CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA

This compilation containing the Finance Accounts of the Government of Chhattisgarh subsequent to its formation with effect from the 1st November 2000 for the period from the 1st November 2000 to the 31st March 2001 presents the accounts of the receipts and outgoings of the Government for the period, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the period from the 1st November 2000 to the 31st March 2001 for Grants and Charged Appropriations, presented separately, supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 read with the provisions of the Madhya Pradesh Re-organisation Act, 2000. According to the best of my information, as a result of audit of these accounts, the accounts now presented read with the observations in this compilation, are correct statements of receipts and outgoings of the Government of the Chhattisgarh for the period from the 1st November 2000 to the 31st March 2001. Points of interest arising out of the study of these accounts as well as test audit conducted during the year or earlier years are contained in my Report (s) being presented separately for the year 2000-2001, Government of Chhattisgarh .

New Delhi
The 20-March-2003

(Vijayendra N. Kaul)
Comptroller and Auditor General of India

INTRODUCTORY

1. The accounts of Government are kept in the following three parts :-

Part I Consolidated Fund

Part II Contingency Fund

Part III Public Account

In Part I, namely Consolidated Fund, there are two main divisions, viz :-

(1) Revenue — consisting of sections for `Receipt Heads (Revenue Account)' and `Expenditure Heads (Revenue Account)';

(2) Capital, Public Debt, Loans, etc. — consisting of sections for `Receipt Heads (Capital Account)' 'Expenditure Heads (Capital Account)' and `Public Debt, Loans and Advances, etc.'

The Revenue division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure met therefrom, the net result of which represents the revenue surplus or deficit for the year.

In Capital division, the section `Receipt Heads (Capital Account)' deals with receipts of capital nature which cannot be applied as a set-off to capital expenditure.

The section `Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of a capital nature intended to be applied as a set-off against expenditure.

The section `Public Debt, Loans and Advances, etc.' comprises loans raised and their repayments by Government such as `Internal Debt' and `Loans and Advances' made (and their recoveries) by Government. This section also includes certain special types of heads for transactions relating to appropriation to the `Contingency Fund' and `Inter-State Settlement'.

In Part II, namely Contingency Fund, of the accounts, the transactions connected with the Contingency Fund established under Article 267 of the Constitution of India are recorded.

In Part III, namely Public Account, of the accounts, the transactions relating to `Debt' (other than those included in Part I), `Deposits', `Advances', `Remittances' and `Suspense' are recorded. The transactions under 'Debt', 'Deposits' and 'Advances', in this Part are those in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid, together with the repayments of the former ('Debt' and `Deposits') and the recoveries of the latter('Advances'). The transactions relating to `Remittances' and `Suspense' in this Part embrace all merely adjusting heads under which appear such transactions as remittances of cash between treasuries and currency chests, transfers between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

2. Sections and Heads of Accounts

Within each of the sections in Part I mentioned above, the transactions are grouped into sectors such as `Tax Revenue', `Non-Tax Revenue' and `Grants-in-aid and Contributions' for the receipt heads (revenue account), and `General Services', `Social Services', `Economic Services' and `Grants-in-aid and Contributions' for expenditure heads. Specific functions or services (such as Education, Sports, Art and Culture, Health and Family Welfare, Water Supply, Sanitation, Housing and Urban Development, etc., in respect of Social Services) are grouped in Sectors for expenditure heads. In Part III (Public Account) also, the transactions are grouped into sectors, such as `Small Savings', `Provident Funds', `Reserve Funds`, etc.

The Sectors are sub-divided into major heads of account. In some cases, the Sectors are, in addition, sub-divided into sub-sectors before their division into major heads of account.

The major heads are divided into minor heads, with a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads before their further division into minor heads. Apart from the Sectoral and sub-sectoral classification, the Major Heads, Sub-Major Heads, Minor Heads, Sub-Heads, Detailed Heads and Object Heads together constitute a six-tier arrangement of the classification structure of the Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, sub-heads and other units of allotments which are adopted by the Governments for Demands for Grants presented to the Parliament or Legislatures but in general a certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to functions of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objective of the function represented by the major head. The sub-head represents the scheme, the detailed head, the sub-scheme and object head of the object level of classification.

3. Coding Pattern

Major Heads :

From 1st April 1987, a four digit Code has been allotted to the major heads, the first digit indicating whether the major head is a Receipt head or Revenue Expenditure head or Capital Expenditure head or a Loan head.

The first digit of code for Revenue Receipt heads is either `0' or `1'. Adding 2 to the first digit of the code of the Revenue Receipt head will give the number allotted to corresponding Revenue Expenditure head; adding another 2, the Capital Expenditure head; and another 2, the Loan head of Account. For example, for Crop Husbandry code 0401 represents the Receipt head, 2401, the Revenue expenditure head, 4401, Capital Outlay head and 6401, Loan head.

Such a pattern is, however, not relevant for those departments which are not operating Capital/Loan heads of accounts e.g. Department of Supply. In a few cases, where receipt and expenditure are not heavy, certain functions have been combined under a single major head, the functions themselves forming sub-major heads under that Major head.

Sub-Major Heads :

A two digit code has been allotted, the code starting from 01 under each major head. Where no sub-major head exists it is allotted a code `00'. The nomenclature `General' has been allotted code `80` so that even after further sub-major heads are introduced the Code for `General' will continue to remain the last one.

Minor Heads :

These have been allotted a three digit code, the codes starting from `001' under each sub-major/major head (Where there is no sub-major head). Codes from `001' to `100' and few codes `750' to `900' have been reserved for certain standard minor heads. The coding pattern for minor heads has been designed in such a way that in respect of certain minor heads having a common nomenclature under many major/sub-major heads, the same three digit code is adopted as far as possible.

Under this scheme of codification, the receipt major heads (revenue account) are assigned the block numbers from 0020 to 1606, expenditure major heads (revenue account) from 2011 to 3606, expenditure major heads (capital account) from 4046 to 5475, major heads under `Public Debt' from 6001 to 6004 and those under `Loans and Advances', Inter-State settlement and `Transfer to Contingency Fund' from 6075 to 7999. The code number 4000 has been assigned for Capital receipt major head. The only major head `Contingency Fund' in Part II `Contingency Fund' has been assigned the code number 8000. The major heads in the Public Account are assigned the code numbers from 8001 to 8999.

4. In terms of the Madhya Pradesh Reorganisation Act, 2000 (No.28 of 2000), the State of Madhya Pradesh has been reorganised and a new State known as State of Chhattisgarh comprising 16 districts (Bastar, Bilaspur, Dantewada, Dhamtari, Durg, Janjgir-Champa, Jashpur, Kanker, Karwardha, Korba, Koriya, Mahasamund, Raigarh, Raipur, Rajnandgaon and Surguja) of the composite State of Madhya Pradesh has been formed with effect from 1st November 2000 (i.e. appointed day). The apportionment of assets and liabilities of the composite State of Madhya Pradesh immediately prior to the appointed day as also other financial adjustments are to be undertaken in each case with reference to the provision of the Madhya Pradesh Re-organisation Act, 2000(No. 28 of 2000). Accordingly, the Finance Accounts of the composite State showing inter alia the progressive expenditures and the closing balances upto the date immediately preceding the appointed day have been prepared in a separate volume and supplement this compilation. Wherever such progressive expenditures and the closing balances have been allocated and transfers made, such amounts have been shown in these accounts. In other cases, the allocations and transfers and also readjustments will be made in the Finance Accounts of the subsequent years on receipt of further details/information from concerned institutions/Governments. Explanatory notes have been appropriately incorporated in these accounts to indicate the allocations and transfers of progressive expenditures and the closing balances to the extent possible. Care has been taken to reconcile the progressive expenditures and the closing balances with the authorities concerned.

5. The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the period from the appointed day to the 31st March 2001 as distinguished from amounts due to or from Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and are subject to test check by the Indian Audit and Accounts Department.

6. The figures of actuals shown in these accounts are net, after taking into account the recoveries, although the Demands for Grants presented to Legislature and the Appropriation Accounts are for gross expenditure and exclude credits and recoveries which are otherwise taken as reduction of expenditure.

Further details are given in Statement No. 14 and Appendix - I.

STATEMENT NO. 3 - FINANCIAL RESULTS OF IRRIGATION WORKS

Works in the Irrigation Department are classified as productive or unproductive according as the net revenue (gross revenue less working expenses) derived from each work on the expiry of ten years from the date of closure of construction estimates covers or does not cover the prescribed annual interest charges on capital invested.

As complete information for preparation of capital and revenue accounts was not furnished, the accounts of the erstwhile composite State of Madhya Pradesh for 1959-60 and onwards could not be prepared so far. In November 1963, Audit suggested to the Government of the then State of M.P. as follows :-

(i) Proforma accounts of minor works (costing up to Rs.15 lakh) need not be prepared ;

(ii) Accounts of medium works (costing between Rs.15 lakh and Rs.5 crores) may be prepared once in five years ; and

(iii) Accounts of major works (costing more than Rs.5 crore) may be prepared annually.

The suggestions were accepted by the Government in June 1969. However, the list of projects/works for which the Administrative Accounts need to be prepared has neither been furnished by the Engineer-in-Chief nor the tentative list suggested by Audit in August 1971 has yet been confirmed by the State Government. Particulars, such as, date of completion of project/work, date of letting out of water for irrigation, irrigation potential created and utilised, revenue realised, forgone or remitted, etc. relating to individual projects/works have not been received and the figures of capital outlay shown in several cases did not agree with the accounts figures (December 2001).

Short term borrowings :- This class of debt comprises borrowings of a purely temporary character repayable within twelve months such as ways and means advances from Reserve Bank of India.

There was a balance of Rs. 108.51 crore at the beginning of the year under Ways and Means advances. During the course of the period advances aggregating to Rs.3.03 crore (Ordinary: Rs.3.03 crore) were obtained from Reserve Bank of India. Arrangement for amortisation:- The State Government is of the view that except where it may be obligatory to do so, provision for amortisation of loans received from the Government of India should be made out of revenues only where sufficient revenue resources are available to finance such amortisation arrangements. They have not considered it necessary to make arrangements for amortisation of any such loans.

Small Savings, Provident Funds, etc.:- This head which accounted for 21.06 per cent of the total debt of the Government at the end of 2000-01 (31st March 2001) comprises mainly provident fund balances of Government servants and balance in the State Government Life Assurance Fund.

(ii) Other Obligations

STATEMENT NO.7-Concld.

2. Under an agreement with Reserve Bank of India, the Government of Chhatisgarh has to maintain with the Bank a minimum balance of Rs.0.72 crore on each day w.e.f. 1.11.2000. The Bank informs the Government by telegram of its daily balance with the Bank at the close of each working day. If this balance falls below the agreed minimum on weekly settling days, the deficiency is made good by taking Ways and Means advances (Normal and Special) from the Reserve Bank of India or by selling Government of India Treasury Bills. The limits of normal Ways and Means advance was Rs.82.00 crore between 1.11.2000 and 31.01.2001 and it was raised to Rs.91.00 crore w.e.f. 01.02.2001; Special Ways and Means advance could be availed of up to Rs.6.62 crore between 01.11.2000 and 27.02.2001, reduced to Rs.6.59 crore w.e.f. 28.02.2001. The advances carry interest at the Bank Rate. If, even after the maximum advances, the cash balance falls below the agreed minimum, the deficiency is left uncovered but the Bank charges interest on the shortfalls in the minimum balance at the Bank Rate and on overdrafts at 2 per cent above the Bank Rate.
