**(ix) SUSPENSE TRANSACTIONS UNDER 2059 PUBLIC WORKS:**

The nature of transactions under 'Suspense' and the accounting procedure followed in the Public Works Department are explained below:

The Minor Head 'Suspense' is not a final head of account. It accommodates interim transactions for which further payments or adjustments of value are necessary before transactions can be considered as complete and are finally accounted for. Accordingly, the transactions under this head, if not adjusted to the final head of account, are carried forward from year to year. 'Suspense' head has two sub-divisions viz.,

- (a) Stock
- (b) Miscellaneous Works Advances.

(a) **Stock:** This sub-division is debited with the value of stores acquired, not for any particular work but for the general use of the division. It is credited with the value of materials, issued for use of work or sold or otherwise disposed off. This sub-division will, therefore, show a debit balance representing the book value of the materials held in stock, plus unadjusted charges etc., connected with manufacture, if any.

**GRANT NO.20 – PUBLIC WORKS – contd.**

(b) **Miscellaneous Works Advances:** This sub-division comprises debits for the value of stores sold on credits, payments made for stores not yet received, losses of stores or cash not written off and sums recoverable from other Governments, Departments, Government Servants, Local Bodies, etc. A debit balance under the sub-division thus represents recoverable amounts.

The expenditure under this grant includes ₹10.88 lakh booked under ‘Suspense’. An account of the transactions under ‘Suspense’ during 2009–10 together with opening and closing balance is given below:
