ACCOUNTS AT A GLANCE

Government of Uttar Pradesh

2024-2025

Preface

This is the twenty seventh issue of our annual publication, the 'Accounts at a Glance' of the Government of Uttar Pradesh. The compilation has been prepared by my office under the directions of the Comptroller and Auditor General of India in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and is being placed before the Legislature in accordance with Article 151(2) of the Constitution of India.

The purpose of this publication is to provide a summarized overview and unique perspective of the financial performance of the Government of Uttar Pradesh during the year 2024-25.

The 'Accounts at a Glance' presents the information contained in the Finance and Appropriation Accounts in a simple and logical manner through graphs, tables and brief explanations. Though the analysis in the report is based on the certified Finance and Appropriation Accounts, the same should be referred to for the precise figures.

We look forward to comments and suggestions that would help us in improving this publication.

(Dr. Surendra Kumar)
Accountant General

Highlights of Accounts

1. **Saving /Excess against the Budget Provisions-** The Appropriation Act 2024-25 provided for gross expenditure of ₹8,00,203.31 crore under 91 Grants. Against this, the actual gross expenditure was ₹6,21,843.34 crore, resulting in net saving (i.e. saving over excess) of ₹1,78,359.97 crore (22 *per cent* of the total grant).
2. **Fiscal Position of the State Government-** As against the norms fixed for Revenue Deficit (i.e. to be zero) by the UPFRBM Act 2004, the Revenue Surplus of the State was ₹59,326.64 crore i.e. 1.99 *per cent* of GSDP for 2024-25, and the Fiscal Deficit was ₹62,257.93 crore i.e. about 2.09 *per cent* of GSDP vis-a-vis the target for Fiscal Deficit of 3.00 *per cent* of GSDP for the year. Thus, the State Government achieved the target fixed by the Act during the year.
3. **Revenue Earning of the State Government-** During the year, the State Government earned total Revenue Receipts of ₹5,10,213.08 crore. 86.85 *per cent* of these receipts were from Tax Revenue, viz. Goods and Services Tax (including taxes on Sales, Trade etc.) (35.75 *per cent* of Revenue Receipts), Corporation and Income Tax (29.21 *per cent*), Excise and Customs (13.05 *per cent*), Stamps & Registration (5.92 *per cent*) etc., Non-Tax Revenue (including departmental receipts) (3.29 *per cent*) and Grants from Central Government (9.86 *per cent*).
4. **Borrowings and Expenditure met there-from by the State Government-** The State Government had borrowings of ₹64,993.56 crore from market, financial institutions and the Central Government during the year. Out of this, ₹29,945.47 crore was expended for repayment for earlier loans and remaining for incurring Capital Expenditure. Eighty eight *per cent* of the Capital Expenditure (₹1,14,001.35 crore) was mainly incurred under eight services viz.-Education, Sports, Art & Culture (3.69 *per cent*), Agriculture and allied Activities (3.10 *per cent*), Health and Family Welfare (4.46 *per cent*), Irrigation and Flood Control (3.89 *per cent*), Rural Development (6.27 *per cent*), Energy (15.40 *per cent*), Water Supply, Sanitation, Housing and Urban Development (21.15 *per cent*) and Transport (29.34 *per cent*).
5. **Debt and Liabilities of the State-** The total debt and liabilities as borrowings from internal and external sources, and other liabilities under the Public Account was ₹8,00,130.54 crore (i.e. 26.87 *per cent* of GSDP) at the end of 2024-25 with an increase of ₹32,258.29 crore (i.e. 4.20 *per cent*) over the previous year (2023-24).

6. **Contingent Liabilities of the State-** The State Government extended guarantees of ₹20,039.73 crore (i.e. 0.67 *per cent* of GSDP) to three Sectors as contingent liabilities of the State during 2024-25. The FRBM Act 2003 prescribed the limit of 0.5 *per cent* of GDP for giving guarantees by the Government of India. However, the State Government has not fixed any limit for giving guarantee. The State Government has created Guarantee Redemption Fund for redemption of guarantee on 29 January, 2021, which is effected from FY 2021-22. The State Government has contributed ₹1,634.00 crore during the year in this fund.
7. **Lending by the Government-** The Government advanced loans and advances of ₹8,315.12 crore during 2024-25. The closing stock of loans and advances mounted to ₹50,512.80 crore (i.e. 1.70 *per cent* of GSDP) at the end of the year.
8. **Investment made by the Government-** The State Government invested ₹23,744.44 crore in Public Sector Undertakings (PSUs) and other institutions during 2024-25. The total government investment in these institutions (13,585) stood at ₹2,08,468.86 crore (6.99 *per cent* of GSDP) as on 31 March, 2025 and received dividend of ₹140.74 crore during the year. Besides, the Government has also invested ₹31,405.01 crore in short and long term securities out of its total cash balance of ₹44,409.01 crore as on 31 March, 2025.
9. **Utilisation Certificates awaited-** Against the grants given by the State Government up to 30th September 2023, Utilisation Certificates (UCs) amounting to ₹13,126.32 crore (13,347 in number) were awaited as on 31 March, 2025. Of these, 86 *per cent* (₹11,240.63 crore) of wanting UCs pertained to mainly four departments of the Government of Uttar Pradesh, viz., Urban Development (69 *per cent*), Social Welfare Department (9 *per cent*), Agriculture and other Allied Department (Panchayati Raj) (4 *per cent*) and Medical (Medical Education & Training) (4 *per cent*).
10. **Subsidy given by the State Government-** During 2024-25, the State Government expended on providing subsidy of ₹28,456.38 crore (i.e. about 6.31 *per cent* of total Revenue Expenditure) under different sectors viz. Energy (61.89 *per cent*), Agriculture & other Allied Services (19.13 *per cent*) and Rural Development (6.82 *per cent*). It was 15.04 *per cent* more than subsidy given in 2023-24.

Overview

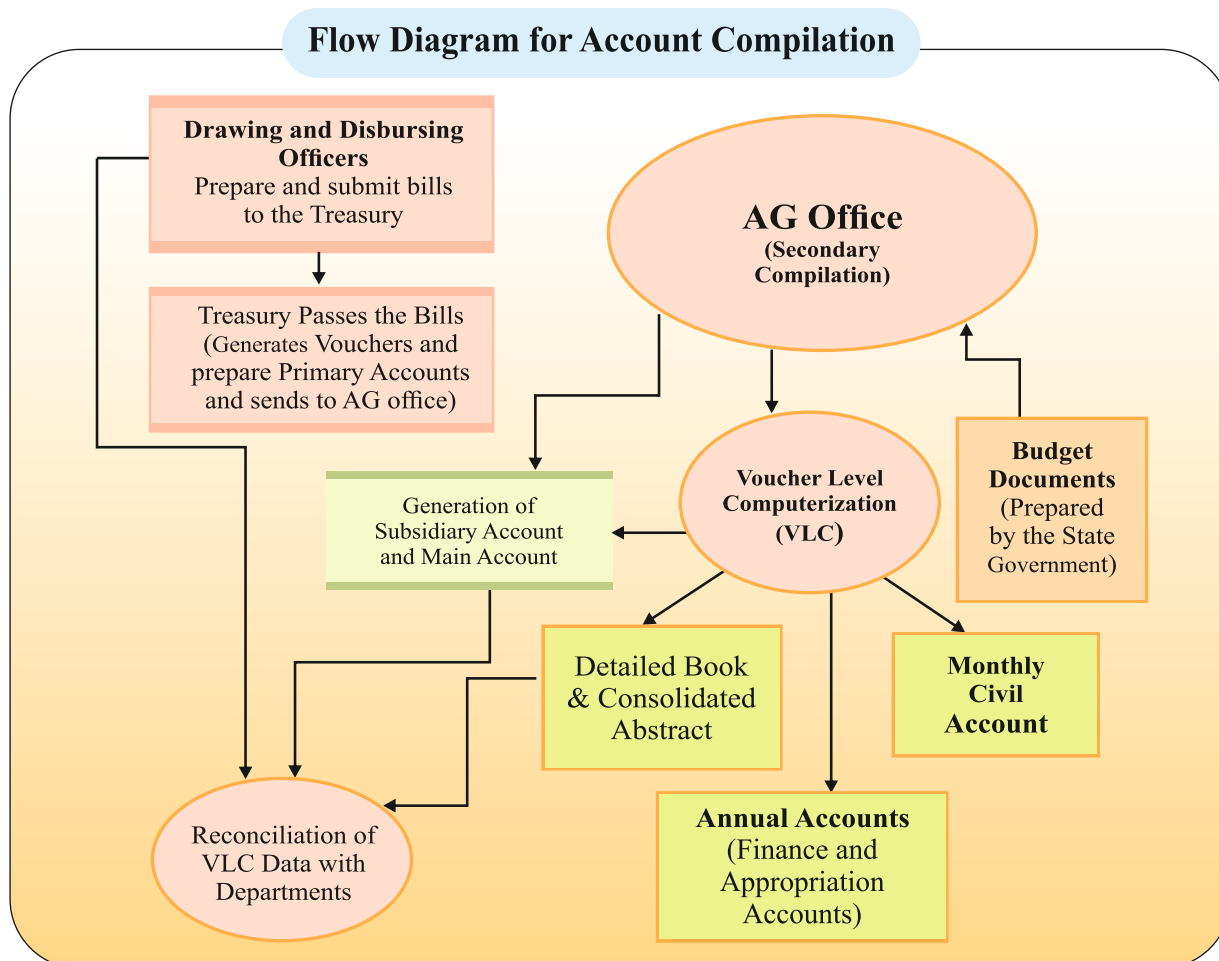

1.1 Introduction

Article 149 of the Constitution of India and Section 10 and 11 of Comptroller and Auditor General's DPC Act, 1971 mandates that the CAG is responsible for compiling the accounts of the State and preparation of their annual accounts from the accounts compiled.

Accordingly, the Accountant General (Accounts and Entitlements), Uttar Pradesh has been entrusted with the responsibility of preparation of the Annual Finance and Appropriation Accounts of the Government of Uttar Pradesh. These are prepared on the basis of monthly accounts compiled from the initial accounts rendered by the District Treasuries, Public Works and Forest Divisions, advices of the Reserve Bank of India and other additional information received from Government of India and other State Governments.

The Finance Accounts and Appropriation Accounts are placed before the State Legislature after audit by the Principal Accountant General (Audit-II), UP and certification by the CAG of India.

1.2 Compilation of Accounts

1.3 Structure of Accounts

Government Accounts are maintained in three parts:

Part I CONSOLIDATED FUND	It includes all revenues received and debt raised by the State Government, and the repayment of loans. All expenditure and disbursement of the Government including disbursement of loans and repayment of debt are met from this Fund.
Part II CONTINGENCY FUND	The Contingency Fund is in the nature of an imprest intended to meet unforeseen expenditure pending authorization by the State Legislature. Expenditure from this Fund is recouped subsequently from the Consolidated Fund. The corpus of the State Contingency Fund is now ₹1,200 crore.
Part III PUBLIC ACCOUNT	All other public moneys received by or on behalf of the Government, where it acts as a banker or trustee, are credited to the Public Account. It comprises payables like Small Savings and Provident Funds, Reserve Funds, Deposits and Advances, and Suspense and Remittance heads (as transitory heads pending final booking).

1.5 Finance Accounts

The Finance Accounts present the accounts of receipts and expenditure of the Government for the year, together with the financial results disclosed by Revenue and Capital accounts, accounts of Public Debt, and assets and liabilities of the State Government.

This is presented in two volumes. **Volume I** contains the report of the Comptroller and Auditor General of India, summarized statements on overall receipts and expenditure, financial position, 'Notes to Finance Accounts' containing summary of significant accounting policies, quality of accounts and other disclosures. **Volume II** contains Detailed Statements (Part-I) and Appendices (Part-II).

Receipts and disbursements of the Government of Uttar Pradesh as depicted in the Finance Accounts 2024-25 are given below:

Table 1.2 - Receipts and Disbursements (2024-25)

1.6 Appropriation Accounts

The Appropriation Accounts present the expenditure incurred during the year as against the sums specified in the Appropriation Acts passed by the State Legislature under Article 204 and 205 of the Constitution of India.

The Accounts depict the expenditure of the State Government against amounts 'Charged' on the Consolidated Fund of the State and 'Voted' by the State Legislature. There are 91 Grants consisting of 53 Voted Grants, 01 Charged Appropriation and 37 Grants (both Voted and Charged) in the State.

The Appropriation Act 2024-25 made the budget provision of ₹8,00,203.31 crore for gross expenditure and that of ₹37,204.95 crore for reduction of expenditure (recoveries). Against this, the actual gross expenditure was ₹6,21,843.34 crore (78 *per cent* of total grant) and reduction of expenditure was ₹18,694.94 crore (50 *per cent* of B.E.). This resulted in a net saving of ₹1,78,359.97 crore (22.44 *per cent* of the total grant).

1.7 Sources and Application of Funds

During the year 2024-25, the State Government had total financial resources of ₹22,60,338.63 crore. Of this, the Government mainly collected about 23 *per cent* as revenue receipts, raised 3 *per cent* as public debt from market, financial institutions and loan from the Government of India, and received 3 *per cent* as Public Account receipts (excluding suspense and remittances).

Against these resources, 25 *per cent* was utilized for revenue and capital expenditure, about 1 *per cent* for repayment of public debt, 3 *per cent* for payments from Public Account except suspense and remittance transactions. Financial position of the Government as the sources of funds and their application during 2024-25 has been described as below-

1.8 Where the Rupee came from

Total receipts under the Consolidated Fund of the State Government during 2024-25 were ₹5,73,202.91 crore. Out of this, the major contributions were from own tax revenue (37 *per cent* of total receipts) and share of union taxes (40 *per cent*).

The component-wise breakup of receipts is shown in the chart below:

Graph 1.1 – Actual Receipts

1.9 Where the Rupee went

Total expenditure under the Consolidated Fund of the State Government during the year was ₹5,73,202.91 crore. The share of expenditure under various components viz. interest, pension, salaries, debt repayment etc. is shown below:

Graph 1.2 – Actual Expenditure

(*) Includes expenses on different allowances and other expenses under various object heads (viz. Scholarship/stipend, Electricity etc.).

2

Fiscal Position of the State

2.1 What do the Deficit and Surplus indicate?

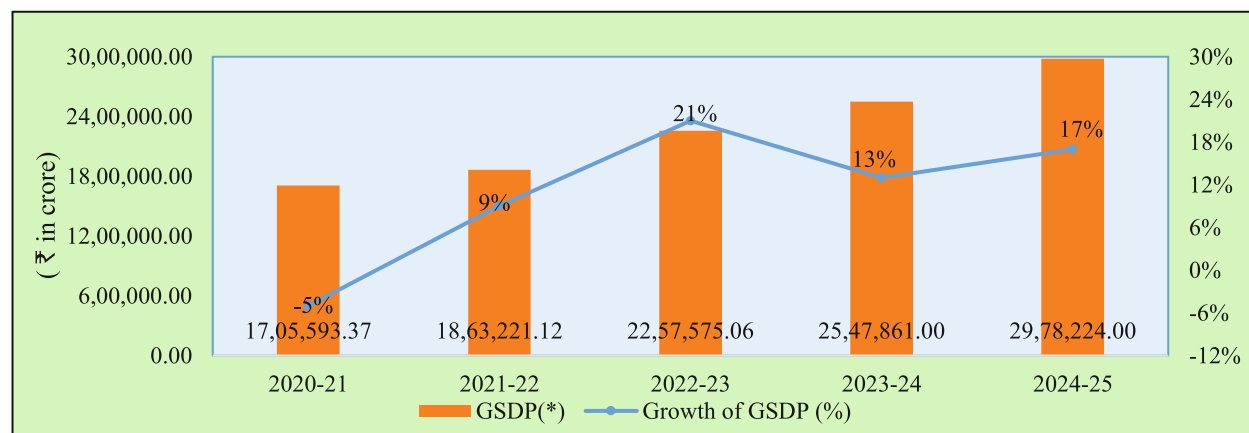

Deficit	Gap between revenue and expenditure.
Revenue Deficit/Surplus	Gap between revenue receipts and revenue expenditure. Revenue expenditure is required to maintain the existing establishment of Government and ideally should be fully met from revenue receipts.
Fiscal Deficit/Surplus	Gap between total receipts (excluding borrowings) and total expenditure. This gap, therefore, indicates the extent to which expenditure is financed by borrowings. Ideally, the borrowings should be invested in capital projects.

2.2 Gross State Domestic Product and the factors affecting it

Gross State Domestic Product (GSDP) is the value of final goods and services produced within the boundaries of the State during the year. It is the measure of general activity level of an economy comprising of consumption of goods and services in the economy, investment and government spending. Therefore, growth in these activities is what affects the GSDP.

The GSDP of Uttar Pradesh for the year 2024-25 was ₹29,78,224.00 crore with an increase of 17 *per cent* over the year 2023-24. GSDP growth was highest at 21 *per cent* in 2022-23 during the last five years. The growth is presented below:

Graph 2.1 – GSDP Growth

(*) The figures of GSDP from 2020-21 to 2024-25 used in this publication are as depicted in website of Statistics and Program Implementation.

2.3 Deficits

The pattern of deficits and the debt stock over the last five years from 2020-21 to 2024-25 is depicted in the table below-

Table 2.1 – Trend of Deficits (2020-21 to 2024-25)

(₹ in crore)

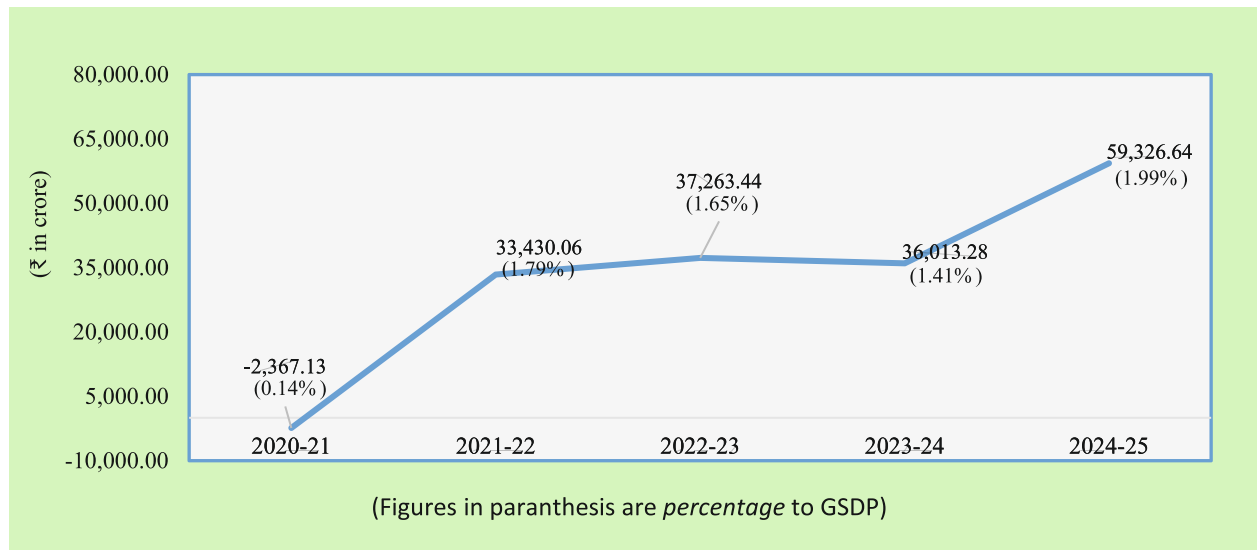

Financial Year	Fiscal Deficit (-)/Surplus(+)	Revenue Deficit (-)/Surplus(+)	GSDP
2020-21	(-)54,622.11 (3.20%)	(-)2,367.13 (0.14%)	17,05,593.37
2021-22	(-)39,286.42 (2.11%)	33,430.06 (1.79%)	18,63,221.12
2022-23	(-)64,636.26 (2.86%)	37,263.44 (1.65%)	22,57,575.06
2023-24	(-)80,722.64 (3.17%)	36,013.28 (1.41%)	25,47,861.00
2024-25	(-)62,257.93 (2.09%)	59,326.64 (1.99%)	29,78,224.00

(Figures in parenthesis are percentage to GSDP)

2.4 Revenue Deficit/Surplus

As per the norms fixed in the Uttar Pradesh Fiscal Responsibility and Budget Management Act (UPFRBM Act), 2004 “Revenue deficit is to be maintained up to Zero”. During 2024-25, the State Government achieved the target. The position of revenue deficit/surplus of the Government during the last five years is shown below:

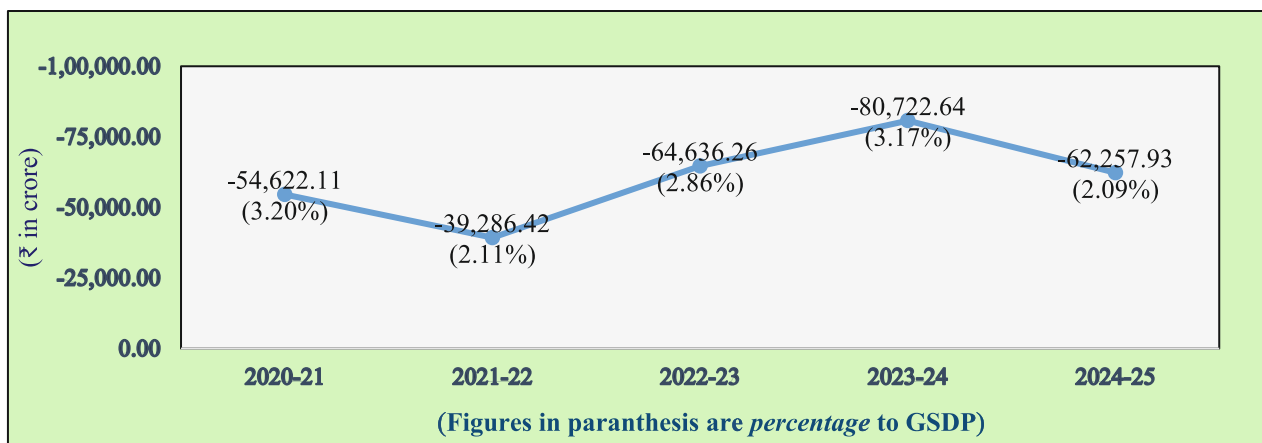

Graph 2.2 – Trend of Revenue Deficit/ Surplus

2.5 Fiscal Deficit/Surplus

The State Government achieved the norms of fiscal deficit for 2024-25 (i.e. not more than 3 per cent of GSDP) as fixed under the UPFRBM Act, 2004 read with its Amendment Act, 2021. Trend of fiscal deficit/surplus of the Government during the last five years is represented as under:

Graph 2.3 – Trend of Fiscal Deficit/ Surplus

2.6 Debt Stock

Debt stock comprises of government borrowings and other liabilities arising under Public Account viz- small savings, provident funds, reserve funds, deposits etc. Debt stock of the Government was ₹8,00,130.54 crore (27 per cent of GSDP) in 2024-25. The increase during 2020-21 to 2024-25 was 42 per cent and the augmentation was mainly due to regular increase in internal borrowings of the Government during the period. In 2024-25, it increased by 4 per cent over the previous year. The position of the debt stock of the government and trend in debt growth during the last five years is as under:

Table 2.2 – Position of Debt Stock (2020-21 to 2024-25)

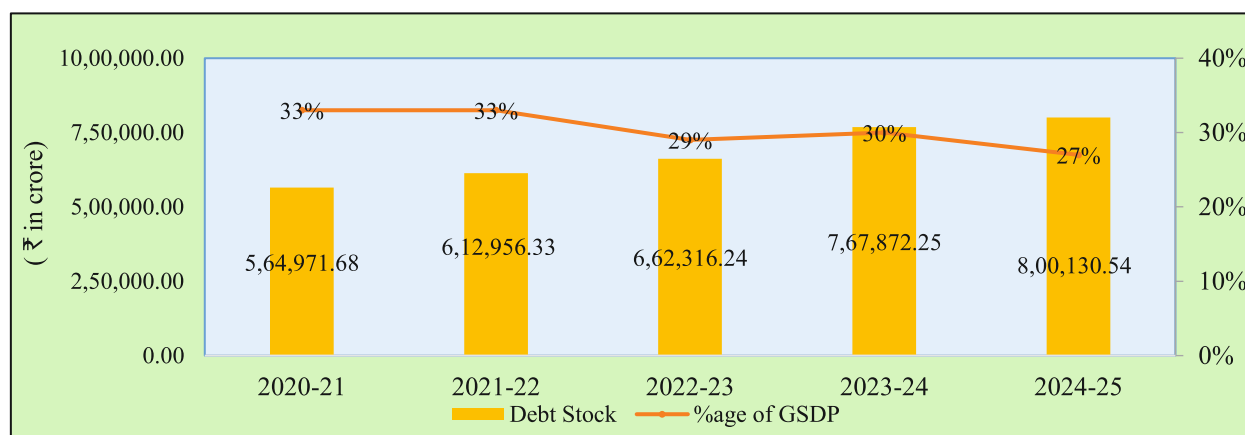

(₹ in crore)

Financial Year	Outstanding Government Borrowings (A)		Other Liabilities (B)	Debt Stock (A+B)	GSDP

(*) It includes back-to-back loans of ₹6,007.00 crore (2020-21) and ₹8,139.94 crore (2021-22) in lieu of shortfall in GST compensation, where there is no repayment liabilities to the State.

(**) Closing balance decreased by ₹ 10,691.40 crore (₹ 4,181.02 crore of the year 2023-24 and ₹ 6,510.44 crore of the year 2024-25) due to proforma correction on account of repayment of back-to- back loan by the Central Government.

Graph 2.4 – Trend of Debt Growth

2.7 Financing of the Fiscal Deficit

The Fiscal deficit is financed mainly by borrowings and other liabilities. During 2024-25, the deficit of ₹62,257.93 crore was financed from the sources as shown in the table below:

Table 2.3 – Financing of Fiscal Deficit

	(₹ in crore)
Net of Public Debt	35,048.08
Net of Contingency Fund	36.60
Net of Public Accounts	26,832.82

Receipts

3.1 Classification

Receipts of the State Government are classified into revenue receipts and capital receipts.

3.2 Revenue Receipts

The three main sources of the revenue receipts are:

Tax Revenue	Comprises taxes collected and retained by the State and State's share of union taxes under Article 280(3) of the Constitution.
Non-Tax Revenue	Includes interest receipts, dividends and profits, and other departmental receipts.
Grants-in-Aid and Contributions	Essentially, a form of central assistance to the State Government from the Union Government. Includes 'External Grant Assistance' and 'Aid, Material & Equipment' received from foreign governments and channelised through the Union Government.

During 2024-25, total revenue receipts were ₹5,10,213.08 crore, of which tax revenue, non-tax revenue and grants-in-aid were 87, 3 and 10 *per cent* respectively. The receipts under various components of revenue were as follows:

2024-25	4,43,097.77	2,12,243.15	10	48

Thus, there was an increasing trend in collection of own tax revenue during the period 2020-21 to 2024-25. In 2024-25, it increased by 10 *per cent* over that of previous year. As regards percentage to tax revenue State's own tax revenue decreased by about 1 *per cent* in comparison to previous year.

3.3.2 State's share of Union Taxes

Proceeds of the taxes levied by the Union are distributed between the States as per the recommendations of the Finance Commission under Article 238 to 273 of the Constitution of India. During 2024-25, the State Government received ₹2,30,854.62 crore as state's share of union taxes. It was 52 *per cent* of the total tax revenue of the State Government (₹4,43,097.77 crore) and 45 *per cent* of the total revenue receipts (₹5,10,213.08 crore) of the Government during the year. The receipts of state's shares in the foregoing years is mentioned as under:

Table 3.5 - State's share of Union Taxes

(₹ in crore)

During the year (2024-25), there was an overall increase in receipts from share of union taxes by 14 *per cent* of receipts in previous year. It was mainly due to increase in receipts from CGST, Corporation Tax and Income Tax.

3.3.3 Sub Sector-wise Tax Revenue

Tax revenue is further divided into sub sectors viz. Goods and Services taxes, Tax on Income and Expenditure, Taxes on Property, Capital and other Transactions and Taxes on Commodities and Services. Variance in receipts under these sectors over the previous five years is depicted as below:

Table 3.6 – Sub Sector-wise Tax Revenue

3.3.4 Goods and Services Tax (GST) - Sub Sector- wise

GST is an indirect tax levied on supply of goods and services and has been implemented from July 2017 in place of the indirect taxes as subsumed therein. The GST has three components – State GST (SGST), Central GST (CGST), and Integrated GST (IGST) levied on the basis of collection by the State Government and Central Government on intra and inter-state sales.

During 2024-25, component-wise GST receipts (SGST, CGST) were 55 and 45 *per cent* of total GST receipts respectively. The receipts during 2024-25 increased by 10 *per cent* over the receipts in 2023-24. The GST receipts during the previous two year were as under :

Table 3.7 – Sub Sector- wise GST Receipts

(₹ in crore)

Financial Year	2023-24	2024-25	%age Growth
SGST	75,146.62	82,871.87	10

IGST	0.00	0.00	..
Total GST Receipts	1,36,639.26	1,50,295.46	10

The State Government has not received any share of Integrated GST during 2023-24 and 2024-25.

3.3.5 Efficiency of Tax Collection

Taxes on Commodities and Services (including GST) form a major chunk (i.e. about 60 *per cent*) of tax revenue and its collection efficiency was 1 *per cent*, whereas collection efficiency of taxes on Property, Capital and other transactions was 19 *per cent*. Its inclination in the last five years has been depicted as below:

3.5 Tax Buoyancy

Tax buoyancy is an indicator to measure efficiency and responsiveness of revenue mobilization in response to growth in the gross domestic product or national income. A tax is said to be buoyant, if the tax revenue increases more than a proportionate rise in national income or output. The responsiveness of tax revenue change to change in GSDP during the last five years is depicted as below:

Table 3.11 -Tax Buoyancy (2020-21 to 2024-25)

3.6 Grants-in-Aid and Contributions

Grants-in-Aid and Contributions represent assistance from the Government of India and external grant assistance. It comprised of grants for Centrally Sponsored Schemes (including Central Assistance/Schemes, Externally Aided Projects- Grants for Centrally Sponsored

Scheme), Finance Commission grants and other grants to the State. During 2024-25, total receipts under Grants-in-Aid and Contributions was ₹50,329.98 crore, which was 10 *per cent* of total revenue receipts.

3.7 Fifteenth Finance Commission Targets and Recommendations

The Finance Commission is constituted every five years by the President under Article 280 of the Constitution mainly to make its recommendations for the period 2021-26 on distribution between the Union and the States of net proceeds of taxes, reviewing and commenting on fiscal principles for various grants etc. The 15th Finance Commission (FFC) was appointed on 27 November 2017 under the chairmanship of Shri N.K. Singh. The final report was submitted to the President on 30 October 2020.

For 2021-22 to 2025-26, the Commission recommended for devolution of taxes to states by 41 *per cent* of center's taxes, which is one *per cent* lower than the percentage of recommendation by 15th Finance Commission. The State Government received ₹2,30,854.62 crore as share of net proceeds of union taxes during 2024-25.

The FFC recommended grants to the states viz. (i) Revenue deficit grants (ii) Grants to local bodies (iii) Disaster management grants (iv) Sector-specific grants and (v) State specific grants.

Further, the Commission recommended retaining the existing cost-sharing patterns (90:10 for north-eastern and Himalayan states and 75:25 for all other states) between the Centre and States for disaster management funds. ₹14,246.00 crore (Centre's share is ₹10,685.00 crore) will be allocated for Disaster Management to the State. In 2024-25, an amount of ₹2,238.75 crore was allocated to Uttar Pradesh for SDRMF (State Disaster Risk Management Fund). As against this, ₹1,748.40 crore was received by the State Government during the year.

The Commission has also recommended that the Centre as well as States should not resort to off budget financing or any other non-transparent means of financing for any expenditure. A standardised framework for reporting of contingent liabilities should be devised.

4

Expenditure

4.1 Introduction

Government expenditure is classified into two main Divisions namely, Revenue Expenditure and Capital Expenditure. Revenue expenditure is used to meet the day-to-day running of the organisation. Capital expenditure is used to create permanent assets, or to enhance the utility of such assets, or to reduce permanent liabilities. During the year 2024-25, out of the total expenditure of ₹5,64,887.79 crore, revenue expenditure comprised about 80 *per cent* and capital expenditure 20 *per cent*.

Expenditure is categorised into sectors:

General Services	Includes Law & Justice, Police, Jail, PWD, Pension etc.
Social Services	Includes Education, Health & Family Welfare, Water Supply, Welfare of SC/ST etc.
Economic Services	Includes Agriculture, Rural Development, Irrigation, Co-operation, Energy, Industries, Transport etc.

4.2 Revenue Expenditure

During the year, the actual revenue expenditure was ₹4,50,886.44 crore as against the budget estimates of ₹5,50,670.82 crore. Thus, there was a shortfall of 18 *per cent* against the budget during the year. This gap ranged between 17 to 24 *per cent* during the last five years as shown below:

Table 4.1 - Gap between Budget and Revenue Expenditure

4.2.1 Trend of Revenue Expenditure (2020-21 to 2024-25)

Revenue expenditure increased by about 5 *per cent* during the year 2024-25 in comparison to previous year except 2020-21 (it declined by 0.1 *per cent*). The graph below shows the trend of variation in expenditure along with its percentage change:

Graph 4.1 – Trend of Revenue Expenditure

4.2.2 Major Component of Revenue Expenditure

Expenditure incurred on General Services (including interest payment and debt servicing), Social and Economic Services and Grants-in-Aid Services and Contributions are major component of revenue expenditure. It was 39, 35, 21 and 5 *per cent* of the total revenue expenditure (₹4,50,886.44 crore) respectively during the year 2024-25. The sectoral distribution of revenue expenditure over the last five years has been depicted as below:

(Figures in bracket represent the expenditure under “Interest Payment and Servicing of Debt”.)

There was an increase in expenditure on General Services (by 12 *per cent*) in 2024-25 over the previous year. The increase in expenditure on interest payments was about 15 *per cent*. The expenditure under Social Services increased by 5 *per cent* during the year as compared to the forgoing year (i.e. 2023-24). It was mainly due to an increase in expenditure under Education, Sports, Art and Culture by 9,265.11 crore (about 13 *per cent*), Health and Family Welfare by 2,516.63 crore (about 10 *per cent*) and Social Welfare and Nutrition by ₹4,491.22 crore (about 18 *per cent*). 4.3 Capital Expenditure

Capital expenditure of ₹1,22,316.47 crore (including loans and advances disbursed: ₹8,315.12 crore) for 2024-25 was less than the budget estimate (₹1,76,036.37 crore) by ₹53,719.90 crore (about 31 *per cent* of the budget). The Gap between BE and AE shows the fluctuation during the last five years as below:

Table 4.5 - Gap between Budget and Capital Expenditure (2020-21 to 2024-25)

(₹ in crore)

There was percentage gap of 31 *per cent* in respect of capital expenditure over budget estimates during the year which was 02 *per cent* more than that in previous year. The capital expenditure, which is indicative of development related spending increased by 3 *per cent* in 2024-25 over that of the previous year. The graph below reflects the trend of increase and decrease in capital expenditure during the last five years:

4.3.3 Proportion of Borrowed Funds spent on Capital Expenditure

Borrowed funds are meant for meeting capital expenditure for creation of capital assets. The State Government borrowed an amount of ₹64,993.56 crore from market, financial institutions, RBI and Government of India etc. during 2024-25 and utilised the borrowings for repaying the outstanding debt ₹29,945.47 crore and remaining for meeting capital expenditure (₹1,22,316.47 crore) during the year. A chart showing comparison of borrowed funds spent on capital expenditure during the last five years is as under:

Graph 4.5 - Borrowed funds spent on Capital Expenditure

4.4 Committed Expenditure

Committed expenditure is defined as the expenditure incurred on interest payment, salaries and wages, pension and subsidy. High committed expenditure leaves the Government with less flexibility for development related spending:

4.5 Subsidies Sector-wise

Subsidy is an assistance provided by the government to specific industries with aim of keeping the prices of product and services low for people to be able to afford them and also to encourage production and consumption. During 2024-25, the State Government has extended total subsidy of ₹28,456.38 crore (i.e. 6 *per cent* of total revenue expenditure) on various activities under different sectors viz. Agriculture, Rural Development, Irrigation and Flood Control, and Energy etc. The trend in expenditure on subsidy has been depicted as below:

Table 4.9-Trend of Expenditure on Subsidy (2020-21 to 2024-25)

		(₹ in crore)

%age Expenditure on Subsidy over Revenue Expenditure		3.91	5.97	5.59	5.76	6.31

As evident from the above, the government has given subsidy mainly in Energy (about 62 *per cent* of total subsidy) and Agriculture sector (about 19 *per cent*) during the period. The

expenditure on subsidy in 2024-25 increased by 15 *per cent* over the year 2023-24, especially in Energy, Agriculture and Allied Services, Rural Development, and Industry & Mineral sector.

4.6 Development Expenditure

Any expenditure incurred on activities directly related to economic and social development of the State is Development Expenditure. It signifies the extent to which resources has been utilized for development of the State. It includes expenditure on Social Services and Economic Services on Revenue and Capital Accounts, and Loans and Advances given by the State Government on these services; for example, expenditure incurred on Education, Health Care, Scientific Research, Infrastructure etc. During 2024-25, an amount of ₹3,66,827.65 crore (64 *per cent* of total expenditure of ₹ 5,73,202.91 crore including loans and advances) was spent on these activities.

4.7 Expenditure under Scheduled Castes Sub Plan (SCSP)/Tribal Sub Plan (TSP)

Scheduled Caste Sub Plan (SCSP) for Scheduled Castes (SC) and Tribal Sub-Plan (TSP) for Scheduled tribes (ST) are intended to channelize the flow of resources towards development of SC and ST. The allocations under these components are provided for the purpose of creating productive assets, human resource development of Scheduled Castes and Scheduled Tribes through adequate education and health services. These allocations are made under the minor head “Special Component Plan for Scheduled Castes” (code 789) and Tribal Area Sub-Plan (code 796). The position of allocations under these plans made by the State Government, expenditure incurred and the percentage gap during the last five years is depicted as under:

Table 4.10- Trend of Expenditure under SCSP and TSP during 2020-21 to 2024-25

(₹ in crore)

Year	SCSP			TSP		
	Budget	Expenditure	Percentage Gap	Budget	Expenditure	Percentage Gap

2023-24	32,669.64	25,817.45	21	2,080.52	1,397.44	33
2024-25	34,252.53	24,017.88	30	1,772.81	947.83	47

It is evident from the above data that the percentage gap in expenditure with respect to the budget provisions in respect of scheduled caste programs and scheduled tribe programs ranged between 21 to 37 *per cent* and 21 to 47 *per cent* respectively during the period from 2020-21 to 2024-25.

4.8 Loans and Advances by the State Government

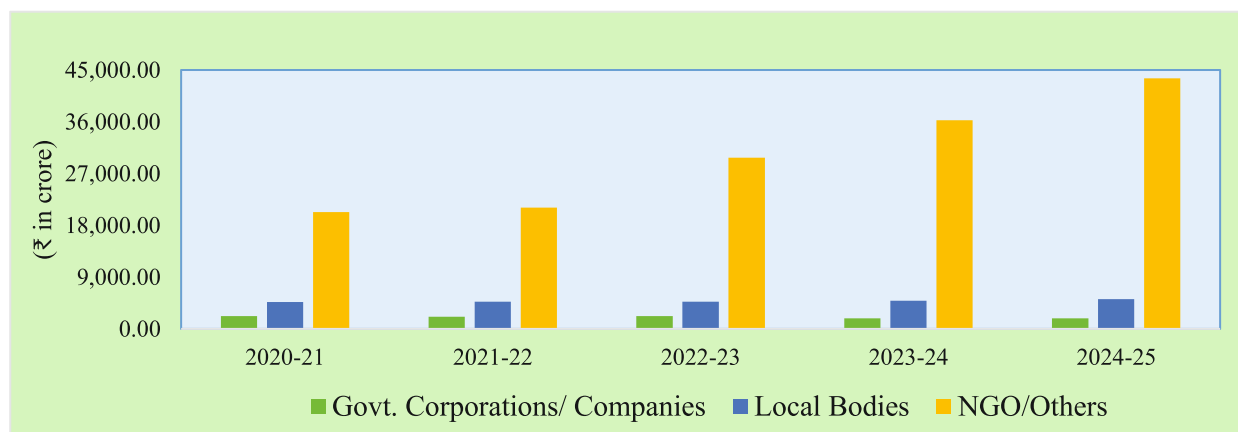

The State Government gives loans and advances to Government Corporations/ Companies, Local Bodies, Non-Government Institutions/Organisations etc. The Government advanced ₹8,315.12 crore to these institutions in 2024-25. The outstanding balance of loans and advances of these institutions was ₹50,512.80 crore as on 31 March 2025. The table below represents the institution-wise position of outstanding loans and advances given by the State Government as on 31 March 2025 of the year:

2024-25	1,825.48	5,147.13	43,540.19

Graph 4.7- Position of Outstanding Loans and Advances

The Government was required to reconcile the loan figures depicted in the Finance Accounts with those of the concerned loanees viz. PSUs and other bodies and institutions. However, it was awaited. As a result, there are adverse balances in a few heads as depicted in the Finance Accounts (Statement-18).

5

Public Debt

5.1 Introduction

Article 293 of the Constitution of India empowers the State Government to borrow upon the security of the Consolidated Fund of the State within such limits, if any, as may be from time to time fixed by the State Legislature.

Borrowings are required to meet capital expenditure, repayment of debt, discharge of other liabilities that are not met from the receipts of the Government. Public debt comprises the borrowings from market, financial institutions like LIC, GIC, NABARD, NCDC, NSSF, Ways and Means Advances from RBI etc. (Internal Debt), and the loans and advances received from GoI.

There was an outstanding public debt of ₹6,91,462.65 crore as on 31 March 2025, which comprised of internal debt 92 *per cent* and GoI loans about 8 *per cent* thereof. During 2024-25, the State Government had borrowings of ₹64,993.56 crore from market/other institutions and the Government of India. Of this, ₹29,945.47 crore was expended for repayment of earlier Loans.

5.2 Public Debt

Public debt of the State Government decreased from 28 *per cent* of GSDP in 2020-21 to 23 *per cent* in 2024-25 mainly due to increase in GSDP by 75 *per cent* in the same period. The market borrowings constituted 77 *per cent* of the total internal debt in 2020-21, which increased to 89 *per cent* in 2024-25. Thus, increasing trend in market borrowings has led to growth in government liabilities over the years. The growth of public debt during the preceding five years is depicted as below:

Table 5.1- Growth of Public Debt

(₹ in crore)

Financial Year	Internal Debt (A) (market borrowings out of total Internal debt)	GoI loan (B)	Public Debt (A+B)	Per cent to GSDP
2020-21	4,58,552.23 (3,54,685.54)	18,106.74	4,76,658.97	28

2024-25	6,32,848.15 (5,64,507.50)	58,614.50	6,91,462.65	23

Note: Figures are progressive balance to end of the year.

5.3 Debt Service Ratio

Debt Service is the amount that is required to cover the repayment of principal and interest on a debt for a particular period.

Debt Service Ratio is defined as net income divided by total Debt Service. It is a measure of the cash flow available to pay current obligations. The Debt Service Ratio helps to determine the borrower's ability to make debt service payments.

During 2024-25, total debt service was about 3 *per cent* of GSDP. The position of debt servicing during the last five years has been depicted as below:

Table 5.2- Debt Servicing as Percentage of GSDP

(₹ in crore)

Financial Year	2020-21	2021-22	2022-23	2023-24	2024-25
Repayment of Debt	26,777.49 (1.57)	28,725.94 (1.54)	22,690.46 (1.01)	21,388.63 (0.84)	29,945.48 (1.01)
Interest Paid	37,428.40 (2.19)	42,875.56 (2.30)	43,007.98 (1.91)	47,277.31 (1.86)	46,749.88 (1.57)
Total Debt Service	64,205.97 (3.76)	71,601.50 (3.84)	65,698.44 (2.91)	68,665.94 (2.70)	76,695.36 (2.58)
GSDP	17,05,593.37	18,63,221.12	22,57,575.06	25,47,861.00	29,78,224.00

(Figures in parenthesis are percentage to GSDP)

5.4 Debt Sustainability of the State

Public debt of the State Government increased substantially by 45 *per cent* in 2024-25 over the outstanding debt in 2020-21, whereas the economy in terms of GSDP grew by 75 *per cent*. The debt to GSDP ratio decrease from 28 *per cent* in 2020-21 to 23 *per cent* in 2024-25. The debt repayment was 7 *per cent* of total tax revenue and 46 *per cent* of debt receipts during 2024-25.

The increasing trend of raising debt tends to increase the debt stock entailing debt distress on the state economy. This fiscal situation may result in augmentation of debt liabilities and reduction of capital expenditure i.e. development related spending.

Appropriation Accounts

6.1 Budget Provisions

During 2024-25, the State Legislature approved a total provision of ₹8,00,203.31 crore under 91 grants (including supplementary grants). Against which, the actual expenditure was ₹6,21,843.34 crore (78 *per cent* of the total provision). Of which, total charged expenditure was 14 *per cent* and voted 86 *per cent*. Summary of the Appropriation Accounts for the year 2024-25 is given below:

Table 6.1- Summary of Appropriation Accounts for 2024-25

(*) Supplementary Grants were provided under 53 grants.

6.2 Saving/Excess during the last five years

During the year 2024-25, there was saving of ₹1,78,359.97 crore. Saving/Excess under Revenue and Capital Expenditure heads, Public Debt and Loans and Advances over the last five years have been depicted as follows:

Table 6.2- Saving/Excess during 2020-21 to 2024-25

(₹ in crore)

Financial Year	Saving (-) / Excess (+)				Total Saving / Excess	% of Total Grant

Thus, saving during the last five years was about 24 *per cent* (on an average), which shows non-achievement of about one-fourth commitments of the State Government made by the State Budget or non-observance of its authorisation by the State Legislature.

6.3 Persistent Savings

Persistent savings under a Grant indicate either slow or non-implementation of certain schemes/programmes. Some of the grants under which significant savings occurred are as follows:

7.2 Assets

The existing form of accounts depicts valuation of physical assets and financial assets at historical cost i.e. the value in the year of acquisition/purchase. The Government assets comprise mainly of the cash balance and investments of cash balance, progressive capital expenditure, balance of loans and advances, civil advances and balance outstanding under remittances.

7.2.1 Cash Balance and Investment of Cash Balance

The State Government had total cash balance of ₹44,409.01 crore as on 31.03.2025, which decreased by ₹13,964.95 crore as compared to 2023-24. This was mainly due to net decrease in investment of cash balance (of ₹19,758.20 crore) in government securities during the year:

Table 7.2- Position of Cash Balance and Investment of Cash Balance

(*) It excludes interest on investment of accretions in the Consolidated Sinking Fund during the year as it didn't appear in the State Accounts.

7.2.2 Others Investment and Dividends

The Government invested ₹23,744.24 crore in equity shares of Statutory Corporations, Government Companies, Co-operative Societies and other institutions during 2024-25, which stood at total investment of ₹2,08,468.86 crore (7 per cent of GSDP) in these institutions (13,585) at the end of the year 2024-25. The dividends therefrom during the year were ₹140.74 crore (i.e. 0.59 per cent of total investment).

7.3 Liabilities

Government liabilities differ from the government debt to the extent that the government debt (or, public debt) comprises of Internal Debt of the State Government and Loans from GoI, whereas liabilities of the Government include Public Debt as well as other liabilities viz. Small Savings, Reserve funds and other Deposits in the Public Accounts. These liabilities are 'Debt Stock of the State Government' which increased by ₹32,258.29 crore (4 *per cent*) in 2024-25 as against the previous year. Position of the debt stock during the last five years is as under:

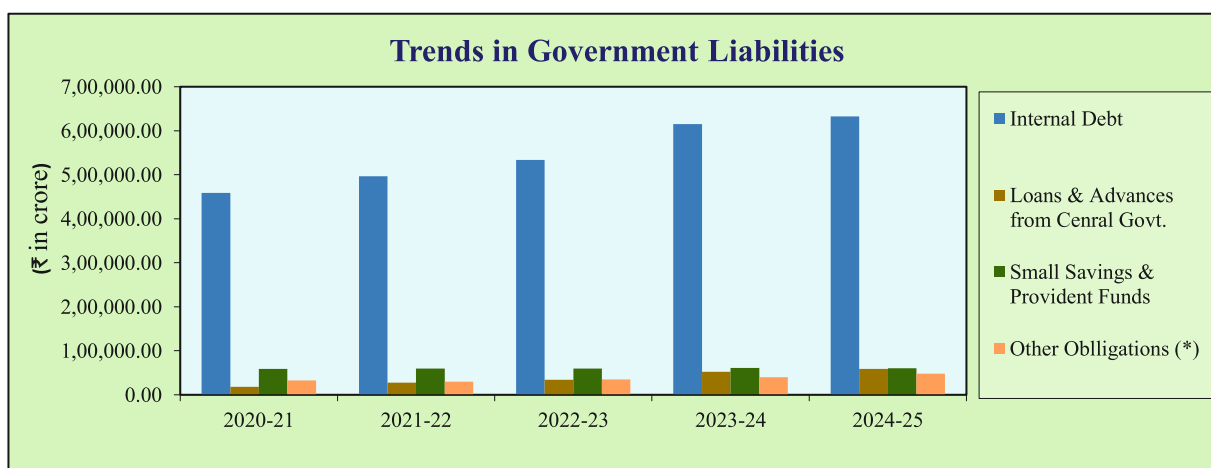

Table 7.3-Trend of State's Liabilities during the year 2020-21 to 2024-25

(₹ in crore)

Financial Year	Public Debt	<i>Per cent to GSDP</i>	Total Public Account Liabilities	<i>Per cent to GSDP</i>	Total Debt Stock	<i>Per cent to GSDP</i>

Note: Figures are progressive balance to end of the year.

Graph 7.1-Trends in Government Liabilities

(*) Interest not bearing obligations such as Deposits of Local Funds, other Earmarked Funds, etc.

The increasing trend in government liabilities is mainly due to the gradual increase in internal debt of the State Government during the period 2020-21 to 2024-25. However, the debt stock (i.e. total liabilities) of the State Government remained at 27 *per cent* of GSDP at the end of the year.

7.3.1 Increasing trend of outstanding liabilities of the State Government on account of Market Borrowings

As per the procedure adopted by the State Government for amortisation of the market borrowings, the State Government makes provisions for reduction or avoidance of debt under Major Head 2048 and appropriates it to Sinking Fund under Major Head 8222 by way of book transfer. During the year 2019-20, the State Government constituted a Consolidated Sinking Fund (CSF) in March 2020 for redeeming of the outstanding liabilities of the State (Internal debt and other liabilities under Public Accounts). During 2024-25, sum of ₹4,500.00 crore was contributed to this Fund. The Government invested the said amount in government securities. The position of state's outstanding liabilities due to market borrowings and amount appropriated to Consolidated Sinking Fund is as below:

Table 7.4- Trend of State's Outstanding Liabilities due to Market Borrowings

(₹ in crore)

Financial Year	Outstanding liabilities due to Market Borrowings	Amount appropriated to Consolidated Sinking Fund	Balance under Consolidated Sinking Fund (as on 31 March 2025)
2020-21	3,54,685.54	1,000.00 (*)	1,000.00

2024-25	5,64,507.50	4,500.00 (*)	11,500.00 (**)

(*) It has been invested in government securities during the year.

(**) It excludes interest earned on investment, as it did not appear in the state accounts.

Repayments against the market loans are made by budgetary provisions. These liabilities would be redeemed from CSF from the year 2025-26 onwards.

State's liabilities on this account escalated from ₹3,54,685.54 crore in 2020-21 to ₹5,64,507.50 crore in 2024-25 (about 59 *per cent* increase during foregoing five years i.e 11.8 *per cent* increase per year on average).

7.4 Guarantees- Contingent liabilities of the State

The State Government has given guarantees of ₹20,039.73 crore (0.67 *per cent* of GSDP) against repayment of loans and payment of interest thereon raised by Statutory Corporations, Government Companies, Corporations, Authorities etc. during the year 2024-25. The position of total outstanding guarantees as on 31 March 2025 is as below:

Table 7.5- Position of Outstanding Guarantees during 2020-21 to 2024-25

(₹ in crore)

At the end of the year	Maximum Amount Guaranteed (Principal only)	Outstanding Guarantee at the end of year (Principal)	Guarantee Commission or Fee	
			Received	Receivable
2020-21	1,75,469.24	1,50,554.00	0.00	0.00
2021-22	2,06,431.78	1,74,218.42	0.00	0.00
2022-23	1,93,244.82	1,70,780.52	0.00	4.41
2023-24	1,84,274.02	1,63,399.82	4.43	0.00
2024-25	1,89,232.04	1,72,973.40	1.06	1.06

The Fiscal Responsibility and Budget Management Act 2003 (FRBM Act 2003) prescribed the limit of 0.5 *per cent* of GDP for giving guarantee by GoI in a year. In spite of the fact that the volume of Guarantees given is increasing over the years, the State Government has not fixed any limit for giving the guarantee in the financial year. The Government has created Guarantee Redemption Fund for redemption of guarantees on 29 January, 2021. The State Government has contributed ₹1,634.00 crore during the year in this fund.

Other Accounting Issues

8.1 Compliance of Indian Government Accounting Standards formulated by GASAB:

The Government Accounting Standard Advisory Board (GASAB) has formulated four Indian Government Accounting Standards (IGASs) viz- Guarantees given by Governments: Disclosure Requirements (IGAS-1), Accounting Classification of Grants-in-Aid (IGAS-2), Loans and Advances made by the Governments (IGAS-3), and Prior Period Adjustment (IGAS-4). These have been notified by Ministry of Finance, Government of India.

In adherence with these standards, disclosures about the guarantees given by the State Government to various institutions have been exhibited in the Statement 9 and 20 of the Finance Accounts of the Government of Uttar Pradesh. Under the extant provisions of FRBM Act 2003, additional guarantee should not be given in respect of any loan on security of Consolidated Fund of India in excess of one half *per cent* of GDP in a financial year. However, the State Government has not fixed any limit for giving the guarantee in the financial year. The State Government has created the Guarantee Redemption Fund for discharging the obligations arising out of guarantees executed. The State Government executed the guarantees of ₹23,691.74 crore (i.e. 0.80 *per cent* of GSDP) to 7 PSUs /institutions during 2024-25.

The information relating to Grants-in-Aid paid in cash and in kind have been disclosed in the Statement 10 and Appendix III of the Finance Accounts, and the grants have been classified in the state accounts in accordance with the stipulated principles except a few cases which were referred to the State Government. As regards Loans and Advances made by the State Government, the position relating to outstanding balances of loans, arrears of principal etc. is depicted in Statements 7, 18 and Appendix VII of the aforesaid accounts. All prior period adjustments made during the year have been disclosed in Annexure-2. of Statement-13 of the Finance Accounts.

8.2 Implementation of Integrated Financial Management System (IFMS)- Mission Mode Project:

Under the National e-Governance Plan (July 2010), the State Treasury Computerisation as a Mission Mode Project was to be implemented by the State Governments with aim to provide greater accuracy and transparency in budgeting and accounting processes. The State Accountants General (A&E), as stakeholder, were required to work in line with the State Governments in designing the computer processes relating to capture of treasury data and compilation process and implementation of the project.

In due course of implementation of IFMS in the State of Uttar Pradesh, data (of receipts & expenditure) as well as schedule of House Building Advance/ Motor Car Advance

is fetched from all the eighty-two treasuries electronically (through central server of the State Government) and uploaded in VLC server in the Accountant General's office. The Monthly Civil Accounts (MCA) are generated after compilation of the said treasury data and are submitted to the State Government every month.

8.3 Submission of Accounts by Treasuries/Departments

The initial accounts of one treasury received late from 16 to 30 days. However, no account was excluded at the end of the year.

8.4 Abstract Contingent (AC) Bills and Detailed Countersigned Contingent (DCC) Bills

In exceptional situations where money is required in advance or the Drawing and Disbursing Officers (DDOs) are not able to calculate the exact amounts required, they are permitted to draw money through AC bills without supporting documents. Such AC bills are required to be settled by submission of DCC bills to the Accountant General (A&E) within a month from the date of completion of the purpose for which the advance was drawn. As on 31 March 2025, 309 AC bills amounting to ₹1.61 crore were outstanding for want of DCC bills.

The major share of DCC bills (in number and percentage of total amount of the unadjusted bills) was awaited from the following Departments of the State Government:

1. Revenue Department (Relief on account of Natural Calamities)	04 bills	₹0.35 crore	(21.74%)
2. Education Department (Secondary Education)	18 bills	₹0.29 crore	(18.01%)
3. Judicial Department	03 bills	₹0.21 crore	(13.04%)
4. Information Department	75 bills	₹0.14 crore	(8.70%)

8.5 Utilisation Certificates Awaited

For grants sanctioned for specific purposes, the departmental officers concerned should obtain Utilization Certificate (UCs) from the grantee, which after verification should be forwarded to the Accountant General (A&E). Non-submission of UCs does not ensure that the funds released have been utilized for the intended purposes.

Utilisation Certificates (13,347 in number) of ₹13,126.32 crore as against the grants given upto September 2023 were awaited, as on 31 March 2025. The departments from which the major share of UCs were awaited are:

Table 8.1- Position of Major Share of UCs awaited

(₹ in crore)

Year	Urban Development Department	Social Welfare Department (SCP for SCs)	Agriculture and other Allied Departments (Panchayti Raj)	Medical (Medical Education and Training)
	Amount (Percentage)	Amount (Percentage)	Amount (Percentage)	Amount (Percentage)

8.6 Reconciliation of Receipts and Expenditure

Accuracy and reliability of accounts depend, among other things, on timely reconciliation of the figures available with the departments and the figures appearing in the accounts compiled by the Accountant General (Accounts and Entitlements). This exercise is required to be conducted by respective Chief Controlling Officers (CCOs).

In 2024-25, nearly all the expenditure and receipts figures (98.58 and 97.98 *per cent* respectively) were reconciled. The status of reconciliation of the figures at the end of March 2025 is given below:

Table 8.2- Position of Reconciliation

Particulars	Total Nos. of CCOs	Nos. of CCOs who reconciled	Nos. of CCOs who didn't reconcile
Expenditure	179	179	nil
Receipts	55	50	05

8.7 Non-closure and Reconciliation of Personal Deposit (PD) Accounts

Personal Deposit (PD) accounts are opened for specific purposes in consultation with the Accountant General by transfer of funds, which is booked as expenditure against the Consolidated Fund of the State. If there is no transactions in any PD account for last three years, it is required to be closed on the advice of the Accountant General and unspent balances remitted back to Government Accounts.

As on 31 March 2025, there were 11 Administrators operating PD accounts with a balance of ₹10.94 crore. During 2024-25, an amount of ₹1.86 crore was transferred from the Consolidated Fund of the State to these PD Accounts. This includes ₹0.31 crore transferred in March 2025 from the Consolidated Fund. This is 16.67 *per cent* of the total credit to PD account during the year, of which, no amount was transferred on the last working day of March 2025.

Four Administrators of Personal Deposit Account (out of 11) had reconciled and verified their balances with the treasury figures and 04 annual verification certificates were furnished by them to the Treasury Officer. The Accountant General Office received 04 of such certificates from the Treasury Officer. 07 Administrators of Personal Deposit Accounts had not reconciled and verified their balances with the treasury figures.

8.8 General Provident Fund

The State Government has constituted a fund namely “General Provident Fund” under the Public Account for the government servants, wherein they subscribe their prescribed contributions. This Fund is regulated by the General Provident Fund (Uttar Pradesh) Rules 1985 and the amendments made thereunder. The Government pays interest on the GPF balance as may be admissible from time to time under the rules. The subscribers are entitled to receive temporary and final withdrawals. Final payment from the account is made to the subscribers in the event of superannuation, cessation of service, death etc. There was a total balance of ₹39,201.87 crore in the GPF accounts of the government employees in the State under the head 8009-01-101- GPF as on 31 March 2025. The accounts of other than class IV employees are maintained by the Accountant General and the accounts of class IV employees by the departmental authorities.

8.9 Defined Contribution Pension Scheme (DCPS)

Government employees recruited on or after 1 April 2005 are covered under the Defined Contribution Pension Scheme (DCPS). It is also applicable to the new entrants of government aided educational institutions and autonomous bodies financed by the government as well. In terms of the Scheme, the government employees contribute 10 *per cent* of basic pay and dearness allowance, which is matched by the State Government with 14 *per cent* contribution thereof (w.e.f. 1 April 2019) and the entire amount is transferred to the designated fund manager through the National Securities Depository Limited (NSDL)/ Trustee Bank as per the procedure prescribed by the Government of Uttar Pradesh vide G.O. No. Sa-3-379/Das-2005-301(9)-2003 dated 28 March 2005 and No.Sa-3-1067/Das-2011-301(9)-2011 dated 15 September 2011. During 2024-25, contributions to the DCPS by the State Government and its employees was as follows:

(Source: State Government)

As regards employees of aided educational institutions and autonomous bodies, the contributions and balance has not been furnished by the State Government.

8.10 Suspense Balances

Items of receipts and payments which cannot be taken to final head of receipt or expenditure owing to lack of information as to nature or for any other reason are booked temporarily under the Major Head 8658-Suspense Accounts. These are cleared by minus debit or minus credit as the case may be on receipt of details/information. The position of balances under Suspense and Remittance Heads as on March 31, 2025 was as under:
