These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the best of my knowledge and belief, the Appropriation Accounts read with observations in this compilation give a true and fair view of the accounts of the sums expended in the year ended 31<sup>st</sup> March 2010 compared with the sums specified in the schedules appended to the Appropriation Acts passed by the State Legislature under Articles 204 and 205 of the Constitution of India.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Reports on the Government of Rajasthan being presented separately for the year ended 31st March 2010.

- **3.** Suspense The Minor head "Suspense" temporarily accommodates receipts and disbursements which ore in the nature of interim transactions, however, further payment or adjustments of values are necessary before the transactions can be completed and finally accounted for. Accordingly, the amounts under "Suspense" are carried forward from year to year.
  - In Public Works accounts, the "Suspense" head has three sub-divisions viz.- (i) Stock, (ii) Miscellaneous Public Works Advance and (iii) Workshop Suspense as explained below:-
  - (i) Stock Under this head the value of materials, which are required not for any particular works, but for general use in the division, are accounted for. The value of materials issued for use on specific works or sold or transferred to other divisions is cleared from the accounts by transfer under this sub-division. A detailed head purchase, is also now operated to record the value of the materials received, but not paid for within the Month. The sub-division "Stock" will, therefore, show a balance indicating the book value (as distinct from market value) of the materials held in stock and unadjusted charges connected with manufacture, if any, and Charged to this sub-division thereby reducing the value of the materials received but still to be paid for or adjusted.

- 1. Persistent savings were noticed during the years 2005-06, 2006-07, 2007-08, 2008-09 and 2009-10 to the extent of ₹ 37,51.82 lakh, ₹ 19,81.74 lakh, ₹ 12,16.51 lakh, ₹ 21,71.48 lakh and ₹ 48,39.57 lakh respectively ranging from 4.13 *percent* to 26.81 *percent* of the total budget under the Grant.
