GRAND TOTAL								9939299							4642370							4386427					
Total for all trains in March 2004=18968056														Total for one year=227616672													

Note: The selection of trains has been done out of trains which qualify to be treated as 'Inter City' as per criteria laid down by RFFC but running as ordinary express trains. The number of passengers booked from originating station to destination station during the month of March 2004 has been taken into account and the fares have been increased by 10% to assess the financial impact.
