## **Report of the Comptroller and Auditor General of India**

### **Audit of the Finance Accounts of the Government of Jharkhand**

#### **Opinion**

The Finance Accounts of the Government of Jharkhand for the year ended 31 March 2023 present the financial position along with accounts of the receipts and disbursements of the Government for the year involving transactions from and / or to the Consolidated Fund, the Contingency Fund and the Public Account of the State. The compilation of Finance Accounts comprises two volumes; Volume-I contains the consolidated position of the state of finances and explanatory 'Notes to Finance Accounts' including a summary of Significant Accounting Policies and Volume -II depicts the accounts in detail. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations, which represent the budget comparison, are presented separately.

On the basis of the information and explanations that my officers required and have obtained and as a result of test audit of the accounts, in my opinion, the Finance Accounts read with the explanatory 'Notes to Finance Accounts' present fairly the financial position and the receipts and disbursements of the Government of Jharkhand for the year 2022-23.

Observations arising from audit of these accounts as well as audit conducted during the year or earlier years are contained in my Financial, Compliance and Performance Audit Reports on the Government of Jharkhand being presented separately for the year ended 31 March 2023.

#### **Basis for Opinion**

The conduct of audit is in accordance with the CAG's Auditing Standards. These Standards require that we plan and perform audits to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. The audit evidence that we have obtained provides a basis for my opinion.

#### **Responsibilities for Preparation of the Initial and Subsidiary Accounts**

The State Government is responsible for obtaining authorisation of budget from the State Legislature. The State Government and those responsible for execution of budget such as treasuries, offices and departments of the Government of Jharkhand are responsible for preparation and correctness of the initial and subsidiary accounts as well as for ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations.

Also, they are responsible for rendering the initial and subsidiary accounts and information related thereto to the Office of the Principal Accountant General (Accounts and Entitlements) of Jharkhand for compilation and preparation of the Finance Accounts.

## **Responsibilities for Compilation of Annual Accounts**

The Office of the Principal Accountant General (Accounts and Entitlements) of Jharkhand functioning under my control is responsible for compilation and preparation of Annual Accounts of the State Government. This is in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971.

The Annual Accounts have been compiled from the vouchers, challans and initial and subsidiary accounts as received from the treasuries, offices and departments of the Government of Jharkhand and the statements received from the Reserve Bank of India.

Statements (8, 9, 10(ii), 17(b)(i), 17(c)(i) and 19), explanatory notes (7) of Statement No. 5 and explanatory note (III) of Statement No. 14 and Appendices (V, VIII(i), VIII(ii), IX & X) in this compilation have been prepared directly from the information received from the Government of Jharkhand and the Union Government who are responsible for such information.

## **Responsibilities for the Audit of the Annual Accounts**

The audit of the Annual Accounts is conducted through the Office of the Principal Accountant General (Audit) in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 for expressing an opinion on these Accounts based on the results of such audit.

The Office of the Principal Accountant General (Audit) and the Office of the Principal Accountant General (Accounts and Entitlements) are independent organisations with distinct cadres, separate reporting lines and management structure.

## **Emphasis of Matter**

I want to draw attention to:

- 1) Eleven departments of the State had drawn ₹595.44 crore from Government accounts, against 357 Abstract Contingent (AC) bills, during the financial year 2022- 23, but did not submit 144 Detailed Contingent (DC) bills, amounting to ₹276.50 crore, before the close of the financial year. There is, therefore, no assurance that the amount of ₹276.50 crore has actually been spent, during the financial year, for the purpose for which it was sanctioned/authorised by the Legislature. As such, there may be a possible overstatement of expenditure in the year 2022-23.

In addition to this, 18,071 AC bills, amounting to ₹ 5,838.21 crore, drawn up to 2021-22, were also outstanding, as on 31 March 2023. Advances drawn and not accounted for increase the possibility of wastage/misappropriation/malfeasance etc.

[Paragraph 3 (vi) of NTFA]

- 2) During the financial year 2022-23, 5,194 Utilisation Certificates (UCs), pertaining to an amount of ₹ 13,979.67 crore, which had become due, were not submitted by the bodies and authorities of the State, against the Grants-in-aid provided by fifteen departments. There is, therefore, no assurance that the amount of ₹ 13,979.67 crore had actually been utilised, during the financial year, for the purpose for which it was sanctioned/authorised by the Legislature.

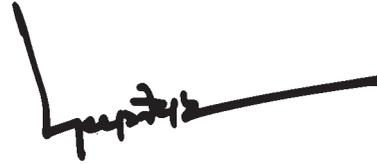

In addition to this, 38,275 UCs, involving ₹ 1,02,173.42 crore, due for submission upto 2021-22, were also outstanding, as on 31 March 2023. Thus, a total of 43,469 UCs, involving ₹ 1,16,153.09 crore, were due for submission, as of March 2023. High pendency of UCs is fraught with the risk of fraud and misappropriation of funds.

[Paragraph 3 (vii) of NTFA]

- 3) As per Rule 334 of Jharkhand Treasury Code, 2016, an amount of ₹1,115.39 crore, being the unspent balances of loans lying under Personal Deposit/Personal Ledger Accounts related to previous years, were to be transferred as reduction of expenditure to the concerned service head from where the money was withdrawn. The State Government incorrectly accounted for the amount under the Receipt Head “0075-Miscellaneous General Services - 800 - Other Receipts” during the year 2022-23. The misclassification has resulted in overstatement of Revenue Receipts as well as Loans, to that extent.

[Paragraph 3 (ii)(b) of NTFA]

My opinion on the Finance Accounts is not modified due to Emphasis of Matter Section.

## Guide to the Finance Accounts

---

### A. Broad overview of the structure of Government accounts

1. The Finance Accounts of the State of Jharkhand present the accounts of receipts and outgoings of the Government for the year, together with the financial results disclosed by the Revenue and Capital accounts, the accounts of the Public Debt and the liabilities and assets of the State Government as worked out from the balances recorded in the accounts. The Finance Accounts are accompanied by Appropriation Accounts, which present comparison of expenditure against the Grants/ Appropriations.

### 2. The Accounts of the Government are kept in three parts :

**Part I : Consolidated Fund :** This Fund comprises all revenues received by the State Government, all loans raised by the State Government (market loans, bonds, loans from the Central Government, loans from Financial Institutions, Special Securities issued to National Small Savings Fund, *etc.*), Ways and Means Advances (WMA) extended by the Reserve Bank of India (RBI) and all moneys received by the State Government in repayment of loans. No moneys can be appropriated from this Fund, except in accordance with law and for the purposes and in the manner provided by the Constitution of India. Certain categories of expenditure (*e.g.*, salaries of Constitutional authorities, loan repayments, *etc.*), constitute a charge on the Consolidated Fund of the State (*Charged Expenditure*) and are not subject to vote by the Legislature. All other expenditure (*Voted Expenditure*) is voted by the Legislature..

The Consolidated Fund comprises two sections: Revenue and Capital (including Public Debt, Loans and Advances). These are further categorized under 'Receipts' and 'Expenditure'. The Revenue Receipts section is divided into three sectors, *viz.*, 'Tax Revenue', 'Non Tax Revenue' and 'Grants-in-aid and Contributions'. These three sectors are further divided into sub-sectors like 'Goods and Services Tax', 'Taxes on Income and Expenditure', 'Fiscal Services', *etc.* The Capital Receipts section does not contain any sectors or sub-sectors. The Revenue Expenditure section is divided into four sectors, *viz.*, 'General Services', 'Social Services', 'Economic Services' and 'Grants-in-aid and Contributions'. These sectors in the Revenue Expenditure section are further divided into sub-sectors like, 'Organs of State', 'Education, Sports, Art and Culture', *etc.* The Capital Expenditure section is sub-divided into seven sectors, *viz.*, 'General Services', 'Social Services', 'Economic Services', 'Public Debt', 'Loans and Advances', 'Inter-State Settlement' and 'Transfer to Contingency Fund'.

**Part II : Contingency Fund :** This Fund is in the nature of an imprest, which is established by the State Legislature by law, and is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional major head relating to the Consolidated Fund of the State. The Contingency Fund of the Government of Jharkhand for 2022-23 is ₹500 crore.

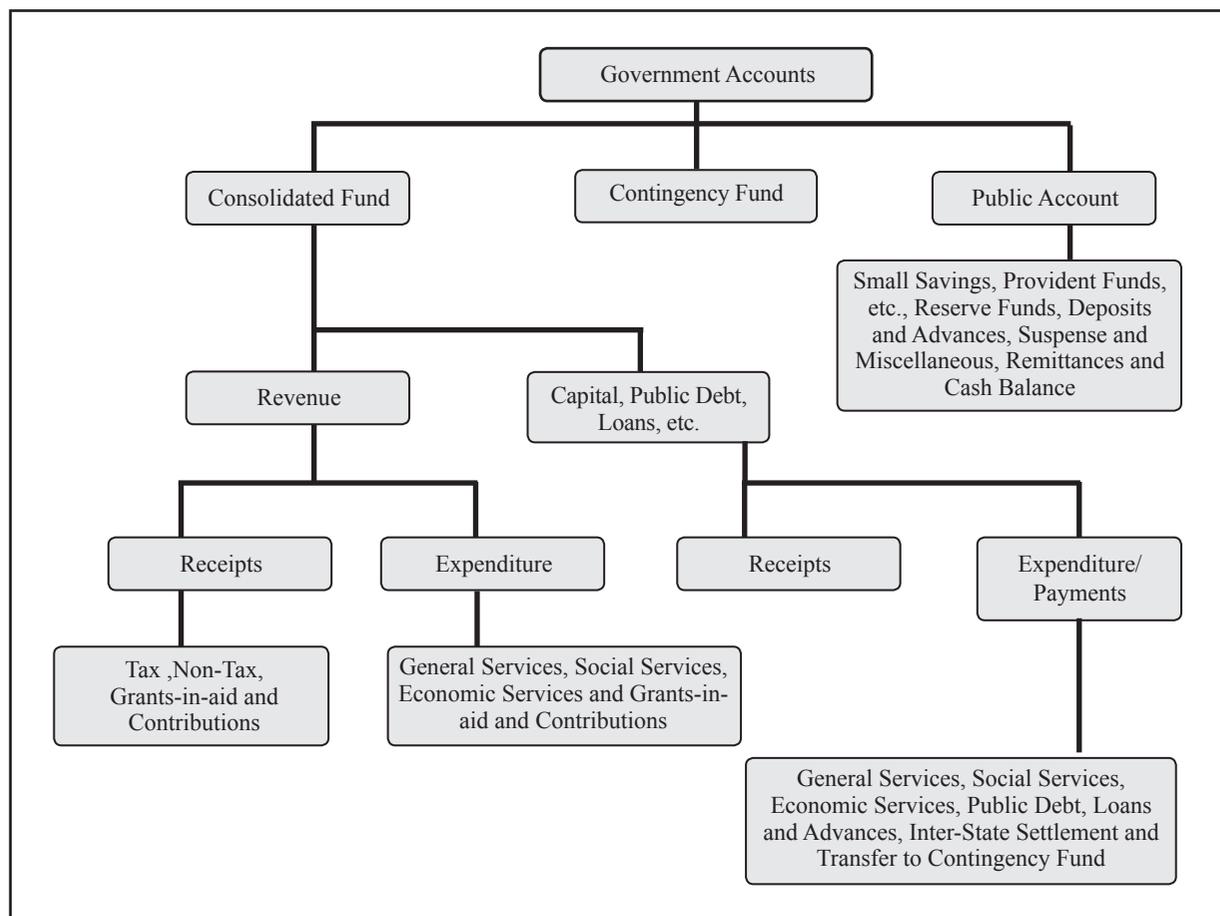

**Part III : Public Account :** All other public moneys received by or on behalf of the Government, where the Government acts as a banker or trustee, are credited to the Public Account. The Public Account includes repayable such as Small Savings and Provident Funds, Deposits (bearing interest and not bearing interest), Advances, Reserve Funds (bearing interest and not bearing interest), Remittances and Suspense heads (both of which are transitory heads, pending final booking). The net cash balance available with the Government is also included under the Public Account. The Public Account comprises six sectors, *viz.*, ‘Small Savings, Provident Funds, *etc.*’, ‘Reserve Funds’, ‘Deposit and Advances’, ‘Suspense and Miscellaneous’, ‘Remittances’, and ‘Cash Balance’. These sectors are further sub-divided into sub-sectors. The Public Account is not subject to the vote of the Legislature.

3. Government accounts are presented under a six tier classification, *viz.*, Major Heads (four digits), Sub-Major Heads (two digits), Minor Heads (three digits), Sub-Heads (two digits), Detailed Heads (two to three digits) and Object Heads (two / three/ four digits). Major Heads represent functions of Government, Sub-Major Heads represent sub-functions, Minor Heads represent programmes/activities, Sub-Heads represent schemes, Detailed Heads represent sub-schemes and Object Heads represent purpose/object of expenditure.

4. The main unit of classification in accounts is the Major Head which contains the following coding pattern (according to the List of Major and Minor Heads corrected upto 31 March 2023.)

<i>0005 to 1606</i>	<i>Revenue Receipts</i>
<i>2011 to 3606</i>	<i>Revenue Expenditure</i>
<i>4000</i>	<i>Capital Receipts</i>
<i>4046 to 7810</i>	<i>Capital Expenditure (including Public Debt, Loans and Advances)</i>
<i>7999</i>	<i>Appropriation to the Contingency Fund</i>
<i>8000</i>	<i>Contingency Fund</i>
<i>8001 to 8999</i>	<i>Public Account</i>

1 The balance under the head 'Deposits with Reserve Bank' is arrived at after taking into account the Inter-Government monetary settlements pertaining to transactions of the financial year 2022-23 advised to the RBI till 10 April 2023.

There was a difference of ₹186.36 crore (Net Debit) between the figures reflected in the accounts (₹91.07 crore Debit) and that intimated by Reserve Bank of India (₹95.29 crore Debit) regarding "Deposits with Reserve Bank" included in the Cash Balance. Discrepancy statement of ₹186.36 crore (Debit) for the year 2022-23 has been sent to Reserve Bank of India, Ranchi for reconciliation and necessary correction in RBD balance. .

2 This cash balance position does not include unspent balance transferred to bank account.

**Explanatory Notes :-**

(a) **Cash and Cash Equivalents:** Cash and cash equivalents consist of cash in treasuries and Deposit with Reserve Bank of India and other Banks and Remittances in Transit, as stated below. The balance under the head "Deposits with Reserve Bank" depicts the combined balance of the Consolidated Fund, Contingency Fund and the Public Account at the end of the year. To arrive at the overall cash position, the cash balances with treasuries, departments and investments out of the cash balances/ reserve funds etc., are added to the balance in "Deposit with Reserve Bank of India".

(b) **Daily Cash Balance:** Under an agreement with the Reserve Bank of India, the State Government has to maintain a minimum cash balance of ₹0.45 crore with the Bank. If the balance falls below the agreed minimum on any day, the deficiency is made good by taking ordinary and Special Ways and Means advances/overdrafts from time to time.

## 2. STATEMENT OF RECEIPTS AND DISBURSEMENTS - conclud.

### ANNEXURE TO STATEMENT 2 - conclud.

#### CASH BALANCES AND INVESTMENT OF CASH BALANCES - conclud.

For arriving at the daily cash balance<sup>3</sup> for the purpose of grant of Ways and Means advances/Overdraft, the RBI evaluates the holdings of the 14 day treasury bills along with the transactions reported (at RBI counters, Inter-Government transactions and Treasury transactions reported by the agency banks) for the day. To the cash balance so arrived, the maturity of 14 day Treasury Bills if any, is added and excess balance, if any, after maintaining the minimum cash balance is reinvested in Treasury Bills. If the net cash balance arrived at results in less than the minimum cash balance or a credit balance and if there are no 14 day treasury bills maturing on that day, RBI rediscounts the holdings of the 14 day Treasury Bills and makes good the shortfall. If there is no holding of 14 day Treasury Bills on that day the State Government applies for Ways and Means Advances/Special Ways and Means Advances/ Overdraft.

- (c) The limit for ordinary ways and means advances to the State Government was ₹1,067.00 crore with effect from 31.03.2022. The Bank has also agreed to give special ways and means advances against the pledge of Government Securities. The limit of special ways and means advances was revised by the Bank from time to time.

The extent to which the Government maintained the minimum cash balance with the Reserve Bank during 2022-23 is given below:-

- |  |     |
|--|-----|
| (i) Number of days on which the minimum balance was maintained without taking any advance  | 365 |
| (ii) Number of days on which the minimum balance was maintained by taking Ordinary Ways and Means advance                            | Nil |
| (iii) Number of days on which the minimum balance was maintained by taking Special Ways and Means advance                            | Nil |
| (iv) Number of days on which there was shortfall in minimum balance even after taking the above advances, but no overdraft was taken | Nil |
| (v) Number of days on which overdrafts were taken  | Nil |
- (d) The investment of ₹5,149.41 crore out of the cash balance is in the securities of Government of India. Interest realised during the year on investment held in the Cash Balance Investment Account was ₹91.14 crore.
- (e) Investment of ₹500.00 crore has been made during the year 2022-23 by the State Government in its own securities.

**B. Government Account :** Under the system of book-keeping followed in Government accounts, the amount booked under Revenue, Capital and Other transactions of Government the balances of which are not carried forward from year to year in the accounts, are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions.

To this the balances under Public Debt, Loans and Advances, Small Savings, Provident Funds, Reserve Funds, Deposits and Advances, Suspense and Miscellaneous (Other than Miscellaneous Government Account), Remittances and Contingency Fund, etc., are added and the closing cash balance at the end of the year is to be worked out and proved.

The other headings in the summary take into account the balances under all accounts heads in Government books in regard to which Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transactions.

It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government as it does not take into account all the physical assets of the State, such as lands, buildings, communication, etc., nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.

#### (iv) Form of Accounts:

Under Article 150 of the Constitution of India, the accounts of the Union and of the States are kept in such form as the President may, on the advice of the Comptroller and Auditor General of India, prescribe. The word “form” used in Article 150 has a comprehensive meaning so as to include the prescription, not only of the broad form in which the accounts are to be kept, but also the basis for selecting appropriate heads of accounts under which the transactions are to be classified, which forms the chart of accounts.

#### (v) Basis of Budget and Financial Reporting:

As per the provisions of Article 202 of the Constitution of India, a statement of estimated receipts and expenditure, referred to as the Annual Financial Statements (also called Budget) for a financial year, is presented to the legislature in form of grants / appropriations, before the commencement of the financial year. The Budget is presented on gross basis, without the recoveries and receipts, which are otherwise permitted to be set off in reduction of expenditure. All grants / appropriations relating to heads of budget and accounts, whose balances are not carried forward, lapse at the end of the financial year.

**Budget and Accounts:** Both budget and accounts of the State, follow the same accounting period, cash basis of accounting and uniform basis of classification. The accounts are classified as per the List of Major and Minor Heads to the level of Minor Heads, as notified by the Controller General of Accounts, in consultation with the Comptroller and Auditor General of India. The classification followed below Minor Heads is as agreed to by the Office of the Accountant General (Accounts and Entitlements) in each State.

To ensure financial accountability and improve quality of expenditure, the Government of Jharkhand has implemented outcome budget for 12 departments from the financial year 2022-23. The outcome budget will act as a measurement tool in implementing the schemes more effectively and also in monitoring the expenditure and performance of all schemes. It is expected to serve as a mechanism of fiscal regulation of expenditure. Output-outcome analysis can help identify issues with schemes focusing on increasing Capital Expenditure and optimising Revenue Expenditure.

A separate budget comparison statement is presented as Appropriation Accounts, which represent actual disbursements in comparison to the grants / appropriations.

**Cash basis:** The accounts represent the actual cash receipts and disbursements during the reporting period, with the exception of such book and periodical adjustments, which are authorised. Receipts and disbursements in the Finance Accounts are on net basis i.e. net of recoveries, deductions and refunds.

**Book Adjustments:** Book adjustments are non-cash transactions that appear in the accounts as adjustments /settlements. Some of these transactions take place at the level of the account rendering units, *e.g.*, treasuries, divisions, *etc.*, for adjustments of deductions and recoveries from salaries to Revenue Receipts/Loans/Public Account, ‘nil’ bills for transfer of moneys between the Consolidated Fund and the Public Account, *etc.*

Book adjustments are also carried out at the Office of the Accountant General (A&E). These, amongst others, include booking for creation of and contribution to funds in the Public Account by debit to the Consolidated Fund (*e.g.*, State Disaster Response Fund, Central Road and Infrastructure Fund, Sinking Fund, *etc.*) crediting deposit heads of accounts in the Public Account by debiting the Consolidated Fund; annual adjustment of interest on General Provident Fund and State Government Group Insurance Scheme by debiting Major Head 2049-Interest Payments and crediting relevant Major Heads in the Public Account; adjusting Debt waiver under the scheme of Government of India, based on the recommendations of the Central Finance Commissions, recoupment of Contingency Fund, *etc.*

**Classification between Capital and Revenue Expenditure:** Significant expenditure incurred with the object of acquiring tangible assets of a permanent nature (for use in the organisation and not for sale in the ordinary course of business) or enhancing the utility of existing assets, are broadly defined as Capital expenditure. Subsequent charges on maintenance, repair, upkeep and working expenses, which are required to maintain the assets in a running order, as also all other expenses, incurred for the day to day running of the organisation, including establishment and administrative expenses, are classified as Revenue expenditure. Capital and Revenue expenditure are shown separately in the Accounts.

**Physical and Financial Assets and Liabilities:** Physical Assets and Financial Assets (such as, investments, loans and advances made by the Government, *etc.*), as well as Liabilities, such as, debt, *etc.*, are measured at historical cost. **Grants-in-aid:** In compliance with the Indian Government Accounting Standard (IGAS) 2: Accounting and Classification of Grants-in-aid, Grants-in-aid in cash is recognised as Revenue Expenditure at the time of disbursement even if it involves creation of assets by the grantee, except in cases specifically authorised by the President on the advice of the Comptroller and Auditor General of India. All grants received are recognised as Revenue Receipts. **(vi) Rounding off:**

**(vii) Cash Balance:** Cash balance, as reported in the accounts, is the balance of the State as at the end of 31 March of a year, recorded in the Accounts of the State Government with the Central Accounts Section of the Reserve Bank of India. The cash balance reflects the balance after cash transactions involving the Consolidated Fund, the Contingency Fund and the Public Account of the State for the year. Out of ₹2,173.04 crore, ₹2,102.76 crore relates to GIA for Capital creation and ₹33.03 crore to Scholarship & Stipend, while ₹37.25 crore related to GIA (Non Salary). The State Government incorrectly accounted for the amount under the Receipt Head “0075-Miscellaneous General Services-800 Other Receipts” during the year 2022-23. **(c) Central Road and Infrastructure Fund (CRIF):**

The erstwhile Central Road Fund (CRF) has been renamed as the Central Road and Infrastructure Fund (CRIF) vide GoI's Gazette notification dated 31-03-2018. The CRIF will be used for development and maintenance of National Highways, Railway projects, improvement of safety in Railways, State and Rural roads and other infrastructure.

In terms of the extant accounting procedure, the grants received by the State from the Centre are to be initially booked as Revenue Receipts under Major Head 1601. Thereafter, the amount so received is to be transferred by the State Government to the Public Account under Major Head 8449-103 Subventions from Central Road and Infrastructure Fund through functional Major Head(s).

During the year 2022-23, the State Government received grants of ₹81.56 crore towards CRIF, which has been transferred to the Fund. The State Government did not transfer the balance amount of ₹156.63 crore pertaining to the previous years to the Fund, as on 31 March 2023.

**(iii) Suspense and Remittance Balances:**

The Finance Accounts reflect the net balances under Suspense and Remittance Heads. The outstanding balance under these heads, worked out by aggregating the outstanding debit and credit balances separately under various heads was ₹501.65 crore under Major Heads 8658 and 8782, as on 31 March 2023 ( ₹244.62 crore as on 31 March 2022).

Non-clearance of outstanding balances under these heads affects the accuracy of receipt/expenditure figures and balances under different heads of Accounts (which are carried forward from year to year) of the State Government.

**(iv) Building and other Construction Workers Welfare Cess:** The Government of India enacted the Building and other Construction Workers Welfare Cess Act, 1996 (Cess Act) to levy and collect cess for providing benefits to the workers.

At the end of 31 March 2022, the total untransferred balance was ₹664.19 crore.

Thus, the cumulative un-transferred amount from the Major head 0230-Labour & Employment was ₹579.00 crore as on 31 March 2023.

**(v) Other Cess/fee/surcharges:** During the year 2022-23, the Government collected ₹104.49 crore (from 2008-09 to 2020-21: ₹79.43 crore, 2021-22: ₹0.81 crore) being the collection of cess/fee/surcharge (other than labour cess) under Major Head '0029- Land Revenue'. However, no amount was transferred to the Major Head '8448-101 District Fund' under Public Account by the State Government.

**(vi) Adverse Balance:** Minus balances appearing in the Accounts during the year are given below. The minus balances under these heads were due to non-apportionment of assets and liabilities between Bihar and Jharkhand.

There was a net difference of ₹186.36 crore (Debit), mainly due to non-receipt of adjustment entries. Out of this, ₹55.66 crore (Debit) remained outstanding at the end of July, 2023. The Bihar Reorganisation Act, 2000 provides for the manner in which balances are to be apportioned among the successor States of Bihar and Jharkhand with effect from 15 November 2000 (the date of bifurcation of the States of Bihar and Jharkhand). The progressive expenditure as on 14 November 2000 under Capital Section (Major Heads “4059” to “5475”), Loans and Advances (Major Head “6202” to “7615”) and balances under Part III Public Account, except deposits with Reserve Bank, were transferred as the opening balances in the Finance Accounts of Bihar for the period with effect from 15 November 2000 to 31 March 2001. The opening balances of these heads were taken as ‘nil’ in the Finance Accounts of Jharkhand for the period with effect from 15 November 2000 to 31 March 2001. The Government of Jharkhand has sought legal recourse in respect of ownership of some Boards, Corporations and Local Bodies etc. While the balances under Public Debt and Cash Balance maintained by the Reserve Bank of India have been apportioned, balances under the Capital section (₹11,935.23 crore), Loans and Advances (₹6,583.36 crore) and Public Account (₹7,443.90 crore) remained un-apportioned. Details are given in Appendix-XIII of the Finance Accounts 2022-23.

Item-wise detailed Annexure (Annexure A to E) for apportionment of balances has been prepared and sent to both the State Governments in September 2014, by the respective Accountants General, for their concurrence.
