The audit was conducted in accordance with the Auditing Standards generally

accepted in India. These Standards require that we plan and perform the audit to obtain

reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures

in the financial statements.

On the basis of the information and explanations that my officers required and have

obtained and according to the best of my information as a result of test audit of the

accounts and on consideration of explanations given, I certify that, to the best of my

knowledge and belief, the Appropriation Accounts read with observations in this

compilation give a true and fair view of the accounts of the sums expended in the year

ended 31 March 2016 compared with the sums specified in the schedules appended to the

Appropriation Act passed by the State Legislature under Articles 204 and 205 of the

Constitution of India.

Points of interest arising from study of these accounts as well as test audit conducted

during the year or earlier years are contained in my Reports on the Government of

Rajasthan being presented separately for the year ended 31 March 2016.

- **3.** *Suspense* The Minor head "Suspense" temporarily accommodates receipts and disbursements which are in the nature of interim transactions. However, further payment or adjustments of values are necessary before the transactions can be completed and finally accounted for. Accordingly, the amounts under "Suspense" are carried forward from year to year.
  - In Public Works accounts, the "Suspense" head has three sub-divisions viz.- (i) Stock, (ii) Miscellaneous Public Works Advance and (iii) Workshop Suspense as explained below:-
- (i) **Stock** Under this head the value of materials, which are required not for any particular works, but for general use in the division, are accounted for. The value of materials issued for use on specific works or sold or transferred to other divisions is cleared from the accounts by transfer under this sub-division. A detailed head purchase, is also now operated to record the value of the materials received, but not paid for within the Month. The sub-division "Stock" will, therefore, show a balance indicating the book value (as distinct from market value) of the materials held in stock and unadjusted charges connected with manufacture, if any, and Charged to this sub-division thereby reducing the value of the materials received but still to be paid for or adjusted.
- (ii) **Miscellaneous Public Works Advances** Under this head, the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received, value of cash lost or stores still to be written off, sums recoverable from Government Servants, etc. are accounted for. The balance represents the amounts which are recoverable.

(iii) **Workshop Suspense** - Charges for jobs executed or other operations in the workshop of the Public Works Department are booked under this sub-head pending recovery or adjustment of the charges.

The break-up of "Suspense" transactions in this grant in 2015-16 is given below together with the opening and closing balances, under the different sub-heads of 'Suspense':-

7. State Disaster Response Fund: The XIV Finance Commission has retained the State Disaster Response Fund from 2015-16 for five years. The fund is interest bearing. The accretion to the Fund together with the income earned on the investment of the fund is bifurcated into one or more instalments till the Government of India issues contrary instructions. However, the Commission has recommended that the Government of India is to contribute 90 per cent of the total yearly allocation in the form of non-plan grant and balance amount will be met by the State Government, but during 2015-16 the Government of India has contributed 75 per cent of total recommended amount and balance was contributed by the State Government.

During 2015-16, ₹ 24,81.13 crore (which includes ₹ 13,78.13 crore received from Government of India against National Disaster Response Fund) was credited to the fund by debiting to head "2245-05-101- Transfer to Reserve Fund and Deposit Accounts- State Disaster Response Fund" and the expenditure incurred on natural calamities amounting to ₹ 25,59.75 crore was met out of the fund during the year.

As per the guidelines of XIII Finance Commission, the State Government is to pay six monthly interests on unspent amount of SDRF, if not invested by the State Government. Accordingly, the State Government has paid a sum of ₹ 22.17 crore as interest during the year on SDRF by debiting to Major head "2049" and credit to the Fund head "8121". As on 31 March 2016, a balance of ₹ 2,31.57 crore (including interest) remained unspent under SDRF.

An account of the transactions of the above Funds appears in Statements No. 15, 21 and 22 of Finance Accounts 2015-16.
