5. (a) **Suspense Transactions:** The expenditure under the grant includes Rs.27,97.33 lakhs booked under "Suspense", which is not a final head of account. It accommodates transactions pending their adjustments to the final head of account. Therefore, balances under "Suspense" heads are carried forward from year to year. Under the head "Suspense", three sub-heads, viz., (i) Stock (ii) Purchase and (iii) Miscellaneous Works Advances are operated in the books of the State. The nature of transactions under each of these heads is explained below:-

- (i) **Stock** - To this head are charged the values of materials acquired, not for any particular work but, for the general use of the division. It is credited with the value of materials issued for use on Works or sold or transferred to other division. This sub-head will, therefore, have a plus or debit balance normally for the book value of materials held in stock and unadjusted charges connected with manufacture, if any.

## GRANT NO.31 - PUBLIC WORKS DEPARTMENT - Contd.

- (ii) **Purchase** - Upto March, 1966 value of materials received for specific work or for general purpose, but not paid for within the month, was adjusted by debit to the accounts of the work or stock with corresponding credit to "Purchase". The value of such materials when paid for or adjusted by transfer was debited to the suspense head "Purchase" clearing the initial credit. With the introduction of revised procedure, separate sub-heads - within the account of the work and stock, are now operated for recording the value of materials pending payment. The suspense head "Purchase" thus shows old balance representing value of materials received but still not paid for or adjusted.
- (iii) **Miscellaneous Works Advance** - Under this Sub-head are booked debits for the value of stores sold on credit, expenditure incurred on deposit works in excess of deposits received, losses of cash or stores not written off and sums recoverable from Government servants, etc. A debit balance under the sub-head thus represents recoverable amount.

(b) An analysis of transactions under the head "Suspense" included in this grant during 1988-89 is given below:-
