Section 1
INVITATION OF BIDS

- 1.1 This tender is invited for **Purchase and installation of CCTV cameras** in the office premises of Accountant General (A&E), Punjab & UT, Chandigarh. The tender documents may be downloaded from the website from <https://cag.gov.in/ae/punjab/en/tenders> and www.eprocure.gov.in, <https://gem.gov.in/>. The downloaded bid documents shall be submitted along with a bank Demand Draft / banker's cheque towards Earnest Money Deposit (EMD) amounting to Rs.35000/- in favor of **"Pay and Accounts officer, office of the Accountant General (A&E), Punjab& UT, Chandigarh"** drawn on any of the Nationalized Banks payable at Chandigarh failing which the bid will be rejected. Bidders should write their name and full address at the back of the Bank draft / banker's cheque submitted.
- 1.2 The bids are invited under two packet bid system. The Bid document placed in sealed Envelope superscripted as **'Purchase and installation of CCTV cameras'** comprises of two envelopes i.e. One envelope superscripted as "Technical Bid' (Annexure B) and another as 'Financial Bid" (Annexure C) should be submitted on or before last date of submission of bid. Please ensure that all the documents as prescribed in various sections are enclosed with the bid document.
- 1.3 The Bidder will not enforce its own condition in his bid. The Department reserves the right to amend or withdraw any of the terms and conditions contained in the Tender Document or to reject any or all tenders without assigning any reason. The decision of the Accountant General (A&E) Punjab & UT, Chandigarh, in this regard shall be final and binding on all.
- 1.4 The tenders completed in all respects must reach this office by Registered or speed post or dropped in the tender box on or before last date of submission of bid. The bid can also be submitted online on www.eprocure.gov.in and in such case, the EMD must be deposited offline and must be reach this office by registered post or speed post latest by last submission date of tender. The tenders received after the scheduled date and time will not be accepted.
- 1.5 The bidder shall sign all papers of the bid and also the pamphlets, drawings, client list, company profile etc. before submitting his bid and all pages of tender must be page marked in numeric and total no. of page enclosed in bid should be mentioned in the covering letter.

Section 2.
INSTRUCTIONS TO BIDDERS and SCOPE OF WORK

2.1 Introduction

The office Accountant General (A&E), Punjab & UT, Chandigarh (Purchaser), plans procure and install 52 Nos of New CCTV cameras its office Premises. The office premises consist of 6 floors divided into left and right wings, the parking areas, outer periphery and the basement. Apart from purchase in installation of new hardware, the existing CCTV control room on the Ground floor (Left wing) needs to be shifted to the 3rd Floor (Right wing). Further 8 nos. of existing cameras need to be relocated from GF to basement areas.

The vendor will be responsible for complete installation, relocations as detailed in the scope of work.

2.2 Time Frame: -

The work will be taken up and completed within 30 days from the date of work order.

2.3 Price

Charges quoted by the bidder must be all inclusive, firm and final, and shall not be subject to any escalation whatsoever during the period of the contract.

2.4 Security Deposit

The contractor shall furnish performance security to the purchaser to the extent of 5% of the value of the contract value in the form of Performance Bank guarantee (PBG) within 15 days of award of the contract failing which necessary action including forfeiture of the Earnest Money Deposit will be taken against the contractor. The PBG will be valid for a period of 180 days beyond the warranty period of the CCTV cameras. No interest is payable on the PBG. PBG will be realized by the purchaser in case of termination of the contract for un-satisfactory performance and/or non-performance of the contract.

2.5 Tax Deduction at source:

TDS and GST as applicable will be effected from the bills

2.6 Payment

Payment shall be released by O/o the Accountant General (A&E), Punjab & UT, Chandigarh, only after full and final completion of all the work as mentioned in the scope of work. No advance or part payment will be made to the vendor.

Scope of work

S.No.	Item Name	Qty	Minimum Technical Specifications
1	4MP Bullet IP Camera (Camera, NVR and POE should be fully compatible with each other and should be of same OEM)	52 Nos.	Resolution: 4 Megapixel, 2560 x 1440 pixels; Type: Bullet; Features: Inbuilt Audio and Infrared (IR) Night Vision; Compliance: STQC Certified (with approved compliance report); Power: Power over Ethernet (PoE) support., IP 67 rating, Warranty of product is 3 year minimum. Note:- A fully functional OEM authorised service centre of the offered product must be available in the Tricity region (Chandigarh, Panchkula, Mohali) for quick assistance (proof of address of service centre must be enclosed), the OEM must also provide onsite service of the product within the warranty period
2	64-Channel Network Video Recorder (Camera, NVR and POE should be fully compatible with each other and should be of same OEM)	1 No.	Channels: Supports up to 64 IP Camera inputs; Storage Interface: 2 x SATA Ports; The NVR should be fully compatible for operating the above quoted 52 No. of CCTV Camera, minimum 3 Years warranty. Note:- A fully functional OEM authorised service centre of the offered product must be available in the Tricity region (Chandigarh, Panchkula, Mohali) for quick assistance (proof of address of service centre must be enclosed), the OEM must also provide onsite service of the product within the warranty period.
3	8TB Surveillance Hard Disk	2 Nos.	Capacity: 8 Terabytes (TB); Size: 3.5-inch Internal Drive; Optimization: Tuned for 24/7 continuous surveillance read/write operations. With 3 Years OEM warranty. Note:- A fully functional OEM authorised service centre of the offered product must be available in the Tricity region (Chandigarh, Panchkula, Mohali) for quick assistance (proof of address of service centre must be enclosed)
4	32-Port Gigabit PoE Switch (Camera, NVR and POE should be fully compatible with each other and should be of same OEM)	2 Nos.	Ports: 32 Network Ports with Gigabit Speed (GIGA); Power over Ethernet (PoE); Compliant with standard IP camera power distribution requirements, with 3 Years warranty; Total 64 ports of POE are required, therefore 24+24+16 or 16+16+16+16 can also be supplied. In such case rates may be quoted accordingly. These PoE switches should be installed in the CCTV control room (3 rd floor) Note:- A fully functional OEM authorised service centre of the offered product must be available in the Tricity region (Chandigarh, Panchkula, Mohali) for quick assistance (proof of address of service centre must be enclosed), the OEM must also provide onsite service of the product within the warranty period.
5	Camera Junction Box	52 Nos.	Type: Weatherproof layout; Quality Standard: ISO Quality certified; Application: Designed to safely enclose and protect camera video/power connectors from outdoor environmental damage.
6	6U Server/Network Rack	2 Nos.	Rack Height: 6U profile; Type: Wall-mount networking enclosure; Features: Loaded configuration including internal cooling fans, power distribution strip, and equipment shelf.
7	CAT6 Cable, PVC conduit Pipes/covers/ Cable ties clips, Gitti, tape, RJ45 connector and any other installation materials, HDMI cables- for display connections. Etc..	On requirement basis	The installation of 52 cameras will be done on various floors (As detailed in Annexure 1), basement, and outdoor areas. All the cables/wires should be neatly arranged and the PVC pipes should be used to cover the cables. The vendor can visit the office premises on or before the site visit date for actual assessment of the material that will be used in the installation. The CAT 6 Cable should be of Pure Copper conductor material (Copper wire thickness should be equal to or more than 0.50 MM).

8	Installation service, Routing & Reconfiguration Services	As per require ment	<p>Lump sum cost covering: -</p> <p>1. Complete installation of 52 Nos of cameras, Cat 6 Cables, Camera configuration, and cable routing using PVC/conduit laying materials;</p> <p>2. The Existing CCTV control room (ground floor) having set up of 32 IP cameras and 8 Analog Cameras needs will be relocated/shifted to 3rd floor. The vendor may access the scope of work and in case any additional Network Switch, CAT6 Cable (pure copper, more than 0.5mm thickness), connectors or any other hardware item is required in this shifting work, the same will be provided by the vendor. Also after relocation the vendor will ensure the all the cameras are being displayed at the new location i.e. 3rd floor.</p> <p>3. Relocation of 8 Nos. of existing old Analog Cameras as detailed in Annexure 2. (this will include dismantling, reinstalling on new location, wiring cost, and connecting with the Control room on 3rd floor) Note: - the cost of 3+1 wire for installation of 8 analogue cameras may be included the financial bid.</p> <p>4. Providing CCTV access from new CCTV control room (3rd floor) to AG Chamber, and DAG (A) chamber located on 2nd Floor</p>
---	-------------------------------------------------------------------	---------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Note: -

1. Camera, NVR and POE should be fully compatible with each other and should of the same OEM brand for complete compatibility.
2. It is advised that the vendor must visit the office premises on any working day on or before the last date of site visit as mentioned in the schedule of this tender, to access the actual quantum of work, ceiling heights, installation locations. The cameras are to be installed on various floors, terrace, basements, Ground floor etc.
3. The vendor should consider each and every aspect of this work specially in point no. 8 & 9, i.e. cables, conduit pipes, installation cost, dimensions of building and floors etc.
