Synopsis

The Comptroller and Auditor General of India is auditing the ease of doing business for micro, small, and medium enterprises. This audit will assess government reforms and their effectiveness. The report is planned for submission in Parliament in 2026. The goal is to improve policy for MSMEs, a key economic driver.

CAG

New Delhi: The Comptroller and Auditor General of India (CAG) is undertaking an audit focusing on the ease of doing business in the micro, small and medium enterprises sector, additional deputy CAG Pravir Pandey said.

The move is part of the CAG's efforts to go beyond traditional financial and compliance checks to evaluating outcomes and the effectiveness of reforms
