GOVERNMENT OF JHARKHAND

Preface

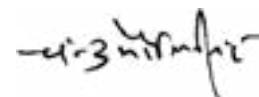

The Annual Accounts of the State Government are prepared and examined under the directions of the Comptroller and Auditor General of India (C&AG) in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 for being laid before the Legislature of the State. The Annual Accounts are summary statements of accounts under the Consolidated Fund, Contingency Fund and the Public Account. The Appropriation Accounts record the Grant-wise expenditures against provisions approved by the State Legislature and offer explanations for variations between the actual expenditure and the funds provided. The Principal Accountant General (Accounts and Entitlements) prepares the State Finance Accounts and the Appropriation Accounts.

'Accounts at a Glance' provides a broad overview of Governmental activities, as reflected in the Finance Accounts and the Appropriation Accounts. The information is presented through brief explanations, statements and graphs.

We look forward to suggestions that would help us in improving the publication.

What do the Deficits and Surpluses indicate

DEFICIT

Refers to the gap between Revenue and Expenditure. The kind of deficit, how the deficit is financed, and application of funds are important indicators of prudence in Financial Management.

REVENUE DEFICIT/ SURPLUS

Refers to the gap between Revenue Receipts and Revenue Expenditure. Revenue Expenditure is required to maintain the existing establishment of Government and ideally, should be fully met from Revenue Receipts.

FISCAL DEFICIT/ SURPLUS

DEFICIT/ SURPLUS Refers to the gap between total receipts (excluding borrowings) and total expenditure. This gap, therefore, indicates the extent to which expenditure is financed by borrowings and ideally should be invested in capital projects.

1.6 Fiscal Responsibility and Budget Management (FRBM) Act, 2005

The Government of Jharkhand has enacted the Fiscal Responsibility and Budget Management (FRBM) Act, 2007. As per this Act, the State Government was required to achieve certain fiscal targets by specified periods. Achievements during the year 2024-25 against fiscal targets laid down in the Act and rules framed there under, were as follows: -

Sl. No.	Financial Parameter	Actual (₹ in crore)	Ratio to GSDP*	
			Target	Achievement
1	Revenue Surplus	7,924	\$	Achieved during the year
2	Fiscal Deficit	10,296	3 per cent or less	2.03 (achieved)
3	Debt and other obligation	1,30,799		
4	Outstanding Guarantees	2,823		

* Source: GSDP figures (₹ 5,06,355.61 crore) is taken from Directorate of Economics and Statistics, Planning-cum-Finance Department, Government of Jharkhand for 2024-25.

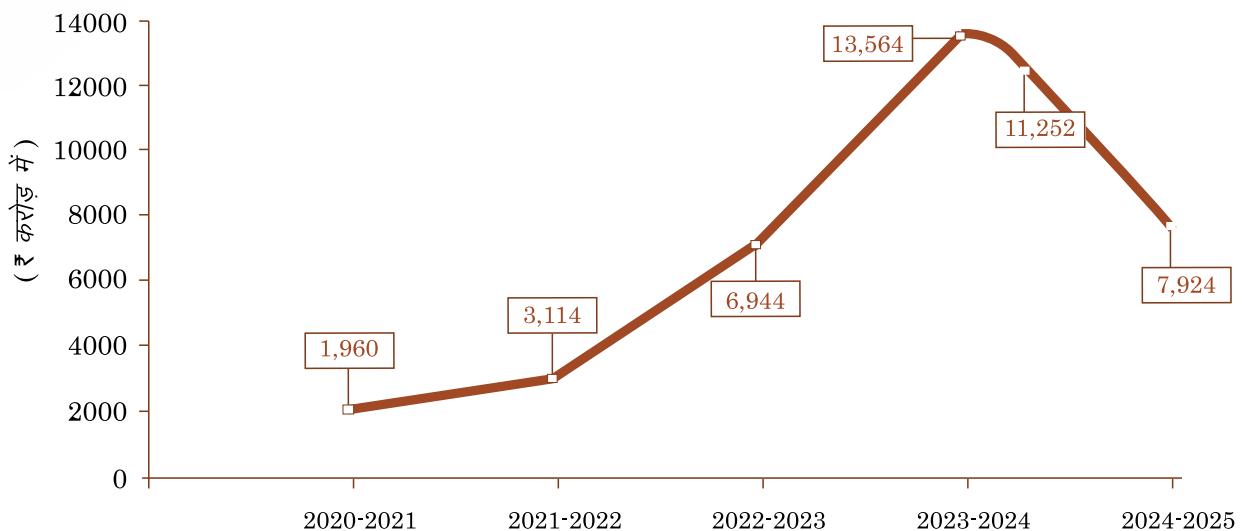

§ Reducing the Revenue Deficit to zero w.e.f. 2011-12.

The State Government had made disclosures to the Legislature required under the Jharkhand Fiscal Responsibility and Budget management Rules, 2005.

The State Government had Revenue Surplus of ₹ 11,252 crore in 2023-24 and Revenue Surplus of ₹ 7,924 crore during 2024-25. There is however, a difference of opinion between the State Government and Government of India on the calculation of the percentage of Fiscal Deficit to Gross Domestic Product (GDP). However, according to the State Government estimation, the ratio of Fiscal Deficit to GSDP ranged between 4.69 per cent and 2.03 per cent during 2020-25.

2023-24	8,247	24,861
2024-25	9,161	22,647

Borrowed funds and Capital Expenditure

The governments usually run on fiscal deficits and borrow funds for capital/assets formation or for creation of economic and social infrastructure, so that assets created through borrowings could pay for themselves by generating an income stream. Thus it is desirable to fully utilise borrowed funds for the creation of capital assets and to use revenue receipts for the repayment of principal and interest. The State Government, however, spent 247 *per cent* of the borrowings of the current year (₹ 9,161 crore) on capital expenditure (₹ 22,647 crore).
