1. Persistent savings were noticed during the years 2002-03, 2003-04, 2004-05, 2005-06 and 2006-07 to the extent of Rs. 7,33.10 lakh, Rs. 4,92.51 lakh, Rs. 7,18.99 lakh, Rs. 34,34.40 lakh and Rs. 9,76.13 lakh respectively ranging from 6.39% to 31.92% of the total budget under the Grant. One of the persistent reasons for the savings over these years was stated to be posts remaining vacant.

Since the post had remained vacant over the last few years hence the provision of such an excessive budget was avoidable.

- 2. In view of final saving of Rs. 9,76.13 lakh, supplementary grant of Rs. 78,05.85 lakh obtained in March 2007 was excessive.
- 3. Out of final saving of Rs. 9,76.13 lakh, Rs. 1,21.66 lakh remained unsurrendered. Reasons of the same have not been intimated (August 2007).

5. Suspense - The Minor head "Suspense" accommodated receipts and disbursements in the nature of interim transactions, where further payment or adjustments of value are necessary before the transactions can be completed and finally accounted for. Accordingly, the amounts under "Suspense" are carried forward from year to year.

In Public Works accounts the "Suspense" head has three sub-divisions viz.- (i) Stock, (ii) Miscellaneous Public Works Advances and (iii) Workshop Suspense as explained below:-

- (i) **Stock** Under this head the value of materials which are required not for any particular works, but for general use in the division, are accounted for. The value of materials issued for use on specific works or sold or transferred to other divisions are cleared from the accounts by transfer under this sub-division. A detailed head purchase, is also now operated to record the value of the materials received, but not paid for within the Month. The sub-division "Stock" will, therefore, show a balance indicating the book value (as distinct from market value) of the materials held in stock and unadjusted charges connected with manufacture, if any, and Charged to this sub-division less value of the materials received but still to be paid for or adjusted.
- (ii) *Miscellaneous Public Works Advances* Under this head, the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received, value of cash lost or stores still to be written off, sums recoverable from Government Servants, etc. are accounted for. The balance represents amounts recoverable.
- (iii) *Workshop Suspense* Charges for jobs executed or other operations in the workshop of the Public Works Department are booked under this sub-head pending recovery or adjustment of the charges.

The break-up of "Suspense" transactions in this grant in 2006-07 is given below together with the opening and closing balances, under the different sub-heads of 'Suspense':-

Additional funds of Rs. 7,00.21 lakh were provided through reappropriation on 31 March 2007 due to relief sent to Gujarat Government for rehabilitation in flood affected areas.

5. *Famine Relief Fund*: The balance in fund earmarked for famine relief works in some of the covenanting princely States formed the opening balance of this fund on 1st April 1950 to which have been added the contributions made out of State's Revenue in the subsequent years as also interest realised from investment made out of the balances in the fund.

The expenditure incurred on relief activities is initially met from the provisions under this grant and such amounts as are approved by Government are utilised from out of the fund in reduction of expenditure met from the provisions under this grant before closing the accounts of the year. Upto 1963-64, expenditure of famine relief was met fully out of the balances in the fund but during the year 1964-65 to 1973-74, owing to inadequate balance at the credit of the fund, only part of the expenditure could be met out of the fund. The balance in the fund as on 31 March 2007 was Rs. 14.34 crore.

6. *Calamity Relief Fund*: With the introduction of a new Scheme "Calamity Relief Fund Scheme" with effect from the financial year 1995-96 (which will be operative till the end of the financial year 1999-2000), a "Calamity Relief Fund" has been constituted by the State for the purpose of providing assistance for financing natural calamity relief. As per the recommendation of XII Finance Commission, the new scheme of Calamity Relief Fund has been started from 2005-06 for five years. Government of India will contribute 75 *per cent* of the total yearly allocation in the form of non-plan grant and the balance amount will be contributed by the State Government. The accretion to the Fund together with the income earned will be invested in accordance with approved pattern of investment as approved by Government of India from time to time.

A sum of Rs. 6,51.54 crore (which includes Rs. 1,00.00 crore pertaining to National Calamity Contingency Fund) was credited to the fund by debit of "2245-05-101- Transfer to Reserve Fund and Deposit Accounts - Calamity Relief Fund" and the actual expenditure of Rs. 6,03.07 crore incurred on natural calamities was met out of the fund during the year.

An account of the transactions of the above Funds appears in Statement No. 12 and Statement No. 16 of Finance Accounts 2006-07.
