**Certificate of the Comptroller and Auditor General of India**

This compilation containing the Finance Accounts of the Government of Orissa for the year 1965-66 presents the accounts of the receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. It supplements the accounts separately presented in the form of Appropriation Accounts for Grants and Charged Appropriations.

These Accounts which as Comptroller and Auditor General, I am required to prepare, have been prepared and examined under my direction in accordance with the requirements of Article 149 of the Constitution of India, read with paragraph 11(4) of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947. It is to be noted that the Comptroller and Auditor General's responsibility for the audit of the accounts of the Government does not at present extend in full to the audit of the accounts of revenue, but I am satisfied, on the best information available that the accounts of revenue included in the Finance Accounts herewith presented give a correct statement of the sums brought to account. Subject to these observations and also to those contained in this Compilation as well as in the Audit Report, 1967, the accounts now presented are correct statements of the receipts and outgoings of the Government of Orissa for the year 1965-66.

## INTRODUCTORY

The Accounts of the Government of Orissa are kept in three parts—

Part I—Consolidated Fund

Part II—Contingency Fund

Part III—Public Account

In Part I, there are three main divisions, namely:—

- (1) Revenue ;
- (2) Capital; and
- (3) Debt (comprising Public Debt, Loans and Advances and Inter-State Settlements).

The first division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure therefrom, the net result of which represents the revenue surplus or deficit for the year.

The second division deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material character or of reducing recurring liabilities, such as those for future pensions, by payment of the capitalised value. It also includes receipts of a capital nature intended to be applied as set off against capital expenditure.

The third division comprises loans raised by Government, loans of a purely temporary nature classed as "Floating Debt" (such as, Treasury Bills and Ways and Means Advances), as well as other loans classed as "Permanent Debt" and "Loans and Advances made by Government" together with repayments of the former and recoveries of the latter. It also includes Inter-State Settlements.

In Part II of the accounts are recorded the transactions connected with Contingency Fund set up by the Government of Orissa, under Article 267(2) of the Constitution of India.

In part III of the accounts, there are two main divisions, namely:—

- (1) Debt (Other than those included in Part I) and Deposits; and
- (2) Remittances.

The first division comprises receipts and payments, other than those falling under Debt heads pertaining to Part I, in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid together with repayments of the former and recoveries of the latter.

The second division embraces all merely adjusting heads under which appear remittances of cash between treasuries and transfers between different accounting circles. The initial debits or credits to the heads in this division are adjusted eventually by corresponding receipts or payments either within the same circle of account or another account circle.

2. *Sections and Heads of Account*—Within each of the divisions mentioned above, the transactions are grouped into sections which are further subdivided into Major Heads of Account. The sections are distinguished by letters of alphabet, a single letter denoting the revenue portion and a double letter denoting the capital portion of a particular category of transactions, e. g., Section A denotes the revenue (and expenditure) grouped as "Collection of Taxes, Duties and other Principal Heads of Revenue" and Section A A denotes the capital expenditure on works connected therewith.

The Major Heads in the Revenue and Capital divisions are numbered serially, Roman numerals being employed on the receipt side and Arabic on the disbursement side. No numbering is adopted for the Contingency Fund and for Debt, Deposit and Remittance heads, though these are also arranged in sections.

The Major Heads are sub-divided into Minor Heads and the Minor Heads into Sub-heads and Detailed heads. Under each of these heads, the expenditure is shown distributed between Charged and Voted. The Major, Minor and Sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, Sub-heads and other units of allotments which are adopted by the Finance Department for Demands for Grants but in general, a certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

3. *System of Accounts*—The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year ending with 31st March, 1966 as distinguished from the amounts due to or by Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and for presenting the true state of affairs of Government Commercial Undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in commercial form and are subject to a test check by the Indian Audit and Accounts Department.

The figures of actuals shown in these accounts are net, after taking into account the recoveries, although the Demands presented to the State Legislature and the Appropriation Accounts are for gross expenditure and exclude all credits and recoveries which are otherwise taken as reduction of expenditure.

*Explanatory Notes*

1. 94—*Capital Outlay on Improvement of Public Health—Grants for Municipal Water supply and Drainage Scheme*—According to the orders issued by Government, two-thirds of the expenditure on Grants-in-aid to local bodies temporarily capitalised is to be written back to Revenue Account under the head '30—Public Health' in twelve years beginning from 1960-61 and the balance one-third is to be treated as loan to the local bodies. The question of transfer of one-third of the capitalised expenditure to state loan accounts is under correspondence with the authorities concerned.

2. (i) *Hirakud Dam Project—Stage—I*—The interest charges on loans obtained from the Government of India for the construction of the Project were paid annually by transferring these to the capital from out of fresh loans obtained for the purpose since 1948-49 upto the completion of the Project in 1959-60. The revenue account of this project was opened from 1st April, 1960. It has been decided by Government (August, 1965) that as no surplus revenue has been derived from the Project and as there is also no hope of getting any surplus revenue from the Project, the capitalised interest charges may not be written back to revenue

(ii) *Hirakud Subsidiary Power House Project—Stage—II*—The interest charges charged to this project represent the amount of interest allocated to works pertaining to Stage—II of the project before it was taken up as an independent project. The revenue account of this project was opened from the 1st April, 1964. It has been decided by Government (August, 1965) that as there is no hope of getting any surplus revenue from the project, the capitalised interest charges may not be written back to revenue.

*Explanatory Notes*

1. The net loss expressed as a percentage of the Capital Outlay to the end of 1965-66 is 1.94 as against 2.27 in the preceding year. The decrease in loss is due to increase in revenue receipts. The percentage will decrease in respect of Hirakud Dam Project, if a part of the expenditure on Dam and appurtenant works is allocated to Flood control for which decision of Government is awaited.

The irrigation works of the State which have been declared as commercial undertakings consist of three completed projects mentioned above and eleven other major and medium irrigation projects under execution.

2. *Arrears in collection of water rates*—The total arrears on account of water rates to end of March, 1966 in respect of areas (other than the area under the irrigable command of Hirakud Dam Project), for which assessments were made amounted to Rs. 2.98 lakhs; arrears are outstanding from 1948-49. An amount of Rs. 1.54 lakhs pertains to the period 1948-49 to 1961-62.

3. *Non-assessment of betterment levy and water rates*—Irrigation facilities have been provided for 5.00 lakhs acres of cultivated irrigated area against an irrigation potential of 6 lakhs acres created by Hirakud Dam Project. No legislation has yet been passed for levy of betterment charges.

4. *Productive and Un-productive works*—Works in the Irrigation department are classified as "productive" or "un-productive" according as the net revenue (gross revenue less working expenses) derived from each work on the expiry of ten years from the date of closure of the construction estimate covers or does not cover the prescribed annual interest charges on the capital invested.

## (ii) FINANCIAL RESULTS OF ELECTRICITY SCHEMES

With the formation of the Orissa State Electricity Board with effect from the 1st March, 1961, all the completed transmission and distribution systems have been transferred to the control of the Board. The Board has also been given the responsibility of new connections and construction of transmission lines throughout the State. The allocation of assets and liabilities pertaining to the schemes concerned between the Board and the Government has not been finalised so far. Capital expenditure to the extent of Rs. 16.72 crores was transferred to the Orissa State Electricity Board provisionally during 1964-65 and has been treated as loan to the Board.

Government have declared in November, 1965 a further sum of Rs. 0.73 crore representing expenditure on capital account as loan to the Orissa State Electricity Board. The *Proforma* corrections effecting the transfer of the capital expenditure as loan have not been made owing to non-receipt of full particulars from Government (December, 1966).

Government undertook the execution of Talcher Thermal Scheme and Talcher Utilisation Scheme in 1960-61 and 1961-62 respectively. Talcher Thermal Scheme is still under construction and the interest charges on the scheme are being met from revenue.

Besides, Government had undertaken the Machkund Hydro-Electric (Joint) Scheme in 1944 jointly with the Government of Andhra Pradesh with equal rights. Subsequently, it was decided that Government of Orissa should transfer 20 per cent of its rights to the Government of Andhra Pradesh for a period of 99 years in lieu of which the latter should pay compensation to the former according to the terms and conditions agreed upon. During the construction period, Orissa and Andhra Pradesh are to bear 30 per cent and 70 per cent respectively of the capital expenditure, each bearing interest charges on the capital provided by it during the year.

The capital invested by the Government of Orissa to the end of 1958-59 was Rs. 4.62-64 lakhs. Debits raised by the Government of Andhra Pradesh for Rs. 75.75 lakhs representing Orissa's share (30 per cent) of the capital expenditure during 1959-60 to 1965-66 have not yet been accepted by the Government of Orissa as it is held by the Government of Orissa that the expenditure on the project exceeded the estimated amount, the conditions whereof are not known to them, and that the decision of the Government of Andhra Pradesh to raise the height of Jalput Dam was taken unilaterally, and therefore, the Government of Orissa could not assume responsibility for financing any additional expenditure thereof. The receipts and working expenses of Machkund Hydro-Electric (Joint) Scheme during the year 1965-66 were Rs. 97.41 lakhs and Rs. 35.39 lakhs (excluding interest on capital outlay) respectively as against Rs. 30.10 lakhs and Rs. 3.84 lakhs in the year 1964-65.

The gross receipts on account of sale of power and miscellaneous revenue were Rs. 1.58.85 lakhs during 1965-66 as against the working expenses of Rs. 66.35 lakhs (exclusive of interest charges on capital provided by Government). The gross receipts from the schemes retained by Government and the working expenses exclusive of interest on capital creditable to Government to end of 1965-66 amounted to Rs. 4,38.48 lakhs and Rs. 1,11.03 lakhs respectively. The progressive direct capital outlay on Electricity Schemes up to the end of 1965-66 amounted to Rs. 23,31.66 lakhs.

(4) *Loans from the Central Government*—A statement of loans taken by the State Government is given in Statement No. 17 at pages 186 to 189.

The Government of Orissa have made amortisation arrangements for repayment of loan taken from the Central Government for Industrial Housing Scheme. In accordance with the accounting procedure laid down by Government, an amount equivalent to the actual recoveries made from the industrialists is transferred to the Sinking Fund. The balance in the Sinking Fund for the amortisation of this loan at the end of 1965-66 amounted to Rs. 10.11 lakhs of which Rs. 9.18 lakhs stood invested in the securities of Government of India; the particulars are given in the Annexure to the Statement No. 19. The repayment of all other borrowings are made by the State Government from fresh borrowings.

The revised terms decided by the Government of India in August, 1959 for repayment of Relief and Rehabilitation loans have been accepted by the State Government. The State Government, are, however, paying to the Government of India only the sums actually realised from the displaced persons in lump sum. Sums of Rs. 0.64 crore on account of principal and Rs. 0.16 crore on account of interest remained outstanding towards repayment on this account on the 31st March, 1966 according to original terms and conditions. Repayment of Principal to the extent of Rs. 0.12 lakh was made during the year; no part of the interest was repaid.

In June, 1964, Government of India decided that the State Government would be absolved of their responsibility to share any portion of losses on the loans granted to the displaced persons from East Pakistan prior to 31st March, 1964 (other than the loans granted to displaced persons migrating after 31st December, 1963). Losses to be remitted on this account have not been worked out by the State Government.

Repayments of instalments of principal and interest could not be arranged in respect of loans for Development of Handloom Industry, Conversion of Handloom into Powerlooms, Small Scale and Cottage Industries, etc., involving a total amount of Rs. 0.90 crore due to non-receipt of details of utilisation and break-up of figures from the State Government. The terms and conditions of these loans depended on the particular schemes for which the loans had been utilised.

An aggregate amount of Rs. 27.28 crores was received by State Government during 1965-66 as Ways and Means Advance for Plan Schemes of which Rs. 23.92 crores was adjusted as loan and Rs. 3.36 crores as grant. The loan has been included in the total amount of Rs. 56.16 crores received during 1965-66.

*Explanatory Notes*

Under an agreement with the Reserve Bank of India, the Government of Orissa have to maintain with the Bank a minimum balance of Rs. 10 lakhs on Fridays and not less than Rs. 8 lakhs on other days. The Bank informs the Government of their daily balance with the Bank at the close of each working day. If this balance falls on weekly settling days below the agreed minimum the deficiency is made good either by taking a Ways and Means Advance from the Reserve Bank of India or by selling Treasury Bills.

The Cash balance of the Government of Orissa with the Reserve Bank of India fell below the prescribed minimum on 227 occasions during the year 1965-66 and Government paid Rs. 9.52 lakhs as interest on account of the shortfalls.

Ways and Means Advance to the extent of Rs. 15.71 crores were obtained from the Reserve Bank of India during 1965-66 besides the amount of Rs. 0.20 crore outstanding from the previous year. The interest paid on this amount during the year amounted to Rs. 5.23 lakhs.

(A) Includes Rs. 0.06 lakh being the amount of pre-merger balances of merged States brought to Government Account.

Cash credit accommodation obtained from the State Bank of India to the extent of Re. 1 crore in March, 1965 was outstanding from the previous year. Further cash credit advance to the extent of Rs. 1 crore was obtained during the year 1965-66. Interest paid on this account during 1965-66 was Rs. 7.02 lakhs. A sum of Rs. 8.25 crores was sanctioned by the Government of India as Ways and Means Advance during June, 1965 to wipe out the overdraft with the Reserve Bank of India.

Treasury Bills to the extent of Rs. 2.65 crores were also rediscounted on various dates during the year to make up the deficiency in the cash balance.

2. The cash balance with the Reserve Bank (*minus* Rs. 6,63.32 lakhs) as shown in Government account represents the balance taking into account the adjustments pertaining to the year 1965-66 carried out in the books of the Reserve Bank of India in the subsequent financial year up to 25th April, 1966.

## Explanatory Notes

The significance of the head 'Government Account' is explained in Note 4 below. The other headings in this summary take into account the balances under all account heads in Government books in regard to which Government has a liability to repay the moneys received or has a claim to recover the amount paid and also heads of account opened in the books for adjustment of remittance transactions. It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government of Orissa as these do not take into account all the physical assets of the State such as Lands, Buildings, Communications, etc., nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.

(2) A summary of receipts, disbursements and balances under Debt, Deposit, Remittance and Contingency Fund is given in Statement No. 16 at Pages 166 to 185

In a number of cases (indicated in Statement No. 16) there are unreconciled differences in the closing balance as reported in Statement No. 16 and that shown in the separate registers or other records maintained in the Accounts Office/Departmental Offices for the purpose steps are being taken to settle the discrepancies as soon as possible. In many cases the full details and documents required for the purpose, are awaited from the Departmental/Treasury Officers, some cases are detailed in Appendix at pages 220 to 223 of this compilation.

The balances are communicated to the Departmental Officers concerned every year for acceptance thereof. In a large number of cases such acceptances have not been received.

The following are instances where the verification and acceptance of balances involving large amounts have been delayed. In many cases the delay extends over several years:—

(3) *Adjustments consequent on the Integration of State from the 1st August, 1949*—Consequent on the integration of 24 former princely States in the State of Orissa under the State Merger (Governor's Provinces) Order, 1949, from the 1st August, 1949, the assets and liabilities relating to the integrated States on the date of their integration were taken over by the Government of Orissa. On determination of the value of these assets and liabilities, the balances under Debt, Deposits, etc., heads are to be corrected. The process of determination of the liabilities have been completed. In regard to assets, the position at the end of 1965-66 was that the exact value of the assets shown for Rs. 1,320 was to be determined. The matter is under consideration of Government.

(4) *Government Account*—Under the system of book-keeping followed in the Indian Government Accounts, the amounts booked under Revenue, Capital and other transactions of Government, in respect of which the balances are not carried forward from year to year, are closed to a single head, called, "Government Account". The balance under this head represents the cumulative result of all such transactions so that after adding thereto the balances under Debt, Deposit, Remittance heads and Contingency Fund, the closing cash balance at the end of the year may be worked out and proved. The Government Account for 1965-66 given below will show how the net amount at the end of the year has been arrived at—
