**Finance Accounts of the Government of Rajasthan for the  
year 1958-59 and the Report of the Comptroller  
and Auditor General of India**

*Certificate of the Comptroller and Auditor General of India*

This compilation containing the Finance Accounts of the Government of Rajasthan for the year 1958-59 and the Report of the Comptroller and Auditor General of India presents the accounts of the receipts and outgoings of the Government of Rajasthan for the year, together with a report on the financial results disclosed by the different accounts and other data coming under examination, that is to say, both the revenue and capital accounts, the accounts of the public debt and the liabilities and assets of the Government of Rajasthan as deduced from the balances recorded in its books and other information. It supplements the Report of the Comptroller and Auditor General of India on the accounts of the audited expenditure of the Government for the year, separately presented in the form of Appropriation Accounts for each Grant. In compliance with Article 151(2) of the Constitution of India, the Comptroller and Auditor General's Report on the accounts accompanied by the accounts themselves is submitted by the Comptroller and Auditor General to the Governor to be laid before the State Legislature.

Both the Finance Accounts and the Appropriation Accounts for 1958-59, which as Comptroller and Auditor General, I am required to audit, have been examined under my direction in accordance with the provisions of the Government of India (Audit and Accounts) Order, 1936, as adapted under the India (Provisional Constitution) Order, 1947, read with Article 149 of the Constitution of India. It is to be noted that the Comptroller and Auditor General's responsibility for the audit of the accounts of the Government does not extend in full to the audit of the accounts of revenue, but I am satisfied, on the best information available that the accounts of revenue included in the Finance Accounts herewith presented give a correct statement of the sums brought to account. Subject to these observations and also to those contained in the detailed reports which follow and in the Report on the Appropriation Accounts, the accounts now presented are correct statements of the receipts and outgoings of the Government of Rajasthan for the year 1958-59.

## A—GENERAL FINANCE ACCOUNTS

### 1. REPORT

#### INTRODUCTORY

1. The Government Accounts are kept in the following three parts :—

|                          |                              |
|--------------------------|------------------------------|
| Part I—Consolidated Fund | } of the State of Rajasthan. |
| Part II—Contingency Fund |                              |
| Part III—Public Account  |                              |

In Part I of the Account, there are three main divisions, namely :—

- (1) Revenue;
- (2) Capital; and
- (3) Debt (comprising Public Debt, Loans and Advances and Inter-State Settlement).

The first division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure therefrom, the net result of which represents the revenue surplus or deficit for the year. The second division deals with expenditure met usually from borrowed funds with the object either of increasing concrete assets of a material character or of reducing recurring liabilities such as those for future pensions by payment of the capitalised value. It also includes receipts of a capital nature intended to be applied as a set off to capital expenditure. The third division comprises loans raised by Government—loans of a purely temporary nature classed as “Floating Debt” (such as Treasury Bills and Ways and Means Advances) as well as other loans classed as “Permanent Debt” and “Loans and Advances made by Government” together with repayments of the former and recoveries of the latter. It also includes Inter-State Settlements.

In Part II of the Account are recorded the transactions connected with the Contingency Fund set up by the Government of Rajasthan under Article 267 (2) of the Constitution of India.

In Part III of the Account, there are two main divisions, namely :—

- (1) Debt (other than those included in Part I) and Deposits; and
- (2) Remittances.

The first division comprises receipts and payments, other than those falling under Debt heads pertaining to Part I, in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid, together with repayments of the former and recoveries of the latter. The second division embraces all merely adjusting heads, under which appear

remittances of cash between Treasuries and transfers between different accounting circles. The initial debits or credits to the heads in this division are cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March, as distinguished from amounts due to or by Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and these accounts are subjected to a suitable audit check by the Indian Audit and Accounts Department.

2. *Sections and Heads of Accounts.*—Within each of the divisions mentioned above, the transactions are grouped into Sections which are further subdivided into Major heads of Account. The Sections are distinguished by letters of the alphabet, a single letter denoting the revenue portion and a double letter denoting the capital portion of a particular category of transactions, e.g. Section A denotes the revenue (and expenditure) grouped as 'Principal Heads of Revenue' and Section AA denotes the capital expenditure on works connected therewith. The Major heads in the Revenue and Capital divisions are numbered serially, Roman numerals being employed on the receipt side and Arabic on the disbursement side. No numbering is adopted for the Contingency Fund and for Debt, Deposit and Remittance heads, though these are also arranged in Sections.

The Major heads are sub-divided into Minor heads and the Minor heads into Sub-heads and Detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. The Major, Minor and Sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, Sub-heads and other units of allotments which are selected by the Finance Department for Demands for Grants and the Appropriation Accounts; but in general, a certain degree of correlation is maintained between the Demands for Grants and the Appropriation Accounts, on the one hand, and the Finance Accounts, on the other.

3. *Balances and Reserves.*—The accounts work from balance to balance, these balances working up to the general cash balance, a portion of which is kept in the Treasuries within the State while the rest is deposited with certain Banks [See paragraph 15 of Part A of the Report] carrying on Government business in the State. Apart from these cash balances are the Cash Balance Investment Account and other special Reserves invested outside the general cash balance of Government. Most of these Reserves are invested in short term securities of the Government of India. As it has not been possible to split up the balance into balances in the 'Consolidated Fund' and the 'Public Account', a single balance for all the three parts, viz. the Consolidated Fund, the Contingency Fund and the Public Account has been shown as hitherto.

4. The figures of actuals and of the budget estimates shown in these accounts are net, after taking into account the recoveries, although the Demands presented to the Legislature and the Appropriation Accounts are for gross expenditure and exclude all credits and recoveries, which are otherwise taken as reduction of expenditure.

(Throughout this part of the Report the amounts shown represent thousands of Rupees unless the contrary is specifically indicated)

### SUMMARY OF THE TRANSACTIONS FOR 1958-59.

5. A summary of the detailed transactions during the year under report as compared with the Budget for the year 1958-59 is given in the sub-joined statement:—

## REVENUE POSITION OF GOVERNMENT

## GENERAL REMARKS

6. The budget estimate for the year under report placed the total revenue receipts at 33,93,91 and the total expenditure on revenue account at 33,74,41 thus anticipating a revenue surplus of 19,50. The actuals, however, amounted to 33,97,30 and 35,94,78 respectively thus resulting in a revenue deficit of 1,97,48. This was due to increase in expenditure (2,20,37) partly set off by increase in revenue (3,39).

The increase of 2,20,37 in expenditure as compared with the estimates occurred mainly under 'Land Revenue' (14,50); 'Civil Administration' (2,01,70); 'Miscellaneous' (22,34) and 'Extraordinary Items' (26,68). The increase was partly off set by less expenditure under 'Debt Services' (59,15) and 'Capital expenditure within the Revenue Account' (10,40).

The increase in revenue (3,39) as compared with the budget estimates occurred mainly under 'Union Excise Duties' (20,08); 'Taxes on Railway Fares' (11,79); 'Land Revenue' (84,17); 'State Excise Duties' (64,35); 'Taxes on vehicles' (17,74); 'Sales Tax' (33,64) and 'Other Taxes Duties' (12,67) partly counter-balanced by decrease under 'Taxes on Income other than Corporation Tax and Estate Duty' (14,27); 'Irrigation' (27,38); 'Debt Services' (22,05); 'Civil Administration' (28,53); 'Miscellaneous' (20,21); 'Contributions and Miscellaneous Adjustments between Central and State Governments' (30,50) and 'Extraordinary Items' (90,48).

The reasons for important variations between the budget estimates and the actuals have been explained in paragraph 5 of this part of the Report. A Statement showing percentage distribution of total Revenue and Expenditure for the year under review will be found in Statement No. 1 of Part A of the Report.

\* Met out of Consolidated Fund.

‡ Represents expenditure to end of 1952-53; completion report is awaited.

The percentage of the net profit/loss in the previous year was 6.6 and 10.4 respectively on items 1 and 2 on the capital outlay to end of that year. Reasons for the decrease/increase in the percentage are awaited from the Department.

Works in the Irrigation Department are classified as "Productive" or "Unproductive" according as the net revenue (gross revenue less working expenses) derived from each work on the expiry of 10 years from the date of closure of the construction estimate covers or does not cover the prescribed annual interest charges on the capital invested. The productivity test involves some *pro forma* adjustments which do not appear on the face of Government accounts. If a work classed as "Productive" fails to yield the prescribed return in three successive years, it is transferred to the "Unproductive" class. Similarly, if a work classed as "Unproductive" succeeds in yielding in three successive years the prescribed return, it is transferred to the "Productive" category.

Productive works in the State continued to satisfy the conditions of productivity and to yield the relevant return on capital invested during the year with the exception of Lift Irrigation Scheme, Bundi.

None of the unproductive works was transferred to the productive class during the year.

*Outstanding revenue relating to Irrigation schemes declared as commercial—*  
A sum of 4.35 was outstanding on the 31st March, 1959 in respect of Gang Canal on account of irrigation dues. Information in respect of Lift Irrigation Scheme is awaited from the Department. The yearwise break up of the outstanding is given below—

#### **Expenditure on important capital Projects under construction**

9. (1) *Bhakra Nangal Project.*—It is a multi-purpose river valley Project for providing water for irrigation purposes and developing electric power in the Punjab and parts of Rajasthan. Its main units are the Bhakra Dam, Nangal Barrage, Canal system and Nangal Power Project. The construction of Bhakra Dam was started in 1945-46 and was scheduled to be completed in 1960. The works pertaining to the Nangal Barrage and the Hydrel Channel commenced in 1946-47 and were completed during 1954-55.

The Project is a joint venture of the Governments of the Punjab and Rajasthan and the overall charge of the technical and financial aspects of its execution is vested in the Bhakra Control Board.

The third Project estimate for both the Irrigation and Power portions was framed in 1951 for Rs. 156.32 crores. Further revisions were made in 1953 and 1955. The Project is now estimated to cost Rs. 173.54 crores. While the expenditure on the construction of common works is proportionately shared by the participating States, the works situated within the respective territories are executed exclusively by the State concerned. The expenditure is being financed out of the loans advanced by the Government of India. The Rajasthan Government's share of the total estimated cost amounts to Rs. 33.72 crores distributed as follows:—

|             |    |    |    |                      |
|-------------|----|----|----|----------------------|
| Irrigation  | .. | .. | .. | .. Rs. 22.73 crores. |
| Electricity | .. | .. | .. | .. Rs. 10.99 crores. |

The latest revised Project Estimate is yet to be approved by the Rajasthan Government. The expenditure incurred by Rajasthan Government up to the end of March, 1959 amounted to Rs. 25.34 crores including share of expenditure on common works executed by the Punjab Government.

(2) *Chambal Valley Development Schemes.*—The Project is intended to utilise the substantial water resources of the Chambal, the largest of the rivers flowing through Rajasthan and Madhya Pradesh, by providing irrigation water and developing hydro-electric power. This Project has been jointly undertaken by the two Governments. The Chambal Control Board is in overall charge of the technical and financial aspects of the Project and all connected works.

The Project, when completed, will consist of three dams with Power stations at each site and a barrage across the river near Kota city to divert the river waters into the canals taking off therefrom. The canal system will irrigate annually 14 lakhs acres of land and the transmission lines will carry power to the distribution stations located in both the States. The Project is to be executed in

three stages. The works included in the first stage are nearing completion and irrigation is expected to commence soon. The works contemplated to be undertaken in the second and third stages will be taken up thereafter. The entire Project is scheduled to be completed by 1964-65.

The first Project Estimate (Rajasthan portion) was administratively approved by the State Government in July, 1954 for Rs. 969 lakhs and the works pertaining to the Kota barrage and the Canal system commenced in 1953-54. A revised Project Estimate was sanctioned in June, 1958 for Rs. 2,168.12 lakhs. The total expenditure incurred by the Rajasthan State up to the end of March, 1959 amounted to Rs. 10.44 crores.

(3) *Rajasthan Canal Project*.—Inaugurated in March, 1958, the Rajasthan Canal, when completed, will be the longest canal in the country. The Canal under construction takes off from Harike barrage on the river Sutlej in the Punjab State. The first 110 miles of the Canal called the 'Rajasthan Feeder' are being executed by the Punjab Government as agents of the Rajasthan Government. The remaining portion of the proposed Canal lies in the Rajasthan State where nearly 4 million acres of most inhospitable desert and virgin land will get irrigation water. The Project will be executed in two stages :—

(a) the Rajasthan Feeder, the first 23.4 miles of the Canal, the Suratgarh branch and the Low Level Canal together with appurtenant works;

(b) works pertaining to the remaining portion of the Canal.

The Project has been administratively approved by the Rajasthan Government for Rs. 66.47 crores. The necessary funds will be provided by the Government of India by way of interest-bearing loans. The revenue prospects of the Project are yet to be worked out. The preliminary survey of the canal areas undertaken in 1950 by the Central Water and Power Commission and the State is nearing the final stage. The actual construction work has, however, been started. Up to the end of 1958-59 an expenditure of Rs. 1.10 crores was incurred.

### Commitments

10. The Statement given in Appendix I of this compilation indicates the extent to which the Government of Rajasthan stood committed at the end of 1958-59 in respect of expenditure on works estimated to cost rupees one lakh or more and the cost of which is debitable outside the Revenue Account. It will be seen therefrom that further liabilities in respect of these commitments which remain to be discharged amount to 78,48,34. This does not, however, include commitments in respect of works for which estimates have not been sanctioned or revised.

### Debt Position—General Statement

11. The debt position of the Rajasthan Government at the beginning and close of the year under review is set forth in the following Statement:—

\* See para 3 at page 88 and the Statement at page 91.

The above Statement shows that there was an increase of 15,80,12 in the net indebtedness of the State at the close of the year. The increase was the result of an addition of 23,15,54 to the gross debt and an increase of 7,35,42 in the assets of the State in the form of loans advanced by the State Government.

A brief account of each item is given below:—

(i) *Permanent Debt*.—This covers loans raised in the open market as are intended to have at the time when they are raised a currency of more than twelve months. The amount under this head represents the proceeds of the following loans:—

(1) 4% Rajasthan State Development Loan, 1968 having a currency of 12 years from the 3rd September, 1956 and redeemable at par on the 3rd September, 1968, with the issue price fixed at Rs. 99/8/- per cent.

(2) 4½ % Rajasthan State Development Loan, 1970 having a currency of 12 years from the 15th July, 1958 and redeemable at par on the 15th July, 1970, with the issue price fixed at Rs. 99.50 per cent.

A detailed account of the loans raised in the open market by the Rajasthan Government will be found in the Statement in paragraph 10 of Part B of the Report

(ii) *Floating Debt*.—This represents borrowings of a purely temporary character viz., Treasury Bills, Ways and Means advances from the State Bank of India and Reserve Bank of India, and temporary overdrafts from other Banks conducting Government Treasury business. The amount outstanding consists of (i) 9,97,42 obtained from the State Bank of India against securities pledged with it (8,98,40) and against a Treasury bill (99,02) (ii) 2,26,92 from the Reserve Bank of India and (iii) 27,44 taken from other Banks conducting Government Treasury business. The Reserve Bank of India charged interest at varying rates from 3% to 3½% while the State Bank of India charged interest at 4%. The other Banks charged interest at 2% on shortfall of balance below the prescribed minimum and at 4½ % on overdrafts.

(iii) *Loans from the Central Government*.—These comprise loans granted by the Central Government for various purposes. A Statement indicating the purposes for which the loans have been received from the Central Government, the balances outstanding as well as the terms and conditions of their repayments will be found in Appendix II of this compilation.

(iv) *Other Loans*.—These represent loans from the National Agricultural Fund of the Reserve Bank of India, the National Cooperative Development and Warehousing Board and from Life Insurance Corporation for housing schemes for middle income group and for development of cooperative movement. These loans carry interest at varying rates.

(v) *Unfunded Debt*.—This represents the accumulated balance of various Provident and other Funds held by Government on behalf of its employees. The debt is repayable on the retirement or death of employees concerned and carries with it a recurring liability in the form of interest payable by the Government on the balances held.

(vi) *Loans and Advances by the State Government*.—These represent assets of Government and comprise loans both bearing and not bearing interest and

advances granted to Local Bodies, Land holders, Cultivators, Displaced persons, Government servants, etc. which are ultimately recoverable from them. A detailed account of the transactions and the balances outstanding under each category of such loans and advances is given in Statement No. 5 of Part B of this compilation.

12. *Debt Services.*—The total net charge on the revenues of the State during the year under report on account of service of debt was as shown below:—

|                                                                |     |     |     |     |         |

| TOTAL                                                          |     |     |     | ..  | 2,80,04 |
| <i>Deduct</i> —Interest accrued through the State Loan Account |     |     |     | ..  | —23,12  |
| <i>Deduct</i> —Interest on Cash Balance Investment Account     |     |     |     | ..  | —26     |
| NET CHARGE                                                     |     |     |     | ..  | 2,56,66 |

This works out to 7.55 per cent of the revenues of the State for the year under review.

13. The table given in para 11 shows that the net debt liability of the State has increased during the year by 15,80,12. The State Legislature has not yet laid down any limit on the borrowings of the State under provisions of Article 293(1) of the Constitution. The State Government have also not so far made any arrangement for the amortization of their debt.

*Ratio of outstanding Public Debt to the annual Revenue.*—The table given below indicates the ratio which the net debt of the State at the end of each of the last 3 years bears to the revenue of the State for those years.

| Year<br>1 | Revenue<br>2 | Net Debt<br>3 | Ratio<br>4 |

†The figures in columns 3 and 8 represent the balance according to Government Accounts and not the balance as reported by the Banks on the last day of the month.

Under an agreement with the Reserve Bank of India the Government of Rajasthan have to maintain a minimum balance of Rs. 7 lakhs on Fridays and not less than Rs. 6 lakhs on other days. The Bank informs the Government by telegram of their daily balance with it at the close of each working day. If this balance falls on weekly settling days below the agreed minimum, the deficiency is made good either by taking a "Ways and Means" advance from the Reserve Bank or by selling Treasury bills to the public. The cash business of the Government of Rajasthan is, at certain places, carried on by the State Bank of India, as agent to the Reserve Bank of India, The Bank of Jaipur Ltd., The Bank of Rajasthan Ltd., The Cooperative Bank Ltd., Kota, The Bank of Bikaner Ltd. and the Punjab National Bank Ltd., through their local branches. Except the

State Bank of India which acts on behalf of Reserve Bank, the other Banks charge or are being charged interest for the money drawn or credited in excess of the agreed limits as the case may be. The moneys drawn in excess from the Banks are made good by Government either by floating Treasury bills or by drawing upon their Bank account with the State Bank of India or by obtaining temporary overdrafts from other Banks conducting Government Treasury business. The receipts and disbursements shown in the above Statement include 'Ways and Means' advances and Treasury bills and their repayment. The total amount of such temporary loans obtained and repaid during the year under review aggregated 62,26,38 and 59,53,14 respectively. A sum of 39,09 was paid as interest on these transactions.

In addition to cash balances referred to in the preceding sub-paragraph, Government have some investments in the form of securities, fixed deposits, Postal certificates, etc. These investments are treated as temporary investments of the general cash balance of the Government and are accounted for under the Suspense Head "Cash Balance Investment Account". The total investments held by Government at the beginning and close of the year under report are given below :—

The nature of the balances in the above mentioned Funds has been explained in paragraphs 42 and 45 to 50 of Part "B" of this Report. With regard to the certificate for the correctness of balances a reference is invited to paragraph 2 *ibid*.

### Summary of General Financial Position

16. The financial position of a Government is generally adjudged by (1) its capacity to meet from revenue all demands for running the administration

and for providing funds necessary for the amortization of the various debt liabilities of the State, (2) size of the debt and the productiveness of the assets created out of revenue and (3) existence of reserves to fall back upon in times of necessity. Having regard to these factors, the position of the State is reviewed in the following sub-paragraphs. The review, however does not take into account the various physical assets of the State, such as lands, buildings, communications, forests, etc., the exact value of which cannot be properly assessed.

As already mentioned in paragraph 6 *ante* dealing with the revenue position of the State, the revenue receipts and expenditure on revenue account during the year, amounted to 33,97,30 and 35,94,78 respectively resulting in a revenue deficit of 1,97,48. The comparative figures for the last 3 account periods are given below in order to enable proper appreciation of revenue and expenditure position of Government :—

The progressive capital outlay to end of March, 1959 aggregated 77,73,64, the details of which will be found in paragraph 7 *ante*. The bulk of this expenditure has been incurred on Irrigation and Electricity Schemes, industrial development, multi-purpose river schemes, civil works, establishment of Contingency Fund and compensation to jagirdars.

The cash balance at the close of the year increased to 54,16 against 37,31 at the commencement of the year. During the year Government obtained and repaid temporary loans from the State Bank of India and other Banks and Ways and Means advances to the extent of 62,26,38 and 59,53,14 respectively.

As stated in paragraph 11 *ante*, the net liability of Government as on the 31st March, 1959 stood at 75,99,44 resulting in an increase of 15,80,12 as compared with that on the 1st April, 1958. This was mainly due to increase in loans from the Central Government for financing irrigation projects, Grow More Food and other development schemes, Chambal Project, Ways and Means requirements, housing schemes, etc. and floatation of 4½ % Rajasthan State Development Loan, 1970 partly counterbalanced by increase under Loans and Advances by State Government.

The net liability of the State Government on the 31st March, 1959 on account of Debt, Deposits and Advances after taking into account the

various assets such as Loans and Advances and Investments was 66,11,27 as indicated in the following Statement :—

| <i>Assets</i>                                 |                 |  | <i>Liabilities</i>          |                   |  |

It will be seen from the above Statement that the net liability of the State which was not covered by any liquid assets increased from 48,77,55\* on the 31st March, 1958 to 66,11,27 at the close of the year.

There were also commitments of Government as stated in paragraph 10 *ante* in respect of expenditure on works debitible outside the Revenue Account to the extent of 78,48,34. In addition, Government have also given guarantees to the extent of 3,48,50 being the amounts borrowed by some Local Bodies, etc. in the State and an amount of 2,87,82 was outstanding on the 31st March, 1959 on this account.

Against these liabilities and commitments, Government own concrete material assets like lands, buildings, etc. and remunerative material assets such as Irrigation Projects etc., the exact value of which cannot be determined. Government have also invested in a number of commercial concerns. The total investments by Government in the shares of commercial concerns as on the 31st March, 1959 work out to 2,87,48. The details of the investments are given in Appendix III of this Compilation.

**B—DEBT, DEPOSITS, REMITTANCES AND CONTINGENCY FUND****1—REPORT****INTRODUCTORY**

Disbursements under Debt, Deposits and Remittance heads, although involving temporary appropriation of Government Funds, are not ordinarily regarded as expenditure within the meaning of Articles 203 and 204 of the Constitution of India, and except in the case of repayment of Public Debt and Loans and Advances by Government, are not required to be included in the Appropriation Act passed under Article 204 quoted above. It is, however, essential to maintain a complete and progressive record of the debt, deposit, advance, suspense and remittance transactions as they cannot be ignored when considering the financial position of Government. The management of various receipts and disbursements under these heads constitutes a vital part of the machinery of financial administration. That record is found in this part of the Report and its object is, in the first place, to give a complete enumeration of balances under debt, deposit and remittance heads and, in the second place, to review the current state of the accounts under each head.

2. Except where stated otherwise, the balances whether in cash or investments in this part of the Report under each head have been duly verified and found to agree with those shown in the separate registers or other records maintained in the Accounts Office for the purpose in accordance with the prescribed rules, and have been accepted as correct by the responsible officers concerned where necessary; and the debits and credits during the year to the various Reserve Funds and Deposit Accounts of grants, etc., were for amounts authorised by the relevant Acts or rules of the Funds or Accounts, and there were no diversions for purposes other than those for which the Funds were constituted or the grants were made.

3. Consequent on the formation of the new State of Rajasthan under the States Reorganisation Act, 1956, the balances under debt, deposit and remittance heads were corrected. In some cases further corrections on this account have been carried out during the year under report; consequently the opening balances adopted in this Report differ in such cases from the closing balances shown in the last Report. These are also provisional pending the final determination of such balances.

## REVIEW OF BALANCES

5. It must be clearly understood that the balances of accounts shown in the Statement above are not, and cannot be, regarded as a complete record of the state of affairs of the net financial position of the Government of Rajasthan as it is not possible to take into account all the various physical assets of the State such as land, buildings, communications, etc. for which complete statistics are not available and the exact value of which it is difficult to estimate. This Statement shows the balances of those accounts only for which separate running accounts are kept in the Government books.

The above balances are reviewed in detail in the following paragraphs :—

**SECTIONS A to M and Part of Section S—  
GOVERNMENT ACCOUNT**

Dr. Rs. 66,11,26,643

6. This is the general closing head in the ledger. Under the system of book-keeping followed in Indian Government Accounts, all balances which are not carried forward from year to year are closed to this head. It is also used as an adjusting head for the purpose of counterbalancing entries which have been included elsewhere in the accounts. The balance under this head, therefore, represents the cumulative results of revenue, capital and other transactions in respect of which no separate progressive balanced accounts are kept. The account for 1958-59 is given in the following table:—

7. The figure against item A differs from the closing balance shown in the accounts for the year 1957-58 by Rs. 52,03,937 on account of the incorporation of some further balances as a result of the reorganisation of the State on 1-11-1956. The details of the amount of Rs. 52,03,937 representing the balances transferred to or from Rajasthan during 1958-59 will be found in the Statement on the following page. The figures against B, C and D agree with the corresponding figures exhibited in Account No. 3 of Part A of the Report. The amount against item E relates to the adjustment made under the head 'Appropriation for Reduction or Avoidance of Debt—Other Appropriations' which is closed to Government Account.

# SECTION N—PUBLIC DEBT .. .. . Cr. Rs. 93,96,11,750

8. The term 'Public Debt' as used in the Report includes only regular loans from the public or from Banks or the Central Government and does not cover other obligations (whether bearing interest or not) such as special loans, State Provident Funds, Depreciation Reserve and other Funds, which are dealt with in Sections R and S of this Report. The balances represent the nominal value of outstanding debt on the 31st March, 1959 and not the cash proceeds of loans which differ from the nominal value when loans are issued otherwise than at par. A comparative statement showing the aggregate gross capital liabilities of the Government of Rajasthan on the 31st March, 1959 and the capital and other disbursements which are treated as a set off against these liabilities, will be found in Statement No. 2 of this part of the Report.

'Public Debt' is divided into four categories, namely:—

(i) *Permanent Debt*.—Covering loans raised in the open market and having a currency of more than twelve months.

(ii) *Floating Debt*.—Covering borrowings of a purely temporary character repayable within twelve months, such as Treasury Bills or Ways and Means advances.

(iii) *Loans from the Central Government*.—These include loans granted by the Central Government to State Governments under Section 163(2) of the Government of India Act, 1935 (now defunct) or under Article 293 (2) of the Constitution.

(iv) *Other Loans*.—These include all other loans e.g., loans from the National Agricultural Credit (Long Term Operations) Fund of the Reserve Bank of India.

9. The details of the credit balance under "Public Debt" are as follows:—

There are two entirely different systems of deposit accounts. The first may be called the detailed system in which every receipt is treated as a separate item and every payment charged against the relevant receipt. The second is the ledger system, that is, a running account is kept of receipts and payments on some particular account (an estate, an institution, etc.) For every ledger account there is an 'Administrator', the person authorised to pay money into or draw money from the Treasury. Deposits kept under the latter system are termed 'Personal Deposits'.

The method of verification of the balance under the first system is as follows :—

The receipts and payments which are recorded in detail in deposit registers are posted monthly by totals into a proof-sheet which provides columns for recording the payment of deposits credited in the same year and in each of the preceding three years. At the end of the year, balances are struck upon the proof-sheets separately for the different Districts for each of the four years. The balance of the first year is usually written off the deposit account as all balances unclaimed for more than three complete account years are ordinarily credited to Government. The aggregate balance on the proof-sheet is then agreed with the balance on the general books of the class of deposit concerned and finally reconciled with the *plus* and *minus* memoranda received from the Treasuries or, where necessary, with the account received from the Civil and Criminal Courts.

The verification of the ledger form of deposit account (Personal Deposits) consists mainly in agreeing the balance with that claimed by the administrator.

The ledger and broadsheet figures disclosed a difference of Rs. +96,38,617 [consisting of Rs. —1,74,842 for 1950-51 ; Rs. +1,63,089 for 1951-52 ; Rs. +3,18,646 for 1952-53 ; Rs. —98,794 for 1953-54 ; Rs. +1,38,215 for 1954-55 ; Rs. +6,59,657 for 1955-56 ; Rs. +12,757 for 1956-57 (first 7 months) ; Rs. +17,47,313 for 1956-57 (last 5 months) ; Rs. +68,48,657 for 1957-58 and Rs. +23,919 for 1958-59 ] which is under reconciliation.

55. For want of returns from the Courts duly verified by the Treasury Officers, the proof sheets up to the year 1957-58 could not be maintained. The matter was reported to Government. It was decided by them that with effect from 1-4-1958 the initial accounts of these deposits would be maintained by the Treasury Officers instead of by the courts.

The proof-sheets have been prepared from the year 1958-59. The verification of the ledger balances with the proof-sheets has disclosed a discrepancy of Rs. +37,044 (consisting of Rs. +27,792 for the period prior to April, 1958 and Rs. +9,252 for 1953-59) relating to Civil Courts Deposits and Rs. +9,220 (consisting of Rs. +8,028 for the period prior to April, 1958 and Rs. +1,192 for 1958-59) relating to Criminal Courts Deposits. The discrepancies are under reconciliation.

84. These advances include (i) various special accounts of large advances or of recurring outlay which are recoverable from the different sources and (ii) a number of petty miscellaneous advances arising in the course of business and recoverable within a short time. The recoveries of the former are usually watched by separate accounts working up to the ledger, the latter are recorded in detail and recoveries watched in the 'Objection Books', but appear as a single account in the ledger. In the latter case the ledger balance has to be agreed with the aggregate of the details in the 'Objection Books' and in the former similar reconciliation is necessary in those cases in which different classes of transactions are included in the same amount. The balances outstanding under this head comprise mostly balances of payments made to officers of the State Government.

The balance is sub-divided under the following heads—

..

**Cr. Rs. 12,214**

129. A scheme was introduced by the Reserve Bank of India with effect from the 1st October, 1940, to standardise and extend remittance facilities throughout India and Burma. At places where the Reserve Bank has no office of its own or is not represented by offices or branches of the State Bank of India, the issues and payments of telegraphic transfers and drafts on Reserve Bank account is undertaken by Government Treasuries or Sub-treasuries as "Treasury agencies" of the Bank. Receipts and payments taking place in the Treasuries on this account are accounted for under this head and initially carried against Government balance until cleared with the Bank through daily advices of drawings and encashments. The debits and credits Booked under this head are ultimately cleared by corresponding adjustments under the head "Reserve Bank Deposits". Such facilities have been afforded in Rajasthan from 1-11-1956 when the Reserve Bank undertook the banking business of this State.

At present only Kekri Sub-treasury in Rajasthan is regarded as "Treasury agency" for purposes of remittance facilities under this scheme. Receipts and payments on account of telegraphic transfers and drafts on Reserve Bank encashed and issued at this Sub-treasury are initially accounted for under this head against the State Government balances and are cleared with the Bank.
