CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA

This compilation containing the Finance Accounts of the Government of Chhattisgarh

for the year 2006-2007 presents the accounts of the receipts and outgoings of the Government for the year,

together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt

and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation

Accounts of the Government for the year for Grants and Charged Appropriations, presented separately,

supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the

requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971

read with the provisions of the Madhya Pradesh Re-organisation Act, 2000. According to the best of my

information, as a result of audit of these accounts, the accounts now presented read with the observations in

this compilation, are correct statements of receipts and outgoings of the Government of Chhattisgarh for the

year 2006-2007. Points of interest arising out of the study of these accounts as well as test audit conducted

during the year or earlier years are contained in my Report (s) being presented separately for the year 2006-

2007, Government of Chhattisgarh.

Sd/-

New Delhi The 16 November 2007 (Vijayendra N. Kaul) Comptroller and Auditor General of India

INTRODUCTORY

1. The accounts of Government are kept in the following three parts:-

Part I Consolidated Fund

Part II Contingency Fund

Part III Public Account

In part I namely Consolidated Fund, there are two main divisions, viz:-

- (1) Revenue-consisting of sections for `Receipt Heads (Revenue Account)' and `Expenditure Heads (Revenue Account)';
- (2) Capital, Public Debt, Loans, etc. consisting of sections for `Receipt Heads (Capital Account), Expenditure Heads (Capital Account)' and `Public Debt, Loans and Advances, etc.'

The Revenue division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure met therefrom, the net result of which represents the revenue surplus or deficit for the year.

In Capital division, the section `Receipt Heads (Capital Account)' deals with receipts of capital nature which cannot be applied as a set off to capital expenditure.

The section `Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of a capital nature intended to be applied as a set off against expenditure.

The section `Public Debt, Loans and Advances, etc.' comprises loans raised and their repayments by Government such as `Internal Debt' and `Loans and Advances' made (and their recoveries) by Government. This section also includes certain special types of heads for transactions relating to appropriation to the `Contingency Fund' and `Inter-State Settlement'.

In Part II, namely Contingency Fund, of the accounts, the transactions connected with the Contingency Fund established under Article 267 of the Constitution of India are recorded.

In Part III, namely Public Account, of the accounts, the transactions relating to `Debt' (other than those included in part - I), `Deposits', `Advances', `Remittances' and `Suspense' are recorded. The transactions under `Debt',` Deposits and Advances`, in this part are those in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid, together with the repayments of the former (`Debt' and `Deposits') and the recoveries of the latter(`Advances'). The transactions relating to `Remittances' and `Suspense' in this part embrace all merely adjusting heads under which appear such transactions as remittances of cash between treasuries and currency chests transfers between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

2. Sections and Heads of Accounts

Within each of the sections in Part I mentioned above, the transactions are grouped into sectors such as `Tax Revenue', `Non-Tax Revenue' and `Grants-in-aid and Contributions' for the receipt heads (revenue account), and `General Services', `Social Services', `Economic Services' and `Grants-in-aid and Contributions' for expenditure heads. Specific functions or services (such as Education, Sports, Art and Culture, Health and Family Welfare, Water supply, Sanitation, Housing and Urban Development, etc., in respect of Social Services) are grouped in Sectors for expenditure heads. In Part III (Public Account) also, the transactions are grouped into sectors, such as `Small Savings', `Provident Funds', `Reserve Funds`, etc. The Sectors are sub-divided into major heads of account. In some cases, the Sectors are, in addition, sub-divided into sub-sectors before their division into major heads of account.

The major heads are divided into minor heads, with a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads before their further division into minor heads. Apart from the Sectoral and sub-sectoral classification the Major Heads, Sub-Major Heads, Minor Heads, Sub-Heads, Detailed Heads and Object Heads together constitute a six-tier arrangement of the classification structure of the Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, sub-heads and other units of allotments which are adopted by the Governments for Demands for Grants presented to the Parliament or Legislatures but in general a certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to functions of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objective of the function represented by the major head. The sub-head represents the scheme, the detailed head, the sub-scheme and object head of the object level of classification.

3. CODING PATTERN

Major Heads:

From 1st April 1987 a four digit Code has been allotted to the major heads, the first digit indicating whether the major head is a Receipt head or Revenue Expenditure head or Capital Expenditure head or a Loan head.

The first digit of code for Revenue Receipt heads is either `0' or `1'. Adding 2 to the first digit of the code of the Revenue Receipt head will give the number allotted to corresponding Revenue Expenditure head; adding another 2, the Capital Expenditure head; and another 2, the Loan head of Account. For example, for Crop Husbandry code 0401 represents the Receipt head, 2401, the Revenue expenditure head, 4401, Capital Outlay head and 6401, Loan head.

Such a pattern is, however, not relevant for those departments which are not operating Capital/Loan heads of accounts e.g. Department of Supply. In a few cases, where receipt and expenditure are not heavy, certain functions have been combined under a single major head, the functions themselves forming sub-major heads under that Major head.

Sub Major Heads:

A two digit code has been allotted, the code starting from 01 under each major head. Where no sub-major head exists it is allotted a code `00'. The nomenclature `General' has been allotted code `80` so that even after further sub-major heads are introduced the Code for `General' will continue to remain the last one.

Minor Heads:

These have been allotted a three digit code, the codes starting from `001' under each sub-major/major head (Where there is no sub-major head). Codes from `001' to `100' and few codes `750' to `900' have been reserved for certain standard minor heads. The coding pattern for minor heads has been designed in such a way that in respect of certain minor heads having a common nomenclature under many major/sub-major heads, the same three digit code is adopted as far as possible.

Under this scheme of codification, the receipt major heads (revenue account) are assigned the block numbers from 0020 to 1606, expenditure major heads (revenue account) from 2011 to 3606, expenditure major heads (capital account) from 4046 to 5475, major head under `Public Debt' from 6001 to 6004 and those under `Loans and Advances', Inter-State settlement and `Transfer to Contingency Fund' from 6075 to 7999. The code number 4000 has been assigned for Capital receipt major head. The only major head `Contingency Fund' in Part II `Contingency Fund' has been assigned the code number 8000. The major heads in the Public Account are assigned the code numbers from 8001 to 8999.

- 4. In terms of the Madhya Pradesh Reorganisation Act, 2000 (No.28 of 2000), the State of Madhya Pradesh was reorganised and a new State known as State of Chhattisgarh had been formed with effect from 1st November 2000 (i.e. appointed day). The apportionment of assets and liabilities of the composite State of Madhya Pradesh immediately prior to the appointed day as also other financial adjustments are to be undertaken in each case with reference to the provision of the Madhya Pradesh Re-organisation Act, 2000 (No. 28 of 2000). Wherever such progressive expenditure and the closing balances have been allocated and transfers made, such amounts have been shown in these accounts. In other cases, the allocations and transfers and also readjustment will be made in the Finance Accounts of the subsequent years on receipt of further details/information from the concerned Institution/Government. Explanatory notes have been appropriately incorporated in these accounts to indicate the allocations and transfers of progressive expenditures and the closing balances to the extent possible. Care has been taken to reconcile the progressive expenditures and the closing balances with the authorities concerned.
- 5. The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March as distinguished from amounts due to or from Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and are subject to test check by the Indian Audit and Accounts Department.
- 6. The figures of actuals shown in these accounts are net, after taking into account the recoveries, although the Demands for Grants presented to Legislature and the Appropriation Accounts are for gross expenditure and exclude credits and recoveries which are otherwise taken as reduction of expenditure.

(i) Statement of Borrowings - contd.

No law under Article 293 of the Constitution has been passed by the State Legislature laying down the limits within which the Government may borrow on the security of the Consolidated Fund of the State.

EXPLANATORY NOTES

- 1. The indebtedness of the State Government increased by Rs. 7,27.37 crore during the period.
- 2. Full particulars of the loans and other debts are available in Statement No. 17.
- 3. Internal Debt of the State Government:- It comprises long term loans raised from open market, borrowings of temporary character to cover resource gaps and loans obtained by the Government from autonomous bodies.

Open Market Loans :- All loans raised by the Government from open market which have a currency of more than twelve months are grouped under this category of debt.

The 13.85 per cent Madhya Pradesh State Development Loan, 2006 was discharged during the year 2006-07. A sum of Rs. 73,02.40 lakh was repaid during the year leaving the balance of Rs. 2.95 lakh against this loan at the end of the year.

Short term borrowings: - This class of debt comprises borrowings of a purely temporary character repayable within twelve months such as Ways and Means Advances from Reserve Bank of India.

There was no balance at the beginning of the year under Ways and Means Advances. During the course of the year no advances were obtained from the Reserve Bank of India.

Loans from autonomous bodies: - This category of borrowing embraces loans obtained by the Government from various autonomous bodies, such as Life Insurance Corporation of India, National Bank for Agriculture and Rural Development, National Co-operative Development Corporation, Housing and Urban Development Corporation, Rural Electrification Corporation, General Insurance Corporation of India and National Capital Region Planning Board and Compensation and Other Bonds.

During the period, the Government received Rs. 1,16.68 crore as loans from such bodies and made repayment of Rs. 81.99 crore. The balance of such loans outstanding at the end of 31st March 2007 was Rs. 11,00.19 crore. The Government paid Rs. 40.39 crore as interest to various autonomous bodies on loans received from them.

During the period the Government held Rs. 7,65.16 crore under Special Securities issued to National Small Savings Fund of the Central Government and paid Rs. 4,08.32 crore as interest.

Full particulars of loans from autonomous bodies are given in Statement No. 17 and its Annexure.

Loans from the Government of India: Loans from the Government of India formed 21.09 per cent of the total public debt on 31st March 2007.

Details of loans taken by the State Government from the Government of India are given in Statement No. 17 and Annexure to Statement No.17

EXPLANATORY NOTES

- Cash Balance The general cash balance represents the combined balances of the Consolidated Fund, Contingency Fund and Public Account.
- 2. Under an agreement with the Reserve Bank, the Government of Chhattisgarh has to maintain with the Bank a minimum balance of Rs.0.72 crore on each day w.e.f. 1.11.2000. The Bank informs the Government by E-Mail of its daily balance with the bank at the close of each working day. If this balance falls below the agreed minimum on weekly settling days, the deficiency is made good by taking Ways and Means advances (Normal and Special) from the Reserve Bank of India or by selling Government of India treasury bills.

There was a difference of Rupees 18,81,50,858.96 (Cr.) between the figures reflected in account i.e Rupees 6,11,84,96,440.19 (Cr.) and that intimated by Reserve Bank of India Rupees 5,93,03,45,581.23 (Dr.) regarding "Deposits with Reserve Bank" included in the Cash Balance. After closing of March,2007 accounts the net difference to be reconciled was Rupees 18,81,50,858.96 (Cr.).

The Special Ways and Means Advance limit is linked to the investments made by State Governments in the Government of India securities, i.e. dated securities and Treasury Bills. A lower and uniform margin of five per cent is being applied now on the market value of the securities for determining the operating limit of Special Ways and Means Advance limits first before seeking accommodation under the normal Ways and Means Advance limits. The rate of interest applicable to Special Ways and Means Advance is one per cent below the Bank Rate. Limit of Special Ways and Means advances was as follows:-

Period	Limit in crore of rupees	
01-04-06 to 12-04-06	4,83.82

EXPLANATORY NOTES

- 1. **Government Account:-** Under the system of book keeping followed in Government Accounts, the amount booked under revenue, capital heads and other transactions of the Government, the balances of which are not carried forward from year to year in the accounts, are closed to a single head called `Government Account'. The balance under this head represents the cumulative result of all such transactions so that after adding thereto, the balances under Public Debt, Loans and Advances, Small Savings, Provident Funds, etc., Reserve Funds, Deposits and Advances, Suspense and Miscellaneous (other than Miscellaneous Government Account), Remittances and the Contingency Fund, the closing cash balance at the end of the year may be worked out and proved.
- 2. The headings in the summary take into account the balances under all account heads in Government books where Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transactions. It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government of Chhattisgarh as these do not take into account all the physical assets of the State such as lands, buildings, communications etc., nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by the Government.
- 3. A summary of receipts, disbursements and balances under the heads of account relating to Debt, Contingency Fund and Public Account is given in Statement No. 16.
- 4. In a number of cases (shown with # Mark in Statement Nos. 16 and 18), there are unreconciled differences in the closing balances as reported in Statement Nos. 16 and 18 those shown in the separate registers or other records maintained in the Accounts office/Departmental Office for the purpose. Steps are being taken to settle the discrepancies as soon as possible. In many cases the full details and documents required for the purpose are awaited from departmental/Treasury Officers, Details of cases involving large amounts or pertaining to old periods are given in Appendix III.

⁽B) Figures in bold font represents amount retained in Madhya Pradesh, pending allocation between the successor States for want of details.
