The Finance Accounts have been prepared under my supervision in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and have been compiled from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and departments responsible for the keeping of such accounts functioning under the control of the Government of Orissa and the statements received from the Reserve Bank of India. Statements (No. 7, 9, and 15), Explanatory Notes to Statement Nos. 7 and 9 and Appendices-V and X in this compilation have been prepared directly from the information received from the Government of Orissa/Corporations/Companies/Societies who are responsible to ensure the correctness of such information.

The treasuries, offices and/or departments functioning under the control of the Government of Orissa are primarily responsible for preparation and correctness of the initial and subsidiary accounts as well as ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations relating to such accounts and transactions. I am responsible for preparation and submission of Annual Accounts to the State Legislature. My responsibility for the preparation of accounts is discharged through the office of the Principal Accountant General (A&E). The audit of these accounts is independently conducted through the office of the Accountant General (Audit) in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these Accounts based on the results of such audit. These offices are independent organizations with distinct cadres, separate reporting lines and management structure.

The audit was conducted in accordance with the Auditing Standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the best of my knowledge and belief, the Finance Accounts read with the 'Explanatory Notes' and 'Notes to Accounts' give a true and fair view of the financial position and the receipts and disbursements of the Government of Orissa for the year ended 31<sup>st</sup> March 2011.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Reports on the Government of Orissa being presented separately for the year ended 31<sup>st</sup> March 2011.

## Guide to the Finance Accounts

### A. 1 Broad overview of the Structure of Government Accounts

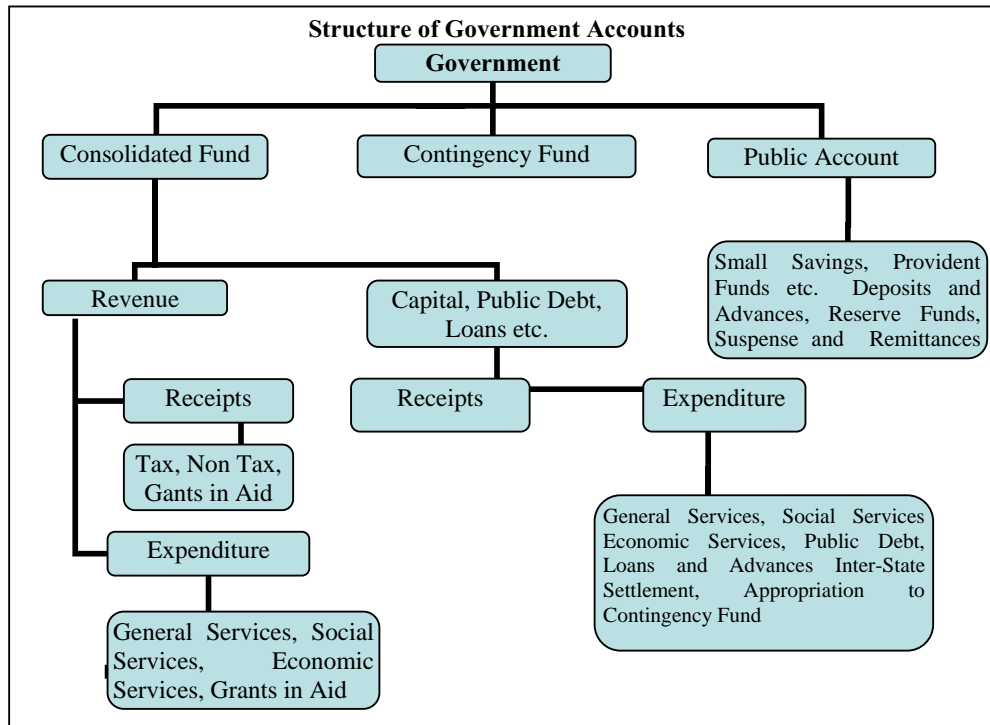

The Accounts of the Government are kept in three parts:

Part I: The Consolidated Fund: All Receipts and Expenditure on Revenue and Capital Account, Public Debt and Loans & Advances forms the Consolidated Fund of the State

Part II: The Contingency Fund: Legislature may by law establish a Contingency Fund which is in the nature of an imprest. The Fund is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional major head in the Consolidated Fund of the State.

Part III: The Public Account: All other public moneys received by or on behalf of the Government are credited to the Public Account. The expenditure out of this account is not subject to the vote of the Legislature. In respect of the receipts into this account, the Government acts as a banker or trustee. Transactions relating to Debt (other than public debt in Part I), Deposits, Advances, Reserve Funds, Remittances and Suspense form the Public Account.

#### A.1.1 Pictorial representation of Structure of Government accounts

### A. 2. DIVISIONS, SECTIONS, SECTORS etc

The two main divisions of the Accounts in the Consolidated fund are, as depicted in A.1.1 above, 'Revenue and 'Capital, Public Debt, Loans etc.' which are divided into sections 'Receipts 'and 'Expenditure'. Within each of the Divisions and Sections of the Consolidated Fund the transactions on the expenditure side are grouped into Sectors such as, "General Services", "Social Services", "Economic Services", under which specific functions or services shall be grouped. The Sectors are subdivided into subsectors/Major heads of account. Major heads correspond to functions and are further divided into sub major heads (sub functions) and minor heads (programmes) which are depicted in volume 2 of the Finance Accounts. The classification below minor heads of account i.e. subheads (schemes) and detailed and object heads (objects of expenditure) are not depicted in the Finance Accounts (minor exceptions exist), though some details are included in the appendices.

### CASH BALANCES AND INVESTMENT OF CASH BALANCES

#### Explanatory Notes

**(a) Cash and Cash Equivalents:** Cash and cash equivalents consist of cash in treasuries and deposit with Reserve Bank of India and other Banks and Remittances in Transit, as stated below. The balance under the head 'Deposits with Reserve Bank' depicts the combined balance of the Consolidated Fund, Contingency Fund and the Public Account at the end of the year. To arrive at the overall cash position, the cash balances with treasuries, departments and investments out of the cash balances/reserve funds etc are added to the balance in 'Deposits with RBI'.

**(b) Daily Cash Balance:** Under an agreement with the Reserve Bank of India, the State Government has to maintain a minimum cash balance of ₹1.28 crore with the Bank. If the balance falls below the agreed minimum on any day, the deficiency is made good by taking ordinary and special ways and means advances/overdrafts from time to time.

For arriving at the daily cash balance<sup>2</sup> for the purpose of grant of Ways and Means advances/Overdraft, the RBI evaluates the holdings of the 14 day treasury bills along with the transactions reported (at RBI counters, Inter-Government transactions and Treasury transactions reported by the agency banks) for the day. To the cash balance so arrived, the maturity of 14 day Treasury Bills if any, is added and excess balance, if any, after maintaining the minimum cash balance is reinvested in Treasury Bills. **If the net cash balance arrived at results in less than the minimum cash balance** or a credit balance and if there are no 14 day treasury bills maturing on that day, RBI rediscounts the holdings of the 14 day Treasury Bills and makes good the shortfall. If there is no holding of 14 day Treasury Bills on that day the State Government applies for Ways and Means Advances/Special Ways and Means Advances/ Over Draft.

---

Note <sup>2</sup> - The cash balance ('Deposits with RBI') above is the closing cash balance of the year as on 31<sup>st</sup> March 2011 but worked out by 16<sup>th</sup> April 2011 and not simply the daily balance on 31<sup>st</sup> March 2011.

**2. New and Additional Taxation Measures:-**

Information on New and Additional Taxation Measures has not been received from Government, though it was called for. However, new taxation policy as available in the Statement presented along with the Annual Budget 2010-2011 under the Orissa Fiscal Responsibility & Budget Management Rules, 2005 is detailed below: -

**Tax Policy: -**

Simplification and rationalisation  
Modernisation of Tax Administration with IT intervention  
Strengthening the enforcement Measures

Stress on Arrear Collection and timely compliance to the observations of Audit in the Report of C&AG (RR) for taking preventive action etc.

**(i) VAT:-**

Vat was introduced from 1<sup>st</sup> April 2005. Since this is a destination and multi-point tax there is potential for growth of revenue if well administered. It would also result in a single market throughout India and put an end to tax war among the states to attract investment. The VAT collection was severely affected by global recession during the 1<sup>st</sup> half of the year registering negative growth compared to the same period during previous year. However, with gradual recovery on the economy from recession, there is improvement in collection during the 2<sup>nd</sup> half of the year. The VAT is projected to grow @ 15% in 2010-2011 with a Tax buoyancy of 1.20.

**(ii) Entertainment Tax Act:-**

It is proposed to bring the DTH-Broadcasting Service providers under the purview of Entertainment Tax Act. A formal amendment proposal has been submitted and draft bill has been prepared to be laid before the Assembly.

**(iii) Central Sales Tax (O) Rules, 1957:-**

The Central Sales Tax (O) Rules, 1957 has been amended w.e.f. 6<sup>th</sup> July, 2006 to make it VAT compatible. As per decision of the Government of India, CST rate is being reduced from 4% to 3 % w.e.f. 01.04.2007 to 2 % w.e.f. 01.04.2008. The rate of 2% continued in the year 2009-2010 and is likely to continue in 2010-2011. The rate reduction along with impact of Global recession has brought down the CST collection and has impacted the Tax Revenue of the State Government.

**(iv) Luxury Tax:-**

The Luxury Tax Act, 1995 is inoperative after the judgement dt.21.01.2005 of Hon'ble Supreme Court in the matter of God fray Philips India Ltd. & another – Vrs. State of U.P. & others.

**(v) Entry Tax:-**

The litigation relating to the vires of the Entry Tax Legislation affected the Collection of Entry Tax in 2008-2009 and 2009-2010. However, the recent vacation of stay order on collection of the tax on certain commodities will improve Entry Tax collection during the year 2010-2011.

#### EXPLANATORY NOTES

**B. Government Account:** Under the system of book-keeping followed in Government accounts, the amount booked under revenue, capital and other transactions of Government the balances of which are not carried forward from year to year in the accounts, are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions

To this the balances under Public Debt, Loans and Advances, Small Savings, Provident Funds, Reserve Funds, Deposits and Advances, Suspense and Miscellaneous (Other than Miscellaneous Government Account), Remittances and Contingency Fund, etc. are added and the closing cash balance at the end of the year is to be worked out and proved.

The other headings in the summary take into account the balances under all accounts heads in Government books in regard to which Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transactions.

*It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government as it does not take into account all the physical assets of the State, such as lands, buildings, communication, etc. nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.*

The net amount at the debit of Government Account at the end of the year has been arrived at as under:-

Steps are being taken to settle the discrepancies.

### FINANCIAL RESULTS OF IRRIGATION WORK AND ELECTRICITY SCHEMES

#### EXPLANATORY NOTES

##### *Financial results of Irrigation Projects*

1. Financial Results of Minor Irrigation Schemes have not been shown in this statement.

2. The Irrigation Projects in respect of which both revenue receipts and direct working expenses appeared in accounts are mentioned in this statement. 25 other Multipurpose Major and Medium Irrigation Projects are under execution.

Out of the 57 Projects/Schemes shown in this statement there is a revenue receipt of ₹1,02,11.04 lakh in respect of 26 Projects/Schemes to meet the working expenses. The interest on the above mentioned commercial Projects have not been adjusted in accounts in accordance with the decision of the State Government (November 1978) to discontinue the same with effect from 1979-80. For evaluating the working results of such projects in a complete shape, the interest charges have been worked out notionally at the rate fixed for the year 1978-79 and exhibited in the statement. After meeting the working expenses and the interest on capital outlay the schemes exhibited a net loss totalling to ₹(-) 3,12,02.90 lakh as against ₹(-) 3,69,05.12 lakh in the year 2009-2010. The net loss expressed as the percentage of Capital Outlay to the end of 2010-2011 is (-) 8.87 as against (-) 10.98 to the end of 2009-2010.

#### 3. Non-assessment of Betterment Levy and Water Charges:-

Betterment charges have not been levied on land irrigated by the Canals of Irrigation Schemes.

#### 4. Productive and Unproductive Works:-

Works in the Irrigation Department are classified as Productive and Unproductive according to the net revenue (Gross revenue less working expenses) derived from each work on expiry of ten years from the closure of construction estimate covers or does not cover the prescribed annual interest charges on the capital invested.

The productivity test involves certain proforma adjustments which do not appear in the regular Government Accounts. If a work classed as productive, fails to yield the prescribed return for three successive years it is classed as "Unproductive". Similarly, if a work classed as "Unproductive" yields for the successive years the prescribed return, it is transferred to "Productive" class. The prescribed rate was 4 per cent on Power and 3 per cent on irrigation for Hirakud Dam Project, 4 per cent for Orissa Canals Project and Rushikulya System, 4.5 per cent for Salandi Irrigation Project and Medium Irrigation Projects, 3.57 per cent for Delta Irrigation Project upto 31st March 1987. The information regarding revision of such rates, if any, is awaited from the Government.

Hirakud Dam Project Stage-I and Stage-II have been classified as "Productive" from the year 1966-67. The other medium Irrigation Projects have been classed as "Unproductive".

#### FINANCIAL RESULTS OF ELECTRICITY SCHEMES

##### **1. Machhkund Hydro Electric (Joint) Scheme:-**

The Government of Orissa had undertaken the Machhkund Hydro-Electric (Joint) Schemes in 1944 jointly with the Government of Andhra Pradesh with equal rights. Subsequently the Government of Orissa agreed to transfer 20 percent of its rights to the Government of Andhra Pradesh for 99 years in lieu of compensation paid by the latter to the former, according to the terms and conditions agreed upon between the two Governments. During the construction period, Orissa and Andhra Pradesh were to bear 30 percent and 70 percent respectively of the capital expenditure. The capital invested by the Government of Orissa to the end of 1958-59 was ₹4,62.64 lakh. Debits raised by the Government of Andhra Pradesh for ₹64.94 lakh representing Orissa share (30 percent) of the capital expenditure during 1959-60 to 1992-93 have not been accepted by the Government of Orissa.

With the formation of the Orissa State Electricity Board from 1st March 1961, all the completed electrical transmission and distribution systems and the Talcher Thermal Scheme have been transferred to the Board. The Government, however, retained the Machhkund Hydro-Electric (Joint) Scheme under its control till 31st March 1979 and thereafter, the management rights of the Machhkund Power House was vested with the Orissa State Electricity Board with effect from 1st April 1979 and Orissa State Electricity Board is to bear the state share of the operation and maintenance charges in their account and receive payment of interest charges and royalty on behalf of the State Government. The Board shall also maintain and render complete accounts of receipts and expenditure to the State Government at the close of each financial year.

The interest charges on capital provided by the Government for the scheme have not been adjusted in the accounts for 2010-11 on the analogy of the decision of the State Government to discontinue maintenance of accounts separately for commercial schemes and also in absence of necessary budget provision.

The Government of Orissa vide Energy Deptt. Notification No. 6052, dt. 29.03.97 has amended the Orissa Electricity Reform (Transfer of Undertakings, Assets, Liabilities, Proceedings and Personnel) Scheme Rules, 1996. Such amendment included the transfer of Orissa Share of Assets of Machhkund Hydro Electric Project with generating plants and machinery & appurtenant structures to Orissa Hydro Power Corporation Ltd. with effect from 1<sup>st</sup> April, 1997. It was joint project of erstwhile OSEB and APSEB. The dispute between OSEB and APSEB prior to 1.4.97 have not yet been settled.

##### **2. Balimela Dam and Power Project:-**

The Balimela Dam (Joint) Project was taken up for execution by the Government of Orissa in the year 1961-62 at the estimated cost of ₹24 crore in pursuance of an inter-state agreement signed by the Chief Ministers of Orissa and Andhra Pradesh. The cost of the joint Dam was to be shared equally by the two Governments. The latest revised estimated cost stood at ₹52.14 crore. It was intimated by the Government that it has been agreed to in the XV meeting of the Balimela (joint) Control Board held on 23rd September 1975 that the Government of Andhra Pradesh would bear 50 percent of common works of Balimela Dam (Joint) Project as raised from time to time in excess

of the original cost of ₹24 crore subject to the condition that the cost of Guntuwada weir as determined would be deducted from the share of Government of Andhra Pradesh. The operation and maintenance cost of the Balimela Dam (Joint) Project was also to be similarly shared by both the Governments on 50:50 basis. The total expenditure on the project as a whole at the end of 2010-11 as booked in the accounts was ₹99.70 crore (Dam Project ₹56.87 crore and Power Project ₹42.83 crore).

No revenue receipts against Balimela Power Scheme appeared in the Accounts for 2010-11 since the Balimela Power House has been transferred to the control of Orissa State Electricity Board with effect from 1st April 1979.

However, working expenses of ₹1.89 crore was booked against Balimela Dam Project during the year 2010-11.

The interest charges on the capital invested on the scheme has not been adjusted in accounts for 2010-11 on the analogy of the decision of the State Government to discontinue maintenance of accounts separately for commercial scheme and also in the absence of necessary budget provision.
