 resulted in inadmissible payment of ₹ 1.58 crore in respect of 483 police personnel

(Paragraph 6.4, Page: 90-91)

Failure of two works executing divisions to comply with extant rules resulted in loss of ₹ 1.61 crore due to non-deduction of supervision charges in respect of works of National Hydro Power Corporation Limited, executed by these divisions.

(Paragraph 6.5, Page: 91-92)

Injudicious decision of the Jammu and Kashmir State Advisory Board to hire two private buildings as hostels from September 2014 to March 2021, without conducting survey of students' willingness to avail hostel facilities and despite lack of demand, resulted in avoidable wasteful expenditure of ₹ 66.05 lakh on rent, maintenance and upkeep of hired hostels.

(Paragraph 6.6, Page: 92-93)

Failure of Social Welfare Department to get DPR for construction of hostel for OBC boys students approved and Central share of funds released by GoI and failure of the department to get the work of hostel building completed out of State funding as was originally planned resulted in wasteful expenditure of ₹ 1.55 crore.

(Paragraph 6.7, Page: 93-95)

Chapter VII*:* Functioning of Public Sector Undertakings

As on 31 March 2021, there were 42 PSUs in Jammu and Kashmir under the audit jurisdiction of the CAG. These include 39 Government Companies (including six inactive Government Companies with delay in accounts ranging between four years to 31 years), two Statutory Corporations and one Government Controlled Other Company. One PSU (Jammu and Kashmir Bank Limited) is listed on the stock exchange. There are six inactive PSUs (including four under liquidation) having investment of ₹ 57.57 crore towards capital (GoJ&K: ₹ 56.59 crore and others: ₹ 0.98 crore) and long term loans of ₹ 0.83 crore (GoJ&K: ₹ 0.83 crore and others: Nil).

(Paragraph 7.3, Page: 97-98)

As of 31 March 2021, there were 40 Companies under the purview of CAG's audit. Of these, accounts for the year 2020-21 were due from 34 Government Companies. However, only three Government Companies submitted their accounts for the financial year 2020-21 for audit by CAG on or before 30 November 2021. As of 31 March 2021, there were two Statutory Corporations under the purview of CAG's audit. The accounts of Jammu & Kashmir State Road Transport Corporation and Jammu & Kashmir Financial Corporation for the years 2019-20 and 2020-21 were awaited as on 30 November 2021.

(Paragraph 7.6 (B) & (C), Page: 100-101)

Chapter VIII: Development of Micro/ Mini/ Small Hydroelectric Projects in Jammu and Kashmir

A Subject Specific Compliance Audit (SSCA), on development of Micro/ Mini/ Small Hydroelectric Projects in Jammu and Kashmir was conducted and audit findings emerged, in course of the audit, are as follows:

Out of 374 identified project sites with power generation capacity of 1,725.53 MWs, only 10 projects with capacity of 79.75 MWs (five *per cent*) had been commissioned with time overrun ranging between four months and over seven years. No action was taken for 225 sites after their identification

(Paragraph 8.3, Page: 105)

For 20 sites proposed under Prime Minister's Development Package, GoI had not acceded to request of GoJ&K for release of funds in view of high project cost and unviable tariff.

(Paragraph 8.4.1, Page: 106-107)

Nodal agencies did not coordinate with line Departments/ Agencies for facilitating IPPs in obtaining clearances, approvals and finances for their projects in a time bound manner. Execution of projects was also not monitored. The IPPs had also attributed poor performance in development of projects inter alia to lack of financing by banks due to non-availability of buy back agreement with GoJ&K.

(Paragraph 8.4.1, Page: 106-107)

Failure of JKPDC in ensuring completion of transmission line alongside the commission of hydro project at Dah resulted in non-utilisation of power generation of 59.37 Million Units and consequent loss of revenue of ₹ 16.45 crore.

(Paragraph 8.4.3, Page: 108-109)

Chapter IX: Management of Fixed Assets by Jammu & Kashmir Bank Limited

A Subject Specific Compliance Audit (SSCA), on management of Fixed Assets by Jammu & Kashmir Bank Limited was conducted and audit findings emerged, in course of the audit, are as follows:

The Bank purchased land valuing ₹ 184.92 crore during 2016-21, out of which land valuing ₹ 140.22 crore could not be utilised. Funds to the tune of ₹ 22.78 crore remained blocked due to improper planning.

(Paragraph 9.2, Page: 117-118)

There was wasteful expenditure of ₹ 5.28 crore in hiring of premises. Due to hiring of unfurnished premises, the Bank had to pay lease rent of ₹ 5.14 crore as it took considerable time in furnishing works leading to delay in relocation of business units.

(Paragraphs 9.3.1 & 9.3.3, Pages: 122-123 & 128-129)

There were delays in execution of works, however, penalty amounting to ₹ 8.77 crore was not recovered from contractors.

(Paragraph 9.4.1, Page: 130)

Chapter X*:* Compliance Audit Paragraphs of Public Sector Undertakings

Non-exercising of due diligence at the time of sanctioning/ enhancing bill discounting facility in favour of M/s Beigh Construction Company Limited resulted in doubtful recovery of ₹ 102.55 crore.

(Paragraph 10.1, Page: 133-135)

Sanction of credit facility in favour of M/s Ace Engineering Infratech Private Limited without obtaining adequate security cover and release of credit facility without complying with the pre-disbursement condition resulted in doubtful recovery of ₹ 11.98 crore.

(Paragraph 10.2, Page: 135-136)

Grant of interest free advances to Small Scale Industrial Units resulted in avoidable expenditure of ₹ 1.91 crore.

(Paragraph 10.3, Page: 136-137)

Company's failure to recover GST of ₹ 95.26 lakh from the industrial units resulted in payment of GST out of its own resources besides leading to payment of penal interest of ₹ 20.36 lakh on account of delay in deposit of GST.

(Paragraph 10.4, Page: 138-139)

Chapter I

Overview

Chapter I: Overview

1.1 Introduction

This Report covers matters arising out of the Compliance Audit of the Departments of the Union Territory (UT) Government and their Public Sector Undertakings. The primary purpose of this Report is to bring to the notice of the Legislature the important results of audit. Findings of audit are expected to enable the Executive to take corrective action as also to frame policies and directives that will lead to improved financial management of the organisations contributing to better governance.

The Report has been organised in 10 chapters as under:

- **Chapter I** contains a brief profile of the UT Government with the receipt/ expenditure for the year 2020-21, the authority for audit, audit jurisdiction, planning and conduct of audit, response of the Government to various audit products namely Inspection Reports, audit observations/ paragraphs and follow up action on Audit Reports.
- **Chapter II** contains observations of the Subject Specific Compliance Audit on Processing of refund claims under GST in Jammu and Kashmir.
- **Chapter III** contains observations of the Subject Specific Compliance Audit on Transitional credits.
- **Chapter IV** contains observations of the Subject Specific Compliance Audit on Human Resources Management in Sher-e-Kashmir University of Science and Technology, Kashmir and Sher-e-Kashmir University of Science and Technology, Jammu.
- **Chapter V** contains observations of the Subject Specific Compliance Audit on Swachh Bharat Mission (Urban).
- **Chapter VI** contains audit observations relating to Compliance Audit of various UT Government Departments.
- **Chapter VII** contains a brief profile of investments made in PSUs, audit mandate of PSUs and oversight role of the Comptroller and Auditor General of India.
- **Chapter VIII** contains observations of the Subject Specific Compliance Audit on Development of Micro/ Mini/ Small Hydroelectric projects in Jammu and Kashmir.
- **Chapter IX** contains observations of the Subject Specific Compliance Audit on Management of fixed assets by Jammu and Kashmir Bank Limited.
- **Chapter X** contains audit observations relating to Compliance Audit of Public Sector Undertakings of UT Government.

1.2 Profile of the UT Government-Receipts and Expenditure

The Union Territory of Jammu and Kashmir is constituted of 20 districts. The projected population of Union Territory of Jammu and Kashmir for the year 2021 was 1.34 crore and density was 82 persons per square km. The GSDP of UT of Jammu and Kashmir during 2020-21 was ₹ 1,76,282 crore.

The overall position of receipts and expenditure of the UT Government during the year 2020-21 is given below in **Table 1.1**.

Table 1.1: Overall receipts and expenditure during the year 2020-21

Sl. No	Components	Amount *(₹ in crore)*
1	Own Tax Revenue	8,877
2	Own Non-Tax Revenue	4,077
3	Share of Union taxes/ duties	0
4	Grants-in-aid and Contributions	39,542
5	Additional Resource Mobilisation	0
6	**Revenue Receipts (1+2+3+4+5)**	**52,496**
7	Recovery of Loans and Advances	2
8	Other Receipts	0
9	Borrowings and other Liabilities	10,693[#]
10	**Capital Receipts (7+8+9)**	**10,695**
11	**Total Receipts (6+10)**	**63,191**
12	**Revenue Expenditure,** of which	**52,634**
13	Interest payments	6,372
14	**Capital Expenditure**	**10,532**
15	Capital outlay	10,470
16	Loan and advances	62
17	Appropriation to Contingency Fund	25
18	**Total Expenditure (12+14+17)**	**63,191**

(Source: Budget 2020-21 and Finance Accounts 2020-21)

 # Borrowings and other Liabilities: Net (Receipts-Disbursements) of Public Debt + Net of Contingency Fund + Net (Receipts - Disbursements) of Public Account + Net of Opening and Closing Cash Balance. Public Debt receipts includes ₹ 2,099.80 crore as back-to-back loans from GoI in lieu of GST Compensation shortfall.

The break-up of the various components of tax and non-tax revenues raised by the Union Territory (UT) of Jammu and Kashmir during the year 2020-21, the UT share of net proceeds of divisible Union taxes and duties assigned to the UT and Grant-in-aid received from the Government of India during the year are depicted in **Table 1.2**.

Table 1.2: Components of revenue receipts

(₹ in crore)

Sl. No.	Particulars	2020-21
1.	**Revenue raised by the UT Government**	
	• **Tax revenue,** of which	**8,876.99**
	Taxes on Sales, Trade etc. including GST	6,334.96
	Taxes on Goods and Passengers	0.90
	State Excise	1,347.42

Sl. No.	Particulars	2020-21
	Taxes and Duties on Electricity	319.22
	Stamps Duty and Registration Fees	325.54
	Taxes on Vehicles	488.38
	Land Revenue	60.57
	• **Non-tax revenue,** of which	**4,076.38**
	Power	2,349.74
	Forestry and Wildlife	152.97
	Police	39.91
	Non-ferrous, Mining and Metallurgical Industries	227.91
	Water Supply and Sanitation	93.89
	Public Works	25.49
	Medical and Public Health	23.82
	Interest Receipts	17.86
	Other Non-tax Receipts	1,144.79
	Total	**12,953.37**
2.	**Receipts from the Government of India**	
	• Share of net proceeds of divisible Union taxes and duties	-
	• Grants-in-aid	39,542.11
	Total	**39,542.11**
3.	**Total revenue receipts of the State/UT Government (Total of 1 and 2)**	**52,495.48**
4.	**Revenue raised by UT Government as a percentage of total revenue**	**24.68 %**

(Source: UT's Finance Accounts 2020-21)

During the year 2020-21, the revenue raised by the UT Government (₹ 12,953.37 crore) was 24.68 *per cent* of the total revenue receipts. The balance 75.32 *per cent* was received from the Government of India (GoI) as Grants-in-aid.

Goods and Services Tax (GST) Compensation is the revenue of the State Government under GST (Compensation to States) Act, 2017. However, in addition to receiving the GST compensation of ₹ 2,171.22 crore as revenue receipts during the year 2020-21, the State also received an amount of ₹ 2,099.80 crore as back-to-back loan from GoI in lieu of GST compensation shortfall under debt receipts of the State Government, with no repayment liability for the State.

During the year 2020-21, the share of Capital Expenditure was 16.67 *per cent* and Revenue Expenditure was 83.29 *per cent* of total expenditure. The combined share of Social Services (₹ 21,964.27 crore) and Economic Services (₹ 14,842.46 crore) which represented Development Expenditure was 58.27 *per cent* of total expenditure during 2020-21, and 41.63 *per cent* of total expenditure was incurred on General Services (₹ 26,297.40 crore).

1.3 Authority for audit

Authority for audit by the CAG is derived from Articles 149 and 151 of the Constitution of India and the CAG's (Duties, Powers & Conditions of Service) Act, 1971 (DPC Act). CAG conducts audit of expenditure of State Government

Departments under Section[1] 13 of the DPC Act. In addition, CAG also conducts audit of other Autonomous Bodies which are substantially financed by the Government under Section[2] 14 of DPC Act. Section 16 of the DPC Act authorises CAG to audit all receipts (both revenue and capital) of the Government of India and of Government of each state and of each Union territory having a legislative assembly. Principles and methodologies for various audits are prescribed in the Regulations on Audit & Accounts (Amendments), 2020 and Auditing Standards issued by the Indian Audit & Accounts Department.

1.4 Planning and conduct of Audit

Compliance Audits are conducted as per the Annual Audit Plan (AAP). Units for Compliance Audit are selected on the basis of risk assessment of the Apex units, Audit Units and Implementing Agencies.

In revenue sector, the auditable entities under various Departments are categorised into high, medium and low risk units according to their revenue position, past trends of the audit observations and other parameters. The annual audit plan is prepared on the basis of risk analysis which *inter-alia* include critical issues in Government Revenues and Tax administration. During the year 2020-21, there were 173 auditable units, out of which 70 units were planned for audit and 81 units were audited.

For expenditure audits, units are selected on the basis of risk assessment of the Apex units, Audit Units and Implementing Agencies involving matters of financial significance, social relevance, internal control systems, past instances of defalcation, misappropriation, embezzlement, *etc*., as well as findings of previous Audit Reports. During 2020-21, compliance audit of 18 Apex units, 268 Audit Units and 664 Implementing Agencies of the UT of Jammu and Kashmir was planned and audit of 11 Apex units, 229 Audit Units and 944 Implementing Agencies was conducted by the Office of the Principal Accountant General (Audit), Jammu & Kashmir. During the period audit of 37 Autonomous Bodies (ABs) in the UT was planned and audit of 37 ABs was conducted.

Inspection Reports are issued to the heads of auditee units after completion of audit. Based on replies received, audit observations are either settled or further action for compliance is advised. Important audit findings are processed further as individual observations/ paragraphs for inclusion in the Audit Report. Detailed Compliance Audit paragraphs are prepared on issues of significance, selection of issues are done following the analogy explained above.

Formal replies furnished by Departments are carefully considered while finalising the materials for inclusion in the Audit Report. Audit Reports are laid before the State Legislature under Article 151 of the Constitution of India.

---

[1] Audit of (i) all expenditure from the Consolidated Fund of State, (ii) all transactions relating to Contingency Funds and Public Accounts and (iii) all trading, manufacturing, profit & loss accounts, balance-sheets & other subsidiary accounts.

[2] Several non-Commercial Autonomous/ Semi-Autonomous Bodies, established to implement Schemes for employment generation, poverty alleviation, spread of literacy, health for all and prevention of diseases, environment, etc., and substantially financed by the Government, are audited under Section 14.

1.5 Lack of response of Government to Audit

Principal Accountant General (Audit), Jammu & Kashmir, conducts audit of Government Departments to check for compliance to rules and regulations in transactions and to verify the regularity in maintenance of important accounting and other records as per the prescribed rules and procedures. After these audits, Inspection Reports (IRs) are issued to the Heads of Offices inspected with copies to the next higher authorities. Important irregularities and other points detected during inspection, which are not settled on the spot, find place in IRs. Serious irregularities are brought to the notice of the Government by the Office of the PAG.

For speedy settlement of audit observations/ inspection reports (IRs), the Jammu & Kashmir Budget manual provides for prompt response by the Executive to IRs issued by the Principal Accountant General (Audit) to ensure remedial/ rectification action. The auditee offices and their controlling Administrative Departments are required to comply with the observations contained in the IRs and rectify the defects and report their compliance to the Principal Accountant General (Audit).

The summarised position of the Inspection Reports of various departments as on 31 March 2021 are given in **Table 1.3**.

Table 1.3: Position of outstanding IRs and paragraphs as on 31 March 2021

Name of Sector	Opening Balance (01 April 2020)		Additions during the year 2020-21		Settled during the year 2020-21		Closing Balance (31 March 2021)	
	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs	No. of Inspection Reports	No. of Paragraphs
Revenue Sector	945	5,119	45	278	25	327	965	5,070
Social, General and Economic Sectors	11,924	52,780	5,693	28,954	5,203	25,681	12,414	56,053

The pendency of large number of paragraphs indicates lack of adequate response of the Government Departments to Audit. The Government may look into this matter and revamp the system to ensure proper response to the audit observations from the Departments in a time-bound manner.

Three Audit Committee Meetings (ACMs) were held in Revenue Sector settling six Inspection Reports and 83 outstanding paragraphs with a money value of ₹ 6.60 crore. Similarly, during the period 2020-21, four Audit Committee meetings were held in Social, General and Economic Sectors in which 101 Audit paras were settled.

It is recommended that Government should ensure that a procedure is put in place for (i) action against officials failing to send replies to IRs/ paragraphs as per the prescribed time schedule, (ii) recovery of losses/ outstanding advances/ overpayments, *etc*., in a time-bound manner and (iii) holding at least one meeting of each Audit Committee every quarter.

1.6 Response of Departments to Draft Audit Paragraphs and Detailed Compliance Audit Paragraphs

Regulations on Audit & Accounts (Amendments), 2020 stipulate that responses to Draft Audit Paragraphs proposed for inclusion in the Report of the Comptroller & Auditor General of India should be sent within six weeks[3].

In the last few years, Audit has reported on several significant deficiencies in implementation of various programmes/ activities as well as on the quality of internal controls in selected departments adversely impacting the success of programmes and functioning of the departments. The focus was on auditing specific programmes/ schemes in order to offer suitable recommendations to the Executive for taking corrective action and improving service delivery to the citizens.

The draft audit paragraphs proposed for inclusion in the Report of the Comptroller and Auditor General of India are forwarded by the Principal Accountant General (Audit) to the Principal Secretaries/ Secretaries of the Department concerned drawing their attention to the audit findings and requesting them to send their response within six weeks. The fact of non-receipt of replies from the Departments/ Government is invariably indicated at the end of such paragraphs included in the Audit Report. Eleven compliance audit paragraphs to be included in the Report of the Comptroller and Auditor General of India on Social, General, Economic and Revenue sectors for the year ended 31 March 2021 were sent to the Principal Secretaries/ Secretaries of the respective departments. Out of these, the replies of Government of eight paras were awaited (March 2022).

1.7 Follow-up on Audit Reports

The follow-up on Audit Reports have been found to be inadequate as given below:

A. Non-submission of *suo moto* Action Taken Notes

The State Government (Finance Department) had issued instructions in June 1997 to all the administrative departments to furnish *suo moto* Action Taken Notes (ATNs) on all the audit paragraphs featuring in the Audit Reports to the Public Accounts Committee (PAC) irrespective of whether they were taken up for discussion by the Committee or not. These ATNs are to be submitted to the Committee duly vetted by the Principal Accountant General (Audit) within a period of three months from the date of presentation of Audit Reports in the State Legislature.

It was, however, noticed that out of 139 audit paragraphs related to Revenue Sector included in Audit Reports from 2000-01 to 2019-20, *suo moto* ATNs in respect of 117 audit paragraphs had not been received up to 31 May 2022.

Similarly, it was noticed that out of 582 audit paragraphs featuring in the Social, General and Economic Sectors of Audit Reports from 2000-01 to 2019-20, *suo-motu* ATNs in respect of 296 audit paragraphs had not been received up to 31 May 2022.

[3] State Government's Finance (Budget) Department, in its order dated June 1982, however, directed all the Departments to submit their responses to proposed Draft Paragraphs within one month

B. Action taken on recommendations of the PAC

Action Taken Notes, duly vetted by the Principal Accountant General (Audit) on the observations/ recommendations made by the PAC in respect of the audit paragraphs discussed by them are to be furnished to the Committees within six months from the date of such observations/ recommendations.

Out of 139 audit paragraphs featuring in the Revenue Sector of Audit Reports for the years from 2000-01 to 2019-20, only 17 audit paragraphs have been discussed by the PAC up to 31 May 2022. Recommendations in respect of 17 audit paragraphs including 12 partly discussed were made by the PAC, however, ATNs on the recommendations of the Committee is pending from the State Government in respect of 13 paragraphs.

Similarly, out of 582 Audit paragraphs featuring in the Civil Chapters of Audit Reports for the years from 2000-01 to 2019-20, only 245 audit paragraphs have been discussed by the PAC up to 31 May 2022. Recommendations in respect of 223 audit paragraphs have been made by the PAC. However, ATNs on the recommendations of the Committees are pending from the Government in respect of 165 paragraphs.

Chapter II

Processing of refund claims under GST

Chapter II: Processing of refund claims under GST

State Taxes Department

2.1 Introduction

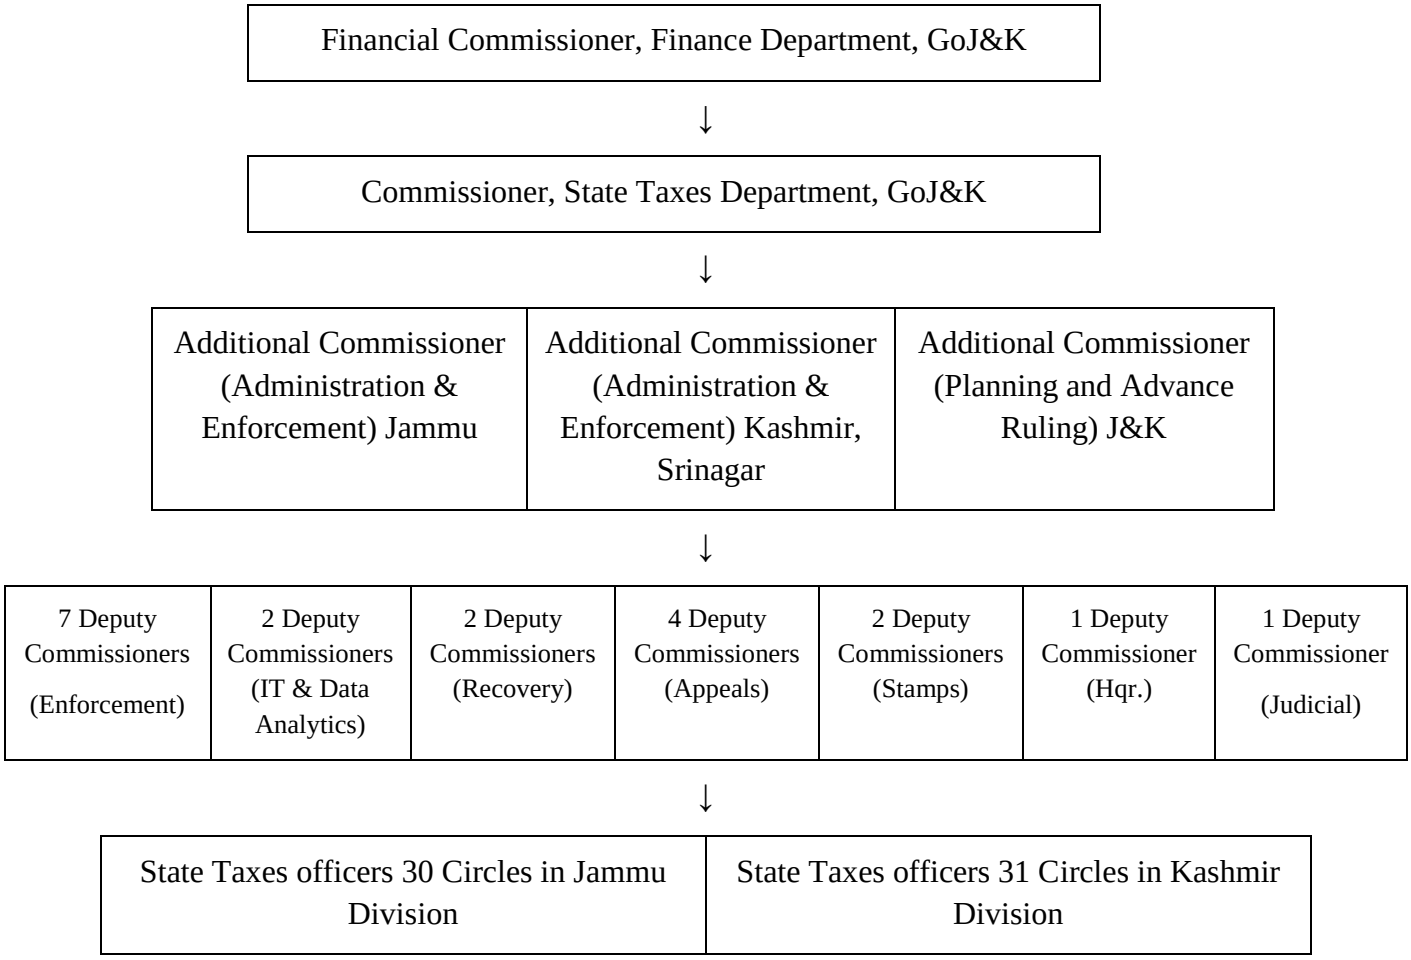
Timely refund mechanism constitutes a crucial component of tax administration, as it facilitates trade through release of blocked funds for working capital, expansion and modernization of existing business. The provisions pertaining to refund contained in the GST laws aim to streamline and standardise the refund procedures under GST regime. Due to unavailability of electronic refund module on the common portal, a temporary mechanism was devised and implemented by prescribing (November 2017 and December 2017) the detailed procedures. In this electronic-cum-manual procedure, the applicants were required to file the refund applications in Form GST RFD-01A on the common portal, take a print out of the same and submit it physically to the jurisdictional tax office along with all supporting documents.

Further, processing of refund applications, i.e. issuance of acknowledgement, issuance of deficiency memo, passing of provisional/ final refund orders, payment advice etc. were being done manually. In order to make the process of submission of the refund application electronic, circulars/ instructions were issued (December 2018) wherein it was specified that the refund applications in Form GST RFD-01A, along with all supporting documents, had to be submitted electronically. However, various post submission stages of processing of the refund applications continued to be manual.

The deployment of a fully electronic refund procedure (i.e. wherein all the steps from submission of applications to processing thereof could be undertaken electronically) on the common portal took place with effect from 26 September 2019 (also called Automation of Refund Process). Accordingly, the circulars issued earlier laying down the guidelines for manual submission and processing of refund claims have either been superseded or modified. A fresh set of guidelines were issued for electronic submission and processing of refund claims vide Master Circular dated 18 November 2019.

2.2 Organisational set up

The Organisational structure of Government of Jammu and Kashmir (GoJ&K) Taxes Department is given in following chart. The Department works under administrative control of the Finance Department and is headed by Commissioner, State Taxes.



2.3 Audit scope, methodology and sampling

GSTN provided Pan-India Refund Data for the period from July 2017 to July 2020. For the period prior to 26 September 2019, i.e. pre-automation period, the refund applications under each category were sorted in descending order of refund amount claimed by taxpayers. The sorted refund applications were divided into four quartiles for drawing the sample. Audit acknowledges the cooperation extended to the audit team in production of records during the audit check.

For selecting refund applications filed after 26 September 2019, a composite risk score was devised using risk parameters such as refund amount claimed (60 *per cent* weightage), delay in sanctioning refund (15 *per cent*), refund sanctioned to refund amount claimed ratio (10 *per cent*) and issue of deficiency memo issued. Based on the risk score arrived as per this process, refund applications were selected.

Based on the above procedure, 85 cases of refunds claimed prior to 26 September 2019 pertaining to 35 circles were selected (pre-automation cases) which were examined in full. For the post 26 September 2019 period, 81 refund cases of 35 circles (post automation cases) were selected and examined using the login ID based access to State GST portal[1]. Thus, in selected 49 circles, a total of 166 cases were examined

[1] BOWEB portal

by Audit for this Subject Specific Compliance Audit (SSCA). Category-wise audit universe and sample selection are given in the ***Appendix 2.1***.

2.4 Audit findings

Table 2.1 brings out the extent of deficiencies noted during the audit of refund cases, selected for detailed audit.

Table 2.1: Deficiencies noted during the audit of refund cases

(₹ in lakh)

Nature of Audit Findings Category	Audit Sample		Number of deficiencies noticed		Deficiencies as percentage of Sample
	Number	Amount	Number	Amount	
Delay in issue of acknowledgment	166	2,163.13	21	274.62	13
Delay in issue of Refund orders	166	2,163.13	43	2.34	26
Irregular refund under Inverted Duty structure	33	666.70	5	39.82	15
Irregular grant of provisional refund other than Zero rated supply	160	1,862.12	3	19.94	2

As evident from the table above, Audit noticed significant delay in issuance of acknowledgment in 13 *per cent* cases, and in issuance of refund orders in 26 *per cent* cases. Further, Audit also noticed deviations from provisions of the Acts and Rules which resulted in irregular refunds in cases pertaining to Inverted Duty Structure and provisional refund other than Zero-rated supply; the deviation ranges from two *per cent* to 15 *per cent.*

Audit findings noticed and the lapses identified based on these cases are included in the subsequent paragraphs.

2.4.1 Acknowledgment not issued within time

Rule 90 (1) and (2) of J&K GST, 2017 stipulates that where the application related to claim for refund from the Electronic Cash Ledger (ECL), an acknowledgement in Form GST RFD-02 shall be made available to the applicant through the common portal electronically, clearly indicating the date of filing of the claim for refund and the time period i.e. 60 days specified for processing of refund application. For the application related to refund other than ECL, the application shall be forwarded to the proper officer within a period of 15 days of filing of the said application, scrutinize the application for its completeness. An acknowledgment in Form GST RFD-02 shall be made available to the applicant within 15 days through common portal. The acknowledgement shall clearly indicate the date of filing claim and the time period i.e. 60 days specified for processing of refund.

During the audit period, 166 refund cases were examined and it was noticed that there was delay in issue of acknowledgement in 21 cases (13 *per cent*) from one to 477 days with the average delay being 52 days in these cases ***(Appendix 2.2)***. Of these, 18 cases were delayed by one to three months, two cases were delayed by three to six months and one case was delayed by more than six months, respectively. Thus,

the Department failed to adhere to the timelines for issuing acknowledgements as prescribed in the rules ibid.

On being pointed out (March 2021), the Department (July 2021) in two cases accepted the audit objection. The Department in one case attributed the delay as technical fault and in other case attributed the delay to late receipt of manual copy. In 19 cases, the reply of the Department is awaited (December 2021). The reply is, however, not acceptable as some other STOs of the Department located in the same complex with the same facility had issued acknowledgement in refund cases within the stipulated time.

2.4.2 Refund orders not sanctioned in time

As per Section 56 of the J&K GST Act, 2017, if any tax amount ordered to be refunded to the applicant are not refunded within 60 days from the date of receipt of application, interest at the rate of six *per cent* will be payable. Rule 94 of the J&K GST Rules, 2017 provides that an order for interest shall be made along with payment advice in Form GST RFD-05, specifying therein the amount of refund which is delayed. In case of refund arising from an order passed by an adjudicating authority or appellate Authority or Appellate Tribunal or court, interest at the rate of nine *per cent* shall be payable in respect of such refunds.

During audit of Commissioner, State Taxes Department, J&K Government, Audit noticed that out of 166 refund cases, delay in sanction of refunds ranged between two and 446 days in 43 refund cases (24 ST Circles) with the average delay being 75 days in these cases ***(Appendix 2.3)***. This has resulted in non-observance of the provisions of Section 54(7) of the J&K SGST Act, 2017 read with Rule 92 of the J&K GST Rules, 2017. Consequently, the Department had not paid interest under section 56 amounting to ₹ 2.34 lakh to the claimants. Of these, 32 cases were delayed by one to three months, six cases were delayed by three to six months and five cases were delayed by more than six months, respectively.

On being pointed out (March 2021), the Department (July 2021) in two cases accepted the audit objection and attributed the delay to low speed/ internet problem/ software error. In 41 cases, the reply of the Department is awaited (December 2021).

The reply is, however, not acceptable as some other STOs of the Department located in the same complex with the same facility had sanctioned refund cases within the stipulated time.

2.4.3 Irregular allowance of refund of inverted duty structure

As per section 54 (3) of the J&K SGST Act 2017, a registered person may claim refund of any unutilised Input Tax Credit (ITC) at the end of any tax period where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on output supplies (i.e. Inverted Duty Structure). Further, Rule 89(5) of the J&K SGST Rules, 2017 prescribes the formula for maximum refund of unutilised ITC on account of inverted duty structure. As per the Rule, net ITC includes the input tax

credit availed only on inputs during the relevant period and does not include credit availed on input services.

During audit of Commissioner, State Taxes Department, J&K, it was noticed that out of 33 refund cases examined, the Department considered ITC availed on input services in five refund cases (Two ST Circles) ***(Appendix 2.4)***. The mistake resulted in irregular allowance of refund to the tune of ₹ 39.82 lakh.

On being pointed out (March 2021), the Department (July 2021) in four cases accepted the audit objection, and in one case did not accept the audit objection. The Department in two cases attributed the fault of excess ITC to circular number 135/05/2020-GST dated 31 March 2020 and Circular no. 139/09/2020-GST dated 10 June 2020, in two cases attributed excess ITC to technical glitch and in one case attributed the excess ITC to wrong format uploaded by dealer. The reply in all cases is not acceptable as the STO Circle-G, Jammu stated (M/s GSP Power Ltd.) that excess ITC was granted on the basis of circular no. 135/05/2020-GST dated 31 March 2020 and Circular no. 139/09/2020-GST dated 10 June 2020 which is, however, not justified as the irregular refund was sanctioned on 12 June 2019 i.e. prior to the above mentioned circulars. In respect of M/s Apsara Plastic Pvt. Ltd., it was stated that irregular allowance of refund was due to a technical glitch which is also not justified as the same would have been the case with other STOs of the Department and in respect of M/s Accent Pharma it was stated that the error happened due to the wrong format uploaded by the dealer which is also not acceptable as the same could have been communicated to the dealer well in advance. STO Circle-E, Srinagar stated that five purchase bills were not validated/ uploaded by the system at that point of time due to technical impediments. The reply, is however, not acceptable as the net Input Tax Credit (ITC) stated to have been reflected in GSTR-2A was still lower than net ITC in RFD-01.

2.4.4 Irregular grant of provisional refund

As per section 54(6) of J&K GST Act 2017, in the case of any claim for refund on account of zero rated supply of goods or services or both made by registered persons, 90 *per cent* of refund claimed may be sanctioned on a provisional basis and thereafter an order made under sub section (5) for final settlement of the refund claim after due verification of documents furnished by the applicant. Thus, sanction of provisional refund is allowed on account of zero rated supply of goods and/ or services and not in other categories.

During examination of records of 160 refund cases (including 27 other than zero rated cases), Audit noticed that the Department had issued provisional refund of 90 *per cent* in three cases of one taxpayer in Circle Anantnag-II on account of inverted duty structure which were other than the cases of zero rated supply of goods or services ***(Appendix 2.5)***. This resulted in irregular grant of refund of ₹ 19.94 lakh on provisional basis.

On being pointed out (March 2021), the Department (July 2021) in all cases accepted the audit objection. The STO Circle Anantnag-II while accepting the audit observation had stated that the error would be rectified but a copy of rectification order thereof has not been furnished till date (December 2021).

2.4.5 Grant of refund despite non-filing of returns

As per provisions of Section 54(10) of J&K GST Act, where any refund is due to a registered person who has defaulted in furnishing any return, the proper officer may withhold payment of refund until the said person has furnished the said return.

Audit, however, observed that refunds had been sanctioned in respect of 26 cases despite non filing of returns (GSTR-I) by the registered persons for prior periods between November 2018 and June 2020 ***(Appendix 2.6)***. Audit also noticed that even registrations were cancelled in respect of two[2] dealers on 01 September 2020 and 02 May 2019 in Kashmir Division and of three[3] dealers with effect from 31 October 2020, 1st June 2020 and 31 January 2020 in Jammu Division.

On being pointed out (March 2021), the Department (July 2021) in three cases accepted the audit objection, and in two cases did not accept the audit objection. The Department in two cases attributed the lapse to abrogation of Article 370 and post covid situation from March 2020, and in three cases attributed the fault to the STO Circle-R Jammu. In 21 cases, the reply of the Department is awaited (December 2021). In reply ,the STO Circle-H, Srinagar stated that in respect of M/s Business King the returns were pending from August 2019 due to abrogation of Article 370 and post covid situation from March 2020 onwards and it was also stated that date of filing of returns was extended through various notifications upto 29 June 2020, which is, however, not tenable as the registration of the dealer stands cancelled with effect from 01 September 2020 and the issues of abrogation of Article 370 and post covid situation were similar to other STOs of the Kashmir division. It was also stated that granting or withholding of the refund lies with discretion of the proper officer; this too is in contravention of the provisions of Section 54(10) of SGST Act as envisaged above. Further, STO Circle-S, Jammu intimated that STO Circle-R had issued refund in respect of M/s Kailash Patti Brick Kiln, despite non filing of returns by the taxpayer.

The department may review the cases and fix responsibility of the erring officials responsible for sanctioning of refunds despite non-filling of returns.

2.4.6 Processing of Refund claims without passing the test of unjust enrichment

Every claim of refund (barring specified exceptions) needs to pass the test of unjust enrichment. As per provisions of sub rule 89(2)(l) and 89(2)(m) of Rule 89(2) of J&K GST Rules, 2017 for crossing the bar of unjust enrichment, if the refund claim is less than ₹ two lakh, then a self-declaration of the applicant to the effect that the incidence of tax has not been passed to any other person will suffice to process the refund claim.

[2] M/s Business King and M/s Abu Zar Enterprises.
[3] M/s Kailash Patti Brick Kiln, M/s Gitagiri Enterprises and M/s Satya Sahitya Seva Kendra.

For refund claims exceeding ₹ two lakh a certificate from a Chartered Accountant/ Cost Accountant will have to be furnished.

Audit scrutiny of records revealed that in respect of 15 refund claims exceeding ₹ two lakh in each case, refund of ₹ 328.25 lakh was sanctioned without obtaining certificates from the Chartered Accountant/ Cost Accountant in violation of above rules ***(Appendix 2.7)***. This resulted in irregular grant of refund of ₹ 328.25 lakh.

On being pointed out (March 2021), the Department (July 2021) in all cases accepted the audit objection. The Commissioner, State Taxes, J&K reiterated that the advice of Audit in this regard is well taken and same shall be followed.

2.4.7 Irregular grant of refund on exports without documentary evidence

Section 54(4) of the J&K GST Act, 2017 stipulates that the application for refund shall be accompanied by the documentary evidences as may be prescribed. Further, Rule 89(2) (b) of J&K GST Rules, 2017 envisages that the dealer is required to furnish statement containing the number and date of shipping bill/ bill of export containing the number and date of relevant export invoices, to establish that a refund is due to the applicant on account of refund of ITC on export of goods without payment of tax. No refund is to be allowed if the supplier avails of drawback of central tax or claims refund of IGST paid on such supplies as per provisions of Section 54(3) of J&K GST Act 2017.

Audit scrutiny of refund records revealed that refund of ₹ 144.67 lakh was sanctioned in favour of the dealer 'M/s Amar Singh & Sons' in STO Circle-G, Jammu for the periods (pre automation period) mentioned as below:

Table 2.2: Details of the case of STO Circle-G

GST No.	ARN	Date	Name of dealer	Amount of refund (₹ in lakh)	Period
01AABFA8440K1ZS	AA010318126982C	13.10.2018	AMAR SINGH & SONS	26.62	01.01.2018 to 01.03.2018
01AABFA8440K1ZS	AA011217119420Y	13.10.2018		44.85	2017-18
01AABFA8440K1ZS	AA010319137815A	17.05.2019		73.20	01.04.2018 to 31.03.2019

The below mentioned prescribed documentary evidences to establish that the refund was due to the applicant were not found on record.

In terms of Rules 12 and 13 of the Customs, Central Excise Duties and Service Tax Drawback Rules 1995, the shipping bill is treated as claim for drawback in terms of declaration made on the shipping bill. However, neither any shipping bills/ export invoices nor any undertaking of no duty drawback claimed was found on record.

Statement containing the number and date of shipping bill/ bill of export containing the number and date of relevant export invoices has also not been filed by the dealer.

On being pointed out (March 2021), the STO Circle-G Jammu stated that (July 2021) two (for ₹ 26.62 lakh and ₹ 44.85 lakh) out of three sanctions were received from

Assistant Commissioner, GST Division 1, Jammu and third refund claim for ₹ 73.20 lakh filed in Circle-G, Jammu in support of which the dealer had already submitted the requisite documents some of which have been retained in the circle as per reply. In this regard the order copies received from Assistant Commissioner, GST Division-I, Jammu in respect of the first two refund claims and retained documents of the third refund claim is awaited in Audit (December 2021).

2.4.8 Creation of Consumer Welfare Fund

As per provisions of section 57 of J&K GST Act, a consumer welfare fund was to be created and refund was to be credited to the consumer welfare fund except for the cases where it is refunded to the applicant. In case of IGST and GST compensation cess, 50 *per cent* of amount was to be credited to the Central consumer fund and 50 *per cent* to the State consumer fund. Any amount, having been credited to the fund, is ordered or directed to be paid to any claimant by the proper officer, appellate authority or court, the same shall be paid from the fund. The CBIC constituted (August 2018) a committee to make recommendation for proper utilisation of the money credited to the fund.

The Government of Jammu & Kashmir had constituted the welfare fund in March 2020. However, the details of amounts deposited in the fund had not been made available by the Department (10/ 2021).

On this being pointed out (March 2021), the Commissioner, State Taxes, J&K stated (July 2021) that the matter has been taken up with Government and the information shall be communicated to Audit as and when received.

2.4.9 Excess refund on higher ITC shown in refund application as compared to that reflected in GSTR-3B

As per Section 54 of the J&K SGST Act 2017, refund of unutilised input tax credit (ITC) can be claimed by a registered person at the end of any tax period. Rule 89(4) of the J&K Goods and Services Tax (SGST) Rules, 2017, prescribes the formula as per which the refund in the case of zero-rated supply of goods or services shall be granted. Section 73 of the SGST Act, 2017 stipulates that erroneous refund amount has to be recovered from the taxpayer along with applicable interest under Section 50. Further, the instructions of the Board dated 15 November 2017 issued for processing of refunds stipulated post-audit of the refund orders by the Department, to be continued on the basis of extant guidelines.

Audit scrutiny of records relating to refunds granted on exports without payment of tax and inverted duty structure, however, revealed that there were cases of higher ITC reflected in refund application as compared to the ITC reflected by the dealers in form GSTR-3B. This resulted in excess sanction of refunds of ₹ 0.70 lakh in two cases (Circle-G, Jammu) in respect of refunds granted on exports without payment of tax and ₹ 8.26 lakh in six cases (Circle-G, Jammu) in respect of refunds granted on inverted duty structure ***(Appendix 2.8)***. The excess refund granted was recoverable with interest in terms of section 73 read with section 50 of the SGST Act, 2017.

On being pointed out (March 2021), the Department (July 2021) in two cases did not accept the audit objection.

The STO Circle-G, Jammu stated (in respect of M/s Amar Singh & Sons and M/s Kashmir Walnut Overseas Pvt. Ltd.) that ITC on import of goods was not available in the portal while inspecting the crux of the record of that period; the same is, however, not acceptable as the Assessing Authority was bound to deny the refund in such circumstances.

In respect of other six cases (₹ 8.26 lakh) pertaining to the Circle-G, Jammu, the Department stated (July 2021) that records are available, however, the requisite documents, as mentioned in the reply of Commissioner State Taxes J&K, are awaited in Audit (December 2021).

2.4.10 Irregular grant of refund in ITC mismatch cases

(I) As per CBIC circular dated 4th September 2018, every refund claim shall be accompanied by a print-out of form GSTR-2A of the claimant for the relevant period for which the refund is claimed. The proper officer shall rely upon form GSTR-2A as an evidence of the account of the supply by the corresponding supplier in relation to which the input tax credit has been availed by the claimant. In respect of cases where form GSTR-2A does not contain the details of all the invoices relating to the input tax credit availed, (possibly because the supplier's form GSTR-1 was delayed or not filed), the proper officer may call for the hard copies of such invoices.

Since prior to issuance of circular dated 31 March 2020, refund was even granted in respect of credit availed on the strength of missing invoices which were to be uploaded by the applicant alongwith refund application on the common portal, it was imperative to call for hard copy of invoices in respect of cases where missing invoices (not in Form 2A) were not submitted by the applicant.

Test check of records relating to 10 GST refund cases on account of refund of ITC in respect of zero rated supplies (two cases) and Inverted Duty Structure (eight cases) revealed that refund had been claimed and admitted by the Department despite difference of ₹ 110.33 lakh between GSTR-3B and GSTR-2A, in support of which no invoices were found on record ***(Appendix 2.9)***.

This was pointed out in March 2021; no reply was furnished by the Department (December 2021).

2.4.11 Non-conducting of post audit of refund claims

CBIC circular dated 15 November 2017 elaborately laid down the procedure for manual processing of refunds of zero rated supplies. The circular, *inter alia*, stipulated that, pre-audit of manually processed refund applications is not required till separate detailed guidelines are issued by the Board, irrespective of amount involved. However, it was clarified that the post audit of refund orders shall be continued as per the extant guidelines.

Test check of records revealed that post audit of refund cases has not been conducted which, apart from resulting in non-compliance of Board's instructions, is fraught with risk of loss of revenue to exchequer. It is also in place to mention that no such instructions were issued by the State Taxes Department. The reasons for such lapse have not been provided by the Taxes Department J&K. However, the Additional Commissioner (Admn. & Enf.), State Taxes Department, Kashmir confirmed that the post audit of the GST refund cases has not been conducted so far.

On this being pointed out (March 2021), the Commissioner, State Taxes, J&K in reply (July 2021) stated that the Department was finalising the audit manual under Goods and Services Tax and ensured that the issues relating to auditing the refunds shall be taken due care. But the Department was bound to finalise rules/ provisions for post audit of refund cases immediately after the implementation of GST in J&K, which has, however, not been done till date (December 2021).

2.4.12 Refund against wrong ARN

Refund from cash ledger can only be claimed only when all the return related liabilities for that tax period have been discharged. A registered person, claiming refund of any balance in the electronic cash ledger can claim such refund under section 54 of the J&K SGST Act, 2017.

Test check of records of STO Circle-L, Srinagar revealed (March 2021) that the dealer (M/s New City Pharmacy-GSTIN-01AACFN7603G1ZS) had claimed refund of ₹ 8.62 lakh (SGST: ₹ 4.31 lakh and CGST: ₹ 4.31 lakh) as excess balance in electronic cash ledger for the year 2017-18. Accordingly, payment advice dated 10 May 2018 for ₹ 8.62 lakh was issued in favour of the dealer. Audit, however, observed that payment has been made to another dealer (M/s Raghu Veer Das Enterprises) of Jammu Division as the ARN (AA012018002120D) dated 30 January 2019 pertains to that dealer. Also, the refund on account of SGST (₹ 4.31 lakh) has been made by the State Taxes Department.

On being pointed out (March 2021), the STO Circle-L, Srinagar stated that (July 2021) ARN generated specifically for refund was for a temporary nature and cannot be retrieved from the GST portal. Proof of regeneration of same ARN for matters other than refund in the instant case was awaited in Audit (December 2021).

2.5 Conclusion

There was significant delay in both issue of acknowledgement and sanction of refunds. There were deviations from provisions of Acts and Rules which resulted in irregular refund under Inverted Duty Structure and irregular provisional refund other than zero rated supply. In some cases the State Taxes Officers had sanctioned refund despite non filing of returns. Refunds to the tune of ₹ 328.25 lakh was sanctioned without obtaining certificate from the Chartered Accountant/ Cost Accountant in respect of claims more than ₹ two lakh, in violation of J&K SGST Rules, 2017. Refund of ₹ 144.67 lakh was sanctioned on exports without documentary evidences. Though Government of J&K has constituted Consumer Welfare Fund in March 2020,

the details of amounts deposited were not made available by the Department. The Post Audit of refund cases was not conducted which apart from non-compliance of instructions is fraught with risk of revenue loss.

2.6 Recommendations

- *The Department should consider corrective action to minimize the delay in issue of acknowledgement and delay in sanction of refunds and ensure transparency and efficiency in sanction of refunds;*
- *The Department should consider corrective action in respect of irregular refund under Inverted Duty Structure and irregular provisional refund under other than Zero Rated Supply;*
- *The Department may avoid sanctioning of refund without obtaining certificates from CA in respect of claims more than ₹ two lakh and without documentary evidence in respect of sanction on exports; and*
- *Immediate/ concrete steps may be taken for finalising the Audit Manual under J&K GST Act, 2017.*

Chapter III
Transitional Credits

Chapter III: Transitional credits

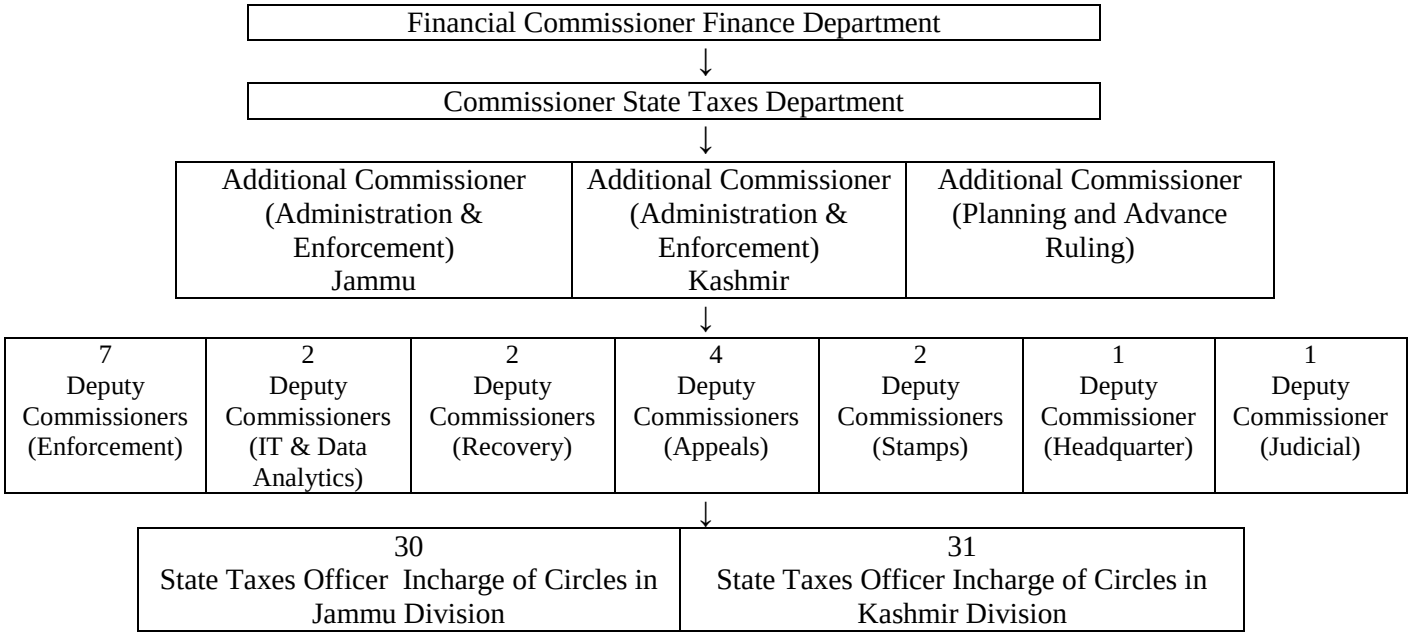
State Taxes Department

3.1 Introduction

The Goods and Services Tax has been rolled out from 01 July 2017 in the entire country; however, it came into existence in the UT of Jammu and Kashmir vide SRO 281 dated 08 July 2017 with effect from 08 July 2017 i.e. the date on which an act to make a provision for levy and collection of taxes on intra-state supply of goods and services or both by the UT of Jammu and Kashmir and the matters connected therewith or incidental was passed as the Jammu and Kashmir Goods and Services Tax Act, 2017. To carry out the purpose of the said Act, the Jammu and Kashmir Goods and Services Tax Rules, 2017 were framed and issued vide SRO 282 dated 08 July 2017.

3.2 Organisational set up

The Organisational set up of State/ UT Taxes Department, headed by Commissioner State Taxes is given below. The Department works under administrative control of Finance Department.



The laws and rules framed under the existing system are administered at the Government level by the Financial Commissioner to Government, Finance Department. The Commissioner State Taxes Department is, however, responsible for overall control and superintendence of the Department.

3.3 Transitional credit from VAT to GST

To ensure the seamless flow of input tax from the existing laws into GST regime, 'Transitional arrangement for input tax' was included in the GST Act to provide for

the entitlement and manner of claiming input tax in respect of appropriate taxes or duties paid under existing laws.

1) The provisions contained under section 139 to 142 of the Jammu and Kashmir Goods and Services Tax Act, 2017 govern the transitional provisions. The data related to TRAN-1/ TRAN-2 returns submitted by the taxpayers under the transitional arrangements for input tax is provided for under Section 140 of the J&K GST Act, 2017 and Rule 117 of the J&K GST Rules, 2017.

2) The verification of Input tax credit as declared in the last six quarterly[1] VAT returns filed by the tax payer including the return filed on 07 July 2017 with the TRAN-1 claim from the online back end system along with cross verification with the transitional credit claimed in the Electronic Credit Ledger of the tax payer.

Taxpayers can claim the components of transitional credit, under the relevant sub-sections of Section 140 of the Act, in the appropriate tables mentioned below, in the two forms TRAN-1and TRAN-2.

Table 3.1: Details of Returns

Return	Table No.	Transitional Credit component
TRAN-1	5(c)	Amount of tax credit carried forward to electronic credit ledger as State/ UT Tax viz. Closing balance of credit from the last returns.
TRAN-1	6(b)	Amount of unavailed input tax credit on Capital Goods carried forward to electronic credit ledger as State/ UT tax.
TRAN-1	7(b)	Amount of eligible duties and taxes/ VAT/ [ET] in respect of inputs or input services under section 140(5)
TRAN-1	7(c)	Amount of VAT paid on inputs supported by invoices/ documents evidencing payment of tax carried forward to electronic credit ledger as SGST/ UTGST under sections 140(3), 140(4)(b) and 140(6)
TRAN-1	7(d)	Stock of goods not supported by invoices/ documents evidencing payment of tax (Credit in terms of rule 117(4) SGST)
TRAN-1	 10(a) 10(b)	Details of goods held in stock as agent on behalf of the principal under section 142(14) of the SGST Act Details of goods held as agent on behalf of the principal. Details of goods held by the agent
TRAN-1	11	Details of credit availed in terms of Section 142(11)(c) i.e Credit in respect of tax paid before the appointed day and supply made after the appointed day.
TRAN-2	4	Details of inputs held on stock on appointment date in respect of which he is not in possession of any invoice/ document evidencing payment of tax carried forward to Electronic Credit ledger

All registered taxpayers, except those who are opting for payment of tax under composition scheme (under section 10 of the Act), are eligible to claim transitional credit by filing **TRAN-1** within 90 days from the appointed day. The time limit for filing TRAN-1 was extended initially till 27 December 2017. However, many taxpayers could not file the return within the due date due to technical difficulties. Thus, sub-rule 1A was inserted under Rule 117 of CGST Rules, 2017 vide Notification 48/2018 CT dated 10 September 2018, to accommodate such taxpayers. The due date for filing TRAN-1 was further extended to 31 March 2020, vide CBIC

[1] Quarter -1 ending June 16, Quarter-2 ending September 16, Quarter-3 ending December 16, Quarter-4 ending March-17, Quarter-1 ending June 17 and Quarter-2 ending 07 July 17 (i.e. 7 Days Returns).

order No 01.2020-GST dated 07 February 2020, for those taxpayers who could not file TRAN-1 due to technical difficulties and those cases recommended by the GST Council.

3.4 Audit objective

Transitional credit claimed under **TRAN-1** and **TRAN-2** returns, credited to the Electronic Credit Ledger of the taxpayers as input tax credit, would be adjusted against GST output liability of the taxpayers thereby having a direct impact on GST revenue collection. Thus, the audit comprising review of Transitional credit claims filed by the taxpayers under Section 140 of the J&K GST Act, 2017 from the appointed date i.e. 08 July 2017 to the end of March 2020 was taken up with the following audit objectives with a view to seeking an assurance on:

i. Whether the mechanism envisaged by the Department for selection and verification of transitional credit claims was adequate and effective (Systemic issues).

ii. Whether the transitional credits carried over by the tax payers from existing law into GST regime were valid and admissible (Compliance issues).

iii. Adherence to timelines: All registered taxpayers, except those opting for payment of tax under composition scheme (under section 10 of the Act), are eligible to claim transitional credit by filing TRAN-1 returns within 90 days from the appointed day. The time limit for filing TRAN-1 returns was extended initially till 27 December 2017 and subsequently upto 31 March 2020 as some taxpayers could not file returns due to technical glitches in the system.

3.5 Audit criteria

1. Jammu and Kashmir Goods and Services Tax Act, 2017.

2. Jammu and Kashmir Goods and Services Tax Rules, 2017.

3. Six quarterly returns filed under VAT regime before the appointed date (08 July 2017).

4. Section 140 of the J&K GST Act, 2017 governing the transition of VAT credit from legacy J&K VAT Act, 2005 provisions read with Rule 117 of the J&K GST Rules, 2017 and relevant Notifications/ Circulars issued by CBIC constitute the criteria for audit.

3.6 Audit Sample

A sample of 195 representative high risk cases pertaining to UT of Jammu and Kashmir in 51 jurisdictional offices (Detailed in ***Appendix 3.1***) was checked.

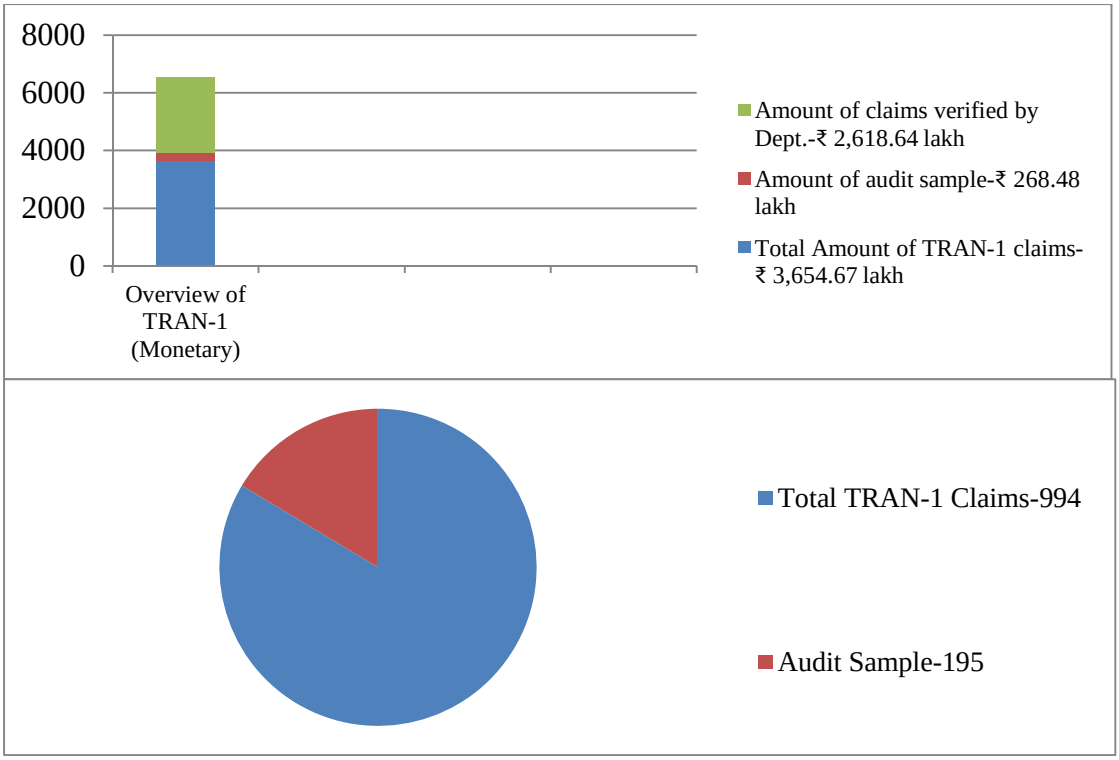
3.7 Audit findings

3.7.1 Systemic Issue - Verification of transitional credit claims

117(3) of the J&K GST Rules, 2017 stipulates that the amount of credit specified in the application in form GST TRAN-1 shall be credited to the Electronic Credit Ledger of the applicant maintained in form GST PMT-2 on the common portal 2017. Rule

121 of the J&K GST Rules, 2017 provides that the amount credited under sub-rule 3 of Rule 117 may be verified and proceedings under Section 73/ Section 74 as the case may be, shall be initiated in respect of any credit wrongly availed, whether wholly or partly.

Chart 3.1: Audit Sample



Thus, in order to safeguard Government revenue a proper and effective mechanism for verification of Transitional credit claims had to be initiated by the State Taxes Department. However, no proper mechanism was evolved by the Department for verification of transitional credit claims. Out of a total of 994 TRAN-1 claims received, 659 claims have been verified (09/ 2021); however, no specific uniform criteria have been adopted for the verification process. Though the Commissioner, State Taxes of UT JK stated that assessment u/s 39(5) of the J&K VAT Act, 2005 was taken up in all the SGST TRAN-1 cases for the accounting years 2016-17 and 2017-18 (up to 07 July 2017); however, it was found that for some taxpayers, despite having carried forward significant amount of input tax credit from erstwhile tax regime (VAT) to new GST regime, the VAT audit assessment under J&K VAT Act, 2005 was not taken up for more than four to five consecutive accounting years. Instances of cases as such are illustrated in **Table 3.2**:

Table 3.2: Details of VAT cases not assessed

Name of the taxpayer	GSTIN	Period for which assessment under J&K VAT Act, 2005 not taken	TRAN-1 Amount (₹ in lakh)
M/s Mahalakshmi Traders	01ALNPG2132M1ZD	2012-13 to 2017-18	15.67
M/s Ravi Kumar Gupta and Sons	01AAZPG9997R1ZB	2014-15 to 2017-18	625.27
M/s Ikhwan Corporation	01AABF19251J1ZJ	2016-17 to 2017-18	148.70

In absence of systematic and uniform TRAN-1 verification criteria adopted by the Department, the genuineness of the TRAN-1 claims carried forward from the VAT regime to GST regime could not be ascertained.

3.7.2 Systemic Issue - Mismatch of data

On July 01, 2017 taxation reform was witnessed in form of the Goods & Services Tax (GST) that has centralized the economy by unifying the country into one single market. Digital technology has been the bedrock of this historic reform and the idea of GST is incomplete without its IT backbone – the Goods & Services Tax Network.

For the purpose of creating and managing a common GST, the Government of India approved the setting up of the Goods and Services Tax Network (GSTN) as a non-government, not-for-profit, private limited company on 12 April 2012 for providing shared IT infrastructure and services for implementation of the Goods & Services Tax (GST) regime in the country.

One of the main features/ missions of GSTN included maintaining a common portal for GST providing front end services to all GST taxpayers besides efficient Backend Services to the Tax Departments of the Central and State Governments on request. The States/ UTs which requested for providing of backend IT support were named as 'Model 2' States/ UTs. The Jammu and Kashmir being a 'Model 2' UT derives all its IT services both front end as well as back end for GST from GSTN.

During audit check of a sample of 195 transitional credit cases pertaining to Jammu and Kashmir, a Model-2 UT, it was found in respect of 46 transitional credit cases that the front end data shared by GSTN did not match with the data shared by GSTN at the back end. There was mismatch of data in these 46 cases with respect to transitional credit (TRAN-1) amounting to ₹ 282.56 lakh under specific table categories. Out of these 46 transitional credit mismatch cases, 13 cases pertain to Jammu Division and 33 cases pertain to Kashmir Division of UT of Jammu and Kashmir.

The mismatch of data in 46 transitional credit cases was mostly and specifically relating to credit shown under 7d table. To identify the data mismatch, verification of these cases was taken and carried out with respect to TRAN-2 claims filed by the taxpayers. However, it was observed that provision for claiming credit under TRAN-2 was found missing under J&K GST Rules, 2017. Further, out of a sample of 46 mismatch cases, it was found that TRAN-2 credit claimed for ₹ 10.48 lakh in three cases (Detailed in ***Appendix 3.2***) under J&K GST Act, 2017 allowed/ credited to the respective Electronic Credit Ledger of the taxpayers on the PMT-2 portal by system is not verifiable for allowance or disallowance in absence of provisions.

In view of the above issue of data mismatch there are doubts as to derive assurance with regard to integrity of the data maintained and shared by GSTN.

3.7.3 Provisions missing and unclear under J&K GST Rules 2017 and under J&K GST Act 2017

India has adopted a Dual GST Model under which tax is levied simultaneously by both Central and State Government on taxable supplies which take place within State

or Union Territory. On inter-state supplies, GST is levied by the Central Government, while in case of intrastate transactions the tax is distributed equally between Central and State/ UT Government under CGST and SGST. For implementation of the above, model Acts and rules were framed at the Central as well as the State/ UT's level. Though almost similar provisions kept under the Central Goods and Services Tax Act, 2017 and rules made there under have been framed under the States/ UT's Goods and Services Tax Acts and rules; however, it was seen that some of the provisions as mentioned below were found missing and unclear under the J&K GST Act, 2017 as well as J&K GST Rules, 2017.

(A) Provisions for verification/ disallowance of credits claimed under TRAN-2 missing under the J&K GST Rules, 2017

Provision to section 140(3) of J&K GST Act, 2017 deals with TRAN-2 credit and provides that "where a registered person other than a manufacturer or a supplier of services, is not in possession of any invoice or any other documents evidencing payment of tax in respect of inputs, then, such registered person shall subject to such condition, limitations and safeguard as may be prescribed, including that the said taxable person shall pass on the benefit of such rate and in such manner as may be prescribed, including that the said taxable person shall pass on the benefit of such credit by way of reduced prices to the recipient, be allowed to take credit at such rate and in such manner as may be prescribed. However, it has been noticed that provisions under J&K GST Rules, 2017 are missing about the manner in which such credit under J&K GST Act, 2017 can be claimed. In absence of provisions with regard to the procedure under J&K GST Rules, 2017 for claiming credit under TRAN-2, either taxpayers could not file TRAN-2 and claim credit or wherever filed the amount credited to the electronic credit ledger of the taxpayer maintained in form GST PMT-2 on the common portal is not verifiable for confirmation of its validity.

(B) Provision provided under Section 142(11)(b) not in parity with the rule provided for under J&K GST Rules 2017

Section 142(11)(b) of the J&K GST Act, 2017 provides that where tax was paid on any supply, under the Jammu and Kashmir Value Added Tax Act 2005 (III of 2005) and under Jammu and Kashmir General Sales Tax Act, 1962 (XX of 1962), tax shall be leviable under this Act and the taxable person shall be entitled to take credit of value added tax or sales tax on services paid under the existing law to the extent of supplies made after the appointed day and such credit shall be calculated in such manner as may be prescribed. However, the corresponding rule framed under Rule 118 of J&K GST Rules, 2017 states that every person to whom the provision of clause (c) of sub-section (11) of section 142 applies, shall within a period of ninety days of the appointed day, submit a declaration electronically in form GST TRAN-1 furnishing the proportion of supply on which Value Added Tax or Sales Tax on services has been paid before the appointed day but the supply is made after the appointed day.

Thus rule 118 provided for Section 142(11)(c) instead of Section 142(11)(b) of J&K GST Act, 2017 makes the provisions under the J&K GST Act, 2017 and rules made there under unclear for application and interpretation.

3.8 Compliance Issues

The compliance issues cover the deviations of the transitional credits carried over by the taxpayers from the existing law into GST regime with respect to the transitional provisions contained under the J&K GST Act, 2017 and J&K GST Rules, 2017. The taxpayers were required to claim transitional credits in the various specified Tables of TRAN-1 and TRAN-2. The issues noticed during audit are mentioned under specific categories.

Amount of tax credit carried forward from closing balance of credit from the last returns to TRAN-1/ electronic credit ledger as State/ UT Tax.

3.8.1 Excess credit carried forward

As per Section 140(1) of the J&K GST Act, 2017, a registered person, other than a person opting to pay tax under section 10, shall be entitled to take, in his electronic credit ledger, the amount of Value Added Tax credit carried forward in the return relating to the period ending with the day immediately preceding the appointed day, furnished by him under the existing law in such manner as may be prescribed. Provided that the registered person shall not be allowed to take credit unless the said credit was admissible as VAT credit under the existing law and is also admissible as input tax credit under this Act.

Further, as per section 50(3), a taxable person who makes an undue or excess claim of input tax credit under sub-section (10) of section 42 or undue or excess reduction in output tax liability under sub-section (10) of section 43, shall pay interest on such undue or excess claim or on such undue or excess reduction, as the case may be, at such rate not exceeding 24 *per cent*.

During the course of audit of sampled transitional credit claims by way of verification of six quarterly VAT returns filed by the dealer under the J&K VAT Act, 2005 before the appointed date i.e. 08 July 2017 with the data available and accessible on the back end system of GST Portal viz. TRAN-1 claim form and ECL (electronic credit ledger), it was seen in four cases (Detailed in ***Appendix 3.3***) that the transitional credit amounting to ₹ 11.25 lakh was claimed in excess of actual balance of Input Tax Credit available under the earlier VAT regime.

One illustrative case

It was noticed in one case that the dealer had claimed transitional credit of ₹ 1.08 lakh when credit amounting to ₹ 0.81 lakh only was available as per the legacy quarterly return filed on 07 July 2017 under J&K VAT Act, 2005. This resulted in carry forwarding of excess credit amounting to ₹ 0.27 lakh.

The excess claim of transitional credit of ₹ 11.25 lakh in four cases for reversal of the claim(s) along with interest liability of ₹ 5.94 lakh under section 50(3) of the J&K

GST Act, 2017 was communicated (between March 2021 and June 2021) to the Department against which STO Circle-Sopore & STO Circle-L, Srinagar have recovered principal amount of ₹ 7.67 lakh & ₹ 1.97 lakh, respectively, however, interest recovery is pending. Further, action/ reply of the Department/ Office in the remaining cases is awaited (December 2021).

The Department may review these cases and recover excess transitional credit given along with the applicable interest thereon.

3.8.2 Ineligible/ inadmissible credit taken

(A) Transitional credit claimed without filing legacy returns

Section 140(1) of the J&K GST Act, 2017 provides that a registered person, other than a person opting to pay tax under section 10, shall be entitled to take, in his electronic credit ledger, credit of the amount of Value Added Tax subject to the conditions that he has furnished all the returns required under the existing law for the period of six quarters/ tax periods immediately preceding the appointed date. Thus, the eligibility for a registered dealer under existing laws to claim transitional ITC from VAT to GST is determined by the fact that all the six quarterly returns i.e. 01 April 2016 to 07 July 2017 ought to have been filed by the taxpayer. However, it was seen in four cases (Detailed in ***Appendix 3.4***) that the dealer(s) had not filed all the requisite returns but carried forward the input tax credit in the Electronic Credit Ledger. This resulted in ineligible transitional credit of ITC amounting to ₹ 10.75 lakh along with interest liability of ₹ 3.80 lakh under section 50(3) of the J&K GST Act, 2017.

One illustrative case

It was noticed in one case that the dealer had claimed transitional credit of ₹ 3.58 lakh when he was not eligible to claim the credit since he had failed to file the pre-requisite 2nd quarterly legacy return for the tax period 01 July 2017 to 07 July 2017 under J&K VAT Act, 2005.

The ineligible transitional credit claims amounting to ₹ 10.75 lakh in four cases for reversal/ recovery of the claims along with interest liability of ₹ 3.80 lakh under section 50(3) of the J&K GST Act, 2017 was communicated (between June 2021 and July 2021) to the Department. The reply/ action of the Department is awaited (December 2021).

The Department may review these cases and recover ineligible transitional credits of ₹ 10.75 lakh along with interest thereon.

(B) Credit not available/ allowed under Legacy regime

As per Section 140(1) of the J&K GST Act, 2017, a registered person, other than a person opting to pay tax under section 10, shall be entitled to take, in his electronic credit ledger, the amount of Value Added Tax credit carried forward in the return relating to the period ending with the day immediately preceding the appointed day, furnished by him under the existing law in such manner as may be prescribed.

Provided that the registered person shall not be allowed to take credit unless the said credit was admissible as VAT credit under the existing law and is also admissible as input tax credit under this Act.

Further, as per section 50(3), a taxable person who makes an undue or excess claim of input tax credit under sub-section (10) of section 42 or undue or excess reduction in output tax liability under sub-section (10) of section 43, shall pay interest on such undue or excess claim or on such undue or excess reduction, as the case may be, at such rate not exceeding 24 *per cent*.

The credit shown available under the existing law viz. returns furnished/ filed by the dealer under the J&K VAT Act, 2005 ought to have the admissibility for carrying forward to the GST regime. However, it was observed in four cases (Detailed in ***Appendix 3.5***) that as a result of assessment carried out by the assessing authority under the J&K VAT Act, 2005 for the tax period 01 April 2017 to 07 July 2017, the input tax credit shown by the dealer in his returns as balance tax available to be carried forward to next tax period/ GST regime was rejected by the authority by passing an order under the relevant provisions of the J&K VAT Act, 2005. Despite the balance ITC having been rejected by the assessing authority under the VAT regime, the taxpayers have carried forward the inadmissible input tax credit as transitional credit by filing TRAN-1 claim under GST regime.

One illustrative case

It was noticed in one case that the dealer had claimed transitional credit of ₹ 1.85 lakh out of which ₹ 1.49 lakh was considered as ineligible by the assessing authority during assessment proceedings for the accounting year 2017-18. Though credit of ₹ 1.49 lakh was not allowed under the legacy regime yet Nil demand stands raised under the J&K VAT Act, 2005.

The inadmissible transitional credit amounting to ₹ 15.37 lakh in four cases for reversal/ recovery of the claims along with interest liability of ₹ 3.03 lakh (in respect of three cases) under section 50(3) of the J&K GST Act, 2017 was communicated (between March 2021 and July 2021) to the Department. The reply/ action of the Department is awaited (December 2021).

The Department may review these cases and recover the inadmissible Credit of ₹ 15.37 lakh in these cases along with interest thereon.

(C) Incorrect credit carried forward

As per Section 140(1) of the J&K GST Act, 2017, a registered person, other than a person opting to pay tax under section 10, shall be entitled to take, in his electronic credit ledger, the amount of Value added tax credit carried forward in the return relating to the period ending with the day immediately preceding the appointed day, furnished by him under the existing law in such manner as maybe prescribed. Provided that the registered person shall not be allowed to take credit unless the said credit was admissible as VAT credit under the existing law and is also admissible as input tax credit under this Act.

Further, as per section 50(3), a taxable person who makes an undue or excess claim of input tax credit under sub-section (10) of section 42 or undue or excess reduction in output tax liability under sub-section (10) of section 43, shall pay interest on such undue or excess claim or on such undue or excess reduction, as the case may be, at such rate not exceeding 24 *per cent*.

The balance of excess tax of output on sales after adjustment of input taxes on purchases in respect of a particular accounting year/ tax period was available to be carried forward to next accounting year/ tax period under column/ S. No. 74 of VAT-11 form both under quarterly as well the as annual returns. Thus the transitional credit which was available/ claimed as per the data declaration in the quarterly return filed by the taxpayer as on 07 July 2017 was actually the Input tax credit carried forward to tax period 01 July 2017 to 07 July 2017 from previous tax periods. For the purpose of ascertaining the validity and genuine claim of transitional credit disclosed in the quarterly return filed on 07 July 2017, the flow of input tax carried forward from previous tax periods were verified with legacy records.

During the course of audit of sampled transitional credit claims, it was seen in 10 cases (including the below illustrated case) detailed in ***Appendix 3.6***, that the input tax credit which was shown at credit just before the appointed day by filing VAT return as on 07 July 2017 by carrying forward ITC from previous tax periods was not available since the taxpayer has not carried forward the ITC from previous tax period correctly/ legitimately.

One illustrative case

It was noticed in one case (Detailed in ***Appendix 3.6***) that the dealer has declared credit of ₹ 625.27 lakh as on 07 July 2017 in his legacy return and filed TRAN-1 for ₹ 625.27 lakh. Since substantial amount of transitional credit claimed had been carried over from the previous accounting years 2015-16, 2016-17, the legacy records for these accounting years were checked and it was found that the dealer had carried forward ITC of ₹ 583.00 lakh from tax period 2015-16 to 2016-17 when ITC of ₹ 65.16 lakh only was at his credit thereby resulting in excess carry forward of ₹ 500.77 lakh to the accounting year 2016-17. Further, ITC of ₹ 65.16 lakh was available to be carried forward from the accounting year 2016-17 to the accounting year 2017-18, however, ITC of ₹ 611.07 lakh has been carried forward thereby carry forwarding incorrect/ excess ITC of ₹ 545.90 lakh. After adjustment of output taxes against the input taxes during the accounting year 2017-18, ITC for ₹ 79.08 lakh was available as on 07 July 2017 to be transitioned to GST. However, ITC of ₹ 625.53 lakh has been transitioned thereby resulting in incorrect/ excess transition of ₹ 546.44 lakh.

The incorrect carry forwarding of ITC in 10 cases (Detailed in ***Appendix 3.6***) resulted in excess transitional credit of ₹ 553.25 lakh with interest liability of ₹ 136.37 lakh under section 50(3) of the J&K GST Act, 2017 was communicated (between March 2021 and August 2021) to the Department against which STO Circle-K, Jammu has recovered principal amount of ₹ 1.71 lakh in one case, however, interest

recovery is pending. Further, action/reply of the Department/ Office in the remaining cases is awaited (December 2021).

The Department may review these cases and recover incorrect credit carried forward with interest thereon.

3.8.3 Details of credit availed in terms of Section 142(11)(c) i.e. Credit in respect of tax paid before the appointed day and supply made after the appointed day

Section 142(11)(c) of the CGST Act, 2017 provides that where tax was paid on any supply both under the Value Added Tax Act and under Chapter V of the Finance Act, 1994, tax shall be leviable under this Act and the taxable person shall be entitled to take credit of value added tax or service tax paid under the existing law to the extent of supplies made after the appointed day and such credit shall be calculated in such manner as may be prescribed.

Similar provision has been provided under Section 142(11)(b) of the J&K GST Act, 2017 which states that where tax was paid on any supply, under the Jammu and Kashmir Value Added Tax Act 2005 (III of 2005) and under Jammu and Kashmir General Sales Tax Act, 1962 (XX of 1962), tax shall be leviable under this Act and the taxable person shall be entitled to take credit of value added tax or sales tax on services paid under the existing law to the extent of supplies made after the appointed day and such credit shall be calculated in such manner as may be prescribed. Further, Rule 118 of the J&K GST Rules, 2017 provides that every person to whom provision of clause (c) of sub-section (11) of Section 142 applies, shall within a period of ninety days of the appointed day, submit declaration electronically in form GST TRAN-1 furnishing the proportion of supply on which Value Added Tax or Sales Tax on services has been paid before the appointed day but the supply is made after the appointed day, and the Input Tax Credit admissible thereon. Section 140 of the J&K GST Act, 2017 provides that a registered person, who was either paying tax at a fixed rate or paying a fixed amount in lieu of the tax payable under the existing law shall be entitled to take, in his electronic credit ledger, credit of value added tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the appointed day subject to the sub-clause (iv) that the said registered person is in possession of invoice or other prescribed document evidencing payment of tax under the existing law in respect of inputs and sub-clause (v) that such invoices or other prescribed documents were issued not earlier than twelve months immediately preceding the appointed day. Audit noticed as follows:

(A) Credit availed on time barred documents

It was noticed in one case (Detailed in ***Appendix 3.7***) that the taxpayer has submitted TRAN-1 and claimed State Tax credit u/s 142(11) for ₹ 41.92 lakh. Perusal of the details of Invoices uploaded in the TRAN-1 form under column/ table 11 revealed that out of the credit amount of ₹ 41.92 lakh claimed, the invoices in respect of credit amount of ₹ 18.23 lakh were more than one year old i.e. before the date 06 July 2016. Thus out of a total credit claim of ₹ 41.92 lakh, credit amounting to ₹ 18.23 lakh was

time barred. Since the credit was admissible on input stock with valid period of invoices dated between 06 July 2016 and 07 July 2017 the credit amounting to ₹ 18.23 lakh auto populated on GST PMT-2 portal in the Electronic credit ledger resulted in inadmissible credit on time barred documents.

The inadmissible transitional credit of ₹ 18.23 lakh on time barred invoices along with interest liability under section 50(3) of the Act amounting to ₹ 4.37 lakh for recovery from the above taxpayer was communicated to the Department in June 2021. The reply of the Department is awaited (December 2021).

The Department may review the case and recover the inadmissible transitional credit on time barred invoices of ₹ 18.23 lakh along with interest thereon.

(B) Credit availed without supporting documents

- The credit claimed under 7(b) of TRAN-1 form represents the amount of eligible duties and taxes/ VAT/ [ET] in respect of inputs or input services under section 140(5).

Section 140(5)of the J&K GST Act, 2017 provides that a registered person shall be entitled to take, in his electronic credit ledger, credit of value added tax if any, in respect of inputs received on or after the appointed day but the tax in respect of which has been paid by the supplier under the existing law, subject to the condition that the invoice or any other taxpaying document of the same was recorded in the books of account of such person within a period of thirty days from the appointed day. Provided further that the said registered person shall furnish a statement, in such manner as may be prescribed, in respect of credit that has been taken under this sub-section.

During verification of transitional credit cases, it was seen in five cases (Detailed in ***Appendix 3.8***) that the taxpayers have claimed transitional credit amounting to ₹ 23.92 lakh under table 7(b) of TRAN-1 form without filing/ furnishing requisite supporting invoice, books of accounts/ statement. In absence of the requisite supporting invoices, books of accounts/ statement of credit the transitional credit of ₹ 23.92 lakh is irregular.

One illustrative case

It was noticed in one case that the dealer had claimed transitional credit of ₹ 12.22 lakh under 7(b) representing the credit of value added tax in respect of inputs received on or after the appointed day but the tax in respect of which has been paid by the supplier under the existing law; however, the registered person did not furnish the statement/ invoices in support of input credit claimed.

The irregular transitional credit claim without supporting invoices and books of accounts in five cases was communicated (between June 2021 and July 2021) to the Department for reversal/ recovery under the J&K GST Act, 2017 along with interest liability of ₹ 10.58 lakh. The reply/ action taken by the Department is awaited (December 2021).

- The credit claimed under 7(C) of TRAN-1 form represents the amount of VAT paid on inputs supported by invoices/ documents evidencing payment of tax carried forward to electronic credit ledger as SGST/ UTGST under sections 140(3), 140(4)(b) and 140(6).

Section 140(3) of J&K GST Act, 2017 provides that a registered person, who was not liable to be registered under the existing law or who was engaged in the sale of exempted goods or tax free goods, by whatever name called, or goods which have suffered tax at the first point of their sale in the State and the subsequent sales of which are not subject to tax in the State under the existing law but which are liable to tax under this Act or where the person was entitled to the credit of input tax at the time of sale of goods, if any, shall be entitled to take, in his electronic credit ledger, credit of the value added tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the appointed day subject to the following conditions namely:-

(i) such inputs or goods are used or intended to be used for making taxable supplies under this Act;

(ii) the said registered person is eligible for input tax credit on such inputs under this Act;

(iii) the said registered person is in possession of invoice or other prescribed documents evidencing payment of tax under the existing law in respect of such inputs; and

(iv) such invoices or other prescribed documents were issued not earlier than twelve months immediately preceding the appointed day.

Section 140(4)(b) provides that a registered person, who was engaged in the sale of taxable goods as well as exempted goods or tax free goods, by whatever name called, under the existing law but which are liable to tax under this Act, shall be entitled to take, in his electronic credit ledger the amount of credit of the value added tax if any, in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the appointed day, relating to such exempted goods or tax free goods, by whatever name called, in accordance with the provisions of sub-section (3).

Section 140(6) of J&K GST Act, 2017 provides that a registered person, who was either paying tax at a fixed rate or paying a fixed amount in lieu of the tax payable under the existing law shall be entitled to take, in his electronic credit ledger, credit of value added tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the appointed day subject to the following conditions, namely:-

(i) such inputs or goods are used or intended to be used for making taxable supplies under this Act;

(ii) the said registered person is not paying tax under section 10;

(iii) the said registered person is eligible for input tax credit on such inputs under this Act; and

(iv) the said registered person is in possession of invoice or other prescribed documents evidencing payment of tax under the existing law in respect of inputs.

The concerned taxpayer under the mentioned sections of the Act shall be entitled to take, in his electronic credit ledger, credit of the Value Added Tax in respect of inputs held in stock on the appointed day subject to the condition that the registered person possesses invoice or other prescribed document evidencing payment of tax under the existing law in respect of such inputs; such invoices or other prescribed documents were issued not earlier than twelve months immediately preceding the appointed day.

During verification of transitional credit cases it was seen in 21 cases (Detailed in ***Appendix 3.9***) that the taxpayers have claimed transitional credit amounting to ₹ 95.04 lakh under table 7(c) of TRAN-1 form without filing/ furnishing requisite supporting invoices. Since the credit claimed in TRAN-1 gets reflected/ auto populated in the Electronic Credit Ledgers of the taxpayers GST PMT-2 Portal, the credit claimed without requisite invoices is irregular.

One illustrative case

It was noticed in one case that the dealer had claimed transitional credit of ₹ 27.54 lakh under 7(c) representing the credit of value added tax paid on inputs supported by invoices/ documents evidencing payment of tax carried forward to electronic credit ledger as SGST; however, the registered person did not furnish the invoices/ documents in support of input credit claimed.

The irregular transitional credit claim of ₹ 95.04 lakh without supporting invoices in 21 cases (Detailed in ***Appendix 3.9***) was communicated (between April 2021 and July 2021) to the Department for reversal/ recovery under the J&K GST Act, 2017 along with interest liability of ₹ 58.54 lakh (in respect of 19 cases) under section 50(3) of the J&K GST Act, 2017 against which STO Circle-J, Jammu & STO-I, Srinagar have recovered principal amount of ₹ 0.16 lakh & ₹ 4.31 lakh respectively. Further, action/ reply of the Department/ Office in the remaining cases is awaited.

The Department may review these cases and recover the irregular credits along with the interest thereon.

3.8.4 Inadmissible/ Unverified Transitional Credit

The admissibility of 'tax credit' for carry forwarding to GST regime does not depend merely on its availability under the existing law/ VAT; however, the validity and genuineness of the Input Tax Credit being transitioned/ carried forward from previous tax periods forms the significant verification factor.

It was seen in one case (Detailed in ***Appendix 3.10***) that transitional claim of ₹ 15.67 lakh carried no validity since the Input tax credit carried forward from the accounting year 2016-17 and 2017-18 has not been verified/ validated with respect to

VAT-invoices. The ITC claim of the dealer during the year 2016-17 and 2017-18 have remained unverified as the assessments for the said years have not been confirmed under J&K VAT Act, 2005. As the dealer did not comply with the statutory notices for furnishing of necessary records and books of accounts, assessments under the CST Act, 1956 have been finalised *suo moto* under section 9(2) of the CST Act, 1956 read with section 39(6) of the J&K VAT Act, 2005 and demand of ₹ 260.82 lakh and ₹ 46.93 lakh for the accounting years 2016-17 and 2017-18 respectively stands raised by the Assessing Authority under the CST Act, 1956. But, VAT assessments had not been completed for the same period.

The unverified Input Tax credit claims without supporting invoices carried forward from previous tax periods 2016-17 and 2017-18 resulted in inadmissible/ unverified transitional credit of ₹ 15.67 lakh.

The inadmissible transitional credit of ₹ 15.67 lakh was communicated to the Department in July, 2021 for reversal/ recovery from the taxpayer under the provisions of the J&K GST Act, 2017 along with interest liability of ₹ 3.76 lakh under section 50(3) of the J&K GST Act, 2017. The reply/ action of the Department is awaited (December 2021).

The Department may review the case and recover the inadmissible/ unverified transitional credit of ₹ 15.67 lakh along with interest thereon.

3.8.5 Non-payment of interest on reversal of transitional credit

Section 50(3) of the J&K GST Act, 2017, provides that a taxable person who makes an undue or excess claim of input tax credit under sub-section (10) of section 42 or undue or excess reduction in output tax liability under sub-section (10) of section 43, shall pay interest on such undue or excess claim or on such undue or excess reduction, as the case may be, at such rate not exceeding 24 *per cent*.

During audit of transitional credit claims it was seen in 13 cases (Detailed in ***Appendix 3.11***) that the undue/ excess transitional credit claims were reversed under the provisions of the J&K GST Act, 2017; however, the interest liability under section 50(3) of the J&K GST Act, 2017 was not charged.

One illustrative case

It was noticed in one case that transitional credit of ₹ 29.30 lakh claimed by the dealer irregularly on 27 December 2017 was reversed and paid in cash on 28 September 2018; however, the interest liability of ₹ 5.14 lakh on irregular transitional credit claimed and utilised against output tax liabilities till its payment on 28 September 2018 has not been paid by the dealer.

The interest liability of ₹ 17.48 lakh in the above 13 cases (Detailed in ***Appendix 3.11***) was communicated (between March 2021 and July 2021) to the Department for recovery against which STO Circle, Kathua-I has recovered interest amount of ₹ 0.86 lakh. Further, action/ reply of the Department/ Office in the remaining cases is awaited (December 2021).

The Department may review these cases and recover interest on reversal of transitional credit.

3.9 Conclusion

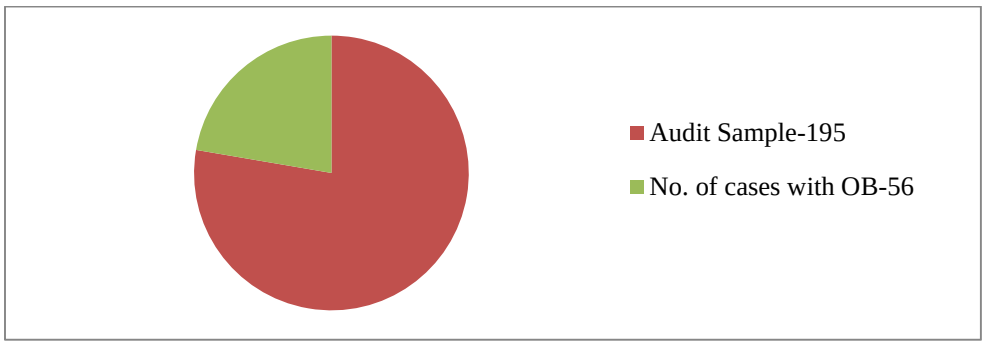
The transitional credit, one-time flow of input tax credit from the legacy regime into the GST regime, was available to both the taxpayers migrating from the previous regime as well as new registrants under GST. Out of a representative sample of 195 cases of transitional credit claims for the UT of J&K for verification, a significant majority 61 *per cent* of claims represented claims which flowed through the Legacy VAT Returns and the remaining 39 *per cent* represented the claims in other tables. The verification was carried out with a view to assess the adequacy of the verification mechanism adopted by the State Taxes Department as well as the general compliance by the taxpayers in the GST regime.

Out of the sample of 195 cases, Audit covered verification of all the 195 cases (i.e. 100 *per cent*) and from a system perspective we observed that:

- the integrity of data shared by GSTN as a back office IT infrastructural support system to the Model-2 State Governments/ UT's and Stakeholders has deficiencies, in view of data mismatch noticed in 46 transitional credit cases.

- though the Department had verified some transitional credit cases the exercise was not yet complete as the Department is yet to verify 34 *per cent* of the cases; besides, proper mechanism for verification was not framed.

Chart 3.2 Audit sample cases with deficiencies



From a compliance perspective we observed deficiencies in 56 cases out of 195 sample cases audited, constituting an error rate of 29 *per cent*. Deficiencies and irregularities in transitioning of closing balance of credit in the last legacy returns, availing credit on tax paid stocks and inputs/ input services without supporting invoices and credit availed on time barred invoices constituted some of the compliance deviations. The nature of deficiencies were mainly availing inadmissible credits, excess credits being availed, credits availed without the requisite supporting documents and availing credit with time barred instruments.

Chapter IV

Human Resources Management in Sher-e-Kashmir University of Agricultural Sciences and Technology

Chapter IV: Human Resources Management in Sher-e-Kashmir University of Agricultural Sciences and Technology

Agriculture Production Department

Compliance audit was conducted to ascertain the effectiveness of Human resource management in the Agriculture Universities of the Union Territory of Jammu & Kashmir. Audit found deficiencies in manpower planning, appointments, career advancements and entitlements. The Universities violated UGC norms for direct appointment of teachers and filled these posts through lateral entry. The mandatory criteria for appointment and career advancement of teachers was diluted. Pre-mature promotions, inadmissible benefit of Career Advancement Scheme, incorrect pay fixations, inadmissible allowances and entitlements, resulted in extra financial burden to the Government exchequer.

4.1 Introduction

The Sher-e-Kashmir University of Agricultural Sciences and Technology (SKUAST) was established on 01 April 1982 by an Act of Jammu and Kashmir State Legislature with the objective of catering to the requirement of agricultural research, education and extension education. Following an amendment (20 September 1999) in the Sher-e-Kashmir University of Agricultural Sciences and Technology Act, 1982, the SKUAST was bifurcated into two universities namely Sher-e-Kashmir University of Agricultural Sciences and Technology, Jammu (SKUAST-J) and Sher-e-Kashmir University of Agricultural Sciences and Technology, Kashmir (SKUAST-K).

At Government level, the administrative control of the Agriculture universities lies with the Commissioner/ Secretary, State Agriculture Department. The financial control is exercised by the Commissioner/ Secretary, Finance Department who acts as the Financial Advisor, Universities. The overall working of the Agriculture Universities is governed by the University Council (UC) and Board of Management (BoM).

A Compliance audit on human resources management covering the period 2016-17 to 2020-21 was conducted to assess whether the Agriculture Universities had complied with guidelines of University Grants Commission (UGC), Indian Council of Agriculture Research (ICAR) and Statutes of the Agriculture Universities regarding recruitment of employees, in service career advancements, pension payments and entitlements.

The audit covering the period 2016-17 to 2020-21 was conducted between August 2021 and February 2022, by a test check of records at the offices of Registrar, deans of various faculties and Comptroller of SKUAST-J and SKUAST-K. Service records of 739[1] personnel (30 *per cent*) of the total persons-in-position (2,462[2]), as on

[1] SKUAST-J: 250; SKUAST-K: 489.
[2] SKUAST-J: 833; SKUAST-K: 1,629.

March 2021, were selected on the basis of simple random sampling without replacement, for detailed scrutiny.

4.2 Sanctioned strength and Persons in Position

Sanctioned strength and Persons in position during the period 2016-17 to 2020-21 is given in **Table 4.1**.

Table 4.1: Position of sanctioned strength and person in position

Year	SKUAST-J							
	Teaching				Non-Teaching			
	S.S	PIP	Vacant	Shortfall (Percentage)	S.S	PIP	Vacant	Shortfall (Percentage)
2016-17	352	262	90	26	787	635	152	19
2017-18	352	259	93	26	787	622	165	21
2018-19	353	258	95	27	795	641	154	19
2019-20	353	251	102	29	800	626	174	22
2020-21	356	240	116	33	799	593	206	26

(Source: Information furnished by University Authorities)

Year	SKUAST-K							
	Teaching				Non-Teaching			
	S.S[3]	PIP[4]	Vacant	Shortfall (Percentage)	S.S	PIP	Vacant	Shortfall (Percentage)
2016-17	658	443	215	33	1,682	1,154	528	31
2017-18	658	478	180	27	1,682	1,152	530	32
2018-19	537	398	139	26	1,785	1,258	527	30
2019-20	561	440	121	22	1,763	1,246	517	29
2020-21	561	428	133	24	1,762	1,201	561	32

(Source: Information furnished by University Authorities)

In SKUAST-J, the shortfall ranged between 26 and 33 *per cent* under teaching category and 19 and 26 *per cent* under non-teaching category during the period. Similarly, shortage of manpower in SKUAST-K ranged between 22 and 33 *per cent* under teaching category and 29 and 32 *per cent* under non-teaching category during 2016-21.

Whereas SKUAST-J made only 07 appointments in respect of teaching cadre and 59 for non-teaching cadre, SKUAST-K made 173 and 193 appointments in teaching and non-teaching cadres respectively during the period 2016-21.

4.3 Establishment expenses

The Agriculture Universities are mainly funded by the State Government and partly by Indian Council for Agricultural Research (ICAR) through grants-in-aid. Position of expenditure incurred by the Universities during 2016-17 to 2020-21 is given in the **Table 4.2**.

[3] Sanctioned strength.
[4] Persons in position.

Table 4.2: Position of salary expenditure *vis-à-vis* total expenditure

(₹ in crore)

Year	SKUAST-J			SKUAST-K		
	Total Expenditure	Total salary Expenditure	Percentage of salary expenditure to total expenditure	Total expenditure	Total salary expenditure	Percentage of salary expenditure to total expenditure
1	2	3	4	5	6	7
2016-17	111.37	61.08	55	168.59	125.21	74
2017-18	109.96	69.17	63	195.01	135.85	70
2018-19	148.45	95.07	64	264.56	171.05	65
2019-20	162.64	140.51	86	292.16	182.80	63
2020-21	144.73	93.44	65	309.36	196.26	63

(Source: Information furnished by University Authorities)

The expenditure on salaries with respect to the total expenditure ranged between 55 and 86 *per cent* in SKUAST-J and 63 and 74 *per cent* in SKUAST-K during the period 2016-2021.

Audit findings

4.4 Deficient Manpower Planning

Guidelines (December 2010) of Department of Personnel and Training (DoPT), Government of India (GoI) stipulate that recruitment Rules should be reviewed once in five years with a view to effecting such change in rules as is necessary including need for additions to or reduction in the strength of employees. Instructions have also been issued by Administrative Reforms Inspections and Trainings Department[5] of the Government of Jammu and Kashmir to all Principal Secretaries, from time to time, latest being in December 2020 to conduct a comprehensive review of all Recruitment Rules of all services (Gazetted/ Non-Gazetted) under their Administrative control.

Audit noticed that the Agriculture Universities had neither reviewed recruitment rules since their creation, nor put in place any mechanism for periodic assessment of vacancies, review of sanctioned strength and fixing of time frame within which vacant posts were to be filled which paved way for appointments in excess of sanctioned strength, ad hocism in governance and misutilisation of vacant posts as discussed in **Paras 4.6, 4.7 and 4.8**. Audit also noticed ambiguities and inconsistencies in Recruitment Rules as discussed under **Para 4.13**. As of March 2022, the Agriculture Universities had not implemented the reservation policy for direct appointment of teachers from reserved categories in accordance with UGC guidelines of August 2006.

Assistant Registrar (GAD), SKUAST-K stated (February 2022) that adoption of reservation policy for direct recruitment of teachers as per UGC regulations was under process in both the Universities. The fact remained that pending implementation of

[5] Administrative Reforms Inspections and Trainings Department is mandated to finalise/ update the recruitment rules of all Government departments (Gazetted/ Non-Gazetted services).

reservation policy for direct recruitment of teachers from reserved categories, the universities could not initiate recruitment process for appointment of teachers.

The Universities had also not carried out restructuring of non-teaching cadre which resulted in avoidable litigations and continuation of redundant posts.

Registrar SKUAST-J stated (March 2022) that in order to streamline the system, the university would undertake cadre review of various positions.

4.5 Vacant posts

Out of 206 vacant non-teaching posts in SKUAST-J as of March 2021, 96 posts under 23 categories were continuously lying vacant for over five years. Similarly, in SKUAST-K, out of 561 vacant non-teaching posts as of March 2021, 357 posts under 52 categories were continuously lying vacant for over five years. These posts were neither advertised nor treated as deemed abolished in the light of instructions issued by Ministry of Finance Department of Expenditure, GoI and endorsed by the Finance Department, Government of J&K, requiring that posts remaining vacant for over two years are to be treated as deemed abolished.

Audit further assessed that the posts of Assistant Director, Statistics, Assistant Project Planning and Monitoring Officer in SKUAST-J, had not been advertised since their creation (June 2000). These posts were manned by officers drawn from Planning and Development Department till February 2006 and May 2007 respectively and were continuously lying vacant thereafter. Similarly, the post of Assistant Director, Resident Instructions in SKUAST-J had continuously been lying vacant since its creation (June 2000), except for a brief spell of twelve days in January 2012. These posts had not been reviewed for their continuation or otherwise and two[6] of these were being utilised for drawing salaries of employees attached from other divisions/ faculties of the University. As of March 2021, 116 and 133 teaching posts were lying vacant in respect of SKUAST-J and SKUAST-K respectively.

Non-rationalisation of sanctioned strength is further corroborated by the fact that SKUAST-J did not consider reallocation of 27 vacant teaching posts out of 39 posts declared surplus (November 2011) in the Faculty of Veterinary Science, for creation of four new faculties[7] approved in August 2005. This was despite instructions from Finance/ Planning and Development Department (January 2019 and March 2021) to undertake manpower audit for identification of surplus posts and rational utilisation of available resources. Due to non-utilisation of identified surplus posts, the University, could not institutionalize these faculties pending concurrence for creation of posts which was received in November 2021.

SKUAST-J attributed non-filling of vacant positions to delayed concurrence from Finance Department, delayed adoption of UGC regulations and delayed appointment of full time Vice Chancellor. The fact remains that the University had neither revisited

[6] Assistant Director Resident Instructions and Assistant Project Planning and Monitoring Officer.

[7] Faculty of Horticulture & Forestry, Faculty of Agricultural Engineering, Faculty of college of Dairy technology and Faculty of Biotechnology.

sanctioned/ effective strength of posts with the result some posts were continuously lying vacant since periods ranging between 8 and 16 years.

4.6 Unauthorised conversion/ re-designation and diversion of posts

According to instructions issued by General Administration Department (December 2007) and the Financial Advisor, Universities (March 2009 and July 2019), the concurrence of Finance and Planning Departments was a pre-requisite for creation/ re-designation and up-gradation of posts in the Agriculture Universities as funding in the form of Grant-in-aid is provided by the Government.

Audit noticed that the universities repeatedly violated instructions for creation/ up-gradation/ conversion of posts. Availability of vacant posts facilitated re-designation of posts to accommodate irregular appointments, attachments and adjustment of staff appointed in excess of sanctioned strength for the purpose of drawl of salaries as discussed in subsequent paragraphs.

4.6.1 Re-designation of non-teaching posts

Test check of service records of 180 out of 593 posts in SKUAST-J showed that 20 sanctioned posts of senior/ junior scientists, senior technical assistants, assistant registrars, stenographers etc. were re-designated (between April 1993 and 2017) to deputy/ assistant registrar, assistant professor, works supervisor, junior physiotherapist etc., as detailed in ***Appendix-4.1*****,** without approval of Finance Department. Additionally, appointments to five non-teaching positions had been made against non-existent posts. These incumbents were subsequently accommodated either by re-designating or converting other vacant posts, carrying different or similar pay scales with different criteria for appointments. Details of diversion of posts leading to creation of five new posts[8] and abolition of already sanctioned posts, without even referring to BoM for approval, are listed in ***Appendix-4.2***.

Similarly, in 377 out of 1,201 posts in SKUAST-K, three posts one each of Assistant Professor, Field Cum Laboratory Assistant and Urdu typist were re-designated (between December 2003 and March 2017) as Medical Officer, Medical Assistant and Artist cum photographer respectively without approval of Finance Department. The post of Urdu typist was utilised to retrospectively (July 2003) accommodate one Artist cum Photographer and the other two posts remained vacant (March 2021) resulting in unnecessary conversion of these posts**.**

Registrar, SKUAST-J stated (November 2021) that power to re-designate any post is vested with the Vice Chancellor. Assistant Registrar (GAD), SKUAST-K stated (March 2022) that re-designation of Assistant Professor and FCLA as MO and Medical Assistant was done on the request of Dean, Faculty of Fisheries.

The replies are not acceptable as concurrence of Finance and Planning Departments was a pre-requisite for creation of posts and the Financial Advisor Universities from

[8] Medical Officer, Medical Assistant, Legal Superintendent, Security Officer and Assistant Professor.

time to time had forbade the universities from filling up any vacant post or drawal of salary against some other post.

The Financial Advisor Universities, taking note of the irregularities, advised the University functionaries to abstain from adopting favoritism during exit conference (June 2022).

4.6.2 Up-gradation of post of Comptroller

The pay scale of the post of the Comptroller (SKUAST-J) as approved (April 1994) by the University Council was ₹ 16,400 - ₹ 20,000. A proposal for up-gradation of the post to ₹ 16,400 - ₹ 22,400, placed (July 2001) before the BoM, was turned down by the Financial Advisor, Universities apprehending that the arrangement would create problem in the Accounts Cadre in the Government departments. Without obtaining prior concurrence of Financial Advisor, Universities, a fresh proposal, without any reference of the earlier decision, was again placed (March 2005) before the BoM and got approved. Audit assessed that an irregular payment of ₹ 0.46 lakh had been made to the officer holding the post of Comptroller between January 2006 and January 2009.

The Registrar SKUAST-J (January 2022) stated that the BoM granted (March 2005) permission, in its 5th meeting, for removal of anomaly in the pay scale of Comptroller. The reply is not convincing as the proposal involving financial implications should have been resubmitted to BoM after receiving prior concurrence of Financial Advisor, Universities.

4.6.3 Re-designation/ renaming of statutory positions without necessary approvals

Proposal for re-designation of the post of Project Planning and Monitoring officer (PP&MO) as Director Planning was turned down in a meeting (April 2012) of BoM in SKUAST-K, wherein the Financial Advisor, Universities proposed that in addition to the post of PP&MO which shall be filled by the University, the State Government shall send Director Planning on deputation from the Planning and Development Department.

Audit however noticed that the post of PP&MO was re-designated (July 2017) by the BoM as Director Planning, and the qualification for appointment to the post, was amended from Master's degree to Doctorate degree. Although, concurrence of Financial Advisor, Universities was required for the same, however it was not found to be taken.

Similarly, the nomenclature of posts of Director, Resident Instructions cum Dean, Post Graduate Studies and Director Extension Education was also changed (SKUAST-J: December 2011 and SKUAST-K: April 2014) respectively to Director Education and Director Extension. However, being statutory posts the change of nomenclature required an amendment of the Act which had not been carried out as of March 2021.

Registrar SKUAST-J (January 2022) stated that for ratification of re-designation of post of Director Resident instructions as Director Education, the matter would be taken up with the concerned authorities for carrying out amendment in the University Act.

4.7 Appointments in excess of sanctioned strength/ advertised posts

Records showed that the Agriculture Universities had not assessed actual availability of posts before issuing notifications (between September 2006 and March 2008) for recruitment. SKUAST-J appointed (between October 2007 and July 2008) seven Assistant Professors/ Junior Scientist/ Subject Matter Specialist (SMS) in excess of notified posts, beyond its sanctioned strength. While one Assistant Professor/ Junior Scientist appointed (July 2008) in absence of any post in the discipline of Horticulture was allowed to draw salary against an available post of Assistant Professor (Sericulture) and subsequently adjusted (November 2016) against a post of Junior Scientist (Fruit science) withdrawn from Regional Horticulture Research Station Bhaderwah, termination/ show cause notices were issued (2009) to six appointees on the intervention of Finance Department. The terminations were however stayed by the Honorable J&K High Court with directions to allow the appointees to continue and draw salaries. While three of these appointees were subsequently re-appointed between February 2012 and June 2014, one left the University and two continued to be attached as of January 2022 against other vacant posts for the purpose of drawl of salary.

Similarly, against one post of Assistant Professor (Forestry) advertised (September 2006) by SKUAST-K, three Assistant Professors and one SMS were appointed (October 2007 and December 2007). Further, against the advertised vacancies of three SMSs in two Krishi Vikas Kendras, SKUAST-K appointed (August 2017) five SMSs resulting in appointments against non-advertised posts.

While admitting the audit observation, the Registrar SKUAST-J stated (January 2022) that appointment in excess of the sanctioned strength was made by the then Administration and request has been made to the Government of J&K for grant of supernumerary post.

Assistant Registrar (GAD) SKUAST-K stated (March 2022) that instructions were included in the advertisement stating that the number of posts to be filled may decrease or increase as per their availability at the time of appointment. The reply confirmed that the University had not assessed the vacancy position before issuing advertisement.

It was stated by the respective Registrars during exit conference (June 2022) that the appointments pertained to previous years and no such appointments were made after 2010.

4.8 Appointment of Officers of the University

Appointments to the posts of Deans/ Directors and University Librarian referred to as ‘Officers of the University’ are to be made through direct recruitment, transfer or

deputation with the approval of the Board of Management (BoM). Section 27 of the SKUAST Act 1982, empowers the Vice Chancellors of Agriculture Universities to make appointments to these posts as a temporary measure for a period of only six months under intimation to the BoM. Audit noticed (October 2021 and February 2022) that the Universities did not appoint these officers upon posts becoming vacant (between August 2012 and April 2021) as per prescribed procedure and instead, the Vice-chancellors nominated teaching staff to these posts by assigning additional charge for periods ranging between 11 months and seven years three months in respect of SKUAST-J and seven months and four years four months in respect of SKUAST-K.

Audit further noticed that recruitment process initiated (May 2018) belatedly by SKUAST-J, for filling up the posts of Registrar and Director P&M which had fallen vacant in February 2016 and April 2017 respectively, could not be completed due to complaints of influencing the experts in the Board room, and breach of confidentiality of the screening process. Re-evaluation of the application forms as recommended by the Committee constituted (August 2018) to enquire into the allegations was not initiated and the notification was withdrawn in September 2020. Similarly screening process for applications received for various management positions advertised in July 2021 were also pending as of date.

The Registrar SKUAST-J stated (January 2022) that as per SKUAST Act, in addition to normal duties of these officers, the competent authorities had assigned the additional charge to these officers without any financial gains. The reply is not acceptable as assigning additional charges for indefinite periods without intimation to the BoM had become a regular feature in the universities which was not conducive to running affairs of the Agriculture Universities efficiently and effectively.

4.9 Appointment of teaching/ scientific staff

Norms for recruitment of teaching and scientific staff are respectively prescribed by UGC and ICAR. Against existing hierarchy of Lecturers, Readers and Professors the revised UGC regulations of 2010 prescribed three designations of Assistant Professors, Associate Professors and Professors. The corresponding designations prescribed by ICAR for scientists are Scientist, Senior Scientist and Principal Scientist. UGC regulations prescribing minimum requirements for appointments, in-service career advancement and fixation of pay scales were endorsed (March 1999 and August 2010) by the Department of Agricultural Research and Extension, Ministry of Agriculture to the State Governments for implementation in State Agricultural Universities.

Audit verified compliance to the laid down guidelines and norms for appointment of teachers and noticed cases of appointments without adoption of mandatory Academic Performance Indicators, appointments without mandatory NET qualification, appointments by counting inadmissible periods in teaching experience and appointments through lateral entry by irregular up-gradation of technical posts. Instanced cases are detailed in succeeding paragraphs.

4.9.1 Non-adoption of Academic Performance Indicators for appointment of teachers

The UGC regulations 2010 prescribed Performance Based Appraisal System (PBAS) with specific Academic Performance Indicators (API) for appointment and promotion of teachers. The Agriculture Universities were to adopt template proforma prescribed by the UGC or devise their own self-assessment cum performance appraisal forms for teachers in strict adherence to the PBAS. UGC also clarified (September 2015) that UGC regulations were mandatory in nature and were required to be followed in letter and spirit without any deviation.

Audit noticed that though the Agriculture Universities had adopted (July 2009) the revised UGC pay scales, they notified a diluted version of PBAS, as detailed in **Paragraph 4.10.1**, for appointment and career advancement of teachers after a gap of over six years in July 2017. During the intervening period between January 2011 (due date of implementation of UGC regulations) and July 2017, SKUAST-J appointed 31 Assistant Professors, 14 Associate Professors and seven professors on the basis of a self-devised format with respective weightage of 30 *per cent*, 40 *per cent* and 50 *per cent* given to interview up to 2014 and 30 *per cent* thereafter against the prescribed weightage of only 20 *per cent.* In a similar manner, SKUAST-K appointed 68 Assistant Professors, four Associate Professors and two professors on the basis, during the period between January 2011 to July 2017. In absence of PBAS, teaching, learning, professional development, research and academic contribution of the candidates remained un-assessed.

The Registrar SKUAST-J (December 2021) stated that UGC regulations, 2010 were applicable to the teachers and academicians whereas in SKUAST-J academic, research and extension activities were carried out, which necessitated changes. The reply is not based on facts as UGC regulation of 1998 and 2010 was uniformly applicable to all institutes of higher learning opting for UGC grades and had been endorsed by ICAR (March 1999 and August 2010) to the Chief Secretaries of States for their adoption in State Agriculture Universities without any deviation.

4.9.2 Appointments without mandatory NET qualification

For appointment of Assistant Professors/ Junior Scientists in universities/ colleges/ institutions, UGC and ICAR Regulations specify a qualification of master's degree with additional qualification of National Eligibility Test (NET)/ State Level Eligibility Test (SLET). Candidates who were awarded PhD degree in compliance with UGC Regulation, 2010 were exempted from the qualification of NET/ SLET. A Selection Committee with Vice Chancellor as Chairman, two experts from outside the University and one representative from the State Government not below the rank of Additional Secretary was to recommend appointment of Assistant Professors/ Junior Scientists.

In SKUAST-J, 31 Assistant Professors/ Junior Scientists and 13 SMSs were appointed between the year 2011 and 2017. Out of the 31 Assistant Professors/ Junior Scientists,

seven did not possess the minimum eligibility of NET. The selection committee had recommended these cases subject to obtaining certificates from the candidates that their PhD degree was as per UGC regulations, 2009. The requisite certificates, though called for (December 2021) were neither produced to audit nor available on record. In eight out of 44 appointments, the representative from State Government was not present in the meeting of the Selection Committee. Thus, the oversight mechanism of Government was not availed by SKUAST-J in respect of these appointments.

Audit further noticed that the Agriculture Universities had not specified any norm regarding minimum number of applications required for holding interview. Records showed that in 29[9] cases, interviews were conducted when applications received were less than three and in eight[10] cases interviews were conducted when there was only one candidate.

The Registrar SKUAST-J stated (February 2022) that Screening Committees had declared the candidates eligible. Shifting the onus to the Screening Committee however, does not absolve the University management of its responsibility of carrying out a fair selection process.

It was also stated that remedial measures suggested by audit regarding the minimum number of application forms required for holding interview for ensuring adequate competition would be taken after seeking approval of the competent authority.

4.9.3 Appointments without requisite teaching experience

Requirement of eight years' experience as Assistant Professor for direct appointment to the post of Associate Professor in accordance with UGC regulations, 2010 was belatedly adopted (January 2014 and September 2014) by the Agriculture Universities. Before such adoption Statutes and notifications of Universities had specified teaching experience of only seven years. UGC regulations and University statutes stipulate that previous regular service as Assistant Professor or in an equivalent post should be counted for direct recruitment to the post of Associate Professor. Time spent on acquiring PhD and as guest lecturer shall not qualify for being counted as teaching experience. Further, previous *ad hoc* service of more than one-year duration can be counted provided the incumbent is selected to the permanent post in continuation of *ad hoc* or temporary service without any break.

Audit noticed that in respect of six Associate Professors (SKUAST-J: 04, SKUAST-K: 02) appointed between January 2004 and November 2015, time spent on acquiring PhD, service rendered as guest lecturer, *adhoc*/ consolidated service and as visiting scientist was included in teaching experience of seven/ eight years required for appointment of Associate Professors.

Registrar SKUAST-J stated (January 2022) stated that due to dearth of required faculty, screening cum evaluation committee had declared these candidates eligible on the basis of supporting documents provided by them. Assistant Registrar (GAD)

[9] SKUAST-K: 26, SKUAST-J: three.
[10] SKUAST-K: seven; SKUAST-J: one.

SKUAST-K stated (February 2022) that the candidates were declared provisionally eligible by the then Competent Authority.

4.9.4 Appointments to teaching posts through lateral entry - financial burden of ₹ 10.16 crore to state exchequer

The UGC regulations (1986, 1998, and 2010) stipulated that direct recruitment to the posts of Assistant Professors, Associate Professors and Professors in the Universities and colleges shall be on the basis of an all India advertisement and recommendations of duly constituted Selection Committee. The regulations did not provide for appointment to the post of Assistant Professor through promotion.

In violation of UGC regulations which stipulated appointment of Assistant Professors only through direct recruitment, the Agriculture Universities notified (1994, 2012 and 2018) Career Advancement Scheme (CAS) for technical posts stipulating promotion of non-teaching technical employees to teaching positions. While notification of 1994 specified placement of Senior Technical Assistants (STAs) borne on University establishment as Assistant Professors after successful completion of two years of probation, notifications of September 2012 and July 2018 extended the benefit of scheme to technical posts of Programme Assistants/ TAs borne on ICAR strength.

Accordingly, the Agriculture Universities irregularly upgraded (between July 1994 and December 2013) 10 STAs in SKUAST-J and 45 STAs in SKUAST-K, to entry level UGC pay scales of Assistant Professors. Detailed check of eight cases in SKUAST-J and 11 cases in SKUAST-K was done by audit. It was observed that there was an additional financial burden of ₹ 5.37 crore[11] on the Government exchequer, on account of increased pay and allowances with future up-gradations applicable to teachers under CAS. Even requirement of two years of service arbitrarily fixed by the Universities for up-gradation was not followed as one STA of SKUAST-K was prematurely designated (February 1998) as Assistant Professor after completing only four months of service as STA which led to further future up-gradations and resulted in excess payment of ₹ 0.30 crore. Further, one STA in SKUAST-K was placed in the next higher pay scale before successful completion of probation with the result he was prematurely designated as Assistant Professor leading to further placement in higher scales under CAS. This had resulted in excess payment of ₹ 0.26 crore.

Similarly, by virtue of notifications of 2012 and 2018, SKUAST-J upgraded (June 2021) 12 Programme Assistants/ Technical Assistants of ICAR schemes from Grade Pay of ₹ 4,200 (level 06) to Grade Pay of ₹ 6,000 (level 10). Similarly, SKUAST-K upgraded (September 2012 to June 2016) 19 Programme Assistants/ Technical Assistants of ICAR schemes from Grade Pay of ₹ 4,200 (level 06) to Grade Pay of ₹ 6,000 (level 10). Out of 19 Programme Assistants/ Technical Assistants of SKUAST-K, 10 were subsequently re-designated as Assistant Professors after completion of probation. Irregular placement of technical personnel borne on ICAR schemes directly into entry level UGC pay scale resulted in liability of ₹ 0.98 crore

[11] SKUAST-J: ₹ 3.08 crore in eight cases; SKUAST-K: ₹ 2.29 crore in 11 cases.

towards unpaid arrears in respect of SKUAST-J and payment of arrears of ₹ 3.25 crore to these personnel by SKUAST-K.

By upgrading non-teaching staff to teaching positions, the Agriculture Universities had restricted competition and denied opportunities to aspiring meritorious candidates to apply for teaching posts, and thereby compromised quality of teaching in such cases as minimum standards prescribed for appointment of teachers had not been maintained.

The Registrar SKUAST-J (January 2022) stated that the University had followed the scheme of erstwhile combined SKUAST for up-gradation of posts of STAs/ TAs to Assistant Professors and that the posts were held by STAs/ TAs in their personal capacities. It was further stated that the upgraded personnel would be reverted back to their original posts as and when they are vacated by the incumbents on their retirement or appointment to other post. The fact remained that there were no provisions in UGC regulations or statutes of the universities, which permit filling up of the entry level post of Assistant professors through promotion from non-teaching feeding cadres.

4.10 Career Advancement Scheme (CAS) of teaching staff

In order to ensure that teachers and other equivalent cadres have multiple opportunities for upward movement during their career, different Academic Grade Pay (AGP)/ Research Grade Pay (RGP) were created by UGC/ ICAR in each pay band. As per UGC regulations, the upward movement of the teachers and equivalents to the next higher pay scale and AGP of ₹ 7,000, ₹ 8,000, ₹ 9,000, ₹ 10,000 and HAG scale with three *per cent* annual increment as per CAS was to be based on obtaining required Academic performance indicator scores on the basis of Performance Based Appraisal System. However, for the entry level cadre, the vacancies were to be filled up through direct recruitment only.

Audit noticed deviations from the guidelines issued by UGC/ ICAR resulting in faulty implementation of CAS due to dilution of prescribed criteria regarding Academic performance Indicators and requirement of research publications, extension of benefit of retrospective CAS to direct appointees, premature placements, counting of inadmissible past service, non-completion of mandatory trainings, counting of period spent on acquiring PhD and leave without pay towards teaching experience, PhDs not in relevant subjects etc. Audit worked out an undue benefit of ₹ 6.19 crore in 67 cases out of a total of 200[12] cases test checked as detailed in succeeding paragraphs.

4.10.1 Irregular promotions due to dilution of prescribed criteria

Regulations 2010 stipulated performance based evaluation of teaching, learning, professional development, research and academic contributions under three broad

[12] SKUAST-J: 72; SKUAST-K: 128

categories[13] with a mandatory minimum year-wise score of 75 under Category I, 15 under Category II and 10 per year to 40 per year for different stages in Category III. Further, for placement from Assistant professor to Associate Professor and Associate Professor to Professor, 80 *per cent* weightage was prescribed for Academic background/ Research performance/ Assessment of domain knowledge with 20 *per cent* weightage for interview. A minimum of five research publications for the post of Professor and three publications for the post of Associate Professor were required to be submitted for assessment by three eminent experts and only in case of positive recommendations, a candidate would become entitled for interview. Also, the evaluation of the publications was to be factored into the weightage scores while finalising the outcome of selection.

Records showed (January 2022) that the Agriculture Universities had revised the prescribed APIs notified in July 2017, by changing both the minimum score eligibility and APIs under each category. The revised proforma clubbed all activities under teaching, research and extension, defeating the purpose of performance based evaluation of teaching, learning, professional development, research and academic contributions separately. Instead of year wise assessment of performance, a minimum API score of 75 in aggregate was prescribed for the entire assessment period.

Audit also noticed that the Universities had compromised the standards for assessment of research achievements of candidates claiming promotion to the post of Professors by diluting the criteria of quality and number of research publications. Against the requirement of five publications for Professors, the Universities stipulated a requirement of only three publications. Submission of publications for assessment of eminent experts before interview was also not ensured by the Universities. The Universities had thus avoided the methodology prescribed in the UGC regulations for CAS, which defeated the purpose of PBAS. This rendered promotion (between July 2017 to March 2021) of 122 Associate professors (62 in SKUAST-J and 60 in SKUAST-K) to Professors in the Universities irregular.

Assistant Registrar (GAD) SKUAST-K stated (February 2022) that both Agriculture Universities had jointly devised score card based format for teachers as the system prevalent in the Universities was different from the system existing in other academic Universities directly governed by the UGC. The reply is not convincing as by clubbing categories and stipulating aggregate scores, the Universities had lowered standards for engagement of teachers.

It was assured during Exit conference (June 2022) that the new UGC regulation 2018 was being implemented in its totality without any deviation.

[13] **CATEGORY- I** (a) teaching related activities (b) domain knowledge (c) participation in examination and evaluation (d) contribution to innovative teaching, new courses etc with a total score of 125. A faculty member has to earn a score of minimum 75 per year under this category.
CATEGORY II comprises co-curricular, extension and professional development related activities with a total score of 50 and a teacher has to earn a score of 15 points per year.
CATEGORY-III comprises research and academic contributions and includes research papers, books and book chapters published, research projects and consultancy undertaken, M. Phil and PhD research guidance, training courses, refresher courses, conference, workshops undertaken and lectures delivered.

4.10.2 Inadmissible promotions due to extension of benefit of retrospective CAS

In SKUAST-J, four in-service Associate Professors were appointed as Professors and one Assistant Professor was appointed (between March 2010 and October 2011) as Associate Professor by direct recruitment. Though the benefit of retrospective CAS was not applicable to teachers already appointed under direct recruitment to higher scales, audit noticed that these teachers were allowed (January 2009 to August 2013) the benefit of CAS retrospectively by up-gradation of their earlier posts. These promotions were given effect by allowing them to revert back to their earlier positions and relinquishing posts acquired through direct recruitment. Due to relinquishment of direct appointment posts by teachers, these posts fell vacant which resulted in denial of opportunities to the eligible candidates who had applied for the posts rendering the recruitment process futile, besides giving undue benefit of ₹ 8.42 lakh to these teachers.

The Registrar SKUAST-J stated (January 2022) that these cases were reassessed on the application of teachers who requested for career advancement on the posts held by them before their direct appointment as Professor/ Associate Professor. The reply is not acceptable as these teachers had ceased to hold their previous posts at the time of direct appointment.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.10.3 Inadmissible promotions due to non-completion of minimum residency period

According to UGC regulations, ICAR norms and statutes of the Universities, financial up-gradation to Grade Pay of ₹ 8,000 required completion of five years in the Grade Pay of ₹ 7,000. Similarly, financial up-gradation to Grade Pay of ₹ 9,000 required completion of three years' service in the Grade Pay of ₹ 8,000. For up-gradation of Associate Professor (Grade Pay of ₹ 9,000) to the Post of Professor (Grade Pay ₹ 10,000), three years of service in the Grade Pay of ₹ 9,000 was required. Audit noticed cases of premature placements in next higher Grade Pay without completion of prescribed residency periods as discussed hereunder:

1. Against the minimum residency period of five years required for placement in next higher Grade pay of ₹ 8,000, 17 Assistant Professors (SKUAST-J: 05; SKUAST-K: 12) were placed (between August 2010 and July 2017) in the higher grade and designated as Associate Professors prematurely after completing service ranging between two years and four years eight months only.

   SKUAST-J deferred these placements after reassessment and made recoveries of excess pay and allowances from two teachers. However, ₹ 0.24 crore paid (between August 2010 and September 2017) to three teachers was recoverable as of January 2022.

   Due to premature placement in the higher Grade pay, nine out of 12 Assistant Professors (SKUAST-K) were further prematurely placed in the next higher Grade

pay of ₹ 9,000 and two were still further placed in the Grade Pay of ₹ 10,000 resulting in excess payment of ₹ 1.19 crore between July 2010 and December 2021.

2. Against the required residency period of three years in Grade Pay of ₹ 8,000 for being placed into next higher Grade Pay of ₹ 9,000, five teachers of SKUAST-K were placed (between October 2013 and October 2019) in the higher grade after completion of service ranging between one year and two year five months only. One of these Assistant Professors was further placed in the Grade Pay of ₹ 10,000. This had resulted in excess payment of ₹ 0.52 crore between June 2014 and December 2021. Similarly, one Associate Professor in SKUAST-K was promoted to the post of Professor in Grade Pay of ₹ 10,000 after putting in only nine months service resulting in excess payment of ₹ five lakh.

Assistant Registrar (Teaching), SKUAST-K stated (February 2022) that the teachers were placed in the GP of ₹ 9,000 under CAS, 2006 which was notified in July 2017. The reply is to be seen in the light of fact that the CAS notified by the University is not in conformity with UGC regulations which envisage a minimum residency period of three years in the Grade Pay of ₹ 8,000 for placement as Associate Professor.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.10.4 Inadmissible promotions due to non completion of required trainings

As per UGC regulations and University Statutes, apart from completion of specified residency periods for up-gradation from Grade pay of ₹ 7,000 to Grade of ₹ 8,000 and Grade pay of ₹ 8,000 to Grade pay of ₹ 9,000, Assistant Professors are required to participate in a refresher training course of at least two/ three weeks and one training programme of a minimum of one week duration respectively.

Audit noticed that though these refresher courses/ training programmes were being organised regularly, nine Assistant Professors (SKUAST-J: seven; SKUAST-K: two) had not completed requisite trainings within the required service of three/ five years needed for up-gradation. Further, their promotions were not deferred till completion of these trainings resulting in excess payment of pay and allowances of ₹ 0.80 crore (SKUAST-J: ₹ 0.52 crore; SKUAST-K: ₹ 0.28 crore).

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.10.5 Counting of period spent on unauthorised leave without pay

As per UGC regulations, Study leave may be granted to an Assistant Professor holding entry level Grade pay after a minimum of three years of continuous service to pursue a special line of study or research directly related to his/ her work in the University. The Study leave can be granted by the Executive Council/ Syndicate on the recommendation of the HoD of the concerned department. Further, as per

University Statutes, Vice-Chancellor is empowered to grant all kinds of leave excluding Study leave.

Records of SKUAST-J showed that the Vice Chancellor of the University had irregularly deputed nine Assistant Professors both within and outside the country on Study leave without pay between 2011 and 2016 for undergoing PhD programme without approval of University Council/ BoM. These teachers were placed (March 2014 to March 2020) in the next higher Grade pay of ₹ 7,000 by counting the period of study leave without pay resulting in excess grant of pay and allowances of ₹ 0.70 crore

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.10.6 Non deferment of promotions during absence while on study leave

Regulations stipulate that a teacher who is selected to a higher post during Study leave will be placed in that position only after joining the post. Regulations further provide that the incumbent teacher must be on the role and active service of the University on the date of consideration by the Selection Committee for placement in the higher Grade pay.

Records of Agriculture Universities showed that CAS of 15 Assistant Professors (SKUAST-J: three and SKUAST-K: 12) relieved from respective departments for undergoing PhD had not been deferred till date of joining after completion of course work. These teachers were placed in the next higher GPs during their absence while on study leave. Of these 15, 10 Assistant Professors of SKUAST-K were further prematurely placed in the next higher Grade pay of ₹ 8,000. Out of 10 Assistant Professors, three were further placed in the next higher Grade pay of ₹ 9,000. This had resulted in excess payment of ₹ 1.01 crore[14] between June 2002 and October 2019.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.10.7 Inadmissible promotions due to counting of period spent on acquiring PhD towards teaching experience

UGC regulations, 1998 and 2010 prescribe qualification of PhD for direct appointment of Associate Professors. Mandatory qualification of PhD for Associate Professors was adopted (2011) belatedly by the Universities in respect of four disciplines including disciplines of Veterinary/ Animal Husbandry and Agricultural Engineering. Due to belated adoption of norm regarding qualification of PhD, six Associate professors (SKUAST-J: two; SKUAST-K: four) not having PhD degree were appointed (between October 2007 and November 2010) in these disciplines in contravention of UGC guidelines. Subsequently, they were allowed to undergo PhD from outside the state. UGC clarified (March 2016) that the period of active service

[14] SKUAST-J: ₹ 0.14 crore and SKUAST-K: ₹ 0.87 crore.

spent on pursuing research degree for acquiring PhD simultaneously, without taking any kind of leave may be counted as teaching experience, for the purpose of direct recruitment/ promotion to the post of Associate Professor and above.

Records further showed that these Associate Professors were promoted (March 2018/ October 2018 with retrospective effect between March 2014 and November 2016) as Professors and placed in the GP of ₹ 10,000 without having required three years of experience as the period spent in acquiring PhD from outside the State was counted towards teaching experience. Audit also noticed that recorded APIs of two of these teachers included scores achieved in respect of teaching and extension which were not based on facts. Including the period spent on acquiring PhD in the teaching experience had resulted in payment of excess pay and allowances of ₹ 1.32 crore (SKUAST-J: ₹ 0.10 crore and SKUAST-K: ₹ 1.22 crore) including inadmissible advance increments granted for acquiring PhD.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.10.8 Inadmissible promotions due to inadequate research papers and PhD not in relevant subjects

For up-gradation from Grade Pay of ₹ 9,000 to Grade Pay of ₹ 10,000 an Associate Professor should have a minimum of three research papers for the assessment period with NAAS[15] rating of more than 4.00.

Audit noticed in SKUAST-J that two Associate Professors were promoted as Professors under CAS though the rating of publications did not pertain to the assessment period.

Records of SKUAST-K further showed that two Assistant Professors possessing PhD in subjects not relevant to Agriculture and Allied Sciences were allowed the undue benefit of ₹ 0.28 crore under CAS by upgrading to higher Grade Pays.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.11 Appointments of non-teaching staff

The university statutes specify the mode and manner of recruitment of non-teaching staff borne on university strength.

Audit scrutiny of service records of 557[16] non-teaching employees out of a total of 1,794[17] revealed cases of recruitments through regularisation of adhoc/ contractual employees, appointments without qualifying mandatory tests, direct recruitments to posts required to be filled through promotion, lateral entry to posts prescribed to be

[15] National Academy of Agriculture Science.
[16] SKUAST-J: 180; SKUAST-K: 377.
[17] SKUAST-J: 593; SKUAST-K: 1,201.

filled through direct recruitment etc. Instanced cases are discussed in subsequent paragraphs

4.11.1 Regularisation as mode of recruitment

As per University Statutes, for recruitment against a post, the Vice Chancellor shall have the post advertised indicating the qualification required to apply for the post. The Hon'ble Supreme Court in a case[18] held (April 2006) that regularisation of an employee cannot be a mode of recruitment and that regularisation cannot give permanent status to an employee whose services are *adhoc* in nature.

Audit noticed that out of 557 cases test checked in audit, 112 (SKUAST J: 31; SKUAST-K: 81) personnel were initially engaged (between March 1992 and November 2010) either on *adhoc* or contractual basis for a period of 89 days. Their period of their engagement was extended from time to time. These *adhoc*/ contractual employees were regularised (2015) without advertising the post.

The Registrar SKUAST-J stated (November 2021) that most of the *adhoc* employees were engaged in erstwhile combined SKUAST and that these employees were later regularised by Administration on the recommendation of their Controlling Officers. The fact however remained that these regularisations were made by the respective Vice-Chancellors without referring it to the Agriculture or Finance Departments. Further, the practice of engaging employees without following prescribed selection process continued even after bifurcation of the combined Agriculture University.

4.11.2 Appointments in violation of procedure of direct recruitment

University Statutes provide for filling up of post of Accounts Assistant by direct recruitment. After undergoing a training course of one year on a monthly stipend, the selected candidates were to be granted regular pay scale. Audit noticed that in violation of Statutes, 13 persons initially engaged on consolidated pay in SKUAST-K were deputed (November 1995) for training course conducted by Accountancy Training School (ATS) and on completion of training they were appointed (January 1997) as Accounts Assistants.

Deputy Comptroller (HQ) stated (March 2022) that these employees were well acquainted with accounts work as such the Competent Authority felt it feasible to depute them for ATS training. The fact remains that Accounts Assistants were to be appointed through direct recruitment.

Similarly, five STAs/ TAs of SKUAST-K initially appointed as Field cum Laboratory Assistant (FCLA)/ Museum Keeper/ Statistical Assistant were subsequently promoted as TAs/ STAs and further upgraded as Assistant Professors as discussed in **Para 4.9.3**, in contravention of the ICAR Recruitment Rules/ University Statutes requiring appointment to the post of Senior Technical Assistants (STAs)/ Technical Assistants (TAs) only through direct recruitment.

[18] Umadevi Vs State of Karnataka.

4.11.3 Appointments in violation of statutes

University statutes stipulate that 100 *per cent* of the posts of Senior Stenographers should be filled by promotion of Junior Stenographers (Senior scale) having at least five years' experience subject to passing of the prescribed test.

Audit noticed that in deviation from norms, SKUAST-J had irregularly appointed three Senior Stenographers (July and August 2002) by direct recruitment. Thus, these Senior Stenographers were put in an advantageous position making them eligible for further promotion/ up gradations to the posts of Public Relations Officer (PRO), Assistant Registrar and Secretary to the VC. Due to anomalies created by these irregular appointments, the University had to prematurely promote one Junior Stenographer as Senior Stenographer and subsequently as Assistant Registrar.

The Registrar SKUAST-J (November 2021) stated that as posts of Senior Stenographers were required to be filled and there being no Stenographer in the feeding cadre, Senior Stenographers were appointed through direct recruitment. The reply of the University is not acceptable as vacant posts of Senior Stenographers were to be filled by promotion.

4.11.4 Appointments without qualifying mandatory tests

The University Statutes stipulate filling of 100 *per cent* of the posts of Assistant-Cum-Typist (ACT) and Accounts Assistants by direct recruitment. For direct recruitment of ACTs, the candidates should have typewriting speed of not less than 35 words per minute.

Records of SKUAST-K showed that one *adhoc* ACT (appointed in December 1996) was regularised (September 2006) as ACT without qualifying mandatory typewriting test. The ACT was further adjusted (August 2007) as Accounts Assistant and regularised in the cadre in October 2011. Similarly, one Laboratory Attendant and one Operator (Class VI) in SKUAST-K were promoted (August 1997) as ACT in violation of procedure of direct recruitment and mandatory tests.

It was stated during exit conference (June 2022) that the process of recruitments had now been streamlined.

4.11.5 Regularisation of ineligible daily rated workers

Restriction on engagement of daily rated workers (DRWs)/ work charged employees was imposed vide SRO-64 of March 1994 by the Jammu and Kashmir Government, which also authorised regularisation of DRWs engaged prior to the cutoff date of 31.3.1994 on the regular pay scale of class IV subject to having completed seven years of service. In pursuance of the said SRO, the combined SKUAST regularised (October 2001 and January 2004) 78 DRWs engaged before the cutoff date.

Audit noticed that in violation of the SRO, 46 DRWs had been engaged by combined SKUAST after the cutoff date. Records further showed that after bifurcation of universities, a fresh proposal was submitted (March 2005) by SKUAST-J to the Empowered Committee for regularisation of 79 DRWs including 46 engaged after the

cut-off date. In the proposal, a false undertaking was given that no DRW had previously been regularised. The facts regarding whereabouts and status of engagement of 33 DRWs were not clear from records. The committee approved (July 2005) regularisation of 69 DRWs by creation of new posts of Helpers and adjustment of 10 DRWs against the available Class IV vacancies subject to the condition that all DRWs fulfill provisions of SRO-64. In pursuance of the deliberations of the Empowered Committee, the University issued (2005) orders of regularisation of 79 DRWs which included 46 DRWs in respect of which the university had admitted that they did not fulfill the provisions of SRO 64.

Registrar SKUAST-J stated (March 2022) that the then authorities had appointed the daily wagers who were also given benefits under CAS. The fact remained that university had regularised 79 DRWs in contravention of SRO-64 of 1994.

4.12 Career progressions of non-teaching staff

The career advancement of non-teaching staff in the Agriculture Universities is governed by the University Statutes. Career advancement of staff borne on plan schemes of ICAR such as Krishi Vigyan Kendras(KVKs) and All India Co-ordinated Research programmes (AICRPs) are regulated by the MoUs entered into by the Universities with ICAR and directions issued by the latter from time to time.

Audit verified compliance to the laid down norms for promotions of non-teaching staff and observed that inadmissible financial up-gradations had been granted due to faulty implementation of two tier career advancement schemes, premature promotions etc. resulting in undue benefit of ₹ 3.99 crore in the shape of excess pay and allowances/ pensionary benefits to 56 employees test checked. Instanced cases are detailed in the succeeding paragraphs.

4.12.1 Inadmissible benefit of two tier Career Advancement Scheme – Excess payment of ₹ 2.06 crore

Two-tier Career Advancement Scheme[19] (TTCAS) in operation in the Academic Universities of Jammu and Kashmir since 1992, for posts not covered under any existing scheme of Career Advancement was adopted (March/ April 2013) by both Agriculture Universities with retrospective effect from September 2005. The scheme notified by the University of Jammu was meant only for isolated posts which stagnate in a particular scale for a period of ten years or above.

Audit noticed that the scheme was not implemented in its spirit by the Agricultural Universities and benefit of the scheme was extended to all non-teaching posts, upto the scale of ₹ 6,500 - ₹ 10,500, though already covered under regular promotions. Records further showed that the number of promotions in the entire service of an employee had not been limited to two or three up gradations. This had led to grant of inadmissible career advancement to test checked cases of 14 drivers (SKUAST-J: eight; SKUAST-K: six), 31 FCLAs (SKUAST-J: 26; SKUAST-K: five) and one Accountant (SKUAST-K). Audit assessed that an excess payment of ₹ 2.06 crore had

[19] Providing for two promotions.

been made in respect of these test checked cases during September 2005 to January 2022 on account of enhanced pay and allowances. This had also resulted in excess pensionary benefit of ₹ 0.85 crore to 26 FCLAs in SKUAST-J as worked out in audit. Audit further noticed that grant of undue benefit of two tier scheme to accountants also resulted in pay anomalies; with accountants being placed in higher Grade pay of ₹ 6,600 and Assistant Comptrollers in Grade Pay of ₹ 5,400.

The Registrar SKUAST-J stated (October 2021) that two-tier CAS does not put any restriction on placement of employees in the next higher scale, if they are stagnated in the same scale for eight or nine years. The reply was not relevant as two-tier CAS was meant for posts having no prescribed promotional prospects and drivers, FCLAs and accountants had already availed the benefit of higher Grade Pays as per University Statutes. Assistant Registrar (NT), SKUAST-K admitted (March 2022) that the scheme was not applicable to the posts of FCLAs and drivers.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.12.2 Premature placements without completion of required service in previous grades

- University Statutes prescribe a minimum residency period of five years in the selection scale of Accountant for being promoted as Assistant Comptroller and eight years in the rank of Assistant comptroller for being elevated to the post of Senior Scale Assistant Comptroller.

  Test check of records of SKUAST-J revealed that three Assistant Comptrollers were promoted (January 2004 and May 2005) as Senior Scale Assistant Comptrollers without completion of eight years in the previous scale resulting in excess payment of ₹ 6.56 lakh between January 2004 to December 2015 as worked out in audit.

  In SKUAST-K, three Senior Scale Accountants were prematurely promoted (December 1996 and January 1997) as Assistant Comptrollers on completion of only four years' service in that scale resulting in excess payment of ₹ 0.15 crore during November 1996 to January 2021.

The Registrar SKUAST-J stated (February 2022) that the officials were working as Assistant Comptrollers in their own pay and grade (OPG) and the service rendered by them against clear vacancies, for which charge allowance was paid, were counted for placement in the Senior scale of Assistant Comptroller in terms of SKUAST statutes. Assistant Registrar (Non-teaching) SKUAST-K stated (March 2022) that in the best interest of the University it was decided to promote eligible Accountants who were well versed with the system and rules of the University and were having over 12 years of service.

The replies are not acceptable as Statutes prescribing period of required service needed for promotions had been violated. Moreover, in case of SKUAST-J, Senior

Scale Accountants were placed as Senior Scale Assistant Comptrollers in OPG without completion of required eight years of service.

- CAS applicable to Medical Officers of Health Department of the erstwhile State Government required completion of 10 years of service in the scale of ₹ 5,400 for placement in next Grade Pay of ₹ 6,600. In absence of any specific provision for career advancement of Medical Officers in the University Statutes, SKUAST-J placed (April 2005) 01 Medical officer (MO) in the Grade Pay of ₹ 6,600 after rendering only eight years of service resulting in excess payment of ₹ 0.04 crore during April 2005 to April 2007.

The Registrar SKUAST-J stated (January 2022) that the MO was placed in senior scale due to absence of CAS at that time. The reply is not convincing as after CAS applicable to Medical Officers of Health Department was belatedly adopted (July 2015) by SKUAST-J, the premature placement of MOs in higher GP should have been revisited.

- 75 *per cent* of the posts of Drivers are to be filled by direct recruitment and 25 *per cent* by promotion from feeder cadre of Cleaners who should have at least five years' experience. Records of SKUAST-J showed that three Cleaners appointed in the University between September 2001 and November 2001 were promoted (October 2004) as Drivers after rendering a service ranging between 2.5 years and three years. This resulted in payment of excess pay and allowances of ₹ 0.15 crore during October 2004 to August 2021.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.12.3 Irregular up-gradation without required quorum of selection committee

As per University statutes, the Financial Advisor, Universities as a member of the Selection Committee was required to participate in selection proceedings for recommending the up-gradation of Assistant Comptrollers as Deputy Comptrollers.

Audit noticed that the selection proceedings for up-gradation of one Sr. Scale Assistant Comptroller as Deputy Comptroller (March 2012) were finalised without the participation of Financial Advisor, Universities in the selection proceedings, thereby violating the norms for required quorum.

4.12.4 Up-gradations without qualifying examinations

For creation of Internal Audit Cell in SKUAST-J, up-gradation of one Assistant Comptroller with eight years' experience and two Accounts Assistants with five years' experience to next higher post of Deputy Comptroller (Audit) and Accountant respectively was approved (December 2013) by the Financial Advisor, Universities. The approval was subject to the condition that Accounts Assistants should have qualified Subordinate Accounts Course (SAC) Part I and Assistant Comptrollers should have qualified both SAC Part I and Part II. In absence of any provision for

State Government agencies to conduct these examinations for Autonomous Bodies, the BoM resolved (September 2017) that the University would formulate a comprehensive course curriculum in consultation with Director, Audit and Inspections and conduct such examinations internally. While finalisation of draft curriculum was pending with the Director, Audit and Inspections, an agenda was placed (February 2020) before the BoM for dispensing with the requirement of qualifying SAC Part I and SAC Part II, which was approved (July 2020) by the BoM without approval of the Financial Advisor, Universities.

The Registrar SKUAST-J stated (February 2022) that in response to clarification sought from Director General, Accounts and Treasuries, the latter stated that there was no provision for conducting such examinations for Corporations and Autonomous bodies and accordingly the matter was placed before the BoM for dispensing with examination. The reply is silent about non-compliance to the decision of BoM for conducting such examination internally. The reply is also to be seen in the light of fact that Finance committee (March 2015) had also opined that requirement of passing the examinations be incorporated in rules for recruitment of Deputy Comptroller (Audit) and Accountant.

4.13 Flawed recruitment rules

Audit observed ambiguities/ inconsistencies in Recruitment Rules of the Universities which had resulted in irregular appointments, indefinite continuation of employees in higher grades and avoidable litigations/ non-filling of posts. There were also incidences of inconsistent and selective amendments to Recruitment Rules as detailed in succeeding paragraphs.

4.13.1 Appointments by granting unreasonable and irrational age relaxation

University statutes specify an upper age limit of 35 years for direct recruitment of staff in consonance with the criteria prescribed by the State Government provided that the Vice Chancellor of the University may relax the upper age limit in respect of in service candidates. However, as against relaxation of three years in the upper age limit of 35 years prescribed by the State Government for in service candidates, no such period was specified in the University statutes.

Audit noticed in SKUAST-J that unreasonable and irrational age relaxation of nine and 13 years was granted (2012 and 2018) to two in-service candidates for appointment by direct recruitment to the posts of Deputy Registrar and Assistant Comptroller. By not specifying the period for relaxation of upper age limit for in service candidates, the University authorities had wielded unbridled power to choose persons of their choice by giving huge age relaxation to in service candidates.

The Registrar SKUAST-J stated (November 2021) that in the University Statutes there was no mention of any limit on age relaxation for direct recruitment of in service employees. The facts however remained that though the University had adopted upper age limit in consonance with the criteria prescribed by State

Government, it had ignored the criteria for relaxation of three years applicable to in service State Government employees. This is also to be seen in the light of facts that in notifications issued in the years 2001, 2005 and 2008, the University had prescribed a limit of three years for age relaxation in respect of in-service candidates.

4.13.2 Discretionary provisions in Recruitment Rules

As per University Statutes, the posts of Secretary to Vice chancellor (SVC) and Public Relations Officer (PRO) are to be filled from Senior Stenographers on the authority of Vice Chancellor. The Senior Stenographers selected for higher positions are liable to be reverted to the previous position at the discretion of the Vice-Chancellor. There are however no guidelines or criteria specified in the Statutes for reversion of Senior Stenographers.

In absence of any fixed tenure attached to the posts, two Senior Stenographers nominated (September 2009 and May 2013) by SKUAST-J as SVCs had continued to enjoy higher positions indefinitely without being reverted to their original positions. While one Senior Stenographer, after putting in three years as SVC was assigned (May 2013) the charge of Administrative Officer and subsequently adjusted (September 2015) as Assistant Registrar without any available post the other Senior Stenographer had been continuing as Secretary to Vice chancellor indefinitely since May 2013. This resulted in unequal treatment to similarly placed employees and consequent litigation with the result the university had to adjust (May 2015) a Senior Stenographer by converting the post to that of Assistant Registrar.

Registrar SKUAST-J stated (March 2022) that at no point the competent authority felt need to revert the upgraded Senior Stenographers and in order to streamline the system proposal for filling the positions of SVC/ PRO through direct recruitment or from equivalent cadre of Assistant Registrar would be placed before the BoM. The fact however, remained that these Senior Stenographers continued to hold higher positions indefinitely in absence of any criteria/ guidelines for reversion.

4.13.3 Inconsistent provisions in Recruitment Rules

The University Statutes prescribe that 50 *per cent* of the posts of Assistant Executive Engineers (AEE) with a sanctioned strength of two are to be filled by direct appointment and 50 *per cent* by promotion from amongst Junior Engineers having the specified experience and qualification. However, there being two streams of Civil and Electrical, the statute did not specify which post to be filled by promotion and which one to be filled up through direct recruitment.

Records of SKUAST-J revealed that while one post of AEE was filled up (2005) by promotion of one of the two JEs (Civil) whose appointment (October 1997) as JE had been established by the university as irregular (1999) being violative of SKUAST statutes, other post of AEE (electric) was advertised for direct recruitment (August 2010). The selection process could however not be finalised pending the outcome of a writ petition filed by the other Junior Engineer (Electric) on the grounds that his promotion avenues had been blocked. Thus, inconsistent provisions in the

Statutes requiring one post in a hierarchy to be filled by promotion and other by direct recruitment had denied equal opportunity to one of the two JEs with consequent litigation and non-filling up of the post.

4.13.4 Inconsistent amendments

University Statutes prescribe a qualification of Master's degree in Science/ Agricultural Science/ Veterinary Science with three years academic/ administrative experience for the post of Assistant Registrar carrying a Grade Pay of ₹ 5,400 for appointment to the post of Assistant Director Resident Instructions (ADRI) and Assistant Director, Research (ADR) carrying a Grade Pay of ₹ 6,000 (equivalent to that of an Assistant Professor) to be filled by direct recruitment, prescribed qualification is PhD degree in Agriculture[20] with NET.

Audit noticed that SKUAST-J amended (January 2018) Recruitment Rules for the post of ADRI and ADR by inserting the proviso 'adjustment by transfer' and made the posts of Assistant Registrars possessing Master's degree eligible for the posts.

Registrar SKUAST-J stated (March 2022) that the university had made amendments in SKUAST Statutes after the recommendations of the BoM and approval of university Council. The fact however remained that the posts were neither analogous nor equivalent as the scales, qualifications, experience and line of duties were different.

4.14 Appointment to ex-cadre positions

Krishi Vigyan Kendras, a plan scheme of ICAR receives 100 *per cent* funding from ICAR. Each KVK has 16 sanctioned posts including six Subject Matter Specialists and three Programme Assistants for which the minimum essential prescribed qualification is Master's and Bachelor's degree respectively. As per MoU signed by the universities with ICAR from time to time, the pay scale and qualification of the appointed staff should be commensurate with pay attached to the post and requirements of the job. Audit noticed the following deviations from MOUs.

4.14.1 Appointment of Subject Matter Specialists

Technical posts of Subject Matter Specialists of KVKs are governed by ICAR norms and Grade Pay of ₹ 5,400 is uniformly applicable across the country to these posts. Audit noticed that the Agriculture Universities had advertised (01.01.2006 onwards) these posts with GP of ₹ 6,000 after clubbing them with posts of Junior Scientists and Assistant Professors (which are governed by the Agricultural Research Service (ARS) of ICAR and UGC respectively) for which higher qualification was prescribed. This had resulted in clubbing of academic, scientific and technical positions in the Agriculture Universities making these positions interchangeable which also resulted in violation of transfer policy of ICAR requiring transfer of KVK staff within KVKs only. SKUAST-J segregated (March 2011) the post of SMS after receiving clarifications (March 2011) from ICAR and made further appointment of SMSs in

[20] PhD relaxable for Veterinary Sciences.

Grade Pay of ₹ 5,400, SKUAST-K continued to allow the Grade Pay of ₹ 6,000 to all its SMSs till January 2020, without obtaining sanction of the funding agency and also without approval of the UC/ BoM. However, SKUAST-J, upgraded (July 2018) the Grade Pay of 10 SMSs appointed between March 2013 and June 2015 from ₹ 5,400 to ₹ 6,000, treating them as deemed to have been appointed in the GP of ₹ 6,000 notionally from the date of appointment which resulted in additional financial burden of ₹ 0.19 crore in respect of arrears paid to these SMSs for the period July 2018 to September 2019 and a recurring implication of ₹ 1.38 lakh per month as the funding agency clarified (February 2020) that any *adhoc* increase over and above the approved pay is to be met by the host institute. This also resulted in automatic induction of these SMS into teaching cadre.

4.14.2 Appointment of Programme Assistants

In violation of ICAR norms, SKUAST-J issued notifications for appointment (2008 and 2012) of Subject Specific Programme Assistants in the pay scale of ₹ 9,300 - ₹ 34,800 (Grade Pay ₹ 4,200) prescribing a minimum qualification of Master's degree instead of Bachelor's degree. By prescribing higher minimum qualification, the aspiring candidates having required qualification were deprived of the opportunity of applying for the post. This also paved way for subsequent up-gradation (2018) of appointees as Assistant professors as discussed under **Para 4.9.3**.

The Registrar SKUAST-J stated (January 2022) that the advertisements were issued by the then administration as per the need felt at that time. The reply is not acceptable as issue of notification requiring higher than prescribed minimum qualification for appointment of Programme Assistants was against ICAR norms.

4.15 Transfers and deployment

4.15.1 Absence of a transfer policy

Though a draft transfer policy in respect of transfer and rotation of employees to other administrative units within the University had been framed (December 2014) by SKUAST-J in pursuance to the deliberations of 23rd meeting of BoM, the policy was not approved as of March 2021. SKUAST-K had also not framed any transfer policy. Non-adoption of a transfer policy resulted in transfer of employees in a pick and choose manner without consideration of period of tenure at a particular place and also resulted in attachment of employees to and from off-site units of the Universities for indefinite periods. As of March 2021, 13 teachers/ scientists[21] and 105 non-teaching employees[22] drawing salaries from places where their posts were located, were attached to other administrative units of the Agriculture Universities without specifying any tenure for such attachments.

Assistant Registrar (Non- teaching) stated (December 2021) that due to moratorium (August 2019) on fresh appointments, staff was deployed on stop gap basis from other

[21] SKUAST-J: five; SKUAST-K: eight.
[22] SKUAST-J: 43; SKUAST-K: 62.

offices/ units to meet exigencies. AR (GAD) SKUAST-K stated (January 2022) that a Committee had been constituted (June 2021) to formulate a transfer policy.

4.15.2 Violation of transfer policy of ICAR

As per the MoU entered into by SKUAST-J with ICAR from time to time, no scientist, technical staff or office staff was to be transferred from KVKs to any other work and ICAR was to be consulted before making any change in the programme of the Kendras or the personnel employed therein. The ICAR through its various communications (the latest in January 2020) instructed the Agriculture Universities not to deploy any employee of KVK at State Agricultural Universities (SAUs,) failing which future salary of the employee would be stopped. Directions were also issued at a zonal workshop of KVKs (Zone-I) that staff drawing salary from KVK scheme must be posted only at a KVK otherwise the host institute had to provide for their salary from own sources. Accordingly, SKUAST-J notified (July 2018) that the transfers of staff appointed for KVKs would be only within KVKs.

Audit noticed that four Senior Scientists, heading KVKs, appointed by direct recruitment were irregularly transferred to the teaching positions in SKUAST-J between May 2016 and March 2020. It was further noticed that as of March 2021, eight staff members of KVKs and two FCLAs drawing salaries from ICAR grants were irregularly attached to SKUAST-J and SKUAST-K respectively.

During Exit conference it was stated (June 2022) that policy for repatriation of KVK staff had been framed where under SMS had been repatriated and repatriation of other staff was under consideration.

4.16 Pay and entitlements

Examination of entitlement issues relating to pay and other allowances viz House Rent Allowance (HRA), pensions, Non Practicing Allowance (NPA), Pay protection, sanction of leave etc. revealed inadmissible/ excess payments of ₹ 22.91 crore, which caused extra financial strain to the Government exchequer. Instanced cases are discussed as under:

4.16.1 Irregular adoption of higher pay scales

As per University Statutes, the employees of the Agriculture Universities are governed by central pay scales. Audit noticed that while adopting central pay scales, the Universities had skipped five immediate applicable higher pay scales and still higher pay scales were irregularly adopted resulting in undue monetary benefit of ₹ two crore[23] in respect of 53[24] employees and pay disparity with similarly placed employees of Central Government. Details indicating central pay scales *vis-à-vis* skipped and adopted pay scales by universities are given in **Table 4.3**.

[23] SKUAST-J: ₹ 0.09 crore; SKUAST-K: ₹ 1.91 crore.
[24] SKUAST-J: 09; SKUAST-K: 44.

Table 4.3: Details showing Central pay scales (CPSs), CPSs skipped and CPSs adopted by the Universities

(Amount in ₹)

Central pay scales (CPS)	Pay scales of Agriculture Universities	Next higher CPS Skipped by Agriculture Universities	Pay scale adopted by Agriculture Universities
750-940/ 2,550-3,200	750-940/ 2,550-3,200	775-1,025/ 2,610-3,540	800-1,150/ 2,650-4,000
800-1,150/ 2,650-4,000	800-1,150/ 2,650-4,000	825-1,200/ 2,750-4,400	950-1,500/ 3,050-4,590
1,200-2,040/ 4,000-6,000	1,200-2,040/ 4,000-6,000	1,350-2,300/ 4,500-7,000	1,400-2,600/ 5,000-8,000
1,400-2,600/ 5,000-8,000	1,400-2,600/ 5,000-8,000	1,640-2,900/ 5,500-9,000	2,000-3,200/ 6,500-10,500
2,000-3,200/ 6,500-10,500	2,000-3,200/ 6,500-10,500	2,375-3,500/ 7,450-11,500 & 2,500-4,000/ 7,500-12,000	2,200-4,000/ 8,000-13,500

Assistant Registrar (GAD), SKUAST-K stated (May 2022) that the matter was under examination and detailed reply would be forwarded in due course. Deputy Registrar (Secrecy) SKUAST-J stated that non-teaching staff was appointed in Central Pay Scales in terms of relevant schedules/ Chapters of SKUAST Statutes as applicable to various cadres. The reply is evasive and does not address the specific audit concern.

4.16.2 Undue extension of revised pay scales

The High Court of Jammu and Kashmir passed (February 1994) an interim order on a writ petition filed by 'Non-Teaching Employees Association' of erstwhile combined SKUAST allowing the petitioners holding pre-revised pay scale of ₹ 1,400 - ₹ 2,600 and ₹ 1,640 - ₹ 2,900 to be placed in the pay scale of ₹ 1,640 - ₹ 2,900 and ₹ 2,000 - ₹ 3,500 respectively.

Accordingly, SKUAST-K extended (August 2007) the benefit to all employees holding these scales subject to certain conditions including the condition that the appointments made against an advertisement through direct recruitment were not covered by aforementioned benefit.

Records showed that SKUAST-J, granted (June 2008) higher scales, on the basis of decision (August 2007) of SKUAST-K, to the concerned employees. Audit noticed that five directly recruited non-teaching employees[25] were irregularly granted higher scales resulting in excess payment of ₹ 0.44 crore.

4.16.3 Payment of House Rent Allowance at higher rates

As per Schedule XXII of Volume-II of J&K Civil Services Rules 1992 (House rent Allowance and City Compensatory Allowances), Urban Agglomerations (UAs) of cities of Srinagar and Jammu were classified under 'Y' class cities. Areas outside these UAs were classified as 'Z' class. The government employees serving within UAs are eligible for HRA at the rate of 16 *per cent* of basic pay and those serving outside the UAs are entitled to HRA at the rate of eight *per cent.*

It was observed that in SKUAST-J, 11 employees who were attached to main University campus from five units located outside Jammu UA were paid excess HRA of ₹ 0.22 crore.

[25] Two Senior Stenographers, one Statistical Assistant, one Computer Programmer and one Junior Engineer.

Audit noticed that HRA at higher rates of 16 *per cent* (20 *per cent* for the period prior to April 2018) of basic pay instead of eight *per cent* (10 *per cent* for the period prior to April 2018) was being drawn in respect of employees of the SKUAST-K serving in faculties/ research stations which were not located within Srinagar UA. This had resulted in payment of excess HRA of ₹ 3.94 crore between January 2015 and March 2021, as worked out by audit in respect of thirteen divisions. Out of ₹ 3.94 crore, a recovery of ₹ 2.48 lakh had been effected by Dean Faculty of Forestry, SKUAST-K during December 2021 and January 2022.

It was confirmed during Exit conference (June 2022) that action for effecting recoveries as pointed out in audit had been initiated.

4.16.4 Irregular Payment of Leave encashment

Rule 16 of J&K Civil Services (Leave) Rules, 1979 envisages maintenance of six monthly leave accounts (as of January and July each year) in the prescribed format for appending with the service book of an employee. The competent authority to sanction leave authorises a lump sum amount equivalent to leave salary in respect of un-availed earned leave at the credit of the employee on the last day of service subject to overall limit of 300 days.

Test check of service records in SKUAST-K showed that leave accounts of employees had not been maintained in absence of which the leave at their credit at the time of retirement was not ascertainable. Thus, ₹ 8.24 crore paid to 220 retirees between April 2016 and December 2021 on account of un-availed earned leave remained questionable.

Eight DDOs/ HoDs of SKUAST-K admitted (February 2022) that leave statements were prepared at the time of retirement of employees and assured that leave accounts would be maintained in future.

4.16.5 Payment of ₹ 4.83 crore as arrears in respect of old claims

Rule 2.40, 2.41 and 2.43 of J&K financial code Vol-1, forbid payment of arrears in respect of old claims and envisage that where such cases are opened in relation to re-fixation of initial pay in a time scale, the arrears shall not be allowed without sanction of the Finance Department. In deviation from these rules, arrears of ₹ 2.76 crore on account of revised pay scales had been paid (March 2017) to 218 employees of SKUAST-K without concurrence of the Finance Department.

Similarly arrears of ₹ 2.07 crore were paid to 135 DRWs of SKUAST-K regularised (between April 1994 and April 2002) by allowing (March 2020) monetary benefit of SRO 311[26] retrospectively towards promotion and other service benefits, without obtaining the required concurrence from BoM or Finance Department.

Assistant Registrar (Non-Teaching/ Legal Affairs) stated (February 2022) that the arrears of pay had accrued to the employees due to grant of promotions under various schemes

[26] SRO 311 of 1997 issued by the Finance department, provided that 50 *per cent* service (3½ years) rendered by DRWs may be counted towards regular service for all purposes.

and denying such benefit would have been void before the eyes of law and would have been harsh on employees. The reply is not tenable as concurrence for payment of arrears in respect of old claims had not been obtained from the Finance Department.

4.16.6 Inadmissible pay protection granted to teaching staff

Veterinary Assistant Surgeons (VASs) in the Sheep and Animal Husbandry department holding pay scale of ₹ 7,500 - ₹ 12,000 were upgraded (SRO-43 of February 2004) by the Finance Department to the scale of ₹ 8,000 - ₹ 13,500 with effect from 01.01.1996. The matter regarding pay protection to be given to erstwhile VASs of Animal Husbandry Department, who were directly appointed in SKUAST-J was taken up by the latter with the Financial Advisor, Universities who clarified (April 2006) that the benefit of SRO-43 was not applicable to employees whose lien had terminated in previous department.

Records of the SKUAST-J revealed that in violation of clarification issued by the Finance Department, benefit of SRO-43 was extended to two VASs directly appointed (after 01.01.1996) to teaching positions by fixing their pay at a higher stage. Audit assessed that an excess payment of ₹ 5.99 lakh had been made to these teachers upto March 2021.

Registrar SKUAST-J stated (May 2022) that pay had been protected in their favour instead of Grade Pay in the light of re-fixation of pay issued (October 2007) by Deputy Director, Directorate of Animal Husbandry, Jammu. The fact however remained that the re-fixation of pay had been accepted by the University despite termination of liens of the employees in the previous department.

It was confirmed during Exit conference (June 2022) that action for effecting recoveries as pointed out in audit had been initiated.

4.16.7 Irregular Grant of Non Practising Allowance (NPA) and Additional incentive of 2½ days' salary

As per SRO-132 of April 1998 issued by the erstwhile State Government, Non-Practicing Allowance (NPA) was to be paid only to those doctors who hold administrative positions or were involved in teaching profession. Similarly, according to SRO 274-HME of March 1991 additional 2½ days' pay was to be paid to the medical staff which remained on roster duty.

Contrary to these norms, ₹ 0.34 crore was paid as NPA in SKUAST-J to two Medical Officers (MOs) who were neither holding administrative positions nor involved in teaching profession during the period August 2012 to March 2021. Despite there being no possibility of performing roster duty in the Agriculture Universities, an additional pay[27] of ₹ 0.11 crore was paid to four Medical Assistants and one Nurse in SKUAST-K between June 2016 and October 2021.

The Registrar, SKUAST-J stated (January 2022) that the MOs of the University were administratively managing the Health Centres and had submitted affidavit that they

[27] Basic pay, DA and Special pay.

were not undertaking any private practice. The reply is not tenable as the MOs were neither holding administrative positions nor engaged in teaching profession.

It was confirmed during exit conference (June 2022) by the respective Registrars that action had been initiated to initiate recoveries pointed out in audit.

4.16.8 Wrong pay fixation

In SKUAST-K wrong pay fixation in 18 cases and payment of undue allowances in respect of election duty in five cases had resulted in excess payments of ₹ 0.36 crore to 23 officials.

Deputy Comptroller, Faculty of Veterinary Sciences and Animal Husbandry and Assistant Comptroller, Faculty of Fisheries stated (February 2022) that action for recovery of undue allowances paid to employees had been initiated.

4.16.9 Inadmissible Grant of study leave

As per ICAR norms Study leave may be granted to a permanent whole time scientist to pursue a special line of study for research/ PhD degree directly related to his/ her work in the organisation. UGC regulations also permit grant of Study leave to Assistant Professors. In either of these regulations or University statutes there is no provision for grant of Study leave to non-teaching staff. Test check of records showed (November 2021) that 21[28] non-teaching employees (FCLAs: 10, STA/ TA/ PAs: 10 and Farm Manager: one) were sponsored by the Agriculture Universities for undertaking Bachelor's/ Master's/ PhD degree for which Study leave was sanctioned (August 2005 to February 2021) in their favour ₹ 3.03 crore[29] was paid to these employees as leave salary during the period of Study leave.

The Registrar SKUAST-J stated (January 2022) that in the interest of the University non-teaching staff were deputed on study leave on their request to acquire higher qualification.

The fact remained that in deviation from University Statutes non-teaching staff was irregularly sent on study leave.

4.16.10 Conversion of non-pensionable service into pensionable service

University Statutes envisage that every employee of the University shall opt either for pensionable or non-pensionable service. An employee who does not exercise the option within stipulated period shall be deemed to have opted for the pensionable service and the option once exercised shall be final. Records revealed that though 34 employees (SKUAST-J: 14; SKUAST-K: 20) of the Universities had opted for non-pensionable service at the time of their joining service, their service was converted (between April 2005 and August 2021) to pensionable service without approval of the University Council and concurrence of the Finance Department.

Assistant Registrar (GAD) SKUAST-K stated (November 2021) that the BoM after approving the proposal did not desire to put it before University Council. The reply is

[28] SKUAST-J: 15; SKUAST-K: six.
[29] SKUAST-K: ₹ 1.08 crore and SKUAST-J: ₹ 1.95 crore.

not tenable as approval of Finance Department should have been obtained as the decision had huge financial implications.

4.16.11 Wrong authorisation of family pension

Finance Department issued (April 2018) a clarification that the amount of superannuation, special, retiring, compensation and invalid pension in respect of Government servants, having rendered a minimum qualifying service of 28 years, retiring on or after 01.01.2016 shall be calculated at 50 *per cent* of emoluments last drawn and family pension at the rate of 30 *per cent* of last emoluments was to be calculated to be drawn in the event of death of government servant after superannuation with a condition to be incorporated in the authorization that if death of retiree happens within seven years of superannuation, family pension at the enhanced rate of 50 *per cent* of last pay drawn by the government servant was payable up to seven years from the date of superannuation.

Scrutiny of pension records revealed that in 17 cases (out of 101 test checked cases) family pension at enhanced rate of 50 *per cent* of last pay drawn eventual to death of retiree within seven years of superannuation was authorised for a period of only up to five years against seven years. In respect of nine cases family pension at the rate of 30 *per cent* of last pay drawn was authorised without making mention of enhanced rate payable in the event of death of retiree within seven years of superannuation.

4.17 Conclusion

The HR function of the universities was far from satisfactory and was plagued by irregular appointments, favoritism and inadmissible financial up-gradations. Relaxing the minimum standards for appointments and promotions of teachers compromised the quality of teaching and research in the universities. Lateral entry to teaching positions from lower technical positions deprived the university of availing the benefits of recruiting meritorious teachers through open advertisements. Extension of undue benefits due to excess drawl of pay, allowances and entitlements led to financial strain on the state coffers.

4.18 Recommendations

- *There is an urgent need to review sanctioned strength to weed out redundant posts and initiate process for filling up of management positions through direct recruitment;*
- *The universities should adopt UGC regulations in toto and avoid lateral entry of technical cadre to teaching positions to maintain the minimum standards prescribed for appointment of teachers;*
- *Career advancements of technical cadre borne on ICAR strength should strictly be implemented as per ICAR norms;*
- *There is an urgent need for revisiting Career Advancement Scheme of teaching positions in consonance with UGC regulations; and*
- *The universities may immediately consider introduction of SAC Part-I and II for ensuring efficiency and quality in the accounts wing.*

Chapter V

Swachh Bharat Mission (Urban)

Chapter V: Swachh Bharat Mission (Urban)

Housing and Urban Development Department

Compliance audit of two components under Swachh Bharat Mission (U) viz. Individual Household Latrines (IHHLs) and Public toilets (PTs), was carried out covering the period from 2016-17 to 2020-21. It was noticed that the ULBs had not carried out house-to-house survey to identify beneficiaries for providing IHHLs. Progress of work was not closely monitored and no monitoring reports were on record. Beneficiary survey and physical verification of selected 942 IHHLs shown constructed by NGOs revealed that only 95 (10 *per cent)* were functional. Further, doubtful payment of ₹ 116.48 lakh was made to NGOs in respect of construction of IHHLs and there was unproductive expenditure of ₹ 91.30 lakh in respect of 522 IHHLs. Out of 173 physically verified PTs, 108 PTs (63 *per cent*) were either incomplete, abandoned or non-functional.

5.1 Introduction

The Government of India (GoI) launched flagship scheme of Swachh Bharat Mission (SBM), Urban on 02 October 2014 with the objective of making urban India 100 *per cent* free from open defecation in areas falling under the Urban Local Bodies in the country by October 2019. SBM, Urban (U) is being implemented by the Ministry of Housing and Urban Affairs, Government of India (MoH&UA) and Housing and Urban Development (H&UDD), Government of Jammu and Kashmir.

SBM (U) has various components[1] and is funded by Government of India (GoI) and the State Government on 90:10 basis. In addition to prescribed 10 *per cent* state share to be released by J&K Government in respect of IHHLs and PTs, additional State contribution was also released by the Government, as such the total quantum of State shared was more than 10 *per cent.* Housing and Urban Development Department (H&UDD), Jammu Municipal Corporation (JMC), Srinagar Municipal Corporation (SMC), Directors of Urban Local Bodies (ULBs), Jammu and Srinagar and 76 Municipal Councils/ Committees are responsible for implementation of SBM (U).

The Compliance audit of two components under Swachh Bharat Mission (U) viz. Individual Household Latrines (IHHLs) and Public toilets (PTs), was carried out covering the period from 2016-17 to 2020-21. As per records, during the period 2016-21, 51,246 IHHLs and 2,621 PTs were constructed in the 78 ULBs (JMC, SMC and 76 Municipal Councils/ Committees) of Jammu and Kashmir. Scrutiny of records of Directors of Urban Local Bodies (ULBs), Jammu and Srinagar and JMC, SMC and 19 other ULBs[2] (out of 76 Municipal Councils/ Committees) was carried out. The

[1] Individual household toilets; Community/ Public Toilets; Solid Waste Management; Information education, communication & public awareness and Capacity building and administrative & office expenses.

[2] Kashmir Division: Anantnag, Bandipora, Baramulla, Dooru, Frisal, Kulgam, Kupwara, Mattan, Sopore, Shopian and Jammu Division: Arnia, Bhaderwah, Doda, Kathua, Poonch, Rajouri, Ramnagar, Samba and Udhampur.

selection of these 21 ULBs was done on the basis of maximum expenditure incurred under SBM. A total of 27,317 IHHLs and 290 PTs were shown constructed, as per records, in the 416 wards of these 21 selected ULBs.

In addition to scrutiny of records, beneficiary survey and physical verification of IHHLs/ PTs were carried out jointly with staff of ULBs to see whether assets created under the mission were complete, functioning and well maintained. For the beneficiary survey and physical verification of IHHLs, out of the total 416 wards in the selected 21 ULBs, 102 wards (25 *per cent)* were selected on the basis of maximum number of IHHLs constructed. In these 102 wards, 14,675 IHHLs were constructed out of which 1,588 (10 *per cent*) were selected for beneficiary survey and physical verification.

Further, 173 PTs[3] out of the total 290 PTs constructed within the jurisdiction of 21 selected ULBs, were selected for physical verification.

5.2 Position of release of funds and expenditure incurred

Component-wise release of funds and expenditure incurred there against by all implementing agencies and Mission Directorate of the State/ UT under SBM (U) from 2016-17 to 2020-21 is given in **Table 5.1**.

Table 5.1: Component wise position of release of funds, expenditure incurred in respect of all ULBs of the State/ UT (2016-21)

(₹ in crore)

Component	Releases	Expenditure	Unspent	%age of unspent funds
IHHL	83.20	75.05	8.15	9.80
PT	71.23	58.76	12.47	17.51
Total	**154.43**	**133.81**	**20.62**	

Component-wise release of funds and expenditure incurred by 21 selected ULBs of the State/ UT under SBM (U) from 2016-17 to 2020-21 is given in **Table 5.2**.

Table 5.2: Component wise position of release of funds and expenditure incurred in respect of selected ULBs of the State/ UT (2016-21)

(₹ in crore)

Component	Releases	Expenditure	Unspent
IHHL	47.49	34.43	13.06
PT	27.96	26.38	1.58
Total	**75.45**	**60.81**	**14.19**

5.3 Identification of beneficiaries

Paragraph 4.3 of guidelines of SBM (U) stipulates that a beneficiary shall mean any household that does not have access to individual household toilet or has an insanitary toilet[4]. As per SBM guidelines a house-to-house survey was required to be carried out on the basis of data of Census 2011 or any recent survey available to identify households practicing open defecation. The baseline data collected during the survey

[3] 25 *per cent* PTs in SMC and JMC and all PTs in remaining 19 sampled ULBs.
[4] Dry and single pit latrine.

was to be put in public domain by 15.02.2015. On the basis of this data, the authorities were required to approve either a Household toilet or Community toilets (CTs) for group of households.

No house-to-house survey was carried out to see whether beneficiaries had or did not have existing sanitary latrine. Instead, Mission Director SBM (U) had only issued (2015-16) notifications through print and electronic media advising households having no latrines or insanitary latrines to register their applications at nearby Common Service Centres/ Khidmat Centres. Non-conducting of house-to-house survey also resulted in wrong identification of beneficiaries, as brought out by the following instances:

- In respect of JMC, instead of sanctioning one household toilet for one household, 45 households were sanctioned 134 IHHLs which also included 35 IHHLs sanctioned in favour of minors in the age group of 12 to 18 years. A photograph of same person was used in respect of five beneficiaries for release of payment. Chief Accounts Officer (CAO), JMC stated (March 2022) that the matter would be examined and factual position intimated to audit.
- Para 4.4.1 and 4.4.2 of SBM guidelines stipulated that 1st installment (50 *per cent*) of incentive for construction of IHHL should not be released without verification of beneficiary. Audit observed in Municipal Council, Sopore and Shopian that out of 1,563 beneficiaries, 154 beneficiaries were paid ₹ 3.15 lakh in 2016-17 as 1st installment for construction of sanitary latrines. They were not paid further assistance as it was stated that they already had IHHLs. Thus, undue payment of ₹ 3.15 lakh was made to these wrongly identified beneficiaries. No recovery was initiated as of May 2022.

The Executive officers of ULBs stated (December 2021/ February 2022) that these beneficiaries who were initially paid assistance as per guidelines were upon verification found to already have existing latrines.

Chief Executive Officer, Municipal Council, Sopore stated (June 2022) that 1st installment was released to the beneficiaries to start construction of IHHL units. It was further stated that after verification, it was observed that the beneficiaries had utilised the amounts for some other purposes and accordingly further payments were stopped.

The Director Finance, H&UDD stated (August 2022) that the Mission Director, SBM(U) had invited the beneficiaries through print and electronic media for registration in the near common service centres/ khidmat centres and ULBs had issued notices and obtained applications after door to door verification.

The claim regarding door-to-door verification by Director Finance, H&UDD was contradictory to the above quoted replies furnished (December 2021/ February 2022/ June 2022) by Executive officers of ULBs.

With regard to sanction of 35 IHHLs sanctioned in favour of minors, it was stated that the Commissioner JMC had initiated re-verification by a committee constituted for the purpose and that if any ineligible beneficiary was found the recovery proceedings would be initiated.

5.3.1 Targets *vis-à-vis* achievements

Mission targets of 1,34,073 IHHLs and 3,779 CTs/ PTs for all ULBs of State/ UT for the mission period (2014-21) were revised by State Level Apex Committee (SLAC)[5] to 51,232 IHHLs and 2,757 CTs/ PTs against which 51,246 IHHLs and 2,621 CTs/ PTs were shown in the records as achieved under the mission. In the selected 21 ULBs against targets of 27,596 IHHLs and 323 CTs/ PTs, 27,523 IHHLs (Constructed by Beneficiaries themselves: 14,043 and NGOs: 13,480) and 290 CTs/ PTs were shown in the records as achieved. Audit noticed that mission targets had not been set after conducting house to house survey for identification of beneficiaries but were set on the basis of Census of 2011.

5.4 Construction of IHHLs by beneficiaries themselves

For construction of IHHLs, Central Government incentive for construction of household toilets was ₹ 4,000 per IHHL. The incentive was revised (July 2016) to ₹ 10,800 per IHHL. State Share which was ₹ 444 (10 *per cent*) per unit was revised (July 2017) to ₹ 1,200 per IHHL with additional State contribution of ₹ 5,490 for new construction. Records of 21 selected ULBs showed that 14,043 IHHLs were constructed as of March 2021.

As per scheme guidelines after release of 1st installment[6] of incentive in favour of identified beneficiaries for construction of IHHLs, the 2nd installment was to be released upon verification of physical progress of construction. Actual process of verification was to be as per directions of respective State Government.

Audit noticed that actual process of verification of physical progress of work after release of 1st installment to ascertain whether the beneficiary had started construction of IHHL was not specified by the authorities of H&UDD. As per fund release orders issued by the State Mission Director, photographic/ videographic evidence of works was to be maintained. It was however, noticed that the department had not specified the process for monitoring physical progress of work at various stages. This had resulted in non-conversion of insanitary latrines into sanitary ones and excess/ double payment to beneficiaries as detailed in **Paras 5.4.1 and 5.4.2**.

5.4.1 Wasteful expenditure of ₹ 1.09 crore

In SMC assistance of ₹ 1.09 crore was paid (October 2019) to 1,828 beneficiaries as 1st instalment of ₹ 6,000 each for conversion of insanitary latrines into sanitary latrines. Audit noticed that as of September 2021, 2nd instalment had not been released in their favour. No reasons were on record for non-release of 2nd instalment in favour of the beneficiaries. Out of 1,828 beneficiaries, 51 were selected in seven selected wards of SMC for joint physical verification/ beneficiary survey with departmental staff of SMC. It was noticed during joint physical verification/ beneficiary survey that

[5] As per revised guidelines, SLAC [consisting of Chief Secretary as Chairman and Administrative Secretaries of seven Departments (Planning & development, Finance, Jal Shakti, Health & Medical Education, Housing & Urban Development, Information & Rural development & Panchayati Raj), Mission Director, Rural Sanitation, Commissioner SMC, Commissioner JMC, Director ULBs Jammu and Director ULBs Kashmir as members] has the flexibility to re-determine targets for IHHLs and PTs.

[6] 50 *per cent* of total.

none of the selected beneficiaries had constructed pits/ septic tanks and were still discharging the human waste/ excrete of their toilets into open surface drains. Non-conducting of survey for identification of beneficiaries had resulted in wasteful expenditure of ₹ 1.09 crore (including ₹ 3.06 lakh paid to these 51 beneficiaries) paid to these 1,828 beneficiaries. Thus, SMC had shown in the records wrong achievement of conversion of 1,828 insanitary IHHLs into sanitary units.

The Director Finance, H&UDD stated (August 2022) that the SMC had initiated a re-verification survey by ward officers, sanitary supervisors and sanitary inspectors and in case delinquency was found, notices would be issued to complete the work and in case of non-compliance, recovery proceedings including imposition of penalty would be initiated.

5.4.2 Excess/ double payment of ₹ 2.85 lakh to 29 beneficiaries
