## **CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA**

This compilation containing the Finance Accounts of the Government of Uttarakhand for the year 2007-08 presents the accounts of the receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations, presented separately, supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 read with the provisions of the Uttar Pradesh Re-organization Act, 2000. According to the best of my information, as a result of audit of these accounts, the accounts now presented read with the observations in this compilation, are correct statements of receipts and outgoings of the Government of the Uttarakhand for the year 2007-08. Points of interest arising out of the study of these accounts as well as test audit conducted during the year or earlier years are contained in my Report (s) being presented separately for the year 2007-08, Government of Uttarakhand.

New Delhi,  
The 23-09-2008

## INTRODUCTORY

1. The accounts of Government are kept in the following three parts:-

**Part I** - Consolidated Fund

**Part II** - Contingency Fund

**Part III** - Public Account

In Part I namely Consolidated Fund, there are two main divisions, viz:-

(1) *Revenue* -consisting of sections for 'Receipt Heads ( Revenue Account) ' and ' Expenditure Heads (Revenue Account) ';

(2) *Capital , Public Debt, Loans, etc.* - consisting of sections for ' Receipt Heads (Capital Account) ' ' Expenditure Heads ' ( Capital Account )' and ' Public Debt, Loans and Advances , etc'.

The Revenue division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure met therefrom, the net result of which represents the revenue surplus or deficit for the year.

In Capital division, the section ' Receipt Heads ( Capital Account )' deals with receipts of capital nature which cannot be applied as a set off to capital expenditure.

The section 'Expenditure Heads ( Capital Account )' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of a capital nature intended to be applied as a set off against expenditure.

The section ' Public Debt, Loans and Advances, etc', comprises loans raised and their repayments by Government such as ' Internal Debt ' and ' Loans and Advances ' made ( and their recoveries ) by Government. This section also includes certain special types of heads for transactions relating to ' Appropriation to the ' Contingency Fund ' and ' Inter-State Settlement'.

In Part II, namely Contingency Fund, of the accounts, the transactions connected with the Contingency Fund established under Article 267 of the Constitution of India are recorded.

In Part III, namely Public Account, of the accounts, the transactions relating to ' Debt ' ( other than those included in Part I ), ' Deposits ', ' Advances ', ' Remittances ' and ' Suspense ' are recorded. The transactions under 'Debt', 'Deposits' and 'Advances', in this part are those in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid, together with the repayments of the former ( ' Debt' and ' Deposits' ) and the recoveries of the latter ( 'Advances' ). The transaction relating to 'Remittances' and 'Suspense' in this part embrace all merely adjusting heads under which appear such transaction as remittances of cash between treasuries and currency chests transfers between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

## **2.Sectors and Heads of Accounts**

Within each of the section in Part I mentioned above, the transactions are grouped into sectors such as 'Tax Revenue', 'Non-Tax Revenue' and 'Grants-in-aid and contributions' for the receipt heads (revenue account), and 'General Services', 'Social Services', 'Economic Services' and 'Grants-in-aid' and contributions for expenditure heads. Specific functions or services (such as Education, Sports, Art and Culture, Health and Family Welfare, Water Supply, Sanitation, Housing and Urban Development etc., in respect of Social Services) are grouped in Sectors for expenditure heads. In Part III (Public Account) also the transactions are grouped into sectors such as 'Small Savings', 'Provident Funds', 'Reserve Funds' etc. The Sectors are sub-divided into major heads of account. In some cases, the sectors are, in addition, sub-divided into sub-sectors before their division into major heads of account.

The major heads are divided into sub-major heads in some cases and minor heads, with a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads before their further division into minor heads. Apart from the Sectoral and sub-sectoral classification the Major Heads, Sub-Major Heads, Minor Heads Sub-Heads, Detailed Heads and Object Heads together constitute a six-tier arrangement of the classification structure of the Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, sub-heads and other units of allotments which are adopted by the Governments for Demands for Grants presented to the Parliament or Legislatures but in general a certain degree of correlation is maintained between the demands for Grants and the Finance Accounts.

The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to function of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objective of the function represented by the major head. The sub-head represents the scheme, the detailed head, the sub-scheme and object head, the object level of classification.

## **3.Coding Pattern**

### *Major Heads*

From 1st April 1987 a four digit Code has been allotted to the major heads, the first digit indicating whether the major head is a Receipt head or Revenue Expenditure head or Capital Expenditure head or a Loan head.

The first digit of code for Revenue Receipt heads is either '0' or '1'. Adding 2 to the first digit of the code of the Revenue Receipt head will give the number allotted to corresponding Revenue Expenditure head; adding another 2, the Capital Expenditure head; add another 2, the Loan head of Account. For example, for Crop Husbandry code 0401 represents the Receipt head, 2401 the Revenue expenditure head, 4401 Capital Outlay head and 6401 Loan head.

1. The Other headings in the summary at page no.54 take into account the balances under all account heads in Government Books about which Government has liability to repay the money received or has a claim to recover the amounts paid & also heads of account opened in the Book for adjustment of remittance transactions. It must be understood that balances shown in the summary cannot be regarded as complete record of the financial position of the Government of Uttarakhand as these do not take into account all the physical assets of the State such as lands buildings, communications, etc., nor any accrued dues, outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.
2. In order to ascertain whether the balances outstanding in the Books of the Accountant General under Loans and Advances and Deposits and Advances represent the position correctly, these are communicated at the end of each year to the appropriate authorities and to the debtors themselves ( where the detailed accounts are kept by the Accountant General for verification and acceptances). In a large number of cases such acceptances have not been received. In certain cases, the delay extends to over several years. Some illustrative cases are given in Appendix-II, the position of non-receipt of acceptances has also been brought to the notice of the Government.
