Explanatory Notes to Appendix III, IV and V:

1. The abridged accounts in the foregoing statements have to read with comments and explanations in the Finance Accounts.
2. Government Accounts being mainly on cash basis, the deficit on Government Account, as shown in Appendix III, indicates the position on cash, as opposed to accrual basis in commercial accounting. Consequently, items payable or receivable on items like depreciation on variation in stock figures etc., do not figure in the Accounts.
3. Suspense and Miscellaneous balance include cheques issued but not paid, inter-departmental and inter-Government payments and others awaiting settlement.
