

## Introduction

The Modern Coach Factory, Raebareli (MCF/RBL) was set up at Lalganj in Raebareli district of Uttar Pradesh with the laying of foundation stone in February 2007 at a cost of about Rs. 2973.36 Cr. for producing state of the art, stainless steel coaches (LHB type) with annual capacity of 1000 coaches. The first completely in-house manufactured coach was turned out in August 2014.

Besides manufacturing stainless steel LHB coaches, as the name suggests, MCF/RBL is taking up new challenges of manufacturing modern day coach design, including train sets, metro coaches, aluminium body coaches, bullet train coaches and high speed coaches to meet upcoming demands.

MCF/RBL is headed by General Manager and is supported by PCME, PCEE, PCMM, PCE, PCPO and PFA along with other officers at the level of SAG, JAG, Sr. Scale Junior Scale.

## Activities of Modern Coach Factory/Raebareli

- ✓ Complete procurement (including imported bogie items) of more than 1700 items of various categories for the manufacturing of different types of LHB coaches.
- ✓ Manufacturing of all types of LHB Coaches viz. LWACCW, LWACCN, LWACCN (Humsafar), LS (Deen Dayalu), LWLLRM, Under slug SLR/SLRD, LWSCN, TRC Coach, LS (Antyodaya) etc. and supply of coaches to the different Zonal Railways as per demand.
- ✓ Development of indigenous sources for the supply of items to promote make in India policy.
- ✓ Organizing regular vendor meets for development of sources of supply and to enhance the vendor base. Participations in vendor meet organized by State Govts., Ministry of MSME, Industry Associations etc. to develop local vendors around MCF.
