**APPENDIX VIII- SUMMARY OF BALANCES - Contd.**  
**(CONSOLIDATED FUND, CONTINGENCY FUND AND PUBLIC ACCOUNT)**

**B. Government Account :-**

Under the system of book-keeping followed in Government accounts, the amounts booked under revenue and capital heads and other transactions of Government, the balances of which are not carried from year to year in the accounts, are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions.

To this the balances under Public Debt, Loans and Advances, Small Savings, Provident Funds, Reserve Funds, Deposits and Advances, Deposits and Advances, Suspense and Miscellaneous (other than Miscellaneous Government Account), Remittances and Contingency Fund, etc, are added and the closing cash balance at the end of the year is to be worked out and proved.

The other headings in the summary take into account the balances under all accounts heads in Government books in regard to which Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transactions.

It must be understood that these balances can not be regarded as a complete record of the financial position of the Government as it does not take into account all the physical assets of the State, such as lands, buildings, communication, etc. nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.

**APPENDIX –IX - FINANCIAL RESULTS OF IRRIGATION SCHEMES**

**(i) - FINANCIAL RESULTS OF IRRIGATION WORKS 2009-2010**

According to the present classification, the Irrigation Works are divided into “Commercial” and “Non- Commercial” . In the administrative accounts of Irrigation Projects, however, the works are categorised as ‘Productive’ and ‘Unproductive’, accordingly as the net revenue (gross revenue less working expenses) estimated to be derived from each work, on the expiry of ten years from the date of closure of the construction-estimates, covers or does not cover, the prescribed annual interest charges on the capital invested.

The State Government revised the criteria for declaration of a scheme as ‘Commercial’ from 1971-72 according to which the irrigation works satisfying the following conditions are considered as “Commercial”:-

- (a) Schemes, completed before 1st April,1951 (i.e. before commencement of the First Five Year Plan) and each costing more than Rs.10 lakh or irrigating more than 4,000 acres.
- (b) Schemes, the construction of which had been completed after 31st March,1951 and which have been considered as major irrigation schemes or medium irrigation schemes.

The categories of schemes as Major, Medium and Minor are done by the Government of Maharashtra as given below :-

<b>Category</b>	<b>Monetary Limit</b>
Major	More than ₹ 500 Lakh.
Medium	More than ₹ 25 lakh(₹ 30 lakh in Hilly areas) and not more than ₹ 500 Lakh.
Minor	Costing upto ₹ 25 lakh.

The capital outlay on major works to the end of 2009-2010, their works expenses and revenue receipts from them are shown in the statement at pages 404-405. The revenue receipts of all six schemes shown in the statement were not adequate except Bhatsa Project to cover both working expenses and interest on capital outlay. There was an overall net profit of ₹ 6195.20 lakhs (i.e.8.85%) after meeting the working expenses & interest charges on capital outlay. The information regarding arrears in collection of water rates at the end of 2009-2010 was still awaited (August-2010).
