The balance in the funds at the commencement and at the end of 2010-2011 are given below:

In accordance with Section 54(4) of the Bombay Reorganisation Act, 1960 securities relating to investments made from Sinking Fund and Depreciation Fund held by the former State of Bombay for repayment of any loans raised by it are required to be divided between the State of Maharashtra and Gujarat in the same proportion as that adopted for division of the total Public Debt under this section. This allocation has not yet been made. However, securities, held under the investment accounts of the Sinking and Depreciation Funds by the composite Bombay State, have been divided provisionally between Maharashtra and Gujarat on population ratio.

**2.Loans and Advances from the Central Government :-**

Details of the loans taken by State Government from the Government of India are given in Statement No.15. The Government of Gujarat does not consider any amortisation arrangements necessary for repayment of loans which are repayable in annual instalments. Sinking Funds, have, however, been constituted for repayment of loans which are repayable in lump sum on the expiry of the prescribed period. Annual contribution is made to these funds in such amounts as Government may decide from time to time. Nil crores being interest earned on Sinking Fund Investments were contributed to these funds during 2010-2011.

**3. Small Savings, Provident Funds, etc:-** This comprises mainly the Provident Fund balances of the Government Servants.

(ii) **Other Obligations :-** In addition to the above, the balances at the credit of earmarked and other funds as also certain deposits to the extent to which they have not been invested but are merged with the general cash balance of Government also constitute the liability of Stater Government.

**Appendix VIII- SUMMARY OF BALANCES**  
**(CONSOLIDATED FUND, CONTINGENCY FUND AND PUBLIC ACCOUNT)**

**Explanatory Notes**

B. Government Account: Under the system of book-keeping followed in Government accounts, the amount booked under revenue, capital and other transactions of Government the balances of which are not carried forward from year to year in the accounts, are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions

To this the balances under Public Debt, Loans and Advances, Small Savings, Provident Funds, Reserve Funds, Deposits and Advances, Suspense and Miscellaneous (Other than Miscellaneous Government Account), Remittances and Contingency Fund, etc. are added and the closing cash balance at the end of the year is to be worked out and proved..

The other headings in the summary take into account the balances under all accounts heads in Government books in regard to which Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transactions.

*It must be understood that these balances can not be regarded as a complete record of the financial position of the Government as it does not take into account all the physical assets of the State, such as lands, buildings, communication, etc. nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.*

The net amount at the debit of Government Account at the end of the year has been arrived at as under :-

Debit (₹ In lakh)	Details	Credit (₹ In lakh)
10,78,40,36.49	A-Amount at the debit of Government on 1st April 2010	
	B-Revenue Receipts	5,23,63,64.19

<b>17,49,63,92.64</b>		<b>17,49,63,92.64</b>

- (i) In a number of cases, there are unreconciled differences in the closing balance as reported in the statement of 'Receipts, Disbursements and Contingency fund and Public Account' and that shown in separate Registers or other record maintained in the Account office/ Departmental offices for the purpose. Steps are being taken to settle the discrepancies.

- 2 *Productive and Unproductive Works - Works in the Irrigation Department are treated as 'Productive' or 'Unproductive' according to whether the net revenue (gross revenue assessed less working expenses) derived from each project on the expiry of ten years from the date of closure of the construction estimates, covers or does not cover the prescribed annual interest charges on the capital invested. The prescribed rate of interest during 2010-11 was 10 per cent. If a work treated as 'Productive' fails to yield the prescribed return in three successive years, it is transferred to the 'Unproductive' category. Similarly, if a work treated as 'Unproductive' succeeds in yielding in three successive years the prescribed return, it is transferred to the 'Productive' category. The State Government did not indicate any classification of the works in terms of them being Productive or Unproductive (July, 2011).*
- 3 The information in respect of Arrears in collection of water rates has not been furnished by the department.
